MBC Prime: Little Angels offers the gift of heavenly harmony

Title: Little Angels - Little Angels offers the gift of heavenly harmony

Date: November 22, 2012 12:55 AM (50 minutes)

Channel: MBC (MBC Prime)

Contents: This is a comical but touching story by The Little Angels Children's Folk Ballet of Korea, who has given many stunning performances throughout the world.

The Little Angels performed more than 6,000 times throughout 50 countries worldwide. In preparation for these performances, the members practice more than 5 hours every day in the areas of Korean folk ballet, chorus, and Korean folk instruments. It is estimated to take the Little Angels at least two years to learn and perfect the music and dance routines prior to their charismatic performances.

The Segye Times: UC Minister donates organs and tissue to more than 100 people

Brain-dead, Young Chul Kim, former Unification Church pastor
Usually emphasized the salvation in his sermon

The former Unification Church Pastor, dedicated his life toward 29 years of ministry work, shared the gift of new life by inspiring over 100 people to donate organs and tissue as he went on the way to heaven.

Young Chul Kim (60), Yeongdo church's main pastor in the Busan-Ulsan region, had fainted on the 17th after waking up in the morning. He was transported to Pusan National University Hospital immediately. However, he could not recover and the doctor declared him brain dead on the 27th, after 10 days hospitalization. The deceased had accepted organs and tissue donation three years before. Therefore, his bereaved family also accepted the offer by the Korea Organ Donation Agency to harvest his organs and tissue.

Korea Foundation for Human Tissue Donation (KFTD: 한국인체조직기증재단) director Hae-sook Shin said, "Rev. Kim's donation is very precious; it is one of top 12 donations in Yeongnam area. Almost 100 to 250 people may receive the benefits from him."

The pastor's wife, Mrs. Jeongwoo Jeon Kim (52) said, "My husband had talked many times about a larva and a butterfly. If a larva will not slip out of his old skin, he will not able to become a butterfly. He mentioned about saving people with organs and tissue donation a lot."
