This is from the Institute of Korean Studies for Foreign Students, the International Blessed Children's School in Korea. We, the Institute of Korean Studies for Foreign (2nd gen.) Students (of which the General Orientation Program, 'GOP', is the first year) and the World Student Garden (dorm), are receiving applications for 2013-2014 GOP year. This is where your children will not only have the opportunity to learn the Korean language, but also have exposure to, and be surrounded by an environment that strives to uphold the original standard our True Parents have set for this place when it was inaugurated in 1982.

We want to be a boarding school that can:

- help the 2nd gen. take ownership over their faith;
- help the 2nd gen. inherit God's Culture;
- broaden and deepen their understanding of God's Will and Heart at this time;
- help 2nd gen. aspire to become people who can guide and care for others;
- help the 2nd gen. learn the Korean language as early in life as possible.

We wish you a successful year and offer thanks for your support of the second generation education program. We are writing to inform that new GOP students' entrance program is expected to commence on the first week of September 2013.
