

Be truthful. Do it by fact without falseness. Do it with love. Do it with the mind of sacrifice and dedication without seeking anything in return. Do it with diligence.

The following are an edited version of Dae Mo Nim's Words during her speaking tour in Japan (October 14, 2014). She talked about, truth, fact, love, sacrifice and dedication, practicing diligence, becoming one heart, one body and one mindset and become true sons and daughters of filial piety who will accomplish eternal achievements in front of True Parents. Annyeonghashmnika. Several months ago I announced that 'I will be back again' and now I am here to fulfill that promise. This time I am here at region 6 but since last months tour in region 2 I had interest and I thought, 'It would be nice if the absolute good spiritual world would bestow Heavenly Blessings of Heavenly Fortune'. I saw what you achieved last month. However, when I looked carefully I could see that region 2 and 6 had many different problems.

Last night, as I head to my room after dinner I found a name list of people seeking my prayers. Before I even looked at the name list I offered devotion. After offering devotion with sweat dripping off my face I looked into the name list.

It was completely different compared to the time earlier this year. The life style and way of thinking of the members were completely different. So I offered a prayer to the Heavenly Parent and True Parents of Heaven, Earth and Humankind, 'Thank you very much'.

Last night after eating dinner I went outside and it was a stormy weather. I was in my room and the windows would make noise as the wind blew at it. However, at around 2:00 am it became quiet. In the morning as I was opening the curtain I saw the sun rising. I felt, 'Ah! There is hope! There is hope in region 6. This is how it's going to be. Thank you very much.'

The 5 Wills given to me at the beginning of Chung Pyung Works

When I started the Chung Pyung Works I arrived at the holy ground at around 12 am. At the time the wind and rain was strong and at times it snowed. Now if you went outside there would be streetlights but back then there were none. In a freezing weather I arrived at the holy ground at midnight.

The Heavenly Parent would tell me to light my candle so I would but it would quickly blow out because of the wind. But then He said, 'This is the restored and perfected Garden of Eden'. True Parents of Heaven, Earth and Humankind said, 'Chung Pyung is the Homeland of Heart and because it is the restored

and perfected Garden of Eden you have to do your best. It is a place that I prepared shredding my flesh and bones.'

The responsibility was great. I who was the most unlikely person was told, 'You must fulfill your mission here at the restored and perfected Garden of Eden'. The Heavenly Parent explained what I must build as you can see today at Chung Pyung. I was also told that I must create billions of absolute good spirits. I didn't know what to do but every time He asked me, 'Can you do this?' I would reply, 'Yes, I can!'. Then the Heavenly Parent would say, 'If you do what I told you then the rest will be done by me.'

He said, 'Be truthful. Do it by fact without falseness. Do it with love. Do it with the mind of sacrifice and dedication without seeking anything in return. Do it with diligence. If you follow these things then the rest would be done by me. I will do the rest for you.' We tend to think that we are doing what we want to do but who is in fact doing the works? It is the True Parents.

So I only kept the thoughts, 'What can I do so that the Heavenly Parent could do what He asked for? If I made a mistake and stopped whatever the Heavenly Parent what can I do?' and ran towards the goal.

When the Heavenly Parent told me to do it 'with truthness, fact and love' I wondered and asked, 'Why isn't love first but truth and fact first?' The Heavenly Parent replied, 'Love of truth and love of fact is the true love. Falseness cannot create true love'. That is why He said, 'Do it with truth, fact, love, sacrifice, dedication and diligence.'

Today, I ask you to ask your conscience, 'Am I an honest person? Am I a person by the fact? Do I live my life with love stated in the principle? Are we as blessed families and those who received the blessing have the mindset of sacrifice and dedication? Do we work with diligence for the Will of Heaven Parent?' If we are able to achieve them then we can become happy.

I often visited region 2 until now. We also had you at the training center for 3 days. However, I feel that you are much better than that time and you are entering a safe realm. That is why, if we center ourselves on the 5 Wills of God and become one we are able to receive the works from the Heavenly Parent, True Parents and the absolute good spiritual world. However, if we live centering on fallen nature; falseness, greed, hatred, anger, and arrogance then we will separate. True Parents of Heaven, Earth and Humankind said, "Have one heart, one body and one mindset. You must have a high noon settlement. Let's become one with the Heavenly Parent and True Parents of Heaven, Earth and Humankind. Let's have a high noon settlement without shadows."

Before the Will of God we are living with True Parents centering on the principle. We have to live according to the principle, fulfill our responsibility and create an environment so that our lifestyle could live centering on the Will of True Parents. We have to have a change in our life so that happiness could come. So what is this change? If we can do it with truth, fact, love, sacrifice, dedication and diligence, and with high-noon settlement, one heart, one body and one mindset lifestyle the rest will be done by the absolute good spirit world.

Life Practicing the One Heart, One Body and One Mindset

If you look at the life of a saint and sage it is beautiful like a flower. Have you ever looked at the Family Pledge? It says, the dutiful family way of saints and sages. There is no falseness, greed, hatred nor complaints but just beauty from the saints and sages. In the very long history of humankind we were finally discovered as the blessed families without the Original Sin.

We are different from the saints until now. They had the original sin but we do not. That means that our heart and actions must be beautiful than them flowers. As you look at a flower you must think, 'Do I look this beautiful? Is my mind and body as beautiful as this flower?' and make the flower as your role model and become one heart, one body and one mindset. You come to Chung Pyung because you lived a life of one heart, one body and one mindset. The Heavenly Parent and True Parents of Heaven, Earth and Humankind come to you because you lived with that standard.

We have to do our Will while we are still alive on this earth. We have to restore the many people on earth and in the spirit world and create an ideal world of creation. Never forget that we have to fulfill the dutiful family way of saints and sages and become precious blessed families. Can you do this? You must! You cannot just understand this by your head and heart but must do it with a diligence activity and practicing it. Practice is most important.

We who leave achievements for True Parents

Chung Pyung Works will celebrate its 20th anniversary after January 19 of next year. Please understand that if you live your life centering on absolute love, absolute faith and absolute obedience then the Heavenly Blessings of Heavenly Fortune will be with you. Last night, as I was looking at the name list I

offered devotion and cleared any problems that would happen in your future. Isn't it nice how True Parents created such beautiful place? Please have confidence that we are happy and accomplish achievements in front of the Will of God and become members that True Parents could be proud for eternally.

If there are people who came for the first time here I ask you to study the principle. It doesn't matter whether you are on earth and in the spirit world, once one understands the principle can that person live a happy life. There are times when we fear the accidents and disasters that happen around us but the only way to survive is through the principle and by the Heavenly Blessings of Heavenly Fortune. If you come to Chung Pyung I can teach you this.

I am so happy to see you today. I am happy that you believed in the works of Chung Pyung for the past 20 years. I ask you to become sons and daughters who will fulfill their dutiful ways in front of the True Parents. Thank you very much.
