After the visit of the Regional Director Rev. Sang Suek Kim and the special emissary of True Mother Dr. Chang Shik Yang in June 21-23, 2016 in order to hand out the Cheon Il Guk Four Holy Items, we decided to have a workshop for all the blessed families.

In fact, the visit by the two elders was a reason for a good call for the members for a special condition and a workshop. And actually everyone showed interest to take part in the 40 days special prayer condition.

Once the first group of members finished their 40-day condition, we began our education program for understanding and good care and administration of the holy items.

Our two one-day workshop (on Saturday 20 and Saturday 27 of August) was organized in a way that most people could participate.
