It is time to bring together Unification Church and Christianity. About one decade ago we started work with Sothern Baptists, [Jerry] Falwell and [Ronald] Godwin. It didn't work with Godwin. Centered on Danbury release, [Joseph] Lowry and Falwell were united and Father wanted them to unite all the denominations here in America. Father also took over *Christian Voice*, with 450,000 members. This was part of the plan to unite American Christianity. Also the support for [Ronald] Reagan. But Nancy Reagan created obstacles. On Christmas of 1984, Reagan drafted a letter of pardon for Father, but Nancy [Regan], [Michael] Deaver and [James] Baker blocked it. [Orrin] Hatch had prepared the documents. If a committee could have been constituted, Father would not have had to go to prison. Because of government harassment, Father could not hold official meetings during the [Jimmy] Carter years. But then Carter lost, and [Donald] Fraser lost. Koreagate would not have happened except that Father was here. He took the risks because God sent Father here.

Father has met many top Americans. We had a Capitol Hill PR team. Father was ready to move America.

Then USA accused Father. Danbury was the people of the USA versus Rev. Moon. It was manipulated into being by Communists. The Justice Department concluded that there was no case. But pressures were exerted. They wanted Rev. Moon to stay out of America. He was in Germany when the announcement came.

The gist of the case: the bank account with Father's name. During this time, Father created UTS and sent out missionaries around the world. The missionaries were American leaders, and with 400 American members, Father did the , Madison Square Garden, Yankee Stadium and Washington Monument campaigns. UTS was established in 1975. After the missionaries were sent, only garbage members were left. Father rebuilt the American movement with Yankee Stadium and Washington Monument. Father even gave scholarships to the early classes.

Then 1982 Father established the Washington Times. It was beyond American fundraising income. So he took money from other countries.

He selected State Leaders from UTS graduates. He wanted 30,000 elite members to move this nation.

But UTS graduates stayed too concerned about their own living situations. Father was 54 when he came to America. He campaigned throughout America, every state. Father made three teams of 72 members each, they worked for one week in each city. They fundraised and witnessed, to pay for Father's public speeches, \$40,000 to \$60,000 per speech. You may remember this, but do you really feel it was YOUR

work?

Without having a strong newspaper voice, it could not be saved from communism. So Father established the Washington Times. The Washington Times did a lot for America. The Voice of America used Washington Times articles for 65% to 70% of their material, broadcast to communist countries. At that time, the US had 1700 daily newspapers, but they all got news from a few sources, mostly on the left, but the Washington Times entered the conversation.

The Washington Times stopped [Mikhail] Gorbachev's entering the country to speak at the joint Session. Then the Contras support. He supported Lee Shapiro's film on the Mosquito Indians. Then \$500,000 for the Afghanistan film, and during filming Lee was sacrificed. Lee's work is still with us, because his work contributed to Father's package to Reagan to convince him to maintain the Strategic Defense Initiative funding. That was the turning point for the decline of the Soviet Union, and Father single-handedly did it. The Soviet Union had 16 hot points for communization, so Father sent fact-finding tours to those places, and they were exposed in the western media.

Also there was the internal side. Missionaries underground in the Soviet Union and Communist China. Underground newsletters. This is how the Soviet Union's satellite governments put our people in jail.

If you continue the way you have been living, you need to put your neck on the line, and go beyond the satanic world. Father never has an easy day. He seeks that road. He sets almost impossible goals, then God and spirit world helps. We have to pass through the turning point. Don't be a slave of any situation. Don't let money or family hold you back from your mission. To win, you need more guts and courage.

Since Father came to America, he met all the big shots.

Father produced 1,000 UTS graduates. But if the country had supported, we could have had 5,000. Or if the grads had had a serious attitude. 300 graduates a year is possible. 800 student capacity.

Now American leaders are asking Rev. Moon for answers, apologetically. Many mayors and governors gave proclamations to Father in 1973-4. If major churches had come out to help, Father could have shaken America. But communists again fouled things up. But for example, it took 3 years to convince Ron Godwin to work for the Washington Times. The Southern Baptists are red-necks, the place of the Ku Klux Klan and so forth. Falwell represents them. We have to digest them. Falwell tried to help [Jim and Tammy Faye Bakker's Praise the Lord Television program,] PTL and this led to his school [Liberty University] suffering from neglect.

Father tolerated your abandoning him, because he had to face the persecution alone. Father can visit five states a day by private plane.

1976 the media started to hit Father and his activities. Truckloads of articles. Then President Carter told the US embassies to suppress the Unification Church in each nation. Our problem was the conflict of the Japanese, American and German members. Eventually, even the embassies.

We made a good impression in Africa by living with and serving the local people.

America in our time is parallel to Rome in Jesus time. Now our church recognition is pretty good worldwide. But the developed Christian countries still oppose us. Christianity is divided for and against Father. Now leaders openly praise Rev. Moon as the leader of opposing Communism and assisting Christian unity. They see that what Father is doing is right.

World and I magazine's fame grew quickly. About 4,000 or 5,000 high schools are using it.

So, do you feel that the providence is progressing? Can you see it? If not, maybe you will be purged. To grasp it, you must be courageous. Father made Reagan and Bush.

Falwell is now begging Father to let him work together. His projects have failed, while Father's have thrived, such as 3.6 Million Blessing Couple Blessing in RFK Stadium. Falwell had a meeting hall for 3,000 and only 5 people showed up. Now he's renewing his planning with Father.

Falwell backed out of our RFK Stadium Blessing because of opposition from the Liberty University president and administration and his church. But Falwell has shaken off a lot of these people, and brought goods ones to the American Leadership Conference.

There is also Dr. Henry J. Lyons of NBC [National Baptist Convention], which Father wants to see unites with SBC [Southern Baptist Convention]. The racial problem in America is serious. It leads to many other polarizations in society, such as German and Jewish, and Islam and Jews. We must build reconciliation between Nation of Islam and Jews. This affects American sovereignty, so the CIA etc. are watching it.

If America can elect a president loved by God and True Parents, then we have hope. You white members can try to be elected.

America originally belonged to Asia, the Indians. If they are serious about what happened in the past they could attack and take revenge, but Father has comforted them. Father is Blessing everyone, making them brothers and sisters. Among blessed couples, there is no race - mixed blood, there is one blood lineage. One color, except for the surface of the skin. Like various colors of bears. Animals don't care about skin color. So racism is lower than animals.

So white members have to help colored people. Father wants to see four colors living together in condominiums. White, black, Yellow and Korean, because they are the most difficult to get along with. The Korean will become the leader. The Korean can harmonize with all the races there. Also, Koreans can do several things at once. Rev. Moon is the king of this. He controls many things at once.

A ruler cannot deal with one project at a time, but controls 100s of projects at the same time. God created and controls all kinds of things at once. Our five sense organs work simultaneously. If you get several projects, prioritize them and go at them one after another. Do four at a time. Four represents all four directions, with the thumb wrapped up representing God. Five projects, five fingers. Distribution of tasks is good, but they have to be united in the end. That's why Unification church...

The ten people should order the same thing in the restaurant. All the same juice.

How [Bill] Clinton is smart to coopt the family values agenda, even though he is far away from it. And two White House staff are attending this weekend's religious freedom conference. And Father is training people in guerilla warfare. They just disappeared from the movement, apparently, for this training. To fight liberals and communists.

Up to age 16, the human body is God's body, but after 16 Satan comes in. Father needs to engraft the people from 16 to be the second Adams. All women in the world are included in Father. All men of world are archangels. They have no partners or possessions. Single life, men and women not liking each other. But we are created to live with a partner.

Falwell will work with us to give the Blessing to all Christians in America.

To Jerry Falwell:

1. He will mobilize eventually 3,000 ministers for education. Then each will multiply by 100, to make 360,000 ministers.
2. Dr. Falwell's group will provide substantial support for Washington Times national expansion. And Washington Times will give full support to Jerry Falwell for this mission.
3. Sisterhood relationship of University of Bridgeport, Sun Moon University and Liberty University.
4. Together with the Southern Baptist Convention, Jerry Falwell will launch the campaign to save America. Father will provide the education for them. And a scholarship for youth leaders, using names of Reagan or MacArthur. It was possible, but Reagan's and MacArthur's lawyers squelched it. The \$1 million to Youth Federation for World Peace was part of this. Father wants to start it again with daughters of Reagan and MacArthur. UN college for saving humanity.

This was July 20, 1994, signed by both, with Reber, Godwin, Joo as witnesses. But Jerry Falwell broke the promise, and Father has been quiet and patient. Now the time has come to renew it. To digest the Christian leaders is UTS grads' mission. Spearhead Hoon Dok Hae wherever you are.

In DC, the Pure Love Alliance educational material can be used for ministers.

2,000 ministers have received the Blessing. Expand them.

Our goal is to educate 5,000 Christian leaders by three weeks before Madison Square Garden. Then we can fully utilize them for the Blessing. US National Headquarters can send a letter to all Christian Churches to receive the Blessing. You give the Blessing to the ministers. That way we can save America.

Hoon Dok Hae everywhere. Blessing and Ideal Family, True Parents and Unification of North and South, which includes also East and West. Also give them Divine Principle. We all studied Victory Over Communism and Unification Thought also. Do Hoon Dok Hae with your friends and colleagues. In Korea we are promoting it from 4th grade on. Give Holy Wine to pregnant women, this is called the Ceremony

of Rebirth. If they get it as children, it is called the Ceremony of Resurrection. Received at wedding it is called Ceremony of Eternal Life. For... Father invented Holy Candy, made with Ginseng. We may pass it out from trucks on the highway. All students take it by law. In Seoul, 270 high schools are doing it. After, we put a sign up: Purity Middle School, Purity Institute, etc. Start from the principal of the school, and all recite the four points of the pledge.

We will produce a badge or logo on clothes. Everyone likes it. If the children like it, then the parents will follow it. Father is blanketing Korea to eliminate Satan. Challenge people to receive the Blessing. If he is alone, give him the written pledge and Holy Wine to take home to do with his wife. Expedite this campaign, carry Holy Candy in your pocket.

If we have even one spot of stain, Satan can take us away. He will burn to ashes all humanity. That is why Father gives the Blessing and Holy Salts everything. Do not sell anything which is Holy Salted. If you want to, three generations must agree to it, and you sell it with the left hand.

You cannot sit anywhere, you must sanctify wherever you sit. Use Holy Salt or blow three times on the place where you sit. Even on the toilet. We must not lose our focal point. That is how Father has always been living.

If a blessed couple falls, how serious it is. This Holy Wine is a life-saving emergency medicine. If you drink it, you instantly gain your life back from death. Thousands of satans who are living with you will be eliminated. It is that serious, more than during external surgery.

If you give life to many people through Holy Wine distribution, you will be more welcomed in the spirit world. They will be your spiritual children eventually.

The day before yesterday, Father did a ceremony at Belvedere at which he announced that Korea, Japan and America are father, mother and elder son. Korea is the backbone, Japan is the flesh. Elder son and mother should unite first. We must love enemy nation before our physical brother and sister. It will be our pride the number of international couples who visited our home. That is the paradigm of the blessed couples life. You can invite them all back and have a big party.

That is the training you receive in the physical world. We have to pass over, so prepare yourself. Without preparing yourself, it may take millions of years to do it in the spirit world. If you are not aware of this, your ancestors will come and punish you. Once you fully understand and implement it, you can liberate 72 or 100 ancestors and they will help you.

No one can give an excuse about this. Don't say Father didn't tell you. Keep the Hoon Dok Hae tradition. If you keep on it, you will get closer to Spirit World and your spiritual eyes will open. In the early years of the Unification Church, the members missed Father so much they forgot about eating and sleeping, and they could connect with spirit world.

Father is king, parent and elder son. If you realize it, you will unconsciously go to Father. When heavy persecution came in Korea, Father had to continually move. But these disciples could find him. Because the world was dark for them without him. They were shedding tears always. Some became so crazy they were taken to a medical hospital. That is actually noble.

In rutting season, the female uterus become swollen and red to attract the bull. Same for women; the breasts become swollen and red. This will attract your husband, or leads you to find him. If you don't have that, you are an archangel level woman. If that period comes, suppose your husband is at 90 degrees with you, and you will line up with him. You forget about eating and sleeping. You cannot fully taste that as a fallen descendant. It is with your first love, absolute love has that power. In the horizontal world you cannot experience it. Father always operates by the vertical cause.

Do you know what kind of temptations from women come to Father? Women are fearsome people. Attempted to drug him. There were so many candidates before Father chose Mother.

The conclusion is simple: keep Hoon Dok Hae. No one agreed with the idea, but it is now having a big effect. From Korea to Japan and America. America and Japan unite to support Korea. When Kingship is established, the elder son will be the crown prince. Become children of filial piety, the patriots, saints and divine sons and daughters. Be more patriotic than George Washington.

Christianity is in position of archangel. They fight as brothers with no center. This is elections. There should be parents, not brotherism. Make oneness forever.

Centering on UTS graduates form the Federation For Saving Nations. Our responsibility is to educate white and black ministers, along with SBC, and give them the Blessing.

1. Working with Dr. Falwell's group.
2. Working with Dr. Lyon's group.
3. Working with Minister Farrakhan's NOI group. Minister Farrakhan is the result of Christianity in America. He understands the Bible. So he can join the Christian ministers' group. During his world tour he was received by Father, and upon his return he declared that Rev. and Mrs. Moon are True Parents and messiah to 20,000 followers. If the Southern Baptist Convention and National Baptist Convention don't work, the Nation of Islam will advance. Father is planning to call these leaders for a conference.
4. Working with Jewish world.
5. Working with the Catholic Church.
6. Working with other religions. Educate at least 5,000 within a short time period.

UTS grads keep the Hoon Dok Hae tradition; that is the way we will educate Christians.
