A poem by FFWPU International President Sun Jin Moon at the commemoration of the 6th Anniversary of the Ascension of Sun Myung Moon, the True Parent of Heaven, Earth and Humankind. Sun Jin Nim wrote this poem in Hawaii a few days before the event, and read it during the Ascension Commemoration on August 27..

## A Night Without A Day

When you passed  
The world went dark  
Not a flicker  
Not a shadow  
Nor spark of light could penetrate the mournful  
shroud cast by your farewell  
In that moment a complete vacuum  
Consumed all joy, love, laughter, family, hope, and  
peace  
Only an endless abyss of loss in all our hearts  
remained

You were our Light  
Our saving Grace  
You, were our only True father  
No one believed your flame could ever be  
extinguished and your earthly form gone from our  
sight

We had lost our true compass  
And once again, like lost orphans, we cowered  
Alone, afraid, and paralyzed in the dark  
As your sacred legacy of light on earth receded  
Our Holy Knight without the Light of day

Each night without a day blurred into eternal darkness  
40 days turned into 3 years of endless somber gloom  
Each bleak tortuous second drenched and saturated in  
tears

The family fractured under the immense weight of our  
heartbroken souls

The world divided, built walls, armed, locked and  
loaded ready for war

Unity, hope, harmony, faith, peace and true love,  
Your precious teachings, became ghost concepts,  
simple fairy tales

The angels in heaven, God, creation and all life on  
earth drifted anchorless

Without you, our Captain at the helm

The cosmos and all creation ceaselessly wept and  
grieved  
inundating the globe and consuming the earth with  
torrential cries  
You were the true champion for all the voiceless  
You enlightened us with the divine truth of all life, the  
Essence of God, our eternal spirit, the principles of  
creation, the Fall, salvation, true love, restoration, and  
completion  
You gave us everything yet, bereft of you, we were  
incomplete  
Just endless black upon shadowy black, obscure blue  
upon murky blue  
An all-consuming brutal ocean without an end in sight

Then... Was it a dream? An illusion?  
A glimpse of light,  
like a lighthouse  
a beacon of light guiding us safely home  
Adjusting the eyes again in pure darkness  
the light signaled once more  
A gleam of angelic silky white and delicate cloth  
fluttered in the darkness,  
Huddled up on the high mountain top, radiant and  
pure in her white hanbok

She lovingly cradled your bongnang won in her arms  
as she offered sincere prayers  
The gentle glow of the candle she lit at your vigil  
flickered and danced  
Each moment, in all consuming darkness, she  
stoically mothered, nurtured, and protected your  
precious flame  
She was our first light of hope  
She lovingly whispered to each of us, "Nah nuh pilo  
hae, I need your help."  
She then delicately tipped your flame and ignited the  
trembling wick of my candle  
An illumination of eternal amber light cascaded down  
from the mountain top  
With each spark the glow flickered, flared, billowed  
into a burning lantern of wisdom high in the hills,  
embracing the heavens and shining on earth  
It signaled to our worldwide family, "Go! Share TPs  
light and love with all life and creation!"  
In the pitch black of night like a super moon you lit up  
the cosmos  
You bathed the world and heaven in divine light and  
truth and healed all our broken hearts

She sincerely shared, "We never lost our True Father;  
he forever lives on in here!" as she lovingly gestured  
to her heart and placed her hands on mine.

"Here", she gathered our hands in union and drew my  
heart close to hers

"Here, in the depths of our hearts, True Father lives  
on, eternal unchanging absolute True Love!"

She grasped my hands with resolve and urgency  
We must complete True Father's dream here on earth.  
We must never lose sight of Heavenly Parent's dream.  
We must realize one family under God."

Where doubt had clouded my mind, the spark of her  
words lit a blaze of truth, and her hands in mine  
melted my burdened heart and inspired pure faith

She said, "You can do it. True Parents are with you.  
Heavenly Parent is with you."

It was then that our light shined, and I truly believed  
True Mother you are my sunshine, my moonlight, my  
supernova, the light of the cosmos

Your love freed us from this curse of darkness and  
indemnity

Your unwavering heart of absolute Hyojeong love  
reveals the truth of Heavenly Parent's dream on earth

You have awakened the divine truth and lit the spark  
of true liberation, grace, hope, True Love, and  
salvation for all 7.5 billion children on earth

You have paved the way for the three blessings to be  
realized in perfect harmony

You are our heroic pillar of truth, purity, absolute  
Faith, Love, Obedience, and the Word

You are the savior of all past, present, and future  
generations and protector of our glorious earth

Because of you the light of Hyojeong hope and love  
shines on creation and in our hearts

You never ceased to be victorious for Heavenly Parent  
and we shall all follow in your footsteps of victory!

True Parents, we are one with you!

Heavenly Parent, we are one with you!

This is Cheon Il Guk, when we are all one! Aju!

The night gently succumbed to daybreak almost like  
bowing to the morning sun

Releasing its hold on the eternal night that covered the  
globe

All things began to merge in harmony with the  
complete balance and symbiotic nature of the universe

From the eastern horizon she rose with the brilliance  
and power of the birth of the cosmos

The unbridled expansion of the light of Hyojeong illuminated the earth and liberated the heavens  
As heaven's only begotten daughter, she lit the spark of hope and true light all over the globe and has led our family home to Heavenly Parent's heart  
We are one family under god  
True Father your dream is complete  
Our true king and queen of peace on earth and in heaven are victorious  
The Cheon Il Guk era has come.

Oulee neun dah hanah des sum nid da!  
We pledge to eternally fan the flames of Hyojeong heart and light  
Forever in True Love, True Life and True Lineage  
  
We pledge in eternal love and gratitude to fulfill your dream of peace and bring Heavenly Parent's victory!
