

## THE KINGDOM BORN AGAIN

JANUARY 22, 2017

REV. HYUNG JIN MOON

NEWFOUNDLAND, PA

Let's go to the Word today; and, this is our final Kingdom verse in the Gospels, today. This is "The Kingdom Born Again." This is our final Kingdom verse. John actually has only two verses about the Kingdom of God in the Gospel of John; and, we'll see them both here. Then, we will move to the Book of Acts. So, we made it through all the four Gospels and all the Kingdom references. Let's go to John 3:1 through 7. My eyes are a little foggy today. Maybe it's all that coconut oil in my eye lashes. Okay, let's read this together:

**John 3:1 There was a man of the Pharisees, named Nicodemus, a ruler of the Jews: 2 The same came to Jesus by night, and said unto him, Rabbi, we know that thou art a teacher come from God: for no man can do these miracles that thou doest, except God be with him. 3 Jesus answered and said unto him, Verily, verily, I say unto thee, Except a man be born again, he cannot see the kingdom of God. 4 Nicodemus saith unto him, How can a man be born when he is old? can he enter the second time into his mother's womb, and be born? 5 Jesus answered, Verily, verily, I say unto thee, Except a man be born of water and of the Spirit, he cannot enter into the kingdom of God. 6 That which is born of the flesh is flesh; and that which is born of the Spirit is spirit. 7 Marvel not that I said unto thee, Ye must be born again.**

Both references of the Kingdom of God. Wow! Folks, we're in such an incredible time in history. Oh, my gosh! Oh, my Lord! We literally almost had World War III. We literally almost had Hillary the witch, the wicked witch, the codery of Satanist, and little spirit cooking, and their little pedophile run despicable international crime bosses take over this country.

Notice how all these Leftist want to call Trump supporters Fascists. They want to call Trump, Hitler. These people are in a looney bin. These are the people who wanted to take away all our guns. These are the people who want to disarm the public. These are the people who want to come after your children with CPS, and force indoctrination in the public schools. These are the totalitarians that did everything that Hitler did; and, they want to call those people that supported Trump, they want to call those people Hitler.

No, Trump supporters are not trying to take your guns. Trump supporters are not trying to take away your human rights. Trump supporters want you to speak your First Amendment rights; but, just try to do violent protests and try to burn down your cities down. You see, that's terrorism. You see that? You see that; and, that's what we stand up against. We stand up against that.

We had such an incredibly intense week leading up to the Inauguration. Did you see what was happening this week, folks? I mean, we had Project Veritas and his whole team of his young people; real journalists out there. They got undercover video. Did you see this? I reported this on "The King's Report." Undercover video of these Leftist Nazis. These Leftist Progressives. There total Commies, they're Fascist. They were caught on tape. On tape, trying to set up, number one, A DeploraBall just one day before the Inauguration. They were trying to gas it with butyric acid. Did you see this? I showed the video; and, everybody here should have definitely seen it. If you didn't see it, you should try to see it.

Project Veritas, with James O'Keefe was there. Father connected us to them. What an incredible group of young patriots in that group. Let's give it up for Project Veritas one time! These heroes, these are the unsung heroes, okay, that are fighting this fight. Unbelievable!

They got these fools on tape planning to gas bomb, use chemical warfare on innocent people, just gathering together to have a party in celebration of the Inauguration of Donald Trump. They're trying to put butyric acid, and trying to fill these people's lungs with acid; so, they can feel good, because they're angry that their witch, totalitarian, crime boss husband rapist is not in power. Total totalitarians; and, they were caught on tape. They were totally exposed; and, the whole world got to see it. They were given the video, the undercover party. All that which was given to the FBI, the Secret Service, and the Washington DC (WDC) Police. Because of that, they were pulled out of the event. They were actually on the list to go to the event; so, they pulled out of the event, and they were stopped in their tracks from terrorism.

Then, the second day, the part where they came out with the undercover team from the Project Veritas, again, catching these total Hitlerian, Communist, little Marxists, terrorists. They were trying to shut down DC Metro. Did you see this? They were going to chain the trains together, and lock them together; so, they would literally have to shut down the transit, so the people can't travel to shut them down, the Trump events. They were caught on tape trying to plan this in part two of the release video. Did you see that? That was also defined as a terrorist act under US law; so, what is that? That was also given to DC Police; and, because of that, now a law case is in action, legally. There were investigations from all the organizations on these terrorists, and that whole terrorist scheme was foiled.

But this was the alternative media. This is the normal man and woman, who is seeking truth, and who do not want to use main stream propaganda to lie to the people, and brain wash them; so, they can sit on top of them, and control them, but wants them to be free, who wants them to have, wants citizens to have the truth, who went out and did these sting operations. Did these undercover operations, so that NBC, MSNBC, all these paid for like ABC, all these alphabet soup medias, all this fake propaganda news, all these state-run operations, all this mocking birds, you know, fake news organizations, they don't cover it.

We were shown by our brothers this morning from Nigeria. One of our brothers here from Nigeria on Christmas, December 25<sup>th</sup>. Normally, where people celebrate Jesus' birthday; but, obviously, we know that's not biblical. Biblically, Jesus was born at the end of Winter or the beginning of Spring; but, at any case, it's commonly celebrated at twelve twenty-five. A church was bombed in Nigeria, with three thousand dead. Is that right, three thousand dead? Wow! By who? Radical Jihadis. Muslim terrorists. CNN didn't cover that. Nobody covered that. They showed us a picture of it burned down. Lines and lines of scorched bodies, African people that have just been massacred, because they are Christian.

Oh, they don't want to talk about Obama, who protected the Jihadis who are funded by modern Syrian rebels in Syria; and, also the US Government with Al Qaeda in 1982 fighting against the Russians. We funded them, we weaponized them, we trained them; and, they became ISIS; and, they are protecting them, as if they were a special class, and letting them pour into Europe, and pour into America to destabilize this country, so that this can be artificially be brought down.

Now China is being propped up as an example of success in the new Age that will come, which of course is totalitarianism, because all the Predator Elites want the totalitarian culture, where there the ruling

Predator Class over all of humanity is looming over us, making laws for us from Brussels, Switzerland and from wherever, Jordan and Hungary. These people are complete totalitarian demons.

Kook Jin Nim showed an incredible graft one time. We have to show it here one time; but, it was a graft how the Leftist, always the Socialist Leftist, try to bribe humanity in terms of rich vs. poor, or Black vs. White, income distribution or wage gap, whatever it is. How many have heard this from the Leftist people? Always, always, it is the same Marxist formula. "Oh, there's inequality, there's inequality. Oh, he's so rich and you're so poor. Oh, he's Black and your children are White. Oh, you have privilege and we don't, this or that."

Man vs. woman. "Oh, the mythological Patriarch is out to get you, ladies. Oh, we are going to promote myths like women are making seventy-five cents of the dollar of a man," which is a total myth. We've talked about this millions of times. When you compare all incomes of men and women, then you have a gap; because, women are mostly working part-time. They have a higher percentage of part-time work; so, if you work part-time you are going to be getting less than somebody working full-time. Hello! It doesn't take a lot of brain power to understand that.

So, we talked about all these mythologies in the Feminist Movement, the Socialist Movement or the Communist Movement. They always propound this; and, in the end it is always for the same purpose. They always ally with Jihadi Islam, ally with the Caliphate Saudi Arabia. Are you kidding me! This is compatible Western culture? No, it's not. No, it's not.

In Saudi Arabia, women, you can't drive. In Saudi Arabia, it is a desert, and you have to wear a hijab and a burka. Oh, that's very compatible, ladies. Spoiled Western woman. You are spoiled and ignorant. You do not know these cultures. They will have you under a hood in the desert. You'll not be able to drive a car. It is not compatible with Western democracy and Christian civilization.

You don't just bring these radicals in. Of course, there are good Muslim people. There's wonderful people of every race, religion or creed, etc. But, the problem is the radical Jihadis are becoming the orthodoxy, folks. The orthodoxy, what's now becoming mainstream, is the Saudi Arabia Wahhabi culture. That's a problem. That's a serious problem; because, that is a terrorist organization.

You have all this unbelievable intensity. Yesterday, you had the, what is it? The Woman's March on Washington. The Wort Hog Feminist March on Washington. All these pathetic poor women who were totally in a cult, totally indoctrinated and brainwashed for the last forty years by the mainstream media, Liberal Progressivism. I mean they were totally brainwashed, totally unempowered.

There like little pink... Did you see the little pink hats they're wearing? "Oh, we're so empowered. We grabbed back Donald Trump." I mean, give me a break! These people are in a cult. They're in a total cult. They don't know that the Feminist Movement was supported by the Super Elites, like the Carnegie Foundation, the Ford Foundation, and the Rockefeller Foundation. Funding the universities start this. Why? Because, they want them to be taxed. They want half the women population going to the work place, so they could be taxed, and they can get more money from their banks. That was their stated purpose.

And of course, they want to use women, indoctrinate them when they are still young. Indoctrinate them early. Make them Socialists. Make them support the Government. Of course, who likes that the best? Big bankers like that the best. They're the ones who funded those Feminist organizations in the

universities; because, they wanted to create a whole class of Commies and Communists, who help their money building machine.

Let's go to this video at the Celebrity March: (This video is by Mark Dice about the Wort Hog March on Washington. It showed how violent they become. Most of it was about Madonna's speech, which was very hypocritical. On one side she wants peace; but, on the other side, she talks about blowing up the White House.)

Okay! Okay! These people are totally insane. They're totally in a cult. She's (Madonna) out there with her little fingerless gloves, and "Oh, I'm so tough; and, I'm standing up for Social Justice." You were supporting the candidate that was going to disarm everybody in the United States, and implode the Super Power of the World, to bring in Totalitarian World Government. You were the one who was supporting Obamacare, to hike up the prices on normal Americans some three, four or five times. One of our brothers, Kyle, got charged four thousand dollars Albendazole, which in Korea you can get for fifty cents. It's a total scam.

These people are the ones supporting the indoctrination of youth. Common Core. Not teaching the proper Math and Science. Lowering our international score rates, test rates. Lowering our ability to perform in Math and Science; because, we're so dumb down. These young kids will believe anything their told by their authoritarian teachers. They go to university, and they have to worship these Professors. Ninety percent of them in the Humanities and the Arts, Liberal Arts Departments, are Marxists. They are Leftists. They are Commies; and, they are indoctrinating the kids. "Oh, you have to go to the traditional college. You have to go to for the four years; and, you have to get into debt slavery, and to pay it off for the next twenty to thirty years of your life."

This system of Human Farming, this Political Satanists System, the Super Predatory Elite Class standing over and regulating the entire World, controlling all its resources, controlling all its human labor pools, controlling all its governments, controlling all the monetary supply; This is what they supported. And they say Donald Trump, Donald Trump is a Hitler.

Donald Trump is a Hitler. He's bad; because, he wants to lower your taxes. He's bad; because, he wants to make it a fair play ground, so we can compete with the Chinese. He bad; because, he wants to make our corporate tax rate competitive in the market place. He's bad; because, he wants to bring back cohesiveness in the family. He's bad; because, he wants to support husband and wife, and he takes off the LBGT agenda off the White House website.gov the very first day he was inaugurated. What else? He's bad; because, he's not a climate change cultist, who want to carbon tax you, because you breathe, because you're a despicable dirty human being. You should be paying for your breathing, you dirty little troglodytes.

This is the Predatory Class. The problem is not between rich versus poor, White versus Black, Income Distribution, Wage Gap, Socio-Economic Status. That is not the problem. The problem is this, and the other graph that Kook Jin Nim showed, the problem is the Predator Class versus the Normal People. That's a problem. You see, you could have Predators in the High Class, in the Upper Class. You can have Predators in the Middle Class. You can have Predators in the Lower Class. It's beyond class. You can have Predators everywhere. The problem is, the Normal Person, who is not psychotic, and doesn't have frothing at the mouth and control people. That's like eighty to ninety percent of the population is

normal. You only have five to ten percent, or even five percent, Psychologists say are Psychopaths, and about ten to fifteen percent who are Sociopaths. Okay!

So, that's the problem. That's the group that's the problem. Whether they're in the Lower, Middle or High, they're the Predator Class. The Predator Class is the dangerous Class. And that is the true difference between, that is the true dialectic. It's not rich-poor, Black versus White. You can have White people who are Predators. You can have Black people who are Predators. You can have Asian people who are Predators. Any type of religious person can be a Predators. All populations have a small percentage of Psychopaths.

It's by keeping those Psychopaths out of power, out of power; keep them away from centralized power. This is why the Psychopathic Predatory Class is always trying to control, and always trying to create this larger and larger State; and, they are always trying to promise things. "Oh, just vote for me, I'll promise free things; but, in order to do that, I have to steal from people. I'll use the guns of the Government to force the people over here to pay for the people over there." You like that?

This is the Predatory Class who uses the vote system to get into power; to control the resources. They can pay off their friends. They can go after their enemies, etc. They have created a Beast, a dangerous Beast; and, they have so much capital to do this to Washington DC, (WDC) which is illegal. George Washington hates WDC. Thomas Jefferson hates WDC. John Adams hates WDC. Madison hates WDC. Their Capitol was not WDC in 1776. WDC was not the Capitol in 1782. No, it was not. New York City was the Capitol of the United States.

We're so braindead in the modern age, we don't even know that WDC is unconstitutional. To have that type of constitutional power goes against everything the founding fathers fought for. This is how dumb down the American public is. They don't even know that DC wasn't the Capitol. They think George Washington was walking around WDC. They think George Washington was in the Capitol building speaking over the National Mall facing the Washington Monument saying, "I am the first President of the United States." These people are brain dead.

They don't know any history. George Washington was praying at St. Paul's Church near Ground Zero before he got Inaugurated at the first President. He was in New York City. He wasn't in WDC. Just because they put up a little statue of with a quote under him, have some little Bible or have some inscription on their walls, that doesn't make it Godly, folks. That doesn't make it something George Washington likes. He hates, he hates WDC. You see, WDC is illegal. It was unconstitutional. I don't know how many times I have to say this for people to get it into their heads.

It is a totally illegal entity. It is a corporation. It is there for the bankers to have to buy and sell stocks on the international market. It is not the Capitol. Donald Trump goes in there, wow, he goes in there, and I want to look at his Inauguration address; because, his Inauguration was unprecedented. Who saw the Inauguration address? Wasn't that incredible. Oh, my goodness. Finally, we have a man in the House. Finally, we have some cojones as wrecking balls. Finally, we can smash these totalitarian Predator punks. Finally, we got a man in the house; and, Melania, do you see how stylish she is and glamour to the White House? Did you see Melania Trump?

But, look at what he's saying? He's waging war on the Establishment. This was a Declaration of War on the New World Order. This was a Declaration of War. They wanted him to be a good little boy. They

wanted him to be a good little doggie. They wanted him to be a good little white boy. “You listen to what we say, you little White boy. You better listen to what we say. Then we guilt/shame you with your little White privilege. You better listen.” Even though the top Super Predator Elites are all White, they are European White, there predominately European White; but, they think Donald Trump is there little pet. “Come here little pet. Let me pet your toupee. Let me pet your hair that flies around flops around.” We don’t care about Donald Trump’s hair. He’s fit. He’s super fit for his age. He’s a Superman. They have a picture of him with muscles and a scowl on his face. They think he has big muscles. He is a hero of modern day. God has definitely sent Trump to wage war upon this evil. Look at what he says? Look at what he says down here? He goes and thanks everybody, then he says, ***“Because, today we are not merely transferring power from one Administration to another, or from one party to another – but we are transferring power from Washington, D.C. and giving it back to you, the American People.”***

***Donald Trump’s Inaugural Address:***

***Chief Justice Roberts, President Carter, President Clinton, President Bush, President Obama, fellow Americans, and people of the world: thank you. We, the citizens of America, are now joined in a great national effort to rebuild our country and to restore its promise for all of our people. Together, we will determine the course of America and the world for years to come. We will face challenges. We will confront hardships. But we will get the job done. Every four years, we gather on these steps to carry out the orderly and peaceful transfer of power, and we are grateful to President Obama and First Lady Michelle Obama for their gracious aid throughout this transition. They have been magnificent. Today’s ceremony, however, has very special meaning. Because today we are not merely transferring power from one Administration to another, or from one party to another – but we are transferring power from Washington, D.C. and giving it back to you, the American People.***

Before he did this Inauguration, he had six prayers. That’s a record. That’s a record, that, before any other Inauguration, he has six people praying. He invoked the name of God more than any President in term of asking the different clergy to pray for the event. But, look at what he says? Look at this Declaration of War against the New World Order, and the Global Predatory Elite, and the political Satanists.

***(Here’s where the Inauguration Address Continued:) For too long, a small group in our nation’s Capital has reaped the rewards of government while the people have borne the cost. Washington flourished – but the people did not share in its wealth. Politicians prospered – but the jobs left, and the factories closed. Their victories have not been your victories; their triumphs have not been your triumphs; and while they celebrated in our nation’s Capital of our country. Their victories have not been your victories; their triumphs have not been your triumphs; and while they celebrated in our nation’s Capital, there was little to celebrate for struggling families all across our land. That all changes – starting right here, and right now, because this moment is your moment: it belongs to you. It belongs to everyone gathered here today and everyone watching all across America. This is your day. This is your celebration. And this, the United States of America, is your country. What truly matters is not***

***which party controls our government, but whether our government is controlled by the people. January 20th 2017, will be remembered as the day the people became the rulers of this nation again. The forgotten men and women of our country will be forgotten no longer. Everyone is listening to you now. You came by the tens of millions to become part of a historic movement the likes of which the world has never seen before. At the center of this movement is a crucial conviction: that a nation exists to serve its citizens.***

Look at this Declaration of War. He says, ***“For too long, a small group in our nation’s Capital has reaped the rewards of government while the people have borne the cost.”***

Wow! This is while he’s up there, he’s got Obama sitting right behind him. He’s got Michael Obama, his wife... Did I say Michael? I meant Michele, even though he calls his wife Michael. He had the Bushes behind him, and he called them out. Donald Trump must declassify 9/11 and expose all the criminal agencies that lead that insane, murderous event to occur. He has to declassify and say, “Hey! American people, look at all these documents. What should I do? I don’t know what to do. Why don’t you decide what to do? Hey, here’s Bushes names. Hey, there’s Clintons. Hey!” Ooh! He needs to declassify 9/11; because, that’s the beginning of the end for America.

That’s when the Patriot Act was passed. That’s when it got worse and worse, and worse and worse, every year. Every year, it got worse and worse and worse, until now there legally able to disappear under the National Defense Authorization Act. It is insanity; and, people are so dumb, and brain dead and dumb down. It isn’t connected with reality, and what those devilish Predatory Elite Satanists are passing. They don’t even know the law. This is how dangerous it is living in this country, now.

But, he had all those Predators behind him with all those smug little faces on them, who were chewing on their tongue; and, Bill, the rapist, Clinton – Bill, the rapist, Clinton – Seventeen rape settlements. Biting women on the lip; and, then raping them. Then, Hillary, the one who goes after the victims that her husband rapes, and destroys a politically assassinates them. These are the people that Madonna, this old hag, that’s saying we should follow. We are sick of these hags. We sick of these Predators. We are sick of these demons. We are sick of these political Satanists.

Donald Trump waged war on them, and said, "You go back to prison, where you belong." Did you see how Hillary came out? She came out, and all the people started chanting, "Lock her up!" Did you see that? And, was like waving at them as if nothing was happening. "They love me! They love me! I'm the President, don't you know?" Oh, these people are so despicable.

Then, you had the Clintons and the Obamas and the Bushes sitting there, and you had Paul Ryan, that little blue-eyed baby faced traitor. Then, you had the Bushes, who said they would vote for Hillary. Meanwhile, they're supposed to be Republicans. These people are crazy. They are the most psychotic. They are the worst. This is a dangerous set of humanity; and, they are sitting on top of the world with all this military power in their hands. Do you know how dangerous that is?

That's why they're trying to launch into World War III with Russia; and, Russia has the GDP of Italy. They just want to be prosperous. They just want to be able to have families and go to church. They just want to make some money and do some entrepreneurial business. They don't want to go to war. They have just spent seventy years in implosion. Seventy years under Communism. They don't want to go back under Communism. They don't want a war with the Elite. They don't want a war with the Americas. They want to make some money. They want to go to Costco. They want to go to McDonald's sometimes. They want to go out and see some movies. That's what they want. They don't want to go to war.

But, you have Hillary trying to warmonger saying, "Oh, it's the Russians. Oh, the Soviets did it. Oh, I didn't win because the Soviets did it. They gave Donald Trump the dangerous information that I'm crooked. They told Donald Trump to call me 'Crooked Hillary.' That's why I lost." I mean, these people. Do you see how insane these people are? It's unbelievable. It's just ridiculous. It's just insanity.

They're living in a cult. They're victims. They're totally brainwashed. They literally are the looney bin run by the lunatics; and, you have Donald Trump coming out saying, they are a small group. Look at this? Let's go right back to our Scripture, folks. Jesus said, "We must be born-again of the Spirit." We must be born-again of the Spirit. We have to be born-again of the Spirit; and, this is what this whole speech was about. This whole speech was about, that, we have to get back to our founding principles. We want to go one step further.

We were challenging Donald Trump from a couple of days ago, telling him, because the Scriptures were coming out, clear. The Rhema was coming out clear. We have to watch out; because, Donald Trump will bring prosperity. He will bring prosperity. You ladies are gonna have some extra money to go shopping, baby. It's gonna be money coming back in. There's gonna be jobs flowing back in. Ooh, we gonna go shopping time. Oh, that's great. Do your thing; but, at the same time when prosperity comes in, this is what Victor Hugo said, 'Adversity creates men. Prosperity creates monsters.' That is the problem.

We became so slothful. We became so decadent. We became so slutty. We became so pathetic. We became such whores. We became such orgy liking, hedonistic piles of trash, that, we ended up where we are now; because, once you become so hedonistic that's its nation and its cultures like that; and, everybody says they are a Christian, but nobody's following the Word of God, because everybody's so rich, and everybody wants to party, and everybody wants to have sex with six bikini girls a day. By the time you are done with that, nobody has the strength to go and work; and, you don't want to work, because, Hey, you're leading a hedonistic life. Just for pleasure. That's your whole existence. You'll fall into Relativism. You'll fall into Marxism. You'll fall into things that will help you grow big government; because, you don't want to do anything, now. All you want to do is go to pool parties and have sex. That's all you'll want to do. And, that is the culture that's happened to America. We became one of the most hedonistic countries in the world; because, prosperity killed us. Prosperity creates monsters.

It is essential that Donald Trump does not preach the prosperity gospel. Yes, he will bring prosperity back to the Americas. He will bring the Carrier Air Conditioning Company back to the United States. Ford is opening two more plants. What is it? Fiat-Chrysler is bringing two billion dollars of jobs to Michigan. We have, who else? Apple is considering coming back. Alibaba, the Chinese business group that competes with Amazon is going to create one million jobs over the next five years with Donald Trump. Tons of prosperity is coming back.

The problem with prosperity is that, when you have prosperity, the young bums want to be sluts. The young idiots want to go slut around and be filthy and say, "We're have a party!" You're pathetic. You're pathetic. You're not empowered, you're a little slut. You're not empowered, you're weak. You're not empowered, you're don't respect yourself. You're not trying to save yourself for your husband. You are buying into a slut culture, so that you could have political Satanism come right into riding in behind you.

Oh, they will applaud you saying, “Oh, good girl! Oh, yes! Be a slut, girl. Oh, good. Be a little slut. Oh, good. You’re so brave. Oh, you’re so empowered. Oh yeah, check it out more. Oh yeah, yeah! You’re so free.” Meanwhile, they’re setting up all the infrastructure to make you a little puppet of the State, a little slave of the State.

You have got no freedom. You are weaponized to take away other people’s freedom. Now, you are weaponized to try and go with these warthogs and say, “Yeah! Take away all the guns.” Oh, but all these feminists say, “Oh, we need guns now; because, Donald Trump is in the Presidency. We need guns now. Yeah! We’ve been trying to take them away for the last four years; but, since Donald Trump is the President, yeah, we need guns.” These people are insane. They believe, “They’re in power. Oh no, no, no! Nobody should have guns.” But, if Donald Trump is in power, “Quick! Quick! I’m liberal. I’m trendy. I need a gun.” These people are mentally ill.

***(From the Inaugural address) “For too long, a small group in our nation’s Capital has reaped the rewards of government while the people have borne the cost. Washington flourished – but the people did not share in its wealth. Politicians prospered”***

Now, remember, Donald Trump is saying this in front of these politicians. You can see they’re biting and gnashing their teeth. You can see their jaws flexing. You can see them saying, “Stop Jeff Sessions from getting and being confirmed. Stop the Attorney General. Delay it as much as we can. Hurry up, we have to regroup. Hurry up, Donald Trump. He’s not following the Plan. Obama, he’s not following the Plan. Clinton, he’s not following the Plan. He’s going off the script. He’s going off the script.” These people are pathetic.

***“– but the people did not share in its wealth. Politicians prospered”***

And, the whole political apparatus is sitting right behind there, seething and grinding their teeth. “Donald Trump. Donald, the Donald. He’s the Donald.” And then, you have Madonna coming out and saying, “I’m thinking of bombing the White House every day.” Then she says, “This is a revolution of love. We just have to think about ...” Do you see how mentally ill these patients are? They are patients. “This is a revolution of love. I think about bombing the White House every day. I’m a peaceful liberal. I want to bomb the White House, now.” Do you see how crazy these people are? Their insane. They won’t even talk to the media.

You know, when Alex Jones or Breitbart in on the screen, or what's the other one? – "On the Streets." All these guys in the Alternative Media, they respond, "No, we don't talk to you. No! We don't talk to you. We're not going to talk to you. They hold their signs up. Oh, I'm empowered. I'm tired. Let's go get a latte. I'm tired. Give me some vitamin water. I'm tired, honey. Bring the BMW around the curb. I'm so tired. I need an air-condition break right now." They're so pathetic. Little virtue signaling moral posturers. They're the Pharisees of the day. Total fakes. "Oh, we're so empowered. See how tough we are. Oh, my gosh! There's a tick walking around. There's a little egg walking around down here. Oh, my gosh!" These people are total looneys.

***(from the address) "Politicians prospered – but the jobs left, and the factories closed. The establishment protected itself, but not the citizens of our country."***

The time is coming when the politicians start speaking the truth and taking on the political establishment. Donald Trump is not part of you. He's not part of your establishment. He's not part of your apparatus. See it is written. They always go and interview people and say, "Why did you vote for Trump? It's so fascinating. Why did this happen? We need the Secret Service investigating this, and Military Intelligence investigating this. How did the normal person vote for Donald Trump?"

Donald Trump beat up the main stream media. He grounded and pounded ABC. He beat up NBC. He beat up Silicon Valley. He beat up Hollywood. He beat Beyoncé. He beat Jay Z. He beat Meryl Streep. He beat Barbara Streisand. He beat George Soros. He beat the Russians. He beat the EU. He beat all of them put together. He beat them all.

Do you know why? Not because he's a Savior. Not because he's Jesus Christ, but because the normal man, the normal woman who's not a Predator, and the normal man or woman who is not eat people.

You see. What does he say? He said, "***the people did not share in its wealth. Politicians prospered ... The establishment protected itself, but not the citizens of our country.***"

You see? They make an oath. They make an oath to uphold the Constitution. They make an oath to protect and serve the citizens of this country and of the world. They make an oath; but, if they don't follow through... It's all talk, talk, talk, but no action, no action, no action. Talk, talk, talk. Say they call

something The Patriot Act, and then really, the population is so dumb down, they're not going to read into the act. Just call it something really nice, and they would have to be something so destructive. Like, The Patriot Act allows Federal Agents to write their own warrants to enter your house. That's illegal. That is illegal. That destroys the Bill of Rights. They're not allowed to enter your house without a warrant from a Judge. A Judge. Federal Agents cannot just write their own warrants, when they want to have a vendetta against you; because, you spoke out against them, or something like that. Do you see how dangerous that is? But, they call it The Patriot Act; because, they are banking on the fact that you will not read it. You won't look at it. The normal person will not look at it. They're too busy with football, and too busy with video games. They're too busy with drama. They're too busy with their accessories, or whatever it is. They're not going to read the fact The Patriot Act allows them to illegally to enter your house without a warrant. They're not going to read the fact that the NDAA allows them to disappear you without due process. You can't even get into a court of law, you understand? If you are targeted by the Federal Government under the NDAA Act, you can't even get a court date. Do you understand how crazy that is? That is insane.

We have been, how long have we been fighting the NDAA here? We've been had by Darren Johnson here two-three years, ago. Everyone called us conspiracy theorists. We were the only ones talking about 9/11. We were the only ones taking on the NDAA. We were the only talking about we got to support Trump. Remember, everybody thought we were crazy when we said that. We were going to support Trump; but, God has a way to silence fools, and God has a way to show his light, and God has a way to make a new day and redeem those who stand with Him.

My goodness! My goodness! Just looking out amongst all of you, I see all the Warriors who stood with us, and being mocked and scorned, and called conspiracy theorists. "Where's your tin foil hat, Lowell? Where's your tin foil hat? Where's your tin foil hat all you 9/11 conspiracy theorists?" Not so funny now. Not so funny now.

Where's your tin hat Rachel Maddow? Hey, I thought there were no FEMA Camps. Do you know say. "There's no FEMA Camps, come on. You are a comparatist. You're wearing you tin foil hats. You're too close to an electric power point. You're crazy. There is no FEMA Camps." Now, Rachel Maddow says on air, if she has to ask Donald Trump one question, she says what would that be? She says, "Mr. Trump,

Mr. President, will you put me into a FEMA Camp?” Hey, Rachel Maddow, I thought they didn’t exist. Hey, I thought Jesse Ventura didn’t take a camera down to the FEMA Camp and try to get in as the Governor of Minnesota, and a public official. Oh, I thought they didn’t exist, Rachel Maddow. All of a sudden, they exit; because, Donald Trump is now President. All of a sudden you believe, you tin foiled wearing hat lady.

See how crazy these people are? They try to guilt/shame you for trying to know the truth. They try to guilt/shame you for knowing reality. They try to make you feel your isolated, and your weak and your crazy. No, we’re the ones who saw the truth. We’re the ones who have video evidence showing these things, and the politicians prospered. The establishment protected itself, but not the citizens of the country. Look at this?

***(from address) “Their victories have not been your victories; their triumphs have not been your triumphs; and while they celebrated in our nation’s Capital”***

Wow! Those despicable Predators celebrating in the Capitol. “Ooh, we got the power.” Remember how the mocked anybody who said Donald Trump was going to win? Remember that. Remember on the Bill Maher show. He was sitting there, and it’s like, who do you think is going to win? And, Ann Coulter says, “Donald Trump.” Everybody starts laughing at her in the studio audience. Everybody is using social pressure to say, “Oh, you’re crazy, Ann Coulter.”

From the very beginning, she was one of the first. Trying to mock her for saying Donald Trump. Remember that whole composition on Youtube, or something like that? All those top news anchors saying, “Donald Trump will never win it. Let me be clear.” They wear their little suits and ties. “Let me be clear, he will never be the President of the United States.” Then you’ll have another one saying, “Let me be clear, Donald Trump will not be the President of the United States.” Then you have another one over here saying, “Let me be clear, folks, Donald Trump will not be the President of the United States.”

Over and over and over, again, they thought they were so arrogant about it. They were used to twenty million viewers per day. That’s what they were used to. The mainstream media were used to twenty million views a night in the 1980s and 90s. Twenty million; but, because of the Alternative Media and News, now they don’t even enjoy one hundred thousand views; but, they still think they get twenty million views. Do you see what I’m saying? So, they’re sitting up there, thinking, “Oh, if we tell them very

confidently, really strong all of them would just listen. “Donald Trump will not win. Let me make myself very clear, Donald Trump will not win.” Do you see that? That’s because twenty million people could be guilt/shamed into following their propaganda; but, now even a hundred thousand don’t even watch their top shows. So, now nobody’s listening. Their Grandma even watches InfoWars and Alex Jones. They don’t even know they’re dead. They’re dinosaurs.

The Mainstream Media is the Deadstream Media. It’s over for them. Why are they not listening to us? “Maybe, we have to wear more makeup. Maybe, we have to shorten our skirts a little bit, and they will start to listen.” That’s how dumb they think you are. This is how dumb they think you are, that you’ll listen to some harlot wearing a miniskirt telling you what to believe. No! See! People are not Predators. If we see a harlot telling us what to believe... “No, you harlot. We don’t listen to it. Can’t use your spells on me.”

***(from the address) “The establishment protected itself, but not the citizens...”***

This goes right back to our Scripture. We have to be born-again in the Spirit, folks. We have to be born-again of the Spirit, not of flesh. No! The flesh is coming. The prosperity is coming. It’s going to please the flesh. You’ll have more disposable income. He’s going to cut your taxes. You’ll have more money to spend. “Okay, it a party. Yeah!” No that’s going to destroy it. Do you see that? That’s what got us to the Socialism? That’s what got us to the Centralized Governments. All the socialized governments want to support that. They support Relativism. They want to support a weak Medulla functions of the brain. They support not be able to tell who’s the Predator, and who’s not. They don’t want you to decipher. That’s why they want you to be in a cult of Relativism.

“Oh, everything’s love; and, uh, everything’s gonna... yes! Worshipping Jesus Christ and worshipping Lucifer is the same thing. Oh yes, we’re all the same on the same paths up the same mountains.” No, we’re not. No, we’re not. You got a different destination than where I’m going. Where I’m going, I’m going somewhere else than where you’re going. Different differences between gods and the one True God.

***“But the citizens have been left out. Their victories have not been your victories; their triumphs have not been your triumphs.”***

One thing we pray for with Donald Trump. One thing we warned Donald Trump of is, that, he must

preach the Gospel. The real Gospel, not the prosperity gospel. It is not the Gospel. It is not the Gospel, folk. Jesus Christ is the Gospel of God. That is how Jesus Christ defines the Gospel. It is a Gospel of the Kingdom of God. The Kingdom of God. Bacillus comes from the word King. There's a King. It's a Kingdom. The Kingdom of God. That is the Gospel in which Jesus himself names in Mark 4. In Mark 14. In Luke 4. In Matthew 25. Matthew 24. Jesus himself calls the Gospel, the Gospel of the King.

He never says this is the Gospel of prosperity. He never said it's the Gospel of I'll die on the cross for you. He said, "It is the Gospel of the Kingdom of God." The Kingdom of God. He was preaching the Gospel of the Kingdom of God.

And, that's why all the Kings of the World at that time saw him as a threat. Because, he was preaching the true Kingdom Gospel. He was preaching that God's Kingdom would come and overtake the Kingdoms of this World; and, that the people that stood with God would be co-heirs to that Kingdom, and would rule and reign with authority over the nations of the Earth. That's what they were afraid of. They were afraid of you stepping into your position as a King and a Queen in the nation of Cheon Il Guk in God's Kingdom.

They were afraid you. They want you to be feeble. They want you to be meek and say, "Oh, no, no, no, no. Kings are bad." This idea that Kings are bad is of Satan. Why? Because, Jesus is the King of Kings. If they can make you think Kings are bad, then they will steer you away from Jesus.

This is why, even in this culture in America say, "Oh, all kings are bad." No, they're not. There is a one True King, and that True King will bring the Kingdom of God. Does that make sense, folks?

At it is the citizens that suffered. America has to go back to be born-again in the Spirit. We told Donald Trump, we wrote him a letter. We said, "President Trump: We encourage you to do a daily Bible reading. Why don't you make it a goal to do over your four-year term? Read the Bible with everybody. You don't have to force people to read it with you. I mean, if they want to read it, they can. Okay! Like FDR did with the Fireside Chats."

Of course, FDR made huge problems with the big State. Oh, my goodness. He grew the government quite massive. Anyways, Donald Trump can be opposite. He can give the Holy Fire Chat. He can give the

Holy Spirit Chat with the Baptism of fire. He can read Scripture with the people every day with his Twitter account, or with his Facebook account, whichever has hundreds of millions of followers. Mainstream Media cannot compete with one figure through the atmosphere more than CNN, NBC, ABC, Reuters, and AP combined.

Now, Donald Trump has been empowered and entrusted with all this. Imagine folks. Imagine, if he said, "For the next four years, I'm going to read you the Bible with all of you. Who wouldn't want to do it. It's not mandatory. You don't have to do it. If you don't want to do it, that's fine. If you want to do it, join in. He can start from Genesis, and go all the way to Revelation. Imagine if he did that. Imagine if he read a little piece every day. Even the hard verses. Even the ones about homosexuality being an abomination, or fornication being an abomination. All the verses. Not the specially selected ones. All the verses. What a spiritual cultural change. What a condition he would cause in the atmosphere of the Cosmos. What a condition he would cause in the spiritual ether of our Universe, or in the Spirit World.

What a condition. He would be doing Hoon Dok Hae on the macro level. He would be doing a Bible Scripture reading every day with the people. Just moving through just one step at a time. Boom! Boom! Boom! And, making a little seventeen-word tweet. How powerful would that be? It would transform this country's culture of decadence. Transform this culture of hedonism. If he transformed this country, then Prosperity would come.

But, if it would come with no guidance, what would become of the young kids? "Yeah! I can be rich now. I can be rich. Alright! Let's go party. Yay! Let's go party." This means, let's be decadent again. Then what's going to happen? After Trump is gone, the big State will continue again; and, they will wage war on him, because he was the one who dismantled so much of the work they done, and they will come after him trying to put him out of business and destroy his life, and they will try to build the apparatus, and the beast will become strong again, and we will be in the same Hell hole that we were in under Obama. It will be over; because, this is the last time. America saw that it can be taken over and high-jacked. It can be taken over by foreign conglomerates, and foreign multi-nationals, and the super global banking exchange. It can be taken over.

We almost lost it, folks. That's why this is Growth Stage Level, not Perfection Stage Level. When the Kingdom of Christ comes, that is Perfection Level. That Kingdom will reign forever. Yes, Satan will try to

come and rise-up against it; but, he will be cast down into Hell. He will be cast down into the prison that is prepared for him; and, Christ's Kingdom will last forever. Everlasting. Forever it will reign.

But, who knew Donald Trump would be up there, being their Champion, totally putting them in the spot light. He said, "Thank you for coming Mr. Obama. Thank you for coming, President Bush. Thank you for coming President Clinton." The next minute he goes right up there says, "These are the politicians..." Oh, what a longtime coming. Ooh, what a longtime coming for these Predator criminals.

And he gets up there and says,

***"... their triumphs have not been your triumphs; and while they celebrated in our nation's Capital, there was little to celebrate for struggling families all across our land. That all changes – starting right here, and right now, because this moment is your moment: it belongs to you. It belongs to everyone gathered here today and everyone watching all across America. This is your day. This is your celebration. And this, the United States of America, is your country. What truly matters is not which party controls our government, but whether our government is controlled by the people. January 20th 2017, will be remembered as the day the people became the rulers of this nation again... and ... At the center of this movement is a crucial conviction: that a nation exists to serve its citizens."***

Such powerful words by the POTUS. (President of the United States) Ooh, that sounds good. The POTUS. That sounds really good, the POTUS. But, there's also where Donald Trump goes onto mention God; mention God Bless America and all these things; but, there is the danger as the people rise up and believe that their gods, that they will reject God, and reject His Kingdom. This is what happened until now.

The Sadness of the reality is, is that this country was blessed, because God Blessed it. It was One Nation Under God that would surrender itself of all the founding fathers. They were not like the Dan Bilzerian's on Instagram posting pictures with fifteen bikini girls every day. That was not the founding fathers. They were not like Milo Yiannopoulos. Yes, he did a tremendous job. He did a phenomenal job going to the college campuses and waking up those brainwashed children. He transformed many brainwashed liberals in voting for Trump; and, obviously, he's openly gay, he's knows it's a sin, and he's Catholic. He says, he knows it's a sin; but, he can't stop. His tour was called the Dangerous Faggot Tour. That's what's it's called. That was its name. What did he do? He just smashed the Progressive Left. He destroyed

them. He destroyed them; so, he did a tremendous job. He did a tremendous job for the Liberty Movement; and, he voted for Trump.

He came out the other day in full drag. Can you bring up a picture of that? I don't know if we can do that here. Can't do that here; but, I showed it on the show. (The King's Report) Full drag. I mean he had hair up to here in full blond hair wig. Did you see that wig? It looked as heavy as him. It was humongous. He was in a dress with long white gloves. He said his name was Ivana Wall. Okay, Milo, you did a good job fighting these liberals; but, now that the fight is over, and we have the victory of POTUS, now it's like, "Let's go party. Let's have gay parties!" No, no, no! That's not gonna help it. You see that? That's going to make people decedent. That's going to make kids brain dead. That's going to make lock their epigenetics that will allow them to fight against Predators. That's going to make them lackadaisical and fall right back into the Socialist trap.

There's no surprise when they had the Chinese Cultural Revolution. They allowed a free sex culture. They said, "Hey, ladies divorce. You don't need your man anymore." They allowed it. They promoted it. There's no surprise that when Russia was taken over by the Socialist under Lenin, that you had a huge hike in divorce rates and abortion rates. It was like four hundred times in Russia. It was unbelievable; because, they promoted a free sex culture. The Marxist always want to get you by promoting a free sex culture to you. "Oh, do what you want, honey. Have all the sex you want. Isn't it fun. Yeah, it's good. Just make sure you vote for me; and, make sure you help me grow a big federal government. Then, I can help you guys out." This is what it's all about always, always, always.

There's no coincidence that whenever you see a Socialist-Communist Revolution rising, they always sell it to the population with a free sex culture, that they say is empowering; because, they want you to be sucked up into the endorphins of sex, where that should be in the Covenant of marriage. They want you to waste all that energy running around chasing bikini girls and doing gay orgy parties; so, you can never stand up and fight them. Do you understand what I'm saying? There's always a correlation between a sex revolution and a cultural revolution in terms of Marxism, always. They use sex to suck you dumb kids in. Not here, because all you kids are awake; but, there are so many dumb kids out there to suck them in and become hedonistic and use them as tools of the State. Little voting stamps; so, they can get in a create a big government. All their monopolies and all their conglomerates come riding in right behind.

***From the address "The victories have not been your victories. The triumphs have not been your triumphs. That all changes right here and right now, because this moment is your moment: it belongs to you."***

This is what has been so revolutionary about the Constitution of America, that, it spoke about our inalienable rights. It was given to us by our Creator. Something above the State. Something above government that bestowed upon us natural rights. You can't get that with atheism. You see that? You can't get that with Relativism. You can only get that with the Judeo-Christian culture, which one understands there's a loving God, a just God, who stands over all powers of this Earth, and has created man and woman in the image of God. You only get that there. You won't get that anywhere else. You don't get that in Hindu Cosmology. You don't get that in Buddhism Cosmology. You don't get that in Sikh Cosmology. You don't get it in Islamic Cosmology. You get it from Judeo-Christian Cosmology, that we're given natural rights granted to us by our Creator that are inalienable.

And God said to be fruitful, multiply and have dominion over the Earth. Did he give dominion to the Archangel? No! He gave it to man and woman to be King and Queen. A united husband and a united wife with a steamy absolute sex marriage. I've been going off on that on the morning show. Steamy, steamy! The camera crew goes on dying, when I say, "steamy, steamy." Oh, Lord have mercy. Don't get me started on that now.

***from the address: "What truly matters is not which party controls our government, but whether our government is controlled by the people. January 20th 2017, will be remembered as the day the people became the rulers of this nation again."***

This is the task America. This is the great dangerous step that we're on, now. Will we become, again, a nation of idolatry? Will we not give the glory to God? Will we not invite the prosperity Gospel; and, as we become prosperous, and as our jobs keep flowing in, and as we have more disposable income, and as our taxes get cut, and as we experience higher and higher social and economic status, etc. will we be monsters that prosperity creates? Or, will we be men and women who remember the adversity we have gone through, and make the kids go through some adversity? That's why the peace police and peace militia is the greatest gift from God.

In the Cheon Il Guk Constitution, it's the greatest gift; because, it makes all the kids responsible as they're growing up to face adversity. To face healthy trauma doing peace police and peace militia training. Doing Brazilian Jiu Jitsu training. Doing knife fighting training. Doing firearms training. Doing Martial arts training. Doing mountain climbing training; because, these are the defenders of the States, not a Federal Police, not a federal militia. Those are dangerous; but, as each new generation comes into this world, Satan starts grinning and smiling saying, "Oh, yes! All I need to do is get that new group; because, if I can get them, then I can bring back my Kingdom." Do you see this?

This is why the Cheon Il Guk Constitution and Jesus himself said, "Anyone who touches one of these, will be cast out of the Kingdom." Because, the parents in America who spoil their kids and make them go through no adversity, and spoil the hell out of them as if they became richer, and just give them video games, and just give them this, and make them into pathetic jelly fish, and make them into losers, they're the ones who destroyed this country, too.

Instead of having their kids do wrestling, and having them do some Brazilian Jiu Jitsu, and have their kids play football, and their girls go into the police militia training – do you see the girls in this place? They may look like normal girls, but they ain't normal girls. This is what I show when I have the Japanese groups come in. "Oh, you see that girl walking around here? They may be look like normal girls, but they're not normal girls. They're Ninja's. I call some girls over and say, "Okay, choke them out real quick;" and, they get a first-hand taste of being submitted.

In the Kingdom, there's no federal police. There's no federal military. It is the people that are the police, that are the military. We are our brother's keeper. When our neighbor is under threat of his life, we are the police, and we go and help him. We're trained to do it. We always make this specialized force. No. America was won by the militia. It was won by the peace police and peace militia, not by a federalized bureaucracy. It was not won by the Special Forces or by the federal teams, although ninety percent of those are conservative and they are patriots. It was won by the normal man, who would stand up and give his life for liberty and freedom.

It is always the Predator Elite that look down on the normal man that doesn't think they have any potency to fight them; because, they are little squids with mind flaying tentacles that devour people's brains. They are the Predator Class; and, they have to believe that the normal man is a pathetic cow.

That the normal woman is a pathetic pig. That all they have to do is show them TV and they'll follow this glowing light. "Look, come here. Come follow me. Yeah!" This is what they believe.

This is literally why they study Behavioral Science, and literally why they study these little flicker rays, and literally study how the mind works; because, they want to do everything within their power to make you follow the glowing light. "Come here! Come, come, come! Come here, you weak little man and you weak little woman.

They don't want somebody with their epigenetics unlocked. They don't want strong men and women who have been trained in Brazilian Jiu Jitsu from a young age and know how to identify Predators, and learn conservatism through the hardest and adversity of training. They don't want somebody who has been doing peace police training, who has learned adversity and has built character, and learned how to stop being a little shrimp, and learned how to become stronger, and learned how to stand up to bullies and become bully proof, and learned how to stand up against tyrants. They don't want that. They don't want you to be empowered. They want you to stay down and give up now; because, we said so. CNN said so, and Obama said so, and Hillary Clinton said so. You give up now; and, they tell their staff, "Hurry up and get me my Star Buck White Mochionno. Hurry up. Get it!" Give up now. These people are crazy. They are the Predator Elite which sit on top, and perch on top, of this entire world.

Now, there order is collapsing. Joe Biden last week, that total sellout prostitute, total money grubber, puts his son in charge of the Ukraine Oil Pipe deal to get four billion dollars a year. Puts his son in charge of like four different pipelines that run into Europe. This is what these freaks want. It's not to start these wars for America's security. It is to enrich themselves. And, Biden at the Danubius Group, saying, "Our Liberal World Order is collapsing;" and, at the World Economic Forum, all of a sudden our Predator Elites are saying, "Aw, that Donald Trump. Ooh, curses Donald Trump." He (Biden) says to his family, "Curses to those normal families. Those little troglytes. Why didn't they bow, when we said bow?"

And, Biden is saying in front of the Danubius Group, "Our Liberal World Order is under collapse." And, guess what? The normal man and the normal woman can kick your ashtray. In the Kingdom, we can call out the Predators. You may have never heard a Pastor talk like this; but, get used to it; because, in the Kingdom of God, the people call out the Predators, and the sheep dog know how to fight off the wolves.

We don't be sweet and blow kisses to the wolves. We whoop and dominate the wolves. We destroy the wolves. We chase them out. We choke them out, too. You better snap, tap or nap.

*continuation of Inaugural speech) "There should be no fear - We are protected and we will always be protected. We will be protected by the great men and women of our military and law enforcement. And most importantly, we will be protected by God. Finally, we must think big and dream even bigger. In America, we understand that a nation is only living as long as it is striving. We will no longer accept politicians who are all talk and no action, constantly complaining, but never doing anything about it. The time for empty talk is over. Now arrives the hour of action. Do not allow anyone to tell you that it cannot be done. No challenge can match the heart and fight and spirit of America. We will not fail. Our country will thrive and prosper again. We stand at the birth of a new millennium, ready to unlock the mysteries of space, to free the earth from the miseries of disease, and to harness the energies, industries and technologies of tomorrow. A new national pride will stir ourselves, lift our sights and heal our divisions. It's time to remember that old wisdom our soldiers will never forget, that whether we are black or brown or white, we all bleed the same red blood of patriots. We all enjoy the same glorious freedoms and we all salute the same great American flag. And whether a child is born in the urban sprawl of Detroit or the wind-swept plains of Nebraska, they look up at the same night sky, they will their heart with the same dreams, and they are infused with the breath of life by the same almighty creator.*

"I will fight for you with every breath in my body and I will never let you down, etc"

**Donald Trump goes on to say this at the end:**

*So to all Americans in every city near and far, small and large, from mountain to mountain, from ocean to ocean, hear these words: You will never be ignored again. Your voice, your hopes, and your dreams will define our American destiny. And your courage and goodness and love will forever guide us along the way. Together, we will make America strong again. We will make America wealthy again. We will make America proud again. We will make America safe again. And yes, together we will make America great again. Thank you. God bless you. And God bless America. Thank you. God bless America."*

Unbelievable! It is an unprecedented speech. What a powerful speech. He literally waged war on the New World Order. They wanted him to come up there and be nice. "Oh, be elegant Trump. Be Nice. Be

eloquent. Shame on you and your toupee. Don't speak bad. Don't be a hate monger. Don't say a hate speech Trump. Be nice. Okay! Be nice to us criminals. Okay! Be nice to us Predators. We just want to rip out your throat and send you under the sea and have you in a cement block, and dying and rotting in the bottom of the sea. Oh, CNN is shooting me. Oh, hello everybody. I'm a pacifist. Oh, I'm so loving. I'm so liberal. Bomb the White House, now. Oh, I'm so liberal." These people are lunatics.

They're complete lunatics, and Trump is calling them out. He's saying to them, no more. No more. This is a threat. Yes, we know they want to kill Donald Trump. Yes, we know if they kill and assassinate Donald Trump, Pence goes in. Without Trump sitting on top of Pence, Pence can become a problem. He signed TPP. He signed NAFTA. He signed all the trade laws that implode America's sovereignty. He is dangerous in that field. Yes, he is. He was part of the Republican group that was selling out America to literally merge us with Mexico and Canada. Pence is way more dangerous than Donald Trump; because, he's way more establishment. So, if they assassinate Donald Trump, then Pence gets in. Then at least they have a guy who's half way their guy. Do you see what I'm saying? That's a problem.

That's a problem. So, the whole body of Christ needs to be praying for Donald Trump. We need to pray for his children. We need to pray for his safety. We need to pray for his service; and, then we need to be praying for his security staff that's around him. We need to be praying for our POTUS. He needs to stay safe; because, if he gets killed, their people start moving in.

But, there's a greater threat. The greater threat is this. Trump does not get killed; he brings in tremendous prosperity. He brings in tremendous wealth. Everybody's rich again. Everybody's becoming middle class again. Our middle class becomes larger than any country in the world, and starts booming, booming, booming, and booming, and we become monsters. We become hedonistic devils. Our children become slutty slobs, who hate adversity, and just want comfort and video games, and their little Cheetos and ranch dipping sauce. That is a problem.

If we do that, and we still think, "Yeah! I own this country. This country belongs to me. Donald Trump told me that it was me. I did it. No, No, No, No, No! Freedom and liberty and responsibility is a gift from God. It is a gift of God. It must be held with respect with honor. It must be held in hand that are honorable. It must be held in hands that are mature. It must be held in hands that will stand up and die for it. For what is held in the hands of the hedonist, the hands that hold it, begin to crush it? Crush it?"

This is a task for America as prosperity roles in. Will we honor God? Will we become nominal Christians without reading our Bible, because we become so dang rich; or, will we be reading the Bible more? Will we be reading the Scripture even more? Will we run toward Jesus Christ more? Will we run to the Second Advent more? Will we run to the Cheon Il Guk Constitution more? Will we move our country towards the Kingdom of God and his righteousness; or, will we run it into the ground, and the hell hole, which is Relativism and hedonism? That is the task, now.

That's the task. We saw this Republic almost fail. We almost lost it. We almost lost it; and, we almost lost this World under these crazy Predator World Government Super Elites. They've been pushed back a little; but, don't you dare think they gave up. The wolves have been pushed back into the forest line; but, don't think at night they are wandering around that line to see if they can sneak in and get the sheep. The wolves are circling trying to find an opening; and, will it be the victory of the American people and the people worldwide with the revolutions flowing worldwide through Brexit, and Frexit is coming up in May with Marine La Pen, who is probably going to win. Italy and Hungary and Austria are next. It's spreading over the World. Maybe Australia, too.

It is spreading over the World. Will the people of the World jump back into Satanism and Hedonism? Will they go back? After the great victories that they have, will they go back and stay to themselves and root themselves, and their lives and their victories and their prosperity on the blood of Christ? Who will they give glory to? Will they keep it for themselves; or, will they give it all to Jesus?

This is a task, folks. It is a task for all of us standing in the Kingdom, and with the Cheon Il Guk Constitution and with the King of Kings, and with the returning Lord. It is our task now to stand up. Stand up and into the identity God gives you, not what the Archangel gives you as cattle, or some chattel, or some servant to the Archangel.

The King of Kings and His Kingship; you are the ones, the ones here. You are the ones who stood with the Kingship. You are the ones who are persecuted. It doesn't mean you're perfect. It doesn't mean your super heroes. None of us are; but, it means God did a powerful work. God did a miraculous move. The Holy Ghost spread miracles, and healing and power; and, now God is calling you.

Will you, John Clark stand as King of the Clarks? Will you Lowell stand as the King of the Ellansons with your beautiful empowered dangerous Queen, Lesa? Will you Jamal stand as the King of the Johnsons? Will you stand, Panzer, as the King of the Panzers, standing with your Queen, Miho? Will you stand Kyle as the King of the Toffy's as King of the Oaks? Will you stand with your co-heirs with Christ to rule and to dominate Satan's World, and Satan's Kingdom? No, you can't be a King alone. You have to get Blessed and married with your Queen. Will we stand and preach the Gospel of the Kingdom? Martha and your husband hiding behind the camera. I can't even see him. He lost so much weight. The King of the Toshihiro's.

You have stood with the King of Kings and his bloodline. Will you stand as co-heirs and inheritors of the Kingdoms of this Earth; or, will you go back groveling to the New World Order and these political vampires, and these Predators who tell you that you are servants to us? "We rule you. We rule you. You better listen to us. You better follow us;" or, will you say, "Get thee behind me Satan, for the King of Kings and his Kingdom is here; and, the Kings of this world are rising against you, and all your Kingdoms will fall, for the Kingdom of God is at hand. It matters who sits in the Throne, folks. It matters who is in the position of the POTUS, as we all have seen.

What an intense time. SOS, come on up before I start ranting again. I'm just getting started. My goodness. When we give praise to God, give all to the King of Kings. He is the one that is bringing the Kingdom. He is the one that gives our true identity, as Kings and Queens of the Kingdom of God. God Inherited this world not to the Devils and the Predators. He Inherited this world and said "be fruitful, multiply and have dominion and rule over this Creation. It is our task to accept that Inheritance, to stand there in the righteousness of God, and with the anointing of the Holy Spirit. For what is born of the flesh is flesh; and, what is born of the spirit is spirit. America must come back to the Spirit of God, which is against political Satanism, which gave us the power to overtake the evil of this world. It must come back to the Spirit of God, which has given the Constitution of the Kingdom of God, so that all of humanity can stand with God, the King of Kings and His Kingship, together as Kings and Queens. Woah! Look at that? There are Kings and Queens sitting in the crowd here. Kings and Queens to rise up and take back what the Devil stole. Let's all rise, everybody. Let's give praise to God as we lift up song, hearts and spirits to His glory. Amen and Aju!
