**Luke 22:15-20**

**15 And he said unto them, With desire I have desired to eat this Passover with you before I suffer: 16 For I say unto you, I will not any more eat thereof, until it be fulfilled in the kingdom of God. 17 And he took the cup, and gave thanks, and said, Take this, and divide it among yourselves: 18 For I say unto you, I will not drink of the fruit of the vine, until the kingdom of God shall come. 19 And he took bread, and gave thanks, and brake it, and gave unto them, saying, This is my body which is given for you: this do in remembrance of me. 20 Likewise also the cup after supper, saying, This cup is the new testament in my blood, which is shed for you.**

Alright folks! This is the scene where he knows he's going to be crucified, and he's having his last Passover meal with his disciples. Now remember, the Passover is the passing over of the Angel of Death, and the people would put the blood of the lamb across the doorpost, and if they did so, they would be spared from the Angel of Death. If not, if they did not smear the blood of the innocent lamb across the doorpost, there would be calamity, and some would be taken by the Angel of Death who would come. So, this Passover commemorates the preservation through the innocent blood of the lamb. The innocent sacrifice that is given for the redemption who head God's call, and who take God's Commandment as their purpose.

Now, it's interesting, because here Jesus says as he gives them the wine, and gives them the bread he breaks and he says, "This is my body for which I give to you. Do this in remembrance of me." Do this to remember the sacrifice I will give. Now, there's a whole debate within Christianity about transubstantiation whether, or not, the actual bread and wine become the actual flesh and blood of Christ. Okay! For example, the Catholic Church says it is the actual flesh and blood you are consuming. The actual flesh and the actual blood.

When you look in the Bible it says very clearly, this Ceremony is done in the remembrance of Jesus. In remembrance of his sacrifice that is given to him for many for the sins of the world, and here he says, he does the same with the cup. Divide it up among yourselves, "and this cup," where it says in the New Testament "with my blood, which is shed for you." The shedding of the

blood for the redemption of your sin is not only a New Testament idea. This is what God Commanded in the Old Testament as well. The people had to give an atoning sacrifice, so that their sins could be brought before God, and justice could be dealt upon that sin, and there would be an atoning sacrifice. For example, from an innocent lamb that would then sacrifice upon the alter before the Tabernacle, and that would in conjunction with the High Priest, in repentance, would bring our sins before God, and justice could be served upon those sins, and there would be blood that is split or a punishment that would be dealt. It's very important to understand, when we have sinned, we have to understand there is punishment that is there. The choice of sin, is the choice to take on punishment.

So, we , a choice. Is the choice to take on punishment? So, we have a choice to act sinfully. We have a choice to act and stray away from sin, but the willful decision to sin is inviting the wrath of God, is inviting the punishment of God. Thus, on the Day of Judgement, when I met God, I'm going to tell Him of all the good things I have done, and by telling Him all the good things I have done, He's going to forgive me. Of course, we know this is self-righteousness, but in a court room, it is not for all the good things you have done, because of the crime you have committed. You're standing in court, because of the crimes, not... Let say you ran a red light, or worse, let's say you killed somebody. You can't, all of a sudden, go into the court room and say, "You know, Judge, I did take care of my Grandma last week. I did give pumpkin pie to my neighbor. That's irrelevant. You're there in the court room for the reason of breaking a crime. See what I mean?"

So, on the Day of Judgment, when we stand before all the Heavenly Host, and before all our ancestors, and all the Spirit World, etc. and we stand before God's Righteousness and Holiness, and we have sinned, it doesn't matter whether we did this or that good thing. It is not the reason why we are standing there. That's not the reason why they're all standing there. Look at us. Does that make sense?

When we look at the gravity of our sin, then we can understand, "Wow! There's no way I can pay this off myself. How many countless times have I lied? How many countless times stole even small things, even downloaded music." All those things, the Bible says very clearly you won't be allowed into the Kingdom. You liars and whore-mongers, fornicators, etc. But, liars are in there, too.

White lies are still lies. Isn't that true? A small lie is still a lie, and people make the excuse, because everyone else does it, because it is not that simple, because everybody is sinful. Everybody does sin, but doesn't recognize that it's sin. It doesn't mean that it is not sin. I remember, one time, when I got first got my driver's license. I went to get some pizza, and it was a weird road. Right! It was in in New York. It was a weird road, and I backed up out of, what is it, the parking spots right in front of the pizza shop. I backed up out of there, and I crossed a double yellow line, and I went for it. Low and behold, there was a cop right behind me, and he stopped me. I said, "I didn't do anything wrong officers," and he said, "No, you pulled out and you crossed a double yellow line, and I got a ticket for that, okay. Anyways, even though you aren't aware of the law and you break it, you still get punished. Does that make sense?"

So, even though were unaware of even small sins, like a white lie, they are like actually sins. The fact that were unaware of it doesn't cancel it out, or erase it the fact that it is a sin. Now, in light

of the Ten Commandments, that it is a sin. The Ten Commandments is like a mirror God gave His people, because they have grown so arrogant. They become so blasphemous. They become so taken. They take on the worship of idols, and the Egyptian gods, etc. You've seen the map. Jericho is right next to the land of Canaan. You've seen a map. It's right next door. We think it's a different civilization. We think it's across the Pacific Ocean or across the Atlantic. It's right next door.

So, they were adopting all those cultural aspects of the Egyptian culture, including the Paganism, including seeing children sacrificed and being killed as normal, including as being part of the ritual and pleasing the gods, including as seeing the sex culture and pre-sex culture as being normal and fun. All those things they have taken on. God gave them the Ten Commandments, and they became so arrogant, and so unrighteous, but yet they saw they were so righteous. They thought God had a duty to protect them. They were entitled. Does that make sense?

“God, you said you had to take us over. We are the Chosen People.” When Moses went up on the mountain to get the Ten Commandments, and he came back down, and he said, “They're worshipping the dang cow, or worshipping the Cheese Maker. They're worshipping the udders and the cheese production system.” It's ridiculous. So, they were worshipping the Golden Cow and God punished them. Moses had to kill three thousand, of them. What is that? Capital Punishment. On that day, three thousand were killed. They have grown so hard. They had become so arrogant, and yet they felt God had an obligation to protect them, even though they chose to leave God, and to sin against God, and to delve in adultery with the pagan deities. Does that make sense?

Just because we are unaware of the law, the Ten Commandments they would see, and every single one they would see, they were breaking before God. Every single law, they were breaking the law. Even the most righteous among them, still, they told white lies. Still, they deceived and stole a pen from their friend. It wasn't a pen, but a feather, or whatever they had at that time. Even the most righteous among them. In light of the Ten Commandments, in light of God's Holiness, in light of God's Mirror, they would see their works were nothing but dirty rags. Poopy rags, like one would see in the dirty rags style. Before God, the works that we thought were clean, the great works we thought we've done before Him, God's Righteousness, God's Holiness and God's Perfection are nothing. They are mere empty vacuous bragging of ephemeral vapors of air. Right!

When we look at the Ten Commandments in that light, we see that it is a mirror that shines a light upon our sin, and we recognize, if I had to stand before God and all the Heavenly Host when I die, and on the day of Judgment with all our sins, you see the problem? Because, no matter how perfect we thought we were, on that day, we aren't there to tell God how good we are. “God, I did this. I did that. I feed my cat a special treat last year. I took out the trash, and I did this, and I did that.” That is irrelevant in the Court, because we are there to see and have a ruling on our sin, and the laws we have broken, and the crimes we have committed.

This is very important, because God is Just. God is Just. In a Just world, you must have a Retribution for sin. There must be a Retribution. People could just kill rampantly. People could

want, unwanted murders with no consequences. Why would that land has no justice? “What's going on here.” We would say that's not Just. The very nature of God is, God is Just.

It's interesting, in the Bible it says, when Jesus is talking about this it says, “The Father will not judge you, but the son will judge you, and when we stand before the Son and all the Heavenly Hosts, when we have our sins, which we think are small or big, and we think, “Oh, I'm better than Hitler. Oh, I'm Mao Tse Tung;” but, from God's perspective, all sin is sin. All sin separates us from Him. All sin creates an abyss, a divide, that does not allow us to unite with God.

When we understand, we have that Cosmic spiritual issue, is a point which we understand. Wow! I need to have someone who will save me from that day. You see what I mean? The problem with the Egyptians at the time, they thought they were good people. They thought they had done plenty of things. They thought, “Well, we're not killing everybody. We're not murderers.” You'll hear that same thing all the time. I take care of my brother. I take care of my relative, whatever, but they did not see it from God's Perspective and in light of God's Holiness.

On that day, when we stand in that place, we need somebody who can stand in that place. We need somebody to step in and say, “No, no! His fine has been paid in full.” And, that is why Passover is so powerful, and a Jesus episode here, where he is talking to the Disciples, because when you remember Christ, and you remember the Salvation, you understand you were deep in sin, but from that relationship you are freed on that day. Your Court date will call it. Your Cosmic Court date has been repealed? Is that the right word? Rescinded? Your Cosmic Court date in no more.

When you go before God, you put on Christ. Not sees, not you, but He see the incredible love of Christ. He sees the sinless blood and love of Christ.

When we take the blood and body of Christ, it is not that we are participating in cannibalism, eating the flesh and blood of somebody. It is in remembrance of what God did. Does that make sense? It is to recall the day in which our Court date was rescinded. It was to recall the day in which the parachute was put on, and on the day of jumping out the window of that plane. How grateful you will be having that parachute.

The whole concept of Relativism, that whole idea that all religions teach the same thing. All religions teach people just to be good, is false. That may be a dominant strain in religion or Progressive Liberalism, etc. but all religions may teach you to do good things. But, the reason why Christianity is fundamentally different is because it says, “No, no! That's not how you're going to get Salvation, though. You're not going to become Enlightened. You're not going to become Liberated. You're not going to find freedom. You're not going to be Saved, because of your Good Works. You're going to be Saved, because of the love of God, because of the love of the Savior, the sacrifice of God. You Good Works are a Testament of your love for Him.

Your good works are a testament of the love he had for you. Your Good Works are not to gain some type of Moksha or Attainment. They are actions which bring joy to God, which symbolize our love for God, so in the end, it's all about love; and, it is love in that Realm, not the Liberal Progressive multi-cultural Relativist love, which has no ability to discern the line between good

and evil. In fact, they purposely try to divide the line between good and evil, so that Satan himself can be accepted, so that the love of God, and the love of Satan is the same. So, loving your neighbor or killing your neighbor becomes the same; or, loving you neighbor or eating your neighbor is no different in Relativism, if you take it seriously, if you take that philosophy seriously.

In the same way, we saw the Egyptians fight through that and Christian history walking through the same two-thousand-year course. We see in the modern day, too, this great fight that we have been witnessed to. We've seen the Cosmic fight between Trump and Hillary, the seven Trumps and the beast Hillary. "The Beast with Seven Heads from Beyond the Sea." (said sarcastically) We seen the battle that occurred, and we only have a couple of weeks, and it is still going on, when the Trumpets take office, and start blowing their horn, and start blowing the trumpet of freedom across the world.

What a Cosmic battle, because you know the place where we were going to, as we will see later on, is the Kingdom of Hell on Earth. Literally, the Kingdom of Hell on Earth. Right now, we see that the normal person, the person who had a sense of conscience, the person who came in contact with his Original Mind, and said, "I have rights. I have rights, which have been given to me by God. I have rights that are inalienable. I have rights of Sovereignty. I'm not just a cog in the wheel, a post in a fence. Right. I'm not just part of their machine. I have an eternal story, and that I am connected to an eternal Father. And, these people, though they may be simple for all walks of life are on the Abel side, are on God's side, whether they know it or not, they believe in God.

In this epic battle that we had to witness as a nation and a world, we saw a normal person stood up and say, we are not slaves to the UN, the Elite, Bankers, etc. You will not take away what God has given to us, and we see the battle unfold, we saw after Trump wins by a landslide, they tried to recount the ballots, it's failing. You see, they're adding more votes to Trump, now, showing he won even in a greater fashion, showing that there was voter fraud on Hillary's side. You see, the whole mainstream media was the arm of the totalitarianism regime, and/or a Communist regime. Look at North Korea. Look at any totalitarianism regime. Pol Pot, Germany. Always the media is a key aspect in controlling the population, and the mainstream media went all out against the Trumpets. They went all out to try to stop The Trump, because Trump was standing up for Sovereignty, because Trump was standing up for 'Don't persecute Christians.'

Let people have human rights. Let people have Sovereignty, and the right to defend themselves. Let people have safety and have borders. Let justice be served in the Land. Protect the unborn, because he stood for those things, they railed against him. He did not let people play with those Communist things in a global system, or monetary human farming worldwide, because he puts in Pruitt as the EPA head, because he does not buy in to this climate change hoax.

The Weather Channel President, the founder of the Weather Channel comes out as says, "These people are making up the data. They are overestimating the data." The way they are presenting the weather change is ridiculous. This is the founder of the Weather Channel, folks. Lord Montaine is from the House of Lords, folks. He had a tremendous presentation on how they want

taxing the farming of people, because they breathe carbon dioxide. They want to tax you. Trump is against all these things. He says, "No!"

People should be able to be free. They should be able to associate freely. They should be able to make business without being over regulated. They should be able make money and prosperity. They should be able to do whatever they desire, if that is the talent God gave them; and, because of that, he's a racist, bigot, homophobe, etcetera, etc.

The mainstream media has shown itself to be the most dishonest, dishonorable, deceitful and fake news, which there now trying to blame the Alternative Media having fake news. The reason why, at Church, we try to show people like Alex Jones from Info Wars and Drudge or James O'keefe, and Project Veritas and Julian Assange with WikiLeaks, the reason we show those things, because those people are risking their lives to put out information that which exposes the corruption of the archangels that are trying to create a system, which they benefit greatly, and this population is a captured population. It is a farmed population. All the produce, and all the fruits of your labor is taken, not by choice, but by force. That is the very nature of totalitarianism or Communism, or Archangels, a satanic kingdom of heaven and earth.

So, when we talk about Kingdoms, there are Kingdoms in this world. There not as we may think, but there are Satan's Kingdoms that are alive and well in this world. The mainstream media attacking the alternative news, that is actually portraying the real news, giving no evidence, making a blacklist, a totalitarian blacklist, which came out of the Washington Post from anonymous people; and, the EU will automatically adapt this list saying, "Yes, we like this list," which they almost banned from the European Union. Open totalitarianism, open censorship, open infringement of people's right of speech, and of the press.

We were there at an event for Bold Gold Media at Kook Jin Nim's house. Wasn't that a wonderful event. We were inviting Dr. William Gage to speak about 9/11, and he was former Air Force, etc. He didn't know what to make of that, but we see now through that relationship, and we've saw the data. I don't know what his public stance is, but his demeanor has changed tremendously. Bold Gold Media broadcasts Info Wars as an alternative media. Because of that radio broadcast station on North East Pennsylvania, when they looked at the election of the last time with Obama and this time with Trump, there was a shift in the North East of one hundred thousand people. He broadcasts Sean Hannity. He broadcasts Laura Ingram, He broadcasts all those people who are strong supporters of Trump, and some people said, because of Sean Hannity, or because of Laura Ingram, or because of this or that person, I voted for Trump. Trump won PA by seventy thousand votes, folks. What was the place that flipped? It was North East PA. That is the exact place that flipped; and, because that flipped, Trump won the Presidency.

See, all the nay says said I was crazy, when I said PA would determine the world politics. Remember, when they said I was insane? We said that months in advance, because we knew God's microcosm would be determined right here. We said it. We released that into the atmosphere. It was said by all the mockers and all the haters, but low and behold, when the Election came about, they found on the razor's edge of life and death between democracy and freedom, literally wobbling before, PA was the place that brought Donald Trump into the Presidency of the United States and the World. Not only PA, but North East PA that flipped by

one hundred thousand votes. Seventy thousand of those pushed him over the top, and got him into the Presidency. If you cannot see the hand of God moving, you're blind, and halfway in the grave, but the Establishment and the Archangel tried to destroy the truth that is coming out. They think they are Authoritarian, but they are fraudulent. That are not there to do what they are supposed to do. They are there to exploit, because they are Satanists.

Isn't it interesting how their Kingdom is collapsing after the Ancestor Liberation, after all the dead children, who died innocently to be offered up to Satan. How many of those fifty-four million babies, those who are processed, after they're killed by those clinics in which Zachary King made his testimony. He used to work at one. Where Wiccans and Luciferians work there in the day, but at night have a different motive, because they want to access to the highest sacrifices in their satanic rituals, which, for what? Give them their power. Give them their desire. Give them their lusts that they're praying to Satan to use this occult power to maintain.

How many millions of children, even across time, have been murdered and terminated, because of that satanic desire? It's like the gas tank of Satan's car in a satanic Kingdom's car. It's like the fuel. It's the highest power to destroy and defile the Creation of God, made in the image of him, and in its most innocent state, where it has no sin, because it hasn't committed any actions, yet, and to destroy that in promise for power, in promise for the growing lust of man, and at the same time, emulates from that sphere death. Does that make sense?

It's amazing now to see the Kingdom of Satan collapsing. So desperate seeing after the Ancestor Liberation, the gas tanks are like empty now. They're saying, "This dang gone accelerator isn't going. Maybe if I press on it harder. This stupid car's not moving. What's going on with the dang gas?" You see the problem there? And, in their desperation, in their haste, they are exposing themselves more and more in the pure evil for which they serve. This evil for when they seek to slay humanity.

I want to show you this clip from InfoWars showing how the general population is being propagandized to, and how they're using fake news. Why the fake news? The fake news is saying the Alternative Media, which is giving evidence for all the claims, which shows evidence for accusations, which shows evidence for which the stories they produce, real journalism, which is not corporately run. Real journalism, which is independent. We are now at the stage, if you disagree with the mainstream media, you are a Russian propagandist. If you have a different opinion than CNN, you are working for Vladimir Putin. Alright, let's play this clip. (In this clip, Alex Jones is taken to task by the mainstream media like CNN. On the other hand, Alex Jones challenged the mainstream media for the deception of the government and the people. The comparison was made between the various medias and the Election.)

So, you see the reality of the Establishment now. The archangelic, centralized illegal criminal Establishment. They're going against anybody who disagrees with them. Anybody who exposes their fakery. Did you see how they'll quote you, and their paper will start quoting that paper, and roll it out of context, and a whole wave will be used against you? Now it's a shame that the Washington Times is not doing good journalism, because why? Before the entire Alt-Right, which is really the Independent media, so you have this whole movement, this movement of

Independent media, and Kook Jin Nim made such an amazing point last night. He said, “Do you know who really started the Independent media and the Conservative Media Revolution? It was my father, the Rev. Sun Myung Moon with the Washington Times.

Before Rush Limbaugh, before InfoWars, before Breitbart, Father in the seventies was creating the Washington Times. The Conservative, all Conservative viewpoint that would balance off the dominating Liberal Progressive media. Washington Times became one of the real landmarks; and, even when Reagan won, he held up our other publication, News World, which said on its front page, “Reagan Landslide,” as the day that he won. On the day that he won, he held up that, because it was the only publication that stated that, because Father said, “Reagan Landslide.” He said it the day before the actual Landslide.

Before all the major talk radio, the wave of Conservatism that dominated talk radio, it was Father that started Conservative media, which is why all the Conservatives from Reagan to Bush, and everybody else appreciated and adored Father for what he did. Obviously, they did not listen to him. Father said to Bush not to go to war. or you will destroy this country, which is what he did. Father warned him, calling him, “You are King of Satan’s World,” saying, “If you go this way, you will lead the country to peril.” Nowadays we know that the Bushes have been involved in many, many covert and secretive groups.

The Washington Times is the paper that exposed the Pedophile ring that was operating in Washington DC. That was exposed in, what, the Bush Administration. It was only the Jimmy Savile Pedophile ring in Britain. The whole entire Monarchy connected to Jimmy Savile said, after he died, he was shown to have abused at least 500 children. He was the best friend of Prince Charles. The Elites, who have been in power, have been into these Pedophile rings into these satanic rituals. Why? They could get away with it.

Who was the one exposing “Pizza Gate” like thing in the eighties, when nobody was doing that? It was Rev. Moon. This is what Father talked about, when in the end, there will be a battle between Godism and Satanism. It will be, in the end, this Cosmic spiritual battle will be brought before everybody’s eyes to see. The Leaders, who represent each side, will become so transparent and exposed, that, we will be able to see who they have been working for. That was unbelievable, that within this election cycle, we saw Hillary Clinton, and her top people like John Podesta, involved with Satanist rituals, and weird pedophilia language and Jacuzzis with little kids, to be transported to them for their entertainment. Just unbelievable, unprecedented things, and even though they tried to censor those things, those illegal activities, and the satanic things they were doing, for example, censoring videos that had the word Pizza Gate in it, censoring articles that had the word Pizza Gate in them, censoring emails that had the word Pizza Gate in there, the reality of their sin and evil has become transparent, which is the reason they want to clamp down harder on Independent media.

It’s amazing that people of God, and on the macrocosm, the true patriots that are standing for them like Alex Jones, the one thing I like about him that he’s an open Christian. That he’s openly for Jesus. He’s openly defends Christian values. He doesn’t just philosophize about why Satanism is bad and/or Communism is bad. There are people in the Freedom Movement, people like David Ecke who do that, and they are very effective in doing so. But, again you cannot

provide a solution by just saying Satanism is bad. In the end, you have to get back to Sovereignty and natural rights, which cannot exist, unless you have God.

God is the progenitor of human rights. God is the progenitor of natural rights. God the progenitor of inalienable rights. That cannot be taken away by any force on the planet. Why? Because, God is the Creator of the Universe. Of the Universe, He has given those to His Creation, the highest at the apex of His Creation, made into the image of God.

It's interesting, as you study Science, and as you study those things, when you get to about a middle level, that's where you find a lot of atheists; but, as you penetrated deeply, and more deeply to the highest realms of Science, to the highest realms of analyzing and studying reality, you see that those minds go towards God. Those minds see a Divine Mind. Those minds see an intelligent mind. Those minds see a Creator that uses Mathematics as an architecture who created the Universe and sustain it.

As we see the power play between what we see as the battle between Right and Left, we see as the battle between Godism and Satanism that Father predicted forty plus years ago, and that he began fighting in the late seventies with the creation of all the news broadcast media that he created worldwide, from the Washington Times, News World, Noticias Del Mundo, all over the globe. It is a shame that they are losing that. Why? Because they usurped it. When I was in charge of the Washington Times, why? Because Father made me his Inheritor, as I am his rightful Heir, we were already bringing people like Stossel. We had Rumsfeld there. Of course, we didn't know his connection to 9/11 at that time, but we had Stossel there, a major Libertarian in the Freedom Movement. We would no doubt promoted, and by this point, would have worked with Alex Jones, Veritas, and promote all the material they were doing, using the platform of the Washington Times, Noticias Del Mundo, Segye Ilbo worldwide.

The Korean President has been stripped of all her Presidential power as of Friday. Koreans celebrating in the street, thinking this is a great Revolution that is happening. Unfortunately, because the Elites did not split between good and evil, this is not leaning towards an Abel Revolution as it did in America. Where the Elites of Britain split and said, "No! We will stand up for Sovereignty. We will let the people have the gifts of God. We will not allow totalitarianism. That is not happening now, where it should have happened in Korea.

As the Han Mother speaks, she is revealing herself more. The reality is, that, she chased out her sons who the Father Appointed and Anointed, who he has made his Heir. The Usurpation that she's done and the collaborators who have done so, are not only destroying. That Kingdom is collapsing, is falling apart, and has turned into Relativism, has become so Relativist at the grass roots. Now, there now introducing satanic symbolism and hand gesture postures and Mudras, etc.

Without being able to discern those type of influences, the spirit of Satan is now becoming more great, because as she speaks, she reveals herself even more. It's amazing that she came to the United States, and there's no great fanfare from the Family Fraud about it, because everything we've been saying is exactly what she's been saying, when she came this time. "Who do you think I am. I'm the Only Begotten Daughter. All of Christian history has been for the Only Begotten Daughter, etc, etc."

There had to be, not Heavenly Father, but “I’m the Heavenly Parents. I’m the Only Begotten Daughter.” When we had to separate from the heresy, you all know it was the most heart wrenching miserable day in our lives from a personal perspective. To see our own mom make the terrible, terrible decision to betray Father. To then Usurp the Kingdom that she inherited to his son, because we had to hold his values, hold his Principles, we hold his lineage, etc. And, then to promote the Han tribe as an alternative and/or an opposite of a lineage that was the prepared lineage. All these things we have told the people for the last three years, only to the hatred, to the hate mails, and be called unfilial, and be called war mongers, and rats, and scum, and all that, being cussed at, etc. But, we had to do the truth. We had to stand up for truth, because it was a Cosmic battle.

You cannot be for your wife, and be for marriage, and committing adultery. You cannot be for Sovereignty, and invite Communism in. You cannot be for freedom, and want centralized government to control all human activity, and to dominate the population. You cannot. They are mutually exclusive. Mutually exclusive places. Mutually exclusive visions. Mutually exclusive destinations. They are different in nature. Fundamentally different.

And so, as she came out as a global Communist, as one who would support the work of global Communism, while Father fought against global Communism his entire life, as she came out with the heresy, as her being the Messiah, and being the Only Begotten Daughter, and God, we had to say, “Mother, we love you, but No!”

There had to be a line drawn in the sand, and if we didn’t stand up, every single person would have Fallen into the Kingdom of Hell. Every single one who was following Father would have been misled, all because we had to be politically correct, and not hurt feelings, and not be a man about it, and do the right thing.

In the Last Days, there is a separation between the wheat and the chaff. There is those who become epic and legendary, not because at that time people loved them, and thought that they were convinced that they had proven they were worthy to follow Father, No! But, because those people stood up for the right thing at that time, not because they were popular, not because they were supported by everybody, not because everybody was standing there in an epic scene and applauding and hailing and saying, “Yeah!” That’s all cinematics and drama. But because, when everybody else wanted to prostitute themselves to political correctness, and in fear of the Establishment, Father Heir, and his Cain and Abel said, “Screw you to the wall!” My T-shirt says, “Stand Strong and Fight the Good Fight!”

The way civilization is going, folks, the way this world was going, was the end of freedom worldwide. Was the coming Dark Age of post-modern feudalism, what they called neo-feudalism, a system where each would be enriched by the production of the masses, which they could use the human body for exploitation, and farming to gorge themselves with more and more assets and power; so, they could do, and fulfill all the demonic lust of their hearts. This is literally where the Kingdom was going. The world, if we see it as a Kingdom, was going.

I want to show you this one video, which exposes this. It is another freedom fighter in the macrocosm, who they call, “Fake News.” He’s a man who they call, Mark Dice; and, he goes out

on the street, and he interviews real people to see what they will say about certain things, and he's in California, so they are quite braindead, especially the zombie millennials that are totally Relativist, because they are just brainwashed in the public education soup. Not been taught critical thinking, and not been taught the history of liberty, and not been taught the history of where this land came from. They have only been taught to hate themselves, and to hate freedom, and to hate anything that is good, and has been given from God, and to see as good.

Everything from Satan. Control. Authoritarianism. Centralized Power. All the Archangels desires are taught to these brainwashed soup zombies. Free sex is good. Morals are bad. Have sex with whoever you want. Have sex with animals. Have sex with whatever you want. Just please their desires. Do what you want. We want you to do what you want. Have fun. Do your own thing. Have no consequences. Have no repercussions, because of your actions. You get a trophy for losing. All the insanity of the funhouse of Liberal Progressivism that has created clowns and retards, out of the public school system. Politically braindead zombies. Mark Dice goes around and interviews those millennials, and this is an illustration. He did this like last week or two. This is a lesson of where Liberal Progressivism and their logic ends up, folks. Watch this clip.

(This clip is about what people would think about inappropriate relationships, like a brother and a sister, or two gay people. All of them said, it was not their place to judge, though some of them didn't approve of the idea of a brother and sister having a relationship, or making out in public, as long as they wouldn't have a child or something, all of the participants felt it was not their place to judge the people.)

Okay! So, you can see the reality of the Independent media. They go out there and expose actual people on the street. Of course, this is what mainstream media calls, "fake news." This is fake, when you saw him interviewing people, asking them questions, and showing them where Liberal logic goes to, folks.

You know, many months ago, we did a whole study on the 'r' type and the 'K' type strategies for reproduction. Remember this? Now, if you remember the 'r' type was the rate of reproduction, and the 'K' type was the caring capacity. Alright! So, you had the 'r' type animals, which are the prey type animals like rabbits, deer, mice, things like this, which reproduce very quickly, because in a given ecosystem, there are certain predators that would feed off those mice, bunny rabbits, whatever. Their survival instinct is to reproduce quickly, so this is the 'r' type species that is engrafted in this gene set.

Then, you have the 'K' type, which are predator animals. Predators are usually smarter with larger brains. They have to work in teams to hunt. They are not hunting grass. They are hunting animals and small things that could run away from you, so you have to hunt in packs. You have to work in teams. You have to have a higher consciousness. Okay! So, these animals are like wolves, lions, etc. Higher on the food chain. Okay! And, these animals are represented by 'K' type, the numerical 'K,' which represent Caring Capacity. So, in a given ecosystem, there's only a certain amount of resources; and, in order to use those resources that are renewable in a 'K' population, or predators in that ecosystem, cannot deplete all the things all at once, so their main focus is not to reproduce like bunny rabbits. There would be too many wolves, or too many lions that would kill off the ecosystem. Does that make sense?

So, over time, the 'K' type develops a reserve for sexual behavior as compared to the 'r' type, and instead invests in each of the offspring, invests in each of the children. The wolf and the lion have to train the children, teaching one how to hunt. They actually have to take the kid out, and teach them how to hunt. Teach them how to paw a back leg, and they'll catch a little fox, or something, or a deer, and they'll maul it, and have them run away a little, and have the kids practice on something. You see what I mean? So, they have to invest a lot more in that child. Does that make sense?

Whereas, a bunny rabbit doesn't have to teach the baby anything. I had bunny rabbits. I can't believe it. She's just stomping on the kids. What the heck's she doing? Killed them all. Killed all the bunny rabbits, the babies that she had. Totally unlike chickens. They don't go and sit on the nest. They don't do that. The bunny rabbits go flopping out and try to bring them back in. They don't do that. They don't teach them how to hunt for grass, because all it has to do is go out a couple of feet and just chew on grass. It doesn't need to invest in the child. It doesn't need to invest in the offspring. Just to survive, it has to have lots of offsprings, you see; and, that creates a very promiscuous culture in 'r' type animals. Mice, rats, deer, ferrets, hogs or whatever. Whereas, when you see higher up the food chain animals, they have lower rates of production, but they have a higher investment of energy into the children. Does that make sense?

So, when we look at this Liberal Progressive Theory, (shows a chart) this cycle happens. You have Socialism, which then promotes weak families and/or opposition to families. Communism and Socialism is against families. Plato wrote about this in The Republic. In The Republic it says that children should be the wards of the state. So, this is a common theme in Socialism and Communism. That is, they try to break up the family, break up husbands and wives in marriages, to break up the social fabric of that society, so that you can control it. Does that make sense? You don't want strong, independent units that think critically, and think for themselves. You want everybody to be broken up, divided and conquered, so you can control them as a population head. Do you see what I'm saying?

So, Socialism leads to weak families and programs, and policies and regulations that lead to weak families. For example, the whole welfare state by giving incentives to women to divorce their husbands. You have to show your divorce papers, and you get the welfare check, which then of course promotes divorce, which then of course promotes single motherhood, which then of course promotes all sorts of delinquency within their children, etc, etc.

The difference between a daddy-mommy home, and a single home with a boyfriend, is eleven times more dangerous to the child in terms of child abuse. We've seen all the statistics. We've done the studies. We know the epidemic studies logic on those.

So, we see that this creates a policy for weak families, that creates childhood failure, that creates confrontational avoidance, because the child is failing. They're scared to compete against kids who are ready to compete, who love to compete. You see what I mean? Kids who have weak families, and childhood failure, usually have competition avoidance, and of course complain about the quality of the outcome. You shouldn't have winners and losers. You should have trophies for everybody, and mimic reality, where you should make everybody to feel good. You see what I'm saying? And of course, this is what we saw in the US public education system.

Conservative theory on the other side is the opposite. It is a free market. It is a free association. Freedom to trade. Strong families. Strong units, because you need a strong network, because if you fail in your initiatives, you have other life strings, and other bridges which you can lift yourself back up. See what I'm saying? You don't neglect honest and honorable people, because those people are a huge asset for you, just in case your product fails, or your business fails. Does that make sense?

So, there's a strong unit of the family, teaching success, or to be honorable, to honor your promises, to be on time, all those kinds of things families will instill in their children. To be strong, to seek competition, to not be afraid of competition, unlike other epigenetic they will seek, so that they create childhood success on a greater average. Then of course the pursuit of competition, where competition will be seen as good, not as evil. Competition will be seen as pushing yourself, so you become stronger. You become more epic, more legendary, more heroic, obviously not for your own glory, and you pursue competition through those epigenetics, and you accept that sometimes you lose, right? The videos that these kids make. Sometimes, they win and sometimes they lose, but they accept that. That's a natural part of life, and that's healthy, as long as they continue to pursue, and better themselves, that life cycle continues. That's the Kingdom. That's the Kingdom vs. the Kingdom of Hell, which the Liberal Progressive's vision.

Now, when we look at this overview, for example this one on abortion, you can see the 'r' type organisms and the 'K' type organisms. You can see the difference between them. This theory has been applied to Political Science, which you can see Liberals as voting for 'r' type organism type things, and Conservatives voting for 'K' type things. For example, in abortions you have Liberals who are always voting for abortion. Okay! So, in the 'r' type organisms you have a low investment in offspring, no monogamy or pair bonding in those types of species. You have quality of offspring is unimportant. You have quantity that is reproduced, like bunny rabbits and mice. Better is actually worse. Offsprings which interfere with more offsprings are a negative. Not precious, just make another. Babies are just a blob of cells. High sex drive. More children are needed. Parental preferences vastly outstrip child preferences. Pro-choice or pro-abortion. You see how the Liberal Progressives match up with the 'r' type organism.

Whereas the 'K' type organism views high investment in offspring. Monogamy and pair bonding as the most safest place for raising stable children, and powerful children. Quality of offspring is essential. High differentiation in quality. Better is actually better. Offspring which interfere with offspring are a positive. Precious, you just can't make another. Babies are worshipped. Lower sex drive. Fewer children are better. Child preferences vastly outstrip parent preferences. Pro-life or anti-abortion. Okay! So, you see this? See how this organism on the 'K' type list, when you look at humans, are going to be Conservative.

Now, if you are Satan and if you are looking at it from the Spirit Realm, and you are the Prince of Evil, and you are the father of all lies, and you are the progenitor of all evil, when you look at these two organisms, which one do you want to reproduce and take over the Earth? You see that?

Now, if you are Satan, if you are Satan, if you are Satan, which organism do you want to overtake this world? Okay! You want the 'r' type. You want the 'r' type to take over the world. They will be your prey. They will be your slaves. They will be your instruments in the world.

They match with your values. Economic and sexual freedom. Radical Feminism. Gun Control. Security. Government.

What happen to all the slides? There not even there. Okay, you remember the slides from a few months ago? We're having Internet problems, today. Each one of these, we divided between 'r' type and 'K' type, and showed how every single time, whether you had the issue of Government, whether you had the issue of Centralized Borders, whether you had the issue of Gun Control, whether you had the issue of Radicalized Feminism and/or the demonization of man as the demonization of men is also part of Radicalized Feminism. Economic vs. Sexual Freedom, and the first one we saw was Abortion. All the time, all the time, the 'r' type organism matches up with Liberal Progressives; and, all the time, the 'K' type organisms stand on the political issues and side of Conservatism. Does that make sense?

This is critical, because when we look at politics, we usually are taught in our culture, "Oh, but the Church should not be involved in Politics, spirituality, should not talk about Politics. Oh, we're going to get the Rapture before it all breaks down in the End Days. Jesus is going to take us up into the clouds."

First of all, it's not biblical. That's a heresy of the teachings of the Rapture that you're going to be whisked away, and you not be able to endure the tribulation. Totally unbiblical. But, at the same time, it disengages people who are the most equipped. That is Christian people, the most powerful people are then disarmed to fight against Satan's Kingdom, and this has become the problem of the body of Christ, and Christianity in the West. It has become so apolitical. It has been bought off. It has been sold out to heresies of the Rapture, to justify, to not be politically involved, to believing just a spiritual kingdom, when Jesus says, "Thy Kingdom come, thy will be done on Earth as it is in Heaven." (Matthew 6:10) And, at the day of Resurrection, all will be Resurrected, but to meet God on the Earth, not in the air, the Bible says, but in the Kingdom on Earth.

If we take the perspective of God then, when we look at 'r' and 'K' type organisms, and we look at it in terms of God's perspective on a nation of Cheon Il Guk, or the Kingdom of God that God is looking at, well would God protect the unborn? Okay then! He would be a 'K' type. Would God protect? Would God choose freedom to interact with people over being licentious and sinful within sexuality and sexual freedom? We see that 'r' types would choose sexual freedom, rather than economic freedom and freedom to do trade. They're scared of competition. They're scared of losing. They can't compete as well as 'K' types, so they lose more often. That's what they want the Government to regulate economic freedom, and to give sexual freedom, because that continues to increase the potential to increase their gene pool. See how it's tied to genes, how it's tied to lineage? Tied to reproduction, tied to sex? Tied to bloodlines?

Radicalization and demonization of men, and the father figure, and the demonization of the father figure in the house, that men are seen as bad. That Lesbianism is equal to the father, which is father-mother families, which is totally unstatistical. Single moms as being glorified as super women, whereas daddy-mommy homes seen as traditional. Uh! Tell me this is not in the American culture now?

That of course in a 'r' type culture, where in the 'K' type culture, the Kingdom validates men. Validates the role of fathers. Validates the role of masculinity. Validates the proper use of violence and the use of force. That's why yours need to train in martial arts. That's where they use violence in a healthy way. You know, this tolerance for violence, this ridiculous in education. That's why you got all these crazy bullies. That's why you got these schools that are run like prisons. They got cameras metal detectors for kids, preparing them for their prison, criminal life. Their future occupation, vocation in criminality. Get used to it early kids, because you are going to be in it for a long time.

Learn how to teach your kids to be anti-bully. Teach them Brazilian Jiu-Jitsu. You ain't got no more bullies. Learn how to wrestle. You ain't got no more bullies. Learn how to box and kick box. You ain't got no more bullies now. Learn how to stand up for yourself. Learn how to fight against evil. You ain't got no more bullies now. Do you see what I am saying?

The role of the father, the Kingdom seeing, and validating God is a father. God is father, who looks over all His Kingdom, the King who looks over all His Kingdom, and who wants his people, His nation to be free. Who wants the best for His children.

Gun Control. The issue of the 'r' types don't the 'K' types, or the people to have guns. Why? Because, if you get rid of 'K' types, you increase the population for the 'r' types, where they become more accessible, more sexually preferences, where the 'r' types can take from and can be more sexually active. You get rid of the 'K' types, who are the types that are Conservative, which is the reason the Left always wants to pit, who? The police and the gun owners at each other's throats. They want to think that the gun owners are the problem, and the police want to make them the problem, where the Federal Government are the problem. Just recently, the Obama Administration wanted to make the gun owners seem as though they are domestic terrorists. Hillary was talking about a nationwide gun owner ban on guns. That she was going to use Executive power, when she was going to get into the Presidency. Well, Trump is now talking about a national concealed carry law, baby. National conceal and carry; so, if you are a registered, and you are a legal and law abiding citizen in one state, you can carry your fire arm in all states. Praise God! And, you are not treated as a criminal when you enter New Jersey or New York. My Lord have mercy!

Empower the people who are stand on the 'K' type, who don't want moral degradation, who don't want control from a centralized power. Empower the individuals who are in that nation. That's what Father was talking about, when he was talking about the Kingdom. The Bible says we will be coheirs with Christ. Christ is the King and we will also be Kings. The Cheon Il Guk Constitution talks about that. The citizens are the Kings and Queens of Cheon Il Guk, that are tied together by the gift of freedom given to them by the King of Kings of the Kingdom. As a King and a Queen, you have the right of property and of territory. You have to have the right to defend your territory. That is a right of Kings, historically. All that time, Satan's Kings have had that right. In Cheon Il Guk, there's a nation of Kings, where the people take responsibility, and the freedom given to them by God to live as Kings and Queens.

Whether there be borders, or whether there be Centralized governments, 'r' types always want a Centralized government for what? So, they can steal resources, so they can increase sexual

preference, increase sexual availability for their 'r' type sexual pool; and, 'K' types don't want that, because they are able create wealth. They are able to produce. They are able to create success, and that what's attracts high type gene sets, high type of men, etc. High type people.

So, whenever we look at many of the themes, we see that the 'r' types and the 'K' type, you can see that even the humanity is divided between the 'r' types and the 'K' types. You can see. However, we know that through epigenetics, through education, and through brainwashing children even in public schools, you can make 'K' type family kids into 'r' type children. You can make braindead zombies, even though that family was Conservative, and Christian, and from a strong positive home that child still has a huge threat of becoming an 'r' type, once they enter the public schools system and/or college system. How many have encountered that, or have seen that in your life, even in other families, too? That has happened.

So, that is why we know the Archangel wants Centralized power, wants Centralized education, wants Centralized health care, Centralized medicine, all those things to be used as leverage pulls to force populations to what? Change their epigenetics makeup. Change them from being made in the image of God. Change their relationship with the Creator. Change their ultimate loyalties, because if you can do that, you can start changing them. You can start changing their brain, rewiring their neuro circuits, rewiring their body, creating new motor memory, new visible memory for them to become demons.

As that type of population grows, that society becomes so narcissistic, and so morally degraded that it implodes into itself. Folks, America was literally at that edge. We were on the edge. If Hillary could what? You saw that video on what Mark thought about incest. That would be the dominate culture. Do you see what I'm talking about? That would be the culture that all of you would have to bow to. If you don't, you're a bigot, and a racists, and a sexist, and an incestphobe.

We told you. Remember that? We told you that next would come the transgender agenda. Next out of the transgender agenda would come what? The pedophile agenda, or Minor Attraction Syndrome. For example, Germany in their new psychological manuals, see pedophilia, not as being a mental disorder, not as an evil thing, but as a mental affliction, so it is not a crime. It is something you have to be treated for. You have to have compassion for. It is the same rhetoric they used for the homosexual political agenda, the transgender political agenda. Now the lowering of the age limit to allow kids to be consenting entities, so these perverts and pedophiles can rape them and say, "Well, they choose to do it." You see what I'm saying?

And then of course, we talked about the Gender Attraction Syndrome, which they are trying to say, which is what? Incest. That means dads and moms who are pedophiles and perverts can farm their children. Farm them, groom them to be ready to mate with them, and by the time they're eighteen, saying it's consensual, while all the while your brainwashing them to think it's consensual. Do you see what I'm saying?

Your saying that is the Kingdom in which the world will go. That is the Kingdom of Hell, folks. That's the Kingdom, where there is no safety for children. That's the Kingdom, where there's no freedom for humanity. That is the Kingdom, which has become so morally degraded, and

braindead, and brainwashed, and so regressively deteriorated, that you can't even tell the difference between husband and wife, and incest. You see what the liberal logic leads you to folks?

“Oh, they're consenting adults.” Well, what if you lower the age of consent, which the pedophile organizations try to do? Who saw the BBC interview at the Freedom Society? You remember that time, where we saw that BBC interview on that pedophile organization in Britain, where they're trying to legally lower the age of consent? Well, what about the children? You see, you have nothing to stand on. Nothing to stand on. Nothing to stand on to say, “No!” to these fools and these demons. That's why individual rights and liberties come from God, folks. They don't come from human minds. They don't come from human contentions. They don't come from agreements with people. They come from our Creator, who has Created the entire Universe, and has given the apex of Creation, the human being, with inalienable rights. You see?

Society will degrade, folks. We talked about it before, and we will adapt form of religiosity to legitimize its moral degradation. We are down here, folks. We're down here with Incest and Pedophilia. Western civilization has weakened. We're now down here with New Age, Relativism, Western Buddhism and Hinduism, Satanism, Luciferianism and Wiccans. These religions are now the mainstream. They're the religions. They're the religions, which support these political agendas.

How the heck are we going to get back upstairs (a graph was shown about steps to go up and down. This is the top of these steps in the illustration.) Look how far downstairs we become? You see that? This is a fight, folks. This is a fight. Just because the Trumpists have begun, it doesn't mean the tribulation is over. When Trump comes in, he's got to do what he has promised. He's got to lock her up. He's got to go after the criminality, the Democratic and Republican parties. He's got to after them. At the same time, is it only about making America great? That is the question. Because, Look? America was great. It became prosperous, but then it became the Kingdom of Hell. Why? Because we left our Judeo-Christian values. We left our relationship with God. We started to pursue the American dream, with the house and two car garage, and the doggie, and that was supposed to be the Holy Grail.

All the fighting, and all the Revolutions the founding fathers had to fight to get there, and they based the whole Republic on freedom and responsibility, and on Divine rights and natural rights, on Judeo-Christian values, with the Creator over two hundred years, over two hundred fifty years. It became so degraded, it became neo-Paganism, neo-Feudalism. That's what it became. Communism, Socialism is what we became. We almost lost this for sure, if it wasn't in the hand of God, and the microcosm and the macrocosm moving together to fight this fight, to give one more chance to the World. Holy Shemitah! Do you understand the seriousness of this?

It is the Multi-Culture. It is the Relativism. It is the New Age Paganism that swept us away. That made us feel good, and pursue lusts and desires. Powers and Enlightenment. Not our relationship with God. Not our freedom. Not our responsibility to God. Not our duty for our fellow man. Not the Peace Police and the Peace Militia. Not the Kings and Queens of Cheon Il Guk, and of the Kingdom. Slowly, we became a Socialist state. God has given us a massive blessing; and, if

Trump can do what he has promised, he will push back, this type of Political Satanism, he will push back some forty or fifty years, if he passes a concealed carry law and those kinds of things. Abolishes the EPA. If he does these kind of things, it will push back the totalitarianism some forty or fifty years. But look, we almost lost it, and now Americans know. They know. They know. They have seen with their own eyes this Republic can go down.

It can go down. It is not eternal, but He said his Kingdom is eternal. But, that is where it says, the King of Kings rules and reigns, and the people who believe in Him rule with him as co-Heirs. That means as Kings and Queens who defend that nation of Cheon Il Guk and the Kingdom of God.

We thank God for King Cyrus and Trump-Trump-Trumpets, because God has sent somebody like King Cyrus to drain the swamp, and to protect the people of God; but, the question is, "What will God do? Will we fall into secularism? Will we fall into a Canaanite culture, just like they did when they entered the Promised Land? Just like they did, when they returned from Babylon. Just like they did when they left Egypt. It will bring damnation upon them and the World; or, will we realize the danger we have seen ourselves, and recognize that we need to make Godism great again.

Godism must become great again worldwide, because Godism gives us human rights, and human freedom, and human responsibility, folks. Now, if that's the America were pursuing, America will be blessed. If it's just the house, two cars, and the white picket fence, and the dog, it's bye-bye! I could predict that from a hundred miles away. That's not even going to last a century. Right! In the end, folks, it's about that final battle. Godism vs. Satanism. Let's look at this from the Cheon Seong Gyeong on page 658:

**In the biblical phrase, "Love the Lord your God with all your heart and with all your soul and with all your mind," the Lord refers to one who is unforgettable and eternal. He is a being of absolute content. The Kingdom does not come through our believing in the Lord God, but through our loving Him. The Father's will is fulfilled not only by faith, but by love.**

As SOS comes up, let's give praise to God. Godism gives humanity natural rights. Godism is what gives humanity freedom, and that is who we praise this day. Amen? Aju!
