

Apart from the works of Chung Pyung, there are no other works

Dae Mo Nim

May 4, 2014

Unofficial note: David Carlson

Dae Mo Nim - August 25, 2013

"Good morning, everyone. The royal Azalea flowers are in full bloom, and faded. I was worried about what to do. This Azalea Festival, it is the most difficult time of the year for me to prepare. Another, earlier time, I even had to cover them and heat them. I bought flowers from outside so that people could take photos with them. Such a worry I had. What about this year? It was so hot that the Azalea flowers bloomed already. The Japanese members, it is very difficult for them to come to Chung Pyung the first week of May, so I postponed the Azalea Festival to the 2nd week. I was worried then, about the flowers.

Yesterday, it was so cold in the morning. I told True Mother that it was cold, but True Mother said "not so cold." I said that the weather was cold so that the flowers would last a little longer. True Mother laughed. The first place they bloomed was outside my room and the main entrance. The flowers slowly disappeared, and I became concerned. In Japan I mentioned about this, but the Japanese members said: "it is okay; we don't go to Chung Pyung just to see the flowers." How about you? Is it okay with you also? I made many devotions for the Azalea special great works. Some of the Japanese members came, in preparation for the special great works. After this speech, I will let many absolute good spirits come here, so the chan yang session can be very effective. Are you happy about that?

Last week I went to Japan, and there were other works included. I saw members going to other places (spiritual places). They were told that they were the works of Hyo Jin Nim. I asked Hyo Jin Nim about that. He is fulfilling the filial son's responsibility in spirit world. Hyo Jin Nim sincerely attends True Father. So, I asked him carefully about that. Hyo Jin Nim said, "In attending True Father there is not enough time. So, how can I go to the earthly world and work in the earthly world?" True Father said: "apart from the works of Chung Pyung, there are no other works. All is done through Chung Pyung works." I have often told you: don't believe the dreams you may have had. When I began Chung Pyung works, there were no absolute good spirits and no angels able to help people. There was no Christian culture, where they may think that angels can help people. I saw no angels there to help people. Originally, God told the angels to help Adam and Eve. Centering on Lucifer they helped and gave lots of love. But, after the fall of Adam and Eve, God did not say that they should help fallen people.

After the fall, there were no complete people, so after Chung Pyung works started, there were no absolute good spirits, and no angels. That is where I began. In reporting and receiving answers from the Heavenly Parent, it was not the time to report centering on the angelic world. There is no environment based on which we could become one with God. To receive answers from the Heavenly Parent, I had to offer 10,000 bows in one day, a huge condition. Then, in a small voice, they answered me. When True Father told me to do many things, I made unimaginable devotions, things that could not be done by a human being. When we have a dream, we cannot understand it; that much Satan has settled down and rules over people. Many people are working spiritually, but did they actually feel, and come and go from the spirit world? No. Only based on hearing, or sense. In 1980, Satan totally dominated and ruled. Spirituality was not so simple. 1975-77, Lee Bin Nim (spelling?), she did ancestor liberation by shaking her hands and calling the spirits. It was possible at that time, and in 1980, at that time it was possible. But, Lee Bin Nim could only liberate, she could not do ancestor blessing. At the time, they (spirits) eventually had to go back to the spirit world, or some spiritual place.

True Father told me: after 1985, all spiritual problems were settled down, so it was very difficult to work on earth, so you have to work in the spirit world. True Father said, after 1995, other spirits will come around. You have to go and find them. After 1999. Why, then, did True Father say that we could do ancestor blessing? Because of the victory of True Parents. Ancestors can liberate spirits on earth. Without True Parents victorious authority, ancestor liberation/blessing cannot be done. Aug 1999 (?), Dae Mo Nim's family, at time of 30,000 couple blessing, spirit people blessing given. After that, ancestor liberation began. 1995-1999, the time period when the training center was built in the spirit world. Without the spirit world training center, absolute good spirits cannot be made. It took 4 years in the physical world. Compared to the spirit world, that was such a long time. Bring ancestors from the body, etc. to the training center and let them become absolute good spirits. They are left only with original sin. Then they can come to the holy wine ceremony. Then their original sin is removed. Amazing works from 1995-1999, I did with my own spiritual power, the release of evil spirits. Absolute good spirits later came to members, and began doing amazing works.

Chung Pyung, to True Father, is such a "grateful and thankful" thing. If we make even a small mistake, their (evil spirits) accusation is very large. So, making absolute good spirits was not simple. I don't know the name, or the facial look, or the location of ancestors. So, when you fill out a registration form, I classify as to what and where, I look at the registration list. I go and search in spirit world, and I look for floating spirits, and I find spirits inside our body. If I call, the spirit will come directly. But they don't come thinking to become an absolute good spirits. They come thinking to have edible food. They expect something to eat. No spirit comes "for

liberation." Since 1980s. So, at this time, if people feel something spiritually, or see things in dreams, etc. is that spirit world works?

No. For example, to do the works of a person, Satan forms a close relationship, and then does work through that person. 1996-97 the "works" of Rev. Hyo Won Eu. A person would go (and experience). Rev. Hyo Won Eu told me: "I am not doing that work." Chung Pyung can confirm if something is accurate or not. That person came to Chung Pyung, the spirit came out, and the work was not (no longer) conducted. Some members have come to Dae Mo Nim's prayer room. They have "seen" works. If I tell the person "that is not the spirit," they will feel bad, so I don't say anything to them. But, I tell the spirit "say to the person." Then, the spirit tells the person correctly. But, usually, all (spiritual) working is due to resentment from members' ancestors. Those who saw, and are doing consultation spiritually. Those who come to Chung Pyung ask, and have their problems resolved. When I see works, I call the church leader. "Have that person come to Chung Pyung." If such a person does not come to Chung Pyung, it is a big problem.

One thing broke my heart; some member even did ancestor liberation at Chung Pyung, but they go to some outside person and again "do" ancestor liberation. They may offer a large donation for that, and that makes me sad, because later they realize that it was not true. Then they come back to Chung Pyung. I often wish they could experience the works, so they can only come to Chung Pyung. Because, outside is a waste of time, money, energy, and mentality. Those peoples' problems I fix by bringing them to Chung Pyung. If a spiritual works is genuine, then it will be stated through a memo. If it is fake, then let the person come to Chung Pyung, and fix the problem. The spiritual things, even in dreams, you have to think about it a lot.

Since beginning Chung Pyung works, I went to many places, to see how they conduct everything spiritual. They could not make absolute good spirits (= they could not completely remove evil spirits). True Father opened the path for the spirits to become absolute good spirits. Once they become an absolute good spirits, they will not become an evil spirits. Because they know the Divine Principle, and know about the absolute good spirits character. Evil and Satan cannot be together with them due to bright light. We need to appreciate absolute good spirits. As I do Chung Pyung works, I always appreciate True Parents. Because due to the fall of Adam and Eve, we became spiritually dull. We have to become one who sees spiritually. But we could not due to the fall of Adam and Eve. But, True Parents have made absolute good spirits for us. They can protect us. So, we have to appreciate them.

Do you understand? As I go about, I can easily see who is with many absolute good spirits, and who is not. Now, it is easy to see. Before, it was not easy to see. But, now, it is easy to tell which people have absolute good spirits, etc. They are protecting us from pain, disease, and suffering. People who look for another (outside) medium (manshin), they want to solve problems, but the more difficulties you have, the more you need Principle. If you live life with love, you will be okay. True Parents, angels, absolute good spirits, etc. can help you. That kind of environment will be made.

Heavenly Parent told me: you have to be sincere with everything. No falsehood, and do in truth, etc. I wondered why Heavenly Parent did not say love first, but put sincerity first, etc. It was because sincerity was lacking. Also, work diligently day and night. When I see people with a successful life, they were so diligent. Therefore, when there is a difficult situation with your conscience, you need to check what kind of life I have lived. Am I living for the sake of others? Centered on Principle? etc. Such people will have heavenly fortune. Do you understand? You say yes, but when you go through the gate (leave Chung Pyung), you forget. Please remember this point and you will become a person of character.

All people living so far need to feel sorry to Heavenly Parents and True Parents. Why? Because even after learning Divine Principle, there is not much change in our lives. When some circumstances came, we lived centering on fallen nature. 2-day, 40-day workshop is not enough. All members need to come to 2-day workshops and 40-day workshop often. For those who cannot come, the special great works is available. In the world there is a lot of pain, disease and suffering, so they need liberation so that they can live life with joy and happiness. That is the purpose of the special great works. Centering on Jan 19, at the beginning of Chung Pyung works, it is much easier now. In the beginning I had to do many devotions. Now, special great works are here and many people are coming. If you made many conditions, I would feel better. But, many people did not do so many devotions.

Their participation itself is an important condition. A big condition. I explained to Heavenly Parent, etc. "Special" Great Works, so much fortune can come, so I make many devotions. Hoon Mo Nim's back is so painful. Last night felt much pain, could not sit or stand. She had to go to the hospital for medicine. She invested her whole energy in making devotions. Now special great works will be...We must make conditions resonant with the standard. (Or) Satan will work and grace will not come to members. To make conditions to counter this, I had to work hard. Amazing works will occur in the special great works. Our ancestors have a shining body, but individuals (other spirits) know how they lived life on earth and in spirit world. Other spirits can see. So, last time, those who received grace, their memories (of evil) will be erased. Among 2nd and 3rd generation who have fallen, those will be sorted out and forgiveness given. If don't come, other spirits can see in the spirit world. This time, our spirit self will become like a flower.

Members from Japan were thinking today was the Azalea Festival, and may plan to go home, but please stay here. This time, centering on Azalea Festival, we have True Parents. Mind and body should live life centering on Heavenly families. Have a positive and grateful mind. 2014 is very difficult, many accidents and problems. Already in 2013, this was mentioned. In 2014 we have to be careful. Let them live life by love. We need to become people making utmost effort so we can live life with love. Be healthy and filial sons and daughters of True Parents. Now, we will have a chan yang session, and True Father sent many more absolute good spirits than usual. So, from beginning to end, work hard from head to toes. I will close here. Thank you."

God bless, itn,
David Carlson
