Becoming one with the Absolute Good Ancestors

The ancestor blessing ceremony for generations 253-259 was held for the first time at Chung Pyung Heaven and Earth Training Center on September 21.

The ancestor blessing ceremony was held with Rev. Yeong-ho Ha and his wife as the main officiators during the 1237th Chung Pyung 2-day Special Workshop. A total of 1488 people from all around the world attended the 2-day workshop. A total of 1048 people attended the ancestor blessing ceremony. The representative attendance was around 679 with international members of 354 people. It is very difficult for International members to come to Chung Pyung often so this is the way for most people to attend the ancestor blessing ceremony.

The ancestor blessing ceremony was held in the Main Hall and Small Hall of the Cheonseong Wanglim Palace (Heavenly Palace) with Rev. Ha emphasizing the value and importance of the ancestor blessing ceremony.

Rev. Ha explained that for the ancestors to have cleared the original sin and become an absolute good spirit represents the stage of the completely restored Parent-Child relationship with the Heavenly Parent.

He also mentioned about 'dedication' in his speech. He explained that 'dedication' is to sever egoism and gain the lifestyle of altruism and clear the fallen nature, build a foundation so that the absolute good spirits could do its work and it opens the path of a life of true love.

Also, he said, 'Through the lifestyle of living of the sake of others which lead to great witnessing when Hoon Mo Nim was young, we too should constantly give love and interest to our surrounding people and relatives and practice the lifestyle of living for the sake of others with true love'. He ended his speech by saying, 'Through this not only would we be able to expunge our habitual fallen nature but create a path that will lead humanity to the ideal heavenly kingdom.'
