Many blessed families were taking part in the 2013 Purification Azalea Festival that was being held at the Chung Pyung Heaven and Earth Training Center during this time. May 5 also happens to be Children's Day in Korea which helped create a familial atmosphere for the worship that day.

In his address, Dr. Chang Shik Yang, the International Executive Vice-President, presented the direction and strategy for victoriously fulfilling Vision 2020 and shared some of the activities that were being carried out in Korea and abroad for this purpose.

Dr. Chang Shik Yang explaining the direction for Vision 2020 at the Joint Worship Service for Victory of Vision 2020

Dr. Yang outlined three pathways for achieving Vision 2020—system-oriented leadership, member-centric churches, and fulfilling our missions as new tribal messiahs. He also introduced the action steps that were being taken in Korea and briefly presented some of the activities being carried out by the regional presidents, Cheon Il Guk special envoys, and national leaders of the 43 strategic and providential nations.

He reminded us of how True Father emphasized the mission of tribal messiahs in the last prayer that he gave on earth, and encouraged all of us to commit ourselves completely with life-or-death resolution to substantiating Cheon Il Guk and offering the Heavenly Parent a homeland by 2020 that can serve as the hometown of all seven billion people on earth.

A video summarizing many of True Mother's recent guidance was presented. After this video, True Mother came to the stage. She began by asking the members what kind of dream they had. True Mother also asked that all the blessed families and the blessed children of the world carry on the True Parents' tradition of absolute faith in fulfilling their mission as tribal messiahs and expand the scope of our responsibilities beyond the tribe to the society, nation and world, so that all humankind can become citizens of Cheon Il Guk.

Blessed Families' Resolution for the Victory of Vision 2020

Upon the victorious foundation of True Parents, who have perfected, completed, and concluded the entire providence of restoration, blessed families around the world make the following resolutions for the victory of Vision 2020 in order to establish the substantial Cheon Il Guk.

1. Our family is resolved to let the entire world know about the great accomplishments of True Parents, who have manifested on earth as the savior of humanity, messiah, and the Lord at His second coming and have victoriously accomplished their mission. We will work toward establishing the substantial Cheon Il Guk in every country centered on the providential nations and strategic nations by 2020.
2. Our family is resolved to advance without rest until every single person on Earth is restored to the

position of a Cheon Il Guk citizen in response to the providence of True Parents, who have embraced the 7 billion people of the world through true love while conducting the providence of salvation.

3. Our family is resolved to establish the tradition of Hoon Dok Hae within our families in accordance with True Parents' instructions, to fulfill our missions as tribal messiahs through this hoondok tradition, and to realize the ideal world of one family under our Heavenly Parent at all costs.
