

**2018.01.07 ~ Kingdom of the Rod of Iron 2 ~ Rev. Hyung Jin Moon ~ Newfoundland, PA**

Alrighty, folks. So, we continue on with our interesting series on the Kingdom of the Rod of Iron 2, okay. It's the same work, okay; so, we're just gonna go deeper and deeper into it, okay.

Now, it's important, as we work through this, like Ted was doing with the beautiful post. He's repeating the Scriptures. These are not my words, these are Scriptures, alright. It's not like the Second King made this stuff up, no, they're Scripture. They're in the Bible, okay. We're not making up that Jesus, himself, identified his Gospel as the Gospel of the Kingdom of Heaven. That's what Jesus, himself, said two thousand years ago, even though the Church has not been teaching that as a core, okay; but, it doesn't matter that's what the Churches were doing. Jesus was saying this very clearly, and you see all the Scriptures that we go through every time; so, I want to remind you, and kind of warn you, you'll see these Scriptures over and over again, and your mind shuts off, so what you have to do is turn on your mind. When you see these Scriptures, you turn them on again, and you remember them, and you have them go deeper and deeper in. Do you know what I mean? Cause, it's a problem with people. If you think they know Scripture, they just their mind off; but, then you're shutting your mind off to the Word of God, obviously; but, then it's an act of arrogance. These Scriptures are supposed to touch your heart. These Scriptures grow by hearing the Word of God. That's what the Bible says, right; so, you hear the Word of God, "I know this, I heard this" So, that's your dumb brain talking. That's not your Holy brain talking. That's your dumb brain talking.

The reality is, we don't know this. The reality is, we don't embody this in our lives, that's the reality. The reality is, we may have heard this last week; but, we do not have this in our prayerfulness, in our mindfulness, in our meditations, in our relations with God. That's the reality. You may have heard this last week; but, the reality is, as soon as we leave, the lunch smells, the lunch is running around your nose. You forgot everything. There's a party going on with your nose with the hummus, and all that stuff, and whatever it is we have out there. What is it, chicken? You already forgot about these Scriptures, okay.

So, that's the reality; and, that's why when we look at them, we have to have a fresh mind. You know, there's a refreshing. The Word of God is refreshing us, for those who have eyes that see, and ears that hear. That doesn't mean we have to hear, you know, we have to be stimulated by the three second rule in marketing and advertising. That's made for weak people, right, where you have a seven second attention span, which is less than a goldfish, which is the normal level attention span in the modern day for young people, now. Did you that? Less than seven seconds. They cannot hold their brain for seven seconds. That's pathetic. That's so pathetic.

So, being able to understand these Scriptures, and to meditate upon them, go deeper. See the context in each one of them is so incredibly meaningful, especially as we meditate on the Kingdom of God, which, according to the Bible, will be ruled by the Rod of Iron; so, you can't separate the two. The Kingdom of God will be ruled by the Rod of Iron, okay.

So, meditating on these things is almost like a prayer. Of course, we don't want it to become like vain repetition, where we're just unthinkingly repeating these words; then, that could work in the opposite way. God doesn't like that, neither, if we just repeat Scriptures without knowing the meaning, you see what I'm saying? He says to love the Lord thy God with all your strength, might, heart and soul; but, mind is part of it, too. We have to love the Lord with our mind; so, when we repeat a Scripture, we're not doing it unthinkingly. We're thinking about the Scripture, okay. We're not doing vain repetition like the hypocrites, the Pharisees were doing when Jesus chastised them, okay.

So, these are Gospel Kingdom Scriptures. These are Scriptures in the Bible where Jesus himself identifies the Gospel, so let's go through it. Maybe, what I'll do is, from next week, I won't have the Scriptures itself; I'll just have the numbers. I'll have like a little fun test. See who can actually quote them. Wouldn't that be fun? That'd be fun; and, we could see how close everybody's getting. That'd be fun, wouldn't it? That'd be fun. Okay, that would keep you up a little better, as we move through Scriptures. But look at it. You heard this a million times; but, how about somebody who's watching for the first time, okay? What about somebody who is here for the first time, right? What about someone, who you send this video to, who saw this for the first time? They don't hear these Scriptures; so, we have a little compassion when we go through these, too, with the people that hear this for the first time. Does that make sense?

So, we got Matthew 6:9, and let's go through these Scriptures, cause these are such important Scriptures, where God is teaching us about the Kingdom. He's teaching about the framework. He's teaching us about his future Kingdom in the millennial reign how that will happen. Matthew 6:9, we should be praying this every day.

**Matthew 6:9 "Our Father who art in Heaven, hallowed be your name. 10 Thy KINGDOM come, thy will be done on earth as it is in heaven. 11 Give us this day our daily bread. 12 And forgive us our debts, as we also have forgiven our debtors. 13 And lead us not into temptation but deliver us from the evil one.**

See, we all know that. We all know that. See, our eyes are already starting to droop, because you think you know it.

**Matthew 6:33 But seek ye first the KINGDOM of God, and his righteousness; and all these thing shall be added unto you.**

That's what a Christian should be doing. We should first be seeking the Kingdom of God. The first thing we should do is seek the Kingdom of God, okay; and, the Kingdom of God is not just something that makes us feel warm and toasty inside. It is something that God has spelled out for us; and, it is our role, duty to inherit that, not make it in our own image, not make it up in our own mind, okay; but, that which God intended for us for having dominion over the Earth, and subdue it. Have that type of sovereignty and dominion, but in goodness, and in love, and in benevolence, right, and the virtue. Seek ye first the Kingdom of God, and His righteousness. We talked about how righteousness is very important. Not ours, but God's goodness, right? God's justice. It's so important to understand God's Kingdom. We seek His Kingdom first; but, we have to seek His righteousness, right, cause as we build our relationship with Him, then we understand how He rule; and, thus we become better Christ-like figures in the Kingdom. Be ye perfect, as your Father in heaven is perfect.

**Matthew 7:21 Not everyone that saith unto me, Lord, Lord, shall enter into the KINGDOM of Heaven; but he that doeth the will of my Father which is in Heaven.**

Not everybody that says Lord, Lord, Lord, Lord, will go into the Kingdom of Heaven, okay; so, this reminds us, any Christian, anyone, it reminds us we must be humble before God, the Word of God.

**Matthew 10:7 And as ye go, preach, saying, The KINGDOM of Heaven is at hand.**

**Luke 4:43 And he said unto them, I must preach the KINGDOM of God to other cities also: for therefore am I sent.**

This is the one I really like. This is a very important Scripture. Ted mentioned this too in his wonderful speech there. Jesus is sent for the purpose of preaching the Kingdom, okay. In the Lord of the Second Advent's time, he will come and build the Kingdom. He's to give the Kingdom, alright; and, so that is the mission of Christ. It puts it right here in the Bible. In Luke 4:43, he says it right here. He says in his own mission. Look at that. I am sent to build the Kingdom of the Gospel, the Kingdom of God. Now, he also calls it the Gospel.

**Matthew 4:23 And Jesus went about all Galilee, teaching in their synagogues, and preaching the Gospel of the KINGDOM, and healing all manner of sickness and all manner of disease among the people.**

Again, the Gospel is the Kingdom of God, okay; so, the Kingdom of God is the Gospel. The Gospel is the Kingdom of God. The Gospel is the Kingdom of God. We can't get around that. We can't around that. We're usually taught the Gospel is the Crucifixion, the Death, and his Resurrection of Jesus Christ, right? So, God so loved the world that he gave his only begotten son; and, those who believe will have everlasting life. (John 3:16) That's the Scripture that many times you'll hear Evangelists quoting, and Preachers quoting; but, how did Christ described the Gospel is the Gospel of the Kingdom, which he was preaching to all these people, and which was driving the Romans and the leadership insane? They were getting very angry at this message. Remember that. They're getting so angry. Why is this guy preaching this message? It's a message that's upturning all these centralized powers, like the Pharisees, which are like the intelligence gathering agencies for the Jews. They were sitting over the Jews; but, they were working the Roman hierarchy as basically the NSA for the Jews. Do you see what I'm saying? That is not joking. Basically, Branch Director NSA Pharisees, okay, or CIA, the Central Intelligence gathering Agency for the Romans, okay.

So, wherever Jesus went, he's preaching this Gospel. It's upturning their power. It's upturning their authority. It's upturning their collusion with centralized archangelic power. It's upturning it; and, so they're always calling for him to die, to kill him. He was screwing up all their centralized power, okay.

**Mark 1:14 Now after that John was put in prison, Jesus came into Galilee, preaching the Gospel of the KINGDOM of God, 15 And saying, The time is fulfilled, and the KINGDOM of God is at hand: repent ye, and believe the Gospel.**

Right, the Gospel of the Kingdom of God. Jesus came into Galilee preaching the Gospel of the Kingdom, and the Kingdom of God is at hand, and repent and believe the Gospel. Of what? The Kingdom of God. So, this is quite shocking, because we've been told for centuries that this is not the Gospel; and, the Gospel is the Crucifixion, Death and Resurrection. Again, but if you look at the Scripture again, Jesus defines his own Gospel. His own Gospel. I think, the one who give the Gospel has the right to define it, okay. So, he's the one who actually gave the Gospel, and defines it as the Gospel of the Kingdom of God. We're going to get into that more deeply today, okay.

**Matthew 9:35 And Jesus went about all the cities and villages, teaching in their synagogues, and preaching the Gospel of the KINGDOM, and healing every disease among the people.**

Not of Democracy. Not of Technocracy. Not of Oligarchy. Not of Communism. Not of Red China, whatever. He said, the Gospel of the Kingdom; and, not of course of the satanic Kingdoms of the past. We know God's Kingdom will be an antithesis to the satanic Kingdoms of the past, okay.

**Matthew 24:14 And this Gospel of the KINGDOM shall be preached in all the world for a witness unto all nations; and then shall the end come.**

Then shall the end come. The Gospel of the Kingdom will be preached, right, in all the world for a witness unto all nations; and, then shall the end come.

**Matthew 25:34 Then shall the King say unto them on his right hand, Come, ye blessed of my Father, inherit the Kingdom prepared for you from the foundation of the world.**

Inherit the Kingdom. This, of course, harkens back to the Garden of Eden. How God ruled in Eden, and the inheritance God gave to Adam and Eve. Be fruitful, multiply and have dominion over the earth; so, this is tied back to the inheritance that God gave them. Also, when we look at inheritance, obviously, we can also look at the Rod of Iron Scriptures. This is tied to inheritance, folks, okay. You have to remember, in the West, because families have become so split up, and because the centralized federal government has been in the business of trying to split up families, so we can be individual units of strength, so they can more easily social engineer, and take control of the narrative of society, and lead society into the position which they want. Americans don't understand inheritance so well, because parents have been so demonized in the school systems, right; and, so the school systems are really teaching that the teachers are the ones you are to gain information from. Your parents may have been uneducated. They may have traditional values, the non-modern values, all this sort of thing. They're more demonized by MTV, popular culturalism, the mainstream media, etc. It's the elite class, the Professors, it's the Teachers, it's the government officials that know best for you, and they should raise your children, cause the state owns your children, especially if you live in Europe. That's legal, they own your children, and that's what America was trying to do under Hillary Clinton, right? That we're trying to ban home school, for example. That's already done in Europe, folks. Germany bans home school. You can't home school your children. You have to send them to state run brainwashing camp. You have to, otherwise you get sent to prison; so, it's such an evil, bullying system, where you cannot inherit your children, your values, your beliefs, your knowledge, assets and wealth. Everything's attempting to break that up, so that inheritance is not passed down through generations. Why?

Because, if it's passed down responsibly through generations, it has a tendency to grow, if the parents do that well, okay. We don't just be Commies, and try to give it to all the kids, and that squanders it all; but, choosing the most responsible child, giving them the inheritance, and then moving that in every generation. You don't care about feelings. You got to choose the most responsible child that has the same mission that you had to defend the Kingdom, and that has the most loyalty to the Kingdom. That's the criteria. It's not making all you kids feel good, and distributing it equally. Then, you're a Commie. You're not a King. You're a Communist. You're just trying to make people have feelings; and, what you are doing, you're destroying the Blessing God gives you; then, just to make your kids feel good, which you shouldn't do, okay. You should always see from God's perspective, especially when you deal with inheritance. It's about maintaining the Blessing that God has given us, not being shallow about them, not seeing them lightly as just taking it for granted, right, the Kingdom for granted, but protecting them as we pass from generation. Very, very important.

So, the American psyche, we've been so brainwashed. For example: That we should not work as tribes. We should be independent. All separate. You should leave your parent's house. You shouldn't work in your parent's businesses. You shouldn't help them, all these kinds of things. We been taught that in Western culture, okay: whereas, in the Kingdom culture, we have to raise up our children to take the next generation on. You have to. You can't get around that, rights. If you have children, it's your duty and responsibility to raise that next generation to be lovers of the Kingdom, patriots of the Kingdom, protectors of the Kingdom; and, those are the responsibility of people who should inherit the next generation, and the wealth of the previous generation to then lead, right? Not these narcissistic little brainwashed fake little social justice warrior, you know, little lunatics getting funding from George Soros saying, "Me, me, me, me, me, me, me, me, me, me. I'm crying, ooh, Trump is in office. I'm going to shout to release my stress." They're just like crazy five years old

children. Those are not the kind of people you want to inherit Kingdoms to. They will absolutely 100% destroy them. Right?

So, having this kind of discernment about the next generation is very important. And, of course, we invest in our next generation, not just by pouring money on to them; but, making them go through hard stuff. Make them go through hard stuff. Make them do hard training. Don't pamper them, and spoil them. You'll destroy your Kingdom. You make them do hard things. You make them work for a dollar an hour, you know, when they're young, and the first wage they earn is a dollar whatever. Very small. They're humble. They'll remember the rest of their life the blessing of their parents. You know, having them work for a dollar an hour; so, wherever. Maybe they're making three thousand dollars. They'll say, "You know, I remember, I started at a dollar." You know what I mean? I did a dollar. Do you know what I mean? Or whatever, depending on what the price of dollar is, I guess, right? In the past, it was twenty-five cents. It was whatever, right. A dime.

You got to make your kids go through hard stuff, right? You got to put them in the peace police/ peace militia training. They get beat up, and they break through their delusions, and their fake little images of themselves. Get shattered. Get destroyed. That's so healthy; and, then they become realistic, and then they become grateful, and then they want to seek mentorship. They want to learn from other people. You see, they become humbler people. More responsible, more benevolent people, right?

One of the characteristics of psychopathy or psychopathic behavior is the inability to empathize with others, and basically to limit the narcissistic bubble; and, that's what a lot of kids are designed to do by the state is, they're designed to live in a narcissistic bubble of this trendy little of this transgender cult. They're in this little echo chamber of transgenderism, and how it's biologically not determined kind of stuff. It's just ridiculous. It's going against Science. The whole homosexual political agenda, right, or the abortion crowd. It's just that they're in this little cult. Meanwhile, they say that religion is a cult. They don't realize they're in a freakin' cult; and, the product of their cult is the actual destruction of a society. Actual destruction of a society. Okay.

So, one of the aspects of allowing yourselves to be humbled, and that's one thing about when you're young, you get beat up. That's a really healthy experience. You realized you're not God. You're not invincible, and people could easily beat you up; so, don't run your mouth, don't be stupid. Try to learn from others, you know what I mean? You learn these things from early on, if you get beat up. If you never get beat up, then you think you're untouchable. You think you could just, and you stand up to the wrong person, they're gonna floor you. You are dead meat. That's a stupid type of confidence. That is not a realistic confidence, cause it's basically a delusion, right. Insecurity and fear, etc; Whereas, real confidence knows your boundaries, knows you are not an idiot, and you know your limitations, you know what you can and cannot do. That's why this peace police/peace militia training is so beneficial, because it breaks you out of your own psychopathy, and your narcissistic bubble, thinking that your so amazing, when you're not, right. You suck like everybody else, and anybody who comes in the DoJo, you suck like everybody else started. You get your ashtray wiped, wiped, wiped, wiped, wiped, okay; and, you are forced to learn, you are not invincible. It's not like anything to do with a bad mindset, or anything. It's just reality. You're just learning that you suck; and, that's like such an important thing, because, then you learn how to be mature; and, like accept that, oh okay, then how you get better is by getting better. Respect people who know more than me, seeking mentorship, so you know what I mean? Don't think, I know everything. You learn the basics, you learn these things, right. It helps you become a less psychopathic person, or with less psychopathic tendencies, because you're curbing all that insanity of that desire of wanting to make yourself pretend that you're perfect, or invincible, which, of course, young people do a lot, okay.

So, this is why the Rod of Iron, of course, represents the Rod of Iron that we talk about. It represents a whole mindset that we're going to get into, today. A whole mindset. It's a Kingly mindset; but, it's a very mature mindset, and culture as well. Okay.

**Psalm 2:8 Ask of Me, and I will give you the nations for your inheritance, and the ends of the earth for your possession. 9 You shall break them with a Rod of Iron; you shall dash them to pieces like a potter's vessel.**

He's going to give you the nations for your inheritance, folks; so, that's why ethics becomes so important. That's why he says, "Seek ye first His Kingdom and His righteousness." We have to try and emulate his righteousness, even though it goes against our nature sometime, because that's essential for when God gives us our inheritance. Does that make sense? Right. And the ends of the earth for your possession. The ends of the earth for your possession. okay.

So, when the ends of the earth are possessed by the people of God, it must also be ruled with the Spirit of God, the ethics of God, right; and, that's how we check one another. I frequently tell the Ninjas who train with me, I tell them, it is such a blessing that you have people that could kill you at any moment. It's a blessing. You have people that can check you. If you try and use what you learned here for irresponsible ways, you have other Ninjas that can kill you if you try and do something stupid, and harm and lethally try and threaten somebody with the things you have learned. You see what I'm saying? It's important that you have checks and balances, that you have other people that can kill you. Sounds kind of weird, doesn't it; but, it's really true. That's why civil arms are so important. Like, everybody has the ability to kill one another; and, so since people want to live, you don't kill each other. You try and sort out your differences judicially, logically, with jurisprudence, not emotionally, because the consequence of emotional settling s probably going to be a fight, and probably going to end up in death; so, the consequences are very high, but that we should be grateful for, because if you really love humanity, and don't just love yourself, you're grateful you have other people who could kill you. You're grateful, because they can keep you in check, and keep you in line.

You're not going to get this kind of teaching at your public school, okay. You're not going to get none of this teaching from, you know, college. This is real, though. That's why we got to be grateful for other gun owners. We're literally putting our lives in each other's hands, right, and having that ability of that. You're talking about a real check and balance of everybody from a level, all the way up. Having the Rod of Iron for all citizens is the biggest check and balance on all society, right. If you do wicked things, illegal things, and you get caught, your dead. Right? It's not like we say that, so you can gloat about the fact that bad people get killed. It's just that it's going to be a reality.

You have to modify your behavior. You have to break out of psychopathy and sociopathy in order as a healthy survival mechanism. That's an incentive for survival, which is the reason why high ownership in guns per hundred residents, the US being the highest results in such a low crime rate, especially if you get rid of the gun controlled zones like Chicago, Baltimore, you name it, we're like not even on the top 200 list of the world; and, of course you need to have that Judeo-Christian value, okay. We're going to get into that today.

You shall break them with a Rod of Iron. You shall dash them to pieces like the potter's vessel.

**Revelation 2:27 AND HE SHALL RULE THEM WITH A ROD OF IRON, AS THE VESSEL OF THE POTTER ARE BROKEN TO PIECES, as I also have received authority from My Father.**

**Revelation 12:5 and she gave birth to a son, a male child, who is to rule all the nations with a Rod of Iron; and her child was caught up to God and to His throne.**

**Revelation 19:15 From His mouth comes a sharp sword, so that with it He may strike down the nations, and He will rule them with a Rod of Iron; and He treads the wine press of the fierce wrath of God, the Almighty.**

Ooh, man! These Scriptures are made to... Did you guys see Kook Jin Nim's Overlander Jeep? He's got these Scriptures up on his Jeep; so, go check out his jeep. Awesome! He beat me to the punch, man. He already got his stuff tattooed out. My Jeeps like still naked. I got to get tatted out. Okay.

He will rule them with a Rod of Iron. He treads the wine presses with the fierce wrath of God, Almighty. Wow! How come the Body of Christ has not been taught in the Churches that they are supposed to be the protectors of the world? They're supposed to be the inheritors of the world. Not so they can be like Creflo Dollar or Joel Osteen, fake glitterbug Preachers talking about, "Oh, you got to get prosperity. God got to give you money. You mean you get more money, you'll believe in Jesus. Get more money, you'll be rich." What? Ridiculous! Jesus taught very clearly that's not where you store your riches, okay.

When we have Cheon Il Guk, when we have the Kingdom of God, that we are the richest people on earth, then of course, we're going to be prosperous. They'll be so much free market. There will be so much freedom. No stupid government certification to open your business and serve people. None of that crap; so, of course, we're going to be wealthy, incredibly; but, that's not where we are going to find our value. Okay. We'll have the highest level of technology. We'll have the highest level of companies wanting to be moving in, you know. No corporate tax. No Income tax. I mean, it's ridiculous. I mean, it's ridiculous. It's scientific. You know what the result is going to be in terms of economically, materially; but, that will not determine our value. Our value comes from inheritance given to us by Almighty God, which we are grateful for. We don't take it for granted, and we protect, you see. We have a larger picture than just money and wealth. We have a larger purpose, right?

I always tell young people, when they're training, they're a larger purpose than trying to be badass, and to be tough, you know what I mean, or being able to beat people up? That is not the purpose. The purpose is, Love God/Love your neighbor. That's the reason why we train. That's the reason that should motivate you, cause then you could train when you're sixty or seventy. It doesn't matter how old you are. You are training to make yourself better. To Love God, and love your neighbor, okay. As you love and protect yourself, to love, and be able protect your neighbor.

So again, we talked about this many times. In the mind of the Christian, especially American Christians, the patriotic Abel type Christians, gun owners, etc. They love God. They know the founding fathers loved God, etc. But at the same time they're scared. Scared of these Scriptures, cause these Scriptures look pretty scary. It doesn't look like a democracy is going to happen. It doesn't look like a Republic's going to happen, not with these Scriptures, okay. It looks like, unfortunately, a despotic rule; and, this is a problem with the Body of Christ. Nobody's talking about this, because if we actually talked about this, and reflect about it, and looked at the nature of Jesus Christ, the nature of God from the beginning of time, we'll see that God's nature doesn't change. God doesn't change. Man changes. God doesn't change. God is still love in the Kingdom, folks. Do you see what I'm saying? Just like a protective father loves his children, and wants them to be strong in arm, so that the bad guys can't destroy them, so too is God. He will rule with a Rod of Iron. He will have His coheirs in his Kingship, in His Kingdom; but, those people will not be those little welfare recipients sitting off of golden manna, following Father from Heaven, and saying, "Oh, yes, you know, Thank you. Thank you. Now, I can just, you know, sit down and eat Dorito chips, and just watch 'Baywatch' all day," whatever the hell they watch, okay. Do they still have that show, Baywatch? They don't even have that show anymore, do they?

But, there is the Rod of Iron. There is the Kingdom. Okay. What kind of rule is the Rod of Iron? This is not clarified in the Body of Christ. That's like when they think about the future, that's like, "Oh, Shoot. Yes, we want Jesus to come. It's going to be exciting; but, he's going to be really fierce, he's going to be very nasty, he's going to be really despotic; so, we really do love the freedom we can enjoy in America; but, if he comes as a despot, I know we're supposed to look forward to that, but it's like, yeah, okay. Let's not think about it. Let's just not think about it. If it happens, it happens, you know; but, I'm not going to really think about it;" so, you have to think about it. This is the description of Christ in his Kingdom. You know, how Christians will say, or people in the Body of Christ will say, "Jesus came one time, the first time in mercy, and this time he'll come in Judgment," which is true; but, again, they're thinking against Judgment here, and the rules of the Rod of Iron as just a despotic. What's the step after that? What about after he does clean the slate, so to speak, and does substantiate the millennial Kingdom? How will he rule? How will he be a God of Love, and also have the Rod of Iron? That is unanswered in the Body of Christ. They don't even think about it; so, this is a very serious thing the Body of Christ must think about, okay.

I going to show you a video. Dom Raso, he's amazing. Former US Navy SEAL, martial artist, BJJ practitioner, all that, and phenomenal. Phenomenal Trainer, and we should train with guys like this. John Lovell, Dom Raso, these are the guys we should train with. They love our community. They love it. Mr. Larry Pratt was so happy, when I said, "We teach the kids here, BJJ, and knife fighting, and firearms;" and, he's like, "Whoa! He said, Whoa!!" He amazing, Mr. Larry Pratt. Okay. Let's see this video. He makes a very important point about peace police/ peace militia. Check this out. Go ahead. No, it's not an advertisement for the NRA. You come here, you get Rod of Iron, you're going to see all this stuff, okay. I don't get paid by the NRA. This is my patriotic duty. My pastoral duty.

(Dom Raso, an veteran Navy SEAL spoke about the historic nature of Islamic Terrorists, who have been thinking about these things since the beginning of time; and, he calls for us to not only inform the next generation of their intent, but organize our communities, to protect our family, and our neighbors, from the continuous onslaught of terrorism.)

Dom Raso. Isn't that amazing? He is talking about peace police/ peace militia. I have not seen these guys in watching the gun community. You know, they're saying train, get training. They're now been calling out the neighborhoods and saying, "Hey, you guys should organize now, too." This is amazing. This is, I feel, like a real spiritual shift that's happening in the gun community atmosphere. It's not only about personal firearms, now. It's now, get together with your organized neighborhood. For example: If you live in a home association. I want to do it in the Palace home association, the next time we meet.

You know, talk to your homeowner, guys. The people in your homeowners association, you know. We can invite them to let's go shooting together. Let's just go shooting together; and, we invite them, basically, to join them and praying together, and that's how we get to know each other. I mean, you talk about evangelism. This is the easy way to connect with people, and really train with them; so, you become brothers and sisters. You know what I mean? Brothers and sisters in the same civilization, in the same culture; and, as you think about each other's protection, and, "Hey, this road comes in here; and, your house here, Mr. E, and your house is here, Mr. A. This seems like a weak point here." As you talk about these things, these people realize, "Hey, you really care for me. These people really care for our safety." Do you see what I mean?

Actually, you're sharing what it is your learning hear in training, all this kind of stuff; but, you're allowing other people participate in that, and you're helping them. They would have to give you thousands and thousands of dollars to get that kind of consulting, you know; but, even having that discussion, "Hey, let's start with a barbeque at Kahr Arms. Love to have you guys over at Kahr Arms," and you know, we'd do a little barbeque

there, not in this weather, you know. When it warms up a little bit, have a barbeque and some shooting together. Hey, let's do that. Then you get to know your neighborhood folks a lot better, right? You bond closer, cause you have to trust one another when you got guns in your hands. The level of trust has to go way up. It's got to jump up; and, then you could see each other handling those things responsibly. That helps build a trust, right? It helps. "Oh, those people really know what they're doing with firearms." There's a respect with firearms, right? That helps you know your neighbor; so, it's amazing that the gun community is now talking about this openly. They're saying, not only should we be trained personally, we should also organize locally. This is a great change. You could see the spirit change right after we start this whole series. I mean, this week he's put down the Rods of Iron. I never seen Dom Raso talk about this.

So, this kind of thing is great. He's putting out the call. It's like directly moving from the micro to the macro. This kind of movement is, where we're openly talking about gun owners organizing locally. Basically, making small militias. Every neighborhood has a militia. My gosh, when is the last time you ever heard the gun community talking like this? We always been scared of political correctness. Whoa! 'This is amazing. Wouldn't it be great, in the future, as the different homeowners associations would ever get train, then you could have shooting competitions with different homeowners. What is it. Hemlock Farms could go against, you know, Pine Ridge. Lake Adventure could go against Sunrise Lakes. You know what I'm saying? And you're training together. You're having competitions together, and all this could happen on the Tommy Gun Warehouse Property. Hey! That be great. Now, you got to talk to the actual person who owns it; but, I'm just saying, okay.

But, do you understand what I'm saying, folks? It's amazing. It's amazing, the macro's moving exactly online with us; so, we're already talking about, cause we already do this BJJ training, this knife fighting, all this stuff; but, the real, highest level of protection is the fire power, the power of fire. The Rod of Iron, and the Baptism of the Holy Ghost, and fire. That's the real power. Okay. That's the real power, because old people, young people, it doesn't matter. Age doesn't matter. Size doesn't matter. Everybody becomes more dangerous for evil, against evil. Everybody, And even the super athletic young person cannot mess around with an older person, who maybe has back problems, it doesn't matter, that knows how to use a firearm. It's the ultimate equalizer. Ultimate equalizer. So, this would be great, because we're already been talking about training on Thursdays, more firearms training; and, slowly getting the kids more advanced, having their ARs training with us; and, as they get their AR's, then they train with us, stuff like that, to higher and higher levels. Then, the Chief, he's a Green Beret, he's the one who will lead us in the training and stuff; and, at the same time, as we get better than other communities. Then we could have shooting competitions, you know what I mean? Like the NRATV, like Colion Noir, they have these competitions, where you have to do running and sprinting, and you know different courses and stuff like that, all with safety, obviously. All with Safety. Safety, safety, safety, safety, safety, safety, safety, safety, safety, safety, safety, safety, safety, safety, safety, safety, safety, safety, safety, safety, safety, safety. Don't say I didn't say, safety, safety, safety, safety, safety, safety. Okay. Don't say I didn't say safety. Safety, safety, safety, safety, safety, safety. Okay. Is that okay? But, think how exciting that would be. Then, this place would literally become the Kingdom. You have here right in PA, the start of Kingdom culture totally taking over, right; and, again most people are not even thinking in that manner, which is the reason why they need the stimulus God has prepared, and the true inheritors of the Kingdom, to empower other people to move from sheep to sheep dog, and that is every single one of us here. Every single one of us here that understands the Rod of Iron.

Amazing, that the gun community's now talking about local militias. That is incredible. Incredible. Right after we started, basically in the last two years or so, started the peace police/ peace militia training. Now the whole trend is going to move towards that way. Incredible. Amazing. Amazing.

So, we highly recommend, if you have small communities, whatever, if you have a homeowners association, this is a great time to talk to your folks. If your homeowners association is really big, you can start with just the

people around you, and invite them to a barbeque, and then talk to them. “Hey, let’s train together. Let’s go shooting together.” And then get them familiar with that, and that understanding if you live in a super liberal place, or a more conservative area, right; but, depending on where you live, you can work on them slowly. Invite them into that culture, right. Invite them into thinking a different way. Let’s think about, not only each one of our houses are secure; but, let’s think about our whole group of houses here. Let’s think that as one individually owned property; but, still we can protect this little cove in our little neighborhood. Does that make sense? And, if you have veterans there, if you have former law enforcement agents there, hey, already God has put in your place and location to step up and give guidance. This is amazing that this is happening as GOA is coming to town, as this kind of breakthrough is happening with Mr. Larry Pratt, etc. National reciprocity is going through, etc. all these kinds of things. This is incredible. And now you have the NRA, and the commentators now, openly saying, “Hey, gun owners, you know what we have to do. We shouldn’t just be training personal self-defense anymore. We should now start organizing into neighborhoods. We should literally start building building peace police/ peace militia from the ground up, okay. Incredible. Unbelievable, folks.

But, think about how exciting that would be in the future, if we could have competitions, too; where, different homeowners associations, different groups could compete with one another in a friendly game of different shooting arts, or firearm arts. Wouldn’t that be amazing? Man, that’s incredible. God is moving. Okay folks.

So, when we understand the nature of the Kingdom, and now we’re in Matthew 5, we have two major verses here we’re going to look at, but really, we’re going to look at the whole Chapter, because that gives you the general framework of the peace police/ peace militia, okay. Of course, this is a famous one, and I didn’t choose it. It’s just now where we are. It’s just where we are going through the Kingdom Scripture of the New Testament, where now in Matthew 5, okay, cause we did 3 and 4 last week; so, now we’re in Matthew 5; and, of course, here, you see right here, this the main one we look here.

**Matthew 5:3 Bless are the poor in spirit: for theirs is the Kingdom of Heaven. 4 Blessed are they that mourn: for they shall be comforted. 5 Blessed are the meek: for they shall inherit the earth. 6 Blessed are they which do hunger and thirst after righteousness: for they shall be filled. 7: Blessed are the merciful: for they shall obtain mercy. 9 Blessed are the peacemakers: for they shall be call the children of God 10 Blessed are they which are persecuted for righteousness’ sake: for theirs is the Kingdom of Heaven.**

Right here we’ve seen that many times, right. You see, all these kind of things, which talk about a really benevolent, good society. These are all characteristics and traits of a good, benevolents peoples. Does that make sense? Would everybody agree with that? All these traits that Jesus is talking about in the Sermon on the Mount, he’s talking about, especially when we’re looking at it on the national level, the Kingdom level, these are traits, which are essential for a righteous peoples, right, because your now operating with the sovereignty and responsibility of life and death, cause we’re now look at all these Scriptures, which are what? The Kingdom Gospel Scriptures, and the Rod of Iron Scriptures. Those are the glasses we have on as we look at these Scriptures, okay.

So, as we look at these Scriptures, if you are already training in firearms, you know it’s so important that you have ethics, that you have these basic human character virtues, which are so critical, right, because when you have that much power and authority, one has to be responsible with it. There’s responsibility, right. II Timothy, we’re talking about, God has not given us a spirit of fear, but of power, love and/or a disciplined mind, right.

So, Blessed are the poor in spirit: for theirs is the Kingdom of Heaven. Blessed are they that mourn: for they shall be comforted. The meek. Those who thirst after righteousness. Bless are the merciful. Blessed are the pure in heart: for they shall see God. Blessed are the peacemakers.

You see, the peace police/ peace militia is not trying to pick fights. Does that make sense, folks? It's trying to create a culture of peace through strength, cause we don't want to see our kids die. Because we don't want to see predators rule the day, and mafias running over us, and raping our children. Does that make sense? That's why we have the peace police/ peace militia. That's why we have the Rod of Iron; and, this Rod of Iron is not only for Americans, it's for every human being on the planet. Do you understand? It's not only for Americans. The right of self-defense, and the right of self-preservation, and the preservation of your neighbor is not an American right. It is a human right. People in South America deserve and have that right given to them by their Father. People in China, who are pressed by organ harvesting, Xi Jinping, the what is it? "Bloody Poo." Did you know that. Do you know why they call Xi Jinping "Bloody Poo?" If you call Xi Jinping "Winnie-the-Poo" in China, that's banned. He's the President of China, right? You all know that, right? Okay, you should know that. Alright, if you call him Winnie-the-Poo, that's illegal in China; so, we call him, "Bloody organ harvesting Poo." He's a totalitarian tyrant, a devil; and, he's oppressing over 1.6 billion poor Asian people; so, he's an utter Satan, who walks the Earth, right?

So, we don't want our children, and generations, and neighbors ruled by Satan's like that; and, that's why peace police/ peace militia, folks, who know firearms, who know guns, who know the gun martial arts, they are the most peaceful people. They don't want to go to war. They don't want to fight, because they know what kind of devastation that weapon will do. They are the peacemakers. If the US eliminated all those gun controlled zones by the leftist lunatics taken away good citizen's rights to own the Rod of Iron, we would have one of the lowest. We would not even be in the top 200 of the world, not even in America; but, again, it's not only an American right. That's why we're so grateful for Mr. Larry Pratt and GOA. They're going to stand with us. Well, Mr. Larry Pratt is. He's going to stand with us to now to spread this to Europe. Hopefully in the future, his wife is Latin American; so, for Latin Americans, Africans, Asians. Why? Human beings are not meant to be slaves to Xi Jinping, to Bilderberg and Davos Groups. They're meant to, created by God, to be fruitful, multiply and have dominion over the Earth.

But again, that's why we have to seek His Kingdom, and His righteousness, too. Can't only have the power. We also got to have the love. Whoa! Right? The Bible says, Thou shalt not give your spirit fear, but the power; so, instead of fear, good people need not only power, but love, and also you need a disciplined mind.

So, the gun community is not about being badass and look tough. It's not about that. It's about practicing to be deadly, because you love people, because you know, and you fear, if the tyrants take over. If the wicked take over, you know what they will do; and, so it's your love of people, who don't want to be slaves, to train. That's the motivation, that's your impetus to train; and, that's your will to get better, so that you, if God calls you to do so, you'll have the best chance, not guaranteed, but highest probability to stop bad people, if you have to, okay.

Blessed are they which are persecuted for righteousness sake: for theirs is the Kingdom of Heaven. There's nobody more persecuted in the Christian Church than gun owners, who are serious about owning guns. There probably more persecuted than open homosexuals in the Christian Church. That's how crazy the Church has become, opening the door to wolves, and shunning, and kicking out, and poo-pooing the actual protectors of the civilization, okay.

So, it's so incredibly critical that our heart is pure, we are merciful, we thirst for righteousness, that we are humble, right. Those who mourn, those who are oppressed, those who are weak, in different countries, they will be comforted in the Kingdom. They will be given power, right. Blessed are the poor in spirit: for theirs is the Kingdom of Heaven. Blessed are the peacemakers; so, that's what the peace police/ peace militia is about. It's about making peace through strength. Peace through preparedness, whatever you want to say, whatever you want to call it. Peace through strength, right. The wolves only speak one language, and that is, perdition, right. That is the wolf language; so, that's why it's incumbent upon every local area, every homeowners associations to get together and talk about these things, right. God is putting us in those place, so you can be the stimulus, you can be the catalyst, you can be the central figure there in stimulating the people in that local area to then come and join the Kingdom, and to understand why the Rod of Iron in the hands of good people is so important. Let's go to verse 11. Let's see here:

**Matthew 11 Blessed are ye, when men shall revile you , and persecute you, and shall say all manner of evil against you falsely, for my sake. 12 Rejoice, and be exceeding glad: for great is your reward in heaven: for so persecuted they the prophets which were before you. 13 Ye are the salt of the earth: but if the salt have lost his savour, wherewith shall it be salted? It is thenceforth good for nothing, but to be cast out, and to be trodden under foot of men. 14 Ye are the light of the world. A city that is set on a hill cannot be hid. 15 Neither do men light a candle, and put it under a bushel, but on a candlestick; and it giveth light unto all that are in the house. 16 Let your light so shine before men, that they may see your good works, and glorify your Father which is in Heaven.**

In verse Verse 11 and 12, do you see this? This is amazing. Stefan Molyneux talks about this. He's an atheist, but he's praising Jesus, praising Christianity. He doesn't know what he wants. God's working on him, okay. He's like praising Jesus. In his last interview, I saw him, he's like "Christian culture, Merry Christmas, Jesus is amazing;" and, he's an open atheist, okay. At least he's a rational atheist. He admits that Christianity is the foundation of Western civilization and culture; so, he admits that; so, at least he's an Abel type atheist. Sounds like an oxymoron, okay. Whatever. But look at this. Many times, he talks about how Christianity teaches about the inherent danger of people to get corrupted, right; so, people must always have a sense of....

First of all, you can't trust any one person with all the power; and, even the Cheon Il Guk Constitution, there's a King, but he's a Supreme Court Judge, one amongst, what is it, twelve there; and, so in Satan's Kingdoms, he the rule of everything. Military, Economics, You could just say one thing, and everything changes. He doesn't have authority over the legislative branch. He does have authority over the senatorial branch. He doesn't have authority over the Executive branch. Do you see what I'm saying? He's a check with the Judges, on the Judges, but also on the Executives, and legislative, and senatorial, you see. It's not really that crazy. The American Constitution has way more lifetime appointments, than the Kingdom of God's Constitution; so, actually, it's not that crazy, if you think about it.

But this ability, folks, to have this type of character, to not get upset when somebody insults you. Alright, somebody insults you. Hey, you're not getting shot. Do you know what I mean? Okay. It's not a lethal thing, right. The left is always trying to make this into a hate crime when you say something bad. "Oh, it's a crime. You insulted me." No you didn't. You just said something. Do you know what I'm saying? Grow some skin, and like, shut up about it. He just called you a stupid name. So what. Brush it off and go. I mean, it's like ridiculous. They're trying to make language, actually, an assault; and, who buys this? Do men buy this more, or do women buy this more? Come on, girls, don't lie to me. Talking about verbal abuse. Look, if somebody hits you with words, they can just brush them off. If somebody is shooting you with bullets, that's a totally different thing. If somebody's grabbing your neck, that's a totally different thing than saying, "You suck!" Right? Completely

different level of threat against your life, right? But again, normal girls, if they're not trained will naturally fall into this, because just naturally that's how microevolution built men and women in entirely different ways; and, of course God has created them in different ways as well; but we had to adapt. We had to survive, okay.

And, so Jordan Peterson, a Psychologist, top in world, talks about this all the time. He believes in evolution, so okay. Men are, through microevolution, men have been hunting. They've been the hunters and gatherers 99.999% of the time. All tribes, across all nations, across all races, okay; so, most of time, you'll find one tribe that maybe includes some women in some hunts, okay; but, I'm talking 99.999% of the tribes, it's men. Alright, so men develop this sociology, and parent's behavior through those kinds of thousands of years hunting and gathering together, hunting together. You know, spending time shoulder to shoulder, not having to look at each other, while they're talking to each other. Do you know what I'm saying? Not have to like make eye contact, and like read your body language. We got to get the job done, alright. I don't care about no stupid body language. You know spit. Whatever. Okay.

But, girls, woman had to do have the men to protect you, right; so, you had to build friendship; but, you can't go to war with all the other women in the tribe, because you had to develop friendships looking other woman in the eye. You know, I'm not trying to kill you. You know, we're friends. You know, I don't have a problem with you. I'm sorry, honey. You know. If I hurt your feelings, I'm sorry, and all this. You got to do this, because that's the nature of this, okay.

So, it's not one is better, one is worse. It's just how their made, okay; and, we just had to survive. We had to learn those kind of things; but, there's a difference. In the peace police/ peace militia culture, it really steps it up for girls, too, cause you can see a difference between normal girls, and girls who do training. They're completely different. Their mind has now changed. They're not as mentally weak, right? They've gone through a couple of shatterings of their ego, right? They actually respect men. They learn that they can respect men. That men are generally going to be physically stronger than them. They learn to accept that fact, do you see what I'm saying? So, you become more real. They don't try to pick fights with men in dumb ways that can become physical. That can become very dangerous, okay. They learn the process of de-escalation, right. They learn the process of what they can do, and what they cannot do. They learn the basic reality of what happens if you get hit in the head, or if you get cut with a knife. They learn that, or get shot with a gun, right. They learn that; and, then of course they learn how to defend themselves against bad men; but, one thing that's great about peace police/ peace militia training is that it will change girls mentalities as seeing all men as predators, and it will teach them, no, no, not all men are predators. There's some men that are predators. There are other who are strong, that are protectors. Huh, huh. Like your Father who art in Heaven, you see.

So, it actually helps them in that sense, understand God more, because they come in contact with good men who are strong, who are deadly, but who are protectors. They're not bullies. They're not egoists, etc. They're good, quality alpha males, okay; and, then as the girls become more alpha females, they actually become attracted to alpha males; and, the beta males, lower on the social hierarchy chart, girls, if they train, they see, "Whoa! You know, like maybe before they train, they wanted a beta male, because they thought they could control him, secretly; but, then after they train, then they feel, "I don't want a beta male. I'm gonna be in trouble if I have a beta male. I want somebody, who will support me; and, if something bad happens, I want an alpha male." You see what I'm saying? They change their perspective. It's not about, "Oh, it's not about controlling my husband. I got to work with my husband. Hey, I got to work with my husband, so if bad things happens..." It's totally different. It's not about this feminist mind indoctrination, "Oh, women could lose power. Oh, it's a fight. Oh, your husband's going to try and dominate you. I got to dominate him. You ain't going to get..." You see, it's all ridiculous. You live marriage like that, you're going to be miserable, you're going to be lonely.

You're going to be like Gloria Steinem, who works for the CIA as a CIA agent, who cursed having babies; but, then she had like three. I mean, these people are such hypocrites, it's ridiculous; and, she got married, too. But, Gloria Steinem did work for the CIA. She was a CIA agent. She did get married, too, even she said, "Marriage was the bed of oppression of all women." Then the fool got married. Okay, that makes sense. Great teachings, Master Steinem. I mean, these people are lunatics. Absolute nuts, okay.

So, it's not about, you know, when you get married, boys and girls, it's not about power struggles. This is what the stupid Sociologists brainwash you to believe, that marriage is about these power struggles. Everything is about power struggles. This is what you learn in Sociology, right, that everything in society is based on power struggles. You're stupid, No, it's not. If that was true, then men would dominate women whenever they want, because we can. Do you see what I'm saying? Men can easily dominate women; and, that is just the nature, if they want to be violent; but, why doesn't happen like that? Because there's something greater than just power struggles. There's something called love in the human heart, you see.

There's something called good men, who actually have a heart of love. They don't want to oppress people. Oh, you don't learn that in your Sociology class. Marriage is not about a power struggle. You go that way, you're going to fail. You're gonna fail, cause every little thing your husband does, "Ew, you're trying to do that to control me. Eh, you're going to move that toothpaste to try and control me. Oh, you moved those key, cause they're over there, and you're making my life more difficult. You're terrible. You moved my socks from here to there. You moved the vacuum covers. You did that to control me." These people are crazy. Would you like to live with a roommate lie that? Girls, come on. Do you want a girlfriend like that in your college dorm, who's always bitching about, "Oh, you're trying to control me, honey, You're trying to oppress me." You'd think that girl is crazy nuts; so, why you act like that to your husband? Do you see what I'm saying? That's the problem. Total hypocrisy. Total lunacy. Lunacy.

So, God teaches us that this whole matching is like how to behave personally. Hey, hey. If somebody curses at you, just let it go. Do you know how many people cursed me, right after I had to identify the Harlot of Babylon? I had every single person curse me on the Facebook. Did I respond to everyone? "You piece of trash." Did I do that? No. It's not even worth it to do it, right. It's not worth it. It's a stupid thing; and, three years, now they realize why I had to do that. Had to stand up against unrighteousness, especially in the position that God gave me as Father's Heir and Successor. Okay; but, you don't have to go picking fights with everybody who curse and something stupid about you. It's crazy. It will drive you nuts. You know, it's like kids who do not train harder training, especially if their boys. They act like their unbelievably weak. They're like If somebody curses them, "Oh, oh, my feelings are so hurt. It's like they've been raised by their Mom. They're total wimps. Play some football. Wrestle in high school. Get your booty whooped on a Jiu Jitsu and MMA floor. Grow some dang balls and be a man. My God, give me a break. All these little pretty boys raised by their Mom are freakin' wimps. Ridiculous. That's not how a man should be. Somebody curses you, so what. Guys curse each other all the freakin' time. You have fun cursing each other. It's a fun thing to do. You play with each other by cursing at each other, making fun with each other. It's just the part of hanging out. Why are taking everything so dam personal. You like a little baby. My golly! Your nuts. But Jesus talking about, look at that. If somebody reviles you, says some bad things, so what. So what. Even if they persecute you. They shall say all manner of evil for my sake, rejoice! He said, rejoice. Whew! That was a real challenge, cause you know when people start hating you, and hunting you, and start cursing you, and, you know, they had people trying to throw death threat at us, and threatened basically, they tried to kidnap Shin Joon, and all this kind of crap, you know what I mean. They were saying this crap. Okay.

So. they're doing this kind of thing; and, then it's like, it's on stage to say, "Okay, you know, I'm not going to respond to this;" but, look what the Bible says. You got to rejoice, and you go, "Yippie-Yay!" Then you go, "Whoo-Wee!" It says be exceedingly glad: for great is your reward in Heaven: for so persecuted they the prophets which were before you. (Verse 12) Look, don't feel bad about haters. Just say, "Thank you!" If you have a Youtube Channel, you know about the haters. They're going to be hating on you all the time, okay. You're always going to get some whacky trolls on you. So what. If you get some whacky trolls, that's it. Right. You don't have to freak out and answer each troll. "Well, what did you mean by this Mister? I gotta come back at you." It's like, they're just like stupid robots, you know, internet keyboard warriors that are little wimps. If they see any real life, and they're trying to start a confrontation, they would run away with their little, you know, paper bag, which they use if they get hyperventilated. Give me a break. "Bring me the bag." Oh, Lord. Give me a break. Ridiculous. Okay.

**Matthew 5:12 so rejoice, be exceedingly glad: for great is your reward in Heaven: for so persecuted the prophets which went before you. 13 You are the salt of the earth, if salt has lost its savour, or flavor, wherewith shall it be salted? It is thenceforth good for nothing, but to be cast out, and to be trodden under foot of men.**

We're to season, preserve. Salt preserves food, right? It seasons it. It flavors it. It does these good things for food, okay. To be the salt of the earth, you have to have the flavor. God doesn't like lukewarm. He likes hot or cold. Do you like lukewarm coffee? You like nice, hot coffee. Hot tea, right. That's right. Non GMO organic.

**Matthew 5:14 Ye are the light of the world. A city that is set on an hill cannot be hid.**

God's not saying this to stroke our egos. "Oh, you're the light of the world, honey. Oh, you're the city on the hill, honey. You're the salt of the earth, honey." He's your Father, you understand. He's your Father, he's not your Mom. Like the Queen was saying, a mother's love is like when it is cold outside, and the kid is not dressed, "Put on your jacket, honey. Get your socks on." and the dad was saying, "Okay, if you want to dress like that, go outside and come back in 15 minutes. If you want to go outside, go outside. You're going to pay for it dressed like that." Right? He's a Father, folks. He's a Father. He's not saying these good things in Scripture to stroke our egos. He's giving us some teaching. He's saying, don't be wimps in the first section; but, I'm encouraging you. You're salt. Come on. You're supposed to be the light, okay; so, that's the reason why you shouldn't be wimps. Does that make sense? I mean, He's saying, don't be little wimps. Don't be a little beta male, when someone's attacking you. He's saying, rejoice. Be happy. Don't worry about it. Alright. And then He's encouraging. That's really important. Good coaches. Good teachers. Good fathers. They know how to reprimand, tell the truth, speaking directly and truthfully to their children. Call them out when they're a narcissistic little hypocrite. You call them out; but, at the same time, you encourage them. Right. You call them out, but you encourage them. You keep that as a guideline. If he hits a little bit, don't be wimps, rejoice when you get persecuted, but remember he says, you're supposed to be salt with flavor. Don't lose your savour, alright. You're the light of the world on a hill, you know. They can see you, but don't let it get to your head.

**Matthew 5:15 Neither do men light a candle, and put it under a bushel, but on a candlestick; and it giveth light unto all that are in the house. 16 Let your light so shine before men, that they may see your good works, and glorify your Father which is in Heaven.**

Isn't that nice? God is a loving father. He teaches with Spirit and Truth. He teaches with Truth; and, he also teaches encouraging our spirit. Isn't that wonderful? Let's give it up for God, folks. Give it up for Him. God, the Father. I love my father, who art in Heaven.

**Matthew 5:17 Think don't that I come to destroy the law, or the prophets. I am not come to destroy, but to fulfill. 18 For verily I say unto you, Till Heaven and Earth pass, one jot or one tittle shall in no wise pass from the law, till all be fulfilled. 19 Whosoever therefore shall break one of these least Commandments, and shall teach men so, he shall be least in the Kingdom of Heaven: but whosoever shall do and teach them, the same shall be called great in the Kingdom of Heaven.**

Can you say Cheon Il Guk right there? Look at it? If you are teaching people to go against God, your reputation will go down. He didn't say you'll be executed, okay. He said, you gonna be called the least in the Kingdom; but, that's really how a free market works. If you're a bozo, and you don't fulfill your promises, and you treat people bad, etc. you do stuff that is unjust, or uncalled for, you're going to destroy your own reputation, right. You destroy your own reputation, and then nobody wants to help you, or your kids. This is the problem. Your going to have stupid idiots, and then they ruin their freaking kids benefits, too; or, people don't want to help them. Do you see what I'm saying? But, whosoever will do these, which are the Commandments of God, and teach them, shall be great in the Kingdom of Heaven. The Kingdom is a Judeo-Christian world, folks, where we still abide by the Ten Commandments. We still abide by Love God/ Love your neighbor as you love yourself. Protect your neighbor, as you protect yourself. Right.

**Matthew 5:20 For I say unto you, That except your righteousness shall exceed the righteousness of the Scribes and Pharisees, ye shall in no case enter into the Kingdom of Heaven.**

It's really not hard to see the Scribes and Pharisees exceeded their righteousness, because they're the ones trying to kill off Jesus, etc. You see. the Scribes and Pharisees were colluding with the Communist dictatorship there, the Roman Emperor oligarchy dictatorship essentially. Just different names. They didn't have Marxism at the time. Same stupid system, okay. They are the ones, the Scribes and Pharisees are colluding with them. They're partial to the Communist Party, if you want to put it in modern language, okay; and, so their righteousness is quite easy to exceed, folks. It's not even that hard. You know, you just have to want to oppress, exploit, and murder, rape, and pillage people. That's about it. It's not that high of a bar, okay. Not that high of a bar. Alright, it actually not that hard to exceed the Pharisees and the Scribes. As long as you have a genuine heart, and you're normal, and you want to see people succeed, you love people, you love God. You know, you don't want to purposely harm people, you don't want to purposely exploit people, etc, you'll do fine. You're gonna do fine. Your going to do fine in the Kingdom. Right. But, if you're going and saying, "Oh, we don't need this or that, then you are destroying your own reputation, see. Those who are breaking these Commandments, and those teach men to do so through Movements, whatever, then you'll be called least in the Kingdom. Your reputation will go down. Right. Let's go to verse 21. Look at these. Jesus is talking about our whole lives. Jesus is talking about all sorts of stuff.

**Matthew 5:21 Ye have heard that it was said of them of old time, Thou shalt not murder; and whosoever shall murder shall be in danger of the judgment: 22 But I say unto you, That whosoever is angry with his brother without a cause shall be in danger of the judgment; and whosoever shall say to his brother, Raca, shall be in danger of the council; but whosoever shall say, Thou fool, shall be in danger of hell fire.**

So, what's he saying? The citizens should respect each other. Treat each other with respect, right. He's saying, have some integrity, if you don't have a just cause. Do you know what I'm saying? If you don't have a just cause. If you have a just cause, you can do that; then people will see that your cause is just; but, if you don't, it's going to be exposed. If it's about you, it's going to be exposed, just by the nature of things. People are not stupid. They're wiser than you think. Haha! I see. People are not stupid.

**Matthew 5:23 Therefore if thou bring thy gift to the altar, and there rememberest that thy brother hath out against thee; 24 Leave thee thy gift before the altar, and go thy way; first be reconciled to thy brother, and then come and offer thy gift.**

Therefore, if I bring thy gift to the altar, and I rememberest that thy brother ought against thee, or you have a beef with your brother, leave the gift there at the altar, go away, and go and reconcile with your brother. Do you see what I'm saying? So, God is talking about, hey look? Even though you don't all agree, you can still reconcile. You can still be part of the citizenry. You can still train together, you know what I mean? You don't have to agree with everybody that is on your team, even in the peace police/ peace militia. You have people of all different types of belief, who believe in all different types of levels of maturity. If I only included the most mature of the culture, there be like nobody there. All different levels, okay, of faith, levels of psychology, levels of maturity, etc. Now, this is not talking about only in the Church. I'm talking about, this is a culture of citizenry. Okay. Right.

We don't want to centralize state powers, where we can punish, for example, people who believe in the Family Fraud, even though what they're doing is heretical. We don't want to kill them. See what I'm saying? They're free to believe what they want, even though they're wrong, just like people who believe radical Islam is totally wrong. Does that make sense? But, if they try to do something which is completely illegal, then they're going to be stopped. Right. Do you see that? So, we're talking about a culture, the culture of Jesus is educating the people on the culture of the Kingdom.

**Matthew 5:25 Agree with thine adversary quickly, whiles thou art in the way with him; lest at any time the adversary deliver thee to the judge, and the judge deliver thee to the officer, and thou be cast into prison.**

There's going to be consequences. If you just pick stupid fights, people are going to find out about it, and you're going to be punished, which is good. That's good. If people picking stupid fights, and their making stinks about dumb stuff, people are going to see right through it, and at some point, they're going to say, "I'm going to sue you now." Their going to get a consequence, you see what I'm saying, and that's a great thing, because then it teaches people what? If you're going to pick a fight, be sure you have a reason to do so. If you're angry with your brother, you have to have a reason. You have to have a justifiable reason. You can't just make stupid stuff up. "Oh, they hurt my feelings," or something like that. Jesus just said, "Hey, rejoice, when somebody's cursing you." Right? And, if it gets to a point in society, where your reputation is getting destroyed, the people are going to sue, and bring you to the judges. There gonna try and destroy your life; and, that will happen in a free market. That will happen. If you screw with everybody. If you are trying to mess with people with no just cause, people are going to start rising against you. That's a natural mechanism that will happen, because they see you as an existential threat to all them; so, that's a great thing. Great thing. That's a beautiful thing about the Kingdom.

**Matthew 5 Verily I say unto thee, Thou shalt by no means come out thence, till thou has paid the uttermost farthing.**

Now, he's talking about, you're going to go to prison, and if you go to prison, you're probably going to lose all your money, too. Do you see that? It's not worth it. Don't pick fights that are not worth it, right. Didn't Jesus say, don't pick fights that are not worth it; or, that are without cause?

**Matthew 5:27 Ye have heard that it was said by them of old time, Thou shalt not commit adultery: 25 But I say unto you, That whosoever looketh on a woman to lust after her hath committed adultery with her already in his heart.**

Do you see this? Jesus is raising the bar on even more ethics on how your supposed to see within your mind. Do you see that? He's saying, I'm not only worried about how you behave, I'm worried about your moral character; so, do you think its okay to, just in your brain, to lust after other women? Well, you're a freakin' bum then. Right. Girls are, too. You know, a handsome young man who is entrepreneuring, and has lots of money, you've seen gold digging witches all over the place, right? They get called on the internet. You know, these guys go up to them, "Oh, can I date you?" And, then they have some other guy come, "Oh, sir, excuse me sir, we just a contract for 5.4 million dollars." Then he says, "Oh, that's great. Thank you." And then girls says "What! You want to go out?" They get caught on film doing this. How good is that? It shows how stupid and artificial girls can be. Talk about, "Oh, why do men always have to, you know, what is it? like sexually beautiful women?" Well, why do you women like men who make a lot of money? How come you can't see the beauty in a greasy old mechanic huh? You little hypocrite. Freakin' liars. Give me a break. Talking about "Oh, men are always just looking at my boobs, and all the pretty girls." You want only a rich man. Give me a break. Have compassion on a greasy old mechanic. "No, no, no, no. He's not a man." See how crazy this is? It's crazy. That's how crazy. Boys and girls can be stupid and crazy, okay.

So, God is bringing us to another level. Hey, you shouldn't just see a girl, and she has a hot body like this. You shouldn't just see a man, because he's got tons of money. No, you should see it as another protector of the nation. You should value a person, to build that person up, so they want to become another person, another sheepdog that is becoming a part of the flock. Wow! See. Then you can value your brother and your sister, because they're your brother and sister in arms, right. There your brother and sister, not only some random person walking around with a hot body, or freaking with loads of money. They're you brother and sister in arms. See?

**Matthew 5:29 And if thy right eye offend thee, pluck it out, and cast it from thee: for it is profitable for thee that one of thy members should perish, and not that thy whole body should be cast into hell.**

Look, he's even saying something more powerful. Remember, we talked about this on the National Level? If there's parts of society that are destroying that society, namely Communist, Socialist ideology that wants to turn violent, wipe it out, like ANTIFA, its got to be wiped out. I mean, they're now on the domestic terrorist list of the FBI; but, anyways, you see what I'm saying? That may be part of society; but, its better to get rid of that, than to through the whole body in the fire. Jesus said it.

**Matthew 5:30 And if thy right hand offend thee, cut it off, and cast it from thee: for it is profitable for thee that one of thy members should perish, and not that thy whole body should be cast into hell.**

So, leftist lunatics are still going to be there, cause Marx' books are still going to be available, okay. You're still going to be able to see the Koran. In Cheon Il Guk, you're going to be able to see that, and that's actually good, because they'll see how pathetic it is in real life; but, if they try and use those books to establish those hells on Earth, which is all they produce, they will be wiped out. If they had tried to establish those things, and tried to use force to do so, they will be fought. That's a great check on evil, on those type of cancerous ideologies, which then take over parts of that body, okay?

**Matthew 5:31 It hath been said, Whosoever shall put away his wife, let him give her a writing of divorcement: 32 But I say unto you, That whosoever shall put away his wife, saving for the cause of fornication, causeth her to commit adultery: and whosoever shall marry her that is divorced committeth adultery.**

You see that? So, he's say, look, I want you to have a standard that is above normal. You can't have a standard that's even of the Jews. Apparently, even a lot of Jewish Rabbis don't teach their people, "Don't fornicate before marriage." Ridiculous. Ridiculous. Okay. Why? Because how you treat it by the way, which is a Covenant not only before God, but it's also a public Covenant, right? We're talking about marriage, right. How you treat your marriage also speaks about how you are as a person. You see that?

So, will you fight for the marriage, or not? Will you try to break up over stupid things, or not? Right. God is calling the people here. No, no, no. You have to have a higher ethic. I give you this power, I give you this authority. You have to have a higher ethic, though. You see that?

So, he's talking about all different sorts of elements of character from marriage too, you know, all these other different Scriptures. Lusting, right? How you should behave with people when your angry with somebody. He's dealing with all sorts of manner of human behavior. He's saying watch how you behave, because with behavior you have consequences. You'll make me angry; so, your behavior will make me angry. You see that?

It's not about the Rod of Iron. It's not just about giving everybody guns. Keep believing in radical Islam. Keep believing in crazy ideologies. The Rod of Iron is centered on God's Kingdom, which is Judeo-Christian values. Do you understand? The Kingdom of God and it's Constitution. The Kingdom of God is based on Judeo-Christian values, because this is what is taught in Judeo-Christian values. You have to have a higher standard than some tribal standard of some occult pagan heritage. You called by Almighty God, the Author and Creator of the entire Universe, He has a higher standard; and, yes we fall short of the mark, and yes, we are sinners before God, and God forgives us; but, we are to be like Him. "He who loves me will obey my Commands," right?

So, God calling us to a higher modality of human behavior. It doesn't mean we're all perfect. It doesn't mean in Cheon Il Guk people will be all perfect; but, those being called, you see their moral compass being pulled toward a higher perspective, which naturally over time helps them be pulled to a natural higher perspective, even though some will fail more than others, etc. That doesn't mean that God is a failure. It means that people have been through five percent of human responsibility will have been choosing wrong decisions, right. In Cheon Il Guk, you'll have so much social welfare done from the citizenry, from the churches, from the local areas, that people will be helped out of those problems way better than the government can do it, because they only exacerbate the problems as you can see with every single problem they ever done. Okay.

So, God is talking about all means of character.

**Matthew 5:33 Again, ye have heard that it hath been said by them of old time, Thou shalt not forswear thyself, but shalt perform unto the Lord thine oath; 34 But, I say unto you, Swear not at all; neither by heaven; for it is God's throne; 35 Nor by the earth; for it is his footstool: neither by Jerusalem; for it is the city of the great king. 36 Neither shalt thou swear by thy head, because thou canst not make one hair white or black. 37 But let your communication be, Yea, yea; Nay, nay: for whatsoever is more than these cometh of evil.**

Okay, He's saying now, don't swear on stuff. "Oh, I swear God about this or that. I swear to Jesus." Don't do that. If you have to do that, you're already admitting that you are stupid, and don't obey your promises. He's actually saying that. He's saying, don't swear, not at all. Not by Heaven before God's throne, not by the Earth for it is His footstool, neither by the city for it is the city of the great King. Neither shall they swear by thy head, because thou can't make one hair white or black; but, let thy communication be, "Yes or No. Yea or Nay." That's how trustworthy you should be. If you say yes, it's done. If you say no, it's not going to be done. Okay? You should be clear. You shouldn't, "I swear, I swear this time, I swear, I swear, swear, swear." You know what I'm talking about? Are you going to trust that kind of person, because they're admitting that they are totally

irresponsible continuously? They just admitted, "I swear, I swear, I swear, I swear." They're really stupid. They're admitting that they're idiots, that they are irresponsible. Oh, my Lord! So, even Jesus said, how you behave, even when you make a promise or something, you say, "Yes or No." So, you mean what you say, you say what you mean, and then you do it. If you say yes, then do it.

Now, think about that. It's a Principle in the Kingdom of God. In a free market place, how important is that? If you make a promise to something, a business deal with money involved, you better do it, right? Does that make sense? You have to. If you don't your business goes way down; and, everybody, everybody around will say, "Don't do business with that person. They screwed me. Don't do business with that person." See, you got a natural punishment, and that's great.

**Matthew 5:38 Ye have heard that it hath been said, An eye for an eye, and a tooth for a tooth: 39 But I say unto you, That ye resist not evil: but whosoever shall smite thee on thy right cheek, turn to him the other also.**

Be forgiving. Now, it doesn't mean, he didn't say let them kill you. Smite you here on one cheek, smite you there on the other cheek, stab you in the arm, and let them die. He didn't that, right? So, in the Middle East, if you get hit here on one cheek, and you give them the other cheek, that means, now you're dead. So, if you hit this one, and I give you the other one, if you hit this, now you have given me justification to fight back. That like Father said, "Let Satan strike you three times, and then you can hit him back." What does that teach you? It's teaches like, be, be, be patient. Be patient. Don't just jump to it. That's a type of ethic, right? That's a type of ethic, okay. Be patient, be patient, okay. Be patient. Be patient, you know.

Now, if somebody's coming in with lethal force and they shot you, you don't say, "Oh, can you shoot me two times?" No, no, no. Father's not talking about that. He knows a slap on the face is not gonna kill you lethally, okay. He didn't say, "When somebody stabs you in the kidney, let him stab you in the heart." Don't get it twisted, okay. You can't pull these, to these ultimate hyperboles. When Jesus is using the example of slapping in the face, he knows you're not going to die. You're not going to die. You're not gonna die with a slap in the face. Trust me, you're not gonna die, okay.

**40 And if any man will sue thee at the law, and take away thy coat, let him have thy cloak also. 41 And whosoever shall compel thee to go a mile, go with him twain. 42 Give to him that asketh thee, and from him that would borrow of thee turn not thou away.**

Now some translations say, if you have to help soldiers carry their gear, carry it two miles for them, you know. Be a benevolent person. Be a benevolent person. So, be generous, too. If someone is in dire straits, and they have to borrow money, whatever, make them responsible; but, also, think what Jesus said, okay. Be generous to them, too. We can help people out, see. When the government gets out of the way, it's the local private charities, the churches, and individual people who will help their neighbor.

Now, it doesn't mean you could exploit good people by saying, "Well, you gave to me last month, okay, and I used it all on heroin, okay; so, you have to give it to me now this month, because Jesus said that, okay." "No, no, no! See, now you are trying to exploit me; and, now I rebuke you in the name of Jesus." Do you see what I'm saying? Aw, do you see what I'm saying? Okay. Now, you get a rebuke in the name of Jesus. Okay. Aw, see that? That's important. That's important, right? So, that responsibility element comes in when normal citizens help other citizens, then they get a rebuke if they're trying to exploit people's goodness and benevolence, because now they're practicing evil, okay. It's not they're actually asking for help. They're actually trying to practice evil, okay; so, you of course have to rebuke that.

**Matthew 5:43 Ye have heard that it hath been said, Thou shalt love thy neighbour, and hate thine, enemy. 44 But I say unto you, Love your enemies, bless them that curse you, do good to them that hate you, and pray for them which despitefully use you, and persecute you;**

Every Christian in Church should be praying for ISIS. Not to victorious. They should be smited from the Earth; but, should be praying for the ISIS families, all those people to be saved. How come that's not being taught in the Christian Church? How come people are not praying for those children, or those wives who are oppressed under ISIS, that the Lord Jesus Christ will save them? That they'll be saved and free from this medieval stone age death cult, you know, of rape, and pillage, and force, and oppression, huh? See, loving your enemy and praying for them, doesn't mean you'll pray for their victory. You see that? They'll say, "Oh, does loving thy enemy and praying for them work with the Rod of Iron?" Very easily. You're not praying for their victory. You're praying for them to be saved. You're praying for the innocent to free from the hands of the iniquitous. Very easily, you could pray for evil people. Why is that hard? It's so freakin' easy. What's hard about praying for evil people, that they'll be delivered, and they'll turn from their wicked ways? What is so hard about that? You're loving them by praying for them. You're loving them, because you want their soul to be saved; but, you will not stand for them doing wickedness, and killing people, and raping innocent girls. How is that a conflict? I don't see how that is a conflict in people's minds. Why is that a conflict in people's minds? It's all ridiculous. It's not a conflict in people's minds. It's just an excuse. You can still fight evil. You can still put somebody down in self-defense, and still pray for them, and love them. How is that a conflict in the brain? It's like ridiculous; but, it's an ethic.

So even in the end, jurisprudence, Christian jurisprudence comes from this. That even an innocent person, someone who's alleged or accused of this or that is still innocent, until proven guilty. That really comes from this. They could be your worse enemy. They could be somebody that is alleged doing this or that. They still got their day in court. You still got to show the evidence that comes from this kind of teaching. It doesn't come from some Sanhedrin Judge that sits upon you, and colluding with the State, and can rule that your dead, like the Jews were doing, the Pharisees and Scribes were doing, you know, that Jesus called the Synagogue of Satan.

That's why some people in the Evangelical community don't like Jonathan Cahn's, etc, who's promoting Israel, Israel, Israel, Israel, and saying people should call Jesus, Yeshua, when the New Testament says, Jesus, because Jesus also spoke Greek. People don't know that. In the Middle East, people spoke three languages easy. Jesus spoke Aramaic because that's his local dialect, he also spoke Hebrew because that's his ancient scholarly language, and he also spoke Greek because everybody speaks Greek. It's like people speaking English. How many people in Africa you meet who could speak English? How many people in China you meet who could speak English? How many people in the Middle East who could speak English? Everybody speaks English. Indians speak English, right? Jesus could speak Greek cause that's the language of everybody. The New Testament was written in Greek, because everybody speaks Greek. It's like the big language. Jesus spoke three languages, Aramaic, Hebrew and Greek. Right.

So, people in the Evangelical community don't like it when you say, "Yeshua, Yeshua, Yeshua," because then you're saying, then, all the New Testament is wrong, when its says, "Jesus, Jesus, Jesus, Jesus." Alright, well anyways, there's that debate in there, okay. The point is, Jesus, he's not just this fundamental Orthodox Jew. He's cursing the fundamental Orthodox Jews as the Synagogue of Satan. He's definitely not an Orthodox Jew. He's definitely not mainstream Jew, okay.

So, there are people in the Evangelical community that try to make him way more an Orthodox Jew than he may have been. He definitely spoke Greek. He may not have done whole sermons in Greek. Isn't that interesting? Jesus may have done whole sermons in Greek. Isn't that fascinating? You see that? It's just the reality of human interaction. You learn the language of the people you're with. If the Romans is the major thing of the day, which it was, then everybody speaks Greek. He also grew up in Galilee, which is also all Gentiles, folks. Hebrew was already a dead language at the time of Jesus. It was a scholarly language. It was not used as normal speaking. Ah, you see that? So, people, he's not speaking Hebrew to people. It's a dead language already at the time of Jesus. He's speaking Aramaic in his local dialect, which many for example, Indians and Africans could do. They could speak a local tribal dialect; and, they also could speak a great English. How many people met those kinds of people? Indians, Africans, Europeans. Jesus grew up amongst Gentiles. Do you think he's only saying to them, Hebrew, which is a dead language? It's ridiculous. You think he's speaking to them in Aramaic? It's ridiculous. He's speaking to them in Greek, because it's like speaking English. Wow! Isn't that interesting? That's why we have 5,900 versions of the Greek New Testament, and -0- in Hebrew. Zero. Hmm! All the evidence, and of course, all the Apostles wrote in Greek, okay; but, that's a whole other topic, okay. That's a whole other topic. We're getting sidetracked.

Love thy enemies, bless them that curse you, do good. Okay, you could still do that, and you could still stand up against unrighteousness. I don't see how that's a brain conflict. What do they call it that? Its not something that's contradictory. You could still stand up against unrighteousness and pray for the unrighteous. I mean, God Commands His people to do that all the time. Pray that they will turn from their wicked ways; yet, they are called to fight them. I don't see how you. It's just whacky. People just get into these little intellectual bubbles. You know, you study combat arts or something, if you have an enemy you're going against all the time, you know what I mean? You have some rival, you know, in another, you know, fight DoJo. You could pray for them; but, you don't pray for them to win, and beat you up. You know what I mean? You could still pray for their soul. You could pray that they encounter Jesus, and a powerful move of the Holy Ghost, that they lively transform and be made new. Of course, you could pray for that. We could pray that for ISIS. I mean, you could pray that for everybody. How is that a conflict? Right. It is so whacky what people will get in their mind as an excuse.

**Matthew 5:45 That ye may be the children of your Father which is in heaven: for he maketh his sun to rise on the evil and on the good, and sendeth rain on the just and on the unjust. 46 For if ye love them which love you, what reward have ye? do not even the publicans the same?**

Look, look, this makes Christian society is a tolerant society to a point, to a point. Once you start transgressing beyond the point of common tolerance, you start infringing on other people's rights. Start trafficking of children, start killing babies, you see. Now you start infringing on other people. Now you're going to be punished; so, Christian culture is not a relativist culture, which doesn't do anything about anything, except claim that it's the best, when it really can't, when none are the best, and all are relative arguments. Even though it claims to be relative argument, it is an absolute argument, okay. We've been there a million times. Christian culture reminds everybody, you may not like somebody that has a different view, whatever, but you can't just go out and destroy them. God's sun rises on the evil and the good.

Now, if you are doing things which are destructive, which are against the community, and there's evidence of that, and they have their day in Court, well, now they could be punished. That's where jurisprudence comes in, okay. If there's evidence they are doing evil things, and have a trafficking ring in that neighborhood, well, you can clamp down on it. The local peace police/ peace militia will clamp down on it, right. They can have their day of justice; but, at the same time, we're taught to be tolerant. I'm not talking about braindead tolerant. I'm

talking about people will have a process. Evil people can change, can change by a miracle of God. Not all. Not all, not all, but some can be transformed. Not all. The ones that don't change, and try to destroy other people's lives, they will be put down by the people who are armed, you see?

**Matthew 5: 46 For if ye love them which love you, what reward have ye? do not even the publicans the same? 47 And if ye salute your brethren only, what do ye more than others? do not even the publicans so? 48 Be ye therefore perfect, even as your Father which is in heaven is perfect.**

You see, He's always calling us to a higher standard; and, this is really part of the Christian gun ownership culture, too. You know, gun ownership is really also, and Rod of Iron ownership, is surrounded by fundamental values, you know. Safety. Being cognizant of other people. Caring for other people. Don't flag. Don't point you barrel around like an idiot. Don't have your finger on the trigger, cause you could make a mistake, and there could be a bad consequence, which now you harmed somebody, right.

So, learning these things, when you learned discipline of your mind. You learned power, but you learned the basic ethnicity of love, which is really absolutely essential in a Christian culture, but then has the Rod of Iron. In God's Kingdom, God can still have the Rod of Iron. This Kingdom is ruled by the Rod of Iron. Justice is brought about, cause every citizen is armed and able to defend himself, and their neighbor, and herself, okay; but, at the same time, that whole society is built on the foundation of Christian love, Christian love. We don't get pissed off easily. We're slow to anger, right? If somebody's cursing us, we say, "Okay, it's not worth it. It's not worth me shooting you." Right? If somebody's cursing at you, you don't just pull out your gun and shoot them. What are you doing? First degree murder because some idiot cursed you? If that's the level of mentality that you have, then of course, you have to be raised up out of that. You have to be shattered a couple of times; and, that's where peace police/ peace militia training comes in.

It's not only firearms training. It starts kids off young at getting beat up, and their ego's shattered so they learn reserve, they learn not to pick fights, they learn how to be realistic with their ability. All those kinds of things that you learn in real combat, in real fight training, you will learn; then, that has a greater safety when you have a higher-level power. Does that make sense? What's the greatest safety on a gun? Between your ears, right here. That's the biggest safety right here. (pointing to one's head) It's the person who's the biggest safety. Does that make sense? It's not the little clicky thing on the right side, left side. Some guns don't even have a safety like that, right? The biggest safety is you; so, the higher level the people are, in terms of being cognizant of themselves, of being cognizant of others, not being delusional, not being in crazy self-absorbed dreams about themselves, but actually can care for other people, right, the more they do that, the peace police/ peace militia training, you learn how to become for responsible with larger power. Now, does that make mean everybody's going to be perfect? No, of course not; but, there's a big consequence if you don't be perfect. If you try to do things, you most likely will die, which is a great blessing for society; that you have other people, if you become evil, can kill you. Keep an eye on yourself. Does that make sense? You see that? It helps people to keep an eye on themselves; and, the self-governing person helps govern the nation. Okay.

So, we are talking about the Rod of Iron. The Kingdom of God is a beautiful place. It's a beautiful place. Not every psychopathic may want to exploit people, and want to destroy them. You're going to have a terrible time. You're going to have an absolutely horrible experience. You won't last long; but, if you're a normal person, you actually cares for people, and wants to create success, and wants to raise your family, and can love your neighbor, and love God, hey, you're going do great. You are going to do fantastic. It doesn't mean you won't have any hardships. It does mean you won't have any difficulties. You'll have plenty of those; but, you are going to be able to do on average, do a lot better than anywhere else, right.

So, the Kingdom is actually a wonderful place; and, the Kingdom that is ruled by the Rod of Iron is a wonderful place. It's not a scary place. As Christians, you don't need to be scared of it. It's a wonderful place, right; and, it's a part of our culture, it's a part of our training when we are young, right, as everybody's understanding these things at a young age. Okay.

Now, we have a little more time; so, let's show this video real-quick. This is our case study. We talked about ethics, and now we talk about practical reality. This is a nice, case study.

{This video is about the shooting that recently took place in Texas. The people that do this our cowards, because they are not prepared to shoot back. This man, Stephen Williford, stopped the shooter with his own firearms. You don't think about needing a gun in Church. It was a consideration that more people should carry a gun in Church. Stay close to God)

Pray and stay close to God; and, get your Rod of Iron. Get your Rod of Iron and organize. Amazing. After one year, basically, that we've been telling the Christian Body of Christ organize peace police/ peace militia. Now, in the gun community, some of the top people are saying that. Amazing, folks, amazing. It is still there; and, so as Christians, we must understand the purpose, the duty of the Rod of Iron; and, of course, the Crown, which is an Inheritance from God, and His love, and His ethics, which then center all of that. Cheon Seong Gyeong 645. Let's read together, and will wind it up today.

#### **CSG 645**

**In this sense, Jesus was teaching that the Kingdom would come about when we attain the self-governing character to advance with mind-body unity while ridding ourselves of the circumstances that would cause us to veer to the right or left.**

**The Kingdom does not come through the efforts of others but by our own efforts Being fallen people, you must deny yourselves. If I cannot bring about the Kingdom by myself, it will then be done by someone else. IF that happens, then I must unite with that person in order to reach the Kingdom.**

Amen and Aju! SOS come on up. The Body of Christ is now understanding the Rod of Iron. The freedom and responsibility, the sovereignty that comes from Almighty God. Let us give Him praise this day, folks. Amen-Aju!
