## **Shine City Project beautifying the Boulder Beach Campground at Lake Mead on October 21, 2023!**

On October 21, 2023, Shine City Project headed to Lake Mead to beautify the Boulder Beach Campground! Our Shine City Project volunteers helped to pick up litter and fallen branches, leaves, and twigs in the area. Additionally, we ensured that fire pits were properly cleaned up and maintained by removing any ash and debris. To help on with the project, we had fourteen Shine City Project volunteers with one joining us for the first time! Overall, it was a lot of work and a little bit tiring, but we could enjoy being outdoors alongside Lake Mead!

**Shine City Project plants native plants at the Warm Springs Natural Area in Moapa on November 4, 2023!**

On November 4, 2023, Shine City Project participated in the Warm Springs Natural Area Green-Up! Our eleven Shine City Project volunteers made a one-hour drive to Moapa where we joined a hundred others in revegetating a couple acres of the Warm Springs Natural Area. There were young western honey mesquite trees and other native plants

that needed to be planted. At the end of the event, with all of the volunteers who were present, a couple thousand plants were able to take root at their new home! As an appreciation for all of our hard work, all volunteers were treated to a delicious, packed lunch afterwards! In addition, we also enjoyed some time walking around the trails and taking in the beauty of the Warm Springs Natural Area!
