

Pastor HJ Sean Moon

Welcome Holy Spirit!

May 22, 2022

Good morning folks! We are hitting you from Gwangju, Gyeonggi-do region here in South Korea. Don't laugh! I know I have an airsoft Rod of Iron here. Oh boy! King David has been killing me with those videos because he's making me really miss my Rod of Iron at home.

But folks we are here in Gwangju, Gyeonggi-do prefecture here in South Korea, and of course traveling around the country, touring and witnessing amazing moves of the Holy Ghost. But before we go into that let's get into our Word today. We're in Acts Chapter 4. I'm going to try to speak slower, folks. We're going to try to keep changing the scenes because people said that I speak much slower when I do that. Boy! If I stay in one place, the Holy Ghost comes down and you know what happens there. So we'll try to change up the scenes and keep the pace slower.

Book of Acts Chapter 4: 1- 4 & 16- 31

Peter and John before the Council

1 And as they were speaking to the people, the priests and the captain of the temple and the Sadducees came upon them, 2 greatly annoyed because they were teaching the people and proclaiming in Jesus the resurrection from the dead. 3 And they arrested them and put them in custody until the next day, for it was already evening. 4 But many of those who had heard the word believed, and the number of the men came to about five thousand.

Now we jump to verse 16

16 saying, "What shall we do with these men? For that a notable sign has been performed through them is evident to all the inhabitants of Jerusalem, and we cannot deny it. 17 But in order that it may spread no further among the people, let us warn them to speak no more to anyone in this name." 18 So they called them and charged them not to speak or teach at all in the name of Jesus. 19 But Peter and John answered them, "Whether it is right in the sight of God to listen to you rather than to God, you must judge, 20 for we cannot but speak of what we have seen and heard." 21 And when they had further threatened them, they let them go, finding no way to punish them, because of the people, for all were praising God for what had happened. 22 For the man on whom this sign of healing was performed was more than forty years old.

The Believers Pray for Boldness

23 When they were released, they went to their friends and reported what the chief priests and the elders had said to them. 24 And when they heard it, they lifted their voices together to God and said, "Sovereign Lord, who made the heaven and the earth and the sea and everything in them, 25 who through the mouth of our father David, your servant, said by the Holy Spirit,

*'Why did the Gentiles rage,
and the peoples plot in vain?*

*26 The kings of the earth set themselves,
and the rulers were gathered together,
against the Lord and against his Anointed'*

27 for truly in this city there were gathered together against your holy servant Jesus, whom you anointed, both Herod and Pontius Pilate, along with the Gentiles and the peoples of Israel, 28 to do whatever your hand and your plan had predestined to take place. 29 And now, Lord, look upon their threats and grant to your servants to continue to speak your word with all boldness, 30 while you stretch out your hand to heal, and signs and wonders are performed through the name of your holy servant Jesus." 31 And when they had prayed, the place in which they were gathered together was shaken, and they were all filled with the Holy Spirit and continued to speak the word of God with boldness.

Folks, that's what we are seeing here in Korea through the tour! We're now seeing an amazing move of the Holy Ghost, a POWERFUL move of the Spirit wherever we go.

When we came in of course the heretics and the Han mother heresy the harlot of Babylon heretics, the Han group, was trying to threaten people; they're saying, "You're going to be excommunicated if you go there." etc. etc. They've been crumbling from within because she's not only changed the Scripture, she's not only attacked us about the Bible, she's not only said that she was born without original sin, but that she is the savior and that two thousand years of Christian history was for HER. UNREAL! There's no one who joined the Unification Movement because of an only- begotten- daughter theology! No way! And in no way of course is that biblical, because Jesus and His return is the only begotten SON of God and of course that Father, that Spirit, that Son leads us to the Kingdom of God.

Studies on men & women

Now it's interesting because we were talking yesterday about forty thousand plus psychological studies done multi-nationally, done in every race of humanity- black, white, Asian; it doesn't matter. They found that women have higher rates of neuroticism and agreeableness and men on the other side have higher rates of logical processing or trying to solve problems that way.

If you look at it from a purely secular standpoint that sounds bad; it sounds like women are just neurotic and that they're worrying and anxious all the time. They have of course much higher rates of anxiety-based mental disease, and that's no laughing matter because it is quite torturous. The point is: why did God make that? If you look at the cross-sectional studies across the world, women always score higher generally speaking than men on neuroticism and agreeableness.

Evolutionarily, they're saying that this is an important evolutionary adaptation. That women taking care of the tribe, of children and young babies have to be somewhat neurotic about the babies' cleanliness etc, to survive and to increase the survivability of that child to be reaching adulthood. Especially in the primitive ages of human formation and civilization, it was very dangerous; you could die from many multiple viruses and bacterial loads, etc. Evolutionists and atheists say that's probably the reason why women are like that.

But if you look at it from the spiritual and biblical context, WHY is it that God made women to have that kind of anxiousness? Is it so that they suffer their whole life? No! If that anxiousness is centered on the things of this world, if that anxiousness is centered on, *"Oh, that anxiousness, I need to fill it with money, I need to fill it with power, I need to feel it with status,"* or with the things of this world that the Bible always warns against, both men and women will fail.

On the other hand if that anxiousness is filled and centered on Christ as if they're grabbing on the hem of His garment, that is when the power of the object partner serving the true subject partner who is Christ shines incredibly. That is where that anxiousness and that neuroticism in a good way gets used for the Lord, and instead of getting anxious about their future, anxious about this and that situation with their children which they can't control, and all this kind of stuff, they can put that anxious energy into: *"What does God want? What does God need me to do today to make Him happy?"* They can use that powerful energy, and it becomes a weapon against Satan's kingdom and Satan's forces.

When you look at it historically, the Christian Church, the body of Christ grew tremendously BECAUSE of all those faithful women who gave their life to the Lord, who gave their life to Christ, and proselytized, went out and talked; because also they have higher agreeableness and in that sense they can meet people much better. They can connect with people much better; they love face-to-face talking, they love sharing their testimony. That's why the Bible calls the men to be kings and priests, and the women to be queens and evangelists; because they have that natural GIFT as an object partner and a bride of Christ to the bridegroom.

It's really remarkable because yes, we may see different flaws in men. Men tend to be more logical but that also can be a great weakness. Satan for example was trying to just be logical. Satan tried to use "wisdom and intelligence" to supersede what God had commanded and supersede God's warning to His children. They acted out of "the intelligence and the seeking of higher knowledge" instead of love. Rather than being obedient and bringing joy to God because of love they went seeking after the higher intelligence to have the higher inner knowledge and the secret knowledge of the fruit of the tree of the knowledge of good and evil. They of course fell sexually and then fell as a society, creating tremendous fall but also bringing the destruction of man and woman marriage, and everything else. The point is: even in this whole discussion in the service the Holy Ghost was moving.

Brides of Christ

The one thing that the Han mother and the harlot of Babylon church are saying is that, "*Oh, Father has a tag on his tail,*" meaning he has a blemish. But they don't understand the biblical role of the Returning Lord: he comes as King, he comes as Bridegroom, he comes as the Judge of evil and True Father established his kingship. True Father CAME as the Bridegroom to SAVE all the brides, to SAVE all the men and women of this world, to bring them back to God and to unite them to lineage. And then of course he came as the Judge and he judged clearly that communism is Satanism; it is the force in the world that is building Satan's kingdom; free sex culture, feminism all that is included within socialism and the centralization of power, etc.

About the Six-Marys' providence:

In the Garden of Eden there was just one woman and one man but now fallen men and women had expanded to six billion people on the earth; so the female counterpart of that was three billion. How could the Returning Jesus be the Bridegroom to all those brides? No! That was just not possible. That's why the Six Marys' providence was so critical for Father to establish the conditions upon which to restore all the brides as we see in the Scripture where the brides with the lanterns that are FILLED can enter the bridegroom's chamber. That is the providence of the Six Marys through that process, that tremendous painful process.

This is not about sex; it's not about female relationship. This is about fulfilling the conditions upon which what? The Blessing could be given, and the Blessing is to restore ALL people: ALL women, ALL men. In the Blessing, as you know, when you receive the Blessing from True Parents the man stands in the position of fallen archangel, so he stands in the position of a servant to Lucifer. And the woman stands in the position of fallen Eve, a female servant to Lucifer who has given herself over to Lucifer and then through the process of uniting with the true Adam that is True Father that is Returning Christ, then the woman becomes restored into a bride of Christ, and Eve figure and the man gets restored to the son figure.

But actually GOD is the owner of humanity. HE's the owner of all people, so our wife is not our own. She is GIVEN to us by God to love and to care for and to raise as the Father, as the Adam would do because now we've come from the archangel position to the son position. So God is giving us a

precious bride of Christ for us to love, for us to train together with, for us to raise, for us to lead as men as kings and priests etc, and to bring the fulfillment of all the potentiality God has given her, to help her to reach that full potential as queen and evangelist, and be that tremendous figure for the next generation of girls.

So Father had to walk that path; he called it “the path of the crucifixion” or “the cross of these relationships” because all these women wanted to be Christ's bride, so there was all this backbiting and all this fighting and all this stuff. Of course Father knew that he could not take all the brides to become his wife physically, so thanks to the Six-Marys’ providence the Blessing then could be extended. And the sons restored from the archangel position to the son position, we can receive one of the brides of Christ to care for and to be in holy matrimony with. In the end the OWNERSHIP of both the husband and the wife rests in God, the OWNERSHIP rests in Christ. In the end we are both of Christ.

The husband is also a son of God in that sense, so he does not stand as a female bride and does not identify himself as a bride to his father; which would be very strange. And there lies the unspoken secret of both Catholic priests and Protestant ministers; that the more they fall in love with Jesus and they try to become a bride, the more HOMOSEXUAL problems happen. Why? Because they're now putting their main identity as a man into being a BRIDE to Jesus, but then the Devil will use that to now make them start getting blurred in between. Hence all these kinds of homosexual problems both in the Catholic Church and the Protestant ministry, which people of course never talk about and don't like to share

The point is: that identity is wrong! The FEMALES become the bride of Christ! The males become the son of God. Father clarified this so clearly. Thank God he did! As a man you are serving your Father. You're not a bride; you're not a wife to your Father. Amen! Praise the Lord for that! That's why we can become strong men; we can become strong honorable men that want to serve our Father.

Training in family relationships

But in this sense our bride is the bride of Christ. The Queen is not mine, so-to-speak; she is God's. God has bestowed her upon me for me to raise, to love, to train with; to be my companion, to be my best friend, etc. All those kinds of wonderful things that are given to us in the Blessing of marriage!

And of course

- that's why we have to invest in that relationship;
- that's why we got to be training together,
- that's why we got to go on the spousal dates together;
- that's why we got to pray and return gratitude one to another on our spousal date training. We return gratitude and we share three things of gratitude to each another and then we hold hands and pray to

God and thank Him for that day, and then have a wonderful meal or a wonderful snack or coffee - whatever it is. This is why the training is so important.

I'm so happy because for the first time our ELDER leaders who haven't done this training for decades and decades and decades they had the opportunity this time to do the first spousal date training. It was super cute, super adorable; it was absolutely beautiful to be able to witness that. It's so exciting to see them at 70 years old having this training. Korean elders usually don't do that kind of stuff, but they're doing it for the glory of God to make Father happy. They're going on that spousal date training and sharing the thank yous, sharing the gratitude to one another.

We see the wives weeping; they never heard this for the last forty years but now they can do something together, and they don't have to feel guilty about it. They've given their whole life to Christ, they've given their whole life to the priesthood; they've given their whole life to God, they don't have to feel guilty about going out and taking a snack. They always were just sacrificing in the missionary field or whatever it may be. So for them to be able to do that for the first time at seventy or eighty years old; it's so beautiful to see!

Through their example the understanding can be given that the indemnity period is over and the settlement period is here. That's why our families MUST invest in these relationships. We MUST do our spousal date training; we MUST do our one-on-one kids training. As they're growing you don't have a lot of time; you only have a window of time with that child, and if you don't take that window of opportunity then you may have eighty years of pain and no relationship with that child.

The point is: actualizing those kinds of things!

We saw that happening on the path as we move through the tour and now heading out to our final destination which will be in a couple of days after this workshop that we have with all the folks that have gathered together.

Testimonies of the Holy Ghost in action

(Now sitting under a beautiful tree)

All right folks, we are back here to slow it down a little bit. We have some amazing testimonies as we are moving through the tour and praying for people.

On the third city the hotel had to move us out quickly, so we were not able to pray for people there. But on the fourth city which was yesterday, we had an incredible move of the Holy Ghost. I thought maybe 20 or 30 people would receive prayer because it seemed that everybody had done so already. I had seen some of the faces in the different cities; they're coming to support and to be staff, etc. And I thought maybe 20 or 30 people would receive prayer. So I said, "*Whoever did not receive the baptism of fire and the Holy Spirit, please come forward or raise your hand.*" There was like about 200 people! I could not believe how many people had not received the prayers; we were shocked. The space was super tight with 300 plus people; it was a wedding hall with this long walkway in the middle, so people had to line up on there and we prayed for them.

- **The combat instructor**

There's this one incredible story of this gentleman. He was a combat instructor and a police detective here in Korea and he's got the 10th degree black belt in Taekwondo and 10th degree black belt in Judo; in the martial arts that they would standardly do here. So he's been in martial arts his whole lifetime, and he's been a combat instructor for the police, etc. and he's now retired.

Now, his Japanese wife told him, *"Hey! Let's go to the speech! Hyung Jin Nim is coming!"* (That's my Korean name), but he answered, *"I don't want to go to that kind of stuff!"* He got blessed under Father but he really didn't know too much about the church etc, so he's not really that deep in terms of faith. He didn't want to come. He didn't want to come, but somehow his wife convinced him to come and he was there; then he told her, *"I'm going to leave after twenty minutes,"* etc.

I ended up speaking for probably an hour and a half. The man didn't move; he did not leave after twenty minutes, and as a police detective or thanks to whatever happened, he actually came out to receive prayer as well. He gave this testimony afterwards with 20-30 people, *"Man! I didn't want to come to this event. I told my wife I was going to stay 20 minutes. But I ended up staying the whole hour and a half speech and then stay for prayer to receive the baptism of the Holy Spirit."* And he added, *"I've tried to fight him, because I'm a martial artist; I'm a combat instructor. I'm seeing all these people being slain of the spirit and I said 'I'm not going down.'" That's what he said, "I'm not going to go down."* He tried to resist the Holy Ghost; he tried to resist but then, *"The Holy Ghost won,"* and he just went over.

I don't know who this man is; we just heard the report this morning. He just got slain in the Spirit. After the meeting he testified with the local people that were there. He told them, *"I didn't even want to call him Hyung Jin Nim. I didn't have any respect for any of this stuff, but after receiving that! Boy!"* And he started expressing, *"The Second King has got to get back all the things that Father gave to the 2nd King, 3rd King, to the Three Kingships. That grandma who stole everything in Cheongpyeong, she's got to go to the spirit world quickly."* He's basically saying that she has to get out the way so that True Father's heir and successorship line can progress as Father desired.

What's amazing is that we are seeing so much move of the Holy Spirit in that kind of setting. That's a real miracle! Somebody was just negative and wouldn't want to have anything to do with it, and being touched by the Holy Ghost. So you just never know; you never know folks, how God will touch somebody.

There were so many people in that auditorium.

- There was **one gentleman** in the front. Who knows what was in his heart but boy, he got slain in the Spirit. He was laying down there for forty minutes or so from the beginning of the praise and worship to the end; just weeping and wailing! You just never know what God is doing in the hearts and minds of these folks, as people come for prayer and they come for anointing. Unbelievable!

- There was **one lady** that was SHAKING with the holy fire; she was shaking. She was literally shaking, shaking; just shaking! She said the fire was so hot on her; the Holy Ghost was SO hot.

She was just shaking and grabbing her neck feeling like she was literally on fire; that she was getting consumed by the fire of the Holy Ghost in the baptism. She testified that just two weeks before she was a total enemy. She was criticizing. She was saying that I am an unfilial child.

David against Goliath

Even though you know it's the Han mother that stole all the assets! She's the one who erased Father. She's the one who claims that she's God, etc. She's the one who was suing her son who was anointed; suing and suing and suing, trying to destroy me and bankrupt me and all these kinds of things, even shutting down my YouTube channel.

She was the one doing that and yet I'm the bad guy because I don't know Korean culture! Well I was asking the people, *"Is it Korean culture for your mom to steal what your father inherited to you on three different ceremonies and crownings and everything? Is it Korean tradition for moms to behave like that, and then try to sue the crap out of you to destroy you? Is that what Korean moms do?"* I guess that's the standard of Korean moms because all Koreans behave like that! I guess I'm the one who doesn't understand Korean culture!

Anyway, the point is: when you break it down this way, people all realize that what they've been claiming for the last 10 years is RIDICULOUS. But I've allowed them just to slander me like that for the last 10 years and I've given them no challenge here in Korea. I've let them have complete full monopolistic reign so they could do whatever they wanted. And of course the Han mother by doing so has exposed herself as a heretic COMPLETELY possessed by Satan, COMPLETELY being possessed by the Devil; claiming that she's God, the messiah; that True Father fell and all these kinds of ridiculous claims. NOBODY joined because of that! Nobody received the Divine Principle and said, *"Oh, it's because of Han Hak-ja!"* No! Not ONE person folks!

But it's been that kind of 10-year period! They've been collapsing internally. She's now ordering the Divine Principle to be rewritten centering on the only-begotten-daughter theology; which is an UNBELIEVABLE heresy. It's just ABSOLUTE ridiculousness! And after she's ordered the historical records' organizational committee to get scholars to rewrite it, it's just creating UNBELIEVABLE total internal strife and fight.

The timing of this is incredible because of the victory that we were able to gain. We are the small David against the giant Goliath who stole all the assets. Billions! You understand? Billions of dollars folks, BILLIONS of dollars! Trying to destroy me and to destroy the ministry, and suing the life out of us trying to completely bankrupt us! For seven years plus just continuing to attack, attack, attack, while pretending they're the victims - which is so hilarious.

When

- they're the ones doing the heresy,
- they're the ones betraying Father,

-they're the ones stealing the assets,
 -they're the ones trying to destroy Father's kingship line!
 It's so funny how they pretend to be the victims; just like the radical Left that we see in America all the time. So it's been that kind of thing!

Father gives the victory two days before Parents' Day, being able to reclaim the Tong-il mark, the symbol of Christ's life and light spreading over all four corners of the world and of course the square in the middle representing the family and the Three Generation Kingships of all families from small to national and to the world level.

That victory is given at the same time that all this is happening and that it's collapsing from within. So the timing is just unbelievable; the Holy Spirit is moving so powerfully.

People are being forbidden to come; yet people are slowly starting to come. Now remember, this is Korea. Korea is a very shame-driven society; very tribal society, so there's a lot of shame and people are very scared to still come. Yet there are people that come and there are over ten thousand people that have now viewed the different speeches that we've done the last three or four cities Over ten thousand people! These are not people who attended; these are people who are former blessed families under True Father but have fallen away and remain fallen at this point.

But there is a path to redemption. There's always repentance; there's always receiving the Blessing again, the three-day ceremony and restoring the lineage back to Christ; there's always a way back. You see those kinds of views; it's just unheard of. So many people are secretly watching; so many people are being touched by the Holy Spirit. Now so many phone calls are starting to come in, saying, *"You know what? I need to meet with you guys. I need to hear what's going on."*

Of course there's also a very galvanizing thing: the bullet crown is a very, very, very controversial thing, and not only in America where we have the Second Amendment. And of course the Left has made the bullet crowns very famous.

In Korea it's even more controversial because the Second Amendment is prohibited. Nobody is able to have guns; nobody's able to have even a bullet. If you have a bullet you get arrested. So it's like New Jersey on steroids; it's like California on steroids here everywhere you go. So it's a very galvanizing thing and people of course think I'm nuts and I'm crazy even more so than in America.

In defense of the Rod of Iron Kingdom

But the point is: I don't do this for my own glory or my own fame. I do it because

It represents God's Kingdom,

It represents sovereignty,

It represents the national defense,

It represents the defense of your neighborhood,

It represents the defense of your family.

It represents the defense of the Rod of Iron Kingdom where the sovereignty and the kingship are with the people and not with the government. The government is the SERVANT of the people. There's so

much symbolic power in this. The world doesn't change by just going along with the world. It comes by a new symbology taking over and a new narrative and a new story that is empowering and protective of God's natural rights given to humanity.

So yes! I get cursed and I get hated on and I get death threats, and words like: *"Go burn in hell and die in a pit!"* I get it the whole time. But it's okay because in the end it's not for me. I didn't put a crown on my head; I didn't crown myself three times on two different continents in front of the whole world. I didn't do that. The Returning Jesus, True Father DID that! He chose me; I did not choose myself to be his heir and successor.

And that's why he said, *"Anybody outside of my heir and successor whom I chose with my own hand and anointed"* - with not only the biblical anointing but also the anointing of the Scripture and also the anointing of kingship in the ceremonies with the crowns - *"that that person is called 'a heretic and a destroyer'"* WHO KNEW that the Han mother would become that very heretic and destroyer?

The point is: both those organizations -the Kwak group and the Han group- are robbers. They're the ones who stole things that were not given to them; they're the ones who stole billions of dollars. They have that as their legacy, and that's why they're failures and that's why they'll forever be failures, and their civilization will 100% fail because you can't start a civilization on robbery; it has to be started with ethics and goodness.

Western Civilization & the Great Tragedy

Look at the culture of Western civilization! We have centered our civilization on the Great Tragedy; the story of the Death and Resurrection of Jesus Christ. That is the foundation of Western civilization. Why is that so incredible? We talked about it last week. We've centered our society on this incredible tragedy, this incredible battle with Satan; the summation of all tragic stories coming together in the culmination of the archetypal moment of the Cross of Jesus.

Think about that: it's the summation of all our fears; it's the CULMINATION of all our fears combined. That you get capital punishment, you get killed for crimes that YOU did not commit. You're innocent.

*Not only are you innocent; but you're a good person.

*Not only are you a good person; but you're the BEST that can come. You are actually the BEST good person! And

*Not only are you the best good person; but it's your very PEOPLE who threw you under the bus and sold you to be destroyed, as the Pharisees and the Sadducees did. And

*Not only that! That's a subsection of the large tyranny that they sold out to: the Roman Empire who also wants you destroyed, because now all these people are starting to follow you.

And you have not committed ANY crime! They know that you have not committed any crimes and instead of prosecuting with justice the actual criminals like Barabbas, the criminals that they set free, they sacrifice the BEST person; the Son of God, God of the flesh. You understand? That is the

summation of all our fears, our internal psychological fears and summation of ALL our tragic stories combined into one.

But yet our civilization has focused on that tragedy!

Jordan Peterson was talking about it and stated that it is probably what we do from a psychological standpoint to inoculate ourselves against the suffering of the world, which we will encounter. We WILL encounter suffering in this world and we need to get EXPOSURE to that suffering. So when we connect with the story of Jesus, this innocent person who's been persecuted and KILLED, somehow we can relate with that because in our life we WILL be persecuted if we do something good and we WILL get attacked for doing something important.

So in some way we inoculate ourselves against that fear, against that SERPENT that not only lives in the hearts of other people but also lives in our own hearts, and is in the end our worst enemy, because the one inside of us has the closest access to our decisions and the closest access to how we will decide our life's trajectory etc. So we see that, and in that whole battle, in that whole reality we connect with that tragic story.

Transcending SUFFERING to reach Salvation

Yet that tragic story is not the end, is it? It's the resurrection after! This is a powerful statement that the tragedy IS not the end and that actually

- THROUGH the TRAGEDY we found salvation,
- through the TRAGEDY we found redemption, and
- through the SUFFERING!

We're not supposed to run from the suffering; instead we're supposed to run TO the suffering. This is what Jesus did, *"Pick up your cross and follow me!"*

We're supposed to run TO the suffering, because in the SUFFERING, in the HARDSHIP, in the GRIND, in the FIGHT is SALVATION!

It is where we not only discover ourselves, overcome our own demons and serpents that we have to fight in battle within our hearts and overcome Satan; it's where we discover GOD and the potential that He's given us, the potential and the love that is imbued within us and then

- *to TRANSCEND that with the power of the Resurrection and the Holy Spirit;
- *to TRANSCEND that death,
- *to TRANSCEND that grave,
- *to TRANSCEND the FEAR of all those things combined; the summation of the tragic story including death, which in the end everybody who does not know Christ fears!

There is LIBERATION from that and there is movement forward; FORWARD THROUGH persecution, THROUGH the world mocking you, THROUGH the world hating you.

But

Yet, the Gospel prevails!

Yet, the Gospel wins!

Yet, transformation happens!

Yet, people repent and come to Christ!

Yet all these miracles happen with the Holy Spirit!

That's what we've been seeing: not only in the Scripture as we saw today in Acts Chapter 4, but ALSO here on the ground in Korea.

Folks it is unbelievable what is going on as the evil heretic robbers COLLAPSE and as God is MOVING in the Spirit making an incredible push forward which cannot be produced by man but can only be done with the power of God.

So thank you folks, for all your prayers! Thank you for all the things that you're doing to spread the Gospel and to EMPOWER people to become Rod of Iron kings and priests; LEADING them to the Blessing, to be united with God, to meet the perfection stage True Parents and to be able to receive the coronation of kingship and priesthood. What an amazing thing that is to finally stand in the Kingdom of God with Christ as coheirs and as his kings and priests to defend His Kingdom, to "love God love our neighbor," and to be those people fully potentiated,

Not scared of evil,

Not scared of the serpents,

Not scared of the fight,

Not scared of the tribulations or the suffering

Not scared of those things!

Because we know that *"we can do all things through Him because He has already won the victory!"*

Folks, it is an incredible day! Thank you for your prayers; keep praying for us! We're going to be touring a little more and then we'll be back experiencing a little bit of the real freedom. I can't wait to get back and do some training. But folks, it continues to be a wild ride and of course the Holy Spirit is moving and we are running together with Him on that fiery trail!

So we thank you and we bless you! Peace out and peace in!

God bless, Godspeed and may His Kingdom come!
