50th TRUE GOD'S DAY

JANUARY 28, 2017

REV. HYUNG JIN MOON

NEWFOUNDLAND, PA

DEAR HEAVENLY FATHER,

Here, in the New Year 2017, right here in Pennsylvania in Newfoundland in front of all things in the Universe with you, Father, all the people around the world, we thank you for giving this wonderful New Year 2017. Thanks to your amazing love, Father, you guide us to come here in this woods without nothing. With your huge love and Holy Spirit, you should us amazing miracles, and you gave us the Blessing. You gave us a healing with a strong Holy Spirit, and you saved all the brothers and sisters that you loved, and you gave us the opportunity under your authority, Father. I'm deeply thankful for all you done for us, Father.

All the fallen world, including the Han Mother and the Blessed families, they ruined all the Kingships, including the Three Kingships that you established; and, also, they destroyed all the Cain and Abel relationships that you have made. Father, we have witnessed all the miracles. You didn't give up; and, you saved us with all your love, Father. You like us to feel love with your Holy Spirit, and liberate all the Spirit World, especially those babies who were aborted before they were born and became small children.

Here at the cold top of the mountain here in Pennsylvania, you established the headquarters here in Pennsylvania for the whole world. You have been establishing all these miracles, even the President of the United States, Donald Trump. He was successful, because he made a relationship with Cain and Abel, and with also the Three Kingships that you have made, Father, and you stopped the Satans on the political side like Communism in the secular Satan's world.

With all you, there were miracles here in Pennsylvania with all the people all around the world, including all the Blessed families that had fallen; but, you have saved all those people and the Blessed families, so they can Return to your Authority, Father. We are really thankful for all the people who are here; but, also, the people who are attending the Ceremony on the Internet. We like to have the New Year with you, Father, through the last seven years, since the day of the Judgment, the Era of the Judgment.

We know many things has happened; but, please allow us, Father, please allow us to offer all this to you. Please, Father, please allow us to offer all this to you with the glory to make the victory. Satan is trying to destroy the blood lineage; and, also there are people who are trying to destroy everything you did to establish, Father, but we know that all has not been done, yet. It's still going on. Still, there are many fights, not only with our power, but with your Holy Spirit, and with your ability and power, we are sure you will guide us to make a victory to defeat the Satans.

Still, there are many problems in Japan and Korea; because, the Han Mother has fallen. We know now the day of the Judgment has begun. The Judgment will be made by you, Father, for all those who betrayed you, for all those tragic instances, all those tragic things that happened. We know, to save all those countries, you sent me here; and, we all know the whole world will be Judged. Also, we are going to go with you, Father, and like to be with you, Father. Please allow us to get closer to you. Christ was trying to build his Kingdom, but because of Satan, it had failed; and, he died on the Cross. Please find us, and please come to us. Please find us, and please come to us to establish, and to re-establish God's Kingdom with God's blood lineage. We like to establish a new Kingdom, and a new country, and your blood lineage.

In the Garden of Eden, Lucifer made Eve and Adam fall. The whole Universe has fallen; because, Adam and Eve have fallen. We know that it was painful, and it was a sad moment for you, Father; but, you sent the Second Messiah here on this Earth to liberate all your race, and to establish your Kingdom. The Second Messiah was trying to establish the blood lineage that you would like to establish with Your power and authority, and the Cain and Abel relationship, and the Three Kingships. I didn't betray you, Father, even though I had to give up everything; but, I didn't give up you, Father, because I know you were there and guided us.

Now, we finally enter the Cheon Il Goong. We know you were able to establish success, Father, because you made a forty-year condition. For four years, we made all the success to enter the Cheon Il Goong with you, Father, even though we know there is still many dangers and challenges by Satan. We'll try to establish the new Kingdom and Kingship; so, please be with us, and give us a strong Holy Spirit for all people who are gathered here, today, with your Word, and with your Holy Spirit. We know that you had guided us to come here, and through your authority. We know are not good enough; and, also, we made a lot of mistakes, but please, please come to us. We know that you come to every single member in their dreams, and in their daily life; so, that we may come to us, first.

Now we know, Father, we know there are still many fallen Satans. We will have all this fight; but, we will have this sword with the Holy Spirit, and we will be armed with the Holy Spirit, Father, all those soldiers, Father. Please allow us to become part of your Providence, even if it is a small bit. Please allow us to return all the happiness and glories that you have, Father; and, also, please allow us to make a condition and to bow to you, Father. We will defeat and destroy all the Satans. All! And, we will establish God's Kingdom on this Earth, as it is in Heaven. All the glory belongs to you, Father.

We like to thank you for the Blessing that you gave us. All the praise and worship is yours, Father. You are the victorious King of Kings. Our beloved nature forever, Father, we have completed. You have succeeded. Thank you, Father. I pray in the name of the Three Kingships. Aju! Aju! Aju!

Kamsahamnida! Thank you very much! From no Hyung Jin Nim will give us Cheon-gi, the 8th year.

(Rev. King Hyung Jin Moon wrote out the King's Calligraphy)

Thank you very much. True Father's Cheon Il Guk Kingdom will succeed.

Next, we will be seat; and, we will bow to the King and Queen.

Attention: Kumbe ~ Paro!

Please be seated.

50th God's Day ~ Celebration of the Births of Rev. Sun Myung Moon & Jesus.

Today, I heard many Korean and Japanese guests. Please raise your hands.

Japanese members, why did you come to the countryside in the middle of nothing? I think you guys are crazy. As time goes on, the whole world knows Father, now. Everyone sings the fake Cheon Il Guk Anthem. Even though all the Three Kingships and their relationships, my Father and myself, we are here in Pennsylvania. It is such a cold winter. It is like minus 26 degrees. Everyone told us about True Mother; but, we are not going to betray True Father. Everyone was trying to destroy the Three Great Kingships; but, Father gave us such a strong Holy Spirit. It's like, we overcame all the difficulties and hard times in such a countryside. I know Father has guided me here in this middle of nothing; because, he wanted me to see all the nature, and to feel all this nature. At the end of the day, the first becomes last; and, the last becomes first.

People who wanted to have power and money, they'll be destroyed. They betrayed Father. They sold all the assets, and they stole all the money. They are ruined; and, they sold the Second Messiah to Satan. They already tried to edit the Father's Word. When Father was in the hospital, they made a commitment to change his Word, while he was in the hospital. That Word, Father left; and, those people who betrayed Father are trying to destroy all of Father's Legacy and Word.

Because of the fallen Han Mother, as you heard, Father was born with the sin; and, also, the Han Mother was born without sin, and she said she saved Father. That's the heretic of the heretics. In that moment, they should not have betrayed Father; because, those who would will lose their life, but I cannot help with that as the Successor Father assigned. That was totally insane to say that Father was born with sin in the Cheon Il Goong. To say that Father has fallen, when I hear all those ridiculous conversations, that's going on at the Cheon Il Goong.

When I heard all those things from the hospital, when I heard those things in front of Cain and Abel and, also, who I am, I said, "How can you say this about victorious True Father?" But, she said, "No I'm Hanna Nim. I am the Messiah." When I heard that, I told her, "If you say that, you will be Judged by Father. You will be Judged by God." Mother should raise the Father, and offer the Father. That's how you can go up. But she said, "No, I have absolute power and authority." It's like, I witnessed a scene from a Korean drama.

With all those tragic moments, we came across the ocean all the way from Korea down here to Pennsylvania. PA is father in English. My oldest betrayer was trying to destroy Father's Legacy. Everyone was singing the fake Cheon Il Guk National Anthem. As the Successor and as the Three Kingships, everyone was trying to destroy all of this. Everyone was crying, "Please try to help us. Please try and help True Mother." It was like everyone was trying to tell us to sleep with Satan. It was like going into the bed of Satan. We can't do that. Everyone was trying to tell us, "Please try and understand what Mother was doing." So, all those people, it's not so different than Satan and Lucifer.

So, I think Father sent us to the Lord's Valley; and, also, he tried to show us The Promised Land Park in Pennsylvania, PA, which means Father, he gave us 154, the number of the house in Matamoras. Our

Second Messiah has gone to the Spirit World at 1:54 AM. It was a miracle, because he guided us, not only in Pennsylvania, but into 154, the house in Pennsylvania. While everyone was blaming Kook Jin Nim for living in such a big house. I'm the Second King who lived in such a small house; but, he had a plan to guide the Second King, and to prepare this place. The Cheon Il Goong is located at the place where we can look over the three states ~ New York, New Jersey and Pennsylvania. It's prepared, such a great place for the Second King. He not only guided myself, but he guided Trump to enter the White House without any problem.

Everyone had no doubt that Hillary would be the President of the United States. Hillary made a lot of crime with the Satan. When we liberated all the unborn babies through the Ancestor's Liberation, one week after, all the secrets were revealed. Everyone who was involved with Hillary, they were involved with satanic ceremonies for Satan. Even they cooked the blood on top of the stove, and they had such crazy ceremonies for Satan. Everyone thought that Hillary could be the President of the United States. All the Koreans were playing games and watching Korean drama. They were thinking, Donald Trump cannot defeat Hillary. All the media around the world, they were confident that 99.99 percent that Hillary would be the President throughout the United States. All the actors and actresses, also, agreed with that; but, with the Father's Holy Spirit, with the Christians, while everyone thought that Donald Trump was going to lose the Presidency of the United States, but we knew it. We knew that True Father would lead Donald Trump to the Presidency of the United States.

But, not only would he be President; but, that Pennsylvania would be the state to make Trump the President of the United States. Everyone was telling myself and my brother Kook Jin Nim that we were crazy to say that. Everyone was making like Hillary could kill the unborn baby with the United Nations. She was persuading people to legalize and abort the unborn babies, and also the LGBT community. She was trying to legalize all of those. But, Father knew it. Father guided us to make to meet with the Trump family. Finally, with Father's Holy Spirit, Father defeated all the celebrities and all the politicians. Everyone was standing on Satan's side.

So, it was Pennsylvania that made Donald Trump to be the President of the United States. Other than Pennsylvania, when I saw the statistics, of the hundred thousand people that selected Obama, have selected Trump this time. Kook Jin Nim and myself where distributing flyers to make Trump the President; so, Pennsylvania was able to win by some seventy thousand voters.

Trump was accused and tortured by the mainstream media; but, he was able to win the election, because of the Father's Holy Spirit. Trump was trying to protect the unborn babies. The baby is the most sinless in this universe; but, Satan was trying to kill all those innocent babies. That country which like to kill the unborn baby will be destroyed in the end. The women are watching as they try to destroy Trump; and, Korean drama is the same as porno, because it controls all your mind. It controls all your insides. Because of the Korean drama, they will compare the main character with your spouse. For example, when one of the husbands gave up his eyes; but, her spouse says my husband was not able to do that, because there are characters with different personalities. In TV, as an actor and actresses, they say such sweet words, trying to control the thinking; so, Korean drama closes the eyes and ears, and makes someone who is in a fantasy, makes them compare with their true husband.

The Han Mother was use to watching Korean drama five or six hours a day. That's why Father, who gave the Han Mother everything, still, even Father gave her this luxurious life, but still, she was complaining and comparing Father to all those Korean drama characters. Because of all those fake dramas, those

dramas made Mother to hate the Messiah, and to compare the Messiah to all those fake characters. She was so much into that drama world, which was fantasy. Just play with me. That's okay. Your husband told you, you are such a pitiful person, that Satan was telling you all these things.

At night, she was dreaming about these dramas. It's so sad; because, the reality is not the same as the drama. That's why she was blind. She was not able to see the Messiah as it is; so, she believed all those fake words and fake actors, which was made as a character in the drama. She was moved by the words, and she was touched by Satan's characters. That's why she was blind. She was not able to see the Messiah as he is; so, she believed all those fake words and fake actors, which was made as a character in the drama. She was moved by the words, and she was touched by Satan's characters from all those Korean dramas, which was made up by the Satans.

The Han Mother was to watch the Korean drama from five hours a day; because, she was getting closer to all those Satan's secular culture. That's why she was not able to see correctly. That's why she was not able to realize the Messiah was right next her. She called herself the Messiah and only begotten daughter. It became the heretics of the heretics. She was to hide and avoid reality. Father made her as the most glorious woman in the world; but, Mother was not able to see that. She was not able to please even the Messiah. She stepped on Father's head and wanted to go up even higher than the Messiah. Of all the women in the world, now she became the worse woman in the world.

She wanted to be the Master of the organization, but she tried to destroy the all the glory Father had made. They were trying to delete Father's Word, everything, to collaborate with Satan; and, also, tried to sell all the assets, so they could put the money in their pocket. They were trying to steal all those assets. They were thinking, Father had all those assets, everywhere. It wasn't their asset to sell.

Father wanted to establish from the beginning a blood lineage, and also God's Kingdom, and also the victorious Cain and Abel, and to build up the Three Kingships, while everyone was thinking the Three Kingships, and Cain and Abel has fallen, they failed; but, Father knew it. He knew his new Successor would succeed. Even here, today, are the most glorious people. They were trying to tell the people that the blood lineage of Father was not as important as before; so, they made the Cheon Il Guk Constitution, so the blood lineage of Father was not as important anymore; so, they were unified with Satan, and, also, they became one with Communism.

They sold the Messiah and became one with Satan. They were acting the same as the Communists, and became one with Satan's behavior. They were showing themselves to be the exactly same as Satan's behavior. They were trying to stop the Three Kingships, to make all the Cheon Il Guk citizens the same as Satan, to have all this authority, so they raised up everyone to be like the King of Kings; so, to destroy Satan's lineage. We made the real Cheon Il Guk Constitution here in Pennsylvania. Meanwhile, everyone here as a Tribal Messiah and Cheon Il Guk citizens, all of you are Tribal Kings and Queens. We should actualize all those Kingdoms into the Peace Police and into a Militia. Those in Pennsylvania, now this is the Headquarters for the whole World.

Now, we are serving Mrs. Kang at the Cheon Il Goong. She met the Messiah when she was twenty-six years old. She has lived and followed Father's Word; and, she delivered all these messages to the people. As a Disciple of True Father, Father told her about Hyung Jin Nim; and, she decided to go to the Sanctuary Church, so she could return to True Father's Authority. Mrs. Kang is singing the Cheon Il Goong National Anthem, the same as you. Thanks to the Father's Holy Spirit, she repented for all her

mistakes; and, Father saved her, and now Mrs. Kang, she entered the Cheon Il Goong, and she's living with us. Father use to call her as the "Mother of the Unification Church." Father never forget her. As she entered the Cheon Il Guk with the Three Kings with all the blood lineage of the Lord of the Second Advent, Sun Myung Moon, she will enter with us, and she shall remain forever. She is with us all the time.

Don't you think though Father, that even though Father past away; but, I was able to see and feel Father? Whoever's trying to delete and destroy Father's legacy, those people will be cursed; because, those people were trying to destroy the Lord of the Second Advent. Not only themselves, but their offsprings will be blessed or cursed. It is obvious who will go to Hell, if you try and betray the Lord of the Second Advent. I think, in the end will I stand up as the last line; but, thanks to Father's Holy Spirit and the miracle, now you guys have become, first. The servants of the servants were last; but, now you guys are here with the Second King and the Three Kingships, and the victorious Cain and Abel. We should raise up the Lord of the Second Advent, always, not try to betray him; and, try to become the Tribal Messiah, who will return all the glory and all the happiness to God. Please give a big applause to God and our Father.

Now we are living in such a moment. Even the Blessed families, who are under Father's Authority, are now the Tribal Kings and Queens. Now, we need to make a Crown as the Tribal King and Queen. Before, we were the servants; but, now, all of you who didn't betray Father, and praising Father as the Second King under the Three Kingships, now all of you became a tribal Kings and Queens.

The King of Kings, Sun Myung Moon as the Lord of the Second Advent, he is the King of Kings. Christ never came to Earth to die on the Cross. All of Christianity thinks that Jesus Christ came to die on the Cross. Jesus Christ said, all those words about God's Kingdom; and, he told to proclaim these few and the bold, the King of Kings is leaving; but, all of Christianity thinks that Jesus Christ came to die on the Cross.

The Kingdom, where all those Kings are gathered, I don't know if everyone knew this before I told it. As fallen Blessed families returns to True Father's Authority, I got concerned; and, I prayed with your names. Those who left True Father have no meaning. Those who use to call Father, but now they left, they are out of bounds. You have been controlled by Satan, and you were the servant of Satan; but, at the last moment, Father has kept you secured, and Father has guided you, and he has found you, even though you were a servant. As the King of Kings, as Cheon Il Guk citizens, then Father gave us an opportunity with those who established the Kingdom with the Second King, and Three Kingships.

It is not because of what you done. It's not because you are great. You all were singing the fake Cheon Il Guk National Anthem. It is not because you were great; but, because you, through Father's love, you have survived. Father found all those people who had survived, and Father woke up all those blind people, and Father made it seem seamless; but, Father has given us the opportunity to enter the Kingdom of God on Earth and his Kingdom of love. That's the Father who made you guys great. Please give a big applause to Father. So, that's why I gave you this on the Cheon-gi of True Father; because, of Father's Kingdom. Now, I'm planning to establish God's Kingdom.

Now, Satan's planning how to kill of you, and how to assassinate Donald Trump. When I revealed all the secrets of 9/11, everyone told me I'm the crazy person. Father tried to tell George Bush about how he made 9/11. Father scolded George Bush, because he was stealing all the oil from the companies. Obama

became President of the United States, and he got an award; but, they were both lies. As you know, Obama started seven wars; so, how can he get awarded the Nobel Peace Prize? He started those wars to kill all those poor innocent people. Also, Hillary, she was trying to spread Communism all around the World. Even the Washington Times was stolen by all those bad people. Now, I'm broadcasting as a Broadcaster revealing all those Cains and Abels; but, people still say I'm crazy.

But, with Donald Trump, the trend has shifted after I proclaimed all those things, and after I revealed all those secrets. All the people all around the World, the people are trying to assassinate Donald Trump, and even he is trying to be assassinated by Hillary; but, even in such a hard environment, my brother and myself, we were trying to deliver God's message, which Donald Trump will be the President. When I told them that Donald Trump will be the next President of the United State everyone was persecuting me. But despite all the persecution, he became the President of the United States. In this small part of Pennsylvania, there were these two crazy people; but, despite all the persecution, he became the President of the United States. In this small part of Pennsylvania, there were these two crazy people, who are the sons of Rev. Moon. The fact that I proclaimed Donald Trump would be President of the United States, it became true. It was Pennsylvania that made him President of the United States. That means, this small part of Pennsylvania controls the whole world.

It has been just seven days, but Donald Trump has deleted all regulations, at the same time the Han Mother is deleting all of Father's Word; and, now, she calls herself the Messiah and only begotten daughter. She's guiding all those Blessed families into the fallen world. She's making the Blessed families as failures; and, as you can see, Korea is even being destroyed in such a short period.

The Pacific Ocean is the settlement of the Abel UN and the Peace Palace. All of those were given by Father, are being destroyed by Mother. As the Second King of Cheon Il Guk, I have been trying to save all of this; and, we have been trying our best to display what is good and evil in Korea. The work is being done by higher people that has been done in Korea. We lost the opportunities from defeating Satan's ways, starting from the East, all the way down into the West; because, now all the Eastern countries are a disaster. The Korean President Park is being dragged down from her position; and, all these higher Officials are trying to sell the country to China. Now, China will control the whole World.

China is now trying to dominate South Korea. As you can see in all those countries, everything Korea has established for the past fifty years is now destroyed. Once, the Han Mother is telling everybody everything will be okay, and everything will be fine; but, you can see the reality? Everything has collapsed, because she will be Judged by God, as I told her before. People who killed Jesus Christ were totally collapsed after thirty years. Stupid Korean people ignored the Successor who has been given by the Lord of the Second Advent; because, they have ignored my words and listened to fallen Han Mother, this is the reason why everything is happening now.

China would like to dominate South Korea; and, now already China is trying to copy the symptom of the IMF to dominate Korea. People who are demonstrating in Korea are supported by the Communist party. In order to Return to True Father's Authority, you people need to wake up and destroy this attempt to destroy Korea, you people need to wake up any attempt to control this.

All the mainstream media where demonstrating against Donald Trump; but, because the Second King was supporting Donald Trump, he was able to win the election. All these bad people like the Rothschild,

because of like them, everything is being destroyed. It is impossible by human beings; but, everything is possible as long as we are with God.

Ever since the Han Mother has fallen, it seems like South Korea has been colonized by China. That's why in order to protect Korea, those Blessed families who have returned to True Father's Authority have to work hard to protect South Korea. Maybe you haven't realized that you've been trained by True Father to protect South Korea since the election. All the Cheon Il Guk citizens who have Returned to True Father's Authority have to go forward to help Donald Trump to establish such a system to help Korea.

You have to make a relationship with the people and all those politicians who can possibly help Donald Trump. South Korea has to wake up; otherwise, everyone will die. South Korea shouldn't cooperate with China. If they do that, they will be the same as Satan. All the Upper-Class people will try to destroy the country. That's why the everyday citizen will have to stand up. The only way for South Korea to survive is to make a connection with Donald Trump. It is connected to the Second King. Now is the time for those who have Returned to True Father's Authority to stand up. You should make all the channels like SNS to eventually connect with Trump. The Family Fraud cannot save the nation; because, they have fallen into Satan's camp.

Satan will attempt to dominate the economy, then politics. Then, the next step would be religion. God's Kingdom is not just a Spiritual Kingdom. God's Kingdom is such a Kingdom that can dominate the political world.

Now is the time to save the World. In order to do that, we cannot just pray and make conditions. We actually have to establish Cheon Il Guk. Even though Korea has gotten cursed; but, we can save the people who entered Satan's world. Now, we can save the people with the Second King, and with the Three Kingships. Please keep your mind open. If we cannot build such a nation with Donald Trump who got connected with the Second King, there's no hope of saving the nation.

Ultimately, South Korea will be the servant of China. Eventually, your children will be the prostitute for China. To separate the Cain side from the Abel side, we should make such a strong condition for the Three Kingships centered on the Second King. All the people have been relaxing up until this point; but, we worked with Donald Trump in Pennsylvania and we made it.

While all of you are praising yourselves, and doing nothing, the Three Kingships were busy separating good and evil to avoid a third World War, which Hillary was trying to make it happen. We trying to split the two points of view. Even we tried to spread the word through five radio channels. As a result Trump won Pennsylvania. Because Mother had fallen, the whole country of South Korea is becoming the servant of China; because, there is no subject. A fallen woman tried to steal the Subject Position. Korea is becoming a servant of China.

Now, that the Blessing has returned to the Three Kings by the Ancestor Liberation, we have restored all the unborn children. We have to work with all of them, and we have to pray for them. South Korea can be given one more chance to survive, because all those people have Returned to True Father's Authority. This will be the last chance. If we cannot grab this opportunity, then South Korea will be the servant of China. If we cannot split good and evil, there will be no more chance, Donald Trump was part of the working class people; but, now he is fighting against all those upper class people. He has made it clear between good and evil. When they have to get support from the Central Bank, they have to stand

on Satan's side. Until now, you have gotten cursed by the Family Fraud; but, in the future, all nations can be destroyed. You people who Returned to True Father's Authority are going to have to stand up and fight, and to split to clarify the good and evil. To clarify good and evil, you should do that; otherwise, the whole nation will be destroyed.

We may not realize it, but True Father has raised you from all these political campaigns we have done in Korea. You have to stand up and fight with evil. That's why Father trained you guys. It's the same with Japan. Japan has to find a supporter that will unite with Donald Trump; otherwise, it will be destroyed, too, the same as Korea. At least those who have Returned to True Father's Authority. Now, Japan will have one more chance to make supporters. Who will make supporters as to what Donald Trump is trying to do? Satan tried to make Hillary as a Predator to start a third World War; but, that didn't happen, because we made Donald Trump President of the United States.

Now, China has chosen Xi Jinping as the leader of their group. The purpose is centered on Xi Jinping, who is President of China. Donald Trump is now on the Abel side, and Xi Jinping is trying to dominate the whole World, and is trying to make China as the center of the whole world. There will be a big battle in the future. Myself, as the Second King, stands between this Cain and Abel.

We can see Father more than anyone can see; and, today is the first day of the 2017. I'm delivering to this world to all of you has gathered here, who has Returned to True Father's Authority. You have to be serious. You have to be desperate to save the nation. All those countries who have Sanctuarrians, now have to wake up and support what Donald Trump is trying to do, as those try to exploit good and evil. As I said, the last become first, and the first has become last. Keep that in mind.

The 154, which is Cheon Il Goong, is located on top of the mountain. Now, the Lord of the Second Advent is living in that place and looking down on all of you. Still, there are many people standing around and doing nothing. Until now, no one understands why the Lord of the Second Advent has trained us, and put us in this forest. The cold Winter trained us, and showed us how to survive. Now, it is clear why he has done that.

All the Communist are making a whole era to dominate the whole world under Communism, including China. Now, our Sanctuary people have to do action. We should not just stand around. If you don't move, we will see the battle of blood and a tragic history; and, all of us will become the prostitute for the Communists.

We should collect all the people, including the Peace Ambassadors, who can support Professor Chung Un-Chan to work with Donald Trump. We have to have as much support as possible to separate good and evil, and Return to the Abel side. We should make it clear to separate good and evil to separate the Abel side to save the nation of South Korea. There will be nothing happening if those who Returned to True Father's Authority return to the Abel side. Those people are under Father's Authority has to move. They have to actionize to make it happen.

James Mattis, the Secretary of Defense will visit Korea sooner or later. Please assist him. As a supporter, please support what Trump is trying to do. Please deliver the message, we are here from Korea. We are here to help. You should deliver the message to James Mattis. We are delivering the same message that Donald Trump is trying to drive.

Mr. Abe, the Prime Minister of Japan, all the people of Japan support Donald Trump. All the people of Japan are trying to deliver the message, "We are the supporter of Donald Trump." I'd like to ask all the people who are Sanctuary people, try to meet them at the airport, and tell them we are related to the Second King and the Three Kingships, and we are ready to support you.

The Chinese culture, which is centered on atheism will expand, if all we people do nothing. Donald Trump is trying the UN which is aided by the Communist; and, now in May, Marine Le Pen will try to win France, or atheism will expand. The same thing is happening in Italy. Communism ideology will be against all the politicians. The Sanctuarians in Asian countries have to follow the same as in the Western countries, like France and Italy, to stand against all those people, who are on the side of Communism.

All people in the Family Fraud are supposed to stand up with us against Communism; but, because of the Han Mother, they lost their way. Now, it only us. We are the only people who fight against all this Communism. Now, you guys have to stand in the front line and go forward and fight to defeat all of Satan's laws and world. Please don't lose this opportunity, that part of this Movement, that the Second King, the Cain and Abel, and the Three Kingships support by Donald Trump. The same, you guys have to follow and support what I have went through.

All the combinations are now working. The Chinese groups against Xi Jinping in China trying to control the whole world, and is trying to start a war with America. Those who got trained with the Lord of Second Advent, Father trained all of you to unite with the Peace Ambassadors.
