“People want to live in heavenly fortune with God and True Parents.”

Cheong Shim Graduate School of Theology

Where your dreams come true.

We have to know God in order to become mature men and women. We have to know about True Parents. With this heart, True Parents built the Cheong Shim Graduate School of Theology (CSGST) on Holy Ground in Choeng Pyoeng, South Korea.

True Parents express gratitude and love to the diligent graduate-school students working in the Cheon Jeong Gung. People consider them special because of their good relationships with their parents, reflecting the relationship of God’s heart and True Parents’ hearts. Their minds are different. According to Daemo Nim on Dec. 7, 2010, True Father said, “All the people who have not studied theology, who have not graduated from a seminary must study theology.”
