During the hoondokhae session held in Cheon Jeong Gung, True Father pointed at the palm and joints of his left hand with his right hand and spoke about the symbolic significance of odd and even numbers. Afterward, he explained in detail about the principle of pairs centering on the relative relationship between different objects. In particular, he looked at the facial features of some participants and guessed accurately about their personalities. He also said that both the internal character and outward appearance of different people are in a relative relationship with others in positions of mutual complementation.

At this hoondokhae session, True Father said, –You have come here looking like beggars, **but the hoondok readings, textbooks and teaching materials are not based on your standard. To have confidence in them, you need to adjust yourselves to fit my standard instead.** Even yesterday, I spoke all day long about the hoondok reading to you. Why did I do that? You may have wondered, –Why is he talking about the past, when I wasn't even in the church? It was twenty or thirty years ago. And some of what he is speaking about are things that I have known from even before I got married.”

Why am I talking about things that happened in the past? Isn't that what you're wondering?

It is my task to restore through indemnity everything that happened in the past, and to repeat them over again. I have had to repeat them more than two or three times. Even after ten years, I have had to repeat some of them even ten times or more. Yet here you are, wondering to yourselves why I am repeating what I said before just once. Aren't you? That is why, rather than growing closer to me, you drift farther and farther away from me. **Satan knows about the erroneous direction you are following and is using it; yet, you don't even know that he is using you. Do you? There are things that you will not understand even after ten readings, and yet you act as if you know everything after reading them only twice or three times. So what can I do when I am addressing you? I can't address you. I can't address you at all.** That is why I need to be strict. You may say that I am very strict, very strict even to my followers. You are in the position of my sons and daughters, so how much stricter would I be to you? **I am different from you. (Pointing at the textbooks and teaching materials) I know everything about the deep subject matter in these books, which is why my viewpoint is based on providential history.** Do you understand? What I am saying is important.

## Chairman Moon holds a Strong Korea Peace Vision 21 Invitational Seminar (Daegu and North Gyeongsang Province)

On November 11 at 10:30 AM, the Strong Korea Peace Vision 21 Invitational Seminar for Daegu and North Gyeongsang Province was held at the Daegu Traffic Training Institute. The seminar was attended by Kook Jin Moon, chairman of the Tongil Foundation, his wife, Ji-ye Park; Dr. Sun Jo Hwang, and 400 other participants, including Mr. Yong Hee Yoon, former president of the College of Social Sciences at Kyungpook National University, Ms. Sang Eun Seoh, a former director of internal affairs at the North Gyeongsang Provincial Office and currently the mayor of Gumi; and Mr. Won Shik Lee, a former vice-governor of North Gyeongsang Province. Before the seminar began, a video, “Strong Korea, the Foundation Stone in Establishing God’s Fatherland,” was shown to the audience to introduce them to True Parents’ activities and achievements.

Welcoming Address: Mr. Yong Hee Yoon

Opening Address: Dr. Sun Jo Hwang

When he assumed the podium, Chairman Moon showed his audience the economic, political and military analyses of Korea’s current situation and presented clear reasons that the nation needs to become a strong Korea: **1) The possibility of a crisis on the Korean Peninsula due to the economic difficulties of the United States, 2) The rapid progress of military buildup, and relationship with North Korea, and 3) The historical basis: a) For 2,000 years, the countries that invaded Korea the most were countries that emerged on the Chinese continent and modern China (Example: When the Korean civil war broke out sixty-one years ago, they invaded the Korean Peninsula. They also played a decisive role in the political division of the Korean Peninsula), b) The Abel realm was able to win the First World War and the Second World War because it was strong.**

The chairman finished his address by reemphasizing what should be done by the Korean people, saying that **though Korea is True Parents' fatherland and Koreans are God's chosen people, if the Korean people do not realize the importance of freedom and independence, nothing prevents the invasion of Korea by the strong nations surrounding it, as has happened in the past 2,000 years. Therefore, the Korean people, chosen as the third Israel, should fulfill their responsibilities and mission.** The seminar was a great success. This invitational seminar series, which was held twelve times from Friday, August 26 and drew a total of 3,105 participants, was thus brought to an end.

## Kook Jin Moon, Chairman of the Tongil Group, on a Special Tour — Daegu and the North Gyeongsang Region

The meeting for Daegu and the North Gyeongsang Region during the tour was held at the Daegu church on November 11. Before the meeting, Chairman Moon and his wife presided over a seminar for church leaders in Daegu and the North Gyeongsang Region.

At the meeting for church members that followed, the chairman gave his “Strong Korea?” speech, in which he said that **for Korea—which True Father has declared “God’s fatherland and homeland”—to become the world’s central nation, church members need to raise their security awareness and prepare for the future.** In particular, the chairman emphasized, “The Divine Principle tells us that the victory of the Abel nations in the First World War and Second World War enabled the further development of God’s providence of restoration. The Abel nations were able to defeat nations representing satanic traditions because the former were much stronger than the latter.” Therefore, he said, in order to complete God’s providence, Korea needed to become a strong Korea.

‘문선명 총재·김일성 주석 만남’ 20주년 기념

정주시 탁아소 등 16곳에... 모니터링도 실시

평화대사협의회(중앙 공동회장 김민하·황선조)는 통일교 창시자 문선명 총재와 고 김일성 북한 주석의 만남 20주년을 기념하기 위해 14일 북한에 밀가루 300t을 지원한다고 11일 밝혔다. 지원 대상 지역은 평안북도 정주시 동문탁아소를 비롯한 16개 시설이다.

김민하 공동회장(전 민주평통 수석부회장)을 단장으로 한 물품인도단 5명은 14일 오전 입진각에서 지원물품 환송식을 열고 경의선 육로로 방북해 개성 봉동역에서 북측 대표와 인도절차를 밟은 뒤 오후에 돌아올 예정이다. 이들은 지원물품 인도 후 21일부터 24일까지 정주시를 방문해 현장을 모니터링할 계획이다.

평화대사협의회는 “그동안 민간단체의 대북 밀가루 지원이 일부 지역에 편중된 상황에서 정주지역 지원은 새로운 지역에 대한 지원이 시작됐다는 데 또 다른 의미를 찾을

수 있다”고 밝혔다.

이번 1차 지원은 지난해 ‘평화의 쌀 모으기 캠페인’에서 조성된 기금을 재원으로 이뤄지는 것이다. 문 총재는 1991년 11월30일부터 12월7일까지 평양을 방문했으며, 12월6일에는 김 주석과 만나 남북정상회담, 청년학생교류, 문화예술교류, 금강산 개발 등에 합의해 북핵문제로 냉각됐던 남북관계에 돌파구가 마련됐다.

합의 내용은 남북청년학생 세미나, 리틀엔젤스 예술단 평양 공연, 만경대학생소년궁전 예술단 서울 공연 등으로 이어졌다.

평화대사협의회는 2000년 결성된 민간단체로, 현재 5만여명의 회원이 국제적인 평화 실천을 위한 운동을 전개하고 있다. 이 단체는 민간차원의 남북 간 평화 분위기 조성을 위해 지속적으로 대북지원을 펼칠 예정이다. 김보은 기자
