America: House of Prayer vs. Den of Thieves

March 6, 2022

All right, folks. Let's go to Luke today, chapter 19. If you have your Bibles please open them to verse 41.

Luke chapter 19: 41-42

The general subheading is "**Jesus weeps over Jerusalem.**"

41 And when he was come near, he beheld the city, and wept over it,

42 Saying, If thou hadst known, even thou, at least in this thy day, the things which belong unto thy peace! but now they are hid from thine eyes.

43 For the days shall come upon thee, that thine enemies shall cast a trench about thee, and compass thee round, and keep thee in on every side,

44 And shall lay thee even with the ground, and thy children within thee; and they shall not leave in thee one stone upon another; because thou knewest not the time of thy visitation.

45 And he went into the temple, and began to cast out them that sold therein, and them that bought;

46 Saying unto them, It is written, My house is the house of prayer: but ye have made it a den of thieves.

47 And he taught daily in the temple. But the chief priests and the scribes and the chief of the people sought to destroy him,

48 And could not find what they might do: for all the people were very attentive to hear him

Then it goes on to chapter 20. So let's look a little closer here.

In verse 41, you see that Christ who is God in the flesh comes to see Jerusalem and he beholds it and he weeps over it. God is weeping over this place which is consecrated with its holy temple to allow for worship and allow for the proper placement of God in civilization. You understand, folks? People will

get this out of context because in the modern age there's no real temple or even churches. Every community, every small town has churches. But you understand? The Temple in Jerusalem is like the CENTER of the entire city. It's not a massive building but it's like the center of the entire city.

And you understand, Jerusalem is the Jewish town with the one main Temple and on the different feasts all across the Diaspora, people were coming to this Temple. So when you see Jesus going and casting out tables and pushing people out; even physically assaulting people, this is not like here in Tennessee where you got a Baptist church on every street. It's not like going to one of those small churches. No, it's like going into the Vatican or something like that.

Stolen elections

Or it's like going into DC, which the satanic sacrosanct "Temple of Democracy," as the demonic Chuck Schumer named it. Remember he said that on the 1/6 event where there were only a million peaceful protesters and the FBI had staged a false flag operation to lure people in illegally and told the cops to stand down and let people in. And that's why Frank Scavo, one of our brothers in Scranton, Pennsylvania, a major Republican, they have him in prison just because of that; because he was peacefully protesting a stolen election that was clearly stolen. According to the vertical statistical jumps, Trump won in every contested state as well the day and the night before, and then the day after when you woke up everything had flipped; everything had flipped. Mark Zuckerberg even paid hundreds of millions of dollars into different election districts in Pennsylvania. You remember that?

All that stuff: "*nothing to see!*" The attacks on the U.S. election infrastructure coming from South America, and of course tied to China. But, "*no, nothing to see!*" Those Dominion voting machines that could be easily hacked and numbers could be fudged, "*Don't ask any questions!*" And of course you remember at the time Fox News was throwing Trump under the bus and was saying, "*No, no, no, no, no, Trump only had a boost of a few million supporters.*" But Trump had a boost of millions of supporters, and no president of the United States has had that much of an increase in supporter base and LOST, in the history of the United States! But, "*Don't pay attention to that! You're all conspiracy theorists. You're all bad; you're white supremacists domestic terrorists, and you all must be locked on top of that.*"

Remember? It was "*Russia, Russia, Russia, Russia!*" And if anyone talked about conservatism or traditional values, you were a Russian agent, okay? Unbelievable! It's going to be of course exacerbated as we're now witnessing the beginning of a tremendous war.

On the Chicom virus

The phases of the pandemic have finished, and of course so many international crimes and so many lies have been exposed by the top departments of virology in Switzerland, and also in New Delhi actual scientists are publishing data on the adverse effects of not only the Chicom Wuhan bioweapon virus but also the deleterious effects of the deadly shot; the shot which impacts directly the non-homologous end joining system of your DNA repair system, which is ABSOLUTELY essential for cell replication.

Dr Robert Malone who is the founder of the mRNA and actually holds ten patents on the mRNA vaccine delivery system, says himself that once you get up to three or four shots, your body will continue to produce spike proteins which will interfere with your immune system, and basically you'll have something similar to what we see in AIDS patients with autoimmune disorders which of course can allow all manner of disease and all manner of simple things to kill the person.

So, it's unbelievable, folks! This kind of craziness has happened over the world, but *"there's nothing to see here since now war has begun and now Russia is attacking Ukraine!"* And of course, *"Don't bring up anything that has happened the last few years with all the stealing of your rights! Don't talk about that! Come on! Stop being such party poopers! Stop complaining about that! Russia, Russia, Russia is at war! War, war, war! Russia, Russia, Russia!"*

Forget about Bill Gates and NIH colluding with Wuhan, and the Chinese labs, and the top virologists coming out, saying, *"Hey! This was produced in a bioweapons' facility, and even though we had a moratorium on the gain of function research, it's already been done and now it was moved to Wuhan by Fauci in 2014."* But don't bring up any of those kinds of things because they're irrelevant!

Forget about Project Veritas and all the undercover agents they had in Pfizer, in the Departments of Education, in the Department of Health also showing an actual video of actual government employees, saying with their OWN mouths, *"We know the vaccine is banned but we're doing it anyway; we have to be quiet about it!"*

Now Glenn Beck with *The Blaze* has got information this week that Fox and Newsmax received federal monies to shut anybody up who was saying anything bad about the vaccine. Fox and Newsmax! We know about CNN, we know all those leftist media, MSNBC and all these propaganda leftist Communist machines; obviously they got big money. But folks, Fox also took money coming from the Biden administration, and so of course Newsmax. That came out just this week. Huge! Humongous news! It's showing you the depths of the lies, the depths of the penetration, and the depths of the propaganda.

Father was free from North Korea, and its propaganda. This propaganda isn't on the level of North Korea; this propaganda is now everywhere across the United States, folks! Unbelievable what is happening! But, *"Don't bring anything up,"* because now you have to forget about everything that happened! You've got to forget about the lockdowns, you've got to forget about the unbelievable mass mandates that are still on in this country, where you're forced to get vaccines or you lose your job, forced to get the vaccine or you can't fly or travel. This is UNPRECEDENTED, UNPRECEDENTED molestation of especially American citizens and our Bill of Rights, and our righteous human beings.

And of course this was multiplied across the world, whether you look at France, Australia, Britain, Canada; anywhere you see, you see it's ramped up on citizens and made two or three times worse. That's what they're bringing here and of course the leftist cities like New York City are implementing things exactly the same as Trudeau.

On Ukraine

By the way folks: as Russia is invading and as these things are happening in Ukraine, retired Army Colonel Douglas McGregor was on Fox Business talking to Stuart Varney just this past week. I put it up on the Rod of Iron Ministries on Instagram. Check that interview out; see for yourself. This Army Colonel is retired and he's totally contradicting the narrative of what the mainstream media says, that *"Russia is coming in and they're losing and Ukrainians are winning."* And you can see Special Ops guys ambushing the tanks.

This retired Army Colonel comes out and says, *"These are such LIES! It's propaganda! The reason why you're now seeing missiles hidden in civilian population centers is because Russia is DECIMATING the Ukrainian forces, and the Ukrainian army is retreating into population centers; as we saw in Iraq and Afghanistan where the jihadis, once they lose they start running into the civil areas to hide, and they want of course to use them as human shields."*

This is what's happening, and of course it was inevitable because Ukraine was a totally anti-Second Amendment state with a totally leftist government. Zelensky himself when he was an actor was involved in the transgender community, doing gay dances and all sorts of stuff. Of course this is before he became president, and then the guy is out there groveling over Trudeau as "the god of politics"; that the epidemic of a leader should be Trudeau. Of course we know that Trudeau LOVES; loves Xi Jinping. He loves the Chicoms; he loves their authoritarian system up there. (*Sound cut*)

So these people are in your face; they are telling you this on TV, and yet the general public is oblivious to what is happening. They're literally giving you dangerous cocktails which the top doctors like Dr McCullough, and Dr Malone, the actual inventors of these vaccines, top doctors with a 34- year career in top level vaccinology, are saying, *"Don't take this"*; and they got banned off YouTube. Journalists get banned because they actually interviewed them and were brave about it. Thank God!

On the culture of Babylon

Folks, we are in the same kind of time now. You understand? Jesus, God in the flesh on this earth, is crying looking at Jerusalem as it is adopting the ways of the world, as it is adopting the Babylon culture and the Assyrian culture, and in Jesus' time, the Roman culture and setting itself up with sexual licentiousness, adopting the practices of the Hollywood of the Roman times, which are prostitution and parents sending their daughters into the temple for prostitution for the goddess Aphrodite or Diana, where they're being raped. Just like temple prostitution still exists in India under the cult of Yellamma where poor families are sending their children to be prostituted to unknown men, and to have all their human rights violated, to be utterly dissipated and ruined. This is incredible, folks!

But this is not only a dangerous time. Why? Because Jesus is now close and he's looking at America and weeping over the world.

Just this past week, you all saw it. This one is a critical one. Melinda Gates from the Bill & Melinda Gates Foundation, who was married to Bill Gates, was admitting the fact on ABC that she met Epstein

one time. She said she had nightmares about him because he was so evil, sex offender, child rapist, sex trafficker along with Ghislaine Maxwell, and Jean-Luke Brunel who also died apparently mysteriously just two weeks prior.

But the point is: Melinda Gates came out on ABC saying Bill Gates has a DEEP relationship with Epstein; DEEP! Now if you said that years ago; that these top-level Satanists are into pedophilia and sex trafficking! Why?

Because from the Principle we know that Satan was the first pedophile. He was the first sex trafficker; he was the first child rapist. He was the one who was after Eve and destroyed the marriage, wrecked marriage and wrecked family. Satan has been doing this from the fall of man, and of course you see it now at the highest echelons of power. Bill Gates with deep ties to Epstein, a known five- times prosecuted sex offender who had Epstein Island. Top-level: Obama; Bill Clinton was on his island 27 plus times, Hillary Clinton was there six times, etcetera. And the list goes on and on. Supreme Court justice, politicians across Europe, Charles and Andrew from Britain in the royal family all tied in with this pedophile network of Satanism.

That's a cult, folks! Some people like planting flowers, working on cars, riding motorcycles. These psychopaths like raping children and DESTROYING humanity. Why? Because the children are the future, the children are the hope. The children are what God gives us through the institution of marriage; that's how it's intended to be. Then those children have to be raised up with godly values and have to become strong protectors and kings and priests as well so that they can uphold the Kingdom values and *"love God, love your neighbor"*; protect their neighbor, protect the world from the wolves that are luring and lurking in every dark corner.

It comes out now that Melinda Gates, Bill Gates' ex-wife is on record on national TV saying that he has deep TIES to Epstein, folks; that's just a demonic slivering demon, complete devil. And these psychopaths have of course signed on with what? The W.E.F., the World Economic Forum and Klaus Schwab, and all these top-level Communists that are pushing global communism which they call the New World Order upon the earth and saying, *"This is what we're going to do. We got the Great Reset. We're going to have a time when centralized governments can trace and tract you."*

They can force you to get inoculated or jabbed with chemical concoctions just like the US government did in the 1930s and 40s with the Tuskegee Experiment, inflicting black people with syphilis; all these kind of things. Just as the Chinese Communists have been organ- harvesting people; they've been killing Falun Gong members. We have many friends in America, in PA, who were victims of the Chinese CCP; Falun Gong members, Buddhists just meditating. They're peaceful; they actually don't know too much about the Second Amendment, but they've been coming to the Freedom Festival, and now understanding a little more about why the Second Amendment is so important, even though they're Buddhists and usually are pacifists.

They have experienced the hell of communism for themselves; many of their people who are in America were actually victims of those prisons and of those concentration camps. So the CCP is

committing all those crimes against their population; organ harvesting, selling hearts and livers on the dollar per week. You can get it within seven days with prior notice if the price is right. All these kinds of incredible things are the program that they want to be able to do over humanity, folks. They want to be able to implement this type of level of criminality over every country on earth.

And of course what is the CENTER of their target, the center of their sights? They've seen the fall of Europe; they've already orchestrated that. They're seeing how Russia is now put in the spotlight to start a world war. But of course the point is to decimate and destroy America because there's still a massive remnant of people in America who have God-supporting values, Christian values and that understand an armed citizenry and doesn't allow tyranny to flourish. It is a great buffer and the only power that is capable enough in the hands of many to stop an incursion and overreach of a tyrannical government or invading forces from outside.

“A Den of Thieves”

So, folks, we are in such an unbelievable time and you can imagine it to be almost a similar time as the time of Jesus when he's looking over Rome and now Rome is going to take over Jerusalem in 70 AD. It does come and it does end up decimating Jerusalem; it does end up taking the Temple, destroying the Temple. The prophecies come out to be true.

But right there in Luke 19: 41 you see it for yourself, Christ while he was here, he's WEEPING over Jerusalem. Why? Because at the epicenter of where worship should be happening, where godly righteousness should be happening, what's happening? Corruption, government collusion! The priests in the Temple are FBI and CIA agents. They have contracts with the Roman government to spy on their own people, folks! This is where the Pharisees and Sadducees were literally like a modern-day ancient times CIA operatives, and they were just like the Al Sharpton or the Jesse Jackson in a black community that go after other black folks and try to spread propaganda of leftism into the black community. This is what the Pharisees and Sadducees were like; they were like the CIA branch of the Roman Empire to keep Jerusalem and the Jews in check.

Whereas this should have been a place of total separation from that evil and corruption; no collusion with the federal state! It should have been separated and wholly set apart by God. But what had it become? It had become a den of thieves, it had become a den of colluders; it had become a den of snakes etc.

The founder of Planned Parenthood who hated black people and said they're weeds, and that she wanted to eradicate them, where did she start the Planned Parenthood abortion death genocide mills? In the black communities! What did she say she was going to do? She was going to target the pastorate; she was going to target the pulpit, because the pulpit has the power to influence people and if the pulpit is taken over by communism, leftism, etc, it will be used as a weapon against the people, good-minded people, good-hearted people that are trying to the right thing. They'll be let astray by Satan and the Devil to do evil, to collude with evil, and to become part of evil.

That's why Fox and also Newsmax had this whole plan to take money from the Federal Government saying, *"We can do this."* The memo has now been released and declassified due to requests by *Blaze TV* and Glenn Beck who's waking up. In the corner of this memo, literally, the Federal Government put a little stamp on a picture of America that says, *"We can do this."* It means, *"We can do evil together, we can do propaganda together, we can lie to the American people together. We will give you money. Don't say anything bad about the vaccine! Don't interview Dr Robert Malone who invented the mRNA vaccine! Don't interview Dr McCullough who's one of the top vaccinologists in the country; don't interview those people! Just interview people who say that it's good and they're feeling great."* Just like the comedian who's saying, *"I got three shots,"* and she keels over and busts her skull; literally fractures her skull. I mean this is the level of craziness they want on their programs.

Can you imagine they took OUR taxpayer-funded money, folks, our money; they took our taxpayer money! That's Fox News and Newsmax who are supposed to be on our side, who are supposed to be on the Republican side! They took that money to SILENCE any of the scientific evidence, facts, papers coming out that were antithesis to what Big Pharma and Pfizer and Merck wanted. This is unbelievable, folks!

Destroying the alpha males

People should be ABSOLUTELY irate about this stuff. But we've become so jaded. It's now one thing after another, and I totally get it because it's tiring, and the Devil just keeps on hitting you and hitting you and hitting you. And he just says, *"Submit, acquiesce; don't worry! We just want to turn you into China. Just submit and acquiesce! You'll be happier; you'll have nothing but you'll be happy."* This is what these demons are saying.

It is a critical point in America just like it was in Jerusalem in Luke chapter 19 when you look at it, because they were at a time of such degradation; they had become so sexually licentious. They are now supporting temple prostitution; they are now supporting the abortion pills of Molek and the Roman demigods in the Pantheon etc. For example Kronos in their Pantheon is the god of time and he literally eats children. Do you understand? So the Roman Pantheon was literally made of satanic deities that were doing worse than abortion, worse than temple prostitution; they literally have deities that are eating children as their practice! So what's happening with Jerusalem is that the people are becoming part of that culture; they're giving into that popular culture.

Just like the Church in the West that is losing its strong values! It's losing the ability to stand up and fight against the gay movement, the LGBTQ agenda, the transgenderism that try to effeminize our men and our boys; that try to mess up with gender and say that males and females don't exist and you have 72 genders. This is all meant to give these young people psychological illness so by the time they're 18 they're not functioning properly. They can't tie their shoelaces; they can't change the oil in their car. They can't do anything and they will do whatever the government tells them to do.

Folks, this is what any occupying force does historically when they take over power; you destroy all the alpha males because that's the competition and you want to take control of the women and the children. That's why the Department of Education has been a critical weapon to push an ideology. Just as in North Korea, the Department of Education is a critical weapon to enslave our people, it is the same thing in China and also now in America. There are good people in there but they're kind of trapped in a system that's bad and rotten to the core.

The Department of Education is pressuring schools that are taking federal money, especially in the big cities, telling them to push its agenda: no Christian values, no Bibles, no Bible study in schools. In New York you can't have a Bible class or after-school program, but you can have a GAY and lesbian club! You can have that! I'm sure in Tennessee it's probably different, but in the Northeast it's bad; in some states of America it is horrible.

The Department of Education is a critical arm of propaganda, a critical arm of inculcating the next generation of children to be what? To be supportive of government; like a faith, like a religion, to blindly support orders that come down, "*Mandates: You have to do it! Mask on, mask off; mask on, mask off!*" This is all meant to train these young minds which are still developing at five years old, six years old, seven years old. You're being told by your teachers and your parents, "*Listen to your teacher,*" and then you have to get your muzzle and stop the oxygen flow into your brain.

World communism & crazed politicians

This is causing catastrophic, CATASTROPHIC future consequences for our defenders of LIBERTY! Those children have to be learning about the evils of communism and the 220 million people that have been genocided because of the cult of communism; poor Asians and Africans and Poles etc, throughout the world!

It has decimated the world! It has been the most violent, destructive force that we've seen in the history of humanity. In a hundred-year time span, it has eradicated more than all the crusades; even the Islamic jihadists pale in comparison to the death toll of communism. I'm not saying the Islamic jihadists are good because they definitely colluded with the fascist; you saw it in World War I with the Ottoman Empire, the large jihadi empire that ended up allying with Germany and the Austro-Hungarian Empire.

But folks, this is so crazy that in the modern day we are now witnessing rigged election, and Trump acquiescing and giving the power over to clear criminals who have total ties and associations with the CCP, i.e. Hunter Biden and the Biden crime family, that have complete links to Ukraine and the corruption there, and complete links to the Chinese Communist Party. They are completely in bed with them, and you understand, they are receiving billions of dollars.

At the same time we have senators like Lindsey Graham saying, "*Somebody should take Putin out.*" They should assassinate a head of state! Folks, what happened in World War I with Archduke Ferdinand

when he went down to Serbia in an open-top car? What happened when the assassins came on and tried to bomb him and blew up the police motorcade; then when he turned around and tried to go visit them in the hospital, and the assassins got him and shot him in the head? That literally sparked off World War I, folks!

You're talking about crazy senators, crazed warmongers, crazed war hawks who make billions of dollars of profiteering off of these wars, and who they send our kids to go die in them! They don't send their family; they don't send their kids to die! It's the normal people's kids that have to go die. And of course by sending the kids, especially the males, what are they doing? They're eradicating more alpha males. The alpha males, if they're brainwashed, are the ones that can be sent to war, but if you get rid of them all by sending them all to war, there won't be any alpha males left domestically. Then the corrupt Communist beta males and the corrupt demonic alpha females will start taking over the whole population.

A most dangerous time

So it's such an unbelievably dangerous time that we're living in, folks; it's just so incredible! Just like Jesus you can feel that your spirit is on a super high octave and you can just look over at what's happening and you just want to weep over the country, you want to weep over Jerusalem; you just want to pour out your tears. But you know that crying is just not enough and you know that crying is not going to solve it, but your heart is wrenching as you see all this incredible spectrum of attacks that are coming from all angles, and yet you feel out of power to do anything or that you don't have the power to make any changes.

But that of course is the lie of the Devil, folks. We must not support these crazy people and these warmongering politicians trying to create their empires and trying to go to war with one another and send our kids to go and die. If invasions come to America and we have to defend these United States of America from the Chicoms or from the enemies foreign or domestic, then every patriot in America will stand. But to go out and fight a war with so much propaganda put out; to go out and fight a war that they're starting at the top, all the way on the other side of the world!

At the same time what do you think China is doing, folks? The Army Colonel was saying that the Russians are maybe ten days away from capturing Ukraine, so you may have a 10-day period. What do you think China's been doing? China's been quiet; they haven't moved on Taiwan yet. What do you think they're doing? Do you think they're just watching TV and CNN? No! They're strategizing, folks! They're putting all their machinations and all their plans into place; they're starting to organize and to get ready to push the button.

And of course folks, this is all happening very conveniently right before midterms, right before a landslide Republican victory, right before the leftists start being brought to prosecution and be thrown in prison, etc. The pandemic didn't work. They shut us down, locked down the global economy; they imploded and destroyed hundreds of thousands of businesses WORLDWIDE for no reason other than

power control. They took away and stripped us of our human rights and human dignity. They threw women and children on the floor roughing them with state police across the world, in Australia and all these different places. We have seen UNBELIEVABLE tyranny! Canada is now going after these truckers who are just peacefully protesting, taking away their bank accounts and not allowing them to buy or sell.

Folks, this is all implementation for what? The digital currency that they're bringing in, all the different microchipping systems, all the different operations that they've already prepared to bring in and to rule over humanity, as they would be herding cattle, as they would be ruling over sheep and cows? That's literally how they see you! That's literally how they see humanity; they see it as farmable objects which they can profit off.

So folks, this is why it's so critical to get back to God. If you saw America as a temple, if you saw America as Jerusalem or a place that God had put His hand on and had blessed from its founding to push off the tyranny of the British and to secure a place in this world that had some semblance of liberty, that had some semblance of self-determination, that if you worked hard you could succeed and the dreams of your ancestors could be fulfilled through you; that one place that God had put His hand on in the world and allowed that sacrosanct place, you understand, it's coming under attack, folks!

The future is being taken away by these crazed lunatics who dress in nice Versace suits but who inside are wicked and empty and who have sold their soul to Lucifer. David Spangler who was Director of Planetary Initiative of the United Nations and the head of Lucis Trust Fund and worked directly with the UN said that every person who enters into the New World Order must become a Luciferian, must pledge their allegiance to Satan. These are HIS words! Now, whether or not you believe in conspiracy theory, you understand, that's beside the point. The Bible says itself that *"For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places."* (Ephesians 6:12) So we shouldn't be surprised when these top elites are SATANISTS! That's what the Bible literally tells us; we should already know that. But we've of course got so far and we've diverted so far AWAY from God's Word, away from the daily reading, away from being fed with the water of life etc.

Folks, we are in such an unbelievable time right now, because this is literally the precipice. We've already gone over the tipping point but now we're at the edge of the cliff and the precipice. We're now starting to free fall. The first pandemic phase failed because too many people have woken up; even the leftists have been supporting opening up the cities and things like that.

On China

Now the war phase has begun; the war phase has begun. What is China going to do? What is China doing? We have been praying that all of China's machinations be destroyed, ALL their plans be foiled by the Holy Ghost because China has not only prepared for Taiwan, they're preparing for World War

III. What does that mean? That means to take the pacific theater and to completely control half of the world.

We had some of the top reporters from the Epic Times on the King's Report many times, such as Jeff Nyquist, etc, and they were reporting clearly that the top heads of defense in China have been saying for 20-30 years, *"America must be defeated. We will build up quietly in the shadows and we will destroy America. We will become the world superpower."* They've been saying that, folks, for 30 years, and of course we didn't know about it because most politicians are taking money from China and most of the supply chain is coming from China; so they've been under *"hush, hush,"* about that. But there's been subterfuge and there have been knives stabbed in the back of us Americans, because the very people that we elected have been selling America out to China, a foreign power for millions and billions of dollars.

Meanwhile now 30 years later, you have that superpower. In terms of purchasing power parity which rates the amount of spending they do on the military compared to the US, AND takes into consideration the LABOR cost, that is how cheap you can employ a Chinese citizen for, then Chinese spend actually more than the US on the military. They now have aircraft carriers; they have a very, very, developed navy etc, things like that. Not as good as America obviously; not as strong as America yet.

But we're being purged from the inside; we're being taught that people who hold conservative values and don't go along with the state menace are domestic terrorists. People who voted for Trump and are normal Republicans that you meet at the Hardy's or at a restaurant, they're saying these people are domestic terrorists, that they want to kill you and they're worse than ISIS. This is very incredibly DANGEROUS language, folks, that the top leaders who have power over the military, who have unlimited bombs and have the power over the nuclear bomb are talking like this about AMERICAN citizens who disagree with them politically. It is an UNPRECEDENTED polarization and demonization. This is what you could see before the actual start of genocide in Communist takeover of countries.

"The House of Prayer"

So folks, we are dealing with such unbelievable wickedness.

Jesus here he's contemplating the Temple in Jerusalem and look what he says

45 And he went into the temple, and began to cast out them that sold therein, and them that bought;

46 Saying unto them, It is written, My house is the house of prayer: but ye have made it a den of thieves.

What happened with America being a "House of Prayer"? What are you doing when you say, *"This land of America is a house of prayer for God,"* you're saying what?

The CENTER of our ethics,

The CENTER of our value system,

The CENTER of our reality,

The CENTER of our founding,
 The CENTER of our identity, it will be God!
 It will be Christian ethics.
 It will be our ethics to protect the widows and the children,
 It will be our ethics to fight off the wolves,
 It will be our ethics to stand up for marriage and the unborn,
 It will be our ethics to protect our children from the pedophiles;
 It will be our ethics to lock up and prosecute to the full power, authority and justice of God those who do wickedness and USE their offices to do wickedness upon the people.

A well-regulated militia

Historically speaking, when Mao Zedong, the Chinese dictator, said that political power comes the barrel of a gun,

Why do you think they're always after the guns, folks?

Why do you think they disarmed Korea?

Why do they think they disarmed China?

Why do you think they disarmed the Armenians before they slaughtered them all?

Why do you think they disarmed the Ugandans?

Why do you think they disarmed Germany that was disarmed before Hitler took over?

Why do you think all the dictators disarm the people, folks?

Because it is the last line of defense!

A well-regulated MILITIA, when it is in order, when people understand about exercising their freedom and understand the value of their liberty, and they have the MEANS to put up a bad fight to protect it, that is the worst deterrent for the wolves; worst deterrent for the Satanists.

Look at Afghanistan! They had a very, very poor military that was fighting the US Superpower and now we have lost to them. Of course mostly politics; it's not because our soldiers lost; they were handicapped by the POLITICS! That's why we lost. And of course the debacle that happened with the withdrawal! Oh my Gosh! Unbelievable, folks!

What is China doing at this stage when Republican senators are now setting off explosions and possible thermal nuclear war and conflict with Russia saying, "*Let's assassinate Putin?*" REPUBLICAN senators here in America saying, "*Let's assassinate PUTIN!*" These people are crazy! They're wild crazy people trying to set off literally what potentially could become a thermal nuclear warfare! Nobody needs that at this time of crisis and pains, where everybody has been ravaged by the fake pandemic and the lockdowns and the ruining of their businesses and the ruining of their children's lives and the traumatic experiences that have been placed upon them.

Nobody needs a thermonuclear war right now except those people who have committed a crime, except those wicked people who are in charge of the Beast and who have crimes to cover up and crimes to keep in the shadows. THEY are the ones who want a thermal nuclear war.

Because everybody has to shut up! We're in a thermal nuclear war and we have to shut up about Ghislaine Maxwell, about Jeffrey Epstein, about the pedophile networks that Bill Gates is involved in according to his own ex-wife Melinda Gates. We have to shut up about all that. Why? Because we are at war, war, war, war!

What will take place when that happens, folks? All the sights will be turned on America. Do you think China is going to help America; the ones who've been calling for our death and demise for the last 30 years? Do you think China will come to help America if the Russians are engaged with a thermal nuclear war with us? Or if we're engaged in a thermal nuclear war with China, do you think that Russians are going to come and help us? Folks, this is an incredibly dangerous game that these crazy people are playing, and it can lead to TERRIBLE consequences!

But just as we have said for many years, we know it's only going to get worse; it's not going to get better. There are gentle reprieves because like an anaconda they squeeze, then let go a little bit and make you breathe, and squeeze, make you breathe a little bit; squeeze and make it tighter and tighter.

They are waking up

So it's going to get worse, but

- *at the same time God is GREATER than all their plans,
- *at the same time God is working behind the scenes,
- *at the same time God is waking up people,
- *at the same time God is stimulating people's conscience.

Like what happened with Melinda Gates. She was quiet about the Epstein relationship with Bill Gates for the last how many years? 15- 20 years. She was so quiet about it, but now, it looks like she got pangs of conscience, and maybe this is the reason why they got divorced. Because Bill Gates is involved in sex-trafficking and probably much worse like killing children, and he could be a top level in demonic Satan worship.

The point is: in times of crisis God can work and times of crisis can wake people up, so they realize, *"My Gosh! How did things get this bad? We have to make determination, we have to take different steps otherwise what we have will be gone."* Sometimes it takes that type of pressure for people to get off their couch and say, *"Hey! I got to do something! Hey! I got to stand up! Hey! I got to make a YouTube channel! Hey! I got to share the information with people! I got to try to reach out to people, and if they cast me away and throw me away and say I'm crazy, okay I'll move on. But at least I'll try."*

Even the lefties are waking up, folks. Many lefties are waking up. They hate the mandates. They want to go drink their coffee *macchiatos*, chocolate *macchiatos* and caramel *macchiatos* at Starbucks, and

they're angry because they can't go in without their vaccine IDs and the vaccine passports. So they've had enough.

Some people say, *"Oh, just let them take all the shots and die!"* No folks, we can't become like them, okay. It is important to try to reach out and say, "

Hey! Listen, they got you swindled; you got confused.

Hey! Come over to freedom!

Hey! Understand your Second Amendment rights!

Hey! Understand the value of liberty!

Hey! You know the Founding Fathers were not that bad!

Hey! Communism is bad!

Hey! Authoritarian centralized government, you just saw it and you didn't like it; it was bad. So you can have some evidence in your brain that what they're doing is bad."

So, stand on the side of liberty; defend it! Help the people who want to preserve it who come from war-torn Communist countries and understand the value of how precious what we have here is, folks! We have to PRESERVE what is here! In fact in America with Trump in office, we should have spread it; we should have spread it harder. He could have weakened China and started taking China out. And of course Trump had many of these deals.

God is not going to use just one person. God is going to use every single one of us as His hands and feet on the earth. And you'll be surprised, He'll use people that were cursing you, He'll use people that unfriended you and unfollowed you, saying, *"You are a conspiracy theorist,"* because you don't want to support the mask mandate; you don't want your little face diaper. If you didn't do that, *"You're a bad guy, bad; you're killing people. Oh, you just think of yourself! You're KILLING everybody around; you're spreading this terrible disease!"* Remember those people that attacked us and anybody who loved liberty and said, *"Hey! I'm going to take the risk?"* And science of course was on our side.

But the point is: even those people are starting to wake up; even those people are starting to apologize, and those people still have a remnant of conscience. They're not willingly evil; they have not willingly sold their soul to Satan. They got hoodwinked, they got tricked into participating in evil, but hey, we can still bring them over and we can still say, *"Hey! We understand; we forgive you. Now you're awakened so you got to help us stand against the CCP and against World War III, thermal nuclear war, and the end of the family and them trying to wreck male and female. You've got to help us stop this kind of stuff, okay?"*

And that's how people start waking up slowly, folks. They may walk vicariously, but then they may start coming and start to realize the value of the Lord; they may start realizing the value of Christian ethics. Why?

Powerful family unit

It's important that we have limits on what we are doing in terms of sexuality and the preservation of marriage as the principal avenue for healthy sexual romance, and not just with multiple partners or

animals, or in Bill Gates' case with children; all these kind of terrible things. No! God says, "*No, that has to be in the family!*" Because if your family's tight and your husband or wife relationship is beautiful, and the husband and wife are in love with one another and there's powerful romance and there's powerful sexuality in marriage, then the children reap the benefit. They're produced by that but also they receive the benefit of Daddy and Mummy loving each other; always after each other, always romantic with each other. They receive that positive power and they're inspired to go get married.

Then their marriage stands as literally a SWAT team, an actual team, a unit against the armies of Satan that is trying to destroy marriage. They're trying to make the culture of adultery; they're trying to make the culture of gay and lesbian. They're trying to make the culture of men putting makeup on and drag queens hours; crazy things, crazy unnatural things, so that marriage in the end is relativized, weakened and destroyed.

And who is harmed the most? Not just the male or female, folks. The children, the KIDS are harmed the most! Some studies show that children who are under divorced parents experience traumatic events similar to what people have encountered in warfare.

Satan knows that and that's why in the end he's after our kids, he's after our families and he's after our marriage. That's why the center of Christian civilization, of Christian values is the protection of marriage, children, the next generation and our families. The absolute bedrock of Christian values is that family structure, and that's why that family unit is so critically important. That's why that family unit has to be in the image of the Chief Shepherd as 1 Peter says.

It has to be POWERFUL and it can't be just a weak, weak effeminate type of Christianity. NO! It has to be a righteous one that is brave, and also the wife and the children are on board understanding the enemy, understanding the battle that we're in, understanding that sometimes we have to become uncomfortable and we have to face these people, and we have to say "*no*" to them. Of course we do that verbally, we do that exercising our rights, but at the same time if they actually try to start wars and actually try to kill people, then of course we have the power of the Second Amendment to defend our lives, our property and the pursuit of happiness, and of course our country which is America.

That Epic Quest

So there are many lines of defense and many lines of activation that we all need, but we have to care about this, folks. We can't just be involved in video games and Netflix and entertainment. We have to CARE about humanity,
CARE about people's lives,
CARE about the nefarious things that the evil echelons of power are doing. We have to CARE about those things. It is that Christ-like shepherd protector mindset heart that comes down and says, "*We got to say no to this! We have to tell people "no!"*"

And yes, they may hate you, yes they may call you conspiracy theorist, yes they may say you're a lunatic and you're making up wild disinformation. But the point is: we know that we are going to be

attacked if we do God's work. We're not going to be loved by the world; we're not going to be supported by the world. He says in His own word, *"You' ve got to be ready to be mocked, scorned, hated for my namesake; killed for my namesake."* We KNOW that it's not going to be an easy path! He doesn't say, *"Pick up your pina colada and come to the resort and follow me."* He said, *"Pick up your CROSS!"* That means literally, *Pick up your death sentence and follow me!"* THAT'S what Jesus said.

So we know it's not an easy road but it is a righteous road, folks. And as **Matthew chapter 6** says, *"Seek ye first His Kingdom and His righteousness and all these things shall be added unto you."* It's that purpose, it's that epic quest and heroism of pursuing the good which IS what makes life worthwhile, which makes protecting our families worthwhile, which makes protecting our marriage and having a great relationship with our wife worthwhile; all the work that has to go in there, it makes it worthwhile. It makes it worthwhile not only because it makes us happy, but it also makes God the Creator happy, and it also makes the WORLD a better place, folks!

By the way just even practically, even if you're of the opinion, *"all the lefties let them get ahold of their four vax and let them die,"* you're going to have to pay for it in the end. All the health damage that they're going to get, in the end we're going to have to pay for it. So, even from a simple utilitarian perspective, you understand it's better to say, *"Come on our side of liberty and we forgive you. Stand with us; let's stop this!"* It's better; it's cheaper to do that than to let them all get vaccinated and for them to have all manner of disease which we'll have to pay for in the end with an incredible health care cost, okay? (*Laughing*)

A HIGHER calling to a HIGHER POWER

So the point is: God has given us an incredible time to live in, folks! Yes, it's scary; yes there's an unprecedented journey coming worldwide. But at the same time we have to BE in the fight we have to realize, *"Hey! Even though it's scary, it's exciting, and even though it's scary God has called me. I'm just a little person; I can't call the presidents of the world. But God has called me to be activated at this time, to do something, to stand with other people who will say "no" to this, and be that remnant of people."*

We will not be signatories on the death code which is trying to murder people worldwide. NO!

We will be historically the people that will say, "NO!"

We will be like King Leonidas of the Spartans and say, "NO!"

We will be like the armies of Gideon and say, "NO!"

We will be like the Israelites crossing the Red Sea and say, "NO" to them!

We will be like the people of God that stand against this evil and say, "NO!"

Why? Because GOD is on OUR side! HE is on the side of righteousness. HE is the righteous One. HE is the One that is truly good and HE is the One whom we pursue. We don't pursue to try to control all the kids in the world and put them into evolution brainwashing and force them to go to public schools. No! We want them to have freedom; we want their families to have freedom. We want them to enjoy the gifts of LIBERTY that God has given us as human beings, as part of the human family that God has created. We want to live our maximum lives in the image of God, not pursuing EVIL and being

brought up to do evil. No! We want to be pursuing GOOD because it makes us happy, it makes the Creator happy; it makes us pursue a life that is worth living and it makes an environment which instills those values to your children so THEY can also live happy lives pursuing good.

Even though it costs sometimes, even though you get attacked sometimes; even though you'll get mocked a couple of times and even though you may lose your life, it is still worth it, because they may take the body but what did Jesus say? *"Do not fear the man who will steal the body, but fear him who can throw the soul into hell."* Amen! That is the one! Because that's the one on the day of judgment when we die and stand in front of the Pearly Gates so- to -speak; when we stand in front of the judge it's not going to be whether or not we went along with what was popular or what kind of degrees we had. No! It's going to be, *"Did we pursue what God wanted to pursue or did we go along with evil because it was easier, convenient and made us great."* Which one? That's the question that God's going to ask.

Did you sell out your children to make a couple of million or billion dollars?

Did you sell out your children so you could give them over to Xi Jinping?

Did you sell out your children so that you could have pedophile networks, use them and traffic them because you were scared somebody was going to hurt you or say something to you on Facebook?

Folks, we CANNOT be those types of people! The Church in America, in the West and across the world, we are the final line, folks! We have to be the ones; that's why the Rod of Iron Kingdom exists. God's Kingdom is not this weak effeminate disarmed pacifist Communist country! You see how all those failed. God's Kingdom is a kingdom of armed citizenry who are responsible and who are righteous before God and who protect OTHERS, even though they don't like them. Like your neighbors, you may not like them but you protect them. You protect their human rights, you protect their right of free speech, and you protect their right of free will and you protect their right to bear arms. Even though you have personal grievances against people you have a HIGHER calling to a HIGHER power which commands you to love them and to protect the gifts that HE has given to them, folks! *(Applause)*

We are on that incredible path, folks! It is so intense; it's crazy! But in the time of darkness, the light shines brighter. When it's so crazy and the world's a little bit crazier, it's going to be even more important for the patriots and the real Christians, the Body of Christ, to come out and be activated and to help others see the light, stand for goodness and protect the Lord Almighty!

Pastor Sean's Prayer

Father God, we thank You and praise You this day! We love You, Father, because You are leading us on this path. You are weeping over Jerusalem; in the Scripture Luke chapter 19 and verse 41 we saw that You are weeping over Jerusalem. At the same time we know that You're weeping over this country. Oh, my Gosh! What a terrible state we are in! Look how quiet the church has become, as the Communists and the leftists and these international genocidal maniacs are taking over all the western countries! Now, in this world we are the last line!

But dear God, we know that at the time of great crisis and tribulation there is also a TREMENDOUS harvest. You will effect YOUR will because the Devil is no match for You. All the machinations of the Bidens or the Obamas or the Clintons or the Bushes or the Xi Jinpings or the Putins, they are NO match for YOU, God! You can see through EVERY single one of their TERRIBLE plans! You can see through every single machination and evil desire. YOU can see through it all, and that's why they fear You; that's why they are trying to run from You.

But dear God, in their panic they are making massive mistakes and they are making massive, massive miscalculations which are waking up MILLIONS of people. And now across the world Christianity is realizing that it must come into the Rod of Iron Kingdom and become

A STRONG Christianity once again;

A Christianity that will defend itself from the wolves,

A Christianity that will defend the women and children and marriage and family and the position of the husband as king and priest,

A Christianity that will defend Your nation and Your countries that are yearning towards Your liberty and the gifts that You have given humanity.

Dear God, give us wisdom during these critical times because we are being pulled in so many different directions with massive propaganda at EVERY level. This is an unbelievable game of chess that we all have to be engaged in at this critical time. Let us not only rely on our own techniques and our own abilities, but let us rely on Your Holy Spirit that will show us the way, that will lead our conscience and the still small voice that comes from our gut to do the right thing and to pursue Your Kingdom.

Father God, we thank You for ALL the patriots that are standing at this critical hour across the world. We pray that You would ENERGIZE them and ENLIVEN them with the power of Your Holy Ghost! Give them wisdom and power at this time! LET their opponents fall at their feet and let YOUR Kingdom and Your goodness be magnified through all of this wickedness and evil, for we know that YOUR Kingdom is everlasting and YOUR Kingdom shall come and reign over the world.

We thank You. We give You the praise, glory and honor with all the kingship lines that are gathered here today with your Three Generation Kingships, and we pray in Your precious name. Amen! Amen!
Aju! (*Applause*)
