1241st workshop at Chung Pyung

Unofficial Notes: David Carlson

Good morning, everyone. Next week as we have planned for the Special Great Workshop, I went to the registration office yesterday, wondering how many members would come. Since this is the week just prior to the Special Great Works, this is the week for the smallest number of participants to come. But, even so, many members came. So, I thank you very much. Soon we are going to welcome the 20th year of Chung Pyung works, and in these nearly 20 years, coming to meet the 20th year, it has been such a precious time.

When we celebrated the 200th 2-day workshop, True Father gave special words. Working with Spirit World is not easy. Most people cannot endure while 3 years pass. Thus, I feel very appreciative to you for working so hard. At the 10th anniversary, the Chung Pyung providence, in making Absolute Good Spirits, did amazing works and played an important role, and included the content upon which Heavenly Parent could be settled. So, True Father expressed gratitude, thank you, for these achievements. When True Father went Spirit World and saw what was done, he said "you have done a great job." These words from Heavenly Parent, in the beginning, were never forgotten. Where was I? I always tried to keep the words given by Heavenly Parent. What Heavenly Parent told me was: you have to do all these (following) things. Usually, Satan is such a fearful figure, but Heavenly Parent told me I had to make Satan into an angel. This was not an easy job, since Satan is such a fearful figure. Also, Heavenly Parent said: make Evil Spirits into Absolute Good Spirits. Since this is the restored and perfected Garden of Eden, you have to make the environment to let all this settle down. This was not an easy thing to do. Heavenly Parent said you have to do it with sincerity, based on fact, without falsehood, and with love and diligence, etc. He said if you do like that, then I will work.

In this Chung Pyung providence, in the physical world we need to do things based on sincerity, based on facts, etc. If I do that, then Heavenly Parent will do the work. That is the meaning. I wondered why God did not put love as first priority. Love came 3rd, after sincerity and facts. I asked Heavenly Parent. He told me: if there is no sincerity, fact, love, sacrifice and devotion, etc., then without sincerity it is sacrifice only for yourself. As we welcome the 20th anniversary, I can tell you it has not been simple. I came with empty hands. Heavenly Parent at midnight called me to the holy ground. Heavenly Parent told me "you have to do all these things." I said, yes. Heavenly Parent tested me. The test was whether I could overcome any pain. Centered on that point, I was tested with a 40 day vigil staying up all night. For 24 hours in a day, for 40 days. In the past, when I heard from those criminals who could not sleep due to their sin, they said it is the most difficult. You might lose your mind through such an experience. I had to endure this staying up for 40 days. Satan also wanted to test me. This test was to melt ice in a tub. I had to melt the ice with my physical body, and when this test was given to me, I had an experience of the pain of

all of human history. I could imagine that this was the pain of all history. This is the Chung Pyung works.

Even in the face of the pain and suffering which I felt, I did not ignore this Chung Pyung works. No matter how hard the circumstances, I felt I needed to overcome. So with sincerity, based on truth, and with diligence and dedication, etc. I worked. This is why I cannot neglect Chung Pyung works. Whatever Heavenly Parent said, I did it. Since this Chung Pyung has been centering on goodness, the Chung Pyung providence has been possible. In the beginning, we conducted 1 night and 2 day workshops. And we now go to the Jeong Shim Won (Prayer temple) to close, and then sleep. In the beginning we hit members' backs, but now we can do everything with our own hands. Moreover, we have 480 billion Absolute Good Spirits to help us. The works of Satan are so big. Centering on Chung Pyung works, True Parents and Heavenly Parents clear up the difficult background of members so that we can make a good family, and move Heavenly fortune. Then we can establish a peaceful world. This is all the providence of True Parents. I hope all of you know this well. We are people who have faith.

For many people, there is a lot of pain, disease and suffering. We suffer these things because of our ancestors. Through Principle words and Chung Pyung works, we know this already. If you look at the Family Pledge, we see that we must become divine sons and daughters, so we need to practice giving blessing to our neighborhoods. We say the Pledge every day, but we need to check and see if we are becoming a divine son or daughter. A few days ago, I went to Italy, to Milano. About 400 years ago, a temple was built, and it is still there. When we visited there, it was service time, so I sat in the back and listened to the preaching and the prayers. They lit a holy candle, and I went and lit a candle. I was able to light the candle by myself. Since I have to build a museum for True Parents life course, I have a plan. I went to several RC churches, and when I go there I light a candle and listen to the sermon. In Italy, there is a famous painting of the Last Supper. I cried when I saw it. Jesus' mind, when he had to walk his suffering path, I know his heart was so aching. For his disciples, he held the supper, but the disciples did not know Jesus's heart and Shim Jung. They talked with each other, with more of a communication feeling. If this is the time of last supper, our hearts need to become one heart, one mind, and one mindset.

When True Father was in this physical world, True Father said that 120 years was set for the time of his passing. He should live for 120 years. But, when he was about to go to Spirit World, he gave us important words. He told me many words. These were precious words. To this insufficient person, when True Father finished Hoon Dok Hae he said thank you without even skipping one day. He made me prepare for his passing. We did not think True Father would go so suddenly. But I felt there might be something we needed to prepare quickly. So, I prepared. Then one day, True Father went. To many members and elders, when we call True Father, we don't feel True Father is our grandfather. But he is now our grandfather. Before he went to Spirit World, we should have done this and that. We felt True Father would stay with us for a long time. But, physically we thought this, and then True Father went (to Spirit World). In the Spirit World, to resolve this entangled history, True Father has been working so hard. And True Mother, since True Father is not here, even though it is difficult for her, True Mother did not express her difficult situation. To establish God's will while she is still in the physical world, True Mother has been working so hard, in order to give us blessing. If True Mother is not here with us, what will you do? What will you do if such a situation happens.

If True Parents are not here, can we say we don't need to develop God's will? No. God's will is eternal. True Parents are eternal. We have to follow. With absolute faith, love and obedience; this mindset and lifestyle are there. No matter who said what, or what behavior people do, we have to follow and fulfill and invest our minds as divine sons and daughters. So, to make such a mindset during this workshop we must remove fallen nature, and remove Satan. Centering on Special Great Works we remove Evil Spirits. As I have explained often, there is a difference between Special Great Works and 2-day workshop. In a 2-day workshop, there are stages we can see in the content. There are stages and groups. Ancestors made their own group and exist inside our body.

A certain spirit, who was victimized directly by our ancestors, stays as a central evil spirit. For example, one grandfather stays and engrafts other spirits so that they stay together. Another spirit comes, with its grandparents. When you do chanyang session, these spirits come out. If you live with absolute Faith, Love, and Obedience, then these spirits come out. First, small spirits come out, and then big spirits come out. Because small spirits are above (on top) and big spirits are below (underneath). In Special Great Works the central Evil Spirits is separated, so when you take out a big spirit during Special Great Works, you need to come to a 2-day workshop. Then, the Evil Spirits inside our body, when we remove Evil Spirits from inside our body, we need more numbers of Absolute Good Spirits than Evil Spirits. Then, when we live our life, then the works of good can take place. But, if Evil Spirits are larger in number than the Absolute Good Spirits, then we cannot see the good works so well. Rev. Choi speaks in his lecture about the car accident, and several days ago there was agitation, and one Ambassador for Peace, made a phone call and he had some good experience. So Absolute Good Spirits have been helping us.

If we become a divine son or daughter, with absolute faith, love and obedience, we need to clear up Satan and Evil Spirits. Such a culture is here. Thus, we need to feel appreciative for that. We need to settle this culture down. Satan has been working to remove this Chung Pyung providence. In seeing this, we see that

Satan has been trying to remove this Chung Pyung prov. Some members think different and say "is what they say (about Chung Pyung) true?" There are now many bad rumors going around on the internet. If there was no sincerity, fact, love, truth, sacrifice, diligence, etc., then could this Chung Pyung works be made like this or not? Satan is first working.

I think many rumors come on internet, so I looked and tried to find out who was behind such rumors. But there was no name, and the contents were not based on fact. If based on fact, then they should put their name there. Maybe it was written by an outside person. When I searched for the real name, I found that this is not a real member of Unification Church, but an outside person. But, then, our members believe the rumor as if it were based on truth. Why am I saying this? Because we have to become divine sons and daughters, and true children. If our culture, not only myself but also other people, if their situations were written, I really hope that you might understand those situations. But this was not written based on fact. Please, all of you do not be swayed by this article. True Parents is the only Messiah, and they have removed Original Sin from us and given us the blessing, and we could give birth to 2nd and 3rd generations. To fulfill our filial piety, we have to become one mind and one mindset. Without that this festival cannot be worked out.

True Father: In 2014, the most difficult situation. During September, 2014 by lunar calendar, you have to be careful. I was looking at the calendar, and wondered how this happens? Because of a leap year, there are 2 Septembers this year in lunar calendar. Who will keep and develop this heavenly will? This does not belong to "us." It belongs to "me." You might think this belongs to True Parents or TCCh or the "national leader," but don't think that way. This belongs to you. God's will is yours. Some don't like to go to church, or don't like the church leader. The Church leader is a man, maybe not perfected, so he can make mistakes, but he needs to be respected. You need to attend the church leader well, and follow your life of faith well. One day, one member wrote a letter and 2 weeks later the pastor of the church went to Spirit World, and that member came to me and said: since I hated my pastor, it made me crazy, so we need to love each other.

After the fall, we have sickness, disease and pain. Such an arrogant mind we have. Such greed. When greedy, we want only for ourselves. If there is a lack of love, we want to receive love, and only us. Adam and Eve were like that. This is a wrong part in human history. Ms., Jc, content of fallen nature made them not fulfill their Portion of Responsibility. Don't forget Principle words, and absolute Faith, Love, and Obedience, and always on the path you are going you need to go together with Heavenly Parent and we who can go together with True Parents, need honesty, with fact, and diligence, and etc. Such a life I hope you can have. Do you understand? True Father before passing to Spirit World did Hoon Dok Hae, the amount was about 22 hours and several minutes, in Yeosu. People told True Father: you didn't eat, drink etc. Don't do it, because it will affect your body.

True Father replied: If I don't say it, who will? He is giving these words for us. For True Parents, we really need to try and do our best in following the words. Do you understand? I believe that you are the ones who can follow these worlds and, beloved members, vision 2020 is not the end. We thought when Cheon Il Guk era comes, this is the end. We have Portion of Responsibility. With 2020, this is the same. We need the mind to fulfill God's will while alive. Please work hard. Special Great Works, True Father and True Mother are doing a lot of preparation. Until the last Special Great Works, the holy items were given to members, but at this Special Great Works, True Mother will directly give them at the Peace World Center. Sort out your financial difficulties and True Father has to do a lot of removal spiritually. The burning ceremony was only during the Azalea Festival, but this ceremony will be held before going to the Tree of All Things. That way you can receive heavenly fortune of the domination of all things. So please come to Chung Pyung in advance and prepare. I think that is better. Anyone with difficulty requiring consultation, let them come all year.

Now the weather is not even. Be careful not to catch cold. Inside our mind, we need a mind of attending True Parents, a mind of fulfilling filial piety to True Parents. Older Blessed Couples love younger Blessed Couples, and younger Blessed Couples respect senior Blessed Couples. I will close here. Thank you.

ITN,
