Building Effectiveness in Ministry and Public Leadership

HJI Graduate School for Peace and Public Leadership is proud to join with the
“**50 Years of Extraordinary Devotion**” Organizing Committee in co-sponsoring

tribute to the Unificationist missionaries who came to the United States from Japan some 50 years ago.

This event serves as a venue to capture the stories and testimonies of those who, half a century ago, left behind their home country in order to respond to God's and True Parents' call to serve America.

In addition to honoring our Japanese brothers and sisters, this program provides a wonderful opportunity for American members to express our appreciation to those who have given so much to our country and to each of us.

Your contribution will help to support the travel and accommodation expenses of senior Japanese members who do not have the needed funds to travel from their home state to East Garden. Any financial contribution you can make at this time will be deeply appreciated.

You may contribute [here](#) at this site which also includes some special photos from the early days of our Japanese missionaries in America.

Live-streaming of the event will be available and announced in the coming week.

Thank you!

50th Anniversary Meeting for Japanese Missionaries

50 Years in America: Your Donation helps to support a special event honoring our Japanese Elders!

A commemorative event at East Garden November 4-5, 2023 is being held to honor the Japanese Missionaries who came to the US 50 years ago to answer True Parents' Call to Save America. Please help by donating toward the \$40000 cost of the event (that includes an historical record of the testimonies of these pioneers who were called to sacrifice 50 years ago by True Parents). Your generous contributions are America's way to recognize and thank our Japanese brothers and sisters who, half a century ago, pledged and dedicated their lives to secure the future of God's Providence in the United States.
