On August 26, 2017 we hold the Peace Road walk in Bogota, Colombia, with the collaboration of members of the capital. The march was held at Cerro de Monserrate, a place of pilgrimage for nationals and foreigners who live and visit the capital of Colombia.

The trail to climb the mountain has an extension of 2450 meters and a height of 3152 meters. During the walk, the participants shared information to those who were pilgrims or exercised climbing the hill of Monserrate.

This emblematic place for the Colombians served once again for Colombia to join the Peace Road and with it to promote and support the peace process that the Colombians live.
