

The Kingdom of the Redeemed

Hyung Jin Moon

August 7, 2016

If Family Fraud actually thinks they can speak to Christians like this, they are smoking crack! They are smoking heroin, crack, and cocaine, whatever. It is worse than that. You might as well be swimming in crack or something, because nobody is going to take you seriously. It is immediate paganism, immediate heresy. To any even nominal Christian, it is utter blasphemy.

Exodus 20

Therefore, this is, of course, where we get the 10 Commandments. The 10 Commandments come out of Exodus 20 and it is usually, shortened to give us an easier tool in order to memorize them, right? "Don't have any Gods other than me. No idols do not use the Lord's name in vain. Honor the Sabbath, honor thy father and mother. Do not kill, steal, do not commit adultery, and do not covet. It is, put in smaller forms so we can remember them quickly. But it comes from Exodus 20. And the first one, obviously is very clear.

"You must not have any other God but me."

When all the other commandments are broken, it is because of this one. Every single commandment that you have is connected to the first commandment. When you have another God other than the one true God, who is truly the root of goodness, benevolence, love, who is love. When you have something other than that, all the other commandments become broken. Every single one. Once this one is broken, everything else is broken.

However, this one is a "sneaky" one, because this one does not necessarily manifest. It does not show up. If you murder somebody, that kind of shows up! If you lie to somebody, somebody will figure it out one day. But this one you can hide. You can hide this one in your mind. Does that make sense? You can hide it in your spirit. You can hide it away from people just like when we wake up in the morning and we hide our face, we make up our face, right? Our real face, right? [Laughter]

In the same way, we can hide this one. The fact that we have another God other than God. What does that mean? Jesus said, 'You have to love God with all your heart, all your mind, all your strength, all your will.' Every cell in your body has to be loving God. That is how intensely we have to love God. Now, how many other things get in the way? How many other things get into that position? Whether its entertainment, games, drama, what is the majority of our day spent upon? Work, whatever it is. Looking good, success, whatever it is.

How often can we truly love God endlessly, ceaselessly, without stopping, with all our heart, all our intent, all our mind? Instead we're worried about, "Oh, this or that's happening with my child, or this or that is happening, oh my goodness, this is that, or that is this, or that is not that, or that is not this, etc.

When we start breaking that first commandment, everything else starts fading away. Everything else starts cascading into more and more sin. When we look at the Han mother, we can see it. Not only is it now coming out that she had an occult ceremony where she married a different spirit other than God, which of course is Satan. If it were another spirit other than God, what would that be? It would be Satan. Any other god other than God is Satan or a devil. Some demon, away from the true God. So not only did she marry that thing, which is, of course, why the whole Family Fraud has been cursed, but she believes that she is the savior.

That she is God. How many people in the modern world have we heard say, "Heaven or hell exists, I guess, if you believe in God?" That is like saying, "This chair exists if you believe in reality." [Laughter] So, a lot of people say those kinds of things, or "Oh, yeah, my God wouldn't do this, or my God wouldn't

do that, or my God would love everybody, or my God would let everybody into heaven." You are making up God. You are making up God to make yourself more comfortable with your own sin. To make yourself more comfortable and justify whatever. You are making a God. That is not the God that is revealed. The God that is revealed is perfect and He is just.

Therefore, in the midst of perfection and justice, we are all condemned. Sorry. Every single one. Lying, thieving, blasphemous, adulterers. Only God's perfect righteousness can cover us. Only His perfect righteousness can get a passing, one hundred percent grade on the mirror test of the law. That is the only thing. It is the only thing. Everything else, comes out as negative five, ten, twenty, one hundred, thousand, okay? Only the perfection of God, who comes in the flesh, can get the one hundred per cent mark. And you need the one hundred percent mark to get to heaven, to get to total closeness with God, after, in the spirit world.

You must not have any other God than me. From that stems all the other sins if you look at what we have now catalogued, what the Han mother has done. Now people cannot say that we are making it up, or that we are bitter, or we are angry. No. You see this? Do not make any idols of yourself, of course. But we know that she was replacing the picture of True Parents with herself as the empress. She did it at Han Nam Dong; she did it in Cheong Pyeong; she did not do it in super public places, but she did it in very public places and people on the staff, they all know.

That is why for example we have many people in Han Nam Dong, staff who, have been blessed secretly. Because they saw that ridiculousness. You must not misuse the name of the Lord your God. What does she do, one of the first things she did? She changed the name of God. She changed the name of God from "Heavenly Father" to "Heavenly Parents." Why? Because she wanted to include herself as God. Right? It was right there connected to the first one, 'don't have any gods but me.' Does that make sense? So since she wanted to be part of that God that she is now fabricating in her own mind, and creating in her own theology, and in her own possession, because we now know that she was now married to Satan. She actually did an occult ritual with Kim Hyo Nam. Officiating a marriage. That is like marrying the black plague. That is like marrying a cancer virus, do you understand? That is insane. Do not be surprised when you get cancer, you are married to it!

Remember to observe the Sabbath day, by keeping it holy. Of course, remember how Father did the public Hoon Dok Hae every day. Public. Look at this, look at what it says. It doesn't say only 'observe the Sabbath,' 'this includes you, this includes your sons and daughters, your male and female servants, your livestock and any foreigners living amongst you, for on the sixth day the Lord made the heavens and the earth,' etc. Remember how Father did Hoon Dok Hae? Every day, and remember when we all attended? We had to all be there. The sons and daughters, the maids, the dog, I even brought my dog to Hoon Dok Hae!

My dog has done many hours of Hoon Dok Hae! However, that does not give her the right to go to heaven! [Laughter] It is pleasing to God to see that, but that does not give her the right to go to heaven. "Your livestock, foreigners living amongst you." What happened when Father passed? Boom! Public Hoon Dok Hae stopped. They stopped. The gathering to come into the presence of God, the gathering to read the Word was erased. No longer done.

Honor your father and mother. Then you will live a long full life in the land the Lord your God is giving you. Should you honor your father and mother in the eyes of men?

Alternatively, does God command you to honor your father and mother in the eyes of God? It is actually a very simple question. A lot of people from Family Fraud try to attack me, they say, "Oh, you're not honoring your mother." I am honoring her in the eyes of God. Why? Because she has become a heretic. She has become a pagan. Therefore, if I have true love for her, I will tell her of her eternal life that is going to come and be bad. Because I love her. I am not going to say, "Oh, you're going to be good, you're fine." Right? It is like waxing a car, you are waxing your car, and down at the lake a child is drowning. "Oh, don't worry, he's going to be fine, don't worry, you're going to be fine, it's going to be uncomfortable to talk to the child and say he's drowning, and just keep waxing your car.

No, if you have love, you will go, run, and save that person. Right? Why did we have to fight with her? Why did we have to tell her the truth? Why did she eventually kick us out, and all these things? Why? Because we were trying to save her. Now, once you get there you are trying to pull the person out of the water, and they keep on smacking you in the face and pulling out knives to get you away, there is only so much you can do. In the end, they have to make the decision, but why did we have to challenge her?

Love has to try to save that person. She is right at the edge of a cliff, about to commit suicide, she is at the edge of a cliff, getting married to Satan behind Father's back, and you are telling me that the truly loving thing is to say, "Oh, you're doing a great job. Wonderful! That's so great!" You are telling me that is the loving thing to do? You have to be out of your mind.

You see that is the problem, the Family Fraud, they all know this logic; they all know it is true. But they are trying to justify the resources and the money that they stole and usurped from me, because I am the successor and the heir which they helped Mother usurp so they could get some crumbs. That is why. That is the real reason. They know that if your mother becomes a heretic and a pagan and she is marrying Satan, you have to say something! You are not supposed to say, "Oh, that's fabulous, keep that check coming, mommy!" [Laughter] You are not supposed to say that. You are supposed to say, "Screw the check! You are going to die! Don't do it, Mommy!" You have to do it. [Applause]

Not only was Father her bridegroom, but he was her True Father too. So, when she desecrated him, erased him, took him off the ring, changed all his 8 Texts, scriptures, all that, was that honoring her bridegroom and father and savior? When she was marrying another occult spirit, officiated by Kim Hyo Nam, behind Father's back, was that honoring the Father? You can see why this happens. Power corrupts that person. The allure, the attraction of, "one day, I'm going to have it all, and one day I can do it.

One day I will declare myself as Lord and everybody will worship me. One day I'll be remembered and recognized." It is the opposite. That type of lust, develops what? It develops a hatred. A hatred of what? A hatred of one who is worthy of the praise. It develops a hatred of the only one who is worthy of the praise, who is Christ. Who is Father? "Why can't I have that power? Why can't I have that glory? When is my time going to come? When is my time going to come?" This is what these fools tell them, "It's now Mother's time." What are you talking about? Every generation has to be God's time.

Every generation has to be the generation of Christ.

He is the center constantly.

That is how the world stays in balance, which is how the Kingdom comes. Not by having "my generation now, it's my turn." No, it is not. You are a thieving, stealing, adulterous blasphemer; it is not your time. It never will be. You have to give that up and let God have the glory. Then your life has power, it has anointing, it has blessing, it gets persecuted but you put the parachute on, and you know it's going to open up when you jump.

It leads to hate. It leads to hating the one, jealous of the one who is worthy of that praise. "I want that!" It becomes like that. Literally when she screamed at us, and we have shared it now. When we were having that conversation in the TV room of the palace, the inner chambers of the TV room in the palace, and when Kook Jin Hyung said, "You have to be like the Queen Mother and honor the decision of True Father," she blew up and she said, "I have absolute power!"

Her eyes bugging out, her face red. Both of us looked at each other, thinking "are you seeing this, are you seeing this?" This looks like some kind of movie drama. We knew she was possessed, we knew she had a spirit in her. It was insane. It was like someone who was lost, crazed, and insane on power. Not like the mom, we know. Totally possessed. Something had entered into her. Now we know what had happened. She actually married the satanic spirit, did a marriage ceremony to it. That is like signing your name in blood on the line on the contract.

Then what happened, of course? She hated, whom did she end up hating? She hated the one, who deserved of that praise, which was who? Father. That is why she could do what she tried to do in the hospital with Kim Hyo Nam to get rid of him. He may have a chance for recovery. Pull the plug. See, that hate. You must not murder. You must not commit adultery. That crazy, occult marriage ceremony. Give me a break. Occult marriage ceremony. Give me a break. And nobody said anything around her? You know, people around her should have said, "Uhh, maybe we shouldn't be doing this!" [Laughter] "Maybe we should be doing this when Father is at home? Or like get his feedback on this?" [Laughter]

You must not steal. What did she do? On the day where she was to acknowledge and glorify Father, to proclaim him victorious and to proclaim his Kingship victorious, she went out and did what? She proclaimed herself. She usurped the throne. She stole the entire kingdom. Of course, we know that is, the material kingdom that Father built. She could not steal the spiritual kingdom. [Applause]

Why? Because the spiritual kingdom is based on love. True love. The love of God. And all those kids, just like the tribes of Israel, two tribes, it's almost always the two tribes, whether it was Joshua and Caleb's situation, or whether it was northern and southern Judah; only two tribes out of twelve stood for the Lord. It is remarkable that again, at the time when it was most difficult, when it was hardest, only two of the tribes, two of the children, Cain and Abel, whom Father anointed, stood against the heresy. Everybody else went along with it, for the money. So of course, she stole Father's legacy.

You must not testify falsely against your neighbors. She sent leaders around. What was the first thing they were teaching after that? They were teaching, "the blood lineage doesn't matter, it is now the law. It's the law that will give us salvation." This is what they, were teaching, remember this? It is not "hyultong" it's "puptong" --- that is what Yang Chang Shik fraudster was preaching to get rid of me after she had fired

me from Korea. He was traveling the nation of Korea saying, "no longer hyultong (which means blood lineage), because he knows the kingship is held by blood lineage, Father-son. He said, "No longer hyultong, it is puptong." Puptong means law. The case of the law. Tong means the inheritance of the law. "This is what will give us salvation." Testifying against their king.

And of course, you must not covet your neighbor's house, wife, male or female servant, ox or donkey or anything else. Look at that, that sounds really funny, but think about that. Think how much Mother coveted the inheritance that Father gave me. It says ox or donkey. Like material things that the father gave you, as well. Do not covet that.

When you look at the Han mother, she has broken every single one of the Ten Commandments. But she is completely unrepentant. The difference between her and anybody who is really saved and under True Father's authority is that we know that we are sinners. We are actually repentful about it, and we try to please God by saying that the joy of the lord, His joy is our strength. I have a different power because my joy is not in me; my joy is in my Father's joy. Therefore, my level of power will always defeat your level of power if your level of power comes from you. Always I win. You see? Because I have a supernatural power. All that, when you look at what happened, you can see the progression, boom, boom, boom.

In the kingdom too, we know that it is a kingdom of freedom and responsibility. And we've said many times that in the kingdom of freedom and responsibility the Ten Commandments are obeyed naturally. In fact, what is fascinating is that when you try to talk to somebody about God and their mind is trying to debate with you, it doesn't go anywhere. This versus that. This versus that. But when you ask them, "Have you ever lied?" "Yeah." "Have you ever stolen something?" "Yeah." "Have you ever looked at a woman or a man with lust?" "Yeah." "Ok, that makes you, by your own admission, a lying, thieving, blasphemous adulterer." "Look, I am the same too. I am also condemned by the law." Right?

Of course, we tell everybody that we talk to that we admit that too. The difference is that I am righteous not because of me, but because I have Christ on. Right?

In the kingdom, think about it, in the kingdom, you have in the Constitution the mention of God, the mention of the Bible, you have the mention of the Divine Principle, and you have the mention of True Father as the King of Kings. You have the mention of the Kingdom.

So, even in that culture, you will have a culture that is appreciative of the constitution. Why? Because all the freedom you enjoy, all the prosperity you enjoy, and all the lack of regulations you enjoy come from that constitution. It comes from that law, which is what? Given by Father, by his Kingship. That is the root of the human rights delineated in the constitution, it comes from God naturally.

The natural rights that we are endowed with, given, not by government, not by institutions, but by God. So even if we had a situation in which we have freedom of religion, because the Constitution is so unequivocally clear about the Bible, the Divine Principle, about the Kingship of True Father, about the King of Kings, and about Yahweh, the God of the Bible. If you appreciate your freedom, if you appreciate your prosperity, if you appreciate the fact that you can have success and not be taxed, if you appreciate those things you will appreciate the God who gives it to you.

Your conscience will be stirred to have a grateful heart towards that document which protects you legally but which is rooted in God. Does that make sense? Therefore, if you do those things, of course, we know that these things will slowly become more important to you, but of course, even in a free and responsible society, even if there is no Cheon Il Guk Constitution, in a free and responsible society you will still have people obeying these latter commandments. Not to murder, not to commit adultery, not to steal, not to falsely bear witness against your neighbors.

Because those are all negative behaviors that lead to destruction. If you are running a business and you operate like this, you are going to fail. If you have to take care of customers and you act like this, you will fail. Guaranteed, in a free and responsible society, you will fail. Nobody will do business with you, does that make sense? Therefore, by natural processes you will behave in accordance with the Ten Commandments. You will not be perfect, but you will behave in accordance with them. Nobody is perfect, right, except for God.

The natural law, which is given by God, the natural law the Bible says, is written on our heart, and the constitution and the human rights God gave us is written on our heart. Why do we rebel? Why do we make all these gods in our mind, and these gods that make us feel better, justify our sin? Why do we do that? Because if there is a God and he truly is perfect, good, and just, then we have to be morally accountable to him.

So if we have to be morally accountable to him, it kind of puts a damper on our life and what we want to do, and blah, blah, blah. You want to sin, you want to enjoy the sin, etc., etc. So it puts a damper on your life. So you would rather not accept that, and make up a Barney, fantasy, purple dinosaur God to make

you feel good about the sin you are doing. Does that make sense? Right? In the kingdom, because it is such a free and responsible place, yes, there will be people who choose evil, yes, we understand that because there is free will, but the majority of people will have to behave in accordance with the Ten Commandments. They will have to. At least with the latter part. Because they can never succeed any other way.

There is a natural law written into creation, how the universe works, that if you deceive, if you play in deceit, if you're fraudulent, if you lie and covet and steal from people, you will get it back to you, right? It is going to come and shoot you in the tail, in the booty, in the foot. Maybe in all three at the same time! [Laughter] So in the kingdom, the 10 Commandments are naturally followed or pursued. I am not going to say perfectly everybody in the kingdom just obeys the 10 Commandments. No, but pursued, almost even naturally, because of the nature of that kingdom, they are pursuing the commandments. As you pursue, even the latter commandments, and you have a patriotic view of yourself as a citizen of Cheon Il Guk, and all the prosperity you experience in that kingdom comes from the constitution, you experience a joy for the constitution, a pride in the constitution, a patriotism for the constitution which of course clearly articulates that this constitution comes from God. [Applause]

So get to know him. Get to know him.

Folks, that what it is, the blessing to return to True Father's authority, it is based in love.

Now we have a wonderful brother who stood up in South America, continental director, Gilson Oliveira, and now he is reaching out to all these different Latin American countries, but why is he doing that? Why are people going around and trying to bring people back to True Father's authority? Is it because they feel self-righteous? No, what is the reason? It is because of love.

It is because I am worried about where you will spend eternity. Nobody else is thinking about you like that. I worry where you will spend eternity. If you are away from God, you will be in hell. You will be in torment. If you are near God in eternity, you will be in heaven. I worry; I care about where you go when you take that jump.

I do not just care about your comfort on the plane; I care about whether you have the parachute on when you jump. Does that make sense? That is because people who truly understand salvation, who truly understand the spirit world, they are filled with love. That love consumes them like a fire, and that love is to help others, help others come into the relationship with Christ, that they will not perish, but have everlasting life. It has based on love, folks.

When we see the false wine and the false covenant, think about it. It is a marriage ceremony. Now think about who is giving it to you. It's the Han mother who had an occult, adulterous, secret marriage behind Father's back, marrying a separate spiritual entity who she thinks is God, but is, of course, Satan, she will be officiating those things. And that's the covenant under which you are putting your entire eternal soul under. You are putting on that bag, which is one thousand pounds of lead weight. It is not a parachute, right?

And you're doing it because you don't want to offend anybody. You are doing it because, "Oh, people may mock me, oh somebody may spill coffee on me." Wake up! 25,000 feet it is your time to go! If I love you, I am going to say, "Take that dang lead backpack off, and I'm going to give you a parachute!" "But my kid is going to lose his friends, I can't go to Sunday School anymore, I can't go to that dinner anymore, I can't have fried chicken on Sunday with that person, blah, blah, blah." You are going to be frying something else when you go on the other side! [Laughter] Think about the jump! Do not think just about the comforts of that stupid plane. Think about the jump!

If you take all the emotion out of it, why would you ever join a religion where you have to take a covenant under somebody who has married Satan? Why would you do that? Especially if you are saying, you do not want to be a Satanist. If you were saying you do not want to be a Satanist, and you do not want to be in a covenant with Satan, why would you follow a religion that makes you take a blood covenant, and eternal covenant to somebody who has been married to Satan?

Take out all the emotion. Take out all the personal feelings. Take out all the friendships that you think about. No, just think about it in terms of pure stats and statistics, why would you do that? Would you ever join that kind of movement? Of course not. Unless you are a nut, right? But think about it, the people in Family Fraud are literally that insane, they are nuts, they have been possessed by a spirit. They cannot see what they are doing, and the reason why we not only reach out to them, but to any other person is because we understand and we actually love peoples' souls.

We do not want them to perish. We want them to have everlasting life. So what, you do not have the high status that you had, at least you have everlasting life. Do not be stupid with your eternal life! Right? That is the heart by which we go out to try to get people to get blessed.

What did Father say in Cheon Seong Gyeong 533? He said,

"That is why, when you receive the Blessing, you undergo the ceremony for changing the lineage. You must believe in this more than your own life. Just because it is a Unification Church ceremony, you should not think of it as some ordinary ritual. It is like a wonder drug, an antidote, to restore the dead back to life."

Wow, changing the lineage. Now let me ask you a question. If you had a separate blessing marrying a separate occult spirit, marrying ok? Marrying. I am not talking about just, "Ok, I give my life to you." Marrying. Do you think that may influence your lineage if you are marrying Satan? Let us think about it. Eve married Satan. Adam and Eve still had the same reproductive organs. They still had the same thing before and after. What was the difference? Eve went to bed with the dang devil! She said, "I'll marry you. I'll be intimate with you."

Now imagine if Eve actually did an occult marriage ceremony. That is why, when you come under that covenant, you are leaving God's lineage. You will not be let into the house. Right? It does not matter how many times you say Psalm 23, "And I will dwell in the House of Lord forever." No, you will not! You Family Frauders, wake up! You will not be in my Father's house! You will not! Dummies, dummies, dummies. You will not.

That is why we try to bless people. Because we are actually worried, fearful where they will go, by their own stupidity and weakness. Their own spineless cowardice to just fit in and have a nice plane ride. Well, you did not put on the dang parachute that is under your seat! When you jump off that plane, you had better believe in that parachute. I mean, you had better rely on that parachute. I think you will rather know the difference if it is a hundred pounds of lead weight, or a parachute. I think you will know the difference once you start flying! But it's too late, it's too late.

"You must believe in this more than your own life. Just because it is a Unification Church ceremony, you should not think of it as some ordinary ritual."

Look at how they are trying to make the Blessing. "It's the same thing, give me a blessing here, give me a blessing there." What covenant are you getting, you idiot! Is there a difference between marriage in front of God and marriage in front of Satan? Uhh, kind of? Does it matter if you are marrying in front of God's altar or you are marrying in front of Baphomet's altar? A little bit! Just a wee tad bit!

"It is like a wonder drug and an antidote to restore the dead back to life."

The wages of sin is death. The father of all sin is Satan. If you marry him, you are marrying the father of all sin. When you are then put in front of God's good, righteous, and fair justice, you are screwed! You are in deep, deep, doo doo da da doo doo.

This is what we are praying for. In the next couple of weeks, that people understand the severity, the weight of the sin, the weight of the disease, the weight of the cancer, the weight of the AIDS, the weight of the human papillomavirus, whatever it is. The weight of the disease. Because then only will you understand why the antidote is such a blessing. A blessing.

SOS, come on up, and as we are praising God, folks, let us pray for those people. We are on fire to save souls, we are not here to get their money, to have them donate, they do not even have to make a donation, just get your stinking' parachute on! Don't be an idiot, right? So when we are praising God today, let us console His heart, let us pray for those people, and the upcoming Blessing. Praise God, let us all rise and give Him some glory today.
