**Happy True Parents' Anniversary, Happy Easter and Happy Anniversary Lovin' Life!**

Joshua Cotter  
April 6, 2012

Dear Brothers and Sisters,

May the love and blessings of our Heavenly Parent and our True Parents be with you and with your families.

On behalf of Reverend In Jin Moon, I want to wish everyone a Happy True Parents' Wedding Anniversary and Happy Easter! Our True Parents recently celebrated the 53rd True Parents Day and held the worldwide Blessing Ceremony in Cheong Pyeong. Also, our True Mother completed her 5-city tour of Japan prior to True Parents' Day, bringing incredible love and blessing to all of our families in Japan. We congratulate True Parents on the completion of these historic events!

Following the events in Korea, True Parents (together with International President Hyung Jin Moon's couple) headed back to America, stopping first in Hawaii and arriving in Las Vegas this past weekend. Welcome home True Parents!

Friday, April 6 is True Parents' 52nd Wedding Anniversary and we send all of our love, prayers and congratulations to them from across America and around the world. True Parents were blessed in marriage on this day in 1960, ushering in a completely new era of true love for mankind and opening up the realm of the Blessing (coming into the true lineage of God) for every human being, for eternity. Thank you True Parents for your incredible love and life and Happy Anniversary!

True Parents have invited over 80 Japanese church leaders to Las Vegas (who received and took care of True Mother on her national tour) to celebrate their Wedding Anniversary together with them. We are greatly honored that True Parents would choose to celebrate this day of cosmic significance here in America.

This coming Sunday, April 8, is Easter Sunday. We want to approach this Sunday with a prayerful heart, giving love and comfort to God, Jesus and our True Parents. It is a wonderful time to share with our families the purpose of Jesus' coming and the true victory of His Resurrection. Upon His foundation, God was able to call our True Father to fulfill the mission of True Parents on Easter Sunday in 1935. We can read True Father's speeches and understand the heart of God and the heart of Jesus, and through reading his autobiography we can get a sense of what he went through as he was meeting Jesus and receiving the direction that would define and guide the rest of his life.

Our senior pastor, Reverend In Jin Moon, began Lovin' Life Ministries, appropriately, on Easter Sunday, 2009. So, this Sunday will be the 3rd Anniversary of Lovin' Life Ministries. All of our families join together in thanking In Jin Nim for her incredible heart of love and for leading by example, and we wish her "Happy Anniversary Lovin' Life!"

In our Sunday Service this Sunday, we will celebrate True Parents' Anniversary, Easter Sunday and the anniversary of Lovin' Life. It is also our **National Boost Sunday**, where we encourage every family across America to **bring a friend or guest to church** with you. This will be the Sunday where we launch the Spring Quarter of our ministry with the theme, "**I'm Lovin' Life!**", so you're all invited to the launch party after service, with your guests.

A huge thank you to all of our families for your incredible love and support for our True Parents here in America and for supporting our Senior Pastor in building this beautiful ministry called Lovin' Life.

May God bless you.

Rev. Joshua Cotter
