

2018.03.11 ~ Kingdom Rod of Iron 8 ~ Rev. Hyung Jin Moon ~ Newfoundland, PA 18445

Okay folks. Let's go to the Kingdom of the Rod of Iron 8, today. We are on the "Parable of the Sower." Let's go to the "Parable of the Sower." We're in Chapter 4 of Mark here. Now, there's another Scripture in Mark 1:15, but I show that all the time. That's the one that says, Jesus in Galilee says, he must go preach the Kingdom of God as the Gospel, the good news. He must preach the Gospel of the Kingdom of God. That Scripture, we see that all the time, which is the reason I skipped over that and go to Chapter 4. Alright, let's read that together. The "Parable of the Sower."

Mark 4:1 Again Jesus began to teach by the lake. The crowd that gathered around hi was so large that he got into a boat and sat in it out on the lake, while all the people were along the shore at the water's edge. 2 He taught them amny things by parables, and in his teaching said: 3 "Listen! A farmer went out to sow his seed. 4 As he was scattering the seed, some fell along the path, and the birds came and ate it up. 5 Some fell on rocky places, where it did not have much soil. It sprang up quickly, because the soil was shallow. 6 But when the sun came up, the plants were scorched, and they withered because they had no root. 7 Other seed fell among thorns, which grew up and choked the plants, so that they did not bear grain. 8 Still other seed fell on good soil. It came up, grew and produced a crop, some multiplying thirty, some sixty, some a hundred times."

9 Then Jesus said, "Whosoever has ears to hear, let them hear."

10. When he was alone, the Twelve and the others around him asked him about the parables. 11 He told them, "The secret of the kingdom of God has been given to you. But to those on the outside everything is said in parables 12 so that,

**"they may be ever seeing but never perceiving,
and ever hearing but never understanding;
otherwise they might turn and be forgiven!"**

13 Then Jeus said to them, "Don't you understand this parable? How then will you understand any parable? 14 the farmer sows the word. 15 Some people are like seed along the path, where the word is sown. As soon as they hear it, Satan comes and takes away the word that was sown in them. 16 Others, like seed sown on rocky places, hear the word and at once receive it with joy. 17 But since they have no root they last only a short time. When trouble or persecution comes because of the word, they quickly fall away. 18 Still others, like seed sown among thorns, hear the word; 19 but the worries of this life, the deceitfulness of wealth and the desires for other things come in and choke the word, making it unfruitful. 20 Others, like seed sown on good soil, hear the word, accept it, and produce a crop – some thirty, some sixty, some a hundred times what was sown." Amen!

Okay guys. Now we looked at this in context of the Kingdom in the Cheon Il Guk Constitution. Remember a couple of months back? Maybe a year or so back. And we can see that even when it falls on good soil, soil some produce thirty, sixty, some a hundred fold, etc. So, not everybody's going to produce the same in Kingdom. Of course, that's just the basic nature of a free market, depending when all the opportunities are open. The opportunities for success are open; but depending on how hard you work, depending on how much you try to serve your customers, etc, you will have different results, and

that's okay. Some will produce results that are thirty; some will produce results that are sixty; some will produce a hundred, etc; and, those are all the different levels that reflect our ability to serve other people, okay.

So, it's not that in the Kingdom of God, it's not in that perspective. The rising tide brings up all boards; so, you may have people that are very successful, okay, because they're creating systems. They may be creating the iPhone 10.0, whatever it is. At that time, a 100.0, whatever it is. So, there's not equal outcomes. There's equal opportunities, okay? But, in the Kingdom of God, we have the perspective that when we see somebody whose made a better outcome than us, it's not filled with jealousy and racked with self-envy and pride, it's encouraging to us to show us, hey, we can improve out thing. Hey, we can serve other people better. Hey, if I work hard, and my kids work hard, they work as hard as I am, they create a new idea, then they will succeed even greater than me.

You see, it's a hopeful thing; and, in this kind of culture is very important, because it's Socialism that works on envy, jealousy and greed of people. They always say that capitalism is based on greed, etc; but, Socialism itself is based on greed. And so, they want to say that everybody who creates success, everybody who has wealth, they stole it from me. That's why they have the wealth. So, just this, the politicians will create a big government, and they'll steal it from them and give it to you. Of course, they'll never give it to you. They'll take it mostly for themselves, and give you the little crumbs. That's the reality of Socialism, okay.

But, that's what they always do. That's their proposition. That's how they always, always sell it. It creates resentment. It creates anger. It creates self-pity. It creates jealousy, okay, and the desire to become immoral and evil, because they pretend that they're not immoral, because they're telling people, "Hey, you know, that person who built their business from scratch and made a million bucks? That person actually stole your wealth. If you were the one who made the million dollars, you would never say, I stole it from them. You know what you had to go through to make that million bucks, or whatever you had to do.

But, of course, the Socialist will always try to build it into resentment, and try to say, "Oh, we'll be the loving archangel for you. We'll give you things for free. Just let us centralize power. Help us, help us to centralize power. They always say, we will socially redistribute; but, of course, they always put out the fact, they are going to do it with guns and with force, okay; and, when they do it, it's fundamentally immoral, because they're stealing somebody else blood, sweat and tears, and giving it to themselves and their friends, which is nothing more than rape.

Rape in itself, you see something you want, you see a hot girl that you like, or whatever it is, etc, and then you go and try and get it by force, right? That's what rape it, right? Is that not what rape is? You see what you want, and you try and get it by force.

Well, what is Socialism? Socialism itself is rape, because it's a system where the government sees something they want. A population votes for people that sees what they want, and takes it by force. Takes what they want by force. That's rape. So, Socialism and Communism in it's philosophy, it's immoral, it's rape. It is rape, rape, rape, rape, rape. That's the easiest way to understand Socialism and Communism.

Leftist ideology is rape. It's taking stuff that's not yours, and doing it by the barrel of a gun, which they call government. That's the reason why they always want to disarm the public, because government then can have all the guns. So, all the stupid Lefties that say, "Oh, they're for gun control. They're not for gun control, they're for gun centralization, which means want all the government to have all the guns, so they can boss you around, and force you to give up your wealth, your businesses, all your prosperity, and the ideas God gave you, and the dreams God gave you and you actualized, that you worked your butt off with blood, sweat and tears, to make that come into fruition with help of Almighty God, of course. They can't take it from you. That's why they don't want people to have equal and opposite reactionary power, which is the Rod of Iron, to defend what God has given to them, okay.

So, when we argue with the Left, it's not about on Socialism fails in multiple countries every single real historical example. Socialism leads to genocide, failure, poverty, etc. That's not the only argument, because that's an economic argument, it's a pragmatism argument. We also have to call Socialism what it is. It's a fundamentally immoral system. It's an immoral, debased, unethical system of stealing and rape.

So, none on the Left, they pretend they have a moral high ground. They're doing some kind of moral crusade for justice, and they're social justice warriors. They are criminals. They are unethical, immoral people, who want to centralize power, get power, take stuff for themselves and their friends. That's nothing better than a mafia. That's nothing better than a mob. That's nothing better than a rape group. That's nothing better than anyone of those immoral peoples; but, the Left tries to pretend they clothe themselves, and try to pretend that they're moral. They're not moral. It's a fundamentally immoral philosophical proposition, okay. So, we've call them out on their immorality. Their system of what they believe as their utopia is a fundamentally evil system.

Okay, now, when we look at this, of course, in the context of Scripture, we can see that in the context of the Cheon Il Guk Constitution through this parable. Also, we'll look at this in the context of the Rod of Iron again. The Rod of Iron is the only means by which the good soil can be preserved. The good soil that will produce the equal opportunities for all people. The good soil that will produce people being able to actualize their dreams, the vision God gave them. The idea, the inspirations that they started their businesses with, whatever. The only thing that will protect that in the end, because you always have demons, and immoral Socialists trying to steal that from you, they only thing that makes them back off and not touch what God has given to you, what you had to work through your blood, sweat and tears, and how much you had to go into debt to build that stuff for, the only thing that stops them from getting it is the Rod of Iron; and, that's why God's rule as He defines it, is the Rod of Iron. He gets to define His Kingdom, right? His Kingdom is to come. He gets to define His Kingdom. He defines it as the poimaino of the Rod of Iron, the rule, the governance, the protection with the Rod of Iron, the shepherding with the Rod of Iron.

So, the Rod of Iron in America, we call the Second Amendment is critical, because if you don't have the Second Amendment, folks, you don't got a First Amendment. What can you do? You can't do anything. If you don't have the ability to stand up against a tyrannical government, you have nothing. Nothing. Look at North Koreans. Look at South Koreans. They did a 1.5 million man march in Seoul about the Communist South Korean government right now, okay. It didn't even cover it on the news, because the news is state run, alright. The government controls everything. They're not doing parades. They're starting to imprison some of the organizers of that event saying that they're creating domestic disturbance, domestic terrorist. You know, this kind of stuff. The same thing that Hitler did. The same

thing that Stalin did. Pol Pot, you name it. They have no problem with Christian Churches, Catholic Churches, Anglican Church, telling their congregations, “Oh, just pray, and just have a spiritual life,” which is totally opposite of what Jesus said, because he said you got to pray everyday that thy Kingdom come, thy will be done, on Earth as it is in Heaven.

You’re not just supposed to wish for a spiritual Kingdom. Anybody who knows Christian prophecy and theology knows that God’s Kingdom is on Earth. It’s not going to be in the Spirit; it’s going to be on the Earth. That’s just standard Christianity; but, of course, it’s now become standard in the state run Christianity, what I call the Beta Christianity. They’re teaching men and women to become beta servants to the archangel. Not become Alpha males and females, which are the children of God, with the bloodline of Christ, powerful Kings and Queens. No, no, no, no, no. That’s insane. That’s a cult. Don’t listen to the cultist hate preacher, or Pastor Moon, or Moonies 2.0, whatever they want to call us. No, you’re supposed to be a beta Christian. You’re supposed to love your government. You’re always supposed to sit under authority, worship politician, and go to the churches that tell you that you should just obey all the laws. Don’t make a ruckus. Don’t be politically active. Just be a good Christian like that.

This is the beta Christianity that’s taking over the world; and, of course, it’s beta Christianity that’s disempowered the real Christianity, the Christianity that seeks to have a relationship with God, and stand as sovereign peoples. Sovereign peoples. Children of God. I’m no longer a slave to fear. I am a child of God. You see, not a slave. I’m a child of God, you see. That’s what the song is about.

It’s supposed to be coheirs with Christ. Romans 8:17, right? Heirs to God, it says. Heirs to Christ. Coheirs with Christ, not only in suffering, but in glory; and, of course, that’s not self-glory, that’s not self-worship; it’s in the glory of God that participates in His glory, and returns glory to Him at all times. The point is, the Leftist understand, and they feel. A lot of the Leftists at the highest levels are actually practicing Satanists and Luciferians. They can feel the power of real Christianity starting to rise. They can actually feel, if Christians start hearing about the Rod of Iron, and if Christians start thinking about the Rod of Iron, and start questioning, hey, maybe this Church isn’t a beta Christian Church. Hey, maybe this Church is just pushing Romans 13 down my throat saying the authorities like Hillary Clinton, you name it, they’re all put there by God; and, maybe if beta Christians start thinking and start praying and start hearing the word, they can start seeing, “Whoa! Wait a minute. We’re not supposed to be slaves to these archangels? Wait a minute, the Bible says, “Let no man take thy Crown. We’re supposed to have a Crown? We’re supposed to have sovereignty? Whoa! That’s not what my Pastor told me. That’s not what my Priest told me. That’s not what the Vatican told me. I thought I’m supposed to be a little servant.” You know, begging and groveling to the Priests, and the holy robes of the Cardinals and the Pope, right?

Boy, oh boy. If Christians start believe that they’re sovereigns, that they’re coheirs with Christ, if they start wearing Crowns, and vestments, and playing classical music, and having a Rod of Iron, oh my goodness, oh my Lord. That is crazy. That is the nightmare of the Left, literally. They have, you know, night sweats thinking about Trump. But, literally, the Rod of Iron, and those images they saw on 2/28, that is their biggest nightmare. The biggest nightmare hell on Earth for the Leftist lunatics, because they can’t succeed in that kind of world. They cannot succeed. It’s centered on Judaeo-Christian values. It’s centered on the glory of Christ. It’s centered on royalty, which doesn’t end. See, slaves die. Kings live forever. If you’re a slave to the state, you die. They take everything. Kings live forever, and Queens, and Queens, too, okay. Alright?

Everybody understands that in Kingship and royalty. You understand the vertical passage through time, which is eternal life. You live through your children. and the Kingdom they sustain and preserved and protect in honor and dignity to their previous Kings. You live on forever. You won't die a commoner. You won't die a serf. You don't die a slave. You live on, and you have the gift of eternal life. You have royalty, which is not for us to boast in, but that God gives us, so that His Kingdom is substantial on Earth.

It's the nightmare; and, if the royalty – I'm not talking about no acting Shakespearean royalty. It's like, the government is fine, if you dress up in Shakespeare, and you play Hamlet, and you play King Lear, and do this kind of thing, and you pretend you're a King, they got no problem with that. You can do that all day until Sunday, alright; and, you're up in Africa, Asia, you name it. They don't care. They just know you're little children playing around. That's how they see you. But, when you have the second accoutrement of the Kingdom of God. When you not only have a Crown that something you bought from Walmart or eBay or whatever - It's getting upgraded, okay. For some of you, it's getting upgraded. But, when you have the second biblical accoutrement of the Kingdom of God, which is exemplified in **Psalm 2:8-9 I will give you the nations for your inheritance, the ends of the earth for your possession, and you shall rule them with a rod of iron. Rod of Iron. And the vessels of potters will be broken into shivers, etc.**

In Revelation 2:27 And he shall rule them with a Rod of Iron, as he is given authority by His Father.

Revelation 12:5, or the one we like a lot: And, she brought forth a man-child, who shall rule the nations with a Rod of Iron, and sits by the throne of God. Right?

Revelation 19:15 And out of his mouth comes a sharp sword for which he shall smite the nations, and rule them with a Rod of Iron. He treads the wine press with the fierceness and wrath of Almighty God. There's some fierceness in that power.

So, you can go around playing Hamlet, playing King Lear with your little crown, even in different countries. He ain't got a problem with that; but, once you have the second accoutrement of fierceness, wrath and tremendous power, boy, oh boy. Now it becomes international. Billions of people see it in use. Do you understand, folks? This is how much the Left, and the Satanists, and the Political Satanists, and the immoral Socialists, and the immoral Communists, who posture pretending that they're moral, when they are completely based on an immoral system of theft and rape, when they try to pretend, or when they hear the Rod of Iron, they not only see the Crown, they see the white vestments, they see the classical music, they see beautiful ceremonies, all that; but, they see the physical accoutrements of the Rod of Iron. Oh boy, oh boy, oh boy. Now, that starts to build tremendous fear in them, because that signifies the end of their kingdom.

As more and more Christians, and they're beta Christians, and they're being guilt/shamed, and held down by political correctness, how long will you stay under that oppressive stronghold? God says, He's going to break every stronghold and free us; and, we are no longer slaves.

And Christians are being challenged now. The sheep and the goat are being divided. They're now starting to come out of the woodwork from the background saying, "Hey, we really supported that thing

that you did. That was bold. That was brave.” You’re getting crucified for us. I’m going to get even more crucified, because BBC wants to do a documentary. Other companies on A&E want to do a documentary on us, whatever.

Look, they’re going to crucify me. So what! In their panic to crucify us, all they’re doing is spreading the message further. That’s all they’re doing. So, try and crucify me all you want, because more and more Christians will hear the call of the Rod of Iron; and, we’re a totally decentralized church. We had three different Christian Pastors that God Blessed that day; and, that are now encouraging their congregations to have the Rod of Iron. I don’t control those churches. They stand together with us as being lead by the Holy Ghost, and as a movement with God.

So, they’re totally fear it. They completely fear it. My goodness. Next year. Next year, boy, oh boy. What will they do when 300 AR15s are present, or 600 AR15s are present, or when a few years down the line, or however fast God moves it, when 3000 AR15s are in presence, with beautiful accoutrements? What will they do when it turns to 30,000, you know, in a huge stadium, you know, giving their marriages up to God, and having the accoutrements of royalty? Boy, oh boy. That’s a big problem for them. That’s a huge problem. Big, big problem, which is the reason why they’re trying to go out and try their best to go out and tell every beta Christian, every pastor and priest is now starting to say, “You better teach about these Moonies. Boy, this things going to spread. You better tell your members it’s a cult. Tell your members it’s a cult. Tell ‘em it’s a cult.”

I mean, you saw our video. You call us whatever you want. In this day and age, people can search for it themselves. They can see. They can be led by the Holy Ghost. They can see for themselves what we’ve been teaching. How we are teaching the Rod of Iron. How biblical it is. Where is it in the body of Christ. So, it’s just unbelievable. But, again God is using this. Using the enemy’s attack for His own purpose. Let’s play this interview that we had on Irish talk radio. I guess one of the Irish radio stations over there that wanted an interview. God ahead. Let’s play it you all.

You Tube 1:08:05 to 1:22:03 (Interview with an Irish radio station. It was a negative interview, particularly because of our use of the AR15. The interviewer didn’t understand why we used rifles, especially after the event which happened in Parkland, FLA shooting, where 17 students were killed. The interviewer tried to trip up Rev. Hyung Jin Moon; but, Rev. Moon held his own.)

Alright, there you go. There you go, folks. That’s Ireland radio. I think I smashed that Leftist lunatic. Now, it wasn’t perfect you know, because it was going at breakneck speed, trying to trip me up, trying to speak pretty fast, interrupting, and all that kind of stuff; but, I’ll get better. I’ll get better as I do more, okay. He brought up all this stuff. “Oh, the youth of America has a mass killing problem.” What are you talking about? I mean, France just had 86 people mowed down by a truck. 400 people injured. Britain just had a terror bomb at a Ariana Grande concert. Give me a break.

Killers will choose any other type of weapon to do the craziness they’re going to do. It’s interesting. All these people, all these mass shooters were on antidepressants, anti-anxiety pills, and SSRIs, huge pharmaceutical drugs, which make billions of dollars. A huge industry. They fund CNN you know. You watch it. Just look at the advertisements on CNN, the commercials. It’s always, “And do you feel sad? Do you feel unhappy? We have Xanax for you. Blah, blah, blah.” It’s always this, you know. “It may result in homicidal, suicidal thoughts.” And then they have the happy music in the back. “But get your Xanax today.” The pharmaceutic companies are making billions of dollars; and. Psychiatrists are

prescribing to these kids who are depressed; and, of course, they are depressed, because they sit inside their freaking basement playing video games all day long, and on the internet, and the social media, which even makes you more depressed, if you're on the social media a lot.

So, they have a whole system. The whole society is in it; but, not only that, these shooters and killers are not only on SSRIs, that's a major issue; but, the other issue that they're not talking about on Left-wing political media, which is a fundamental to these crazed out killers is what? Every single one of these mass shooters, except for VA Tech, every single one of these mass shooters are from fatherless homes. No dads in the home. Dad is not in the home. Every single shooter, minus the VA Tech Asian kid, does not have a dad; and, of course, when you look at that, that's the real issue, because when you look at the real statistics, okay. We'll get back to this later. But, when you look at the real statistics, not having a dad in the home destroys children. It destroys. It's by far the largest social destructive factor, if you do not have a daddy in the home. It is by far the biggest sociological destructive factor for children. We'll get into those statistics later.

Now, this next interview, you'll see the difference. I had to debate that liberal guy in the first one; and, it was at breakneck speed. Think about it. When you have to speak at breakneck speed like that, he's trying to trip you up. It's not as easy as it may sound, okay; but, I'm going to get better with these guys as I do more. But, you'll see the difference. This is a conservative show with millions of viewers. The YouTube channel is not so big; but, their daily show gets millions of viewers. This is Graham Ledger, award winning talk show host and announcer. He almost looks like a Fox News anchor. That's what he reminded me, and we were on his show this week, too. Let's check this out:

YouTube 1:25:18 to 1:32:24 Vimeo 1:18:38 to 1:25:46

1.18.38 ("The House will vote on anti-gun safety, which does not include any legislation like an assault weapon's ban. Good for Ryan and Company for buckling to this knee-jerk pressure to limit the Second Amendment; however, bad for Ryan and Company profering this phoney safety pill. How about real money? \$500 per school ain't gonna do it; and, how about bringing up the concealed carry reciprocity bill in the Senate. How about celebrating the Second Amendment?" A very good interview with Rev. Hyung Jin Moon.)

He said, "God Bless you, and God Bless guns." That's what he said. But, that was on OAN. That's the One America Network. I guess they partner with different conservative networks. That show has a couple of million views, I guess, per day; so, now the conservatives are starting to... At first, the Leftists was going nuts. The liberal lunatics just went nuts, panicking; and, they spread this virally across the whole world; and, the conservatives are just watching, just watching. "Ooh, man, these Moonies are back in the news. What are we going to do with them?"

I felt, let's wait this out. Let's wait this out a little bit. Let's see what's going on. Think about it, folks. If Christianity accepted True Father in seven years, he said the Kingdom would come. If Christianity accepted Father. What's amazing with this, and the work that God is doing through this, that Christianity has to really stop and think, stop and think, because nobody in the body of Christ is pushing for Christianity to hurry and recognize sovereignty, and Kingship, and the rule with the Rod of Iron, which is in the Scripture, but they're just avoiding it. And, it's in a situation, where if Christianity will accept this message, you have a situation where all of Christianity in seven years can literally

transfer the world, and take it back from what Satan has been trying to do with one world Communism. You can see a truth.

Fatherlessness

43% of US children live without their father. That is the Department of Census.

90% of homeless and runaway children are from fatherless homes. So 90% of homeless kids are in fatherless homes.

80% of rapists motivated with displaced anger come from fatherless homes. 80%. 80%. So you see all this problems happen, and of course the problems with women occurs. As we go down this list you will see.

71% of pregnant teenagers lack a father. Those are girls. Girls, if they don't have fatherly guidance; or, they have, let's say, even if there's no father in the house. The father is not engaged with the daughters teaching them morality, especially teaching them politics. Politics is a really sneaky way that Satan gets them to become immoral. They become God-hating. They become open to free sex culture, destructive lifestyle, you name it. It just destroys them; so, teaching your kids politics is absolutely critical. Critical.

And, a lot of the Leftist churches, a lot of the state run churches, and all the beta Christians, they attack us. 50% of the attacks on us are from beta Christianity, are from Leftist church, saying, "How dare you. You're not Christian. How dare you bring guns. You should be ashamed." All this kind of stuff. They're totally Leftist Christianity. They've been brainwashed to believe that Christianity has no say in how the world will go, has no say in how politics should be run, have no say in what laws should be passed or not. They think Christians should just lay down and obey every law that the government says. That's just ridiculous; and, it becomes totally politically inept, which is absurd, because Jesus was a political revolutionary. He was a political. He created tumultuous disturbance for the political elite. Jesus wherever he went, created havoc for the political elite.

So again, you see the state controlled Christianity, beta Christianity, there the ones who attack us for saying, "How dare bring guns to a service. How dare you do this and that; and, you got your golden calf." We don't worship the AR15. We worship God, who gives us the accoutrements of royalty; that is, Kingship, which is symbolized by the Crown, and the Rod of Iron to defend his civilization. We don't worship those things. We protect them. Do you see what I'm saying?

But again, look, fatherless homes, this is what happens. 71% of pregnant teenagers lack a father. Again, it impacts girls as well.

63% of youth suicides are from fatherless homes.

85% of children who exhibit behavioral disorders come form fatherless homes. 85%. Do you see how massive that is, if you don't have a dad? It doesn't mean that all dad's are perfect. It doesn't mean that all dad's are high level; but, just the fact that you have a dad in the home stops and curves bad behavior.

Look at this. 90% of adolescents repeat arsonists live only with their mother.

71% of high school dropouts come from fatherless homes according to the National Principals Association Report on the State of High Schools.

75% of adolescent patients in chemical abuse centers come from fatherless homes.

70% of juveniles in state operated institutions have no father.

85% of youths in prisons grew up in a fatherless home.

Fatherless boys and girls are: twice as likely to drop out of high school; twice as likely to end up in jail; four times more likely to need help for emotional or behavioral problems. You name it. Okay.

So, this is, of course, the thing that they're not addressing. All these kids. We now live in a society which purposely tries to demonize manhood, masculinity, talks of masculinity, calling fathers bad, calling everything male bad, you know. Women are flawless, there perfect; but, men, everything they do is wrong. For in this kind of culture, what kind of impact does that have on young boys? It destroys them. It makes them homicidal. It makes them suicidal. It brings up the juvenile detention rates. It brings up everything. Dropout rates in education, lower IQ, lower graduation rates, higher criminality, you name it. It screws up everything, because the archangel replaces the father. He becomes the dad and takes over, and reeks his hell on the population.

And, of course, this is one of the things that the Leftists media will not talk about. The fact that all these mass crazy shooters are totally psycho. They can be psychopathic. They're already on medications. That's something they don't talk about; but, again, they don't talk about these kids are from fatherless homes. The dad has been pushed out. Why? Because the Left has that sysop on the population. The Left has pushed the breakup of traditional families. They push the breakup of husband and wife. They demonize men as bad. They're the ones in every freakin' sitcom has to make fun of dad, and every single sitcom have to make fun of men. They are the ones who push that culture.

If it gets out that it's because of this civilizational hatred against good men, and of course father's in general, it's the reason we're having all these mass shootings, and breakdown of society, and these crazed homicidal, suicidal children. They get exposed, because they're the ones who have been pushing this agenda for the twenty, thirty years. But, of course, they don't want you to see the statistics, they don't want you to see reality. Every single mass shooter in our history, except for the VA Tech shooter, is from a fatherless home, okay; and, the Leftist media won't touch it. Again, they don't want to go back to the fact that Satan wants to breakup your family, wants to breakup all those things, and blame it on gun owners.

Now, this is a guy on YouTube. If you're in the gun community, you definitely know him. He and Sootch, the Minute Man. He has the whole Minute Man Channel, etc. Good, awesome guy. But, of course, YouTube Channel is starting to them shut down. Hank Strange, a Black African-American man in the gun industry, they shut him down. He's now on a separate channels. He's now of the lifestyles of locked and loaded website. You know, he had to make a secondary channel on YouTube for that; so, people should, you know, whenever they try and ban a channel, especially in a community that's trying to support self-defense, you subscribe to them. Hank Strange.

Also, the Military Arms Channel. Nice guys out there. They just do reviews on gear. They do reviews on backpacks. They reviews on guns, etc. They're just honest law bidding guys. Many YouTube Channels have been shut down. They are censored and shutdown, too. Those are the types of channels you should support. Sootch and the gun community is now looking very clearly at the new regulations that are coming out in the wake of the Florida shooting; and, this is something we have to alert you guys on. He's going to go through a couple of bills. But again, Florida, they're raising the age to 21. Has everybody heard that? They're raising the age to 21, because of the failure, the failure of the FBI, and the failure of those cops in Broward coward County, who did not go in, and let the kids get their heads blown off in minutes, when they were armed, and they had body armor. They didn't do crap about it; and, they completely screwed it up.

This kid had trouble with the law for the last seven years. The FBI and law enforcement visited his home over 39 times, okay. It the Chief of Police is visiting your house once, you know you're in trouble, okay. They were at his house 39 times. Give me a break! Why wasn't this kid in jail? Right? He even called the cops and say I'm suicidal. He put post and video and slitting his wrists. He called the cops and say I feel suicidal. I may do a school shooting. They didn't do anything about it. So, it's a complete government failure, and of course all they do is blame gun owners. And, then they try to enact laws using the fear of the public generated by the media to say, we have to ban all guns, raise the age, whatever.

So think about it: If you're 18 years old, you can join the military; you can use a M16 or M4 fully automatic rifle, go into Iraq and Afghanistan, different countries and fight with a fully automatic rifle, okay; but, when you come back, you can't buy an AR15, okay. You can vote. Now that they're raising it up to 21, what are they going to do, raise the voting age? What are they going to do? Raise the driver's license age? What are they going to do?

See, they NRA is suing Florida for raising the age limit, because our society deemed 18 years old to be adults; so, if they're adults, then they have to be given the rights of adults. They're given the right to vote; they're given the right to do all those other things; and, if you steal the right to defend themselves, what if you have a young man who marries his high school sweetheart. and now he's a married man living in an apartment, and now he can't defend his home? Or, what if you have a single mom, who's 20 years old, okay? She's got two kids, and she's living in poverty, and the only way she can defend herself from criminals is to get a firearm; but, now she can't it, because of the stupid law. Do you see what I'm saying? It doesn't make any sense. So again, they're trying to target the Second Amendment, because the Leftists in the end, they know, they have to take the Rod of Iron to take complete control.

Let's play this real quick. YouTube 1:43:22 to 1:50:03 Vimeo 136.45 to 143.23

(After the Florida shooting, we realized we're going to see some gun control bills introduced; and, of course to no surprise to us, they're a number of things. The video explained 4 different bills. This video explained the failure of law enforcement with the Parkland shooter. The only people hurts by these bills are law bidding citizens. One need to contact your Representative, your Senator, and the White House.

1. HR 5987 Assault Weapons Ban 2018
2. HR 5103 Increase Firearms Excise Tax on Firearms
3. S 2475 Bump Act
4. S 2470 Raise Age to 21 to Purchase)

Alright, that's Sootch over there; and, of course, you see what happens. This happens in always the wake of these things. More and more laws they try and pass to make it harder for law abiding people, good people to get access to self-defense tools. The criminals are not going to follow these rules. They're not going to follow any of these stupid laws, and 20,000 are on the books. That's why they do this ridiculous crap. It's the law abiding people that have to jump through these loopholes, do loops and these rings, okay.

So, absolutely this is what they're doing. Stay active. Contact your Senators. I know its a pain sometimes; but, get the GOA alerts; and, then they have direct links. This is absolutely critical in fighting this fight. Folks, you're fighting for other people's freedom, too. You're fighting for other people's ability to self-defense. Your fighting for that single mom, who maybe made bad choices in her life, and lives in an urban neighborhood, and has three kids, and no way she can defend those kids, if some intruder comes in with a gang and tries to rape her. You know, you're supporting that type of vulnerable person, okay. You're supporting the grandma who lives on a farm, or a grandpa who lives on a farm, and who lives alone on 40 acres of land, and he can't defend himself with other than using a tool. You're supporting a war veteran who got his legs blown off, and he's in a wheelchair, and the only way he can defend himself, if some ashtrays want to through him down and try and rob him, is have a firearm on his hip in a wheelchair; and, they can do fine in a wheelchair. I mean, some of those guys, no problem at all. It's like you would with a Rod of Iron.

So, you're helping to protect other people This is why this issue is so important, folks. It's not only about your rights to buy a gun. Helping other people, who are vulnerable, protect themselves and their families. You are doing a benevolent deed, and that is beyond you. You're not only fighting for these bills, or against these bills, because it's going to effect you, you're fighting against all those crazy politicians, because you want people who are poor and impoverished, who are poor in spirit, who've been oppressed, and been told they're not worthy to have the ability to defend themselves. You're saying, "No! I believe that those people should also be able to defend themselves." You are doing an act of kindness, and an act of love; and, that's why you are acting like the protective father that looks over his kids and says, I want my kids to be protected.

So, this is why it is so important to be a part of GOA, NRA, etc, and be active. You have to be active with these politicians, because the Kingdom's not here yet, because these politicians will do every single thing they can to disarm you. Because they can, the censoring is easy. Shutting you down is easy. Putting you in FEMA camps is easy. Genociding you. Easy. Talk to our brother if you want to hear about genocide in Cambodia. You talk about reality in our own century, folks, that happens for real; and, this these demons and these Political Satanists always do, trying to make it harder for you and I, and poor people, vulnerable people to be able to defend themselves.

So, they really are truly wicked. They're truly, truly wicked people. And of course, that's why they fear the Rod of Iron, they fear the protective nature of the father, they fear the protective instinct of Father, and that's why Father says, of course, he says very clearly, God is our father. God is our Father.

Look, if you go into Father's home, if you accept God, if you accept Jesus, you accept God as your father. He will change your life. He will turn it around. The father that left you, the father that threw you out, the father that was philandering around. Irrelevant. You have God, the Father, who will be a father, who will protect you, who will lead you, who will guide you, who will give you his Word, who will strengthen you, and to make you into a true man or true women; so, you don't have to afraid of

statistics and wolves, and evil doers. And, that's why in the end, they fear Christianity, because in Christianity it's very clear, God is the Father.

He's not just a monastic god, this intangible Allah, who's high above and lofty. No, He's our father. He's our father. He's protective. He personal. He real. He's in our life. He can touch us with the Holy Ghost. He's a real presence. He's a father, so even though we may not have a physical father, God will take that place, He will fill that void, because in the end, He's our True Father, and in the end He will make us into His true heirs, coheirs and inheritors of the Kingdom of God. He worries. Let's finish this up.

God is our father. Day and night, He worries that His children may be harmed; He protects us lest troubles happen; and He defends us lest some opposing circumstances appear. He is that kind of parent. Going in search of the essence of such a parent is the way of goodness and the way of love. Human beings, as His children, need to receive God's perfect love.

SOS, come on up; and, let's praise God who is our father, and who loves us, and who loves humanity. That's why stand up and protect the Second Bill of Right, the Second Amendment, self-defense rights for all peoples. Amen and Aju!
