The reason why this ceremony was held at Yu Gwan-soon Gymnasium is that “Yu Gwan-soon” which is the part of the gym name is Korean woman name and she has been known as the presentative of ‘Pure Love and Patriot’ in Korea. That’s why True Parents chose this place for uniting the race and religion. It leads human beings become into one.

“

True Parents can eliminate all national-level persecution and bring about the surrender of Satan, based on the flesh and spirit. Together with God, I was able to set up a unified family foundation, and from there we could make a foundation on the national level, as Israel should have done in Jesus' time.

When this foundation expands to the world level, everything will be completed. I have expelled Satan from the spirit world and the satanic world of hell. Through this I have given rebirth to this world and now, with your support, the authority of Israel has expanded to the global level. Because the people of the world can receive the Blessing as the chosen people, and the authority of Israel has expanded to the global level, the Unification Church could bless the 400 Million Couples. Because I have completed all the courses in the physical world and the spiritual world, you can conquer everything through a heart of absolute faith, absolute love and absolute obedience to True Parents.
