Professor Datin Dr. Hajjah Rahmah Haji Bujang, University Malaya, Academy of Malay Studies

This was my second visit to Korea and I came here from Malaysia as part of the 'Malaysian Women Leaders: Exploring Korea for World Peace'. Although this visit was very short compared the last time I came here I realized that the atmosphere hadn't had changed at all. The spirit world that surrounds this place hasn't really changed but actually I feel that it is more than before. I come here so that I could have a good heart, peaceful heart and a good health. This is what we need for our life. I am grateful to be here. Thank you very much.
