

Rev. Hyung Jin Sean Moon

Evil Age of Apostasy

July 5, 2015

Give it up one time everybody for SOS! Wow! Wow! Wow! Wow! Powerful, powerful! Please be seated. That's a powerful young group, isn't it? SOS, Sounds of Sanctuary; Sounds of Salvation! Whoa! They're making the call! Thank You SOS! You guys are smoking today! Whoo! Okay, young people, we'll see you guys later!

You see, God warns us and He calls us to Him because He loves us. Amen! When you we are moving into apostasy and evil, God calls us, not so that we feel, "Oh! Stop condemning me!" No! Because God loves us and He knows that path will go to destruction, and that's why God calls us in times of dire situations. When we have left Him, when we are leaving Him, God calls us back. He warns us, He sends warnings. His judgment also is a sign of his mercy; if we reap the judgment of God and of the spirit world, it's a sign of their mercy and love for us, because they want us to return to the fountain of life. Amen!

So we're facing an evil age of apostasy, and unlike other churches or other pastor, we like smashing Satan, we like smashing him in the face! We don't like to be politically correct! Father was never politically correct. Jesus was not politically correct and that's why the church has become irrelevant because it's trying to be popular and not true. It's become totally irrelevant! It might as well be a globalist institution; it might as well be a progressive liberal institution, because it has no remnant of God, because it will not stand against evil in this age of apostasy.

Let's look at this very short scripture. I think it says it all; it says it all really. It's so short! We usually do a long scripture; I just looked at this one verse. I thought we could just focus on this one verse, because this is plenty; this is plenty. Let's read it!

Proverbs 22

✚ 3 *The prudent see danger and take refuge, but the simple (or the fools) keep going and pay the penalty.*

See, people don't want to admit that they're fools, and they don't like it when they're told that they're fools when they're fools. This is what the reality is; they want their preacher to soothe- tongue them, and speak in nice loving honeysuckle words.

That's not what the preacher is supposed to do. The person of God is supposed to instruct on the Word of God, and the Word of God does not match with society and its norms; it doesn't match with it. Why? Because it's supposed to change society, not to prostitute itself to society!

Whatever the civilization, the Word of God is there to challenge the civilization, to bring it to its true purpose, to bring real power and anointing to people, not fake empowerment, not fake, "I'm so loving and I'm so powerful because I believe in me," which has absolutely no power. But the real power and anointing of God with the Holy Spirit is living beyond your own glory, living for the glory of your Creator, the One who designed you, knows you, and loves you more than anybody can ever do.

This is the true power, and every single path - and we talked about it millions of times- will try to pull you away from that power. Because if you have that power which is rooted in your armor of God, which is rooted in your relationship with the Word, if you have that power, the world does not scare you. They can try to politically pressure you, they can try to scare you by saying you're intolerant, and you won't care, because you will stand up for a higher power; you're not fearing men, you fear God. Amen!

And this is what the Church is missing. I'm not only talking about Family Fed, I'm talking about the body of Christ, all the people who believe in Christ. The prudent will see danger, they will see the warning signs of God and they will take refuge, but the foolish will go on and pay the penalty.

We live in that type of age; we are experiencing these biblical times now folks! It's not some far off in some magical ancient faraway land, where people wear shawls and shemaghs and grow beards. You could be sporting your Nikes and your Armani's or whatever you're wearing, and still you could be experiencing biblical times, because the same reality is happening again.

We see this on the microcosm in what has happened in the World Church; we see it with what Mother has done, and none of your pastors will talk about it or tell you about it. That is the sin of compliance! The silence of compliance equals, equals, support. None of your pastors will tell you that.

What has the Han mother done?

❖ She has changed True Father's Scriptures up to eighty percent, redacted, when he said no one is allowed to touch that; she has directly disobeyed him, directly challenged his authority, and nobody will tell you that. You see, lovers of popularity, not of truth; lovers of popularity, not of truth!

I don't care if you like me or not! I'm not here to be popular with you! I'm here to tell the truth, because Father made me True Parents' successor; that's my job. I'm not supposed to talk to your feelings; I'm supposed to tell the truth.

And I'm supposed to hope and pray that you are mature enough to take it, because you're not weak, you're not fragile, you're warriors. And if you're warriors, you should be able to take it when your coach says, "Get your hands up," and punches you in the face. Hey! If you ever did boxing, you know what I'm talking about, or kickboxing. That's the quickest way to learn.

❖ Changed Cheon Il Guk National Anthem!

We've talked about this; I'm not going to go into detail. I see many new faces; please watch the old videos if you don't know what's going on, okay? Watch the old sermons; I've talked about it.

It was written in Hungnam prison; that is the spirit of Cheon IL Guk! While you're being tortured, you're being worked to death, you are sucking up ammonia toxic fumes, and you are vomiting blood, you will still praise God and give Him the glory.

That is the spirit of Cheon IL Guk! That is what it means to be a warrior, a son of God, a daughter of God, a bride of Christ! You are powerful, you have power beyond yourself and trying to tell yourself loquacious nice little words; you have power over yourself with a greater power, which comes from God.

❖ Changed the Family Pledge

❖ The Blessing Vows of eternal Covenant of Marriage have been changed.

Wow! Wow! How relevant for this day we live in now where marriage is now changed! We're going to get into that today, because I kind of notice a lot of pastors don't like to talk about it, but see, since I'm bald and I'm a warrior monk, I like to speak about these things and I will.

❖ Changed from monotheism to ditheism.

❖ Excluded Divine Principle from the constitution.

❖ She's left her position as a faithful obedient object,

❖ She has promoted her Han tribe over the Messiah's lineage.

You have to understand what this is! Mother's lineage is not the Messianic lineage, which she's trying to teach, otherwise she'd be the Messiah, and otherwise the Principle would be wrong.

The reason why they're trying to teach this heresy is because she's trying to promote her Han lineage, which is what? By definition it is Satan's lineage; by definition anything outside of the Messiah's lineage is Satan's lineage. It is not God's lineage; it is not the promised lineage! The Messiah brings the lineage; it is through him that we are purified, it is through him that we are made whole, it is through him that we are made new, and through him Mother is purified.

But look at what she's doing! Now you can see the state of her spiritual life. She's promoting not the Messiah's lineage, but her own, fallen lineage. She's promoting Satan's lineage. You have to understand what is going on; this is not a game. Our eternal lives are hanging on this. Do you understand that, folks? This is not a joke! I wouldn't be up here risking everything, getting cursed and mocked, because it's a joke. This is not a joke; this has our eternal lives connected to it.

❖ And she dethrones True Father,

and you can see it, on the year of the *shmita*; this was of course the first picture. Some of the most shocking things that were in the inner circles and behind the scenes that you guys never saw was that, in the main temple in Seoul, in the inner room, in True Parents' room, she pulled down True Parents' picture, and she put up her own picture as the Empress, inside the inner sanctum.

You guys don't know that because you've never seen the inner room, but anybody who works at Hannam-dong knows. And now some of the leaders in Hannam-dong are getting the blessing from True Father's authority, because they realize; they saw with their own eyes what has happened and they've been crying over it for the last three years.

See, people just don't like to face reality. You want to live in your comfort zone; you want to be comfortable," I've believed this far, why you are you messing up...?" No! Face reality! If you're old and you're mature, if you are a mature person and you are a human being, you should face reality!

This is our reality! True Parents picture down; Mother's picture up! And that happened also in Hannam-dong main meeting room, where the calligraphy of Father was sitting there for how many years; taken down and her Empress picture up!

This is exactly what we told her, "Please don't do! This will bring destruction upon the peoples; this will bring the curse of heaven upon us, the curse!" She was so sure the blessing would come,"The blessing will come; my reign will be glorious!"

God will humble any person that tries to create self worship. God will humble any person that tries to be God because there's only one body of God and that is Christ when he comes. We told her three years ago, "You go down this way Mother, we love you but we cannot, we will not support you." Why? Because silent compliance will equal our support! Now people are starting to realize why we did not support her.

I know everybody brings up the Hitler example, but when Hitler was killing the Jews what happened? All the people just silently complied because they didn't want to lose their job, "Just shut up about the fact that we're killing these people; shut up! You know we've got to get paid; I've got to feed my kids!" You see what I mean? Silent compliance equals support! If you are silently complying you are supporting Satan's will! Deal with it!

On the year of the *shmita* she dethrones Father and is now sitting on her throne, sitting on Father's throne!

Let me tell you something just in an Asian context. If you're an Asian person this is the absolutely most dishonorable thing you can ever do; if you're from an Asian monarchy this is the most

dishonorable thing you can do, right? Even in the West this is kind of crazy, but in the East you will get killed for doing this; you understand? You will die.

See, when the reality of this happened three years ago and we were in the big fight in the hospital where they're trying to pull plug, the Cheong Pyeong lady brainwashes mother to say, "Let's quickly pull it!" This is while I released an international memo to the international Church saying, "Everybody please pray for Father! Do conditions, fast, do bows; do conditions! Let's pray for Father; There will be a miracle that will happen!"

During that period while the whole Church is praying, they want to pull the plug! Capture the political advantage! I remember just being in that room; Mother called a whole meeting. Who was there? The top elders were there: Pak Bo Hi, Kim Young Whi, Lee Jae Seok, Yong Chung Shik, Seuk Joon Ho, Kim Hyo Yul, Kim Hyo Nam, and myself and Kook Jin Hyung. She did not even let the daughter-in-laws come in. We were in that room.

That's when she said, "I'm going to pull the plug on Father. His lips are changing color, etcetera." She went down every single one, because we begged her, because she told us in advance and we said, "Mother you cannot do this first of all!" That's why she smacked me on the left side of my face, because I told her the truth, "If you do this, you will be remembered as the murderer of the Messiah, Mother! Do not do this! Fifty years of suffering, don't throw it away at the final hour!"

So we convince her to get at least the top leaders in there or the top 36 couples, so they could at least give some advice, because we were praying that these people would say, "Don't do it!" What politicians! What frauds! On the final hour of the Messiah's bed, where he cannot even defend himself, every single one of them except for Bo Hi Pak - I give him credit, in that thing I give him credit, other things he did were real stupid, but for that I give him credit- every single other one stayed silent; even one of them said, "Well, everybody dies sometime!"

And we had to see this with own eyes! You can't believe the type of betrayal, as sons that we feel, seeing that. They would rather lineup for the next wave of politics instead of do the right thing saying, "Mother, please don't do this!" Does this make you feel uncomfortable, folks? I hope it does, because people have to wake up; people have to wake up.

So Kook Jin Hyung and I told her; she went around the whole circle and me and Kook Jin Hyung last. She said we could say something. I said, "Mother, if you do this you will become the murderer of the Messiah!" And Kook Jin Hyung spoke very strongly to her.

Immediately, the politics began and these guys started trying to push us out. Why? Because we broke up their embezzling schemes, we broke up their unions, we broke up their little games they play to exploit members. We went in there and made the churches be transparent. We made them report to the members, we made them report finances to the members; we made them transparent.

We made the ministers accountable and not able to abuse Japanese sisters, "Just because you're Korean minister, don't use the same stupid comment: oh you colonized our country so you're evil; pay indemnity!" That was rampant in Korea and we broke it up; we broke that racket up. So they were itching, seizing this opportunity to get rid of him.

You see, this is the reality! We told Mother in many, many, conversations; you don't even know how many conversations, you don't even know! Day after day, day after day, day after day, day after day! Crying, weeping, trying to speak nice; trying to do this, trying to do that, trying to convince her this way, trying to convince her that way! She had already made her mind; she had already been dominated! The *han* which she had to digest as her final task, and to bow to the will of the King, that *han* consumed her. So she is going blind physically, yes she is; that's why she has to wear these big sunglasses.

And of course in different places more and more, you see at public gatherings she's now sitting in Father's throne. This is the fall of a woman; it's the fall, leaving her position as an object and sitting as a subject! Do I like to say this? No! But it is what it is! Deal with it!

Three years ago, when she said, "Who am I?" I said, "You are the victorious True Mother." She said, "No! I am the Messiah. I am Hananim! I am God!" I told her, "Mother, you are not God, and you must not say that you were God, or God will judge you! He will humble you and teach you who is God!"

They mocked us, laughed at us, "How can Korea be under any threat, or anything happen to Korea as True Mother of heaven and earth is there; the blessing of protection is there?" We told her, "No, it is not; it is gone!"

And so isn't it interesting on the third year just as I told her, "Father will be patient for three years," on the third year, super *shmita* year, third year of Father's anniversary *Seonghwa*, which is the traditional time, out of all the countries Korea gets slammed with MERS, now 33 people dead, because of MERS, this mysterious Middle Eastern virus.

(Showing headlines) Middle East Respiratory Syndrome Outbreak, 2012-2015 MERS case; death toll remains at 33, health ministry says- @YonhapNews

And as I said, this is only the beginning; it's because of this that Cheong Pyeong, of course, in the beginning of the year is under government auditing for embezzlement, fraud etc and Cheong Pyeong Center which was "under the protection of Dae Mo Nim, and all that; nothing will happen to it," well it's closed down, yes it has to close down; they had to shut it down.

See, remember if you've been watching the sermons, I said five months ago when they were having the Korean government coming in and auditing it, you remember that? I said, "Boy, it would be such a sign if God closes down Cheong Pyeong!" And everybody was laughing, "Hahaha! Aw! He's such a

conspiracy theorist!" Cheong Pyeong is shut down, folks! You understand that? I said that six months ago! That's a clear sign! Don't be fools! Don't be fools! 'Fools' is a nice word; don't be stupid!

We're in the *shmita* year; we are in it, folks! The *shmita* year! I really encourage every one of you to research this; research it, study it! Get Rabbi Khan's book; he signed a copy for me. Get his book on, *The Harbinger*; read it. There's biblical truth. Look at our culture! We've become so anti-biblical; we become satanic, restraining from the framework of Providence. That's why we're cursed.

America's Rise in History

- ❖ 1917- *America rises to power, ending World War I. The rising of the Communist state of the Soviet Union.*
- ❖ 1917- *The defeat of Germany. The fall of the Czar of Russia. The fall of the Austrian-Hungarian Empire. The fall of the Turkish-Ottoman Empire.*
- ❖ 1930- *Great Depression*
- ❖ 1938- *German Nazis attack Jewish BUSINESSES and burn Jewish synagogues on Kristallnacht (the Night of Broken Glass.)*
- ❖ 1945- *Nazi Germany is defeated. The atomic bomb is dropped on Japan, thus ending World War II and beginning atomic age.*
- ❖ 1945- *The United States becomes a military super power. The U.S. dollar becomes the world standard currency. The United States is the richest country in the world, and the world's largest lender nation.*
 - *Korea gets independence*
 - *1950-3: Korean War*

Look at what happens in American history. These are all years: 1917, 30, 38, 45; these are all years of the *shmita*, okay? Every single one you'll see on these next couple of screens is a *shmita* year. Look what's happening! It effects world changes, world- level events, it effects how powers move; it effects everything. And it's tied to a Sabbath year that is commanded in the Bible, to rest. It's a year of nullification; it's a year of shaking, if the people are defiant against God; it's a year of- the literal transition could be- 'fall'.

It depicts the rise and fall of nations, of nations. It depicts the superpower that rises and falls; which nation crumbles, and which nation now rises to take its place. It deals with currencies and who will dominate the money fields. It deals with economic crashes; every single one in the last fifty years has been on a *shmita* year. Every single crash, from the Potomac Crash, the Black Monday Crash, to the major crashes of Wall Street 2001 and 2008, the Lehman Brothers' Crash, all those, every single one on *shmita* years!

1917 America rises to power ending World War I. The previous civilizations are collapsing, the Ottoman Empire is collapsing. America is rising; the West is rising.

1917 Defeat of Germany; fall of the Tsar in Russia; the fall of the Austrian-Hungarian Empire; the fall of the Ottoman Empire! Civilizations change on that year!

1930 Great Depression hits America, slams America.

1938 German Nazis start taking over Europe. That's another *shmita* year.

1945 Germany is defeated; the atomic bomb is dropped on Japan beginning the atomic age. The atomic age starts on a *shmita* year; the United States become a military superpower.

Korea gets its independence. As you studied last week the Korean War also begins and is ensuing during another *shmita* cycle

Continued

- ❖ 1973- *The United States Supreme Court declares that AMERICANS can kill their unborn babies.*
 - 1973- *The World Trade Center is completed which is a symbol of America's economic strength*
 - 1973- *America loses its first war to Vietnam. Nixon takes America off the gold standard. This sets in motion the decline of the U.S. dollar.*
- ❖ 1980- *The U.S. Supreme Court bans the posting of the Ten Commandments in public schools. Thus God is now completely banned from our public schools in America.*
 - 1980 *Bond Market Crash*
 - *Stock Market Crash of 1987 or "Black Monday" was the largest one-day market crash in history.*

1973 the United States Supreme Court declares Americans can kill unborn babies through abortion.

Right after that the World Trade Center is completed as a symbol of economic power of America.

But right after that America loses our first war in the 20th century; we lose in Vietnam, right after we legalized infanticide and the killing of babies, not giving babies the rights of life, which every one of us has.

Nixon takes America off the gold standard; we leave the gold standard. The Federal Reserve starts printing money; this sets in motion the decline of the US dollar.

1980 the US Supreme Court bans the posting of the Ten Commandments in public schools. God is out of the public schools

1980 we have a bond market crash one of the biggest until that time

1987 seven years later, we have the Black Monday Crash largest one -day market crash in history.

Continued

- ❖ 2001- *The World Trade Center buildings (the symbols of America's economic strength) are destroyed. One week later Wall Street has one of its greatest collapses on the last day of the Jewish Shemitah year.*
- ❖ 2008- *Exactly seven years later, Wall Street suffers its largest decline. America is now the world's largest debtor nation.*
- ❖ 2015- *Supreme Court legalizes gay marriages*

- Chinese Renminbi (Yuan) to enter World Reserve Currency list in October meeting of IMF directors.

(Reading above & comments)

2001 the World Trade Center buildings destroyed; one week later Wall Street greatest collapse till that point. 7. 777 on the stock exchange; all sevens on a seventh year *shmita*

Seven exact biblical years later, on the day, Elul 29 both in 2001 and 2008, on Elul 29, that's the final day of the *shmita*, exactly the same biblical day, Wall Street suffers its largest decline.

In 2008 America is now the world's largest debtor nation. We are the number one debtor nation folks! Mmm, not the world's lending nation; we're the number one debtor nation!

2015 which is this year, this is a super *shmita* year, from 2014 September to 2015 September, that is in the Hebrew calendar, the Supreme Court legalizes gay marriage. The tipping point is over! You know when you're in a chair, and you're leaning back and then there's a tipping point. Once you pass that point you will accelerate to the ground. All of you know who have sat in chair and you've done it, there's a tipping point. When you pass that tipping point you're going down; you going down.

That's exactly the same path that the Babylonian Empire took, the Seleucid Empire took, the Greek Hellenistic Empire took, and the Roman Empire took. See, once you leave God's covenant of marriage -we're going to get into this in a little more detail- there's a quick slope.

Logically you have no way now to stop what was previously known as 'dysfunctional sexual behavior'. You can see now even in psychiatric journals, they're now calling pedophilia 'minor attraction syndrome', changing the seriousness of it, "Oh! They are people who are suffering with minor attraction syndrome; let's be compassionate!" You see, same way they did it with homosexuals! It's genetic, right? It's a syndrome. First it starts as a disease, "Well, maybe it's genetic; let's be compassionate!"

Chinese Renminbi: in October of 2015 IMF directors' meeting, there is the almost one hundred percent guarantee that China's Yuan or Renminbi will be included into the world reserve currency list. There are already seven on there; China will be added in. "Oh, what does that mean for me? That doesn't mean anything!" Oh yes, it does, folks! Once that hits, your dollar will be weakened and when you go to Walmart you used to buy a gallon of milk from Walmart for three bucks, you're now going to pay six bucks. You used to buy 1.8 gallons of Odwalla Super Food for \$9; you're going to pay \$18 now. Everything will change when the money changes. All of this is happening right after the *shmita*.

(Reading headlines)

Business Insider reports that "The bond market is bracing for the worst and loading up on cash."

Ex- CIA director is saying "US is wide open to a grid attack."

CBS Washington: "The White House Intel Committee Chair says, "We have the highest level of threat in American history!"

Better wake up, better wake up, folks! Stop playing games; stop denying; stop running away! Wake up, wake up! You're in a *shmita*! Wake up! And you can read his comment about ISIS and terrorist cells growing in the U.S.

2014-2015 Tetrad

- ✓ *Blood Moon* April 15, 2014 Passover
- ✓ *Blood Moon* Oct. 8, 2014 Feast of Tabernacles
- ✓ *Solar Eclipse* March 20, 2015 Dedication of Moses' Tabernacle
- ✓ *Blood Moon* April 4, 2015 Passover
- ✓ *Blood Moon* Sept. 28, 2015 Feast of Tabernacles

We are in what is known as a Biblical Tetrad; these are Blood Moons which are lunar eclipses that happen on Passover. Why this is important? Because they're prophesied in the book, in the buttons of the biblical Scriptures, that in the Last Days you will see signs in heaven, you will see the moon turn into blood and the sun covered in sackcloth.

Guess what happens on this year super *shmita*? Well, on Passover of 2014 we had a blood moon. On Feast of Tabernacles, another holy day, we had another blood moon. Then on March 20, 2015 the dedication of Moses' Tabernacle day, we have a solar eclipse, so the sun turns into sackcloth. Then we have on April 2015, on Passover, on the exact holiday, we have another blood moon and another one's coming on September 28th, for the Feast of Tabernacles.

This is not hokey-pokey; this is prophesied 2,000 years in advance. And you can see everything converging, everything accelerating to a shaking. We've been talking about that for the last six months, or probably more than that, right?

When you understand a *shmita* you can see patterns; what happens in the beginning of the *shmita* sometimes can be harbingers or foreshadowing of what can happen at the end of the *shmita*, right? So in the beginning of a *shmita* it's always unnoticeable; you don't see the economy collapse, you don't see people are losing all their money. You don't see that in the beginning, but once you get to the climax in September, that's when you see the real climax.

But let's look at what happened in the beginning of this super *shmita*. What happened in the beginning that may be foreshadowing of what may happen at the end?

Shemitah

- 2014.9.25: 1st day of Shemitah:
 - Shaking Stock Market

- *Ebola scare with first case in America*
- *6.2 magnitude earthquake hits America (Alaska)*
- *In the beginning of Shemitah 2014*
 - *US is dethroned by Russia as the world's #1 nuclear power (in first week of Shemitah)*
 - *US is dethroned by China as the world's #1 economic power*
 - *Supreme Court set to decide gay marriage (which by 2015 is passed)*

Well, in the beginning of the *shmita* which was in September 2014 last year, if you were watching the stock market you could see that it was so chaotic; there was so much uncertainty in the market.

On the first day of the *shmita* in 2014, the first day, the first day of the *shmita*, 9.25 or September 25th, the first case of Ebola is here in America. You remember that? It's here on the first day of the *shmita*! Ooh! It's coincidental, whoopsie-daisy!

6.2 magnitude earthquake hits America, in Alaska, but it hits the Pacific Rim, whoopsie-daisy!

In the beginning of the *shmita* 2014, this super *shmita* year, what happens? America loses its place as the #1 nuclear power, it's surpassed by Russia in the first week of the *shmita*; in the first week, we're now #2 nuclear power. What else happens right in the beginning of the *shmita*? The U.S. is dethroned by China as the world's #1 economic power! So our status of superpower- hood is no more 'hood'; it's superpower- gone not superpower -hood!

And in the beginning of 2014 *shmita*, in September, the Supreme Court was set to decide on gay marriage. You remember that? And that happened just last year. They were set to decide on it; they had not yet decided but they have already decided now. They've decided.

Revelation 2

- *12 And to the angel of the church in **Bergamos** write; these things saith he which hath the sharp sword with two edges; 13 I know thy works, and where thou dwellest, even **where Satan's seat is ...***

It's interesting: there's something in the Scripture called 'Satan's seat' and this is from the book of Revelation and it says, "*The angel of the church in Bergamos write: these things saith he which hath the sharp sword with two edges- that's the *distomos makaira*,*" that is when Christ is seen, and he's seen in his true power with the hair as white as wool and the eyes of fire in the two- edged sword coming out of his mouth. Remember, we talked about that? Remember the *distomos makaira*, the two mouthed- sword coming up in the ancient Greek. Christ says to the church in Pergamum, "*I know thy works and where thou dwellest, even where Satan's seat is.*" So Satan seat was mentioned as being in Pergamum.

Remember months ago we studied Antiochus Epiphanes in the 2nd century BC that took over Jerusalem? Remember this guy? He was head of the Seleucid Empire. Remember this? Who remembers that, Antiochus Epiphanes? Remember? He comes in; he takes over. Remember? What does he do? He goes in God's temple; what does he do? He puts Zeus in there, remember? Who remembers this now? He puts Zeus in. Zeus is one of the masks that Satan uses; this is one of the masks, many masks, he'll use.

Remember we talked about it many, many, times, even if you're following the light or you're doing different types of meditation- I've done almost all of them- so many promising *anuttara-samyak-sambodhi*, the highest type of enlightenment, non-dual, non-binary, non- bifurcated consciousness, all types of supreme knowledge. Guess what? In the end they make you worship yourself; in the end you become -I'm sorry to say- you will become a demon.

I've done *chi gung*, I've done forms of yoga, many forms of meditation, from visualization to *shamata* to *vipassana*, analytical forms. With any single one, you can tell, that leads you to self-worship and believing you are God or greater than God, you are becoming a demon. Even the ones that promise you will come in contact with the light, the angel of light- which is Lucifer by the way, that's what his name means, right - and if you believe that through your practices and your consciousness and your good works you will be closer to the angel of light, you'll be now filled with the light and you'll now be the light and you will be God, I'm sorry to say you're becoming Satan. I hate to break it to you!

Because God is never going to lead you to worship yourself! Never! That's what Satan does. God will not lead you to worship yourself because that is against his nature; it is against him, his commandments, "*You shall not take any other gods before me and you shall only worship me!*"

So, Satan's seat is in Pergamum; there's a mystery here. This is called 'the mystery of Pergamum.' Very fascinating! Because in the late 19th century European archaeologists were excavating in Pergamum, what was known as ancient Pergamum, and they discovered little pieces and fragments of this tremendous altar. They eventually sent all those pieces back to Europe.

(*Showing photo*) And this is, this is the reconstructed altar at Pergamum. Does anybody know where this is? What nation is this in? It's in Europe; that's a hint. Ok, that's a hint; it's in Europe somewhere. Somebody said Greece, somebody said Britain. It's in Germany; it's in Germany. This was reconstructed and erected into the Museum of Berlin. This is the altar at Pergamum; this is what the Bible refers to as 'Satan's seat' or 'the throne of Satan'. Isn't that interesting? Who knew that? Isn't that fascinating?

(*Another slide*) Look at this! This is from the Museum of Nuremberg. This is their website.

The Zeppelin Grandstand and the Zeppelin Field were built on the Zeppelin meadow between 1934 and 1937, according to plans drawn up by Albert Speer. Rows of columns flanked the central section of the main spectators' stand, which was 300 meters in length, reminiscent of the Pergamon Altar on which it

was modeled. The Zeppelin Field could accommodate up to 100,000 people. The main stand and the side stands provided seating for 60,000 spectators

Did you know of a man named Albert Speer? Albert Speer was Hitler's main architect. Did you know Albert Speer was one day strolling around the museum, and his eyes fell upon this glorious structure? And he said, "My God, look at that!" even though he didn't believe in God. It's like these people that say, "Oh, my O.M. G.!" and they don't believe in God!

And guess what? This is the Nuremberg online Museum website. (*Reading*) "According to plans drawn by Albert Speer... "This is the Zeppelin field. This is where Hitler made his grand announcements to massacre, and to start prosecuting the Jews, the chosen people of God. This is the actual place.

Oh, whoopsie! What? "*Spectators stand 300 meters in length reminiscent of the Pergamon Altar on which it was modeled*" Whoopsie Daisy! Whoops, whoops, whoops, whoops! Satan got caught! The very altar where Hitler ordered the Jews to be murdered, slaughtered, the very, very, altar that he stood upon, shouting to bring the whole nation onto a possessed, a spiritually -darkened possessed realm, to comply with what the hierarchies say, "Just go along with it! Shut up and go along with it! It's the right thing to do. They are bad and they are very destructive towards society!" And people shut up and went along with it.

This is the very stage where the Antichrist figure launches World War II or is riling up his troops in World War II. Isn't that fascinating that they modeled this stage on Satan's throne? Isn't it interesting how it's all tied?

Remember that scripture in Ephesians 6 that says, "*Put on the full armor of God so that yee may withstand the wiles of the devil,*" remember that? And what is the Greek word for wiles? Who remembers that Greek study '*methodia*' right? It doesn't mean 'method'; it means 'well-traveled path.'

The devil did the same thing again, different masks. The real temple of God would take a sacrifice and it would be a scapegoat- that's what it was called' a scapegoat'- and the sins of the Jewish people would be put upon that scapegoat; it'd be slaughtered and the blood sacrifice would be made. How many know that? All of you know that, right? Okay.

Isn't it an interesting that Hitler, on Satan's throne, on a stage modeled after Satan's throne, calls for the slaughter of scapegoats? Jews became the scapegoats! Isn't that interesting? He was calling for slaughters of Jews, demanding their blood for the sins of us all. You see what I mean? He was doing what actually God would do in the temple, but he was repeating it; he's defiling it. He's doing it to God's people.

This is another image of Zeppelin Field. Oh! And isn't it interesting? Wow! Isn't it interesting how history has so many mysteries! Because look at the decadence we live in today! Look at how all the

young people here, all of you guys are pressured to celebrate homosexuality, "you intolerant people!" Right! You are commanded to do so by your society, otherwise you're intolerant and you're a bigot.

That's what you are, right, if you don't celebrate homosexuality because nobody can believe in the credibility of the Bible, of the Word of God, or even in God Himself. So we make up our own morality. This is the idiocy we live in now; all of you are aware of it.

Isn't it funny the person who really sold this mass scale, isn't it funny? President Obama runs on a platform in 2008. The New York Post writes about it because it's so awkward; it says: "O' MY GOD!" 'O' meaning 'Obama' MY GOD' right! *O' MY GOD! Dems (Democrats) erect Obama temple!*" What did they model this temple upon which the new president would take the throne of the United States or the superpower of the world? What do they model it after?

(Another photo) They modeled it after something that looks like this. Can you see the resemblance? Can you see the resemblance? Isn't it interesting that the puppet who is used to bring in 'now everybody's celebrated immorality' runs on a platform designed on the Pergamon Altar, which in the Scripture is clearly said to be the seat of Satan? It's interesting how Satan will use many, many, different faces or masks, but he will still want his throne! Isn't that interesting?

(Another slide) This is Newsweek! "*This is the first gay president!*" Celebrate everybody! If you don't, you're a bigot, and you're intolerant! "We believe in equality and freedom of speech and you can believe what you want but anybody who opposes this, you cannot speak!"

This is the puppet that brings it and sells it; sells it to the blind and dumb masses. I hate to say it but it's true. You don't like my word choice? Deal with it! You're adults, you're big boys and girls; deal with it! If it's dumb, it's dumb!

Isaiah 5

- *20 Woe to those who call good evil and evil good, who put darkness for light and light for darkness.*

(Reading the quote) Woe to them! It will make a mockery of God. Before we get into that, let's look at this real quick! Let's watch this video real quick!

Video:

Should marriage be limited to one man and one woman? Why do governments promote marriage between one man and one woman? It's not just because two people love each other. No! It's for the perpetuation and stabilization of our society.

This understanding of marriage is rooted in the biological facts of nature, but do we really have any compelling reason to maintain such a narrow definition, or has the time come for the government to revise and expand our understanding of marriage to include same-sex couples?

When it comes to the behavior of its citizens a government has only three options: it can promote, permit or prohibit their behavior. For example the state promotes police work, permits most occupations, but prohibits drug deal. Why? Because dealing drugs harms society, while police work greatly benefits society!

In the same way our government promotes natural marriage, permits most relationships, but prohibits incest and pedophilia. Why? Because in-system pedophilia harms our communities, while natural marriage benefits our communities.

And here's how:

- 1- **Natural marriage** creates children,
- 2- It best raises children.

(Reading) Natural marriage encourages an adequate replacement birth rate resulting in enough productive young people to contribute to society. It provides security for the elderly. Children from natural marriages' homes are six times less likely to commit suicide, half as likely to become pregnant out of wedlock, and less likely to drop out of high school.

- 3- It protects women; it civilizes men.

(Reading) It protects women who often give up or postpone their careers to have children from being abandoned and harmed economically by uncommitted men.

- 4- It civilizes men: married men are more likely to be employed, cause fewer crimes, less likely to be in jail. How often do married men roam streets and gangs?

- 5- It lowers crime poverty and welfare, which in turn reduces government spending and deficits

(Reading) Children from natural- marriage homes are seven times less likely to live in poverty, half as likely to commit crime and are stronger economically and socially; they are also healthier physically and emotionally when they reach adulthood.

In short, natural marriage perpetuates and stabilizes society; everyone benefits from that even those who don't get married!

Now let's look at **same-sex marriage;** what benefits does it provide?

- ✚ Same-sex marriage offers no benefit for society as a whole, in fact it hurts us!

Promoting same-sex marriage changes the very purpose of the civil institution of marriage. Natural marriage centers on bringing up the next

generation, on raising children to become good citizens. Same-sex marriage merely validates sex partners.

We know statistically that natural marriage creates the best possible family for children. If we alter the primary purpose of marriage, the losers will be the children. Doesn't every child deserve a mom and dad?

What about natural marriages that don't create children? They are the exception not the rule. The only relationships that do create children are between a man and a woman.

- ✚ Wherever same-sex marriage is promoted schools subject your kids to mandatory homosexual curricula.

Headlines: "Clashes pit parents vs. gay-friendly curriculums," "Father faces trial over school's pro-gay book: dad arrested after objecting to kindergarten's reading material."

- ✚ Your business and your taxes fund homosexual relationships.

Headlines: "Government can override your religion. Court rules: businesses not allowed to reflect faith of their owner." "Christian photographers sued for refusing to take pictures of gay wedding."

- ✚ Your freedom of speech is gagged.

Headlines: "Sports anchor fired for tweeting his support for true marriage," "Consultant fired for writing book opposing same-sex marriage."

- ✚ And your religious freedom is overruled.

Headlines: "Student expelled: disagree with same-sex marriage," "Catholic charities to stop adoption service over same-sex marriage law."

The government has no compelling interest in legally promoting same-sex marriage. None! But we have every reason to continue to promote natural marriage.

What about equality? The law already treats everyone equally; every citizen can marry someone of the opposite sex.

But is it **fair** to promote natural marriage but not promote same-sex marriage? Yes! The Law treats all people the same, but it doesn't treat all behaviors the same. Same-sex marriage and natural marriage are different behaviors with different outcomes, so the law rightfully treats them differently.

Isn't this discrimination against homosexuals? No! This discriminates against behaviors not people. For example: are you being discriminated against when the government promotes police work but you never become a police officer? No! Not at all! We all benefit when police work is

encouraged. In the same way people who don't marry someone of the opposite sex are not discriminated against when our government promotes natural marriage. In fact we all benefit when natural marriage is encouraged.

What about tolerance? Yes! Same-sex marriage advocates need to be more tolerant.

Headlines: "Obama's EEOC nominee: society should not tolerate private beliefs that 'adversely affect' homosexuals."

Homosexual relationships are already tolerated in the US. They can already commit themselves to each other 'until death do them apart' *without government endorsement.*

But only the union of one man and one woman should be promoted because it alone is the foundation of civilized society. That's not bigotry that's biology! *(End of video)*

It's beautiful! It's actually very logical, and they address all the points that the young people are brainwashed with. What about equality? Aren't you discriminating? It's all there! Watch it over and over again; you can understand the logic. We all have minds, we all have brains; we can understand the logic.

It's a very powerful argument because it gets back to this point: see, the devil is not only interested in doing evil; he's interesting in defiling good! Do you understand? He's not only interested in just doing evil things. He's interested in desecrating what is good, defiling it so it becomes evil, and then calling that good! You see what I mean?

Notice how this happens both on the macro and the micro. It's happening on a macro scale because you see America has now tipped the tipping point; morally it's done.

Isaiah 5

- *20 Woe to those who call good evil and evil good, who put darkness for light and light for darkness.*

So right now it's tipped. It is now saying: what is good is defiled to now mean that which is evil, and then everybody's forced to say that's good; you're forced to celebrate or you're intolerant, you're a bigot.

Guess what? I'm not scared of those words; I'm not scared of them, and I'm going to stand on the truth! What do they say at the end?" It's not bigotry; it's biology." Isn't that interesting? Because natural marriage offers all those benefits to society whereas same-sex marriage offers none! Study that for yourself! Satan likes to do this: he likes to take what's good, defile it; call it good.

Look what's happening on the microcosm level too, in the Family Fed! Look what's happening! You take what's good: the Messiah's words, the Messiah's traditions, redact them, change them, erase them, and you're supposed to say, "That's good!" You have political correctness and you are intimidated by your people around you, and you were supposed to say, "That's good!" That's fraud, folks; that's fraud!

That's exactly how Satan works! He works to defile. He doesn't only work to do evil; he works to make what is good be evil. That's exactly what Hitler did, didn't he? When he made the Jews who were the blessing to Germany, he made them look as if they were evil.

Now guess what? Christians are the blessing to society! They are the blessing! Yes, Unificationists, Christians are blessing to society! Get used to it! Christians are blessings! I'm sick and tired of the anti-hate-Christian culture in the UC movement! Christians are the chosen people! Don't be bigoted against them, right! Hello! If you purport to be a believer in the Divine Principle and the Second Coming of the Lord, don't hate your people who are the Christians!

And isn't it interesting? We have the same situation now, because it's institutionalized and now legally the government will force you to celebrate same-sex marriage even though it offers zero to society, and desecrates God! Isn't interesting that the Family Fed will not even mention, saying, "We support natural marriage." They will not even say in public, "We support natural marriage, Adam and Eve."

You see how they're lovers of popularity, frauds, lovers of hierarchy power, more interested in being popular with a decadent culture which is doomed for destruction- by the way- more interested in being popular with that culture than being true to their King and to their God! I call that 'fraud'! I don't know about you, what you call it; if you feel convicted, well; take it from the Holy Spirit!

Isaiah 5

- *20 Woe to those who call good evil and evil good, who put darkness for light and light for darkness.*

See, this is what will happen the last days: evil will be called good; good will be called evil. Look at the second part! "*Darkness will be put as light, and light as darkness.*" Do you see? In the Last Days, there's a separation; there has to be a separation. There's a separating from the wheat and the shaft; there's a separation. A polarization occurs, those who really believe on one side, who are the light and those who will follow and prostitute themselves to what's popular! Nothing more than prostitutes! Not standing for truth, not standing for God! They will prostitute themselves to be popular!

And this is what happens at the end: when the polarization occurs, you can see who has real faith, who's a fake, who's not a fake; who is a nominal Christian, who is a nominal Unificationist. "Yeah I am a Unificationist! I believe in him; yeah!" When it comes to the polarization, you are exposed, right,

everybody gets exposed, and so many want to hide from looking at themselves in the mirror, seeing that they're frauds, and repenting.

"Light will be dark; dark we be light!"

So in the Last Days we're called to be brighter lights, brighter lights, so that people can wake up. Sometimes that comes through one-on-one talking to them really nice. I mean I do that too, but sometimes it comes through, "Wake up! Wake up!" right? We are called to be light, to stand in the midst of darkness, to not be succumbed by darkness, because we have a power which is more powerful than any darkness.

You see, darkness is illusion; it is an illusion of power. It intimidates you, creates fear in you. "What if they persecute us? What if we're mocked? What if we're not let in?" It works on your fear; you become fear-based, you become weak.

But when you are standing in the light of God and you are standing with the anointing, not worshipping yourself but worshipping Him, giving Him all the glory, you are not cared of devils and demons, you are not scared of mockery; you are not scared of persecution. You are not scared, then you have power, you have power, and that's what the devil does not want you to have.

Umma, you want to say something on that?

Yeon Ah Lee Moon:

Thank you so much! Let us give one more, big round of applause to Pastor Moon! Thank you! That was kind of abrupt, right? Thank you

Nowadays a very hot, hot, and controversial topic is homosexuality, right, but when we think about homosexuality I believe that we have to go back to the Word, and what the Word says about it, right? And not does only the Old Testament say that about homosexuality is wrong in God's point of view, but also the New Testament explains why homosexual is wrong. In Leviticus and Timothy, Isaiah and first Corinthians, Second Corinthians; it all talks about it.

It says, it's unrighteousness, it's a dishonorable thing, it's an immoral behavior, and even it says that those who practices homosexuality cannot inherit the kingdom of God. And even in Leviticus 20, God is very clear and I'd like to share it with you.

- **Leviticus 20:13:**

"If a man has a sexual relationship with a man as one does with a woman, both of them have done what is detestable. They are to be put to death; their blood will be on their own hands."

It's very clear and it's not debatable according to the Word, right?

But brothers and sisters, I'm not standing here to condemn anybody because I will be the first one who will confess that I'm a sinner; we are all sinners in front of a perfect God. Don't you agree with me?

And then the Scripture says, *"If you say you are not a sinner, you don't have a speck of truth in you."* and if you don't admit that you're a sinner, the Scripture says that *"you are making God a liar"*; that's what the Scripture says. And, brothers and sisters, I believe that God has the power to forgive any sins, any sins, because if He was intolerant towards sins and sinners, we would be the first one to be struck by some thunder. Don't you agree with me?

That's why we need a God of forgiveness, a God of grace; that's why we need a Savior; that's why we need a Messiah. Think about Jesus: when the Pharisees pulled out of a woman who had been caught in the act of adultery, Jesus forgave her first and then told her, *"Go and do not commit sin anymore!"* and he forgave her.

And think about our True Father: he gave the Blessing to all sorts of sinners. Don't you think he knew that we were sinners when he gave us the Blessing? Do you think we were perfectly clean after those conditions, and that's why we got Father's blessing? No! But Christ is the embodiment of forgiveness; that's why he gave us forgiveness and grace, brothers and sisters.

Brothers and sisters, we are called to bring repentance to people; that is our purpose to be here, right, so that we can all belong to God's family. Today we want to bring our repenting heart in front of our perfect God, and let us bring all our glory, all our repentance, to our One True God. Aju!

Pastor Hyung Jin Moon:

Amen! Wow! Wow! See, that is a woman who speaks with power; she has tremendous power! Anybody who meets her, you know she has tremendous power. My kids know she has tremendous power! Not because she's a bossy mom, she's very loving, she's the most loving person; but she has anointing and power.

I have heart-wrenching discussions with young people, you know, and we're talking, *"Why aren't we putting True Mother in the pictures anymore?"* Because she's not true; that's why we're not! Because she has done what no woman should do! She's not the example of what a woman is in Cheon IL Guk: to bite your tongue for fifty years and with that resentment to desecrate your husband, dishonor him, to pursue self-worship. That is not what a woman should do, or a man for that matter!

That is not the example of Chun IL Guk! That will only raise narcissistic egoists who believe they're empowered to dominate men, opposite of what they're complaining about, right, that *"we've been dominated by men for so many years, now it's our time to dominate you!"* Opposite, same sin! Do you see?

The true example of a bride of Christ is one who glorifies Christ with every breath she has until her death! Not until you can't see him anymore, not until "I have all the power!" It's to your death! You are called to be a warrior, someone with integrity and honor, a Samurai, in that sense, in that spiritual sense, not somebody who's seeking convenience, vanity, power, using members to fulfill your own luxury! No! That's not the example for Cheon IL Guk!

Does it pain me to say that? Yes it does! It really does because she's my mom and I love her, but what she's doing is wrong and it is dishonorable. The example is of the woman who will not pursue her vain glory and pursue godhood, just like every other failure in the past history of man, man or woman. The example of the woman is what my wife is showing, which is what?

Bowing to the will of Father, even to her own son, whom she did not choose, and I didn't choose; but Father chose him so she bowed to him as the Third Kingship. That's the example of somebody who doesn't live for herself; that's the example of somebody who will die saying, "I will serve you, Lord!" That's what Mother should have done; that's exactly what she should have done!

On that day, I told my son, "Don't you dare get a big head boy! Don't you dare get a big head, and start being arrogant to your brothers and sisters! You love them! You serve them!" Right, you probably saw that; if you've seen, it you've seen it; if you didn't watch it, please, okay.

You see what a real example the head of the brides of Christ must be like. What you saw when Father was always here, it changed when he was not. That's not real! So, no she cannot be the example in Cheon Il Guk; that's why she is no longer true. And it's very interesting that people now call her 'the mother of all harlots', they call her 'Han group leader;' They call her...? Why? Because she could not overcome herself! She could not overcome herself, and that temptation to want to be powerful.

Because that leads to destruction, folks! If you ever have power, I guarantee you; watch out when you have power, watch out! Make systems of transparency to check you, then you can have a saving-grace chance. You have no checks and balances on you, and you have everybody around you; you have sycophants and no checks and balances on you? I guarantee you, you will be a tyrant!

The Founding Fathers said, "*Absolute power will corrupt*," what? "*Absolutely!*" That's why they made checks and balances. That's why when we held power, Kook Jin Hyung and myself, whom Father anointed as Cain and Abel, we always made checks and balances, accountability for every decision! You can't blame somebody, "I never made the decision!" You're accountable!

This is the time we live in, folks; this is the time! The good news is this: this is a time of polarization. It's a time where the light gets lighter and the darkness darker; it's a time where there's no more gray zone where people can hide; no more gray zone! They're either with God or they're against Him; that's simple. This is the Last Days; this is it! You cannot hide like, "I'm a good person." No! No more of that fakery! You can't hide anymore! Either you believe or you don't; as simple as that!

So it becomes a time of great clarity, of lucidity, and also it becomes a time when people can wake up; why? Because God will not warn people; He will not use me to challenge all the Unificationists worldwide, to shout at them just like Father did. Not because I like to shout at people! Anybody who knows me knows I don't, right? Do I like shouting at you guys? I don't shout at you. I tell you the truth but I don't shout at you. I'm very controlled.

But when you're fighting literally, literally, people who are spellbound, possessed under spells that literally Satan has cast over them, you sometimes have to shout at them, and say, "Wake up! Break out of that spell!" Because they are literally spellbound; they cannot see.

So God warns us, He teaches us, He tells us, because He loves us. He does not want to see us go into destruction; He does not want to see us go into desolation and pay the penalty. He doesn't want that, but He will let it happen, just like anybody who is a parent, right. Sometimes, your kids have to learn on their own, right. You warn them a million times, but, hey, they just want to jump off those two-stories. And when they do, they break their ankles, and you kind of want to say, "I told you so honey!"

It's that time, the time of polarization, the Last Days, before the judgment really hits strong and powerful, before it comes on strong. This is the time folks, to get right with God. Don't delay! You see what is happening with the *shmita*; don't delay! It's a time first to get right with God. Yes, be prepared, be wise, be prudent, take refuge, prepare yourself, and prepare for your family. Don't be fools! Get right with God; get right with Father. You know who the King is in Cheon IL Guk, and you certainly know who the King is in the Kingdom of Heaven. Amen!

Let's read **Cheon Seong Gyeong 149**. Let's read together:

- *The Savior is one who pioneered the path of sacrifice, offering his life to relieve God's anguish that began with the Fall. The Savior is not only living in glory. He weeps together with God's heart and is deeply concerned with bringing Satan to his knees.*

Bringing Satan to his knees! In this time when you're being challenged, every single one of you on the macro and the micro, I want to ask you: if you want to pray, come on down here to this altar; come on down. Let's all stand up! You need strength at this time. No more gray area folks, no more. You either are for God, or you're against Him. No more gray!

If you want to stand with others who are committed and standing in faith, who know and want to heed the warning of the Shepherd's call- and that's all of us- who want to come before Him and his amazing grace to find redemption, where two or three are gathered in his name, there He will be!

Let's be with Him today; let's be with Father today! Let's be with him! I want to be with him! I want to be with him, and I will be with him, and you will too.

Prayer:

Father, we thank you, and we come before your throne. Father, every single one of these warriors here is standing here, amidst persecution, admits mockery, amidst being called conspiracy theorist, amidst being called every which thing, to make them be intimidated from hearing and learning and walking the truth. It's very simple: what you have left us are the gifts of God to humanity. Let us preserve them! That's simple! Done! Period!

Father, we stand upon your foundation. Father, we also stand at this time, not mocking Christians, not hating Christians, not doing what the Germans did to the Jews. We embrace the chosen people; we embrace the biblical source, just as you did when you revealed the Divine Principle.

Father, we thank you for this time of anointing where, Father, you are moving the Old, New and Completed Testament. Jewish believers are gathering here; Christian believers are gathering here too. Thank you Father, the moving of your Holy Spirit is leading people to take refuge for they're prudent.

Father, we thank you at this time, because in this time of polarization there is clarity; we all get to see where everybody else stands. Will you stand with what's popular? Will you go with the world and be a fake? Will you do what's hard and be persecuted and mocked and crucified upside down, and be real? Just like the early apostles, just like Father, who walked the course of death, crucifixions, torture, and pressed forward!

Father, we pray that you would touch every single one here, for we are all sinners before your perfectness; we are all sinners. We've become so arrogant, as a body, thinking that we deserve our righteousness! No! Our righteousness is your gift that you've given to us, paid by blood; our purity is a gift given to us by You; our holiness a gift; your love a gift; nothing we deserve!

Father, we humble ourselves before You, because the Scripture says, *"If my people who are called by my name turn from their wicked ways and repent"* That means 'to change our mind'; *metanoia*, to repent, to turn, to change. Father, we want to be out of Satan's dominion, out from under his throne, his feet, his oppressive nature; his oppressive feet!

We want to be under the freedom of the wings that You give us through your love and your grace. We want to soar with You like eagles! Father, even though there are enemies that try to shoot us down, we will follow You; we will follow You!

Father, we thank you so much for this day and the people who are gathered here before your altar, before our own temple of God which is right here. We pray that it may not be defiled and that good

may not be called evil, and evil not be called good. Father, there is a new wave of persecution coming now for people who believe in the biblical principles; it's coming, and we will see fake Christians and fake Unificationists go with the world.

We pray for them, and we love them, but as warriors here, we will not do so. We will not do so! Because we will be like the Apostles and the ones that are remembered in history, not going with culture, but standing on what is right, being a beacon of alarm and awakedness to those around, that can wake them up in different ways, but in the end to call them to your love and your grace.

I thank you Father for all that You have done and all that You are doing in our life. Strengthen us in these Last Days, and Father, pour out your spirit upon our lives. Let us see You! Let us have encounters! Let us have dreams, visions, and encounters! Let us hear of heaven! Let us open our senses to You!

We thank you Father at this time, and we give You all the praise, glory and honor, as we report this as central Blessed Families, and in your name we pray. Amen and Aju!

God bless your neighbor! Hug your neighbor! Say, "Stay strong and be of good courage! You are a warrior of God and you have the full armor of God!" Bless your neighbor everybody! Come on; bless your neighbor! Bless them, bless them! Yes! Bless them, bless them! Whoo! That's the kingdom right there! That's the kingdom right there! Amen! Amen!
