We know that because humankind is living buried in sin it is easy for us to consider everything centered on ourselves, and it is easy for us to establish wills which are not the Will and to follow them as if they were the Will. Oh, Father, please make us completely realize that we are like that.

Then please allow us to establish complete centers for ourselves and to go forward on the path our your eternal life. And we earnestly hope and desire, beloved Father, that you will allow us to become sons and daughters who can fight with Satan and go forward rejecting everything for the sake of the will you alone desire.

We still do not know where the standard is which can guide ignorant humankind. We know that there have been many times we have worried about ourselves and prayed. Oh, Father, please make us realize how unworthy we are. We earnestly hope and desire, Father, that you will guide us to be able to go forward to the final point of victory following the laws of the principle.

We know that at this time, too, Satan is confusing us through intrigues and slander in order to block the blessings you want to give us. Oh, Father, please lead us to be those who can push aside all those things and fight with Satan and go forward. And furthermore, we earnestly hope and desire, beloved Father, that you will allow us to become your sons and daughters who are able to form an intimate relationship with you within the realm of the providence and go forward.

Furthermore, since we have to face the last days, please allow us to have a new sense of discrimination which can distinguish all things. Please allow us to realize that everything in the environment centered around ourselves is something to test us. And please do not allow those things to become Satanic elements. We earnestly request and desire, Father, that you will guide us and protect us so that we will not be unworthy to reveal your glory by our selves treading upon and going over those things.

In order to find and establish the day of victory which can reveal your glory, Father, at this time please allow us to be able to have in our minds and bodies the power and strength which can face Satan and fight with new resolution and determination. We earnestly hope and desire that your infinite love and care will be revealed to all the people of the earth and to this country and this people. We have humbly prayed all these things in the name of the Lord. Amen.
