The Spirit of Truth

March 29 2015

Today let's talk about the Spirit of Truth. Let's go to John 14 verse 15. Let's look at this today. If you've got your Bible, check it out in your Bible. Let's read together!

"15 If ye love me, keep my commandments. 16 And I will pray the Father, and he shall give you another Comforter, that he may abide with you forever; 17 Even the Spirit of truth; whom the world cannot receive, because it seeth him not, neither knoweth him: but ye know him; for he dwelleth with you, and shall be in you. 18 I will not leave you comfortless: I will come to you. 19 Yet a little while, and the world seeth me no more; but ye see me: because I live, ye shall live also. 20 At that day ye shall know that I am in my Father, and ye in me, and I in you." Amen!

You know when we look at this Scripture we have to understand that the Word of God has power. This is not just a little book; it's not a little book that we carry around. It's not like one of the Russian queens, who had a diamond incusted Bible, which she never read of course; she just liked looking at it. When we see the Scripture, this is not something to look at or to say, "Hey! I have one in my library."

The Bible is the foundation of the Divine Principle. You understand? Father mastered this text, this book. It's a living word. Father lived with this Scripture day in and day out. This is all he had in discovering the secrets of the universe, the secret of the fall of man. This is what he had!

We have to understand: this book is alive! It has power! If you have never opened it, open it! Read it! Remember we are learning how to worship God in spirit and in truth, how to move with the pulling of the spirit and go to the truth. We are learning how to interact with the living Word. It's not a dead word; this is not just pages. This is a living Word!

We have no problems going to astrology to look at what my fortune is, or to some shaman to see what my fortune is, or to go to *the Book of Changes, the I-Ching*, to see what my fortune is. And yet we have a problem going to the Word of God when we have a dilemma in our life. We have a problem with that!

Do you see how much we have departed from the Word? We have departed from the Word. We have totally forgotten where the Scripture originates, where the *Cheon Seong Gyeong*, the Principle, all that, come from; all the revelations of the fall come from Word. And this has to be a living Word! This has to be with us, living in us. This has to be something we go to, to ask for help, to guide us. This is something we are doing. It's so beautiful; it's so powerful!

People come to ask questions; people come to visit from far off, trying to hear a word from God, get a word that they can have in their life to go and have direction. We had some people from other parts of the country last week, and I said, "Go to the Word! Open the Bible" They brought their Bible.

One of the brothers asked me to sign his Bible. I said, "Ok I'll sign it, but God has a word for you. Open it up." And he opens it up, and it was exactly what we were talking about; we were talking about the Spirit. He got a Scripture on the Holy Spirit.

We did it with a couple of the folks here. When we have a dilemma in our life, we have some situation in our life, we go to the Word. Lean not to your own understandings, you will confuse yourself. If we get a pull of the Spirit and we try to ruminate on it, and use our own understanding, we are going to get confused. Your emotions are going to get in the way.

Sometimes your emotions clog your vision, you guys know that, right? Everybody has seen that in their life right? They can confuse you. But when you feel a pulling of the Spirit, a leading of the Spirit, it is so important to go to the Word, see what God has, what Scripture will come and He has prepared for you to see and have guidance. There, boom; right there!

When we reflect on this, think about it: in the whole world church nobody is doing this! Nobody! Think about it. The people of God, the children of God are not even touching the Word of God; they are not even opening it. They don't think that it is necessary.

We had Principle lecturers that would stand up there and say, "You know this Bible we don't even need it. Throw it in the garbage!" This is never anointed by Father. Look at all the Scriptures where Father says what he revealed through the Word of God, through the Scripture. Look at how he is the fulfillment of the Scripture. That's what Christ said.

The Word of God is foundational, yet most of us in the world church have zero relationship with it; absolutely zero, no relationship with it! It is just a book to have in your library to say, "I read from it a couple of times" or just pretend you read it occasionally.

It is not a living Word; it is not a living truth which guides you in your life. That is the problem with our world movement.

We not only are neglecting the spirit of God, the spirit of Christ, because I tell you what: the loneliest person in this church right now is Father's spirit! Nobody is seeking his spirit. We are so busy following a decrepit illegitimate hierarchy, and we are not following Father in his spirit. We are not asking him to be and guide us every day.

This is why the church has no spirit. This is why we have no truth, and this is why we are destroying and desecrating the Word. We are departing from God.

When you look at the whole situation, you can see. I remember when we first got to Pennsylvania, I was here just with Kook Jin Hyung, before we met any of you guys, and we were just so saddened, because we could see Father's spirit, and it was so mournful, it was so tired; as if he was going through the halls of the Palace and going to the homes of blessed central families to see who is searching after him, yearning after him, to see who is singing his anthem that was written in the blood, sweat and tears of Hungnam prison, to see who is going to the living Word, to see who is thirsting for him, and he could not find anybody!

All he saw was people busy, busy, listening to what the new orders are; what is the hierarchy saying? "You have to unite with Mother and her directions." This is all we heard. We could not

even talk about Father! You all experienced it. We experienced it even more because we were right at the center of the nucleus.

We know the story. We know what happens. We have a whole hierarchy of archangels in positions that were there to protect the True Family, to protect the True Parents, and they decide to hang on to their power, and hang on to their stupid positions, and then to help and control Mother to desecrate Father.

Now you think about that; think about situation! What is that from Principle perspective? You got to think about that situation. They are making Mother unite with them to chase away her own sons who were anointed by Father, who he knew, would not throw away his tradition.

What do we gain from doing this and shaking the whole world church? What do we gain from this? We gain enemies, we gain hatred, we throw our reputations away; we lose everything. But we don't give up on God, we don't let go of Him, we don't throw him away. That's because we have integrity.

Now you think about that. You think about it from your diagrams; we like DP diagrams. It's like if you don't have a DP diagram people in the church cannot understand what you are saying; you've got to have a diagram for them to get it.

You have archangels that have made Mother unite with them. And in the four position foundation she has kicked out her sons who will not go along with it. Think about that from your diagrams! What does that mean? She's uniting with archangels who are the power of Satan; they are the representatives of Satan who are on the frontline, trying to destroy all of Father's traditions, all of his Scripture, change and redact everything. We went through the whole list, and she is uniting with them.

You have to think about this from a Principle perspective. What is going on here? She's being dominated by Satan. And we don't want to say it. We don't even want to look at the diagram. We don't want to think about it, we don't want to even ruminate on it, "It's just too painful! It's going to shatter my world! I'd rather be an ostrich, put my head in the ground; don't show me no diagram! I put my head in the ground, and just tell me everything's OK"

This is denial, folks. We can see we have no blessing, no spirit; we are departing from the Word. Why? Why? Because, look at your diagram. We are departing from God. We are being dominated by Satan.

You know what the Book of Revelation talks about? It talks about a big city, and it's like a church. See, the church is supposed to be the body of Christ. We are supposed to be the bride of Christ; we are supposed to be that intimate with him. We are supposed to be totally one with him. We are supposed to be like the planets that rotate around the sun. We are supposed to have an order. There is a relationship; we are connecting in deep intimacy as the bride.

But what happens in the Book of Revelation? The church does not become the bride; the church becomes the Babylonian harlot. It becomes adulteress to God, to Christ. In fact it tries to kill God. And it is judged; it's judged.

This is what is happening in our movement. If we look at what is going on, the church has become the Babylonian harlot. We have left our bridegroom. We have betrayed him, and we are adulteress with Satan. This is what is happening, and nobody will say it. See, people know it; in their heart they know it. But they won't say it; nobody has the courage to say it.

Look at your diagrams in the Principle! This is what is happening! You have the archangels who are controlling Mother, who are getting her to believe- and she now believes- she is God, she is the only-begotten daughter; she learned nothing from Father. She believes those things.

Do you see how dangerous that is? That is an enormous departure from God, enormous departure! To claim that you learned nothing from Father, for fifty years as the bride of Christ! The one who was supposed to be the head of the brides!

This is the age of the noontime sun, where the secrets have to come out. We have to understand how Satan has been moving, how he has been trying to work behind the scenes to destroy whom? Christ! He goes after Christ! And he will use every which way and every which person to do it; and he has gone in there.

It is so hard for us to emotionally digest this because when we see Mother, we see Mother that we think of like in the '70s and '80s and she was so young and she was beautiful and she was with Father singing and this kind of things, and how beautiful they were together. This is what we think about. And Mother was beautiful, she was obedient to Father. She had him as her center. She did!

That's how she stayed alive amongst so many people trying to become the next true mother. Because Father said many times, "If you fail, there will be a new true mother" How many of you heard that at Belvedere; millions of times? That was the reality.

But we saw a huge difference happening. Once the palace started getting created, once Kim Hyo Nam started to channel her mother, use that as a major tool. And one of the things that I realize now: she says she never studied Principle; she says it, she admits it. She says she did not study the Word, but she says she knows the Word.

But the problem is: I remember when I was young; she would invite shamans, and fortune tellers, trying to listen to their prophecies. And this became a big hole for Satan to come in.

I remember once the palace was created there was a new spirit. There was a spirit, a spirit that said, "I have made Father. I made this glory. I am making this victory. Look at this we have a palace because of my lineage!" What are they doing now? I just saw; somebody sent it. They are now putting a new name on Father, "Rev. Sun Myung Moon-Han, "changing his name.

This is shocking for you guys, because these are things maybe you are experiencing now. But see, these are things we knew three years ago. This is why we had to flee the palace, because we knew where it was going. We did not take anything with us, but we fled the palace because we knew this it was a palace of evil; it had become a palace of evil.

And Father hated the palace. In fact he was making *Gomundo*, the new center. Remember that? The island in the South! He was making up a new spiritual center, because it had become so corrupt. And there is a spirit in that palace.

I had to take my son- he is not here; he is in Sunday school- I had to take him out of there because I know if I left him there, he would become a Satan.

He will become a demon; he will become self- idolatrous. He will think he is a god. He will think that these big marble pillars are his authority. And he will not be a man of God, a real man of God, who surrenders to Christ, who dies of his old self to be reborn, to be born again in Christ. To have Christ live within with full authority and power; that's when we have full authority folks, not when we have a marble palace. That is just bones, ash; it fades away, dust. It has not power!

The real power is Christ within us, Amen! That's the real power!

My wife was studying the Scriptures this week and she came onto the story of Jeroboam – I told you they got these crazy names in the Scripture. But because we don't study the Scripture and it has not been a part of a constant understanding, and a deepening of the Principle through studying the Scripture, we have no idea what is going on in the history of the chosen people.

I mean Jeroboam was the first king of the Northern Kingdom of Israel. It was split with Judah in the South. What was he doing? In order to prevent people from going down to Jerusalem to worship at the Temple, he sets up multiple pagan altars all around his Northern Kingdom. He sets up golden calves, whatever you want, Baal, Babylonian goddesses, Asherah. He brings them all in.

Now you think about it: these are Jews. These are Jewish people, chosen people of God, Jewish people, and they are going to Baal and they are worshipping there; they are going to the goddess Ishtar and worshipping this goddess. Can you understand?

If you are from a Jewish background, you know how unbelievable this is. This is the commandment of death. You do this your kingdom is dead! People from a Jewish background, you know how serious this is. But you have the king doing this, in the land! He is guiding the people to worship pagans, to worship false idols.

Look at what we have become! Look at the church hierarchy! Look at this totally illegitimate hierarchy that is trying to justify their positions by using Mother to become a goddess, so that all of us are now basically engaged in goddess worship. Telling her that she is the only-begotten daughter and now making her believe it. Preaching it, saying, "Go out and teach all the members that I am the only- begotten daughter. My lineage is pure. I had no sin, Father had sin. I didn't learn anything from Father."

This is not True Mother, do you understand, folks; this is not True Mother. This is a woman that is dominated by archangels. This is not True Mother! True Mother cannot do that. She is totally leaving her position by doing that, totally!

And we have all these people in the world church who are just so obedient to the hierarchy. They cannot see from a principled perspective; they cannot even see what is truly going on. Because if they do, they think their faith will be shattered.

No! We are not doing this because we are trying to shatter people's faith; we are doing this because we don't want Mother to go to hell. We don't want her to have eternal punishment and

damnation! I don't want to see my mother being tortured for ever because she betrayed Father. I don't want to see that. And that's why I risk my reputation; I risk everything to speak out, to save her, because we actually love her. Do you understand?

We are not here to help her. Somebody said, "Why don't you just go help your mother?" I am not going to help my mother because I am not going to help her commit suicide! Do you understand? I am not going to help. If you love somebody you don't help them commit suicide. You try to stop them from committing suicide!

That's what I did in the palace. I tried to stop her from going down this path. Kook Jin Hyung tried to stop her from going down this path, which is destruction and suicide. We cannot be worshipping goddesses and idols; this is not the way. The people, whenever they turn to pagan worship, they perish, folks; they die, punished. God removes the edge of protection and they die.

Because they were obedient to the hierarchy in the time of the Jews, because they just followed along with everybody else while their priest said, "Oh! Yes we can worship goddesses, yes, we can do that," without even thinking, without even considering their eternal life, they go along, and where do they end up when they get to the spiritual world? Are they close to God in the spiritual world? Are they going to be close to Him, breaking His primary commandment, "Do not take on idols of self or any other?"

See, we seem to forget that Father is a real, real individual. We want to believe that he is some kind of fantasy figure that we want to forget and that we can shape to our morality.

Do you understand? I've got people telling me, "Oh, why don't you have peace and unity with your mother?" You people don't understand what peace is. Christ never said peace was a place or a goal. Peace is not even a process- Buddhism likes to say that.

Peace is a person, a person! Christ is peace! You see, when we have Christ in us, we have peace. Christ is peace, he is hope; he is everything. When we have Christ we have peace; we have comfort. The Holy Spirit is the Comforter. When we have Christ the Comforter is not a place. Peace is not a place; it is a person! That's why you need to get Christ on the inside of you. Amen? That is the central thing that believers must do. I don't care if you have the blood; you still have to believe in him whose blood you received.

We have become the Babylonian church, the Babylonian whore, who is committing adultery against Christ; this is how pagan we have become. And no wonder we are throwing the Bible away, and no wonder we do not want to hear anything of the providence of God. All we want to hear is justifications to make us feel good about, "We are not making any mistake, don't talk like that; we're doing just fine. "

What were the people of Israel thinking when they were worshipping Ishtar? Think about it. What are they thinking? They grew up with the Torah; they grew up with the Old Testament's Commandments given by God. What are they thinking worshipping Baal? Do you see for us it's just a fantasy; this book is a fantasy. It's ridiculous. These are the people of God who did the same thing: they turned from God and became idolatrous.

What is happening in our church now? It's so easy to see if you are rooted in the Word. We are becoming idolatrous. We are worshipping other gods, other than Christ, and we are departing from him. That's why his blessing is gone.

And this is why we need to learn how to move with the Spirit. Think about it: in the early days when Christ left and departed, the apostles now had to learn how to move with the Spirit. How do you live with God?

How do you live with God?

How do you do that? How am I supposed to live with God? Christ said he is going to be in me; he said he is going to be with me; he said he is going to be the comforter, and he is going to be my help. I can't see him." It says right there, "*The world seeth not the Holy Spirit, knoweth not the Holy Spirit.*"

How do we live with the Spirit?

This is critical for us, because if we are going to continue to orbit around Christ as our center... right, remember we talked about it. Even in True Parents, Father is 95% - 95% he is the owner of True Parents. Mother is 5%. She has to rotate around him. Why? Because that's the same relationship between God and man; God is 95%, man is 5%. Mother represents man in True Parents. Father as Christ represents God. 95/5; it's not 50/50 like these pagan goddess worshippers want you to believe!

You will go to damnation if you believe that. You will be kicked out of your Father's house. I can guarantee you that if you believe that. I am his son, and you will be kicked out of his house if you believe that. That's nothing more than post-modern third way feminism cloaked in theological language. He will kick you out! That's simple.

You've got to understand he is a person. Father is a person, and he gives his life for us, because that's what Christ does. Not because we deserved it; not because we earned it; not because we merited it. He gives his life for us because of love.

So when we commit adultery with other gods who promise us better things, that's like committing adultery to your greatest lover, to the lover of your soul, the person who died for you. It's like committing adultery on them. That's how serious it is. It is serious, serious business!

And so nonchalant! The people in the world church, so nonchalant! Like sheep running right off the cliff. They'll follow anything the hierarchy says. Just run off the cliff. They will not go to the Word.

We are trying to discover a relationship with the Spirit; searching after the Spirit of God, getting his leading, his pull, his guidance, his direction, and then confirming in the Word; learning how to work with the Spirit and in truth. We are trying to now manifest that in life; that's why we are seeing the Spirit move. We are seeing God alive in our life; we are seeing healings on the streets. Even this week, we were praying for people on the street; we saw healings.

There is power when we start learning how to move with the Spirit, but think about it, right now in the world church, nobody is even caring about Father's Spirit. Nobody is even caring, thinking, searching, yearning, and desiring his Spirit. What have we become?

We've become pagans; that's what we've become! Total pagans! We are worshipping ourselves, worshipping other gods, worshipping goddesses. We have left our Father. And guess what? We are under the curse then. Once we leave our Father, we are under the curse. We are under the curse. And I am not saying this because I am trying to scare you. Read your Bible! God will remove his edge of protection from you and from His people, and they will be judged.

You see, it's unbelievable, because here is supposed to be the center of providence, and we have so departed, we are now committing the fall and adultery with Satan, totally departing from God and we are moving down this path where we are literally, not even with one iota, not even one heart trying to search after the Spirit.

That is a situation that the people of Israel saw. You read their history; it's a history plagued with them departing to other gods and other idols.

Let me tell you something about monotheism, folks. You have to have one supreme God. One supreme God! The problem you have with the True Parents which is 50/50, you have now two supreme authorities; two! That's called ditheism; if you have two supreme authorities, whether they be gods or goddesses- it does not matter-one god can cancel out the other god.

And that's what you are seeing in the church today. Because of this goddess worship, we are seeing them trying to cancel out Father's words, Scriptures, traditions, literally changing them, desecrating them. That's what happens. Monotheism requires one supreme authority.

And in our house there is one authority, and that is Christ; that is Christ!

You see it's unbelievable because now we have become so departed from the providence, we have absolutely no power and authority to move with the Spirit. Christianity is now so much higher because they know how to work with the Spirit. They know how to move with the Spirit. We are pagans. We are worshipping Baal and Ishtar, and we are departing from God; we are not even seeking his Spirit.

And it's the time when the people of Israel, they have left God and the worship of God and His commandments, they have to relearn them. Some of them sometimes they had become so pagan like in Egypt, that they had forgotten how to worship God. They had to actually learn, re-learn again.

And we are in a situation where we have to re-learn from the Word. How do we seek after the Spirit of Christ? Christ said he will send us another Comforter. That word 'another' is *allos* in Greek; it means the same, another but the same; one totally one with. Everything you see in me, when that Comforter comes, it will be there; I will be there too. With that kind of sameness!

I mean Father wants to be in the hearts of his children, to be living with them with power and authority; he wants to be moving with them on a day to day basis. He wants to be moving, opening doors, moving mountains. He wants to be doing and building the kingdom on earth. Amen!

But yet, what does it say in verse 17? *“Even the Spirit of truth ...”* This is the time when Jesus is right about to go. He just had his last Passover. It’s the time when he is saying his last words to his disciples, and he is talking about ‘What’s going to happen after I die?’ He’s telling them what will happen when he dies. There’s going to be someone. There’s going to be a Holy Spirit that comes. He’s going to be a Comforter. In Greek it’s *parakletos*. He’s going to be a Comforter, somebody that stands with you, an advocate, somebody that will co-stand with you.

And look at that, in verse 17, it is the Spirit of truth. We talked about this in Bible study one time; it’s the Spirit of truth. The Holy Spirit when he comes, it is the Spirit of truth. He will not lead us astray; he is not going to deceive us and lie to us so that we worship ourselves and do secret idolatry. He will guide us towards truth. He will stimulate our conscience. Amen?

He will make us men of conscience, women of conscience, who surrender to the Spirit that can be manifest in our conscience.

Look at this, in John 14, he talks, *“And the Comforter, which is the Holy Ghost, whom the Father will send, he will teach you all things.”* It’s a teacher as well. The Holy Spirit is a teacher as well. Amen? A Spirit of truth, a teacher, somebody that comes and teaches us, who wants to help us; it is God’s spirit that wants to guide us, teach us in all things.

What does it say, *“It will bring all things to your remembrance”*; make you remember Christ. How many of us have forgotten Father? How many have forgotten Father in this church? We are involved in pagan worship and we have forgotten Christ. We don’t even remember him, think about him; we don’t even meditate on him. We have forgotten him! That’s why we have no Holy Spirit.

The Holy Spirit guides us *to remembrance of all things* that he has taught. *“Whatsoever I have said unto you”* what he has told us, what he has taught to us, what he has sown into us, what he has seeded into us. It brings us into remembrance of that. Amen?

Remember this is the time; Jesus is about to go. He says it again, *“But when the Comforter comes whom I will send unto you from the Father, even the spirit of truth”*; again the spirit of truth! Comforter! He said three times: he is the Comforter, he is the Comforter; he is the comforter! He is the Spirit of truth, he is the Spirit of truth; he is the Spirit of truth! He will not deceive you, He will not deceive you. I will send him. Amen? He will speak the truth. Surrender to him.

We talked about how when the Spirit does come, we always have to root it in the Word because our natural mind can fool us so quickly; our natural mind can tempt us, can bring in all thoughts of egoism, thoughts of self-worship, and all those kinds of things. It can be influenced by secular ideology, popular ideologies of the day to then co-mingle with what the Spirit is telling us. And we can confuse ourselves; we can totally confuse ourselves!

Look at how much the world church is confused. They cannot see clearly. They cannot see with power and with authority because they are so confused. They don’t even know what the Principle says. They are so trained to follow what the Korea hierarchy says that they won’t even open their Principle books. They won’t even open the Scripture for fear of what you may see when you depart from God.

Look at this again in John 16. He says, "*The Comforter will not come unto you until I depart*". You see, now Father is a spirit, folks. He is a spirit; he is alive in us. He is alive; he can be every place at any time. The craziness of trying to keep him located on Cheong Pyeong and you only can see Father if you go to a small hill in Korea – a tiny little place on this earth- is ludicrous.

He is more imprisoned now than he was ever in the physical body. The Principle says spirits are beyond time and space. They can be everywhere and anywhere at the same time.

And that's what is so incredible at this time. That is what was supposed to really happen on Foundation day. When we all learn that we can be moved with the spirit of Father, the spirit of Christ now with power and authority in this world, to chase out demons, cast out devils, heal the sick, raise the dead in his authority and power.

That's what was supposed to happen on Foundation Day.

I told Mother; you see, because I love her I tell her. I tell her because I love her. I don't want to see her be punished and be sent to hell. I don't want to see that, do you understand? I don't want to see her be punished. So I will beg with her, and plead with her and tell her, "Please, Mother, do not do this."

I told her, "Mother if you exalt yourself you are going to be humbled. God is going to humble you. If you humble yourself, God is going to exalt you. Go out on Foundation Day and say, 'Brothers and sisters of the world, True Father is now with us in the spirit. He can dwell with us with full authority and power now. And we pray to him even stronger. Pray 'Father, Father, Father' more. Dwell with him, move with his spirit and power, and his truth. Move and we can build the Kingdom of Heaven on earth. The will build the Kingdom; we will see it unfold as we move and stand with Father in that anointing, in that power and that authority and Foundation Day is the victory!'" . That's what we should have done!

But what happened? What happened? They dressed her up in the emperor's robes; she came out with the scepter and the crowns. My reign now! Then what were the messages we got after: only begotten daughter, I am God, Father is with sin, I am with no sin! This kind of thing! This is total departure, total departure. That's why Foundation Day which was supposed to be the beginning of the kingdom, to move with the power of Father's spirit, we saw none of that. Zero!

In fact we saw three years of every year perpetual collapse, more and more collapse, more and more the hierarchy trying to claim its tyranny over the sons and daughters of God. Not allowing, not saying that we can trust the Word but we have to trust shamans from Korea or shamans from Japan or from wherever they are.

No, we have the Word of God, do you understand, folks? And when the Spirit guides us we have the Word to confirm it, Amen? We have the Word of God. And we confirm it in the Scripture, and we confirm it in *Cheong Seong Gyeong*, and God is directing us.

And that is what should have happened on Foundation Day. For he said he will send you an advocate and a comforter- somebody who stands with you- the Spirit of truth that will lead you to truth.

What is Father's spirit to do? Think about it. Think about it from his perspective. What is the spirit of Father to do? He is there trying to move; he is there trying to be with his children and they are so busy watching what the hierarchy drama is, not seeking his face, not desiring him; not trying to work with him, move with him, yearn after him, sprint after him.

Look at what it says in Roman 8. It says "*Likewise the Spirit also helpeth our infirmities.*" The Spirit of God also helps us in our infirmities. What are we in now? The church has become pagan; we have become the Babylonian adulteress. We are infirmed; we are sick.

We have departed from peace which is Christ; we have departed from wholeness which is Christ; we have departed from completeness which is Christ. And that's why we are sick. We have departed. The Spirit helps us in our infirmities. It's so important that we understand that the Spirit is helping us.

But guess what? We have not because we ask not. When is the last time we said, "God, Father, help me in this time!" When was the last time we said when we were trying to pray for somebody who is sick or pray for an infirmed person, "Father, help me!" Do we try to pray for them by our own power?

So many people think, "Oh yes, Father opened up the age; we can pray in our own name." He allowed us to report in our name, report. The word in Korean is '*pogo*', that means we have a relationship with the king, we are reporting to him. It does not mean you are Jesus, or you are the Messiah, or that Jesus is no longer the Messiah, or he has not power.

Be careful of how we identify and interpret these things. It is a common tendency for us to try to do self-worship with Father's gifts, so common. We are not special in that sense, in our own power. We are special but that's because we have Christ in us; that's why we are special and different, and separated from the world in holiness and in righteousness and with peace. We are different, yes we are, but not because of me. Amen! This is the arrogance of the Pharisees.

It's not about me, it's not about you. It's about Christ! And when we move with that power, now we have authority over the kingdom of hell.

Look at this. It says "*It helps us in our infirmities*" This word for infirmities talks about the different types of infirmities that Christ healed, and this is related to us when we don't have the Spirit. The word infirmity here is a general word for sickness but it includes all types of sicknesses.

'*Nosas*' it's an infirmity which has a terminal illness, which has no natural cures, and no natural substances can cleanse it; it's a terminal sickness. The doctor said, "It's over."

It's '*malachian*'; it's a muscular disorder. Cripples are '*malachian*'. They are also under this category.

'*Kakos*' demon possessed, vexed by demons. You have spirits of depression, spirits of anxiety; demonic spirits over you.

'*Mastergon*' which is infirmities that keep coming back and keep plaguing you and torturing you; they keep coming back; they go away and they come back like the woman with the issue of blood that touched the hem of Jesus' garment. Twelve years she had an infirmity that keep going away and coming back, going away and coming back. You see that's under this category

as well.

And the last one is 'aristos'. It is 'comatos'; coma.

You see this gives us an insight into what we are without the Spirit, if we don't have the Spirit of God, we don't have the Spirit of Christ in us which we are searching for and constantly getting us out of the way.

You know we don't do conditions and bowing practices and fasting and all these things so that we can convince God to do something for us, we can kind of manipulate Him and force Him to do something. We do those things so that we get out of the way so God can work. That's the purpose of doing conditions, so you get out of the way and God can work. It's not like, "Oh I did this many bows and I did this much fasting, and that's why God, you owe me!"

That is a demonic understanding of fasting. It's a self-righteous pharisaic idolatrous view. We do fasting, we do practices; we do those things to get us out of the way so God can move. That's the power of those things. It has nothing to do with us manipulating and twisting God's arm.

See, because without the Spirit we are infirmed; we are infirmed. See, without Father's spirit we are sick, we are diseased; we have terminal illnesses for which there are not cures. Without the spirit of God we are crippled, we are 'malachian', we are crippled. We are like lame; we are mute. We cannot do anything; we have no power. We are demon-possessed. It's so easy to become possessed by demonic forces when we depart from Christ if we don't have the Holy Spirit. Amen?

We are 'mastergon', we are in a situation where there is a reoccurring plague upon us, a reoccurring curse upon us, continual vexation by reoccurring pains. And we are 'komatos'; we are literally dead. We are literally the dead walking around. How many feel like that some times? We are literally the dead walking around if we don't have the Holy Spirit, which is the most powerful spirit.

There are many pagan spirits that have power and through different practices and meditation and yoga, and things like that, they will try to tempt you to gain their power, but they have no power, because the Holy Spirit has the greatest power. And it is the holiest power, and it is within me; and that's why you can speak with authority over those forces. Amen!

How weak we have become because we have departed from Christ!

"The Spirit itself maketh intercession for us with groanings which cannot be uttered" (Romans 8:26). There are groanings! The Spirit makes intercessions for us. It releases our 'han'. This word for groanings, it's like the Korean word for 'han'. Remember Father mentioned it all the time, the resentment, the historical pain, the feelings of being raped and raped and raped and not being able to do anything about it, violated, violated, *han*. And this is really at the core, isn't it? It's at the core.

I remember last time I met Mother in Korea - the final time I tried to meet her, but then she sent the guards up, they chased me away- but before that, the last time I physically talked with her face to face in Korea, I told her, "Mommy, you've got to release your *han*. You've got to get rid

of your *han*. I know Father was not easy to live with but that was your calling. You were there to be his True Mother, the true spouse, the bride, to stand with him in any adversity."

And I told her, "Mother, you have to release your *han*. It's going to kill you!" In Korea, members know this. They call '*han puri*'. They are saying, "Mother is just releasing her *han*, taking revenge, releasing her *han*." This is not the way to the kingdom, Amen?

And this is why we speak the truth, and why we have to speak in the spirit at this time.

Because I've tried the personal routes; I've tried the behind-the-scenes routes; I've tried the palace routes, and they don't work. Because for every time I say that, there are fifty to one hundred forty leaders that will tell her, "What you are doing is great. You are God!"

And so in the noontime sun, it's only when the sons and daughters of God realize what is happening, stand in the Principle position, and try to save her from destruction, that the Spirit of God is coming and has an anointing because we are trying to stand in truth. And we can speak the truth, not some political correctness but speak the truth.

You know, it's just so unbelievable that we are in the situation we may be in, but the solution is so easy; it's so unbelievably easy, it's brain dead easy, folks. It's so easy! All we have to do is return to Christ. You are not Christ, he is not Christ; Christ is in us. Do you understand?

We have to return to Christ! Once we start returning to Christ, once we start returning to Father, everything falls back into place.

It's like the orbits; once the planets start lining up again, around the sun, in their proper orbit, then the universe comes back into balance. There is order and peace in the universe because peace and unity- which so many people like to talk about- is not a destination.

It is a person and it is Christ and it is Father who is Christ and he is the Messiah and he is the son of God, and he is the alpha and the omega, one with God and one with the Father, and so when we return to him, there is peace, there is unity, and there is power, power as well. It is so easy, so easy!

Umma, you want to say something on that? Let's give her a big round of applause, everybody!

Yeon Ah Nim

Thank you so much! Let us give one big round of applause for my husband! Thank you so much.

I love to read a bedtime story to my children. My first son is now 17 years old, - my daughter is reminding me; I am sorry son! - I remember I used to read a book when he was a year old, so it's been quite a long time that I am doing the bedtime story for them. Now every night if I am there I read a Bible story to my second youngest and my youngest.

Now I changed actually into Bible study; I read it every night. It is really interesting. I am really having a new experience reading Bible stories to them. I used to read Bible stories to my

children too, but it is kind of embarrassing even to admit it, but before when I read a Bible story to them the Bible was like one of the books; I have so many different books.

It is something like when we go into a bookstore and there are so many books. The Bible is in one section. It almost feels like that. There are so many fun and beautifully illustrated children's books. The Bible was one of them – I treated it like that without even me knowing.

But this time as I study the Bible more and I read a Bible story to them, it is so different. The feeling is so different.

One night we just finished the story of Joseph. I said, "Tomorrow we are going to read about Moses, OK?" My sons were 9 and 11. He said, 'OK' I introduced Moses. Tomorrow we are going to read about Moses; Moses' story is full of miracles and signs and wonders. It is incredible; you will really enjoy it. God changed Aaron's staff into a snake, and there are ten plagues. God will part the Red Sea. There are miraculous stories.

And my nine years' old son, you know what he said? He said, "Mommy, but those are all fake!" That's what he said. I was so shocked. Wow! He is nine years old. Nine years old; we think they don't know anything. We think they will accept anything I say. But they already made up their mind. Nine years old but they say, "Those are all man-made fake stories." At that moment I was so shocked, but I pretended I was not shocked.

"Really yes, that is true. You can think like that. It sounds really impossible, right?" He was looking at me, sensing me. "What is mommy trying to tell me? What is she trying to hook me into?" I said, "Yes I used to think like that too." He said, "Yes I really think so; it's kind of impossible."

That is the time I told him, "Yes that's is true; you can think like that, but you know honey- this is how I explained to him- you love your ipad right- my son loves his ipad and he always plays games with it- you love your ipad. Did the ipad come down from heaven? It dropped right from the sky? Or did somebody actually make it?" My son said, "Yes, somebody made it."

"If an ipad is a creation and the person who made the ipad is the creator, who is more capable? Is the ipad more capable or the person who made the ipad is more capable?" My son could not really make up his mind. "You know the person who made the ipad they can run, they can do many things; they can make million ipads; see who is more capable?" I gave him a hint, right? He said, "Oh yes I think the person who made ipads is more capable." "Yes that's right; you are a very smart boy!" I encouraged him a little bit.

"You know this is exactly how human beings and God are. We are like an ipad, we can't possibly understand God. It's like we are very confined but think about in God's perspective; it's a totally different realm. He is beyond time and space. How can a person like an ipad understand who made the ipad? See?" Oh! Thank you.

And I even addressed the issue about, "A lot of people say God is ruthless and merciless; even somebody says God is a bloodthirsty God, because you know when Israel started to worship the golden calf and as Moses came down from Mount Sinai with the Ten Commandments, he killed 3000 Israelites, because the Israelites departed from God. And people say God is cruel

and merciless God. Who said God is a loving God? Some people actually mistake God's intension and they say God is an evil God. The God of the Bible is not a good God. What do you think about that?" I asked this question to my son.

He answered, "I don't know. " And I told him, "You know when these things happen you have to see them in the context. God just brought them out from Egypt; He showed them all the miracles, right in front of them. God showed how much He loved them, but what did they do? They just betrayed God. If He does not punish at that moment, that means that He will lose His Kingdom, then He cannot continue his tradition, that He cannot build the Kingdom of Heaven. So in order to save all the Israelites and the world, He needs to show that He has this capability, that He has this power. Was it uncontrollable anger? No! He had perfect control of His anger, but He had to do what He had to do. See, when He punishes us, sometimes it is an expression of love. At the time we might not understand; He showed patience but there was a point when He had to give a punishment and that's what He did."

I am sure my son could not understand half of what I was saying. I am sure; but he saw the confidence that I have in the Words. He saw that, 'Things that I thought to be like from Lololand, my mom actually has some explanation for them, and she is very confident about these Words. There's got to be something that I don't know. See, I actually instilled in him that confidence in the Word, and in the Bible.

Brothers and sisters, we have to go back to the Word, and we have to show confidence in the Word otherwise our children cannot learn who God is, who Father is.

Brothers and sisters let us glorify his name, so that his tradition and his words will go forever and ever. Aju!

Rev. Hyung Jin Moon:

Whoo! What a word, what a word! Thank you Omma!

Let's read *Cheon Seong Gyeong 117: God commissioned His servants and taught them, "I am your Father," He taught people through His servants and angels. Such was the Old Testament Age. Next He worked through His son. This was the New Testament Age. Next He worked through the Holy Spirit.*

Amen! Let's give God some praise everybody.

Let's have everybody stand. If you want to come down here; let's pray. Let's pray this time for the church. The Scripture says, "When two or more agree in my name, there I will be! " Amen! Let's come down; lets' agree. Let's pray for the church to not be like in the Book of Revelation the whore of Babylon, but to turn from their wicked ways, to come back to the center which is Christ. Amen!

Prayer:

Father, we thank you today, all before you, before your righteous throne. Father, we want to see clearly with the eyes of the Principle. We don't want to confuse ourselves with Satan's deception. We want to be moved by your spirit, and be solid and grounded in your Word. Father, when we depart from the Word, when we start taking on relativist stances, when we start not living with the Word as a living Word, it's so easy for the Devil to confuse us, tempt us, and make us stray away from You.

And Father, we pray that right now all of us will be strengthened with your spirit. You promised that your spirit would be the Comforter to stand with us, to guide us, to give us remembrance of all things that you have taught. Father, we need that remembrance of what you have taught.

And Father, when we feel the powerful moving of your spirit- because without it we are infirmed- Father, we pray that we will be rooted in your Word. We pray that we will run to the Word, Father; teach us in a new way. When we feel the Spirit pull, we have a new habit of running to your Word, opening up the Scripture quickly, seeing what is there for us to understand.

For the kingdom of heaven suffereth violence because of the lack of knowledge. And Father let us have that knowledge, not in pagan mysticism, and with false witness, but have it in the Word of God; that is the strength of our salvation, that is the foundation and the rock upon which we stand, and upon which we have the authority to teach the Principle, and the Blessing and the three-day ceremony, and the sanctity of marriage etc..

That is the authority, Father. Let us come to that bedrock again: let it be a new revelation in this church, to come back with the world church, starting to wake people up, Father. People are starting to wake up. Cowards are now becoming lions for You. People who are fence-sitters see which side wins; see which sides they can play off are becoming hit with the Holy Ghost, smashed by the Holy Ghost.

Let us know that the Holy Ghost also comes to smash Satan. Father, we come to smash Satan's kingdom, to wreck his kingdom because we know that his kingdom is weak. It's an illusion!

But we stand strong, rooted in the Word of God and we stand with You and all the angels of heaven, and the elders, and all the ancestors that stand with us in Spirit and truth, and we march forward towards the promise land.

Father, give us an anointing right here, in each life, right here. Touch them right now. Touch us in our infirmities, because we need your help, Father. We need your Spirit. We need your Spirit. We are crippled, we are vexed, we are reoccurring in plagues, we are *komatos* without it, and Father, we pray right now that your Spirit will revive us from that *komatos*.

It will revive us from our crippling, the spirit of heaviness over us, anxiety, the spirit of over-worrying, whatever it may be; that cripple is gone. We now stand with new strength in our legs, spiritual bodies powerful; our sights opened, ears opened, the spiritual senses opened to see your face and to walk with You in the Kingdom of God. Let it unleash now Father!

We give you all the praise, glory. We report this in our own names and we pray this in your holy name. Aju and Amen!

Let's give God some praise, everybody. Encourage your neighbor; give them a hug. Let him know, "Christ is in you. Christ is in you!" Amen! Praise God!
