

## Rev. Sang Suek Kim delivered the holy items provided by True Mother to Mexico

Victor Castillo  
July 30, 2016

Rev. Sang Suek Kim visited the Family Federation of Mexico and members from July 8 to 11 and delivered the holy items provided by True Mother. At the event, he gave an explanation of the holy items and the need for a prayer condition for it. Explaining about all the necessary steps of the condition, which all the blessed families have to take, he said that 40 days' devotion is preparation for the realization of "Grace of a new beginning in the era of Cheon Il Guk" through the holy wine ceremony.

Rev. Yoo and his wife visited the Family Federation in México from July 9 to 20, 2016. At this time, they shared their sincere hearts with the blessed families and members to strengthening their life of faith. They also visited some of our friends to strength our community and participated in two Sunday services as well.

### 7-day Youth Seminar

We had a 7-day youth seminar from July 18 to 24, 2016 with theme "Growing together in love". We had 17 participants.

Taking the opportunity of the visit of Rev. Yoo, he shared with participants a lecture about the root of Sin. It was a clear understanding for all the participants, and they were very grateful for this.

We had 4 brothers who gave lectures (John Deara, Saul Alonzo, Miguel Galicia and Felipe Olmedo) plus several young people shared on the divine principle and issues of personal and spiritual growth. All of them with a big heart conveyed their message to the participants.

And of course we had several activities and fun which provided great special moments of joy and happiness for all participants.

### **Peace Ambassadors Meeting: Peace Road**

On July 30, 2016 we held a meeting with Ambassadors for Peace with 15 participants. The purpose for this gathering was to sharing information about the Peace Road in this year and report about the latest activities of the UPF.

It was also an opportunity to receive two young people (children of an ambassadors for peace) who came to our meeting together with their parents. This was a good time for the parents to tell their children about the activities carried out by the young people of the Federation and they were very interested to participate in the future activities.

We believe, when you are full of kindness, you can never lose. You'll be doing things even without even knowing.
