True Parents proclaimed the Parents of Heaven,  
Earth and Humankind at the 44<sup>th</sup> True Children's day.

The God's ideal of creation is not being True Parents, the True Parents of heaven and earth, but the Parents of Heaven, Earth and Humankind.

The Parent of the Cosmos is the invisible God, the parent of heave and earth is Adam and Eve who are stand for the visible God. The True Parents of Heaven, Earth and Humankind Who, as God's Embodiment represents the four foundation by consisting the completed God and True Parents.

The Parent of the cosmos is the parent of heart and the Parents of Heaven, Earth and Humankind is the parent of body. It is because the heart and body has been fallen, the Parents of Heaven, Earth and Humankind is the only people that the heart and body become one and born the children of God. Finally, they create the four-position foundation.

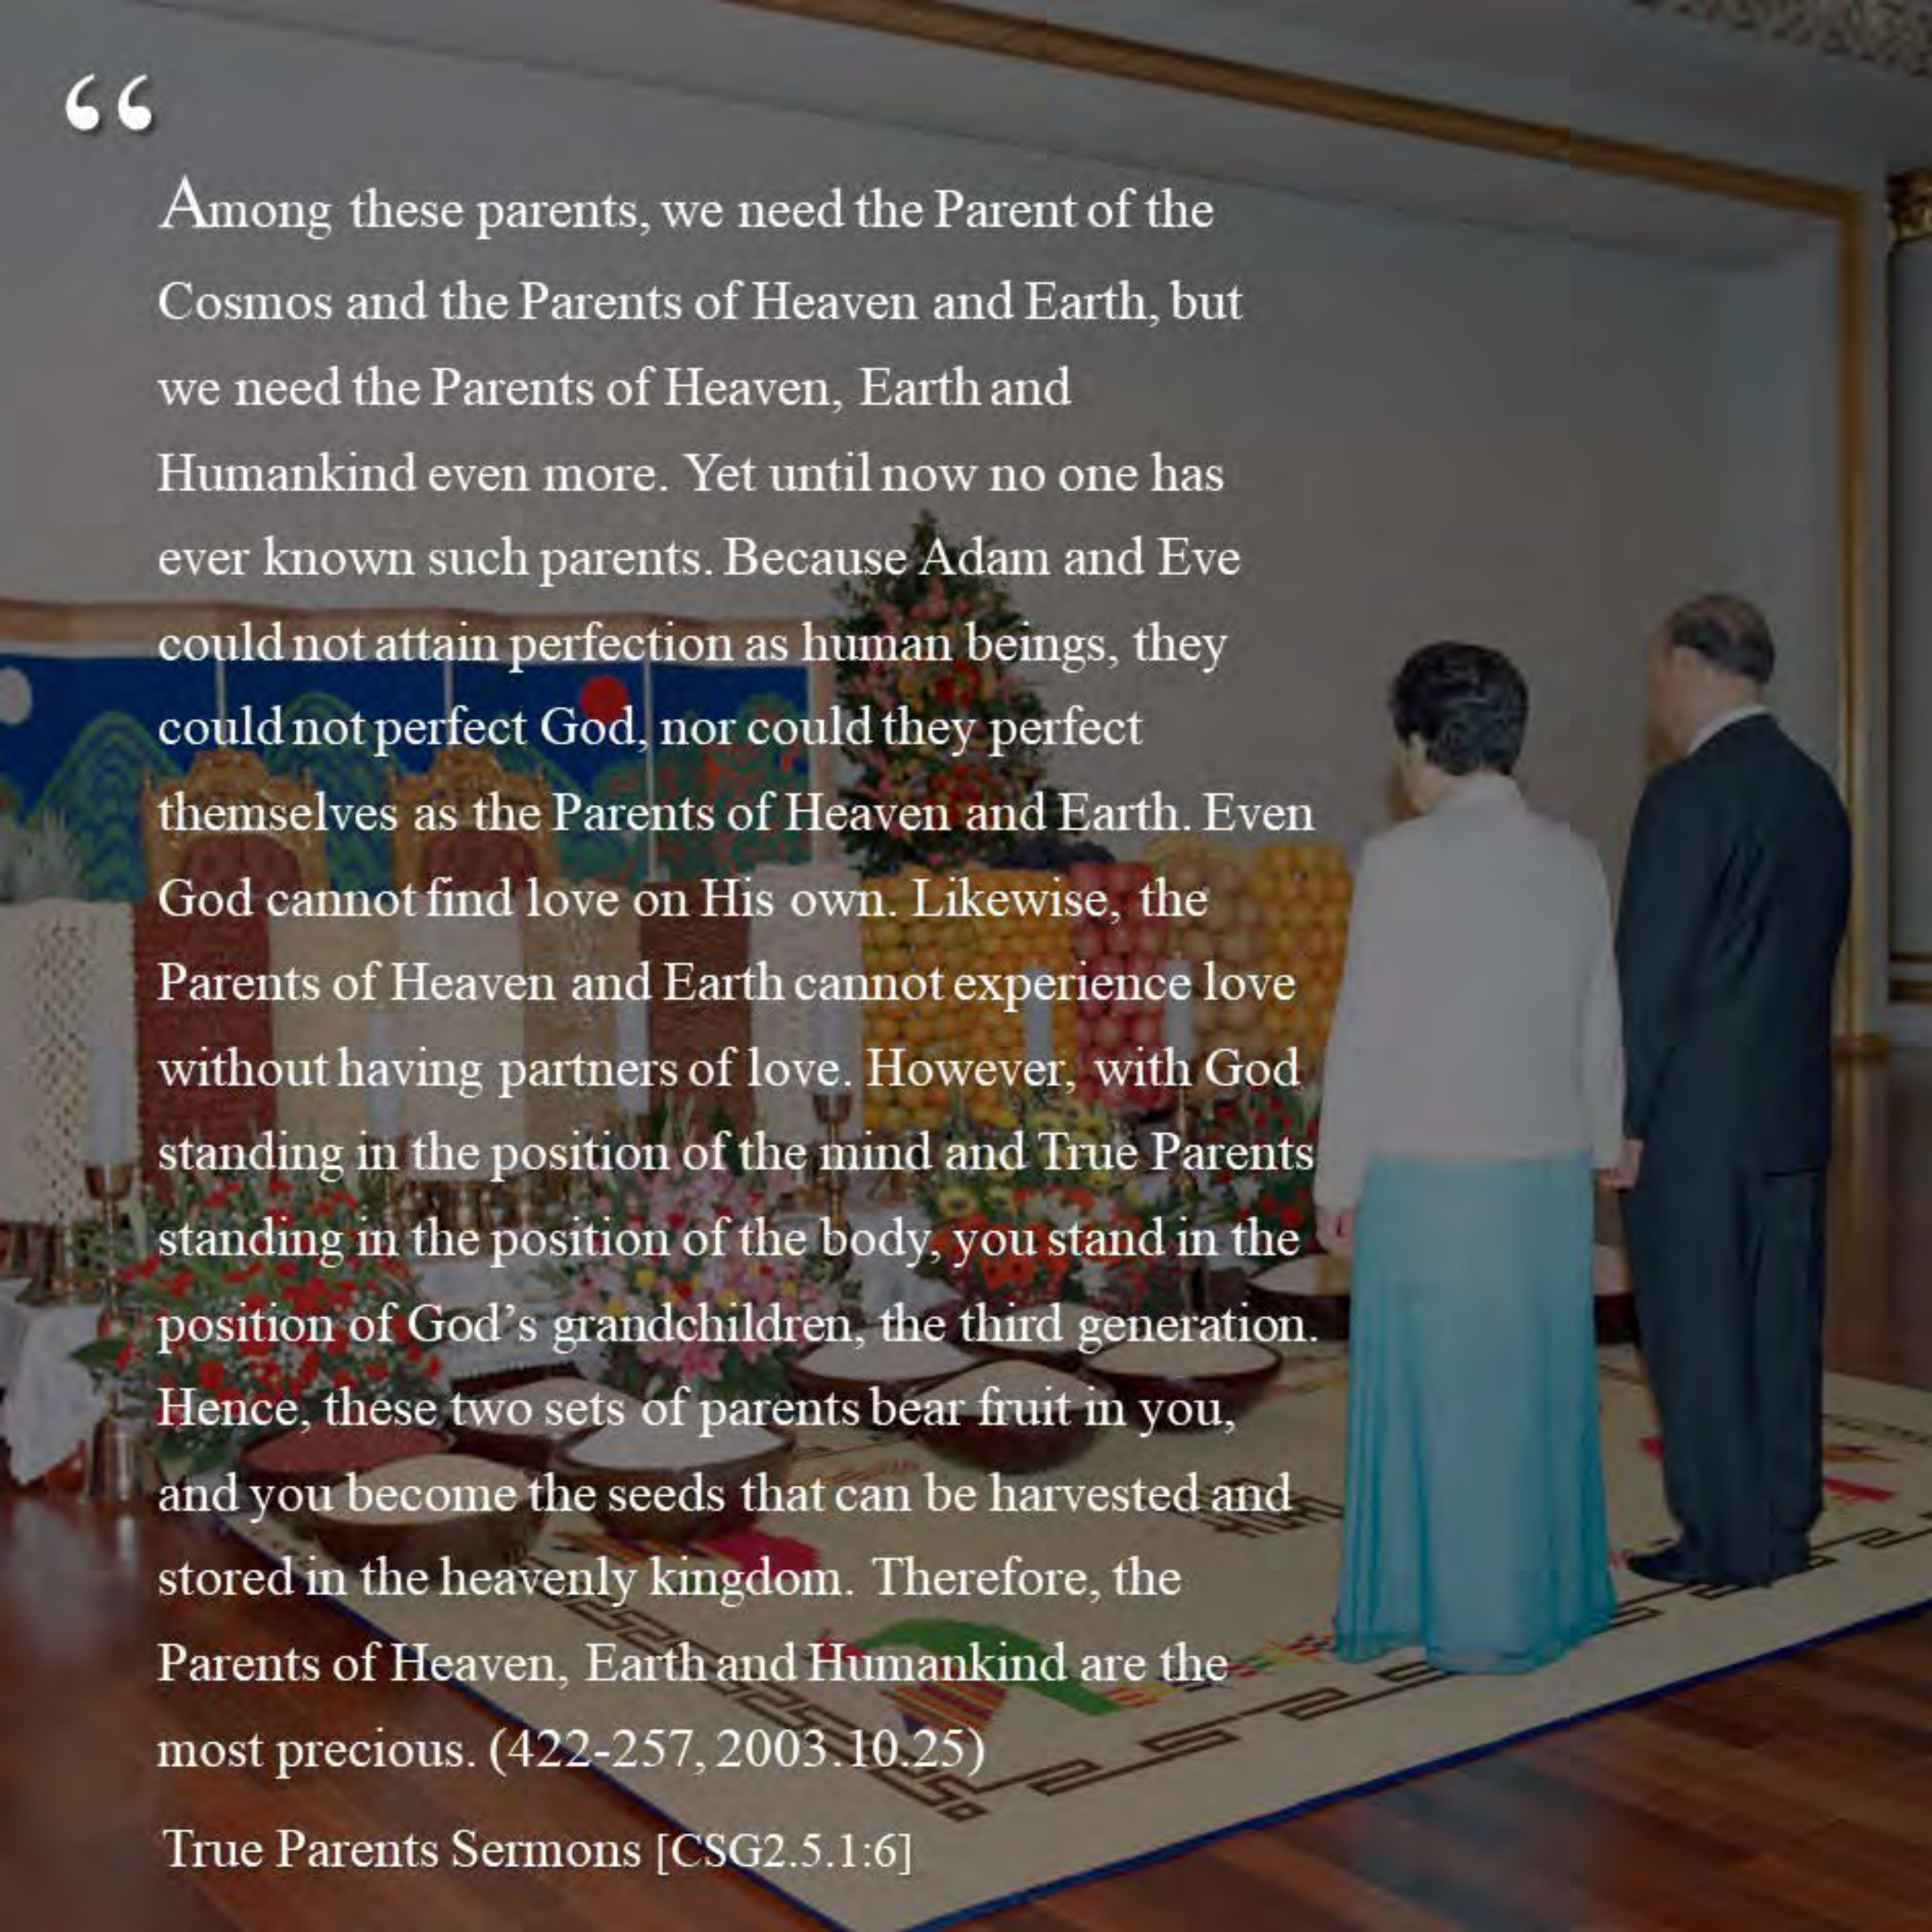

All blessed families should be the Parents of Heaven, Earth and Humankind. For being the Parents of Heaven, Earth and Humankind, True Parents should set the first generation and the children who are the third generation, should be more three. Finally, the children should have a blessing.

“

Among these parents, we need the Parent of the Cosmos and the Parents of Heaven and Earth, but we need the Parents of Heaven, Earth and Humankind even more. Yet until now no one has ever known such parents. Because Adam and Eve could not attain perfection as human beings, they could not perfect God, nor could they perfect themselves as the Parents of Heaven and Earth. Even God cannot find love on His own. Likewise, the Parents of Heaven and Earth cannot experience love without having partners of love. However, with God standing in the position of the mind and True Parents standing in the position of the body, you stand in the position of God's grandchildren, the third generation. Hence, these two sets of parents bear fruit in you, and you become the seeds that can be harvested and stored in the heavenly kingdom. Therefore, the Parents of Heaven, Earth and Humankind are the most precious. (422-257, 2003.10.25)
