On Friday, August 7, 2015, 190 Unificationists between the ages of 20 and 50 began their 21-day journey in the Top Gun Workshop. There are 25 participants from Europe, 40 from Korea, 40 from Japan, and despite the long haul travel, 70 from America at the Cheong Pyeong Training Center in Korea.

Amid Hoon Dok Hae (scripture reading) sessions, presentations, discussions and games, Top Gun participants are experiencing the deep and humble culture of Chung Pyung, a place where they can feel spiritually alive and close to True Parents as they develop their leadership goals and skills. The purpose of the workshop is for participants to “become leaders of integrity and inherit a deeper heart of love for Heavenly Parent, True Parents and humanity.”

Currently, workshop participants are spread throughout Korea on a pilgrimage to nine Holy Grounds, or places of prayer established by True Father, in the span of five days. They will be visiting the Cheong Pa Dong (the first church building of the Unification movement), the Hannam Dong Museum, the Gyeryong Buddhist, the Ya Mok Holy Ground, Naju Munam, Yeosu Morning Garden, Busan Bomnetgol, Mungyeong Seje and Paju Wonjean.
