World Peace and Unification Sanctuary- USA

America is a nation in the same position as Rome. Then, at a time like this, why do I bring members of the Unification Church from Japan and all around the world to America? After Jesus died on the cross, all of the disciples focused on Rome. In the same way, we have to restore those circumstances through indemnity. We must not be chased away from here or be killed. Instead, we must be welcomed and launch a movement that will establish the heavenly nation here and offer it to God.

Greetings!

In this week's sermon, Hyung Jin Nim and Yeonah Nim discuss the connections between Biblical prophecy and America's role in the world, and what is at risk as America's religious foundations are being erased. "Progressive" trends like the Supreme Court decision to mandate Gay Marriage are not really anything new, but rather a revival of the anti-Christian culture of the Greco-Roman civilization.

When such changes are institutionalized into law, the government has the legal authority to prosecute those advocating Biblical values for "hate speech." As countries abandon Biblical norms and morality they come into judgment. No country, Korea and the U.S. included, are exempt from the judgment of God. Early Christians were willing to risk persecution by facing evil. As the darkness becomes darker, the people of God must become lighter. The children of God should never become slaves of an authoritarian,

immoral government. The ideal of the Father's teaching was freedom and responsibility not slavery.

On a lighter side, you'll enjoy Yeonah Nim's charming, but meaningful, second children's book "God Won't Know."
