

The Harlot of Babylon ~ November 5, 2017 ~ Rev. Hyung Jin Moon ~ Newfoundland, PA 18445

Revelation 17, that the Harlot of Babylon Chapter. We cover this, what, about a year or so ago. We're going to look at the whole Chapter today, because it's very interesting in context of what's happening right now. Let's look at Revelation 17 here:

Revelation 17:1 And there came one of the seven angels which had the seven vials, and talked with me, saying unto me, Come hither; I will shew unto thee the judgment of the great whore that sitteth upon many waters: **2** With whom the kings of the earth have committed fornication, and the inhabitants of the earth have been made drunk with the wine of her fornication. **3** So he carried me away in the spirit into the wilderness: and I saw a woman sit upon a scarlet coloured beast, full of names of blasphemy, having seven heads and ten horns. **4** And the woman was arrayed in purple and scarlet colour, and decked with gold and precious stones and pearls, having a golden cup in her hand full of abominations and filthiness of her fornication: **5** And upon her forehead was a name written, MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND ABOMINATIONS OF THE EARTH. **6** And I saw the woman drunken with the blood of the saints, and with the blood of the martyrs of Jesus: and when I saw her, I wondered with great admiration. **7** And the angel said unto me, Wherefore didst thou marvel? I will tell thee the mystery of the woman, and of the beast that carrieth her, which hath the seven heads and ten horns. **8** The beast that thou sawest was, and is not; and shall ascend out of the bottomless pit, and go into perdition: and they that dwell on the earth shall wonder, whose names were not written in the book of life from the foundation of the world, when they behold the beast that was, and is not, and yet is. **9** And here is the mind which hath wisdom. The seven heads are seven mountains, on which the woman sitteth. **10** And there are seven kings: five are fallen, and one is, and the other is not yet come; and when he cometh, he must continue a short space. **11** And the beast that was, and is not, even he is the eighth, and is of the seven, and goeth into perdition. **12** And the ten horns which thou sawest are ten kings, which have received no kingdom as yet; but receive power as kings one hour with the beast. **13** These have one mind, and shall give their power and strength unto the beast. **14** These shall make war with the Lamb, and the Lamb shall overcome them: for he is Lord of lords, and King of kings: and they that are with him are called, and chosen, and faithful. **15** And he saith unto me, The waters which thou sawest, where the whore sitteth, are peoples, and multitudes, and nations, and tongues. **16** And the ten horns which thou sawest upon the beast, these shall hate the whore, and shall make her desolate and naked, and shall eat her flesh, and burn her with fire. **17** For God hath put in their hearts to fulfil his will, and to agree, and give their kingdom unto the beast, until the words of God shall be fulfilled. **18** And the woman which thou sawest is that great city, which reigneth over the kings of the earth. Amen

So, we've seen this about a year ago, but it is amazing to see this after 9/23, because we came clearly to identify Satan as the world's first pedophile. Isn't that interesting. Obviously, we knew this, but if you look at it, he's really the first pedophile, okay; and, it's interesting, right after 9/23, which is of course in Revelation 12, you have the sign of the woman clothed in the Sun, and the Moon at her feet, etc in that whole Scripture, and that actually happening in the signs of heaven; and, then on 9/23 we actually had Mrs. Kang, the True Mother, protecting the position of the True Mother, being elevated to the position of the True Mother.

Now, you see right after that, you not only saw the Las Vegas shooting, you saw the different numerology that was included there, from the 23 guns to the 223s, to the 320, which was the number of the actual building in Las Vegas. Then, of course, you saw the 322 of the Skull and Bones at the elite level; but, not only that we saw the Hollywood start exploding, and being caught on fire.

Then, of course, Babylon and the culture of the free sex culture, is not really the free sex culture, it really is pedophilia; and, of course, worse than that, at the highest level it being Satanism, okay, and that whole system start exploding with now new Revelations, which is just unbelievable, okay. Unbelievable new revelations coming out from Hollywood, from people in the banking community attached to George Soros, you name it. It's all coming out what the elites are into, okay. You see all that happening after the position of Eve, who was the first victim, who was the rape victim of Satan, which was filling that position. She pushed away the temptations of Satan. She withheld herself and stood against Satan her whole life, from the very beginning to the very end.

Even when it was most difficult, our True Mother Kang was able to stand against Satan at the very final hour. The hardest time, the most difficult time, given all her friends trying to get her into a senile home, so they could drug her trying not to get her out of Korea saying that she was kidnapped, okay.

So, we see all that kind of incredible fight happening, and we see after that, we see all the different pedophile organizations being destroyed. Why? Because Satan has no more place to hide anymore. He could hide behind the Han Mother and the potentiality that, that position was open, vacant. He could hide under the fact, and under the guise, "Oh, God will bring her back and put her back into the position." This kind of thing in back of the Providence, in back of the mind of people. "Oh, yes, she could one day be forgiven of these massive crimes against humanity that is against Providence. That of course has never been the case with key Central Figures throughout Providential history; and, of course, at that level, Woah! Woah, Woah, Woah, Woah, Woah! Big time, big time heresy. Big time, big time Cosmic level failure, okay.

So, Satan could use that to pull on the heartstrings of people, even under Father's Authority; and, we see that throughout the different communities in the world. That position seemed to be vacant, and

seemed to be open, you know. It seemed to be, spiritually, people could not come to grips with Father's relation in the Spirit World. One of the most common questions we got, when people came here was, "Okay, whose Father with in the Spirit World that he's so lonely, these kinds of things? But, was preparing, and God sent our True Mother here. We didn't know she was going to come. We didn't know she was going to be the one. We didn't know she was going to come, and it was going to be exactly nine months just like the Scripture said. We didn't know any of this was going to transpire. We just had to speak the truth, that's all we had to do. We just had to speak the truth, and release it into the atmosphere, and then God will let His Providence unfold, okay.

So, we saw that incredible history happening, that situation happening; and, of course, the different types of revelations, and the Palace, where Kook Jin Nim was preparing that place for the entrance. He even received revelation that he had to prepare a room for True Mother. Yeah, you have to. God is dwelling there. He had outside people calling him saying, "I want to come to that house, because God dwells her, you know; then, he had dreams where Father comes to him saying, "Prepare a room for True Mother." So, obviously, we didn't know who Father would send, but he knew from the very early stages, right before we would move into the Palace, he knew he had to prepare a place for her. He had to prepare a place for us to move in; and, of course, someone would come with us. Somebody would come and be entering the Palace with us carried by the eagle that you see in Revelation 12, that happened; and, she's in there pregnant for nine months; and, then, right after the Ceremony, my brother right after the Ceremony, for the first time in forty years my birthday both Lunar and Solar match up to be the same day. You can't make this stuff up. It's just too crazy, too crazy.

But, now we're back in Revelation 17, and of course, this is the other woman in the story of Revelation in the end time. This is the other woman, and of course, we've seen the pictures of the Harlot out there on the macrocosm, etc; and, during this whole battle, there's been a tremendous spirit of the fallen woman, the fallen dominator that wants to subjugate all men, make men the slaves, wage war on men, etc; and, one of the manifestations along the path, of course, is Hillary Rodham Clinton on the macrocosmic level, which everybody here had to fight against, do demonstrations, go over Trump, which everybody did in different degrees, in different ways, speaking against her in Youtube, speaking against her at the rallies, going into the Congressional meetings, whatever. You know, the Congressman meetings, and the RNC meetings here, whatever. In many different ways, everybody was activated, everybody was active in standing up against that Harlot, because you could see the spirit of wickedness, the spirit of Satanism, not only through what the Harlot was doing, by total idolatry, total heresy, calling herself God, and worshiping herself, etc, and having the whole Church worshiping her as God, which is of course, the gravest sin, and total heresy. Even, when I talked to Rev. Peterson, he was blown away by that story. He was like, "Man, that's pretty crazy.

So, you have that whole scenario happening, and at the macrocosm you have Hillary Clinton, who was the main fallen Eve figure, trying to compete for the world level Providence, world level Providence; and, she was going to openly bring in what Antifa wants. George Soros was the biggest funder, who was a Nazi collaborator, who's now being banned in Austria, Hungary, Iceland, Russia, and of course, the US should ban him, and try him for international crimes against humanity. This man is putting eighteen billion dollars into his Open Society Foundation. That's reported by the New York Times two-three weeks ago, okay; so, the ban is, he funds and overthrows sovereign states and nations to bring in a slavery system. Really, starting it by debt slavery, and then slowly moving into Communism, so he then can liquidate and take all the assets; and, of course do what they really want. It's to do satanic rituals. All the different demonic rituals, all the different Satanist practices, all the different pedophile networks these different people are into, and that's now coming out. Just this week, more revelation is coming out directly tied to George Soros, okay.

So, this is the spirit and time we live in during these Last Days; and, of course, we saw the Hillary Clinton macrocosm Harlot of Babylon representing the fallen Eve spirit, representing the spirit of the fallen woman, who wants to sit above God, wants to dominate and destroy men, and of course conquer, and make herself God, right. Of course, there is talk now in 2020, we won't have Hillary, because now what's happening to Hillary now. She's been thrown under the bus. They're now stabbing her in the back. It's just when they killed Caesar. They're all stabbing her together, now. Donna Brazile, she's the woman just a couple of months ago, she was saying, "Hillary is the absolute one. She's a prophet. She's a woman of God," all this kind of stuff. Remember this? She was selling Hillary like she's the second coming of the only begotten daughter, which is Satan, of course. You know what I'm saying; so, she was out there, remember that? "Bernie is terrible, Bernie's all this kind of stuff." And now, she's tossing Hillary under the Bus, and all the Democrats, and all the liberal lunatics were brainwashed. "You were wrong; and, obviously, you were brainwashed, and you were victims." And now, they're forced to admit they were bamboozled by their own Party; and, now she's saying, she "felt like a 'slave,' and Hillary Clinton was a 'slaveholder.' Oh, she was a slaveholder; and, of course, she was involved with sex rituals, and semen and blood rituals with Marina Abramovic in these parties with John Podesta, and children in bathtubs and Jacuzzis. I mean, she's just ridiculous. I came on this, weekly, and we've seen all the documents on that.

So, you have this, now, this scenario happening. This is just happening this week, by the way. Just this week, they are tossing her (Hillary) under the bus, and now they are suiciding her. They are killing her, because there is no honor in a den of thieves. She thought she could sell out. She thought she could trust all these thieves; well, they thought they could trust her, the big, big, big crime boss. Worked directly with George Soros. Received all that money; and, now they are talking about see her under the

bus. You know, this is Donna Brazile. She was literally, what, she was like the Chairperson of the Democratic National Committee. The whole dang thing, and the fix was in; but, she stole it from Bernie, and gave it to Hillary against US law, and of course lying to all their own people, because they're liars in a den of thieves, and their criminal organization, and they're neocons as well. We're not for the RHINO Republicans as well. They're also a criminal cartel as well; but, this is amazing, because this is happening now. Right now. They're tossing the main figure on the macrocosm, who was representing the Harlot of Babylon on the macrocosm level. They're tossing her under the bus, because they know if they're going to survive, they got to get rid of this woman, because with the Clintons, they will not be able to survive. They're just too criminal, and everybody knows they're criminal; and, about how many Bernie supporters voted for Trump. It was about 30 to 33 % of Bernie supporters voted for Trump; so, upcoming 2020, now they're saying Michelle Obama will be the leader; but, of course, it's the same spirit. Michael Obama, with the same football shoulders, and Linebacker Lat's. They can lift about 300 lbs. I mean, clean and press about 300, okay.

But, it's the same spirit, the same spirit of the fallen Eve. Of course, railing and rebelling. Railing against God, and wanting them to replace themselves over God, and make themselves God of all the Earth, God that takes control of everything; and, of course, they always stand, they always stand for the same stupid system, which is of course political Satanism. So, whether it's Michelle Obama in the next 2020, and now they're stabbing Hillary Clinton, and they're just like it's a blood bath. They're just raking her from the back, just to get rid of this woman, even though about nine-ten months ago, they were praising her, everywhere they went. They were literally shining her on the stage, you know, making her dress in white, as if she were some kind of Prophetess.

I mean, it's just outrageous, because, you know, the left is into illusions, and of course, they like stages, and they want the big fancy things, because they know so many of their people are methed out, and on drugs, braindead, you know, washed through the public school system. You can just see a big Katy Perry show walk in on a big lion. They think she's a god, because she's walking on this plastic lion, with stupid guys dressed as Ninjas moving the legs. I mean, this is how stupid people get. Remember that? Remember when I showed you that image of Katy Perry walking that stupid lion? And literally like young people, who are not awake, are literally so braindead, so brainwashed saying, "Oh, wow man. Look how cool that is? How did they take that picture? They're like methed out, just heroined out. They're just cracked out. They're just totally in another universe. They don't know this is Planet Earth. They don't know what planet they're on; but, you have those kind of followers, but of course, they're into that kind of illusion. They were literally trying to manipulate the lighting on Hillary Clinton seem white, or make the lighting on Donald Trump seem so darker. Getting lighting from the bottom to make him look ugly, and accentuating his double chin, even he's like 70 years old, you know what I mean. It's just so absurd,

playing with all these camera tricks. Playing with all these little stage tricks, playing all these little political tricks, you know, on stage; but, it was a massive battle. You saw on the macrocosm playing out.

As the spirit of the Han Mother, as the spirit of her opening the door of becoming the Mother of all Harlots. Babylon means the 'Gate of the gods.' It literally means the Gate of the Gods, and her on the microcosm saying that she's God, and that Father was fallen, and she was born without original sin, and that she is the Messiah, that she actually saved him, which of course nobody believed us, when we said that about three-four years ago, but of course, now everybody can hear it from her own mouth. Everybody thought we were crazy. Everybody thought we were insane. Everybody said, we were dishonoring our mother, when we were telling the truth. If your mother is a cocaine addict, and you say she's a cocaine addict. You know, she needs to be helped. People around her, said to stop giving her cocaine. That's not dishonoring her. You are trying to save her. You're trying to tell people, hey, those people around her keep giving her cocaine; and, because I said stop eating cocaine, stop feeding her cocaine, they kicked me out. That's not called dishonoring our mother. That's called trying to stop these fools. From using her as a tool to do exactly what they want to do; and, of course, that's exactly what they did.

So, it's very unfortunately to see. We know what happens to that, and I told her, and she said, "No, I am not the Messiah, I am God." I said, "No, you're not, Mommy. You're not God. If you say that, you will be destroyed. You will be humbled. Father will come and punish you." It's kind of interesting, she never, ever said that, when Father was alive. Not dare, not dare say that.

It's interesting how her theology so radically shifts, so radically shifts right after the Seong Hwa. Alarm bells, you know; but, you see it, and the spirit of Babylon, the spirit of self-worship, the spirit of hating Jesus just go on fire in the Family Fraud cult, or even on the macrocosmic level, with the DNC and these people, and these Satanists. Just mocking Christianity, mocking Jesus. Saying Christianity is the most radical dangerous ideology on the world, and aligning with radical Islam and Sharia Law. I mean, this is outrageous. Total outrageous. I guess Christianity is the most dangerous religion on Earth, because it protects children, it protects women, it protects the sheep from pedophiles and different wolves and predators; and, it also makes men strong, and gives them a mission to be the head of the household, and to have the responsibility in your home, to represent Christ in your home. It gives men the responsibility, so it makes men into alpha males, but who are compassionate, loving and humble before God, and repentful to God; and, of course, it creates the proper ethical system where in which people will abide by contracts, and honor the promises they make. Meanwhile, not following sexual deviants, and sexual immorality, sexual abominations, which the Bible warns gravely against; because, we know any civilizations, it's fundamental success will come from its sexual morals. What it allows in its sexual morals. That's why the Christian culture, especially the Protestant Christian culture is so powerful.

That's why Rev. Lee Peterson was talking about it in the black community. That's why they targeted the black community, and get rid of the alpha male blacks. Get rid of the fathers. Get rid of the alpha males that are good and loving that will stand as the head of their household, that will work hard, and protect their family at all cost. Get rid of them. You got to get rid of them. Then the women will marry the State. Then she'll be beholding. Then she'll be the ruler of the family, because no more father; and, the children will be ruled under them. Of course, he famous for talking with Tommy Sotomayor, who I guess is a Hollywood Director, or TV or radio show host, etc, another African American gentleman.

They were talking about how abusive the single mothers are in the black community, actually. They're beating their children. As a Korean, that's not that crazy. Korean moms, they beat their children, too; so, that's not news for us; but, in all the angst and the pain, with a lot of the children, and the young males that are scared of women, resentful toward their mom for beating them all the time into submission; and, of course for not taking responsibility, saying they were in charge of the black home for the past fifty years, but you have rocket sky number, what is they were saying, 76% are out of wedlock children. Abortion rates, 1200 to 1600 black babies killed per day. Marriage retention is terrible. Father's in home, horrifying.

So all these social ills, and Tommy Sotomayor was saying to Rev. Peterson, the woman are saying they have been in charge for the last sixty years, but they won't take responsibility for all this havoc that is happening in the black community. The guys are not even home. They say they are ruling it, but it's always the guys fault. Men are dogs, etc. Black men are one of the most entrepreneurial, most successful, highest college graduation rates before the LBJ projects, before the 1960s. They had some of the highest sociological stats, getting the highest grades coming out of the highest institutions.

Everybody knows, when black folks put their mind to it, they almost dominate in almost whatever they do. Whether it's sports, or whether it's intellect. Ben Carson is for example, John Hopkins emeritus professor. One of the top neurosurgeons in the world; and, it's not because maybe they're racist. The point is, they are not preordained to be in that perpetual state of being DNC controlled, Democratic controlled; and, now of course they are waking up to the fact that they are being controlled, that they are being political tools, and they are being prodded along with Al Sharpton and Jesse Jackson always talking to them say, "Oh, we understand you," when they are using them, when they work with the CIA in drug stings.

Overseers of the plantation; and, they keep drugs criminalized. 90% of the inmates are there because of non-drug, non-violent crime. The prisons are also private businesses; and, they are getting slave labor with young minority children for twenty-four cents an hour. Slave wages through the prison program.

Walmart's involved in that. Starbucks is involved in that. All these different companies are involved in it. Why are those kids in the prisons in the first place?

So, we know that they've been targeted. We know that the minority family has been targeted. We know at the very top, these Hillary Clintons, these Rothschilds, these Soros', all them, it's not because they're white, that all white people are involved in it. Most white people are not involved in that; and, most white people in America are living in poverty, actually.

Many Europeans would enslave Irish people in England, and also would enslave Poles, and different Eastern Europeans, and make them work as slaves in the Royal systems in Europe. You know, they were actually slaves. They were beaten, raped, killed and plundered by the super elites of Europe as well. She had this incredible situation now, where Hillary Clinton represented all that, all that whole foreign power trying to dominate America, bringing it to its knees, and mount its head to the wall, and see it like a trophy that's finally conquered; but, and of course, they wanted to bring that in with all that by November 4th, which was yesterday by the way, and Antifa supposed to take down all the cities, and they were pathetic. They were pathetic. They were a total joke. They were pathetic. \$18 billion of George Soros' money.

You know, Senator Rand Paul was assaulted in his home. You probably heard about that. Kind of using those different protest as a diversion to actually try and kill these liberty minded politicians. He was the only honest one on Capitol Hill. Isn't funny. He gets targeted on November 4th to be assaulted. Isn't that interesting? Oh, I'm sure that's a coincidence. Give me a break.

So, you have these people trying to literally try to bring down America. Death to America. Death to anybody who tries to stand up against them. Death to anybody who's talking about sovereignty. So, you see the rhetoric is escalating, even though their application of it is proving to be quite pathetic. I mean, do they think they can go up against the patriots, who are well armed, they're hunters, they're vets. They know how to use their weapons. Do they actually think they can start a civil war with these kinds of Americans? They are plumb loco, meth head, coked out crazies. That's like a little child coming up to a Brazilian Jiu Jitsu black belt saying, "I can whip you, because I watched dramas of Goku and Dragonball, and they firmly believe it.

But, it's just incredible that they are finally throwing Hillary Clinton under the rug. They're realizing that this Harlot of Babylon on the macrocosmic level is a failure, and what's so interesting, at the same time this is happening, also, we have inside intel from Japan, when the Han Mother was there last time they were saying it was Japan's fault for the upcoming nuclear crisis that's happening in Korea, and North Korea, so they have to hurry up and send more funds to Cheong Pyung, okay; so, when they can do that,

one of the managers was a hidden Sanctuarian. He went up to Kim Mung-Hee. He was one of the bozos in the room that stayed quiet when Mother said we were going to pull the plug on Father; and, they asked him, this manager asked him, "So, Mr. Kim Myung, what do you think about this only begotten daughter stuff and why is she doing this kind of thing?" And, he said to him, "She is senile." He said to him, "She is senile; but, you know, we just have to be quiet about it." So, even on the inside, already, two of their own people, they are saying, "She's crazy." They are throwing her under the bus exactly like what's happening like Donna Brazile is throwing Hillary Clinton under the bus saying, "She's crazy. She's nuts. She's not the future." That's exactly what's happening in the Family Fed with their leadership. Their leadership is telling other people, who are asking, what's this only begotten daughter; so, the normal slave, who are members of the Family Fraud, they tell them, "Just trust... this kind of thing; but, to the managers they're saying, "She's senile. She's senile." See how they do that double tongue speak?

So, that's exactly a reflection of what's happening in the micro to the macro. They all know that she is a calamity to their power, which they of course she's stolen from me, because they're not the Inheritor; and, of course, they are trying to sue us. So, what. Bring me to court. It doesn't matter. I'm going to tell you exactly the truth. You are in possession of stolen property. The money you are suing me with, that's my asset that was given to me by my Father on three different occasions, on two different continents; and, you are in possession of stolen property. What are they going to say to that?

So, you see the micro and the macro again, coalescing. You see, even though they are getting rid of Clinton, dropping her, stabbing her in the back, throwing her to the wolves. Of course, she's so psychopathic, she's not going to go along with it, she is going to go until the end, claim she is going to be the next President of the United States, just like she did about a week and half ago with that tweet of the ten years old picture saying, "The future President of the United States." This woman is completely delusional. I mean, you can't even make this stuff up. This is who psychopathic and delusional these people are. They're so psychopathic. They're unbelievable. They're just unfathomable the level of which they're at.

But, of course, you see all this happening. At the same time, you can see, in the Trump's Administration, there is also a lot of trouble. The AG, Attorney General Sessions is recusing himself of the Uranium One Deal, which is ridiculous. Just like he's doing with the Russia situation. He's not doing his job. He's supposed to be going after them, and he's saying, "Oh, I'm going to back out of this;" so, either they got something on him. What was that. He is not recusing. He is going to go after the Uranium One. That's good news then. That's good. Okay, because, I heard he's recusing.

That is a serious thing. Of course, if he is recusing himself, that is a serious problem. Of course, he needs to be changed; and, Trump needs to bring in somebody else, because in that position, he's supposed to

go after these criminals. You are supposed to go after their criminal organization, and the neocons for the last, you know, Bush number one, Bush senior, and of course, Trump has begun to do that during the JFK revelation, showing the actual proof that these people were involved in the JFK- CIA assassination showing that the Federal government and the CIA had been lying to the American people for what is it, fifty-three years now? Lying. Completely lying, and you've seen the actual classified documents that Trump released last, what is that? Nine days ago, or something. You've seen it.

You saw it. The Surgeon General at the time of the Kennedy assassination said, "There are two shots, because he did the autopsy. There are two shots, one in the front of the head, and one in the neck;" when, the Warren Committee said, "No, he got shot from the back. Lee Harvey Oswald, one person. Wrong. The Surgeon General in the documents that came out, said, "He got shot in the front. One in the head, and one in the neck," which of course, if you see the film, that's exactly what happens. If you see him, then Boom! He starts grabbing his neck. Then boom! His head blows off in the back; and, his head goes backwards, because the bullets coming from the front. If the bullets coming from behind you, it doesn't go towards the bullet. Any plum loco child knows that. Just ridiculous.

So, everybody knew it, but now it's confirmed, it's a legal fact. It's a legal fact. It's been declassified, and anybody who says it's not is a conspiracy theorist, because legal it is. It has been declassified. He's been shot from the front, and in the neck; and, the federal government and the CIA have been lying to the American people about the death of duly elected US and world President, which they were already involved in, which is the reason of course, why they covered it up. Isn't it interesting, right after that, George Hebert Walker Bush gets promoted to CIA Director, right after Kennedy got killed. Isn't that funny; and, once he gets the Presidency, he takes over the whole thing, and it gets sold out to George Soros, and foreign national banks, international conglomerates. Of course, you all know, George Bush's family was Prescott Bush, who was funding Hitler with his bank; and, of course, you all know that when Father met George Herbert Walker Bush, he told him, "You are the King of Satan's World. You are King Satan." Very interesting.

So you see, these kinds of things are happening on the macro. Trump, of course, is in Japan. It's amazing. He says, "Samurai Japan..." Isn't that interesting? Samurai Japan should have should have stood up and shot down these North Korean missiles. He literally used the word, Samurai. Did a sitting President ever use the word, Samurai, in reference to Japan? I never heard that. This was a very positive way. He could have almost said like, Peace Ninja. He could have said you're the Peace Ninja. He should have shot that down; but, look at that? He said, "He could not understand why a country of samurai warriors did not shoot did not shoot down the missiles," the sources said. That is fascinating. That's fascinating. Why we're doing all this police ninja training with samurai swords, and all this stuff, the President of the United States is talking about Japan, and telling them, "Hey, get in contact with your samurai

warriorship, your samurai heritage, your warrior culture. Get back in touch with that. You have to understand sovereignty, and help us stand for worldwide sovereignty. We need to make a coalition. It's exactly what we're doing with the Abel UN, with Father's direction, to make a coalition of sovereign nations that stood for the Abel side, that stood for sovereignty, against worldwide Communism, against worldwide globalism they were pushing, and against the false UN, which is a complete pedophile network, protecting network, with the Vatican Church as well; but, Trump is now talking about getting in touch with your warrior spirit nation. That's incredible. He's telling these people, trying to make them get back to their historical root, even though a lot of samurais were bad, there were still good ones, even though the samurais were an elite class that basically were mercenaries, even though they be loyal to a Dimo or leader; and, of course, he's not referring the samurai system as being sovereign. He's trying to say to get in touch with the samurai spirit, to fight back against wickedness. Unfortunately, historically, most of the samurai were for wickedness, for tyranny. A lot of them were, but the Christian samurai of course, were not. That's why they were slaughtered and killed. Christian samurai. We have a few Christian samurai descendants here, right.

But, it's amazing, even though some of the core things on the microcosm, too, or the training of these young people, all those kinds of thing, that the peace police/ peace militia training are getting back to the warrior spirit. The Bible says, you are to be soldiers of God to stand against unrighteousness, right. (see Galatians 6) We have love in our hearts. We are not just killing for killing. We're not learning just dangerous things just for the point of learning dangerous things, but to protect civilization, especially for the Kingdom that God is bringing.

FOR TUESDAY NIGHTS MEETING

So, it is so interesting that at the same time that we're fighting on the local level, on the communal level, and when I was explaining this to Rev. Peterson, he was saying, "Oh, that's interesting." I was telling him, you know, even the girls, they are getting stronger, they are getting tougher. We train in Filipino Martial Arts, and knife stick fighting, and Brazilian Jiu Jitsu, and firearms, all this kind of stuff; and, he was saying like, Woah! Man, where are you guys located? I want to come and train with you," you know, because he never heard of that; and, of course, we don't teach them to be angry and full of hatred, and things like this. There whole purpose for training is to protect humanity from the local to the world. It doesn't matter where; the mindset is the same. The sheepdog mindset is the same. It's to stand up against predators so that you can protect civilization.

Now, that doesn't mean we get in involved in precrime, and just start going after people without due process, things like that. That's not fair; and, that's why a lot of our young people who are training, are going to get into politics, take over local positions, things like this, because we work through due

process. We're not like Jihadis, you know, who want to take over by force, no. Force has to be in the hands of good people; and, the way you manifest that in reality, in the system we are under now, is by getting active, politically. Is by becoming the local township Supervisor, is by becoming the Police Commissioner, or the Commissioner to the county. Is by becoming the County Chair, you name it. You see, that's how you start taking back the county for sovereignty sake, sovereignty side for God, and then you can start changing it, once you have that real political power to then implement more and more the Cheon Il Guk Constitution, which of course the real Conservatives, Libertarians, you name it, will be supportive of, because it's what they've been suffrageting for. They have been wishing that one day those freedoms can come back to them, as they are being stripped away, and their children are being hypersexualized at five, and having transgender bathrooms pushed on them in middle school and locker rooms. I mean, these people are crazy what they're ramming down people's throats.

So, it's amazing that people who are being acclimated in the microcosm, young people, who are training, learning the warrior spirit, the warrior culture, but still they learn, you can still be kind, you can still treat people well, you can still get along with people. You can still say, and stand up to somebody who is a wacko, you know, but you still be very kind and compassionate, want to empower people, do the Will of God. Be humble, repentful, you know what I mean, you can still do all of that. It's not that you got to be some kind of beast walking around, you know, trying to fight with everybody, right.

END TUESDAY NIGHT STATEMENT

So, those are the kinds of things that's amazing, that's reflecting right on the macrocosm, when we are literally calling the group, when we're e-blasting people saying, "Hey Ninjas." "Hey Ninjas, today, when we are training, bring me this, bring me that, whatever." Even Master JoJo's calling you guys, Ninjas.

But, it's interesting, that, that kind of culture is even the President is evoking that kind of language. The potential we are developing at the KAHR Arms Factory, the practical training areas, the American Ninja Training Centers, you know, where you're climbing stuff and jumping, and doing all kinds of obstacle courses in the future, that also we are referring to in the developing stages. We are referring to as Peace Ninja Park, or something like that, cause that's actually father's language. Peace police/ peace militia is his actual language for it, and of course, sort of a colloquial version of that is Peace Ninja, that we're using.

TUESDAY NIGHT PART II

But, it's interesting, that's one of the core practices of our community here. Like one of the core, especially for our young people. You know, it's training, physically training in these arts, of course learning the word, ethic learning; and, of course, when they get in there, they're humbled, right,

because I don't care how many video games you watch, or think you got magical powers, when you come you are going to get beat up. Okay, it's just normal, and it's fine, and you're going to get over it; and, some of them almost always cry in the beginning, that's fine. It's just a process of getting that whipping which is pushed out of you; and, most young men and women never go through these rights of passage, which are so important, and then make them stronger to stand up against evil. You can see the massive difference against those who do it, and those who don't do it. One more time, you can see them just separating.

They don't live in their head. You can't. You do this kind of training, you can't just live in your head. You can't just live on the Internet being a keyboard warrior. You can't just live in lala land. You have to be in reality. You got to be a real warrior in reality. You got to be confident that in different scenarios, whatever the scenario, you are at least somewhat prepared. What if you lose your farm? What if you lose your knife? What if you lose your weapon? Well, you have to have the final backup, which is empty hands. So, the whole training is based around this understanding. This ethos, of course, this training, developing multiple layers of defense, not for myself, but for neighborhood. Love God, love your neighbor. It's like the core of peace police/ peace militia training. Always emphasize to young people, love God, love your neighbor. It doesn't mean you agree with your neighbor. It doesn't mean you even get along with your neighbor; but, we have to love him enough that if he's being attacked, we have to go help him; and, of course, this is what they're training at the microcosm. Even within the microcosmic level, Korea, Japan, and now America, you can see the different battles going on, even among the adults; and, the young people are wondering, we are all in the same Sanctuary. You know what I'm saying? The young people are saying, "Why are you fighting so much? Aren't you supposed to show the example?"

I get it. There's a lot of wounds, a lot of scars from a lot of pass, and the young people got to be compassionate about that, because, even though your parents may not be perfect, even though your community may not be perfect, you're not perfect either, right. That's true for young people. Yes or no? You're not perfect either; and, people to be able to work out their differences without everybody trying to get in, and try to split the community, because that is a fallen Eve type perspective, that is a Han Mother type perspective, especially those under Father's Authority. We don't turn our back on people we fight together with, even though you may not like them, even though you may disagree with them. You're still are brother and sister, right? And, even Jesus said, love one another, because basically we're siblings before True Father. Love one another, and how you love one another will show how you love me in the world. That doesn't mean you have to agree with everybody. That doesn't mean, like young people have to see it, too. They can see that adults can disagree. Maybe get very passionate. Maybe even cuss at each other a little bit. You know, many times guys cuss at each other, and it's not for other

reasons. It's just they are trying to show the emotional impact; but, young people, they have to be able to see that as a community, the adults can get over it.

It's not a problem that people disagree. It's not a problem that Daddy and Mommy fight every once in a while, in a family, or they disagree. The problem is, the children don't see the resolution. That's a problem; and, they slowly start seeing that marriage collapse and deteriorate. That's a problem; but, if you argue about something, and then there's a resolution, and the proper order is restored back, then the children can feel stable. They can feel love. Do you see what I'm saying?

So, that what I'm saying. You can fight, but don't kill each other, right, because it's in all of us, all of you, in all our imperfect ways, all our little quirks, in all our little wackiness that we all have, every single one. Everybody here stood up for Father at the hardest hour. You can't take that away from anybody; so, you may have this or that imperfection, they may this long deep-seeded resentment, not only against Family Fraud or something, they may trace it back to their parents or grandparents; and, their childhood life. You know what I'm saying? They may trace it back when they were three years old, and they may still have it, and have not gone through that, yet. They may still be acting that out, right.

END PART II READING

But, it essential. My son, I snapped his are like three times. Pop, pop, pop. He has been training for like a month, because that happens when you're in the art of crippling. You're in the art of strangulation, you get crippled sometimes, just like your Daddy; but, that was a great lesson, and I was so impressed on how he took it, and he wasn't filled with anger. He said, "You know what? That was really good for me. That was really very good for me." And, he is taking it in a very mature way. That's a warrior spirit. It was very good to see. Do you know what I'm saying; you see what I mean?

So, this is important. This is why I also want the older folks to come join us for peace police/ peace militia training. I won't break your arms or legs, or something like that. Don't worry, we won't do that. Just come and be in the environment with us. See what your kids are training. Spend time with me. Spend time with me in my environment. Do you see what I'm saying? Spend time with me on those mats, you know, which is like the water, and the higher-level guys are just like sharks flying around the water. Spend time with us. We don't have to do it, so you'll get hurt, but be a part of it. Go at your own pace. I would love it, what is it? Jamal and Lourdes, and all those people. Robbie and John Clark training together with respect on the mats. Do you know what I mean?

You actually have to touch each other. Obviously, not in a sexual way. You're helping each other to become strong. You get that skinship and contact, you remember? "Oh, these are not like the people I only meet at Church. These people could be like my partner. They're like valuable people to me;" and,

then you start learning of protecting your partners, right. Now, all you guys are getting better, you girls and boys, learning very dangerous things. You see what happens. People get their arms crippled, get their knees crippled. See, you're out to protect your training partners, because as you get higher, they are harder to find. Harder and harder to find, people who want to train with you, with the super danger of crippling and strangulation, always at the tip of the moment, okay.

But, this is a very important thing; but, when we did it at Church, I know a lot of the folks, the moms and dad her would join us; but, hey, you guys join us, even if you watch, even if you just do the cardio, join us. Be a part of that culture. Nobody's going to push you beyond your physical limits. You got some back pains. You got this or that. We'll take it really slow; but, you got to be part of the club, because you see the young people how they're training, you know. They're going to get. These are real fighting scenarios. Sometimes, they get emotional, charged up. They want to kill each other; but, then thought the training, they have to respect one another. You learn a warrior code You become part of it. You're not just hearing about it. You're actually seeing it. You're being involved in it, and just like the macrocosm, it's happening. He's (Trump) trying to get a whole nation. I'm trying to get a whole nation of Cheon Il Guk to be part of this cultural, too; but, you all don't come sometimes. He's trying to get all sorts of nations, trying to get ready in the warrior code. I'm trying to get Cheon Il Guk into warrior code ethics; but, you can't do it by just hearing me talk about it. You see what I mean?

But, it's like so important, because then we have consistency in how we are protecting one another, especially you learn dangerous things together. You actually have to use a partner to do the dangerous things on. You develop a heart of compassion towards your partner. You develop a heart of empathy. You actually have to touch and have skinship with your partner, which makes you remember, "Oh, this person is a human being." You're not just connected to an internet voice, or something. They're an actual human being. A child of God. You know, when you ladies get into a fight, and we know you guys fight a lot, do you kiss and make up, and cry and that kind of thing? There's a real power in skinship, especially when there's repentance, right.

So, this kind of thing, Trump is trying to get nations involved.in the Abel type samurai code. I'm trying to get Cheon Il Guk nation, world, in not only this mindset, but also to become actual practitioners, too, at your own level. You don't have to do things that twenty years old's are doing; but, you can be involved in it. Don't just think it's just for young people, do you know what I mean? Join us. Spend time with me, when we're doing this kind of training, because this is so important. Let's do it, baby. Let's do that. I like that Vietnamese accent. It's so important.

It is so important, because it's an atmosphere, it's a training ground, where in an Asian society they call it Dojang or Dojo. You hear most common in the west a Dojo It means Dojang, the place of cleaning the

Tao. The place of practicing the Tao, the Way. Not only in self-cultivation, but in Asia the Tao means trying to find God, trying to find the ultimate reality. It's not only like, "Oh, I'm practicing, to become..." No, you're trying to find God; and, that's why True Father always had like a central cord. That's why firearms and the whole Second Amendment culture, and all the people who are Christians and Conservatives are now getting connected with that, because many of them in that culture did Karate or different martial arts from like five years old, because they want to raise their kids as sheepdogs.

You know, we had Pastor Dave Zacker on. He had like 200,000 views on videos in Michigan. What, he like out there in Detroit? Anyways, he did tons of martial arts since he was five years old. So many people understand this culture. Do you understand, a lot of vets that you met in the Second Amendment community, they all been training in Karate, or something when they were young. They develop that sheepdog mentality when their parents send to like Karate school. They may not have learned real fighting; but, they learned sheepdog mentality. Do you see what I mean?

And, that's so important. Without that sheepdog mentality or warrior spirit, you're never going to stand up. The communities of Cheon Il Guk will not be able to stand up against unrighteousness. It's always going to be in a divide to people who understand this culture, and to people who hear about it, but don't really participate in it; but, in Cheon Il Guk, that's going to be almost impossible, because you're responsible for the defense of your own location, so you have to be training. The younger generation has to be training. They have to be part of that culture that sheepdog culture that's trying to stave off tyrants, dictators, and predators that Trump is talking about to the nation of Japan to that against North Korea. Isn't it interesting how this is micro-macro, micro-macro? He's literally using the same language as us now.

I think it would be so healthy, one of the things you learn under these real martial arts, and the ones you have to really do combat, really do fighting is, you learn that you cannot go this path alone. That's something you learn. All these young people, they know. They need me. They need me bad. They can't improve without me. They can watch videos, they can do this, but unless I'm there fixing the details, and showing them why this doesn't work, they cannot improve as fast. They need an instructor. You need a qualified instructor. You realize in life, you can't just learn things, and do everything alone. You need to seek out qualified people to learn from, in order to gain those skills. Now, how important is that for life?

Like, you have to humble yourself, your thinking, no, I can't do all that. I have to seek qualified instructors. I have to be able to discern who's qualified, who's not, who's a charlatan, who's not. You see what I'm saying. How important is that skill for business, if any of you did business, or a lawyer. How important is that? That's a very important skill; but, once you learn that, there's a deep sense of respect

and appreciation, even though they don't tell me all the time. I know they deeply appreciate the type of training that I'm giving them.

You know, we were with the Panzers the other day, and he was just sharing when he was in Brooklyn. I think he's there now. Man, people pay good money for this. They pay like \$70 a class for this so, when he came in training, he was like he saw the value there. He said, "Holy shemitah, man, this is incredible. When I was in Brooklyn, I paid \$70 freaking dollars to do a stupid bike cardio class. I mean, these other kids don't know, because they never lived in Brooklyn, where they had to pay for this stuff, especially high level. You understand, I trained with Gary Tonon. He's a world champion. The type of detail they're getting is incredible; but, it was nice of course, for me who's doing it for the young kids, and I don't see it like I'm doing it for free. I'm just trying to empower them, because I know they're going to be grateful in the end, even though they might not be now. Most of them are now. In the end, they'll realize the value. They'll realize how they can change lives and empower people.

I see the kids even in Thailand, and they're teaching the Thailand Sanctuary kids. They were teaching them a little self-defense training, because at sixteen-seventeen years old, you really don't have enough wisdom to be able to lecture people about DP or talk about this or that; but, you can train young people in self-defense. You have some something to give them, when you go somewhere.

Nobody's going to be listening to you if you talk about. "Oh, I was sixteen. You know, when I went to this movie, and like that was the hardest part of my life." No, nobody's going to listen to that, okay; but, they may listen to you talking about, this is how you apply this technique. You see, they can give something to that community, which is directly connected to the Cheon Il Guk culture, which is directly connected to raising up new sheepdogs in a new generation, which is directly connected to having proper amygdala function. Being able to discern between right and wrong.

It's a part of a culture folks. It's a part of civilization, not something that's entertaining to listen to. I know I rant and rave when I'm entertaining. I scream and shout, but it's not just meant for your entertainment and pleasure, okay. I'm actually trying to talk to you. I'm actually trying to communicate some important things to you, okay.

So, that's what you can do. You can participate in that culture. Don't just send you kids, you come too. You'll see. You'll start mellowing out. You may be a very conflictive person, you may want to fight with everybody; but, after you train, one year goes by, two years, you will see. You'll start mellowing out, cause all those chokeholds on the neck, they tend to change you over time. They mellow you out a little bit.

One thing that's great, and you can see, one thing that's amazing, and you have people that are very strong; and, many times, they maybe have strong potential, but they come in thinking they're very strong; and, then they get beat by very small people. They think, how's that possible? I mean, they literally get dominated, okay. It's different when you're doing this grappling art, where you actually have to give up to somebody. It's not like fencing, where I can get you, even if I'm lucky. I can even get a Master, if I'm really, really lucky, okay; but, in these kind of grappling arts, submission grappling arts, you cannot get lucky. You can't get lucky with somebody who is very skilled. It's not possible. You can't get lucky. Whatever you try, they already know what you are doing; and, whatever you try, it's already blocked and dominated, and something else is coming on top of you. You guys experienced that. You cannot get lucky.

So, you have to come in direct confrontation with the fact that, boy, I suck. I really am bad. I thought I was strong. I thought I was an alpha. I really am weak. I'm weaker than I thought; and, not only young people, anybody who's not gone through that Rite of Passage. That is such an important thing, because then you start seeing yourself in reality, and you have a deep consequence if you don't that reality, you either get a limb crippled, or choked to an unconscious state; so, there's a real world consequence, which you have to pay for, if you continue to cling on to a false identity of yourself; and, so I see this training in such a spiritual training, cause in the end, you have to kill that ego. You have to kill it; and, that's why you meet at the highest level these dangerous fighters.

They're the nicest guys. They're so humble, even though many of them at the top, you have seen something like that, they're trying to sell the fight so that, you know, pick on each other and say, "Come on, let's fight." They're doing that more or less to try and sell the fight; but, when you train with them, they're extremely helpful, extremely dangerous, dominating; but they're humble as well. You can see how they listen to their Instructors. You can see how they treat their coaches. Tremendous respect. Even though they can actually destroy their coaches, they still listen. They don't get arrogant. Do you see what I'm saying? It's a very fascinating thing; and, that's why Father want us to train the entire world Movement, especially young people with this type training. Fishing hunting, all this kind of thing; but, you all now you have to exercise anyway, so why don't do it at the same time participating in the Cheon Il Guk culture, and the peace police/ peace militia training, not just sending your kid. You come, too. You'll have fun. You'll have a great time. You'll have a great time, and actually have to touch each other, so you'll realize, "Oh, some people that I fight with all the time, hey, they're actually human beings."

You have to hug them. You hug them, then take them down. Then land on them softly, you know. There's a different level of skinship. You have to do that with your people, and you'll learn you have to

protect these people; and, you'll learn, even though your emotional, your upset, you'll unleash it on them, you get in trouble. You'll get in trouble with the Instructor.

So, this is important. Let's say we want to include you guys when we go fishing, we go hunting, we go on Maine trips. We go have lobster in Maine, and Bushcrafting, we want to include you, not just your children, because all of you have to be part of the nation of Cheon Il Guk. Just like Trump is trying to wake up a nation. He's not just taking the young people, you're samurais; so, why don't you shoot down the things. He's saying, "Japan, all of you, young and old. You're all descendants of samurai. You all should stand up for your country. That's what I'm trying to tell you. You all need to stand up for Cheon Il Guk. You all need to be a part of it; and, you can do it at your own pace. You don't need to speed, that's fine. Nobody's going to push you out of the limits of your physical nature, or the level you are at physically; but, it will be wonderful to participate, and spending time together. Young and old, it doesn't matter. It's beyond race. It's beyond age. It's beyond all that. We are participating in God's culture of protecting, loving God and love our neighbor. Preparing God, so we love God, and we love our neighbor.

I love it when I see the kids come with their mom. It's fantastic. I love it. It's fantastic. I don't want you to just drop your kids off, and go have a hamburger. Why don't you burn off some of them calories and do something healthy for yourself? You know you have to do it. You know you got clogged arteries and diabetes anyway, so do it. Be part of it. It's not only healthy for you, it's good for your culture. Your home dam view that young people with strength can't physically do all the things they can do, you are trying your best to be participants of Cheon Il Guk; and, that physical motion of getting up and doing it, stimulates your mental emotion of trying to apply Cheon Il Guk to your life.

When's training? Tuesday's at 7 PM; and, also, Wednesday's at 7 PM, okay. So, we love to have you guys. We love to have everybody here, especially Jamal and Lourdes. Maybe I should make it mandatory for Lourdes and Jamal. No. They're not fighting anymore anyways, okay. How about this. Anybody who's attacking Jamal online, both of you have to train with me; and, I make you training partners. How's that? Hey, that's a good idea. You know, you have to hug each other, sit on each other, like pretend to punch each other, you know. We do it in a safe environment; but, we do it like family, you know what I mean? Like family.

My boys, like any children, there's competition; but, through the practice of training together, they've mellowed out, like from that competition so much. Do you know what I mean? Because, you know, boys are competitive; and, they want to beat each other up. The younger always wants to beat on the older; and, the older, you know, is always annoyed by the younger; but, by training together, they realize, "Oh, we have to take care of one another." It takes the family to a deeper level; and, by touching each other, you have to have skinship, which makes you remember that this person is a human being, too.

They're not some visceral inanimate enemy that you have to fight, and be jealous of, or you know, be against. I mean, they are a human being, too.

So, it's interesting that this is happening now, and I'm also making a call now. Trump is making this call, and I am making this call; and, of course, we are training with the young people. We want everybody to be involved in this, you know. Alright, that's enough of that.

But, look at this. After the whole situation with True Mother being substantiated. One thing I love about Kyle too, he's getting Blessed today. Wonderful. He trekked the Rocky Mountains. A tough guy. A wonderful man of God. He's a businessman. He's a successful young man, but he's completely inheriting the Cheon Il Guk culture. You know, he sees a firearm training, and the Jiu Jitsu training, and he made his new Dyella promise to him that she's going to be part of the training, and all that kind of stuff. Isn't that wonderful? Let's give it up for Yoder over there, a young man.

Hey, I haven't seen him in a while; bur, that's so important, because we don't want to see our men or women become weak, because if you become weak, and you become betas, guess what? You'll have an alpha predator that will take you over. We want our women to be alpha women, and our men to be alpha males. Then both of you together can stand against Satan; but, again, stand in proper order before God; and, that is so opposite to this culture.

Look at this culture. See. This is the culture of the actual elites that rule the world. That's coming out this week; and, this demon, this little perverted weak pathetic banker. This disgusting, drooling wide eyed little gremlin is into committing acts of sexual assault on women. Loring them with other models into his pleasure palace in New York City, subjecting them to sexual assault and beating them so severe, they would lose consciousness, and one had to undergo reconstructive surgery in her breast, because he was hitting her breast so hard her actual implant flipped in her breast.

So, he was literally beating her as he's banging her. I mean, these people are actually... you understand folks? He's one of the top Wall Street people. This guy works for a fund directly, directly under George Soros. I mean, he works directly for George Soros. I mean directly for George Soros. See what these elites turn to? And, it's not only them.

This is coming out in the midst of all pedophiles scandals that are coming out of Hollywood. Raping a fourteen years old boy, Kevin Spacey, the Predator, who now lost his contract with Netflix, right, because he's been raping fourteen years old boys, and Hollywood is going after him. They're not going after the girls. There after boys; and, this kind of demonic thing is coming out now into the open. See, Satan cannot hide the source of his power anymore. Satanic rituals, which are surrounded these kinds of deviant bad sex, false sex evil false sex, free sex culture and rituals, which he gets his power from, from

defiling and destroying innocent youth is now coming out in the open. All this stuff is now coming out in the open. There's no place to hide anymore for these elites, and the Hollywood cults.

Noonday Sun is hear. See, you have this guy, not Alex Jones of course; but, you have that pedophile George Soros hedge fund manager, who is now being exposed. He probably has billions of dollars, so he's probably going to just shut them up about it. But anyways, they are at least alleging that he's raping women, and one of the girls says when he was raping her, he way saying, "I rape you like a rape my daughter." Openly bragging how they rape their daughters; and, you're a normal person, so you can't understand this level of deviance and evil, but they're so sold out, and sucked with Satan that they can't see a limit on the bad sex, see. Do you see what I'm saying?

It just starts with cheating. Then it starts with another girl. Then it starts with an orgy. And, then it's a threesome, and then bisexual, then it's a bigender, and then it's a... It keeps going. Do you see what I'm saying? Going, going, going, and going, until they're doing what Alex is talking about right now. Let's see this clip. God ahead play that clip for Alex Jones,

This is about George Soros, Kevin Spacey, and other powerful men, who seek to rape boys, children as young as five, then snuff films with two years old children. One person said, he was openly saying we was raping his daughter. It goes on and on. People like Harvey Weinstein with a briefcase full of pills. Wait and see, Hollywood will produce a snuff film. They already have such movies in Eastern Europe. Even eighteen months old babies being raped and dismembered. Even a Renfield Dracula type character. Even the Vatican has problems with homosexual activities with boys. Finally, Peter Scully...

Okay, enough of that. So, you can see just this week that now is coming out. Peter Scully. The reality of Peter Scully. So, the Pedophilia networks in Harvey Weinstein, and James Pollack, and Kevin Spacey wasn't just about having all these women, and they were harassing, and grown women. Then it came out the Kevin Spacey is raping fourteen years old boys. Then that pedo movie came out. Remember that? We saw that during services. What was it, two weeks ago? Now, the Open Secret documentary guys have more talking about this guy, Peter Scully. He was arrested for raping and murdering an eighteen months baby folks. What's that? That's one year and six months old.

Raping and murdering that baby. That guys in prison. Well, he should be dead. But, this is what the Hollywood elite are into. Then of course, Hollywood is connected to Washington DC. Washington Dc is connected to London. London is connected to the European pedophile networks, which is connected to the Thailand pedophile networks. All those networks working together. But, then of course the UN, Rothschild Group, all those super elites involved in this. Once you sell yourself out to Satan, and your soul is sucked up, it just becomes one more deviant, one more adrenalin thrill after another, trying to get more and more deviant, more and more evil. People used to be able to say, "Boy, you're crazy if you even thought about this." Now, even CNN is forced to report about this now; so, what can you say now?

Now even the mainstream media, these lunatics, these brainwashed people who tried to defend, now have to report about it. Do you see what's happening? The noontime Sun.

PART III READING

The Harlot of Babylon, and the culture of the fallen Eve is disintegrating, because why? It is being pulled out into the open. It's being pulled out the noontime Sun, the light of God is being able to shine on it, because it's saying these are the people you are trying to work for, these are the people you sold out to, to work in Hollywood, and to work at NBC, CBS, and CNN for. These are the people that you will be eventually be holding to. You have Black Lives Matter, Open Society Foundation, or what? MoveOn.org, Antifa. In the end, you are protecting these people. You're watching snuff films of eighteen months old babies be raped, and then get their heads blown off for ten thousand dollars. Do you see what's happening? All the hidden things are coming out, because Satan has no more place to hide. He cannot hide his deviance. He cannot hide his bad sex culture.

He cannot hide where free sex actually leads to, when you continue to go down that road. You become, literally Satan on Earth. That road, I'm just thinking it cool to go parties, and have sex with other people, and not have one partner, and one married couple. That road leads to this. In various degrees, but it's the same road. It's that free sex culture that Father talks about all the time, which ends up, not only in pedophile, there not talking about necrophile. They're talking about killing children and having sex with them. That's out by the London Police Dept. about Sir Edward Heath, the former Prime Minister of the UK was once a necrophile. He was killing children, and having sex with dead bodies. That's the London Police; and, the New York Post and all the major media had to carry at least once in one of the small pages that they put in a little column, but they had to cover it. You see, all the secrets are coming out. No more place to hide. They said for decades and decades, while they were brainwashing the kids, bring them to Disneyland, Disneyworld, and the Disney Channel and all that stupid stuff, where they had the producer, you remember the guy? He was a pedophile in the movie, that documentary that was raping and molesting the children. He still works for companies like Nickelodeon and what is it? Disney. Still. They still hire these people to do their whatever. Stage Manager, Director, Choreographer, whatever. They're still using them; and, they are convicted pedophiles. You see that? It's incredible.

END PART III READING

Did you ever hear this stuff on the main news ever in your lifetime? Never. CNN is now forced to report about that. You never heard about this. Never. Because, they're all covering it up, and why does it happen to blow up right after 9/23? Literally, right after 9/23. It didn't blow up in 82. It didn't blow up in 85. It didn't blow up in 93. It didn't blow up in 2001. It didn't blow up in 2011. It blew up on 9/23/2017, after the True Mother took her place next to True Father. The pedophile networks are going down, burning. That's the height of Luciferianism. It's what Satan was after, while he was after them, trying to do the same satanic rituals on Adam and Eve as the first pedophile, as the first monster that's trying to rape and ravage children, and destroy their future. You saw that documentary, how kids thirty years later are still devastated by this. One of them was handicapped. You saw Murry. He's completely handicapped because he had an overdose; and, now he's recovering, but he's still totally handicapped.

All this wickedness and evil is coming out. If the real world, you can see the Harlot of Babylon us dying. It's starting to burn, and of course, you can see it happening in the microcosm as well.

Now, I'm not going to go through it in detail, all of Revelation 17. We already read it, okay. You all know what it's about; but, you can see how at the at the micro and the macro, look at those Scriptures, how she is getting burned up.

Look at this. I just want to get your attention at the end of the Chapter. **Revelation 17:16 And the ten horns which thou sawest upon the beast.** Remember, she's out there with the purple and the gold and all this stuff. We s

aw the picture of the Han Mother declare herself Empress and all this kind of stuff, and she's literally wearing those colors, and she's sitting on the beast. Remember, we saw the Family Fed sign or symbol. It looks like ten horns and seven heads. If you actually see the picture; and, it's the one that Father got rid of to put the Arkanian mark the Cheon Il Guk flag up.

16 The ten horns which thou sawest upon the beast... and shall make her desolate and naked, and shall eat her flesh, and burn her with fire. Even the beast that she's riding on shall turn against her. You see that right on the macro. The beast that Hillary Clinton, as the Harlot of Babylon on the macro was riding is now turning against her, and killing her. It's burning her alive. Even the Family Fraud from the inside out, is throwing the Han Mother under the bus, saying she's senile. They can't deny they're saying it, because they're saying it. They can only deny it to the slaves, because the slaves will believe anything the Family Fraud says; otherwise, they don't get their money, which of course, is drying up, and, the more they do to try and steal, the more they do to try and sell all the assets to get out the money and loot it, the more they get exposed, and that's what happened.

They are now between a rock and hard place. They are now being completely exposed, and there internal leadership is already stabbing the Han Mother in the back, because she trusted a den of thieves, and there is now honor in a den of thieves; and, so you have the leaders in the Family Fraud, who are following Father for however long, divorced now, married with outside women, and still they are their top leaders. You have no standard in the Family Fraud now. Absolutely none. They can do whatever they want; and, of course, look what happens. The ten horns, which she trusted comes against her, and burns her with fire. Destroys the culture of the fallen Eve.

This is what happens when you sell yourself for power. Sell yourself to be dishonorable. Sell yourself to be a low-life, and sell yourself to be a monger, a lust monger, a money monger. This is what you get; and, especially if you try to make the world worship you as a god, in a fallen Eve culture. I mean, when

Rev. Peterson heard what she was saying about the only begotten daughter, and saying she was God, he just started laughing, because it's so ridiculous.

And they saw a great city which reign over the Kings of the Earth, and of course, you see that whole Kingdom, that whole Babylon network. That whole macrocosmic pedophile network in which Hillary Clinton was connected. She was going to Lolita Island with Jeff Epstein, a convicted pedophile, to his island, a billionaire, who owns the island out there to have sex adventures to the stupid island. Bill Clinton went over twenty times, Hillary went over six times. Kevin Spacey was also on that plane, so isn't funny. All those stars, all those pedophiles, and Hillary Rodham Clinton and Bill Clinton right smack dab in the middle of it.

Hollywood is burn, burn, burning, baby. The entire worldwide pedophilia network, Satanist network, Luciferian network, is all burning down. It's coming out, and being exposed. This is the Last Days. You've never seen this in your lifetime, folks, in your lifetime. This is an incredible time to be alive that we are witnessing historic, historic changes; and, look at this, look at this. It's all based on that battle.

Good sex vs. bad sex. You see how bad, bad sex becomes with those George Soros Managers, and all those pedophiles, and all these snuff films. That's how evil will bad sex becomes. It just starts with, "Oh, you don't need to just have a husband; or, you don't need to have a wife. You should play around. Be free. It starts there; but, it doesn't end there. It ends up with these demons. These are the gremlins. These are the wiry little sick little golems. What's that nasty little thing? Golem. These little Golems ruling over you. You know, saying they rape their daughter as they rape you, and flip your breast implants. I'm not saying you have breast implants, okay. I'm speaking generally. Totally insane.

But, you can see how unbelievable this is. It's literally like living in a ... It's like literally like living in a movie or something. It's like crazy the stuff that's coming out now. How crazy is this? It's insane, this stuff is coming out. CNN is having to cover this. It's incredible. Incredible. You see Satan's Kingdom is collapsing, you understand. Satan's Kingdoms are held together by this type of deviant sex, you understand. That's how they blackmail each other. That's what I'm talking about. They make you do it together with them, so you could never blackmail them. You become part of the ritual, where you're all raping the girl, you're all raping the kid, whatever, and now you can never get out.

That's how the elite are held together. By bad sex, rituals and cults. Now you see why he's talking about the Blessing, why he's talking about absolute sex, even though people are saying, "Oh, why are you talking about that so often? People are going to be so offended?" He said, "Shut up! It's about absolute sex, because he knew the reality." That's why there's a rejoicing when there's a Blessing, because this is the real civilization, real culture that defeats Satan.

Oh, God. This is why I have high blood pressure, okay. Do I have high blood pressure? Maybe that's why I train a lot. It's healthy. Alright SOS, come on up. We have much to praise God about. Satan's Kingdoms are dying. They're burning and dying; and, God's Kingdom is coming. Alright **Cheon Seong Gyeong 134**

CSG 134

But due to the Fall, Satan became the lord of the world. This became unavoidable. If a girl of noble birth, who was raised within the walls of her house, is violated by an intruder, to whom is she bound? She will be bound to him. This is what happened with the Fall. Adam could have been the King of heaven and Eve his Queen. Amen-Aju!
