On November 7, 1999

The dedication ceremony of Cheon Seong Wang Rim Palace was held at HJ Heaven and Earth CheonBo Training Center.

The site of Cheon Seong Wang Rim Palace was based on True Father's fishing dedication. True Father purchased here, but at that time, it was a mulberry field.

After finishing the construction, the original chapel and this is beginning of the Cheongpyeong Training center.

After 30 years,

Cheon Seong Wang Rim Palace was built at the location of the original chapel and following this, the name of Cheongpyeong training center changed into Cheongpyeong Heaven and Earth Training Center.

At that time, there were many tents at the training center. However now, we have Cheon Seong Wang Rim Palace and people mention it the palace at the training center.

In this place, many events were held such as the Enthronement Ceremony for God's Kingship, Great works, ancestor liberation and blessing, or other events. Sometimes, here could be the sleeping space for the church members.

At the main hall in Cheon Seong Wang Rim Palace, True Father walked through the center road and gave address to the church members.

Now, the unificationists can not imagine that there is no Cheon Seong Wang Rim Palace at the Cheongpyeong Heaven and Earth Training Center.

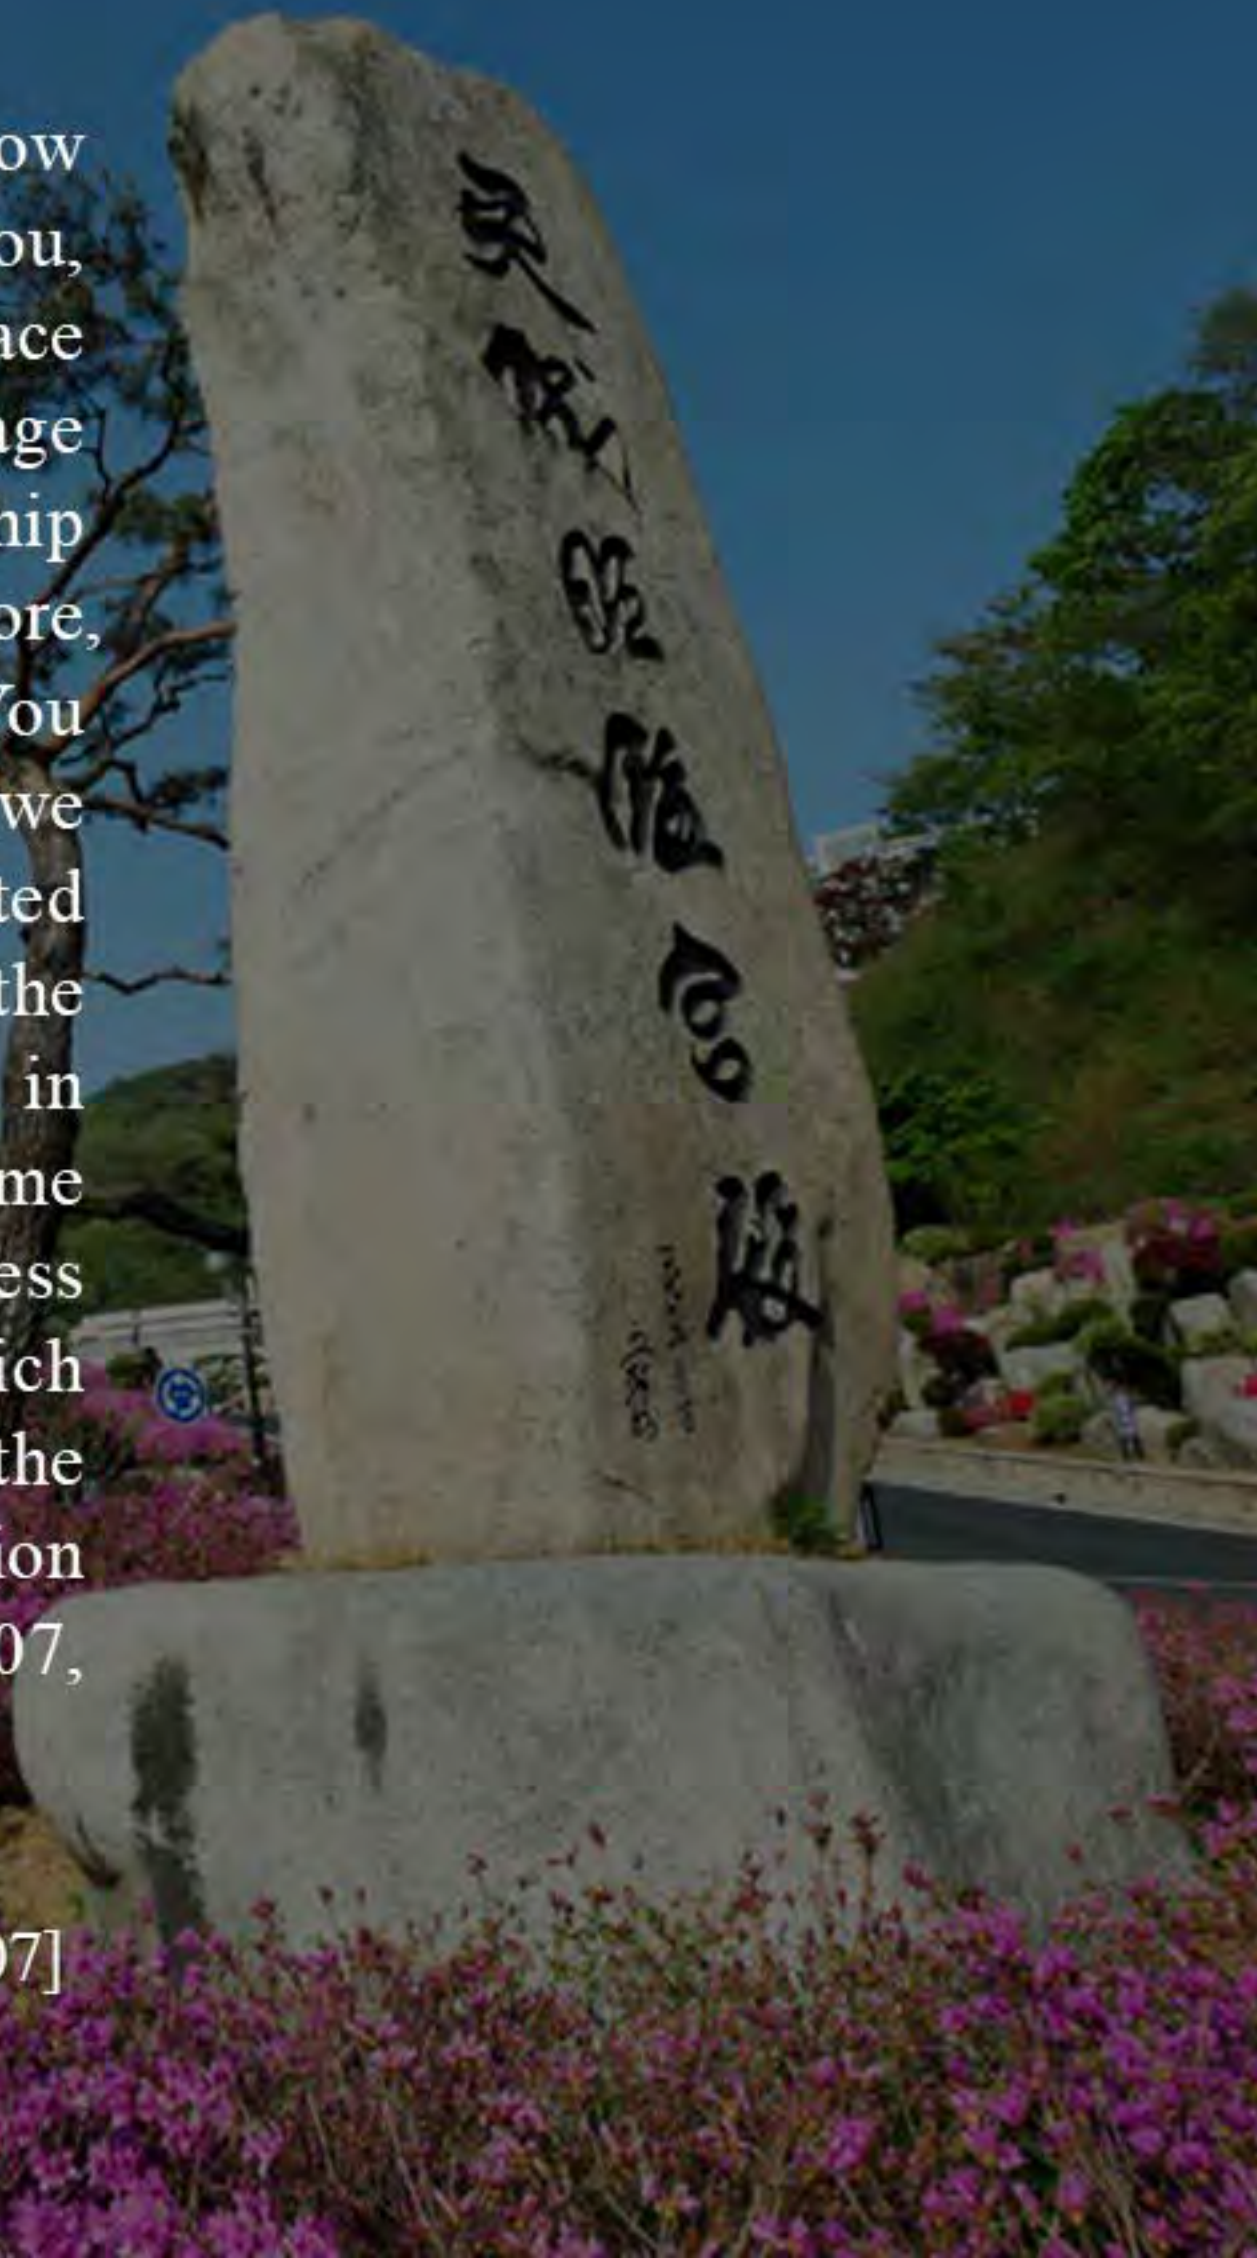

T rue Parents gave the instruction for the tribal messiah to have the mission and fulfill it. For this, True Parents prepared the place to education the tribal messiah. It is the heaven and earth training center.

“

Upholding this Will, we are now dedicating this place in front of You, Heavenly Father, as a training palace where we pledge solidarity of lineage in love through a living relationship with the hearts of all people. Therefore, I sincerely ask and appeal that You receive this palace as a place where we can raise up victorious, liberated people who are able to possess the authority of princes and princesses in Your heavenly country. May it become a base of victorious oneness representing all humankind, on which all the spirits who have gone to the heavenly world and the entire creation focus their attention. (312-307, 1999.11.07)
