Alrighty folks, let's go to the Word today. Kingdom Rod of Iron 10. Now, we're going to, as we pass through these Scriptures it's also important to see, once again, why we're talking about the Kingdom, why we're talking about the Rod of Iron, why are we talking about all this stuff? Well, it's because it's the Gospel, okay. It's what Jesus himself defined as the Gospel; as opposed to what is referred to as the Gospel, which is Crucifixion, Death and Resurrection. But, Jesus himself delineated his Gospel as the Gospel of the Kingdom of God, and that I can prove to you by showing you Scripture. You don't have to believe me. You don't have to take my word for it. You look at Scripture and you'll see, he himself defines his Gospel as such.

This is of course praying about, we're suppose to pray this type of prayer about God's Kingdom to come on Earth as it is in Heaven, not a celestial Kingdom. Can you believe that some mainstream churches like the Methodist. The Methodist do. I know the Methodist do. They teach God's Kingdom will never come to this Earth. You grew up as a Methodist, right Tim? His father was an evangelist in Japan. That's why they were in Japan. But the Methodist teach, there's never going to be a Kingdom coming, because it's already here by the Holy Spirit.

The Catholic Church teaches the Kingdom doesn't have to come, because they're the Kingdom – the actual centralized Vatican Church that protects pedophiles, and has a huge international bank, that's the Kingdom of God.

So, these are mainline Christian Churches, folks, that teach this; both in the Protestant Realm and in the state-run, you know, more state-run Christianity. They don't teach that a Kingdom will come. It's just a spiritual Kingdom; and of course, those same organizations always are teaching acquiescence to the state, acquiescence to the positions that be. They're always quoting Romans 13, that God has put those positions in power; when God has never said, you must acquiescence to a wicked and unrighteous leadership. Actually, the Bible says, you must stand up against unrighteousness.

So, this is the reality: that although Christ given us his prayer, and the urgency by which we are praying for the Kingdom to come. Look at this in **Matthew 6:10? "Your Kingdom come, thy will be done, on Earth - that mean the Kingdom on Earth - as it is in Heaven."** So, I don't know where these different denominations, they're talking about no Kingdom coming on this Earth. It's totally unbiblical. It's absolutely unbiblical. The Kingdom of God is coming to this Earth. No question about it. If you believe in the Scripture, if you believe in God's Word, the Kingdom is coming to this Earth. In fact, that's what Jesus said to pray every day. Pray. That's how you have to pray.

So, it's amazing, because what mainstream Christianity has taken for granted, and it's just become kind of cultural Christianity. Many people in this world, or in the West, are just nominal Christians. They're not really Bible believing, or Bible studying Christians. They're just believing what is just common or culturally has become the norm, without looking at the Scripture, which is very clear, God's Kingdom must come to this Earth. It will come.

Matthew 6:33 Seek ye first the Kingdom of God and his righteousness, and all these things shall be added unto you.

Before you do anything else as a Christian, you have to seek the Kingdom of God. That's what we have to do first, and His righteousness, okay. You have to seek His righteousness. You have to seek His Kingdom, okay. Here you go:

Matthew 7:21 Everyone that says to me, Lord, Lord, shall, shall enter into the Kingdom...

You got a lot of nominal Christians. “Lord, Lord! Yes, I pray Jesus everyday, you know, every Sunday,” when Sunday’s not really Sabbath. By the way, we don’t come here for Sabbath on Sunday That’s a Roman tradition. We worship God everyday, by the way; but, of course, the traditional Sabbath is on Saturday. But, Lord, Lord! Lord, Lord, shall enter the Kingdom. Not everyone who says me Lord, Lord, shall enter the Kingdom. Not everyone’s who’s a nominal Christian: “Oh yes, I believe in Jesus. I’m going to Heaven.” No you’re not.

Look! Not everyone who says to me shall enter the Kingdom of Heaven. We’ve been so indoctrinated by feel good, diet Coke Christianity that we just want to hear good things coming to Church. They don’t want to hear the real Word. You don’t want to hear the Scriptures on whore-mongers, and those practicing bestiality and homosexuality is a sin. They don’t want to hear that. Actually, in Canada, they banned that. You can’t even quote that from the Bible. That’s what the state gives you, folks. The state is not God, but the state whenever it’s got power, it will make you worship it; and, that’s why it’s the system of Political Satanism, because it replaces God with the false god of the state, and that false god will give you your little cookies, and give you little, you know, checks that drop from the air if you vote for this politician, and make a bigger welfare state, and steal more from the population.

It’s totally immoral immorality, the fundamental nature of taxation. The government is immoral. Let me ask you a question, “Do you think it’s okay to forcefully take something from somebody else? Alright, do you think it’s okay to force somebody? Let’s say a rapist. He sees something he wants; he goes and takes it by force.” That will be good or bad? (Bad) That would be bad, okay.

So, a thief goes up to you, points a gun at your head and says, “Give me your wallet.” Is that good, or is that bad? (Bad) That obviously evil. Immoral, right? That’s not moral thing. It doesn’t reflect the character of God. It’s not coming out of his nature; but, look at government. All it is, is force. It’s the monopolization of force. We’re going to look at some of those things today.

But, what do they do when they take your taxes? This is money that you have earned yourself by your own creativity, your own business, your own ingenuity, your own hard work. Blood, sweat, and tears, you name it. Whatever it is that you created to serve other people, because you love people, and you want to create a win-win, mutually beneficial, you know, relationships with the world and the people. You created that success. You created that wealth. You created that blessing. Of course, with God’s help, with his wisdom He’s given you. All those kinds of things we can see with our spiritual eyes. But, then you have a body, an organization that comes by and says, “Okay, you must give us 40, 50, 60% of your created wealth. And, this is now an extension of your labor, right? This is an extension of your blood, sweat, and tears. You bled, you sweated, you worked to build that, whether that’s land, business, whatever; but, you have some outside body who did absolutely nothing to build that thing, come to you and say, “You must give us 30, 40, 50% of your money.”

Now, people say, “Oh, yes Look. The politician always says, “Well, taxation is always voluntary.” Really? Really! So, if I don’t pay my income tax, I’m not going to get a visit from the IRS, and SWAT teams and guys with guns, huh? I’m not going to get any visits, right?

So, the fundamental nature of even taxation is that, it’s done by force. It’s done by force. You don’t pay up to this mob, to this organized body. Just the difference is with suits; and, they look good and they talk good. No different than the real mob, the Italian mob, or whatever mob you find in the inner-cities. No different. It’s a protection racket. Okay, you have to give us this money, because we’re going to

protect you. It's a protection racket. We're going to make your country safer. You have to give us more of your money. We'll make it safer. It's the same type of mob mentality. The same type of illegal criminal cartel, which of course, governments always become, because humans are corruptible; and, when you centralize power, they get very corrupt, very fast. Okay?

So, what is the difference between going to somebody, a rapist, and sees the girl he likes and decides he's going to take her by force, or a thief, who goes and takes something by force that he wants? He wants your car. He wants your shirt. He wants your whatever. He takes it by force. What is the difference between that, and a federalized government, which is "official;" and, they got uniforms on and funny little hats to make sure, you know, nice little pins all over them, so that you believe that they're official? And they can come to you, and take your stuff that you worked for by the way, or your granddaddy worked for, or your parents worked for, and your the inheritor of. They can take, steal that from you by force; and, if you don't comply, you will be harmed? (No different.) What is morally the difference? None!

So, what we have to point out is that the Left, and of course the neocon Right as well, same, bought off and paid for by Soros, and these international banking feigns, devils. All they want to do is centralize power, give it to themselves, and control people.

Gun control is not about guns; it's about controlling people. It's about blaming innocent people, or law abiding people for the sins of mentally deranged on psychotropic drugs and fatherless homes, by the way. Lesa brought up that great point at the rally, yesterday (Pro gun rally at the Milford Town Hall)

All the mass shootings, minus the VA tech shooter, are from a fatherless home; and, we've shown you the statistics sociologically how devastating it is, if you don't have a father in the home. It's by far the dangerous sociological factor you can give to your children, increasing childhood poverty, education rates, salary in the future, marriage retention rates, you name it. Everything gets destroyed, if you don't have a daddy in the home. Father's in the home are absolutely critical; and, all these shooters don't have daddies.

All these shooters are also on psychotropic meds. They're mentally ill, and they're already on psychotropic drugs, you know, Selective Serotonin Receptor Inhibitors. They block Serotonin, which is your hormone that controls mood, emotion. It controls sleep. It blocks it from being able to uptake it into your body, so your emotions don't get whacked out. That's why a lot of these drugs, they say on the labels: could result in suicidal tendencies, even homicidal tendencies, because this drug is stopping your body from absorbing Serotonin, which is necessary to regulate your mood and your feelings. Do you see how this works? That's a problem; but, nobody wants to bring that up. It remains to mean, "Oh, it's the guns. It's always the guns." No it's not. It's about mentally deranged people.

The gun is an inanimate object. It's never going to jump. It's never going to move. If I keep it there on the ground, it's not going to move. It's not going to jump up and shoot you all. It's not going to do nothing. It's a dead object. It's dead and stupid. It's not going to do anything. It only moves and operates when somebody's behind it; and, just like the Maryland shooting that happen just a couple of days ago, what happened there? A good guy with a gun stopped the bad guy with a gun; and, nobody got killed. Did one person die? They were hospitalized? Oh, they eventually died. Okay. Oh, the bad guy died. The bad buy committed suicide.

Now, that's different than what happened three weeks ago in Parkland where 17 died, and nobody could shoot back. How many lives were saved there? And according the own CDC department. No.

According to the National Health Council. I'm sorry. National Security Council. I'm sorry. National Safety Council. That's it. National Safety Council of the CDC. In their own studies published under President Obama, a total Leftist, a total Leftist funded by George Soros - a Nazi collaborator, you name it. Their own CDC federal government statistics came out. Anywhere from 500,000 to 3,000,000 lives are saved by defensive use of hand guns. The Leftist government found that. They didn't publicize it. They didn't share it with everybody, because it totally destroyed their narrative, which is more guns equals more crime. Guns are bad, and they're going to ban them all, so that they be controlled like Europe or North Korea. Okay. We worship Kim Jong Un.

Did you see this guy? This fat Chinese guy? He looked Kim Jong Un; so, he got his hair cut in the Korean Afro style, you know. He walked down Manhattan with a black suit on. Did you see this with a the eye glasses on? He walked slowly, and people were like, it was crazy. He walked into Brooklyn like this, okay. People were walking up to him and say, "Oh, my God. It's the Supreme Ruler of North Korea." People were like bowing. It was crazy. It was nuts. It was crazy. People were like, "Oh, my gosh. It's such an honor to meet you." Are you kidding me? Wow! This is how whacked out people are getting. Wow, it was incredible, because the guy looked like Kim Jong Un. It's so funny. I got to show that one of these days. But, it's absolutely hilarious. But, it's like amazing. He's getting worshiped in the streets of Brooklyn, just because he has power. It's like a power cult. The Left and these politicians, it's like a power cult. All they respect is power; so, if you got centralized totalitarian genocidal power, "Oh, we just grovel at your feet. Can I shine your shoes?" It's like totally sick. Oh, my gosh. He actually walks through Koreatown on 42nd Street in Manhattan. He walks down Korea Street as well. He's not even Korean. He's Chinese, okay.

Not all Asians are the same, by the way. We're different countries. Hello! Stop calling me Chinese. I'm not Chinese. Our families against the Chinese Communist for how many decades. Okay.

"Go and preach," Jesus says in **Matthew 10:7** **"Go and preach saying the Kingdom is at hand,"**

Luke 4:43 **And he said unto them, I must preach the Kingdom of God to other cities also: for therefore am I sent.**

Christ himself says, he's sent for the reason of preaching the Kingdom of God. I don't know how many times I gotta like say this over and over and over again. He must preach the Kingdom of God. That's why he's sent says Jesus, not says me.

Matthew 4:23 **And Jesus went about all Galilee, teaching in their synagogues, and preaching the gospel of the Kingdom, and healing all manner of sickness and all manner of disease among the people.**

Okay. So, now the Bible is calling the Gospel the Kingdom, not as we culturally know it as the Crucifixion, Death and Resurrection. The Gospel itself has been defined by the Scripture as the Gospel of the Kingdom of God. Basileia. Basileus comes from Basileia, which means King. Basileus being a Kingdom. I'm sorry. Backward. Backward. Basileia, Kingdom. Basileus, King.

Mark 1:14 **Now after that John was put in prison, Jesus came into Galilee, preaching (what?) the gospel of the Kingdom of God, 15 And saying, The time is fulfilled, and the Kingdom of God is at hand: repent ye, and believe the gospel.**

Of what? The Kingdom of God. He said, believe in the Gospel of the Kingdom of God. How come this is not being taught, by the way. If you read your Bible, you can read it for yourself. I not making this up. You can check the Scriptures for yourself. It's just not convenient for any of the state-run churches, any of the big churches that are funded by the state, like the Vatican, the Anglican Church, Church of England, Episcopalian Church, whatever is tied to big nations, big states. Basically, you become a propaganda wing, a Christianized propaganda wing for the legitimization of an immoral state.

Always, always. They don't care. Use any religion. It could be Christianity, it could be Buddhism, it could be whatever it is. Just legitimize the state, and your good. Legitimize the state, because that's the god we worshiped and your good. Your religion's fine. Now, if you preach the actual philosophical reality of the state, which is immorality, well now your religion is a cult, and you're dangerous, and you're bad.

It's interesting, because Jesus was of the two, he was the second. He was teaching against the Roman Empire. He was teaching another Kingdom that was coming, and he called this the Good News, cause the Kingdom where the poor in spirit would inherit the Kingdom of God, where those who always been oppressed will come and inherit, and become Kings and Queens. It's a totally different Kingdom. Totally radically different Kingdom. It's not a kingdom of the state. It's not a kingdom who worships the government as God.

Matthew 9:35 And Jesus went about all the cities and villages, teaching in their synagogues, and preaching the gospel of the Kingdom, and healing every sickness and every disease among the people.

Matthew 24:14 Again, healing every manner of sickness among the people; and, the gospel of the Kingdom of God shall be preached unto all the nations; and then shall the end come.

Again, when you culturally hear it, most Christians are very uneducated about Scripture. They don't even read their Bible; so, they're more cultural Christians, nominal Christians, rather than Bible believing, or Scripture studying Christians. So, they never heard this kind of reality, because obviously they're not reading their Scripture.

The type of Gospel that Jesus preached was so radical, it infuriated every single type of centralized body. It infuriated the Pharisees, the centralized body of Orthodox Judaism that worked with the Roman government. They were like the overlords over the Jewish people that would transfer information from their people to the Roman government. You see that in how they killed Jesus. They worked with the Roman government; tried to negotiate with the them. "Hurry up, imprison this guy. He's causing all this havoc, carrying on all these revolutions. Get rid of him." They're working with the Romans. The Scribes as well, or the Sadducees, okay.

So, he's bringing havoc. His message of his Kingdom, where centralized power will be broken. Where the iron-fist of evil will be broken. The chains of evil and wickedness will be broken; and, where the poor in spirit, or those who are humble and oppressed, they will be the ones to inherit the Kingdom of God. And this gospel of this Kingdom shall be preached; and then shall the end come.

Matthew 25:34 Then shall the King say unto them on his right hand, Come, ye blessed of my Father, inherit the kingdom prepared for you from the foundation of the world.

So, Christ very clearly shows that his gospel is about the Kingdom of God. It's about the Kingdom of God. The Gospel of Jesus Christ is about the Kingdom of God. Now, you go to any mainline Christian Church, you're never going to hear that. You're hardly ever going to hear that, even though he himself, Christ himself defines it as such, even though he defines his Gospel as such, the Gospel of the Kingdom.

Guess what? They called Christ a cult. They called Jesus and his followers a cult. Nominal Christians and Leftist Christians want to be so liberal with their use of cult. You know, calling us a cult all the time. Well, they called Christ a cult. They called early Christianity a cult. It was illegal. It was banned from the Roman Empire. They could not even practice their religion. They were a total cult. Jesus was a radical cult leader, okay? Oh, you see, you can't think about it in that context you see, because then you may use your brain, you may use your mind. Brain cells may start rubbing together, and you may create electricity.

So, Jesus himself defines his Gospel, which is the euangelion, the good news, as the Kingdom of God; and, then how does he define that Kingdom of God, especially on his second complete turn, after the failure of the people, after he has to go the way of the cross, and does provide spiritual salvation; but, he tells his disciples, I will come back, and you got to pray this: "The Kingdom come, thy will be done on Earth, as it is in Heaven." Pray it, cause when I come back, it's gonna happen.

So, when he defines his Kingdom, which he defines as a gospel, then what kind of Kingdom will it be? Well, it will be a Kingdom"

Psalm 2:8 Ask of Me, and I will give you the nations for your inheritance, and the ends of the earth for your possession.

The Kingdom, when the poor in spirit, the humble and the oppressed, who believe in Christ, they will inherit 'the nations for our inheritance.' Not because they're on some power trips, not because they want to rule like totalitarian dictators. No. "And the ends of the Earth for your possession." So, we know in God's Kingdom, there is going to be possession of the land, not by estate, but by the inheritors of God. Romans 8:17, the coheirs with God - heirs with God, coheirs with Christ, not only in suffering, but in glory. That is, the people of God.

The people of God, who follow Christ's Commandment: Love God with all your heart, mind, strength and soul; and love your neighbor as you love yourself. (Matthew 22:37-39) Just as you protect yourself, protect your neighbor. Be a sheepdog. Be somebody who is willing to protect other people, as Christ protects us. As he gave his life for us. He sets the tone, the example.

Psalm 2:9 You shall break them with the Rod of Iron; you shall dash them to pieces like a potter's vessel.

He's talking about, you shall break them with a Rod of Iron; so, we also know in the Kingdom, there's property. The people of God as the inheritors of Christ will have property, will have Kingdoms. We also know that they shall have great power with the Rod of Iron – another accoutrement of the Bible, which will have tremendous power. Revelation 20:7 forward, it talks about the Rod of Iron, which brings fire from Heaven.

Revelation 2:27 And he shall rule them with a Rod of Iron as a the vessel of the potter are broken to pieces.

He's talking about someone who is overcoming These are very powerful imageries of what? The dominion of the use of force, folks. Okay. I going to show, folks. I didn't want to show, you know, but let me jump, jump, jump here. Guys, jump down to Mao Zedong real quick. Jump down to Mao Zedong. Now, you know Father hates Mao Zedong; and, he hates all these Political Satanists, who by the way were atheists, who hated Christianity; believed in the Marxist doctrine of the opiate of the masses; and religion, especially Christianity, is a drug to dumb people. And then you get dummies like this, who get in power, and kill everybody. Who's the dumb one, huh?

Mao Zedong, what did he say? He said, **“All political power comes from the barrel of a gun. The communist party must command all the guns, that way, no guns can ever be used to command the party.”**

Now, in America, what does that sound like? (Gun control) When Brother Z... came from Cambodia, because he fled there under Pol Pot; they murdered his family. Killed everybody. The same thing happened with our family in North Korea. Brother Z, he came here, he came to America; and, he saw the politics on TV, he said, “Hey, the Left here is Communism. That's the Communist Party.” Of course, what's come now to the forefront is that the Republican Neocons, not President Trump, but before that, the Neocons like Paul Ryan, these guys, they're also Commies, too. They're fascist. They just want nationalized centralized government. They still grow government; but, the Left is openly Communists. They never call themselves Communists; but, they're openly Communists.

Nowadays, you get some of the younger Leftist brainwashed kids that say, “Yeah, I'm a Narco-Communist,” You know, like that crazy kid who's going around saying, “I'm a Narco-Communist, and I believe pedophilia should be legal, and bestiality should be legal. It doesn't harm anybody. What? And then he goes in the next sentence, “But, I believe in Science. I believe in Science. That's why I'm atheist.” Okay, what about all the scientific data that says if you molest and rape children, it destroys their life forever? Oh, you want to exclude that scientific data, right, cause your a scientific atheist.

Do you see how crazy this is? They're complete lunatics. That's what totalitarians say, folks; and, it's not something that's played up by the Right, or by people who they call the bitter-clingers, or people who know that they never, never, never, never must give up the Rod of Iron, because these are the type of devils who are behind that. What happened to the world's most trusting people that gave up their guns? Eighty to a hundred million poor innocent Asian people killed, murdered, massacred. Oh, who's the racist one now, hmm? Who's the one who don't want to talk about poor Asian folk getting killed, huh?

All political power comes from the barrel of a gun. All political power. Now, when we jump back to the Rod of Iron Scriptures, why do these Scriptures create so much anxiety for the Left? I mean, we had this ceremony on 2/28; everybody came beautifully dressed in white vestments, and, you know, golden crowns. Some of them were real. Some of them were thousands of dollars, you know, some of those crowns. Real jewelry, okay, representing the Kingship line, coheirs with Christ; and, we had the Rod of Iron there. I mean, they freaked out. The entire world. The entire world. Two billion people plus saw that story, because they're literally having flashes of gene-death paranoia that are just running through their body subconsciously, because they know the truth. They know the political truth that all political power comes from the the barrel of a gun. They know that. They openly state it.

So, when you see the Scripture here, and they see that, oh no, in God's Kingdom, God's people will have the use of force, and it won't be like the satanic Kingdoms of the past, where they are all just centralized to one monarchy, centralized to one power, one government. No. It's going to be

decentralized. It's going to be his coheirs will rule with him. They will become the inheritors of the Earth. Citizens, who are also Kings and Queens with the Kingship of God.

Look folks, all the Kings and Queens of the past enjoyed, right. They enjoyed what? They enjoyed territory, private property. They enjoyed what? Freedom from taxation. They enjoyed what? The right to defend their Kingdoms. That's what we call in America, the right to bear arms. Kings, obviously, in the satanic history of the world have always bore arms, had militaries and armies.

Now, who is the weak and poor in spirit? Who are the ones oppressed? Who are the ones who don't have that ability? Well, the people who are not in the aristocracy. The good-hearted baker, the housewife. You know, the cobbler, or the mason. Not the Free Masons, you know. I'm talking about the real mason. Put down the brick layer, okay. These are the poor in spirit. Always the ones who have been oppressed, always under the fist of totalitarian regimes, always under authoritarian control. Never have the poor in spirit as these been able to inherit the Kingdom; but, you go, you go meet your local baker, you go meet your local bricklayer, you go meet your mechanic, your local mechanic, yeah, they may be covered in oil, but they're good-hearted people. Hard working, good-hearted, hard working peoples.

It's funny, you go into the higher levels of academia, you go into the higher levels of, you know, universities, stuff like that, they become more atheistic, more immoral, more licentious, using their intellect to create justifications for that type of behavior that's healthy or normal. The normal person who's a mechanic, or the normal guy who is a plumber is literally in terms of God's ideal, in terms of morality, a billion times more moral than those, you know, pseudo-intellectuals who are creating these justifications for this licentious behavior, homosexuality, trans-sexual, pedophilia, minor attraction syndrome, whatever they want to call it, they're absolutely insane; and, they're an anathema to the Kingdom. They're destroying people's lives; and, we show these statistics all the time.

Boys and girls who get involved in sex early, it screws up their marriage, it screws up their long-term potential for marriage, if you have a free sex lifestyle, if you have multiple partners. If you have one more partner than your spouse, already it destroys, it hurts and harms your marriage potential rate like 100%. I mean, it's serious stuff, folks. The Bible warns to not fornicate before marriage. Don't have sex before marriage; and, then in the confines of marriage, in the Blessing of marriage, then that's where you explore sexuality. This is a fundamental aspect of powerful families.

But again, you see the Rod of Iron has so much power, it shatters nations to pieces. It shatters powers to pieces, like the potter's vessel. It just shatters. It has so much power.

Revelation 12:27 continued: As I also have received authority from My Father,

Revelation 12:5 And she gave birth to a son, a male child, who is to rule all the nations with a Rod of Iron; and her child was caught up to God and to His throne.

Revelation 19:15 From His mouth comes a sharp sword, so that with it He may strike down the nations, and He will rule them with a Rod of Iron; and He treads the wine press of the fierce wrath of God, the Almighty.

This is NIV, I think. You're talking about good people, who are always oppressed, who are always not the aristocracy, who are always not the elites, who are always the taxed farmed, slaves of the aristocracy. Those who are poor in spirit. Those who have been oppressed, who have been humbled,

who have been held down. We're talking about those people in the Kingdom of God that will inherit, not only the property, the property of the world. The government will not inherit the property. It's the people of the Earth, because the people are the ones who don't pollute on their land.

The greatest environment polluter in the United States is the federal government. They run all the nuclear power plants, which leak into the environment; and, by their own measure, they are the ones who are the greatest polluters of the environment; yet, they want to bog on you, because you want to dig a hole to put some water in for your pigs. And meanwhile, tons of, thousands of tons of radioactive material from their power plants, managed by the federal government, dilapidating, and totally out of control is pouring into the environment. Give me a break. It's absolute lunacy.

People, when they own the land, take care of the land, just what? Two nations in Africa. What was that, Zimbabwe? One nation allowed ownership of the African gray elephant, which is an endangered species. Guess what? That African gray elephant population went down or up? Up, cause people could own the elephant. They took care of it. They shot the poachers that were trying to kill the elephant. The poachers couldn't kill the elephant, because they shot back at the poachers. They protect the elephants. They let them reproduce. They're fed good stuff, good milk, whatever they need; so, that they reproduce and preserve that asset. And guess what? Richard, do you know what nation that was? Was it Zimbabwe? Kenya? Maybe it was Kenya. Okay.

But, the government said, no, no, no. These poor black Africans can't manage that. No, no. They're going to be destroyed. They're the most racist piece of trash on the planet. When you give them the power, Africans can easily manage their population. The problem is, you got this centralized governments on top, the Leftist government on top. Totally corrupt, totally sold off to the international bankers and the diamond De Beers, you name it.

They're coming in now. The Chicoms are buying up all the land there. That's a problem. They're not able to have dominion over their land. They're not able to be free from the confines of centralized government power. They're not able to regulate and do things on a local level, to instill their own rules and regulations on the local level. They're not allowed to do that; so, then of course they're kept poor. They're not allowed to freely trade. Everything got to be through government grants, government licensing, government this or that, which of course then does what? Impedes the movement, the free movement of peoples trying to make win-win solutions.

Whatever nation you look at, most people – of course we're all sinners before God. Yes, that's true – most people, because we're made in the image of God are good. Most people are good. Most people do not want to harm other people. Most people understand that if you are forcefully taking stuff, you're bad. Most people do that.

Look at Iran. If Iran had the Second Amendment, could the Mullahs rule like they're ruling? No way. The people would revolt, like they did a couple of months ago; but, they got killed because they're not armed.

What happened in North Korea? What Asian people can't work for freedom, hmm? Don't be an old racist White Supremacist. If the North Koreans had the Second Amendment, they're no way that Kim regime could stay in power. No way. Absolutely no way.

Now, that doesn't guarantee that people will move towards a libertarian, or a good and free society, because there is a tendency for evil desire to always centralize power, to monopolize power. Of course,

that's why you need the Word of God. You need God's Word. That's why you need the Constitution of the Kingdom of God to stop that type of behavior, to let people know of their own corruptibility and trust in God.

But one critical piece of the Kingdom of God is to decentralize police and military force, which are the citizens, which are the Kings and Queens, who have their own Kingdoms, and who interact with one another in win-win situations. Oh, but it's all going to break down like Somalia. Oh, it's all going to break down like Libya is what the Left always says. Really? Is that how America breaks down. We're all armed. Everybody's armed. If the government gets out of our way, we can interact freely, safely.

Revelation 19:15 And will rule with a Rod of Iron, and treads with the wine press of the fierce wrath of God.

It's a powerful Rod of Iron, folks. It's fierce and it's wrathful. What did Mao Zedong do? Mao Zedong was a Political Satanist. He knew in the spirit. He sold himself to Lucifer. He sold himself to Satan. He knew in his heart of hearts why he was so scared of the Rod of Iron, though he never called it that gun. He knew that political power rest in the barrel of a gun, and we have to control it; otherwise, the Communist Party will be shot back at.

All these politicians who lie to you, and are telling you to vote for them, they are saying the same thing to you, folks. They want you disarmed, they want you weak; so, you are easy population to tax farm, and you never question them; but, that is not the heritage of these United States of America and Christianity in general.

When Christianity has been pushed to extinction i.e. the Crusades, they did fight back. When the Muslim invaders came up, up, up until even in Berlin and taken over half of Italy, already taken over Sicily, etc, you name it. The Muslim invaders took over all the Middle East coming into a Christian Europe all the way to Constantinople; so, they said, "We better fight back; otherwise, we're going to lose all this civilization;" and, so they fought against them, and they chased them out. That's of course called the Crusades, which the Left says was an offensive war, which is the reason why they don't want you to study history, because it was not an offensive war, it was a defensive war. There's a difference.

When you pull out a gun, and start shooting somebody, and say, bang, bang! You're a murderer. If this guy comes to kill me, and I pull my gun and shoot him, then I'm not a murderer. I just defended myself. That's the difference between defense and offense. What Christians did during the Crusades is defense. Their nations were being taken over by Islam; but, you'll never learn that in the public schools. You'll never learn that in college, because it's politically incorrect. It's racist, even though Islam is not a race; and, they'll call it whatever it is to scare you away from it. It's just history. Different civilizations create different characters.

They just hate the fact that Christianity, when it's allowed to operate, and when of course in it's best form politically is when it became Protestant. That is a decentralized form of faith. That is not a centralized body, not a centralized religion that governs everything. It's a decentralized faith, where we can study the Bible for ourselves; and, relate to Jesus Christ himself, one by one. That decentralized nature of Protestant Christianity, combined with the Magna Carta, and the rights of citizens to bear arms, etc, that produced the most prosperous and free society. Of course, it had it's sin. It had it's sin of slavery. That's why America has gone to it's collapse. It had the sin of slavery. It did. That was a sin. No question about it. In the Kingdom of God, obviously, that is not allowed.

So, we're here in Mark 8 and 9. They're actually connected, if you look close.

Mark 8:34 Then he called the crowd to him along with his disciples and said: "Whoever wants to be my disciple must deny themselves and take up their cross and follow me. 35 For whoever wants to save their life will lose it, but whoever loses their life for me and for the gospel will save it. 36 What good is it for someone to gain the whole world, yet forfeit their soul? 37 Or what can anyone give in exchange for their soul? 38 If anyone is ashamed of me and my words in this adulterous and sinful generation, the Son of Man will be ashamed of them when he comes in his Father's glory with the holy angels."

Now that continues on to Chapter 9

Mark 9:1 And he said to them, "Truly I tell you, some who are standing here will not taste death before they see that the Kingdom of God has come with power."

To follow Christ one must be a warrior, one must imbibe, one must accept the reality that you will be persecuted. That you have to take up your cross and follow him. It says it right there. Those who seek to save their life will lose it. It's not about us. It's beyond us; and, those who follow Christ must be ready to be hated and scorned by the world, and all forms of different monolithic large mainstream media religions calling you a cult. They did it for Jesus, they did it to Christ. They did it to Christianity for three hundred years under the Roman hegemony.

But to follow Christ, you must not fear death, must know that there are greater things ahead of him; and, that warrior spirit of knowing it's not all about you, but yet it is important that you stand, for standing with the greater purpose, and the greater morality of the Kingdom of God, which will liberate the slaves to become the Kings and Queens, not so they can be on power trips, but they can protect God's blessings.

For what good is it for someone to gain the whole world, yet forfeit their soul. This is the problem with successful nations, folks i.e. America. It became so prosperous, so rich, so powerful, we lost our morality. Kids grew up spoiled. Became heathenists, secularists, multi-culturalists, relativists, believing all religions are the same; they're all equal opiates cultural Marxism, and now open Communism.

When a nation becomes too prosperous, it becomes too wealthy, and the parents don't let the kids go through hardship, the kids become spoiled rotten, and they become devils. They become self-absorbed, arrogant, selfish people, and literally want to join a cult for selfishness. That's what Satanism is about. Satanism is about your power. It's all about how bad-ass you can be. Excuse my French. It's about how bad you can be, how selfish you can be, and that's seen as power. "Whoa! That guys so selfish. He's like drinking blood, and doing all these satanic rituals. Look how knowledgeable they are. Ooh, they're so powerful." That doesn't make you powerful. That makes you weak. That makes you pathetic. That makes you ugly. It deforms you; and, that's why Satanists want higher and higher levels of evil, you know. It's all about selfishness. It's all about, you know, "Oh, you think you're good, because you stay in one marriage. Well, I have ten relationships. Ah, I also have sex with men. Ah, I also have sex with animals. Ah, I also have sex with children. Ah, I had sex and I killed the children, too." Right? This is all about getting worse. Worse, worse, worse. Who can be more worse.

And, I that's why the Bible warns against Baal worship, Asherah worship, goddess worship, putting other gods before God, because you get all these things in those religions. You get the child sacrifice as

part of their ancient rituals. You get the blood rituals as part of their archaic rituals. Let's preserve those traditions is what they say in academia. Golly!

How about let's preserve the tradition that Jesus said, that if you harm the children, you get a millstone around your neck, and you're tossed in the sea. That's a Jesus tradition. That's a Jesus tradition. How about that ancient tradition. Hey, you don't like that ancient tradition so much, huh. They don't like it. They don't like it when its a good ancient tradition. Lord have mercy. But, its all about like how evil can I be; and, that's seen as good and dark; and, now the young people are like, "I am, yeah, it's a dark-side."

I mean, even the Brazilian Jiu-Jitsu community, okay, cause anybody who's in the fighting community, you know, when you normally train kids, you don't train them in the more dangerous things that can break knees and stuff like that. There are leg-locks. There's a whole leg-lock system. So, you do straggles, you do chokes, and you do arm-locks, and stuff like that; and, as they get a little more advanced, blue belt, etc, then you can start teaching them leg-locks, safely. Most schools do that. Nowadays, they're calling the leg-lock system the dark arts, cause when you come into the Jiu-Jitsu community they don't understand, you know it's not centered on God, even they think, "Oh, it's dangerous, these leg-locks, which you know can shatter your ligaments and knees." They're so bad ass, right; so, we're going to call it dark arts, and think it's cool. That's not cool. That's not cool.

But, it's like this pop culture, where you see your power. It's connected to like pop culture visions, you know, of Darth Vader, or redded light sabers, or like Sith Lord. Come on! You can still be deadly and not worshiping evil. I know the crazy leg-lock system. I trained with the Head of Crazy Guys. I know their system; but, I'm not evil. I don't have to pretend I'm trained by the Sith Lord and Darth Vader, okay.

The Danaher Death Squad that destroys all the other BJJ guys around the world, top world level champions. One of my coach, Gary Tonon, got his first MMA fight in Thailand World Championship. He jumped into professionalism, and he destroyed his opponent in two rounds. Small guy, but he's deadly, deadly. I know the arts, too. I don't have to see them as evil. All these kids will learn these arts, too; but, it's when good people understand the cult of these things, and start believing, "Oh yeah, I have all this power. Yes, it like, I got all this dark power." No, it's not dark; but, it's just understanding leverage, understanding science. It has nothing to do with dark arts; and, it's stupid to think, just because you understand power that its some kind of darkness, because God wants you to understand power, so that you can stop darkness from taking over; and, that's why, of course, the Rod of Iron has great power and great authority, great force; but, it's in the hands of the good people, the poor in spirit, those who have been oppressed for millennia since we've been under the Fall, those who summon Christ mustn't be fearful of death, must not be fearful of persecution, must not be fearful of mockery; and, yes, it does make you internally stronger, but be careful. As you become stronger, you may get sucked up into a stupid pop cult of think that power equals dark; and, the more dark things you learn, the more selfish you become, you think you become. No you won't. You'll become weak, pathetic and powerless.

Look at George Soros. Look at how ugly, deformed and evil that person is. Not only did he sell out his own Jewish people to get murdered by Hitler? He helped Hitler. He used his funds all around the world to destroy freedom. That is an ugly, wicked, White Supremacist, a real White Supremacist racist devil. You want to talk about White Supremacist, you know, these mechanics, these blue collar workers. Give me a break! These upper class of the Bilderberg's and the George Soros' that don't want Blacks to be off the plantation, don't want Asians to see the Chicoms as bad, they're the ones trying to bring in

radical Islam, because they know they have to create the binary, they have to create the dialectic, they have to Hegelian dialect. Divide and conquer. Make a fight amongst each other; and, then pick them off one by one. Control both, fund both sides, and you win either way. We know their stupid system.

Truly I tell you, some who are standing here will not taste death before they see that the Kingdom of God has come with power. The Kingdom of God has power, folks; but, the power is no longer in the hands of the centralized archangel. The power is in the proper place. Proper place. In the hands of the children of God.

Let's go to that rally yesterday. Bring up those slides guys. Yesterday, we had a wonderful rally on the Second Amendment; and, folks were out there as they did their "March for Lives" thing paid for by George Soros, and these Leftist organizations that are pumping in millions of dollars, you know, using the public schools, using the teachers. I mean, the teachers will tell the school students, "You don't have to stay in class. You can leave voluntarily." Yes, so if there's some other things, kids can now walk out of class, they won't be penalized, they won't get no detention. They won't get nothing like that.

Isn't that funny? If you walk out of class, that effects your attendance, I thought if you walk out of class you're going to get DD. You know, what is it? Disciplinary Detention. At least that's how school used to be; but, now if you have a Leftist march, which is all about publicly announcing gun control, even though guns are an inanimate dead dumb objects that can't do anything by themselves other than sit there collect rust and become useless, unless you do that, and you miss school, you're fine. You're totally fine. It's ridiculous. Absolutely ridiculous!

So, the march was organized by Lesa here and Family Firearms Association. How amazing was Lesa yesterday, folks? How amazing. You guys came out, too. Big round of applause for everybody came out to defend guns. Thank you everybody for standing up. You guys are patriots. We're proud, because Sanctuarrians are patriots. We are patriots; and, they want to call us bigots, they want to call us a cult members, they want to call us hate speech mongers, and they want to call us White Supremacists. Hello! Did you see her? (Lesa) We got like 80% of the people, eighty percent are like Asian here. What are you talking about White Supremacists. I mean these people are smoking crack, or something. I don't know what they're doing. They're definitely on meth or something. I mean, come on! She came on stage, and she said, "They call me a White Supremacist." There's a Black woman, who was part of the Black Panthers, okay. Golly! Give me a break!

So, all the pictures came out, a nice group of men and woman out there. All of you had wonderful signs, amazing signs. Do we have some pictures of the signs, guys? Let's get some pictures of the signs that were there. "Your responsibility to protect Yourself & Family, not the Government." Okay. Very nice. What was the other one that Mariko-San had? That was a good one. "A Woman's Right to Choose. Hand's Off!" I like that. Yeah, they want to take away the woman's right to choose. They want to take away your womanhood. They're trying to take away your right to choose.

There's Jack. Jack did a great job. He did a wonderful job. Yeah, a nice little gathering. They were all gathered in front of the Court House there. Did you see the "Honk for the Second Amendment" sign? Everybody was honking. Did you see all those honkers? People honking. That was wonderful. They tend to be in pickup trucks and Jeep Wranglers. Did we see some Subaru's, did we see some two door cars honking? They're a problem.

“Free People Own Guns. Slaves Don’t” That’s right. Lesa made an amazing point. She said, “The Black slave plantation was a gun free zone.” Dang! That’s what she said. She said, the slave plantation was a gun free zone. The Blacks could not own guns, and the White Supremacists could.

“What should we do to prevent another mass shooting?” “Shoot Back,” says Charlie Brown. That’s what happened in Maryland at a mass shooting. How many guys could that guy have killed, or what he said; but, the news didn’t cover it, because it wasn’t with an AR15. You see that. 80% of the school shootings are with hand guns. Did you know that? Eighty percent. But every single news show says, “Oh, the weapon of choice. The AR15. For mass shooters, the weapon of choice. It’s the weapon of choice. The weapon of choice. The weapon of choice.” It’s eighty percent hand guns of mass shootings are done with hand guns. You know how many people you can kill with a hand gun? Many. And that crazy lunatic in Maryland tried to do it; and, he got shot.

Dang gone! “We Need Criminal Control.” Look how handsome and beautiful are people look? You see, patriots look beautiful and handsome. They got fire in their eyes. They got Holy Ghost in their belly. What was that. CBS, ABC, all them were out there.

“Black Guns Matter.” Look at that. Lesa said, “Black guns matter. Power!” “Free People Own guns, Slaves Don’t” Okay, there you go. “Gun Control is Racist!” Look at that. They hate it. They got Latinos holding racist signs. They got, you know, Asians. They got, you know... I mean, we were the minority representation there, which is good. That’s good. Look at that. Wonderful signs.

“Honk for the 2nd Amendment.” There you go. There’s some cultists right there. “Honk for the Second Amendment.” There you go. There was a lot of people honking. Wasn’t that nice. All the good folks honking. Wow! Look at all those White Supremacists, who are not White. Look at him? He must be a terrible White Supremacist. Look at him. That brother is totally White. Oh, come on!

“Taking my guns won’t make you safe.” “AR15 – Armalite not an assault rifle.” Taking my guns won’t make you safe. “AR15- Armalite not an assault rifle.”

Whoa! Now, that’s a White man. Do you see that. There is, there was a White man there; and, he held an American flag. Do you see that. Do you see that? That’s the problem with this nation, okay. But, I mean, that’s what you get, folks.

A nice rally; but, at the same time, you saw on the other side of the street, you saw, you know, the whole motorcade of people with their pink hats, you know, “NRA is racist. NRA, you know, is murdering everybody.” I mean, the NRA is made up of 5 million people. It’s not a monolithic entity like some kind of Goldman-Sachs, or something. It’s a coalition of people, who stand up for the right values, the same value of freedom and sovereignty. Okay, let’s get back to that.

So, what’s in this situation? There’s a new video by “Vice” on HBO. Very Left leaning. Very, very Leftist, but they’re covering a Christian school this time. A Christian school in Albuquerque, New Mexico, who said enough is enough. We’re not going to have our kids die. Let’s see what’s happening in that Christian school.

YouTube 1:24:56 to 1:37:58

(This is a story of a Christian school in New Mexico, who is run by a couple, who’s husband is a retired State Trooper. The school has about 250 students and 20 teachers, with at least 5 loaded concealed

carry hand guns. The Superintendent (Husband) and Principal (wife) believes in concealed carry for the teachers or staff of the school. The wife is also familiar with hand guns. Everyone of the teachers have training in the use of firearms., just like a storm or nuclear war. They are getting ready for an armed maniac at their doors.

The Superintendent, who is also a Pastor, walks in with a fake rifle, while the children learn to hide. All the children are taught not be curious, or talk, or stick their head out, etc. The school has been there for twelve years. Even the students are trained in the art of self-defense, including how to use firearms, both hand guns and rifles. The students say they feel much safer. The students learn to defend themselves, which they believe should be done in all schools. Clearly, they are firm believers in the Second Amendment.

The adversaries say, they are teaching the children to become vigilantes. This is something that should be done by professionals, who have prior experience; however, the school says all those who carry concealed carry weapons have prior training, either by being part of law enforcement, or were part of the military in the past.

Over all, despite the fact that HBO being Left leaning, the program appears to be positive towards the school run program.)

And that is New Life Baptist Church in Albuquerque, NM, folks. They are training their kids. You know, I didn't think about it. They're really developing their brain function, their proper amygdala function brain growth, understanding that there are predators and evil in the world, and you have to fight back. Predators don't stop, when you surrender. They get harder, right? And so this school is setting a great example. These kids, they're basically learning martial arts training from a young age. I mean, these kids are definitely getting different epigenetics unlocked at a young age. They're going to become deathly protectors as they grow, not just developing your brain in reading and arithmetic. They're not schools just about that. You're used to have in school firearms training in the United States of America; so, that kids can learn about gun safety. And they're talking about schools being some of the safe places now. Ever since they enacted the "gun free zones" in the United States, the school shootings have what, tripled? You covered them yesterday, right? 300%. Tim gave the statistics yesterday during "The King's Report."

So, the reality of the situation is for kids ever becoming a growing reality as mentally ill people, or people for ideological reasons as they do in Southern Thailand from radical Islam attacking schools. That's why Israel has allowed the teachers to be armed. That's why Thailand, yes, Asian people can fight back, too. Allow the teachers to be armed; and, in America now, more and more private schools, etc, they're coming to the reality that the only way to stop that kind of evil deranged lunatic is to put him down. You not going to that by, you not going to that by talking or hiding under a table, cause he's going to come like he did in Parkland.

So, this is important to understand, cause in the Kingdom of God, and traditionally in Christianity we're taught when the Kingdom comes, when Jesus comes, sin is going to be wiped away. All evil will disappear. How many people heard Preachers talking like this? Oh yeah, you all heard it.

When Jesus comes back, there's going to be no more sin, no more evil. All the tears will be wiped from your eyes. Ooh, the problem is, you're not reading your Scripture, cause Jesus is here for one thousand years. That's call the Millennial Reign. Revelation 20: 4 and 6. He both says, "You must live and rule

with me.” From 7 on in the Book of Revelation Chapter 20, he talks about the war of Gog and Magog. It happens one thousand years after he has started his Kingdom on Earth.

Now, if there’s no more sin, no more evil, how in the world does the war of Gog and Magog happen, when that’s when Satan comes from the pit, and he gathers all these wicked people, and the Bible says from the four corners of the Earth, and there’s as many as the sands of the sea? Now, how is that possible, when all evil is gone and all sin is gone? No, because Jesus is the same today, yesterday and forever; and, the God of Eden, who created all creation, and gave Adam and Eve free will, still gives free will when His Kingdom comes. He doesn’t take it away and become a different God all of a sudden. “Yes, I want robots now. I don’t want any human interaction. I want robots.” He doesn’t become a different God.

When he comes back, the power bounds have changed. The Rod of Iron is given to the good people. Wickedness is punished fast, from the local level, with first responders right there. The government doesn’t own land. The people inherit the Earth. They are the sovereigns and the owners; but, there’s still evil. There’s still a potential for evil, because there’s free will; and, as long as you have If you have free will, you always will have people that can and will choose to love God, and choose to hate God. You will always have people who will choose to disobey God. You will have people who will choose to do bad things; but, the power of balance is completely shifted. The power of balance is in the hands of the people; and, so evil and wickedness and criminality and deranged lunatics get punished very quick, very fast, very hard by good people.

Look at this brief video by T-Rex Arms real quick going over why, historically, the US has the right to bear arms. Very important. Go ahead. T-Rex Arms.

YouTube 1:42:58 to 1:50:11

(This about the Second Amendment and explains the meaning of the right to bear arms. The person expresses this in terms of weapons of offense and defense, and include arms such as rifles and swords and body armor. At Lexington and Concord, the Americans fought the British off all the way back to Boston, because the British tried to take away a cache of weapons and gun powder held by the settlers. These were regular local people, not a national army against the British Army. The Americans that bled and died to preserve the right to bear arms considered it to be given by God, and that it shall not be infringed. The founding fathers believed that all men between 18 and 45 should keep arms at the ready. It is a question of power. Does this power belong to the people or to the government? This power belonged to the citizens, not with the federal government.

“The right of the people to keep and bear arms shall not be infringed A well regulated militia, composed of the body of the people, trained to arms, is the best and most natural defense of a free country.” James Madison, author of the Bill of Rights.)

There you go. Very well put. Very well put. And, you saw it right there. Mao Zedong right there. “All power comes from the barrel of a gun.” And that’s why all the Leftists and the Commies always want to disarm you, and take away your guns, so you have no real power. You have no power to challenge evil. And you have to live under the North Korean regime, or you have to live under the Chinese Communist regime, or you have to live under the Iranian regime, and you have nothing you can do about it. You have no power.

No, but you see, in the Kingdom of God that gets reversed, folks. In the Kingdom of God, it's those who are coheirs with Christ. It's that with the Christian culture. There the ones who get the political power; and, they rule with the Rod of Iron, not for tyranny, because Christ's Kingdom won't be a tyrannical system. It won't be a centralized system. It will be a system where the poor in spirit will inherit the Kingdom of God. Those who are humble and oppressed will inherit the Kingdom of God. Those people who attritioned as slaves, as serfs, and as paupers, they will inherit the Kingdom of God. You will rule with Christ, with righteousness, with goodness, with peace and justice for all, and forever.

Mao Zedong is dead; but, his Commies and the people that worship him, because they worship the power of the state and the selfish immorality of the state, these Leftists and these Neocons, they are complete whore-mongers to power. That's all they want; so, they can have their little banquets and little parties with champagne and wine, have their little unaccountable stealing parties that they steal from the taxpayers. This is the end of Satan's Kingdom, when God's Kingdom comes, and those kind of wicked, wicked licentious devils cannot rule anymore.

But the righteousness, that doesn't mean you're perfect. It doesn't mean the people of God are flawless; but, it means that the majority of the power, the political power stands amidst the people, because the people are no longer slaves, no longer serfs, but they're coheirs with Christ. Heirs of God, God's children, sons and daughters, who will inherit the land, and rule with righteousness and justice for all.

Alright folks. **Cheon Seong Gyeong 205**

The one who rules this world is Satan. This world is, first, a world centered on Satan, second, a world centered on false parents, that is fallen and evil parents, third, a world centered on evil children, and fourth, a world centered on evil nations. The spirit world and the future ideal world must reject this.

Alright folks, let's give God the praise. SOS, come on up; and, let's lift all the praise to Him. Amen-Aju!
