

Season's Greetings and Best Wished for the New Year

Sun Jin Moon
December 23, 2016

Dearest and most precious Blessed Central Families and brothers and sisters from around the world,

On behalf of our beloved True Mother, I wish each and every one of you the happiest of holidays and a glorious New Year 2017!!!

I pray that Heavenly Parent's abundant love, joy, peace, and blessing will surround you and your family during this holiday season! May each day of the New Year bring you greater happiness, fulfillment, and victory, as we move together toward the fulfillment of Vision 2020 and Cheon Il Guk!

Please know that our Heavenly Parent and our True Parents are always with you. Their love is unconditional. You are their filial sons and daughters and you carry forward their eternal hopes and dreams for realizing a world of eternal peace, as we learn to live in harmony with one another, with all living beings on earth, and with our ancestors in heaven.

I offer you my eternal gratitude and love for all your tireless work, sincere faith, true love, and absolute dedication to fulfill God's providence. May you always experience Heavenly Parent's love, love, love, and only love!

As we close one year and start a new year, I hope you will be uplifted and enlightened by the following passages from True Father's autobiography, *As a Peace-Loving Global Citizen*:

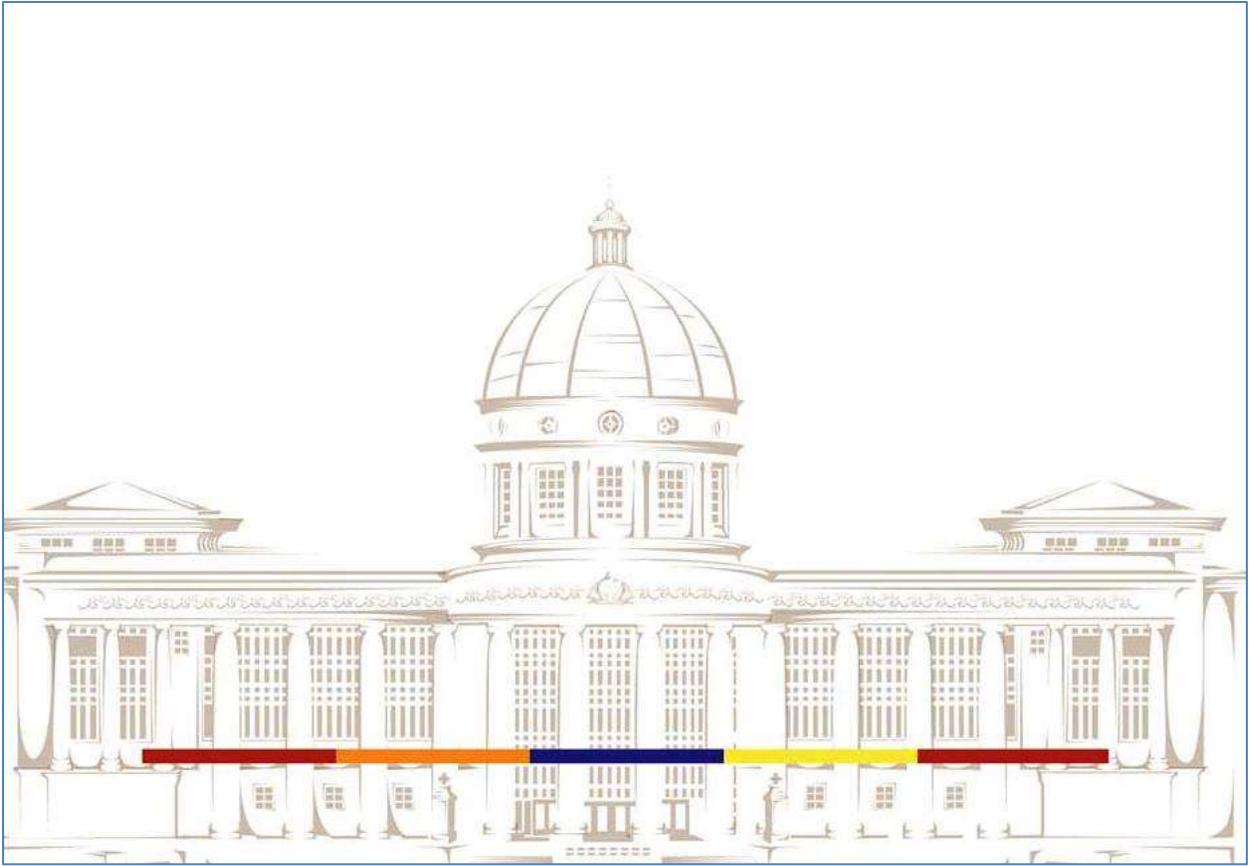

“Anything can be accomplished if there is harmony in the home. When there is peace in the family, everything goes well. The peaceful family is the building block of the Kingdom of Heaven. The family operates on the power of love. If we love the universe as we love our families, then nothing can stop us from going anywhere we want. God exists in the center of love, as the Parent of the entire universe. That is why the love in the family needs to link directly with God. When the family is completed in love, the universe will be completed.” (p. 213)

“We receive our lives in love, live by sharing love, and return into the midst of love. It is important that we live in a way that we can leave a legacy of love behind us.” (p. 231)

With eternal love and gratitude,

Namaste
