

MERRY CHRISTMAS

December 25, 2016

Rev. Hyung Jin Moon

Newfoundland, PA

Merry Christmas. What's so amazing about Christmas this year is people say Merry Christmas to you. In New York, you never hear that. It's like, "Happy Holiday-Kwanzaa- Hanukah." Oh, my Lord! They actually say Merry Christmas to you here. It's amazing!

Now, we had questions as to whether or not it is a sin to celebrate Christmas on the 25th of December. Okay! Look folks, it is not a sin to celebrate Christ on any day. Okay! You can celebrate him every single day. Okay!

Just because it happens to fall on a pagan winter solstice Mithras day. You understand why that it happens? Christians were being killed in the early second or third century. Okay! And so, if they celebrated Jesus' birthday on a different day, it was illegal. Christianity was illegal, like the Commies were trying to make it with Hillary Clinton or towards that direction; so, the Christians had to hide their celebration of Jesus in a pagan Winter Solstice Mithras cult day. They would be worshipping Jesus, obviously; but, amidst the pagans, they were worshipping the other gods, because if they did, they would have capital punishment. Okay!

So, we know that understanding of history. We also understand, this is not the birthday of Jesus. 12/25 is not the birthday of Jesus. If you look at the Bible, it's very clear. It was the end of the Winter, early Spring. He was born when the shepherds were out protecting their sheep, which is in the early Spring, late Winter.

So, we know Christ was born late Winter, early Spring, which is closer to what Father said; and, when we celebrate Father's birthday in January or early February. It's like late Winter, early Spring. So, we will be celebrating of God's Day, True Father and Jesus on January 28th. So, please, you are not going to Hell, because you said Merry Christmas today.

We are moving to the Cheon Il Goong Palace on January 1st. The property is a big huge hill overlooking the mountains; and, Donald Trump is moving the DC Capitol back to New York, where it originally was. So, now the Capitol of the United States is under our dominion, because New York will be the new Capitol. Trump Tower is basically the new Capitol. It's the new White House. It's the Gold House. He invites everybody to the Gold House.

Today, we have a very special service. First, we want to thank the volunteers and all the people who have been helping at the Palace. As you know, boxes are stack high. We're just going crazy just trying to get everything in before all of you come next Sunday; so, it's crazy right now. We want to thank all the people who are helping. Thank you all so much for helping out with the move.

You know, it is mixed feelings for us, because at the Lake Sanctuary, we had so much privacy. We lived in an actual house; so, it actually felt like a real house, and the kids could run around and do crazy things, and they had the space to be kids. Now, we also lived in a lot of public places. In a Palace in Korea. In East Garden, etc. but, you can't do that. The majority of the property is public space. Then, you have

your own little room, which almost feels like a prison cell, and I told the kids, you have to be aware of this.

This week, while we are preparing, we are still unloading and unpacking, it's going to feel like Sanctuary. It's going to feel like a normal house, because nobodies here in the morning, and nobody's here throughout the day, etc. You're just packing and the pace is slower. The kids can have a lot of privacy. They can walk around in the pajamas outside, whatever; but, once the opening of the Palace Ceremony begins, what happens after that? We're going to do Hoon Dok Hae in the morning.

That's, of course, with our community here. Sanctuary people can come to the Hoon Dok Hae. If all the people want to come, they can't just show up. They have to come through you all, who are going to be the gatekeepers. You're the ones who can bring people, if you wish. We will have it open for our Sanctuary people; and, also at the same time, we will be doing a radio news Hoon Dok Hae broadcasting. So, it will be a Hoon Dok Hae, that will also cover the news. We hit the news with a Godism perspective. We also hit the current events with a Godism perspective. At the same time, it will be broadcast online; so, we're right now preparing a studio for that in the Palace. Okay!

So, it's not going to be perfect at first. It's going to be very amateur. You're going to have to be patient with us, and it will get better and better over time; because, the whole team, the IT team, has to get in there and setup cameras, and all that stuff. The placement and switching cameras, and all the stuff, they do; and, we got to get use to taking breaks about. We did the research. About ten minutes of speaking, then like a break. What is it, like a one-and-a-half-minute break? Is that right, around that? So, we have to get use to this pattern of going for about ten minutes, then taking a one-and-a-half-minute break.

You know me, once I get going, there's the whooping and the crazy things. I can get going. It's going to be some work to try and get me cooled down in ten minute sections; so, we are going to have to get used to it. Also, we are going to have groups come in, too. Our Japanese groups, from Korea, Japan, overseas groups, they will come and be part of the Hoon Dok Haes, etc.

So, we're still trying to iron out the details about how to exactly to do that; so, it's not going to be perfect at first. Like I said, there's a disclaimer on it at first; but, we are doing the spiritual condition by getting it out, bring the Hoon Dok Hae, and the Word to comment, and have a perspective on all daily current events. Okay! So, pray for us for that program.

I did explain to the kids, look, once we get into the Palace, and after the Opening Ceremony, it's going to be a different reality. You're not going to be able to walk around in your panties at home. You're are not going to be able to go down and get some water. There may be whole groups of people there; so, just getting to the dang water may be a whole adventure or ordeal, and/or annoyance, whichever side you want to see it on, okay? Just getting to the water, "Oh, can I take a picture with you? Oh, can I take a picture?" and all this kind of stuff, okay, especially when we have groups. As a kid, you got to be aware of that. It's now turning into public mode.

So, if any of you ever grew up in that kind of environment, you know how stressful it is for young people and kids, because kids need their space. They need space to mess up, and to grow up, and to not let the freakin' world to know about it. You know what I mean?

So, in that environment, Daddies already told them, "You got to be ready for the transformation; because, as soon as we do the opening, Boom! It's going to be public. There's going to be meetings here. There's going to be all sorts of people coming through here, etc. etc." You have to be smart about things. Think in advance - Proper Preparation Prevents Poor Performance. You guys did Bushcrafting, all those kinds of things. We had a nice talk with the kids. They understand, that's what happens.

Of course, we know all of you are the Aunties and Uncles. Well, maybe not everybody here's an Auntie or Uncle. They know who you are, especially those who have been here from the beginning. These guys, who have been her with us from the beginning, these people have wisdom. They have cared for our kids, and all that kind of things; so, for us, it a blessing environment to get in, and back into the public life with all of you, together.

And, it really kind of symbolizes the exit from the Wilderness; and now, unto conquering civilization, conquering Satan's world. That's what the symbolism represents entering the Palace; so, we fighting from the Wilderness. Obviously, things will unfold as God allows and Wills it. In the meantime, as we start the daily Hoon Dok Haes, we organize it as a community; and, obviously how we will do it, any of you, who are part of our community here, you can come anytime; but also, we will have rotation system, where we will have certain families come, and they are part of the show at the same time. You know, that they come, and they can be part of the broadcast. Okay!

So, we will look forward to that. Also, pray for us, because there is a ton of preparation, and a ton of things we have to work on, everything from tech to design to stage prep to studio-making, all that kind of stuff; so, just pray for us for that, as we move towards the Entrance.

Today, now that we have gotten that out of the way, today we got such a special service. It's obviously Christmas. It's obviously a special day. Your part of it around the world; but, in the last two days, there has been something that's massive, especially in Asia. Okay! Today, we have with us Mrs. Kang Han Shil, who Father has referred to her as, the Unification Church Mother. Tongil Hong Nami. That means, Unification Church Mother. So, Mother, really of the Church. That is why it is in the title, you see; because, Father would refer to Mrs. Kang as the Unification Church Mother. Now, we know, obviously, the Queen is in the True Mother position. She is in the Mother position, the Eve position; so, we are not saying that Mrs. Kang is True Mother. My wife has to fulfill that role, and fulfill the Three Kingships.

At the same time, Mrs. Kang is a legendary figure. Legendary figure. She is, and Rev. Lee will give an Introduction about her; but, she is literally Father's first Disciple in South Korea. She is literally one of the Grandmothers of the Church, worldwide. Worldwide. She is part of Father's historical Providence. She is part of Father's story. She is the first Disciple, when Father was in South Korea in a cardboard hut. How many have aseen that cardboard hut? Father preached in that cardboard hut, and she was a Christian Evangelist studying at the University, whatever. She'll give more details on that. They'll give more details on that; but, she came to witness to him to convert him; and of course, you can't convert the Lord, so he converted her. Alright? So, good luck trying that one.

But, she is a legendary figure. Now, she has been Blessed under Father's Authority; so, I don't know the exact date, but she knew going into this about a year ago that the Han Mother was speaking heresy; and, Family Fed has become a heretical organization that is serving Satan, because anything that is opposite of God is serving Satan. So, it has become a heretical organization. The Family Fed has become heretics, even though they do not feel that way. They do not know that. They are following a heretical line. Okay!

And, with the Han Mother coming out and saying all the things she did in her testimony, I'm sure she will share more about her being the Only Begotten Daughter, and she was born sinless, and she started her Providence before Father; because, she started in the womb in 42, and Father started in 45; so, she is actually senior to Father, all this insanity. Okay! She heard it with her own ears; because, she lives right on the foothills of the Palace in Korea at the Silver Town, where Father prepared places and residences for his earliest Disciples; so, that's where she was living.

It was literally like shooting a James Bond 007 movie to flee that place. She was planning to come on the thirty-first; but, it was a scenario thing. I'm sure they will explain that thing, and if they don't, I will give you more details afterwards. It was literally like she was fleeing the country. Okay! So, they got their ticket on the Korean side. They got her here, and rushed her here. All the doctors said she shouldn't be flying, etc. She didn't listen to them. She said, "I'm gonna die going." She came... What day did she come? She came on a Wednesday or something? She came on Wednesday, and she was so exhausted from traveling. She's ninety years old. She met Father when she was twenty-six years old. Father was thirty-two. Think about that. In terms of the Church, she is a legendary figure in the history of the Church.

Now, for the last two days, she previously had sent for me, because now is the time. I'm no longer going to wait. There are other people, also on the line, that I'm no longer going to wait. Either you come out, publicly, or you will be exposed. Okay! So, as soon as she got that order, immediately she sent us her letter; and, we held that until we were waiting to the Entrance to the Palace Ceremony. Okay! But, all these ordeals happened; so, they tried to get her, and all this kind of things happened. She had to flee; so, we planned to release it at the Entrance to the Palace Ceremony was pushed a couple of days in advance. A week in advance, or so.

And so, for the last two days, her testimony that she had written by hand has gone out onto the Internet to be publicized; and, what is it, in one or two days? Over four thousand people have seen it. There is massive, massive, massive panic mode among the Family Fed heretics. Massive panic mode; because, you have literally, you understand, she is senior to the Han Mother. Way senior. She was a way early Disciple. Okay! So, she is before Thirty-Six Couples. You heard a lot about the Thirty-Six Couples. Right? She is senior to Thirty-Six Couples. Do you understand? So, in terms of the actual Disciples, she is probably literally amongst the living, she is the highest-level Disciple of True Father. Okay?

And, she is a woman of God. She has repented for her sins that she... I had a whole meeting with her, when she first came; and, the Spirit of Father came down, and he just let it out. You know. That's an unfortunate thing about my job. You have to chastise people. I don't do it because I hate them, or because I'm angry with them. It is just the nature of the Father. Okay! And, she came knowing that she would be targeted, and that she would be persecuted worldwide. Of course, there going to say she is senile, and that she's ninety years old, and that she's etc. etc. Of course, they're going to say that.

It's like what Hillary says about Donald Trump. It's so obvious. It's the same stupid rhetoric. Of course, they're going to say she is senile. She can't think for herself, and that's when the last two days the Internet letter went up. They're saying, "Oh, that's a forged document. That's not real. That's not real." Regardless, the truth is the truth. Today's, she's here to speak her heart, and to share her amazing testimony. This takes us way back. Way back to the cardboard hut. Alright.

Am I forgetting something? Also, Rev. Lee and the whole Korean Church have been praying, because there was such an emergency to even get her here; so, I want to give a big round of applause for the Korean Church, and all the brothers and sisters there, who made it happen. They got her out of the country. People were filing suits. They were trying to file suits. You know, "They kidnapped her." They came out very clear of her own will, of her own volition, standing up for True Father. Okay! I'm not forgetting anything else, I'd like to ask Rev. Lee to come up and give an Introduction to Mrs. Kang. Let's give Rev. Lee a big round of applause.

Mrs. Kang Hyun Shil "Unification Church Mother" Testimony

7th Year of Cheon-gi, Heavenly Calendar 11.27 (December 25, 2017)

World Peace and Unification Sanctuary, Newfoundland, PA USA

We Welcome & Honor!!! Mrs. Kang Hyun Shil

First Disciple of True Father in South Korea

Rev. Lee's Introduction:

My name is Sang Yeol Lee. I come from Korea. I stand here today, with a very special instruction from the King. I stand here today to introduce the person who True Father witnessed first, after he came down from North Korea and built his hut on a hillside in Pusan. I like to briefly introduce the history of Mrs. Kang Hyun Shil here, whom I am introducing. Mrs. Kang was born on October 1, 1927 in Yongju, South Korea to a Christian family. She Graduated from the Goryo Theological Seminary in March 1949. This Seminary was established by Christians, who refused to worship at Shinto Shrines during the Japanese Occupation. Christians, who refused to do that, were imprisoned; but, after coming out of prison, they established this Seminary.

This was a Presbyterian Seminary, and while she was a student there, she already became an Evangelist, and pioneered the Beomcheol Presbyterian Church in Pusan, South Korea. Mrs. Kang's father was one of the Christians who refused to worship at Shinto Shrines, and was imprisoned as a result, and was tortured severely while in prison. They released him, when he was about to die. They didn't want him to die in prison. He would become a martyr; so, they released him, and he died shortly thereafter, because of his torture. She has inherited that strong faith of her father. The word "Pom" means tiger; so, this geographical names comes from the fact that tigers would appear there.

After she graduated from Seminary, she worked in her Church as an Evangelist. One day, one of the Seminarians entered her Church, and came to her and said, "In my neighborhood, there's a house

actually; and, there's a man living there, and he's actually a handsome man, and the way he talks. He sounds like he believed in Jesus; but, I don't think he is going to any Church, but he saying some very strange things." So, Mrs. Kang prayed for seven days to asked God whether or not she should go visit this man. Then, finally she did. She found out he was living in a house made of mud and rocks, and some corrugated cardboard, and iron on the roof, that kind of hut. When Father saw her, he said to her, "God has been giving you a great deal of love for the past seven years." She said to herself, "He doesn't look like a fortune teller; but, he sounds like one."

Father's age was thirty-three by the Korean way of counting, and Mrs. Kang was twenty-six; and so, she listened to him for a while, and she stood up, and was about to leave; but, Father grabbed her skirt and said, "Stay for dinner;" and, so she ate dinner that day. Father, at the beginning of the meal asked Mrs. Kang to pray; but, she said, "No, I don't think I can." So, Father prayed for the meal; but, Mrs. Kang was very moved by Father's prayer. She realized, in the past, all her prayers have been asking God for things. "Give me this. I want this. I want that;" but, Father's prayer, he did not ask for anything. He was telling God, "I will do this for you. I will do this for you. I will do this for you." She was deeply moved by it.

And, Father spoke to her about the Principle. When people come to our Church, we talk about the General Introduction; then we go chapter by chapter; but, that day Father gave her the lecture on the Second Coming, the last chapter. That's where he began. He told her, when the Lord of the Second Advent comes, he's not going to come on the Clouds with trumpets. Instead, he's going to come as a man, as a human being, and he's going to come to Korea; but, in her heart, she felt, "I'm sure God has a lot better places to send the Messiah than a poor country like Korea."

Now, Father and Mrs. Kang were in a very small hut, and she was the only one listening to Father. She says, when Father was talking to her, he spoke with such passion, it's as if he was speaking to the entire world population, which was 2.4 billion at that time, plus everyone in the Spirit World. So, on May 10, 1952 she became the first person in South Korea to accept Father as the Messiah. Please give her a big round of applause. Kamsamnida!

Then, in August 1952, she was expelled from Goryo Seminary. Then, in 1953 in July, she went to pioneer the Unification Church in the city of Daegu. In this instance, this was the first order for someone to go pioneer the Church. The Holy Spirit Association for the Unification of World Christianity was established on May 1, 1954; so, she was pioneering churches even before that.

In 1954, in April 1954, she began visiting Christian Churches as other denominations of Christian Churches as an Itinerary Worker to witness to them. In 1956, she pioneered the Unification Church in the city of Taejeon. In 1957, she pioneered churches in the city of Gwangju. In July 1959, she began preaching every day at the Pagoda Park in Seoul. This is a park located in the center of Seoul; and, she preached there every day for seven years rain or shine. In July 1967, she was appointed as the Regional leader in the area of Masan, and she began doing Pastoral work there. Then in July 1970, she pioneered the church in Pusanjin. In January of 1971, she was appointed as special Itinerary Worker for all of Korea. In 1974, she began working for interfaith work for the inter denomination association, and she worked there for twenty years. In 1991, she was appointed as an Itinerate Worker for Japan, and she began working in Japan. From March of 1994, she was appointed as the responsible person for the East Tokyo Region. In August 1996, she was appointed as the National Messiah for Russia, and she worked there for four years. In the year 2,000 she was appointed in the Seodawmun Region in Seoul. Then in 2001, she was appointed as the responsible person for Home town of Yongju. From 2001 until the

present she has been an advisor for the Women's Federation for World Peace. Mrs. Kang has been Blessed by Father to St. Augustine. For 65 years, she has worked with absolute faith to accomplish True Father's will.

She had to overcome many difficulties in order to be here with us, today; but, she wanted to be here, because she wanted to uphold Father's Word, the Second King and the True Cain. Rev. Lee feels this way. Father began the Providence in South Korea in Pusan, and the Second King has begun his Providence in the wilderness of Pennsylvania; and, he and True Cain, Kook Jin Nim, has followed True Father with absolute faith, absolute love, and absolute obedience, and has set that vertical condition; and, horizontally has set up the Foundation of Substance through the victory of Donald Trump as the forty-fifth President of the United States. So, I think that is why Father has called Mrs. Kang here, so that the First and Second Kingships can be represented together as the Cheon Il Goong Palace has opened on January 1, 2017. So let's welcome her with a warm round of applause.

Mrs. Kang speaks:

Mrs. Kang spoke in English the following statement: Good morning, everybody! I am glad to see you. I haven't seen you for a long time; so, today, I am very happy, very, very happy to see you. I start speaking in Korean, now.

I began sixty-five years ago, with Father; and, until now I have worked to bring truth and happiness to all humanity. I have been working all this time; but, now, I have become old.

I am filled with all kinds of emotions to be here today. I'm not sure what I should speak with you about today. I'm a person who always felt you should always live with sincerity; and, I've been searching for a place where God is spoken with sincerity. I'm a Christian, and I have always waited for Christ to come; so, what I've been thinking in the process follows.

I always prayed I would meet Christ before anyone else. Because of my desire to meet Christ before anyone else, and that I was able to become his first person in South Korea to meet True Father.

So, I want to speak to you about a story that happened a long time ago. As Rev. Lee said in his introduction, I met True Father sixty-five years ago; and, I was able to work with True Father on the frontline in order to bring Salvation to all of humanity. I had many opportunities to feel and to realize many things that Father did, from large things to small things. Everything that Father did, God was with him, and God was standing behind him; that Father was working to unite all of humanity.

As I met you today, as I see you today, I am reminded of the Bible verse of the Gospel of John Chapter 16:33, where Jesus said, "be not of tribulation, but of good cheer; for I have overcome the world." I know that everyone here has overcome many difficulties; so, you already look like very great people to me. Centered on our Second King, Hyung Jin Nim, his wife and everyone here, you have been working very hard to accomplish God's Will. Even though this is in the middle of the mountains, it's not just in the middle of the mountains. This is a place for which the Salvation of the entire World will be begin; so, I bow my head to you in gratitude that you've been working hard until now before I came.

I know that Jesus was a person of truth; and, I have always tried to live my life as a person of truth. I began sixty-five years ago with Father to bring truth and happiness to all humanity. I have been working all this time; but, now I have become old. The conditions were not were not favorable for me to come here; but, I heard that Hyung Jin Nim, the Second King, had asked me to come; and, when I heard these words, I just answered, "Yes!" without thinking of anything else.

I know that you are receiving a lot of persecution, and that you have many great difficulties and suffering. When I switched from the Presbyterian Church to the Unification Church, I received a lot of persecution; and, I was treated as a crazy person. When I first met Father, my intent was to witness to him, and to bring him to my church. Of course, it was very ridiculous that I would try to witness to the Lord of the Second Advent, but that was my intention then. My intention was to bring this man that God could use, that I would bring him to my Church, and we could work together to bring happiness to all humanity.

I'm old, but I know that God will make fools of the young, that God would use the old to make fools of the young, and that God would use the weak to make fools of the strong; so, despite my age, I'm here to work a little bit more before I pass on.

One thing I want to say to you today, "Pioneering is not an easy thing. Pioneering is very difficult process. I pioneered four churches. It was very difficult; but, I know everyone here is on that course of pioneering, and I'm quite certain, even though you are being criticized a lot, a being mistreated and persecuted a lot, still God will work through you. God will accomplish something that never happened in the past, and will never happen in the future. That is why everyone here is a very great person."

I already spoken to Rev. Lee what I was about to say today. Those were the points I wanted to make. One thing I'm feeling right now is that everyone here works together with Hyung Jin Nim, the Second King, and with his wife, and with Father in the Spirit World, then God will accomplish a tremendous Spiritual work through you.

If you try and do it yourself, it won't work. It has to be God; and, True Father in the Spirit World working with you. I know through Hyung Jin Nim, the Second King and the Inheritor and Successor, has been working the risk of his life to accomplish God's Will. Be absolutely certain that a tremendous work will be accomplished through him.

When I first met Father, he spoke in a very loud voice; and, I'm thinking, I'm young and he's not deaf. Why is he speaking in such a loud voice? Father wasn't trying to witness to one person or two persons, he wasn't witnessing to one nation or two nations. He's was witnessing to everyone at that time, including all those who have gone to the Spirit World; and, that's why he was speaking in such a loud voice, and he was using so many gestures. I still remember that first meeting that meeting that we had.

Right now, the Family Federation does not understand the work that Hyung Jin Nim is trying to accomplish here. They're persecuting him, and they're saying this is a person who is out of his mind; but, I don't think that way. The reason is, When Father appointed him and Blessed him as the Successor and the Inheritor, Father had a purpose and a meeting we do not understand.

When I see what Mother is doing now, I can't understand it, and I will try to explain why. She said that she will do the mission of the Messiah, and that's she will do the mission of the Savior, and that she will

do the mission of the Lord of the Second Advent, and she's even talking about something that she's being God. This was something that was completely understandable.

When I heard her speaking this way, I prayed several nights in tears asking God what to do; and, I could not accept what she was saying. Though, I tried to accept it, there was no way to accept it; and, so I've come here, because I need to go a different way from her. I need to go a path that will accept Father's Will.

You may say what can a person who is ninety years old by the Korean way of counting, what can she do. You may say the very least I could do is sit in a corner someplace and pray; so, one can accomplish God's Will, so that Father wanted to accomplish; and, I wanted to see that World before I go.

I know that when everyone here becomes one from top to bottom, everyone here becomes one. God will not leave you alone. He will come to you, and He will work through you, and He will accomplish great things through you. I know that God is hundred percent positive. I'm a hundred percent certain this will happen. I come here, and I want to be part of the revolution God desires He's building. I have many things to learn from you, and I'm hoping you will help me to learn and to work with you, and to charge forward with you.

Father was a person who was crazy to witness. I know that Father suffered a great deal on his course. You don't know; but, I was there for sixty-five years, so I know. I know when I first met him, he was wearing very pitiful clothes. He was wearing a dirty jacket, and he was wearing Korean pants. He was wearing socks that some American soldier had thrown away. But, that's how he began.

But, Father in his Word never said this wasn't going to work. This was as far as he would go. He was never discouraged or disappointed. So, never feel you won't be victorious, because God can work miracles, even beyond your imagination. Everyone here wants to build Cheon Il Guk, where we can all live together in happiness. Let's work together to accomplish that and be victorious in that effort.

I cannot speak to you for a long time today. I'm not as I was in the past; so, I cannot give you a long speech. I will be behind you praying for you, and encouraging you through prayer. Let's work together with God, True Father and the Spirit World, and with Hyung Jin Nim to accomplish this wonderful miracle. I'm glad when I come here there are several people there are people I have known from the past, including Tim Elder, and so, I feel welcome. Please, as you work, take care of your health. Of course, you have to take care of your health; but, you have to work at the risk of your life. God does not work through people who are just doing things like they are usually done. You have to be crazy. You have to work like crazy. Then, when you work like crazy, then God takes pity on you, and helps you.

So, we are in the middle of a mountain, so there is not a lot of people here. Not a lot of witnessing is going on. Light the fire of witnessing, now. I know if we have the right heart and right attitude, we won't have to go out and find people. People will come here. If we work that way, then God will not ignore that. Father will not ignore that. He will help you, then people will come here, then we will fill more than the need up to fill these seats, so people will come here. Let's work this way.

There are Bible verses that say there will be tribulations in the world; but, there are other Bible verses that say we should be of good cheer, because Christ has overcome the world. As we work with God and

True Father, and as we work with Hyung Jin Nim there will be victory. God will accomplish a great victory here. Thank you very much!

Hyung Jin Nim continues:

Let's give a big round of applause for Mrs. Kang. Let's be seated. She's a very precious, precious lady. So, after the Palace Ceremony, she will come and reside with us. Most of you know that. This is a responsibility, since I am Father's Representative. I'm his Heir. I have to take care of his most beloved Disciples, especially when they return, they repent. They come back under my Authority. It's my responsibility, especially for a Grandmother like her.

I was talking with Jamal the other day, and he was reflecting on how amazing it is that at the end of her life, as a Bride of Christ that she can work until her dying breath. That she comes back under Father's Authority. Almost, she was snatched away by Satan; but, was able to have a discernment, and her conscience. That her spirit is to rise up towards God to make the decision to separate from evil and come back under Father's Authority, and how glorious it is to have a woman like that at the end of her days come forward, and to come and enter the Palace as well.

So, we of course are, of course, very thankful that Father has brought her back. It is not something we have done. It is something that Father has clearly done in her Spirit. He has directly communicated to her; and, he has brought her directly. The work of Father's Holy Spirit is so powerful. This is like a nuclear bomb against Satan's Kingdom; because, she represents the entire discipleship that followed Father. And, for her to stand up, they are going to say that she is crazy; but, anybody who has a heart or has a conscience, when you see her on video, and you see her, that she's real. To know that she is recalling things from eighty to ninety years ago, you know that this woman is not senile. She's quite lucid. She's quite clear. She can recite Scripture. She's on fire for God, and they will do all manner of things to slander her.

They will try to kidnap her. All sorts of insane things, they could try to do; so, we need everybody's prayers. We need everybody's concerned and love for her. As Father's Representative, Father's Heir, it is my responsibility to take care of her. It is my family's responsibility to serve her. Also, all of you who are here in the Newfoundland community, we would like to invite you guys to speak with her, to talk with her. At this age, she only has a short amount of time. Her body is growing weak; but, her Spirit as you can see is strong. Her spirit is still on fire for God.

So, what she can give the World is, she can give God's Word. So, spend time with her. Listen to her testimony. Being there, just willing to receive from her, I know that will give her strength. Okay! Somebody who is now some ninety plus years old. So, we would like to invite everybody in the Newfoundland area to really take care of her; so, we would like to invite everybody to take care of her, both spiritually, heartistically, as one of our really long lost grandmothers, who has gone through tribulation; but, through the Grace of God, has come back. So, I want to give one more time a great round of applause. She's such a precious, precious lady. Father has loved her so much. She says, she has one more thing she wants to tell you.

Mrs. Kang Continues:

Father said, "I'm going to take this Word, and I'm going to unite Christianity. I'm going to unite the world. I am going to unite the Cosmos." I said, "What do you mean Cosmos?" Father said, "That means Heaven and Earth." So, he's thinking about all this in this small room, where two, maybe three people can gather, and he's talking about uniting Christianity and unifying the world, I was thinking to myself,

Father said, "Do you have a Bible with you?" I said, "Sure, I have a Bible with me." He said, "Open the Bible to any page;" so, I did that. The verse that I picked was, "Oh, ye of little faith." It was where Jesus was scolding the Disciples for having little faith.

One day, I was on the road to the Seminary, and I saw a man and a woman fighting; and, they were fighting, fiercely. They were almost drawing blood from each other. As I watched them fight, I said to God, "How is it, we can resolve this kind of evil in the world, to make these kinds of people live together; yet, when I had that kind of doubt in my heart, I couldn't move. I couldn't go forward. I couldn't go backwards. I couldn't go left or right. My two feet were just glued to the ground.

I've been expelled from my Seminary. I've been expelled from my Church; and, I lost all my friends. The persecution was so fierce against me at that time, I was just thinking of just leaving. Just leaving Father and not working with him anymore. Finally, I was able to go from there, to where True Father was; and, I was climbing the hill towards his hut, when I came to a pine tree; and as I passed that pine tree, I decided, No matter what he says today, no matter what happens, I'm going to tell him, "I can't do this anymore." I'm going to quit. I'm going to leave him. I'm going to say, "Good-bye!"

So, when I met Father, and greeted him, I noticed he was completely different from what he was before. Until then, he was glad to see me, and asked if I had anything to eat. This kind of thing; but, on that day, he was very fierce. Before I could say anything, Father looked at me, and he knew what I was going to tell him. In fact, Father is a person who knows our past, he knows our present, he knows our future. He even knows our descendants. So, Father was looking at me with a completely different expression from before, and this is what he said to me then.

He said, "I'm a crazy man. I'm a crazy person. I'm crazy about loving God. I'm crazy for accomplishing God's Will." So, I was not able to say, "Good-bye" to Father that day; because, the reason was, I also had to become crazy for God's Will. I also had to be crazy to accomplish the Will that God has been waiting for two thousand years. Father knew that I came to him to say, "Good-bye" to him that day. In order to keep me from leaving him from going on this path, he had to tell me, he was a crazy person; that I was also crazy for accomplishing God's Will; so, I would be inspired to that as well.

Everyone here is going on a difficult course; but, your course is different from what Father went through. Father was imprisoned six times; and, no matter how much difficulty we have, that difficulty is small compared to the difficulty Father experienced in prison. When you overcome that difficulty, you will become the victors that will be remembered in history.

I want to say just one more thing. Father asked me, "Are these things I just made up; or, did they come from God?" Father wanted to know about that. Then Father said, "Are you curious from where they came from?" I said, "Yes, I am." Father said, "Well, pray and ask God. He will tell you where these

teachings come from." I thought, in Christian history, there are many intelligent people who came up with intelligent teachings and theories, but were never able to put those into practice; so, I thought, this is going to be like that as well. This is just some person that came up with something that sounds good; but, it's never going to come about. But, when I thought that way, I experienced something very strange. For the next three days, I was not able to speak.

I could not speak; so, I did not go to Father for three days. Then, on the fourth day, Father asked me, "Why I hadn't come for three days?" And I told him, "After you told me to pray about where these teachings come from, I had tremendous difficulty internally, and also externally, in terms of my time. So, he asked me, "When you prayed that way, did you have some sense of doubt within your heart?" I said, "Yes, I had some doubt." He said, "It was because of your doubt that you were not able to speak."

So, I'm a person who's not been able to speak, and having my feet glued to the ground, and not being able to walk. After these experiences, I realized, God is really working here. So, after that, I determined myself to go this path to the end.

Some people may doubt these things; but, I'm telling you the truth as they happened. You can imagine how God must feel that he takes an unqualified person such as me and works through me to accomplish His Will. Let's everyone here unite; and, let's work to bring Victory with Hyung Jin Nim, and to God's Purpose here. Thank You.

Hyung Jin Nim Continues:

It's now the Family Fraud in Korea, in Asia, that will now crumble even at a faster rate; because, she (Mrs. Kang) is a nuclear power bomb of truth; and, she is breaking through the veneer of silence that plagued that organization, because they know they have been traitors. They know that they fallen. They know they have become heretics; yet, they have the Asian-group-think mentality, so it is so hard for them to break free.

She's going to lose everything. She's going to lose everything from the pension fund they have for her, whatever. All that support. Everything! But, as you can see, she is not a weak woman. She is a warrior. She is a fighter; and, as she stands like this, representing the First Generation, she is one of the first. She's literally one of the first of the first.

She stands up, alone, as an Abel side True woman; a True Bride of Christ that surrenders herself to the Lord, and gives herself to Christ in tribulation, in difficulty, etc. and is not fearful of receiving that hatred and scorn of the world. Then, you will see also, at the same time, the micro and macro, and more Abel type women being able to stand up in the Abel type world as well.

We know that also the Queen is playing important role Providentially; because, she is unlike the Han Mother uniting with her Subject Partner, uniting with all the things we do here, with the hard things we do here, the hard things like the Martial Arts and trekking. She is going against her own natural personality and things; and, she is unlocking her own epigenetics. She is testing and challenging herself in all these different realms; and, that becomes a condition, also, for women leaders in the macro to rise up like Marine La Pen, the people on the Abel side, who are standing up and becoming leaders on the macrocosmic level.

So, all those things will kind of come together with Mrs. Kang coming here, and becoming a pillar once again. You have to just understand her frame in Korea. There's a whole hierarchy of ten thousands plus people, and the whole establishment of the Family Fraud, which is quaking in their boots.

With the normal members, there will be new floods of people who will be coming in, because of her testimony; and their hearts will be turned. The Holy Spirit will be able to move quickly and go through their hardest hearts, and bring them to repentance; and of course, the establishment will scramble. The establishment will try to do everything within their power to hang on the vestiges of their crumbling Kingdom, which the Usurpers done. So, the time is now. The Judgement is coming upon the Archangels. The hand of God is moving; and, at the same time, we see the micro and macro Providence unfolding.

It's such an insane time, folks. It's going to be very important after the Palace Entry Ceremony that we uphold the Hoon Dok Hae tradition, because that's the Word, and broadcast that live for everywhere. It will obviously be in a different format than it has been, in a format that's more accessible to everybody; but, at the same time, we want to bring back the reporting culture that Father had. People don't understand Father's Hoon Dok Hae. It was not only just reading Scripture. Father would tell this and that leader to give a report on this or that project, or this or that which is going on in current events, or this kind of things; so, as Father said, we're transcending the prayer culture and going to the reporting culture, where we are living with God, and we are reporting to God. We are reporting what's happening in the Kingdom. It's like what God's attendance would do to the King of Kings.

Everybody knows that Father is the King of Kings, even though they are heretics, even though they have following a heretic Mother, even though they have gone into the heresy. They still have to realize, they still have to know in their hearts that they joined this Movement, because they met the Lord of the Second Advent, the King of Kings; and, it's not that I say this, because I'm boasting about this or that.

Father anointed me as his Heir and Successor; so, when people try to mock our community for calling me Second King, because it sounds weird, etc. it's not weird; because, my Father is the King of Kings and I am his successor, you bums! It's not because I'm weird. It is only weird, because you're under the dominion of the Archangel; and, he wants you to be ashamed of your lineage, and be ashamed of your Father. It's only weird, because you are under the spell of weakness, under the spell of deception, the spell of self-idolatry, the spell of narcissism. That's why you think it's weird.

It's not weird that the King of Kings comes here. It's not weird that biblical prophecies are fulfilled. It's not weird that the Kingdom has been established, and the Three Kingships has been established, and the Cheon Il Guk Constitution has been exposed. It has been released into the world. It's not weird, that in the Constitution, you will see a nation that is not a totalitarian nation, but a nation that maximizes freedom. In fact, the citizens have the responsibility of becoming co-heirs with Christ, and becomes Kings and Queens as well. It's not weird that we're so indoctrinated in the archangelic culture, that it's weird for us to see that we are a Divine King of Kings. You see what I'm saying? That's why it's weird. It's not weird, because the truth is weird. It's weird, because we have become weird as a culture. The community, where those who live as those, who no longer live under the dominion of the culture of the archangel.

That's what it really takes. It takes all the people of God to understand, "Wait a minute. I am God's son and daughter, when I am in the right standing with him. I am under his Kingship. I am under his

Kingdom.” Of course, if I am not in right standing, I have to repent. I have to turn from my wicked ways. I have to come back to the Kingdom. I have to come back to the King of Kings. Right?

But, when we are under Father’s Authority as the King of Kings, then we are ourselves, as well those as those under the authority of the King, are not weird. And, it is not weird all of us when Father says, “Be Divine sons and daughters of Heaven and Earth. Be Kings and Queens of your own tribal Messiahships.”

It’s not weird. It’s just the fact that we’re so brainwashed and indoctrinated, and put into a guilt/shame culture of coming into, and identify our true identity; and having to identify with these false identities the Establishment gives. These false narratives that the Establishment gives; or, these false identities that Satan wants to feed us, so that we feel disempowered. We feel weak, and we, feel like slaves; all at the same time, he tells us that he loves us and he’s empowering us.

So, that’s the breakthrough, we have to have, as we enter the Palace. We all have to understand that we are going there to elevate the King of Kings, to glorify the King of Kings; but, at the same time, that place is a symbol of his coming and taking over this World. That is the culture, folks. It is a culture that takes over Satan’s culture. The culture of Satan is to make people weak, unempowered; while, at the same time, they’re becoming more unempowered, weaker and brainwashed and indoctrinated; and, they never challenge themselves and unlock their true epigenetics to become what God wants them to be, which is Divine sons and daughters, which is King and Queen of home, which is King and Queen of the nation. Right? To stand in that Divine Right, not so we worship ourselves, so that we perform the duties of the King and Queen, that we are identifying with our true relationship; and, no other relationship that is false can come in and Usurp that identity. Right?

So, it is a task, when all of us go in there together, and broadcast to the World that we’ll be strong in that truth. We’ll be strong in that identity. We’ll be strong in our true nature, our true identity; not to say we are worshipping ourselves as gods. No! But, that we are from the King of Kings.

That is so important, that is becomes a symbol, that the Cheon Il Goong Palace is a symbol for all the Sanctuary people worldwide. Also, all the Family Fraud people who have fallen, but who are coming back. Of course, more will come. There are a whole bunch of leaders who are now preparing to release their statements as well; because, they’re too cowardly, they’re too slaves of peer pressure, and the shame culture, and group think mentality, and all those things. Yes, they’re pitiful and weak. Yes, they’re fallen. Yes, we understand that. We pray for you. We are sorry that you’re that weak; but, they’re now coming forward, step by step. They’re now gathering strength. Of course, they need to see a couple of major figures come out and get roasted first, before they gather enough strength to actually say, “Oh, maybe I should come in.”

It’s very sad. And you bring a lot of people into pain, a lot of people into suffering, because of your weakness, because of your pitifulness; but, in the end, God can forgive you, and He can make you not go the path of Judas Iscariot, where hari-kari is your most honorable path. But, to take the path of Peter, who even though he betrayed the Lord, is able to repent; God could use him, and that he has totally returned from his wicked ways, given himself back to Christ and surrendered himself to his Authority.

In the end, you know it’s a battle for your soul, and the path you’re going. Family Fraud heretic people, we love you. That’s why we are telling you that you are heretics. We love you. That’s why we tell you the truth that the Han Mother is leading you to Hell. That’s why nobody else tells you this. Nobody thinks

about your feelings, or your emotions, instead of looking at the reality of your spiritual life, forever – your eternal life.

You are giving up your eternal life to be in the guilt/shame culture. You're giving up your eternal life so you can feel good that you are fitting in with the peer pressure; and, if you are willing to do that, that is your choice. That is your making. That is your fault that you are separated from God, and you are separated from the King of Kings, when you die. It is your fault; and, it is your responsibility.

Don't say we didn't help you. Don't say we didn't try. Don't say we didn't reach out. Don't say we didn't alert you. Don't say we didn't try to warn you. That's all we've been doing. Telling you the truth. And though the truth can hurt, it takes admitting the truth, and admitting the fact that you're being forced under the Establishment, admitting the fact that you've been used as human farming. Admitting the fact, that your simply animals that they're leading and herding you into their own narcissism and power struggles, and admitting the fact that you've been duped for you to realize. Wait a minute! There's a reason why you came and truly followed Father. What is it? So, you can be duped by Archangels being led by their own word of their Cheon Il Guk of slavery? The Cheon Il Guk Constitution that they have released is one hundred percent totalitarianism.

If that is the case, if you say that for yourself, that is the case, that is your one hundred percent free will, and your free choice; but, you may not, you may not blame other people, who had discernment. You may not blame other people who can decipher between good and evil. You may not blame other people who warned you, and alerted you, to the fact that you are going off a cliff in terms of eternity, and to try and help you to see the reality that you had left True Father.

It is painful. Yes. It is painful. Yes, that the Han Mother has fallen. It is painful that she has betrayed True Father. Yes. You think you know her. I'm her son, you bozos. I'm her son. Do you understand? It's more hard, it's one million times more hard for me, because I am her actual son. Do you understand? What you experience is nothing compared to what I experience. Do you understand? So, stop being on your high horse pretending that you love her, and pretending that you know her, and pretending that you actually care for her, when all you are doing is playing peer pressure games. When all you are trying to do is conforming to peer pressure reality. When all you are doing is trying to go along with the group saying, you can just get along with the group.

You are not facing the truth, and you are not facing reality, and not coming into contact for the reason why you yearn for the Lord, yearn for the Messiah, yearn for the Lord of the Second Advent, yearn to study the Principle, and yearn to follow him your entire life. Don't throw all that away, when you have some stupid friends, who are giving stupid advice.

You must do your own soul searching. You must look at your own conscience. You must have your own prayer life. You must develop your own relationship with God. If you have hurt him and turned from him, and scorned him, then you must repent and come back to him. That is your responsibility. We can only do so much. We can only do our five percent. We can only warn you at the top of our lungs, because we can; but, in the end, you must decide.

You must man-up, woman-up. Stop being little children. Stop being little babies. Stop being little cowards. Stop being little thieves and man-up, come to the truth, and realize that, Hey! There is a hope.

There is a future; but, it is not separate from Christ. On Christmas Day, that's our heart for you. That's our love for you; because, we don't give up on anybody until God says it is over.

God has a miraculous way. He did it with her. (Mrs. Kang) He did it for all of us. He did it with everybody else who is waking up. Who has given the courage to say, "You know what? Screw this crap. I'm gonna stop watching everyone else, and I'm going to be true to my heart, my conscience. To be true to my Lord and Savior, who is True Father, who is Rev. Sun Myung Moon, and that I will come back to his Authority.

You have to understand, I know you are weak. I know you are cowardly. I know you watched all the nunchi, because more and more people are coming. It just speaks less of you, when it's easier you just come out. What is it that Mark Twain said, "The greatest need that a patriot is scorned, is hated, is persecuted; but, when his cause succeeds, everybody wants to jump on the ship." Everybody want to say, "Oh, I was a patriot."

No, you weren't. No, you weren't. You were cowards you were selfish. You only looked at your reputations, and other people had to put their reputations on the line; so, it could make your path easier. That's not because we are trying to claim glory or anything; because, we had to do the right thing, because it's simply the right thing to do. As men, as sons, we don't just sell out and prostitute our father away. You stay with honor. You stay with truth. You stay with reality, and you do everything you can with your ability and the responsibility given you to do his work, and his will, and his mission forward. That's all you can do. That's all we did.

That is what should be normal in Cheon Il Guk. The problem is, it's an aberration, because we are living in Satan's Kingdom. It should be normal to honor your father. It should be normal not to betray him. It should be normal to stand up and risk your life for him, and be willing to die for him. It should be normal when your father is the King of Kings, and he is the returning Christ; and, it should be normal, when he is God in the flesh. That he is here, Jehovah with us. You know, Emanuel.

These kinds of things have become abnormal, and that's why we as a community and society and culture have become so weak; because, we are now under Satan's dominion. But, when God's Kingdom comes, and as we enter the Palace, the Kingdom power will rise. The Kingdom will come back in larger and larger waves, and you will be more and more exposed how weak and how cowardly you are. More and more exposed. Do you hear my voice? More and more exposed. The longer you wait, the more cowardly everybody will see you; so, it time for you on Christmas to deeply think about your relationship with Christ. Deeply think about your eternal life. Deeply think about Heaven and Hell and Earth, and eternal life in the Spirit World.

Where will I reside? It is very clear. You cannot choose between both good and evil. You must choose between good and evil. You cannot choose both light and dark. You must choose between light and dark. You cannot choose both marriage and adultery. You must choose between marriage and adultery. You must choose between fidelity, faithfulness, honor, true searching and being in relationship with God, or you will not have it.

In the end, it's up to you. You are the one who has the key. You are the one who has been given the gift. You are the one who has to turn it, and open the door. I just got a Rhema the other day. It said, "Pray, ask, and you shall receive." That's my prayer. That's my prayer. I prayed, of course, for God Word to be released. That the Hoon Dok broadcasting and those kind of things, God can use that for His purposes;

but, it's also our prayer for all of you out there who are watching this. We know you are secret Sanctuarrians already. We know you are watching the dang sermons anyway. We know you agree with everything we say anyway; so, stop being a little coward, and get on the freakin' phone, or write you letter. Come out your ridiculous closet, you little coward. Such bums I got to deal with. You know what I mean?

In any case, look, we tell you the truth, because we love you. Okay! That, in the end, is what a good father does. That's what a good coach does, and that's what a good teacher does. We tell you the truth, because we love you; and, we want you to become the best you can be, so you can bring glory to God.

SOS, come on up. Oh, my goodness. They're already up. As we worship God, everybody, let's give God some praise, some thanksgiving on Christmas, and this is our love for Him. All our prayers go out to everybody. We give to Him all the glory, and His Kingdom is coming. Let's all rise.

Closing song sung was "Silent Night!"

It was sung in English, German and Korean. Hallelujah!
