Your Cosmic Answer

Under the limitless dark expanse of the Hawaiian
night sky
sparkling gem-like stars adorn Heavenly Parent's
magical portrait of his eternal unconditional true love
for all humankind and creation
Before the break of dawn
We walk with you in our hearts, True Father,
praying for peace on earth
Each step is a blessing
Every breath we receive is Heavenly Parent's grace
We walk as one united family
Forever is your memory leading our path
As we strive to walk in your glorious footsteps
This walk is a meditation
Each step brings you closer to our hearts
We start at the eastern corner of the beach where
turtles came to greet our beloved True Mother

The sand is cool and conforms like down pillows
nestling our feet
The waves ebb and flow whispering to us to come
closer
as they gently plant wet kisses on our toes
Every drop of the ocean is Heavenly Parent's love
baptizing us with new life
All I have is gratitude in my heart
Each moment reminds me of you and True Mother
The ocean dances and displays
its waves like the roll of the Little Angel's fan dance
They crest, fizzle, and bubble, and foam up with joy
onto the shore,
jubilantly spraying out as gentle mists that hug and
surround us
invigorating our mind, body, senses and soul
I am complete and whole in your magnificent creation
The cool salty breeze tingles and tantalizes our slow-
waking start

The air is pure, crisp, and crystal clean
refreshing our spirits
Each moment is lifted with an even greater gift of
beauty
as a symphony of birds sings out in joyful song with
harmonious notes from a myriad of species
a choral masterpiece
all to welcome us and usher in another glorious day
Looking out into the expanse
the deep blue waters ripple endlessly into the deeper
black sky
melding together with no borders
The universe and the cosmos
infinity and beyond
meet at the horizon where earth and heaven unite
The moon and stars offer their closing bows
as the sun rises to claim the starring role
In this moment of moonset and sunrise I look up in
the sky to see you both shining down on us
The sun and the moon both balanced, full, and
complete in the heavens
like a miracle of truth inscribed on the celestial canvas
the perfect union, our True Father and our True
Mother, forever One
Your love is everywhere
It echoes in our hearts
and the whole of creation resonates and sings with
your blessing
So much beauty and joy!
Nevertheless, True Mother, as I witness this glorious
harmony of creation
I know your heart rises heavy each morning with the
burden of all those who suffer, and who are orphaned,
lost, and destitute.
I see you push beyond your earthly limits to save each
and every child and to return us all back home as one
family under God
How your heart must have ached and longed for our
True Father during these arduous seven years
Yet despite all your pain you still valiantly and
wholeheartedly marched across globe to build a world
of peace
True Mother, I know True Father is so proud of you
True Mother, we are all so proud of you! (All rise for
TM Standing ovation)
I know and have witnessed True Father singing his
love songs to you from the zenith of the cosmos

Father shines millions of diamonds,
dazzling, sparkling, prisms of luminosity and
brilliance
Each night he masters and crafts each phase of the
moon cycle
to complete the perfect sphere of the luminous full
moon
spot-lighting this dark earth with his beacon of love
Each moment in this moonlight I can feel True
Father's absolute gratitude to you True Mother
His heart-beams, highlighting the greatest love story
since the beginning of time
his eternal love for you lights the heaven's each night
I feel True Father's longing to shower you with all the
precious jewels creation can offer
In the night sky I see his masterpiece of undying love
and gratitude
and each morning I'm reminded of how much he
wants to be at your side
I hear him whisper as the new day begins, Omma
Komawa, dangshin salanhae yo...
My heart is complete and at peace in your glorious
absolute eternal unchanging union
The cycles of life, the ever-changing phases of our
cosmos, night and day
Your oneness is our divine truth
Forever blessing us with True Love, True Life and
True Lineage
Only gratitude and love beats in my heart as we walk
and witness the glory of Heavenly Parent's creation
on this miraculous planet
As you shine in heaven
All life renews itself again with pure gratitude, grace,
and rebirth
True Parents, to life's questions, you are heaven and
earth's only true answer
Like the light of day, you never fail to rise and shine
forth with true love, pure light, divine truth, absolute
peace, abundant joy, infinite grace, heartfelt
compassion, sincere goodness, dutiful faith, filial
heart, profound wisdom and exceptional beauty
With all the love in our hearts we wish to serve and
bring joy and victory to you, True Mother; to you,
True Father, and to you, our Heavenly Parent
We shall be one family under Heavenly Parent and
True Parents. Yes! AJU!
All together kamsahamnida salanghamnida.
