

MRS KANG SERMON

JANUARY 15, 2017

REV. HYUNG JIN MOON

NEWFOUNDLAND, PA 18445

I want to invite Mrs. Kang up very soon. As you know, she is broadcasting with us every day. It is such an actual blessing for us to be with such a patriot for God's Kingdom. You know, she is ninety years old; and, she had to leave everything. She has all the respect in the worldwide Church. She has all the accolades. She's literally the Mother Theresa of the worldwide Church. She's in the history books. She's in Father's autobiography. She is literally, as Father has called her, she is literally the Mother of the Unification Church.

Being with her is actually wonderful. Being in her nineties, it really reminds of us of being with Father. We had meals with her all day, yesterday - breakfast, lunch and dinner. She, of course, is having the Hoon Dok Hae broadcast with us every morning as well; but, after dinner, we started singing Holy Songs with her. After lunch, too. She was singing to me Holy Songs, and the old hymns of the Church they use to sing in Korean.

She has a beautiful voice. She has a wonderful voice. She's still so lovable. Our kids come up to her and everybody gives her a hug and kisses her. Hey, Mrs. Kang, "How come you got all these young men kissing you? That's not proper for a ninety year old lady." We play these kind of fun jokes with her. She's just part of the family. She's like a grandma. So, they call her Grandma Kang; and, we're going to have a whole system, where we kind of raid her room, and we sleep over in her room every day, with different teams going in a sleeping.

You know, we served Father when he was in his nineties. It was such an important practice. It was such an important practice of expanding one's love and one's heart. Really, kids nowadays don't really respect elder people, but to care for them; and, as they don't learn those things, they don't get those epigenetics of love; because, they don't realize, I'm going to get old, too. One day, I will get old, and if I treat the elderly people in my family like this, then it will happen to me.

So, serving Father for two years, when we were with Father was actually such a massive blessing. The Han Mother would always use to say, "How come you like all the things that Grandpa's liked? Drinking tea, and sitting around, and meditating, and calligraphy, Asian calligraphy. It was like those Asian Grandpas who do Tai Chi and have those long beards. They sat around and do that; but, there's a whole World there, and just spending time with her, and hearing those old-school songs, and really feeling her passion. She's even ninety, but she's on fire for Christ. She's on fire for God.

That is something incredible, something amazing. I could see, while she was singing, I was just kind of taking it in. I was just taking in these great big deep breaths, while she was singing. Just to take it all in, and hearing the beauty of those words that she was singing. What was the song she was singing? Oh yeah! "I'll wait for you at the gate of Heaven," or something like thing that. That's one of her favorite songs. Right! That's a pretty amazing song. I never heard that one.

But ah, wow! Such incredible songs. It almost takes you back in this kind of, you know, across time. You almost feel like you're sitting in the early days in that little cardboard hut, and they're singing these hymns with two people there. Eventually, of course, Father would cover the Earth.

But, it has been such a blessing for us to be with Mrs. Kang. You know, I have been telling her many, many things. We know, because we served Father directly in his nineties. People in their elderly age, they really want to know what's going on. They want to be told what's going on; but, nobody tells them, because they don't want to have their deference and all this kind of thing. They're human beings, too.

They want to know what's going on with your life. They want to know what's going on with you. They want to know what's going on with the kids. They want to know all the details; so, we were telling about Friday, when we were with the kids. We went to Bluestone, and we butchered the pig that we had. Shin Pal put him down; and, the other kids gutted it, and butchered it, and prepared it, etc. Those kind of stories. Just what we did on Friday.

Then, I was telling her about the Peace Police, and the Peace Police training, and the Brazilian Jiu Jitsu training, and the girls training. I invited my wife to come in. I invited the girls to come in. These girls are tough. They look weak, but they're deadly. They are, you know, getting more deadly. She got inspired by that. I said, "Mrs. Kang, you got to come and also watch." I said, 'at least watch us training; so, you at least receive the young people's energy.'" She said, "Okay, I'll go!"

She said, after that, if you see the broadcast, I'm always talking about Brazilian Jiu Jitsu and stuff like that as well. So, she said, "No! I need to exercise more." We just put a lift in for her. A temporary lift. We have one piece, and it goes up both stairs. She's been using the lift, which goes up one flight of stairs, then get off, and get another one; and, it's been pretty cool. She gets to fly in the Palace; so, whenever she uses it, I say, "You're flying Mrs. Kang. You miss the clouds." It was yesterday night, she said, "I'm going to exercise. All this about training. "I'm going to do my own training. I'm going to exercise. I'm going to climb these sets of stairs. So, she went up the whole set of stairs, yesterday; and, today, she is now filled with the Holy Spirit. She's just getting stronger and stronger. She said, "I don't even need to use the thing. I'm just going to go down slowly." She just used her cane to come down the whole set of stairs. That's huge. Let's give her a big round of applause. Isn't that wonderful?

She just pushing herself. She's motivated. She's getting motivated by all you guys who are training. All you young people who are training. She's getting motivated. She's getting your energy. That's a good thing.

I want to invite her up. She really is a tremendous blessing. Can we bring her up to the stage? As you watch her, you can see, notice every day when she is on the broadcast, she preaches from the Bible. Every day she has Scripture, which she teaches from. That is the early Church. That is how the early Church was. It just that it got hijacked by all these Archangels that totally knew nothing about the Bible; and, they changed that entire culture, which was there. I mean, did you hear Father preaching? He's constantly preaching from the Bible.

But, you have it filtered down through this layer and that layer, and this layer and that layer, and this layer and that layer; and, by the time it gets down, it's totally pagan. All the biblical stuff has been taken out. But, when you watch her, you watching living history. She's one of the first Disciples. She pioneered every single one of the cities in Korea – Seoul, Pusan, Daegu, Tae Jun, Jeong Ju. Almost every major city,

This woman is the one who pioneered it, when nobody was there. Isn't that incredible? So, in four years, she like has come a long way; because, she has pioneered so often in her life. She has seen how hard it is to pioneer. She really is a living legend; and, a living testament to God's love. She is a testament to a true woman, to a true Bride of Christ. In the First Generation, I said, "Look, you are indemnifying what the Han Mother couldn't do." You're keeping that gateway open, so other First Gen Senior members can repent and come back to True Father's Authority. That's a very important thing she's doing; and, of course, she has a massive influence on everybody in the worldwide Movement; because, she really is the Mother Theresa of the Unification Church. So, with that, let's welcome the lovely and wonderful Mrs. Kang. Everybody, let's welcome her.

Mrs. Kang's sermon:

Today, I will be teaching from the Book of Isaiah, Chapter 41:1-2

41:1 Keep silence before me, O islands; and let the people renew their strength: let them come near; then let them speak: let us come near together to judgment.

² Who raised up the righteous man from the east, called him to his foot, gave the nations before him, and made him rule over kings? he gave them as the dust to his sword, and as driven stubble to his bow.

Today, even in the day of Isaiah, a great man would come from the East. So, in Korea, there were many who prophesied, that when Christ would return, he would return to Korea. Of course, Isaiah made this prophecy, but also from this group in Korea. There was also a prophecy that a great man would come from the East.

Father told me, it needs to be record in history, when Jesus returns, he returns to the East, and that a new history begins in the East. He said, this needs to be recorded; so, this can remain a historical record. He said this to me in 1954, when we first put up the sign for the Holy Spirit Association for the Unification of World Christianity. At that time there were other groups who were very active in society and in politics going to the government, going to different agencies saying, 'Jesus is coming. Jesus is coming to this country; so, we need to prepare for his arrival. They would go to people and say, "Jesus is coming to this country; so, this message, this news, this has to be spread to all people, and they also came to the Unification Church.

It was just a few days after we put up the sign that they came to us. They were happy to see we had a message similar to theirs. We were also say that the Lord of the Second Advent, that Jesus return would come to Korea; and, so Father, he let them stay in the Church and he fed them for several days. He stayed in our Church for several days.

At that time, there were no other places in the world that were saying that returning Christ is coming to Korea; but, they came and they saw that the Lord had returned, that he was there, that he was in Korea and they were very overjoyed to receive this. One of them, when he came to meet Father, he said, yes, this man is the returning Christ. He knows all about the civilizations

of the world. He knows all about the history of the world. He knows the Bible backwards and forwards. He knows everything about the Bible; so, I am convinced he is the returning Christ, and he testified to True Father that way.

This was actually the eighth day of the fourth Lunar month of 1954. That is the birthday, especially in Korean Buddhism, that is the birthday of Buddha. These people were having a great festival for Buddha; so, Father instructed me, Mrs. Kang, to go and attend that festival.

So, we established a firm relationship between their group and the Unification Church. Also, at that festival, Mrs. Kang was able to give a message entitled, "The Mission of the Korean People." The head of that religion was so happy that I attend, they prepared a special meal, like we prepare for Father; they also prepared a meal for him. He had the members of this religious group prepare the same meal for Mrs. Kang, so she could also eat with him; and, they said the Lord is returning to Korea; and, they said their leader was that returning Lord. They were happy, and Father was happy that there was another group that testified that Jesus would return to Korea.

So, Mrs. Kang maintained that relationship for a long time after that; and, many of their members heard the Divine Principle, and they testified the fact that this really is from God. This really is the wonderful truth, and the guidance that the Unification Church received is also from God.

This was not the only group in Korea at the time that was saying that the Jesus would return to Korea. There were a lot of people, a lot of groups who would pray and offer sincerity and dedication, and who were receiving revelation that Jesus was returning to Korea. Many such people came to our services, and they said that it's wonderful that the Unification Church is teaching this, that what the Unification Church is teaching is truly God's Will, God's desire, and that God was working His spiritual Providence through the Unification Church.

Many Christians changed their denomination from the Church they were attending to the Unification Church; but, it wasn't just Christians. Buddhist, also, stopped going to their Temple and started coming to the Unification Church, and many Confucianists also. Many people of various religions came to the Unification Church.

Isaiah testified the Lord would be coming, a righteous man, a good man would be coming from the East. Everyone here is a fortunate person, because you've been able to meet that person. You've been able to form a father-son relationship, a father-daughter relationship with that person. I know that you've been working hard already, that you've done much already; but, I ask you today to work even harder to accomplish Father's desire; because, Father who is in Spirit World now can be joyful as a result of that. Thank you very much.

Hyung Jin Nim continues:

She's a wonderful patriot. It's very nice you can be standing her. She a wonderful lady. I feel she's such a patriot. What a patriot for God's Kingdom. I mean, she has been under so much fire and attack, because she has been the Mother Theresa of the Church; and, she has come out, publicly saying the Han Mother is heretical.

That's like everybody in the establishment is trying to tear her down; but, they can't, because she is like the Mother Theresa. They're having a very hard time to tear her down, because she is the epitome of faith. She is Senior to all of them. I mean, in the West, we think of the thirty-six couples as being the most senior, right. No, she's senior to all of them. She bosses them around. That is how seriously senior she is. The people don't understand just how important figure she is in history of Father's Providence, but in the history of the entire worldwide Movement.

You know, we were... It has been such a great blessing to be with Mrs. Kang. One thing we always done is the topic of the Han Mother comes up a lot; because, I can see it gives her great pain to even see that it happens. Everytime it comes up, her heart just drops. She's so sad; but, at the same time, she knows the Word of God. She knows the relationship with Christ. So, she says, "I just couldn't understand it, when she would tell me that she was born sinless, and that she was the Messiah, and that she was the returning Lord, and Father was born with sin. I just couldn't understand it."

I could see it brings pain into her heart, as it does to God, as it does to anybody who has a heart. We were just discussing today, even of the parallel of the early Church. She is from the early Church, of course. But, the early Church right after Jesus past. We were talking about this, this morning, all you people in the office back there.

But, the heresy that arose, the heresy of Mary Magdalene. I wasn't going to talk about this today; but, it became a topic. God just put it on my heart at the forefront. The heresy of Mary Magdalene being city of Magdala was it? That was a Pagan city, a Roman Pagan City. She was the daughter of a high priest; so, in that cult, in that goddess and Roman cult, of course, it always tied to blood sacrifice. It always tied to pedophilia, this was the Roman culture, you understand. In the Roman culture, the philosophers, it was a common practice for their teachers to have sex with their students that were hetero sexual and homosexual. They saw women as dirty, because they bleed. They actually saw boys as being more delightful.

This is part of Roman culture. You understand this. Right? So, when you see this in the modern day, with all these Globalists and Centralists and political Satanists trying to bring back this Roman culture, try to bring back Paganism. The point of doing that is to bring back its worship. It's a means of domination. It's a means of using sex as a domination tool, to break the will of a young and growing man; so, he's not unlocking real epigenetics, but you are breaking them down, so he never can have a normal life. He never can stand up against the evil.

All that type of culture, all that type of Pagan gods and goddesses, alive and well in the Roman period. Okay! As we talked about those Pagan goddesses, required different sacrifices. Some of them required a blood sacrifice. Some of them required drink sacrifices. Some of them required sexual sacrifices. We talked about this one time. We did a whole study. Remember this? That study we did on the whole goddess cult; and, you look at goddess cults around time, across civilization, almost every single one leads to the fertility goddess, which of course, is the whore goddess; because, she ends up sleeping with everybody in the gods Pantheon. Right?

It's an uplifting of whoredom. It's a thing of harlotry. It's an uplifting of goddesses that sleep around. You know, Aphrodite was known to sleep with Festus, known to sleep with this and that god. Aries. She's a ho. So, you have the whore culture, which is uplifted; and, you have Artemis, who is the perpetual virgin. You know, all these hunters, who she's supposed to give them consolation as the Moon goddess. Comes down and descends upon them as they're hunting, and they're falling asleep, and they wake up and unwittingly see Artemis ready to ravage them. Okay! And, she's a perpetual virgin. That's called delusion land. There's no such thing as a perpetual virgin. Right?

This is the goddess cults, which always lead to the monetization of women; and, we did a whole study on that. The monetization of women connected to the temple prostitutes. That is why you look at the Hindu goddesses or Aphrodite cults. The Asherah cults in Babylon, etc.

It is the glorification of sexual licentiousness. Of course, the people that are running these Temples are, you know the priests that are there, "Oh, yeah! Bring the money. Bring the whores. Bring the girls. Let's have a good time."

So, really, it becomes the enslavement of women, when you start having the goddess cult; because, then you'll start having the monetization of women, the monetization of whoredom, you have the spiritualization of whoredom, etc.

This was happening in the early Church. We all know of the controversy of Mary Magdalene. She was called a whore. She was called a prostitute. You know, you have all these history channels, the Discovery Channels, National Geographic Channel do this and say, "Oh, it was the Patriarchy. She was teaching about women empowerment. She was preaching a message that was for the women of the age; but, the grumpy old men, and their hierarchy establishment were jealous of her fast-growing Movement." Right! You know, you see this on the History Channel. This kind of thing. Then they'll go on, and they'll have their little effects, and the lights coming on. What are they teaching? They are trying to say Mary Magdalene became the whore, or known as the prostitute; because, the men hate her, and the one way to slander her was to say she was a ho. Right? You heard this argument. Right?

But, the reason why the early Church fathers were chastising her as a harlot was not because she was a physical harlot. It was because of what she started teaching why the early Church fathers started talking against her, saying, "No, no, no! That's heresy." Because she came from

that Pagan background, which we talked about back there, the Pagan city and the background of her Paganism.

There's even a controversy as whether she was a Bride to Jesus, or whatever, all these kinds of things in an extracanonical text; but, after she past, there is at least some idea by some scholars that she was actually teaching a different teaching. She was teaching, for example, she was the Moon goddess; or, she was the Divine Feminine aspect of the Sun god; and, that Jesus was the representation of the Sun god, and he was the same as sunsets and sunrises, and Jesus died and rose again. You know, teaching this Christian kind of Paganism. Amidst that, she was this mother goddess, and she was this bride to Christ, Jesus did talk about the virgins when he returned, and the Bride of Christ; but, she was claiming divinity.

And so, the Disciples who actually walked with Christ said, "Wait a minute! This is crazy. This is insane. You can't be saying your Jesus. You can't be saying your God. You are the Disciple to Christ. You're a loved Disciple to Christ. You can't be saying you're God." And so, this heresy grew; and, Jesus' Disciples had to fight that heresy, and to stomp it out; because, it did not reflect the actual teachings of Jesus.

You see that exact same parallel in what the Han Mother did. Exact same. It was only until after Jesus' death that this heresy started surfacing. She kept it secret. It was the same thing with the Han Mother. She, just like Mary Magdalene, it was after Father past and Ascended is when this heresy came out; but, nobody believed us, when we said, "Wait a minute! We can't support this. This is totally unbiblical. This is a total heresy."

And there was a question which said, "Why did we have to come out so hard and call the Han Mother the whore of Babylon, the Harlot of Babylon? Why did we have to do that?" It is very important for us to understand that has Christ, Christ comes as the Bridegroom. He is here to gather all the Brides to him. If Christ is the Subject Partner is a woman, first of all, she has to be a Bridegroom to all these Brides, which means she is a lesbian, and that is a serious problem. It is a serious conflict with God's original intent of male and female. In the aspect where God comes in the flesh, and he is a man, and he is the seed of God, then the Brides of Christ can be chased. Women can be chased and holy, because they relate with one husband, one man. They are relating with one central Christ figure.

They are chased. They are holy. They are part of God's intended relation for them in relationship to him. On the other hand, if that Christ is a woman, then she must receive all the seeds of all the men through her womb to purify them, and then have Second Generation children. In that case, defining her as a harlot. In that case, all the men of the world of satanic seed goes to her, concentrated to her, and comes into her womb, and literally creates a harlot.

That's why Christ has to come and literally bring the Seed of God, because the Seed of God is able to purify the wombs of Satan. The Seed of God is able to bring forth a new civilization, a new peoples.

And you see the same heresy in the early Church has to be stomped out; but, at the beginning, Peter, and Kook Jin Nim was mentioning this today, in the beginning Peter was given the spiritual inheritance of Christ. He said, "Upon this rock, I shall build my Church." The Movement ecclesia, the gathering that would be Christ centered would be built upon Peter, who was a Disciple of Christ; but, he was not the son of Christ.

So, you can only have Spiritual Salvation in a Spiritual Kingdom that could come; because, there was no actual King line. Whereas, when you have the Lord of the Second Advent, he has his Kingship. He has the Three Kingships. He has his successor, and his Disciple, which he put the entire Inheritance and the Blessing of movement of the Church upon. It is not like Peter, in the sense that, I am not only a Disciple, I am also his son. His actual line. The actual line.

It's not that I boast; because, everybody knows here that I never wanted to be, or never asked Father to be, or Father decided that his Kingship will run through my line. And, even prophesying in 1983 that his Successor will release the Cheon Il Guk Constitution. What he called at that time, the "Law of Heaven." And this on the microcosm level you'll see is what is unlocking the macrocosm level.

Do you remember folks, two years ago, when I Broke the Silence? Even if you brought up the Alternative media, even if you brought it up in a conversation, you would be seen as completely nuts. You remember this? Two years ago, if even brought up 9/11 people thought you were freakin' crazy. You're nuts. Now, it's turned around. People say, "Of course, 9/11..." Kook Jin Hyung met one of his friends in his Korean days, a Korean lady, and she said, "Yeah, I know about 9/11."

It's changed so unbelievably radically. Remember when we brought Dr. Richard Gage here to show the evidence of 9/11? How everybody thought we were nuts. They thought we were crazy; but, it's only after that point, and then you saw this whole wave changing. Now, fast forward, two years later, and now you're almost nuts if you don't know about 9/11. (to one person in the audience. That person seemed to not get what he was talking about. Hyung Jin Nim said, "Where were you? Were you watching CNN or something? He laughed.)

It's a totally different world. Do you remember? You guys totally lived with us. Do you remember how they mocked us two years ago? They don't remember anything. Even if you brought up the idea of Alternative Media, they were like... "Ha, Ha, Ha! Well, Snopes says this." Yeah, Snopes, the very reliable man and woman and S&M, all these issues with their own sex issues. You saw the picture with their cat. These two little people, and there the arbiters of real and fake news. Two open leftist Commies from California. There the arbiters of truth? You see, if you even questioned them two years ago, you would be seen as nuts.

You have to understand this, folks. We lived through it; so, we kind of graduated from this. There has been a massive spiritual title wave shift in the consciousness of the world. In the world. It's kind of normal for us; because, we have been talking about it for three or four years, ever since we got here.

But, just stepping back and looking at the larger picture, it's unbelievable how much has changed, now that the truth has gone out. You're not crazy now, if you know about 9/11. You're not. You're actually now the majority. You're not crazy. Donald Trump talked about it. He said, he's going to release the classified information. They released some classified information, already, showing the Saudi Arabia involvement. You're not nuts anymore.

You're not nuts, if you don't listen to CNN, if you think they are totally biased. You're nuts, if you read Breitbart and InfoWars and Drudge. Remember, even two years ago, even two years ago, we couldn't even bring up the name Alex Jones or Breitbart or Drudge. They would be harassing you, laughing at you, all those liberal Commies going, "Ha, Ha, Ha! You're so crazy. You belong in a looney bin." Meanwhile, they're the dang lunatics. They're the ones who need a looney bin. There has been a C-change shift. A C-change shift. You see, something happened with the Alternative Media. They have become infused with a spiritual power. Remember, they were nowhere near this credible. Nowhere near. There is a movement between micro and macro, and when we start stepping on the micro, the macro started following; and, you could see the Authority rising. As the Authority of Kingship rose, you saw the authority of the Alternative Media rise.

As soon as we start talking about 9/11, as we were talking about 9/11 literally months before Donald Trump started talking about 9/11. You remember how that went folks? The mainstream media saying, "Oh, Donald Trump. What a joke. He's not going to be President. He's not going to be President. He's not going to be President (with various inflections) He's not going to be President." Remember that? We have a whole video completion. Remember this, when I showed you? Everybody laughing at him. "He's not going to be President. He hates Black people. He hates Hispanic people. He, you know, etc. He's a racist. He hate's women. Blah, blah, blah! All this stuff." The same stuff they're saying about me. They're saying that about us.

"Oh, you hate your Mommy. You're a misogynist." The same thing. "You're a conspiracy theorist. I can't believe you're talking about 9/11. Oh, you just discredit yourself." How many times I got to hear this? You guys saw that. Right? You saw it.

When we talked about, also, when talked about Relativism. We talked about spiritual philosophy of Satanism. We talked about political Satanism. We started talking about the pedophilia issues. Kook Jin Hyung started covering that in the Freedom Society. You remember that? That started exploding with the Ancestor Liberation, with the sperm cooking and all this. Hillary is the candidate who wants to let babies be murdered on the due day of their birth. I mean, you could see there was a massive C-change. A massive revolution is happening, not only on the macrocosm external level. The internal that was happening, that was feeding, feeding Providential and spiritual energy into the macro; because everything almost follows pattern. Boom! We step up here. Boom! Donald Trump starts up. Boom! We talk about 9/11. The issue of 9/11 starts up. Boom! We say Pennsylvania is going to be the center. Boom! Pennsylvania becomes the center. Everything happens in concert with the macro and micro.

We had to stand up against the heresy of the Han Mother; then you see these dictator Globalists, you know, women leaders. These fallen Eve figures failing. Hillary Clinton starting to diminish. Merkel starting to diminish. The Korean President started, or they are trying to diminish her. Then you see a rise of Abel type women. God centered women like Marine La Pen in France, who is like the Donald Trump of France. She is probably going to be the next President in Springtime.

You see this incredible parallels of history as we move forward. As Mrs. Kang steps forward, we see, you know, we see more and more Abel type Christian women stepping forward, and coming to the Spirit of God saying, "Hey! We have to come against this political Satanism. We got to stop this thing. We got to stop this train toward Globalism. This religious cult. It basically a Communist Cult."

We talked about this one day. There's this beautiful article by Virgil, exposing the cult of Globalism. This Utopia, where they dream of, where there will be the Elite Priest at the top creating happiness, creating joy for all the citizens of the world; while, they regulate you out of existence, and destroy your entrepreneurship, and destroy your creativity, and keep indoctrinated in the public school system, and keep you dumb, and dumb you down and tell two plus two equals eight, and make you a child of the State. Happy, happy child. Happy, happy children. Aren't you so happy and proud of your Daddy the Archangel? He loves you. Just stay there, so we can replace you. Replace women with sex dolls, live sex dolls. We covered that on Saturday. We covered that Saturday on the broadcast.

And replacement of women, now, with sex dolls, which are so realistic; and, now they are combining them with virtual reality. There's a whole article on that, that we covered on the news broadcast. This is a product. This is a product of Satan's counterfeit culture. He doesn't want us to have powerful marriages based on the Covenant of God. Powerful absolute sex marriages, within the concentrated power of marriage. He wants us false, pathetic, weak, virtual reality, porno culture, and this feminist lesbianic masturbation culture. Men playing with each other thinking that's so empowering. It's a fake counterfeit culture. It's a fake civilization. It's pathetic, weak, dumb down humanized culture; where, the true nature of sexuality in marriage cannot boom, and burgeon. Anyways, we covered that on Saturday. I went crazy on that. If you watched Saturday's broadcast... Boy, you never know what to expect on The King's Report. Oh, Lord have mercy! Boy, boy, Oh boy, Oh boy!

But, you can see the micro and macro is moving so powerfully. You can see at the same time, I don't know if we reported about this, this week, the unleashing of robotics and drones. Just this week over California, the Military unleashed what's called a swarm of drones. A swarm of drones. One hundred three drones were released out of the back of a plane, and they fly, and they are artificially intelligent; so, they can collectively read each other's minds, so they operate together as a swarm. And, this is of course going to change conventional warfare, etc. etc. etc.

Do you understand how dangerous that is, folks? Do you know how insane that is? To have swarms of machines flying around with weaponized AR15 on them? You understand how dangerous that is, right? That's quite dangerous. You know how many system errors you have with any computer? Okay! So, now you have this target, and the stupid computer messes up. It locates this neighbor, and wipes out every person in that neighborhood. Woah! Now that person is no longer responsible, because it was a system error. It was a computer error. So, those crazies, who actually built those mechanized, deadly weaponized robots are off the hook, just like every other Federal bureaucracy. Just like every other political Satanist archangelic bureaucracy. It's like the EPA we talked about this week, polluting rivers and rivers, going through three states, and an American Indian Reservation Camp.

Meanwhile, they go after this one guy, where was it, Ohio or something, that was building a pond on his property? They charged him millions of dollars. Millions, folks. Not like a hundred dollars. Millions and millions of dollars in fines. Federal fines. Criminally charging him for violating the Clean Water Act. They go after this guy who is a welder, he's a welder, and he builds this little pond, I guess for his livestock or something; and, they go after him, charging millions and millions of dollars. Meanwhile, they're polluting these rivers that run through states and states and states, and nobody gets criminally charged. Nobody gets in trouble. Why? Because it is the literal beast on Earth. It's above the law. That's why the position of government is not our Father. It is the Archangel. It is meant to serve the Adams and Eves of humanity, not to be the Master of.

And this is what is so radically different. So many of the state run churches. I'm not here to bash churches, but that's reality. So many of the state run churches preach the message Pro Archangel; because, they're preaching this or that government program. This or that, many times taking government subsidies themselves. That's why Christianity has become totally impotent in the Last Days. It's not able to speak out against the real Beast that's before us. The real Beast, that's the Archangel and Political Satanist, who actually rule that entire Movement is doing ritual for you, is doing sexual black magic for all those things to bring that about into the actual reality of this World Christendom is not able to talk about it. The Pope supports the climate change hoax. Taxes supports the tax people, who support the UN agenda that tax people for carbon emissions. They're trying to punish Fiat-Chrysler right now, because Fiat-Chrysler wants to bring two billion dollars' worth of jobs back to Minneapolis with Trump. Now, the EPA is going after them saying, they're violating their carbon emission status. Did you hear about that?

This is the world we live in, folks. It is literally warfare going on before our eyes. We think the battles over. It's not. It's still waging. It's still waging. We only have seven more days until Trump is inaugurated, and that's only the beginning. I'm sorry. Five more days. Friday. Five more days. It is essential that we're praying for Trump. We have to gather that day. We have to gather and be there, spiritually. Will have prayers for Trump and his family. For his

Administration. There are some concerning things about his Administration, honestly, that are coming out in the Senate hearings, the Committee hearings.

You know, you can hear some of the people that he's choosing, talking about Russia as the real big boogie man, even though Russia is the one trying not to go to war with the US. Russia's really trying not to wage World War III. They have the GDP of Italy. They want to kind of have prosperity. They had seventy years of totalitarian rule. They want to experience prosperity for their people. They don't want to go into war.

And, you see God's repositioning all the nations of the world Post Christ. You see it. The Blessing of Jesus was to go to the East. Father talked about that many times after Jesus past; but, because of the failure of the people, the Blessing didn't go to the East through the Roman Empire. It went West. Eventually, it went West overtaking the Roman Empire, and Western Christianity became dominate over the World. In the same way here, Father Blessed the East in the same way in the Pacific Rim, and Korea and the Fatherland; but, after Father ascended, you see the betrayal that happened.

And, you can see, you can see now, you know, Korea will not be more Blessed, because of the Han Mother, etc. You see, it's tanking. It's totally tanking. It's never been this unstable. If you talk to the Korean people, who are in Korea now, it is so politically unstable. They are still trying to get her out, Mrs. Pak out, but who is leading that entire Movement, who is doing all these million man marches, million candle marches, guess who folks? It's the Commies.

They're trying to implode the country, of course, to bring it under Communism. You can see more and more programs. More and more bureaucracies. More and more rhetoric from both parties leading to grow this government. Let's grow towards a more Socialist picture, seeing China as the new model, even though the Chinese model is a fake model. It's an artificially created model, which is the reason they need to blow up the West. They need to implode it. They need to fill it with radically Jihadis. They need to attack it. They need to destroy it, inflate it by playing around with stock market, and the interest rates.

They need to bring America down; because, if America succeeds, it's showing that Sovereignty succeeds. It's showing, when you allow people to have freedom and responsibility, they will succeed, whether they're Asian, they're Black, whether they're Vietnamese, whether they're Cambodian, whether they are White, whether they are Latino. It doesn't matter. People have God's gifts of freedom and responsibility, they will succeed. They will create beauty. They will create innovation. They will actually become ethical; because, in freedom and responsibility you have to treat people well. You have to take care of your reputation, and the products that you build for people. You have to serve people to succeed. And, if America can succeed, and the West can succeed, it's the closest to the Sovereignty model. Then, their fake system looks bad. Then, the Communist model in China looks bad. Does that make sense, folks?

Then, that model of control grid, censorship, giving you citizens ratings, giving you smart phone avatars, which will represent you as a citizen, and will get you a point system, and you'll be on

this little censor grid, and you'll speak good about the Federal government, speak good about the Archangel. Your points will go up. You'll be able to take more loans from the bank, and go into more debt slavery. All those kinds of things. If you speak bad about them, you'll be censored. Cops may come to your door. You may get warnings. You may disappear. That is the control grid system. It is the totally satanic political system. This is what the Church has forgotten, you see, forgotten that Satan uses politics as its primary means to get control of the Earth.

If you can control politics, you can control the laws that are made. You can control the economy, folks. Do you know that? If you can control politics, you can put laws like the non-profit tax id laws on religions. Make them shut up about anything about politics. If you get ahold of politics, you can buy off the politicians to do your bidding. You have control. This is what Satan has realized; but, this is what the people of God have not realized. We have been herded like unknowing sheep to the slaughter, trusting this Archangel. "Trust me little children. I'm George Soros. Come to me little children." This kind of thing.

'Okay, George Soros. My Pastor told me you're a good man. My Pastor told me you love women. Okay! My Pastor told me your mistress was a feminist. Okay, I'll follow you.'" This is how insane it has become; and, we have been led like sheep to slaughter, and in the body of Christ, we cannot talk about politics, which is the reason why Satan has such free reign – reign to dominate the field.

That why when God's Kingdom comes, when His Kingdom comes, it is not only a Spiritual Kingdom, it is a Kingdom which will dominate Satan; not only economically, not only spiritually, not only religiously, politically we will dominate Satan. We will dominate, politically, the Satans of this World. We will dominate him; and, the Cheon Il Guk Constitution is the codification of the domination of the dominion of the Archangel. God gave us the Blessings - to be Fruitful, to Multiply and have Dominion over Creation.

That means, folks, this means we are to Rule and Reign over Creation. We have been so brainwashed by this culture that tells us you are to be a lesbianic feminist, or you'll have to go into debt slavery to be cool, and all the kids are doing it, and you should go into more debt slavery with your mortgages, and all the kids are doing it, and don't buy private property. That's bad. I know private property is bad. That's racist. All these things we have been indoctrinated in becoming. You should trust the Federal government, trust the EPA, trust all the regulations, trust all their bureaucracies, trust all them unelected officials of the EU, trust them, trust them, trust them. They will take care of you little children; and, if there's anything wrong, blame it on Russia. They have to, they are the problem. Let's start World War III. Let's just go into nuclear war with them. Doesn't that sound great.

The people of God are starting to wake up; because, the body of Christ is getting stirred by the Holy Spirit. There's something happening on the macrocosm, which is now stirring the micro, which is stirring the macro, and it's coming what the Principle calls, the Blessing of the Age. It's

becoming the Time of the Age. A Spirit that is descending on the Age, that is awakening, helping people awaken, helping people stand up, even though they know what they're doing, or not doing in God. Their conscience is just yearning out for the gifts of freedom, for Sovereignty, for responsibility, for something other than this cult of Globalism and this fake Big Brother, 1984 dystopian Utopia that they pay for you; and, we are literally on that battle line now, because we don't know what can happen.

We know that our lives are at risk from the beginning. You know, Trump knows these lives are at risk from the beginning. They not only are try to assassinate your character. They're trying to assassinate your reputation. They literally try to kill you. You're not playing around with fire, you know. You're playing around with the Mob. They literally try to kill you.

Of course, we know they're has been threats on our family, and even the kids. They tried to kidnap our third kid, etc. things like that. At the same time, Donald Trump will have to walk through this fire. We know that this week, they are already planning, Soros and all these evil villains, the heads of political Satanism are out there politically organizing. He's funding this week, I think, thirty-three million dollars to various quote riot groups, to start riots, to literally encase the White House, so Trump cannot get in.

They are the ones talking about the peaceful transition of power. Remember this? The Hillary campaign is saying, "Shame on you Donald Trump and you Trump supporters. You racists. You are undermining our democracy. How dare you say you're going to challenge the election, if Hillary wins." Then Hillary loses and they say, "We challenge the election now. How dare you challenge the election. We're going to challenge the election." These people are nuts. They are speaking out of their two butt cheeks. They are literally nut bags. They are nutmeg, cinnamon, eggnog crazy. You understand? These people are insane. They don't have to make sense in their cultish world. They don't have to make any sense. They can just shout, "You're racist," and think they won an argument.

They can just shout, "You're a bigot. I won. I want to ban you. I want to ban another idea from this college campus. Ban him, because he has a different opinion. I win." I mean, they're crazy. There totally insane; but, this is the type of dumb down society, which you need to support. This evil in political Satanism at the head, we know are the most wicked devils on the face of the Earth. The most wicked, depraved, disgusting, horrendous, hideous, evil beings on the Earth.

Pedophile cults, child sacrifices, killings, cannibalism, you name it, they do it all. Don't believe me. Look into the Jimmy Savile case. Look into the British Royal Monarchy. You will see it. They do worse of the worse. All the historic things that the Bible talked about not to do, they do it at the top. They do it at the top.

So, we have this evil force now. Donald Trump is walking through the fire. He has two events on Thursday, he has an event, and of course the Inauguration on Friday. So whether, or not we are there or not, we have to be with the entire world Blessing of the Age. The Spirit of the Age that

God is giving us; because, at the microcosm level, the Providence in the bloodline of Christ stood up against the heresy. You can see the exact parallel.

Cain and Abel, and Father's Successor, his Heir, his DaeShinJa, his substantial body, the Constitution we produced, the Sovereignty, it is freedom and responsibility. The Constitution the Han Mother produces is one hundred eighty degrees opposite. It is the opposite; but, it is exactly the same, it is exactly the same as this cult of Globalism. The same. It's exactly the same. If you read Virgil's article on the cult of Globalism, which I covered on Thursday or something, you will see. I read the article, or a piece of it, you will see it's exactly the vision of the Family Fraud Constitution of Cheon Il Guk. It's exactly the same. It is a Dystopia. They believe it's a Utopia; but, it is a Dystopian future.

You have the Ruling Priest Elite Class sitting on top of civilization, perched on top of you, being able to dictate and rule over you, over every citizen. They can take away your status. They can do anything they want. They're an untouchable class; and, this cult of Globalism, which all these super Elites are into. You can see the Han Mother and all her fake, fraud Archangels are into, too. They're in the same, heretical, political Satanist cult, and it is real, the battle is real. That's why the emotions get so real. When you guys debating online, when you are debating with this guy, they go nuts; because, it's so real. It's like you are taking away their power. "What! How dare you take away my absolute power." You understand. It's so real to them. They want it. They crave it. They want to be the predatory class on everybody. "How dare you screw that up for us. How dare you, you little peon. You think you could take that from me. Blahhh!"

All this is crazy. That's why it gets so emotional. It's spiritual. They believe in this spiritual Hell Kingdom, which they will rule away right over; because, the battle is not of flesh and blood. It is of principalities and darkness; and darkness rules over the earth. The Bible talks about this. It is a spiritual battle over the Kingdom that will come; and, it will be manifest through politics, folks. That's why it's so essential to be involved in the trenches, on the field, fighting the good fight of faith.

We have to be opening our mouth, blazing the trumpet; because, without that, without that, the people of God standing up and opening their mouth blazing that trumpet of God's Kingdom, God's Kingdom, even if it wants to come, it won't just come. The physical representatives are not standing up. Their Spirit World is getting blocked. The Spirit World is being blocked. "Hurry up and get on the dam field, you bums! I'm trying to get loose here." Boy, I'm ready to do a broadcast right now. Don't tell me there's no break now. Skip this break. Oh, Lord!

We have to pray for Trump, folks. It's an intense time. Such an intense time. Okay SOS. Come on up. Come on up. Five days, folks. We do not have time. It is warfare. It is in the trenches. It's on the battlefield. It is happening before your eyes. It is happening. This is legendary. Don't be observers sucked up in a stupid video game. This is real, real, real history happening, folks, right before your eyes. Providence is moving. Will you just be a sideline watcher, or be on the field, battling Satan? Will you be somebody, who's actually making the difference for the future, and

the Kingdom of God? Let's all rise everybody; and, as the deer panteth for the water, we need you God. We need you God. Let this country come back to you. In Jesus name. In the name of True Father. In this glorious and powerful Kingdom that is coming; and, as the deer panteth for the water, we yearn for you, and your Kingdom to come. In our names we pray, and in the name of the Three Kingships. Aju and Amen, Aju!
