2014 Summer Special Great Works

Dae Mo Nim - August 11, 2014

On the 2nd day of the '2014 Summer Chung Pyung Special Great Works' (August 11, 2014) Dae Mo Nim gave a speech to the members from around the world and explained that this Special Great Works is a period of removing fallen nature. (Edited: Department of Education and Planning)

Annyeonghaseyo. After True Father had gone to the spirit world he has been continuously accomplishing many more. 23 hours was the longest Hoon Dok Hae that True Father held while on earth. It would be nice if you could know that True Father is working truly hard for greater things more than he did on earth. People might think 'True Father would have time to rest in the spirit world', but this is not the case.

Also, not only does he work hard in the spirit world so that you could receive greater goodness but he also works hard on earth and offers sincere devotion day and night. Please give your hands for True Father.

When I came on to the stage in which direction did I bow? If True Father was in his chair then I would bow towards the chair and if he wasn't then I would bow towards the photograph. Seeing True Father being here since yesterday I feel that, 'True Father's love is great'.

Special Grace of the Summer Special Great Works

This Special Great Works is an important time to remove fallen nature. As I said at the Starting Prayer, I've offered so much conditions and sincere devotions that you cannot even imagine in preparation of this Special Great Works. As I offered each condition I've done with a sincere heart 'Please help us'.

Through the letters that I receive from members and through the tours and workshops I know how much of a difficult situation you are in. That is why my first word when I offer a prayer is 'I will do this with this insufficient body'. That is what I've done everyday for 20 years until now. So then I offered each bow with a heart of 'Please help us'.

For this Special Great Works I didn't ask True Father 'To help us' but with a heart of 'Please remove our fallen nature'. True Father would always be at my side whenever I offered the bows with the absolute good spirits and offer conditions and devotions.

When you go and write the Fulfillment of Wishes Papers (Wish Paper) at the Jeongshim Won (prayer hall) if you just wrote 'Please help me in removing fallen nature' then your fallen nature will be removed. Also, you don't have to write your difficult situation because the spirit world already knows it. It is a special time during the Special Great Works to remove all the bad contents centering on your problem.

You might have felt this but many things are being clarified by the very strong spiritual energy.

Fallen Nature cannot Exist with us

When you look to your left beside the CheongShim Tower you can see a bench. Just about a month and a half before True Father parted from us he sat there and called me. And then he gave me many instructions. At this time he said, "Change the CheongShim Complex like this" and then gave me instructions about witnessing and said "You can have victory when you remove fallen nature." Why do you think he said that? True Father had foreseen what's happening to us right now. He knew what would happen.

The central figures in the past should have researched why the central figures before them failed; 'What is the reason? Why did they fail?' They should have known that it was all due to fallen nature. It doesn't matter how strong the rain or wind, storm and tornado is, the central figure mustn't have fallen nature. They should have lived a life without fallen nature. If they would have done this then what would have happened? Satan and evil would have not been as strong as today.

Important Providential Meaning of Chung Pyung Works

The will of True Parents was to liberate Heavenly Parent and humankind. To liberate humankind you must first clear the original sin. However, we were unable to remove the original sin. The original sin is cleared to create a complete human being but one must first remove hereditary sin, collateral sin, individual sin, and fallen nature from a person in order to clear the original sin. It is not easy to clear the original sin of a person who does not fit that order. In front of unimaginable works of Satan, True Parents had to offer great indemnity conditions and from a position of not being able to be accused by them the blessing for members started from 3 families to now 400 million.

On the foundation of True Parents' victories over countless providences the Chung Pyung Works was built and the absolute good spirits were created. Most of the spirit world is an evil history and the earth is completely owned by an evil history so it was not easy to liberate Heavenly Parent.

So that is why True Parents started the Chung Pyung Works from 1995, started to create absolute good spirits after the beginning of ancestor liberation ceremony in 1999, celebrated True Parents 80th birthday here in 2000 and then held the God's Coronation Ceremony on January 13, 2001.

If we didn't have absolute good spirits we could not have held the God's Coronation Ceremony. True Parents were able to hold the coronation ceremony for Heavenly Parent here in Chung Pyung as the True Children from the spirit world attended Heavenly Parent and your ancestors from 1-21 generations surrounded Heavenly Parents so that Satan and the evil spirits could not intervene to hold that ceremony in this restored and perfected Garden of Eden.

Then, after the completion of the Cheon Jeong Gung Museum in 2006 the Entrance and Inauguration Ceremony of Heavenly Parent was held. If Adam and Eve hadn't had fallen then the house of Heavenly Parent should have existed on earth.

The Universal Seonghwa Ceremony prepared with the Highest Devotion

We all thought that True Father would live for eternally and thus, we didn't prepare anything. When True Father arrived at the hospital members of the seonghwa council came and asked 'What should we do for True Father's holy clothes and coffin?'

At that time True Mother replied, 'Everything has been prepared by the spirit world'. At the time of the Universal Seonghwa Ceremony did you see the great photograph of True Parents? That was done by a very famous Chinese painter. Also, not sewing after he had seonghwaed but each and every part has been hand-woven. Some parts were sewed with the sewing machine but most were done by hand. Just like the holy clothes that True Parents wore at the Entrance and Inauguration Ceremony it wasn't sewed but hand-woven and embroidery of 10 longevity symbols were created. Not only making one layer of clothing but True Father was covered in layers; pure white, light blue that symbolizes the beautiful sky, golden color that symbolizes the king and the red gown that symbolizes the universe. On top of all of that True Father wore the holy clothe that he wore at the time of the Entrance and Inauguration Ceremony. A folding screen with embroidery was also made. True Father had written many calligraphies over the years but never were they displayed all at the same time. That is why I made a huge folding screen and displayed it where people could see. I also made a glass coffin. If we didn't have this glass coffin then it would had been impossible for us to see his face.

Also, I couldn't allow anyone touching True Father's body so I had already educated two people who dressed True Father with the holy clothes.

True Father who worries for the Unification Family

From one point of view, Chung Pyung Works had achieved all of its purpose. However, there is more to be done. We cannot repeat the History of the Providence of Restoration by the fallen nature. Through the victories of True Parents of Heaven, Earth and Humankind, 2nd, 3rd and 4th generation without the original sin were born and the 480 billion absolute good spirits were born. At this time of where good can develop we must have one heart and one aspiration and fulfill our responsibility. To make sure that Satan will not develop after failing to fulfill our responsibility we all must have one heart, one body and one mindset with True Parents and establish God's Will until the year 2020.

Please do not forget that I will mobilize all the absolute good spirits to remove fallen nature from your body and so please do your best from top to bottom. Please become victors who will fulfill their responsibility and never repeat the history of the past central figures and become sons and daughters of filial piety in front of True Parents.

I would like to express my gratitude to all of the members who came here believing in the works of Chung Pyung. I would like to promise you that I will do my best with absolute love, absolute faith, absolute obedience, truth, fact without false, love, sacrifice, dedication and with diligence in return of your faith in Chung Pyung. Gamsahamnida.
