

Alright, let's get back into it. Alright, folks, this is an insane time. It is extremely frustrating. Just for the last two weeks, it's been like an incredibly heavy spirit, and I got injured; but, I don't think it's because of that. But just this has been such an enormous spirit, this incredible spirit of Satan trying to fight back and rear it's ugly head, and destroy anything that's good.

But, we're looking at the Rod of Iron Kingdom 12 here. Oh good, you got it in. Thank you. Alright. And for anyone who doesn't know, and for all of you here have seen it millions of times; but, it's just the reality of seventy to eighty percent of Christians don't look at their Bible, okay; so, when we talk about Gospel, we're just hearing what Pastors or Precepts told us what the Gospel is. We're not looking at how Christ himself defines the Gospel, and that's why it's so important when we're looking at this whole Scripture study on the Rod of Iron Kingdom, why am I calling it the Rod of Iron Kingdom? Because that's the way he describes it, okay.

It's like unheard of in the Christian world. It's just unheard of. It's incredible, you know what I mean? But, it should surprise us, because those are all the preparation times for the period of time up to the Lord of the Second Advent; but, here that's incredible what's happening in the world today. Will get into that as we keep going, okay, today?

But, let's briefly go over our Scriptures here. We see here very quick, everything for Christ is about the Kingdom. The Kingdom, the Kingdom, the Kingdom. He says pray everyday. Look at this, Matthew 6 here. Prayer first the Kingdom of God and his righteousness. Seek that first, right? He prays right here in Matthew 6 right here: Your Kingdom come, your will be done, It's all about the Kingdom. All about the Kingdom, okay.

**Matthew 6:9 "Our Father in heaven, hallowed by your name, 10 your Kingdom come, your will be done, on earth as it is in heaven. 11 Give us today our daily bread 12 And forgive us our debts, as we also have forgiven our debtors. 13 And lead us not into temptation, but deliver us from the evil one.**

**Matthew 7:21 Not every one that saith unto me, Lord, Lord, shall enter into the Kingdom of heaven; but he that doeth the will of my Father which is in heaven.**

He gives a warning, too. Matthew 7:21 Not all that say Lord, Lord, Lord will enter the Kingdom. Remember that? So, all the Christians out there, they're so confident they're going to go in Jesus' Kingdom; yet, they're running, they're helping to run state Socialism, helping Communist powers, and helping, you know, the wickedness and evil of Political Satanism. They're going to Hell. They're not going to the Kingdom. They're helping the manifestation of Satan's rule on Earth. They're helping extend and exploit and further Satan's aims. They're not going to enter the Kingdom despite their competent things. "Oh, yes, you're a cult. Oh yes, we're so confident in Jesus Christ." Look what he said to them? He said, not saith unto them Lord, Lord shall enter the Kingdom of God. You have all those Christians out there thinking, "I'm going to the Kingdom. I'm going to Heaven. I'm going to Heaven; yet, you're sponsoring Socialism; yet, you're sponsoring and supporting the top pedophile networks; and, yet, you're sponsoring and supporting the most wicked systems that always enslave and entrap and ensnare. You're choosing death. You're choosing death for the world.

You have problems with the Body of Christ. They have not, they do not know what the Kingdom will look like. They're so confused; and, that's why, of course, when the Lord comes, he will establish his Kingdom, he will judge evil, and he will become the Bridegroom. Those are the biblical responsibilities of the Lord of the Second Advent, okay.

So, that is a warning for all those who are so confident they are going to the Kingdom, while they sponsor and support Political Satanism. Give me a freaking break. Oh my Lord have mercy. It's like the Church in Pusan this week. One guy was challenging the Minister, "Okay, you think the Han Mother, when she goes to Spirit World, you think she's going to be in the same place as True Father in the Spirit World?" And, the Minister himself had to admit, "No, no I don't." Yeah, yeah, they had to admit it; and, just because this guy, he wasn't a very nice guy. We got the report this week. Rev. Lee, he gave it to us on Thursday; but, the whole Church, the whole Church was there.

It was done in a very cordial way; but, he asked him like very cordially, "So, do you think the Han Mother will be able to go to the same Spirit World as True Father?" And the Minister himself, he said, "I have to think about it. Probably not." Okay. And then all the members were like, "hmm," you know. And Pusan, that's a pretty big Church, okay, down there; and, then they were saying, "Okay, well he asked the Minister very nicely. He said, "Okay, so if you are following somebody who you admit when she goes to Spirit World, she's not going to be with True Father, then aren't you following somebody to like Hell, I mean like out of your own admission?" And, the Minister basically had to say, "I guess so." You know, and all members are there; so, they start talking, "Oh, yeah, so what shall we do?" So, there was a big discussion going on. "So, what shall we do? What shall we do, you know?" And so they said, "Well, we can't follow Preston, because we know he's going, he's not going to a good place, okay. We can't follow Preston. Who else is there? Who else is there? Who else?" So, there conclusion was, "Well, at some point, we're going to have to follow the Second King." That was their conclusion, okay.

It's ridiculous. I mean, there's a problem, okay. So, that's one microcosm example; but, at the larger level it's like, how can you be so sure as a Christian, and you're in a Socialist Church? Think about it. Christians have to think about it worldwide. You're getting a Socialist message from your Pastor or Priest. I mean, completely Socialist message. You know what that creates. You call yourself Conservative. You know what Socialism creates. It creates Hell on Earth. Look at every single modern example. You know that it's fundamentally immoral; yet, you're just sitting there listening to your Preacher talk about Jesus as a Socialist or a Communist. You are insane. And, you think you're going to the Kingdom? No! You're following a false doctrine; and, you're following a false Jesus. So, don't be so confident. It's right there. Not everyone who saith Lord, Lord will enter the Kingdom.

And, you know, it's like this whole thing. You want to call us a cult, because we're smaller than you think. You think you could stomp us out; but, who's the one looking at the Scripture? Who are the ones who are say, "No. God character will not change the Kingdom, because that's what the Bible says." He not going to all of a sudden rule as a tyrant. He's going to have a system in place. He's going to have a Kingdom in place that will create the checks and balances, but that still will be reflective of His nature as the same God that was in the Garden of Eden. You name it. He's not going to take away free will, cause that's gonna screw up everything then. We might as well be AI. (Artificial Intelligence) and robots. That's going to screw up everything. Then we're not human beings anymore.

So, normal Christians, who are just going to Church because of traditions. You're just going on Sunday, because your Ma went there, and your Grandma went there. You got to really think clearly, especially if you're getting a Socialist message from your Church. You have a state-run church. You have a Church that cannot confront the empire with the Gospel of Jesus Christ, and you are following a false doctrine.

Your Church can be involved in saving the African children, and saving the Syrian children. Do all those sort of activities you want; but, if you're following the wrong doctrine, and you're fighting for the wrong civilization, which is satanic, and you know it, because you blamed the Left and you taunt the Left freaking day saying you're Conservative. Well, why do you think when Christ comes, it's going to be a Leftist Kingdom? What kind of hashish are you smoking? Give me a break. Totally absurd. Totally ridiculous!

But that warning is important, and you know, that's the warnings they always throw on us and say we're a cult, and we don't want to agree with Socialist Christianity, and we don't want to put a Communist message out, and we don't want to say the deep state wonderful and Hillary Clinton is god. We're the cult. No, it's all these little glitterbug Churches, and all these Christian Priests and Pastors that are out there tricking the public. Telling and indoctrinating them through a Christian nice language and message to become a Commie. What do you think these Communists in China; you can teach a "Christian Gospel;" but, it has to be Communist? That leads you to Hell. Christ didn't come here to bring the Commie system so Mr. Xi Jinping can feel like a boy with his little Emperor's reign. Give me a break! Ah, Lord have mercy!

**Matthew 10:17 And as ye go, preach, saying, The Kingdom of heaven is at hand.**

Matthew 10 has well: Look, Jesus said, go and preach the Kingdom. He said, "Go and preach the Kingdom. Luke 4:43. It's amazing it's even more clear.

**Luke 4:43 And he said unto them, I must preach the Kingdom of God to other cities also: for therefore am I sent.**

That's what Jesus Christ himself said. I sorry you don't read your Bible; but, that's what Jesus Christ said. Okay!

**Matthew 4:23 And Jesus went about all Galilee, teaching in their synagogues, and preaching the gospel of the Kingdom, and healing all manner of sickness and all manner of disease among the people.**

In Matthew 4:23 Jesus went about preaching what? The Gospel of the Kingdom, the Gospel of the Kingdom, the Gospel of the Kingdom. He didn't go around preaching the Gospel of the Crucifixion, and the Death, and Burial, and Resurrection. He did not go around and teaching that Gospel. He taught the Gospel of the Kingdom. Oh, and don't point to the Scripture, "Oh, I teach you parables..." Yes, he's not saying he's teaching a different doctrine to the mass, and a different doctrine to the disciples. He's saying he's using metaphors; so, that the general public can get a glimpse of the Kingdom. He not saying he's teaching, "Oh, yes. I'm teaching the Gospel of the Crucifixion to my inner core; but, to everybody else, I'm going to teach the Gospel of the Kingdom." That's such a stupid ridiculous argument.

Christ himself says he's using symbols and metaphors as to explain the Kingdom of God. He didn't saying he's using symbols and metaphors to teach a different Gospel – namely a Gospel of the Crucifixion, Death and Burial, and Resurrection. But, this is what you get 99.99% of all the Churches you go to; and, it's no surprise to why they don't believe an actual physical Kingdom will come, even though in Matthew 6 said pray. Pray, pray, pray! When you pray like this, "Thy Kingdom come, thy will be done on Earth as it is in Heaven;" yet, you have major denominations. Major like the Catholic massive mega pedophile Church, or you have the Baptist, the Methodist. Sorry, not the Baptist, the

Methodist, a major mainline evangelical organization. They don't believe a physical Kingdom is coming. What the heck Bible are you reading?

How do you explain the Book of Revelation? How do you explain all the prophecy from the Book of Daniel? How do you explain all those things? Give me a break! Their smoking, they're some type of thing up their caboose, cause it's not coming from the Scripture.

**Mark 1:14 Now after John was put in prison, Jesus came into Galilee, preaching the gospel of the Kingdom of God,**

He's preaching the Gospel of the Kingdom. The good news of the Kingdom. It's the good news of the Kingdom, cause if you know where the Kingdom is, you understand the Kingdom of God and the Constitution, oh my gosh, it brings so much solace to your heart, for those who are down and trodden and poor in spirit, the poor and oppressed. If they understand the power of the Kingdom of God and the Constitution of Cheon Il Guk, it will give you so much rest, right? Jesus says, "Come and bring your weary and downtrodden. I will give thee rest." Matthew 11.28

See, this is what they're scared about. Socialism, Communism has the power to lure in the masses; especially those who are poor and impoverished and oppressed; and, then they wage war by using class warfare to help them centralize power, to then become the super elite class, and to then rule over the very people who helped them get their power by voting. They give, they screw you up, they give you a massive screw job after they lulled you in. They disarm you, they make you weak, they dumb you down, they get you to help them to centralize power, and once they get that power, you're under house arrest, and you're under military martial law arrest. Great job!

That's where the poor and oppressed fall into those tramps, because Socialism sounds so good. "Oh, we're going to bring equality. Oh, we're going to get rid of those rich people. Oh, they're the ones who want to help me steal their money, and I'll give a little bit to you. Well, that's just simply called organized crime. Okay, that's organized crime, which is of course, the immorality of government is organized crime; but, if you understand the Kingdom of God and it's Constitution, and you look at it's Constitution, you'll understand.

This is what's so scary. The Gospel of Kingdom sets off like wildfire. Guess what, it sets off like wildfire in the parts that are poor and oppressed. Look at the early Christian Gospel spread amongst the poor in classes. Did you know that? The slave and serf classes. This is where it was spreading. It was spreading under the rule of the Roman Empire to the slaves and the poor. They found hope in a Kingdom that would come; and, they wouldn't have to live as slaves and serfs anymore. Do you understand? Okay.

But, this is why the Left fears the Gospel of the Kingdom, which is now being released through Father's Kingship; and, of course, the Rod of Iron, because why? It has the power and potential to being able to give so much power and encouragement and vision to the poor and oppressed. That they no longer have to be slaves and serfs, and that in the Kingdom of God, they will become Kings and Queens, not for any glory, not for an ego trip, because guess what? It's not going to be centralized. We're going to have the rights of Kings, we're going to have the rights of private property, and freedom from taxation, and the right to bear arms, the Rod of Iron.

So what happened? Even though we have big masses of those who are poor and are oppressed in the slave classes, and they understand the Gospel of the Kingdom, they can't be manipulated and become

wicked and evil, and vote for Socialism and Communism, because they know that in the Kingdom, all of them will have the Rod of Iron, which is what? Becomes the balance of power, right? Becomes the balance of power on everybody, on everybody. It keeps the balance of power on everybody. It keeps the checks and balance on everybody; so, nobody... everybody who knows about the Kingdom of God, knows that in that Kingdom, the coheirs with Christ, and with Christ's Kingship, will rule with a Rod of Iron. But, you can't be like a tyrant, because you will be wiped out. You have to be honorable, you have to be moral, you have to be perfect as your as God is perfect, as Scripture says.

The decentralization of the use of force is a balance, and the check and balance on everybody; and, that's why it helps to be courageous and desensitizes good morality and good behavior. It helps you. It helps you to be honorable. It helps you to give the healthy pressure, right? You need good pressure to make good rice, right? How many people cook rice? You need some pressure to make nice rice, right? You can't do it without no pressure. You got to have pressure. In the same way, there's a good type of pressure, which helps us become good, and that is when we know we can't exploit other people. Why? Because everybody else will have the Rod of Iron to kill us. You see that? So that's a good pressure. So, when any human being with fallen nature with the intention to want to exploit feels that desire, they'll immediately be confront with the reality that they will lose their life if they do something. Do you see what I mean?

So, that check and balance on everybody is what keeps everybody incentivized to do good, and incentivized to want to be moral, and to keep promises to treat people with love and patience, etc.

So, that's the big difference. The Gospel of the Kingdom has the power to bring in those who are in the slave classes and the serf classes, and those who are downtrodden and oppressed. It has the potential to spread like wildfire, like the Gospel of the Kingdom. Jesus described his Gospel as the Gospel of the Kingdom spread like wildfire in the early Church. It has that potential. That's why they fear us. That's why the BBC wants to do a documentary about us. That's why they're interviewing our people right now. They fear this Gospel, because if this sets fire in the brushfires in the hearts of the minds of men and women, and wakes them up to their true identity. Not that we become gods, but that we get to serve the living and true God in Christ, which has the living lineage and blood line, and we get to become Kings and Queens in; and, we are liberated, and completely released from the serfdom that have plagued our ancestors from the Fall; but, at the same time, with all that, we recognize the corruptibility of man, and so God by His grace has given the rule of the Rod of Iron to keep the checks and balance on our own corruptibility, so that we could stay reflective, and stay self-reflexive, and stay within an ability when we could be honest, and we can still be good people by keeping each other, each other, on the right and straight and narrow path. Does that make sense? That's why it's such a great blessing, it's such a great blessing to have the rule of the Rod of Iron.

Okay, so look, it's like I read these Scriptures, and it's like the next minute, it's like your brain wants to forget it, because we're just so indoctrinated, that the Gospel, the Christian Gospel, must be the Crucifixion, the Death, and the Resurrection. Those are all incredible things for salvation; and, God used them to save millions of people, yes; but, that's not the Gospel as Jesus Christ taught. Look? Look at the dang Scriptures? I'm showing you the Scriptures. I'm not making these up. I'm not writing them for myself. I'm showing you the damn Bible. This is what's so frustrating. This is what's so damn frustrating. It's such ridiculously frustrating. Look, I can't laugh properly either, okay. It's like ridiculous. I'm not making this up. It's in the dang Bible. Look at it right there. It's right there. Alright.

**Mark 1:15 And say, The time is fulfilled, and the Kingdom of God is at hand: repent ye, and believe the gospel.**

He's not teaching a secret Gospel to his disciples, and to a couple of his speeches, and another secret Gospel and Crucifixion to some other group. He's not doing that. The good news of Jesus Christ is the good news of Christ, and he defines it as the Gospel of the Kingdom. The reason why he was sent was to teach, to preach the Gospel of the Kingdom. Look at that. Luke 4:43 right there.

**Luke 4:43 And he said unto them, I must preach the Kingdom of God to other cities also: for therefore am I sent.**

**Matthew 9:35 And Jesus went about all the cities and villages, teaching in their synagogues, and preaching the gospel of the Kingdom, and healing every sickness and every disease among the people.**

**Matthew 24:14 And this gospel of the Kingdom shall be preached in all the world for a witness unto all the nations; and then shall the end come.**

And that's what they fear so bad. Now, we been telling you, it's going to get worse before it gets better, even though Trump has come in office, and he has been able to turn things around, pushed back a lot of this evil internationalism and this globalism that the elites have been strategically implementing in America for the last twenty, thirty years, okay. From the highest level of power, to the Council of Foreign Relations, all the way down to the universities, they have controlled the systems of indoctrination; and, they have continually pumped in a Socialist message to all the generations from the sixties, really, even beyond that to FDR with the welfare state, etc.

They started with all these different things. Centralized more power. 1913 with the Federal Reserve Act was also about centralized power. Just slowly they take over. The big one is banking. Then they take over welfare, right? That's a convenient way for government to take the credit for the good work you and I do to help other people. You see what I'm saying? That's how they steal your credit. You do the work of helping other people; then, they take the credit for it. That's what the welfare state is; and, it screws up families at the same time, okay.

And then of course, instead of reforming education, it's the whole intelligence gathering induces. It's taking your children, separating families, increasing divorce, right? Making it so hard to compete that both parents have to work that you have to raise your kids in daycare centers, which are usually run by a government state sponsored message, if not actually run by the government itself, and they take your kids, they take away your marriage, they take away your family, they take away your joy, they make you compete in ways you don't really need to compete, right? They make men and women enemies. They make all the different classes and races, white and black, and all that, fighting against one another, so they can split everything up, and take it over.

In the end, what is it? It's like in the end, they are promoting some grand incredible new idea. No, it's a pathetic, ancient, totally failed organizational system every freaking time. All it is, is Socialism, Communism, and ancient forms of feudalism, etc. It's all the same stupid stuff. They want a position, so that young people think that we're some new and trendy. We're the new and modern age. You're an idiot. You're going back to the freakin' dark ages, the middle ages in terms of the political governance. What the hell you talking about? You got some new era. You're going back some ten thousand years. Give me a freaking break. Absolutely ridiculous. Okay.

But, it is incredible. That's why when they hear about the Rod of Iron Kingdom, first of they think, "What the hell is that?" And when they hear about it they think, Holy shish-ka-bob, that's a bad

Kingdom. We don't want that. We don't want that kind of Kingdom to spread around the world, where the citizens can have the rights of Kings, we have rights of private property, freedom from taxation, the right to defend our property in our Kingdoms. The right to set up our own free association of business without stupid permits and certifications.

You know how much money they steal from that? I mean, look at that. Somebody like Earl. He's like a professional organic farmer and all that. He's got to go through all these stupid ring holes, all these stupid certification process, whatever it is. I mean, anybody, you try and start a small business, they make you get this or that certificate. You basically got to go through their system, get their little stamp, pay them thirty, forty, fifty, sometimes hundreds of thousand of dollars to get that stupid license. What a total scam job.

Those are all your skills, by the way. If you're a good doctor, if you can heal people, people come to you. It doesn't matter your certification list, process, whatever. If you got a bad record, people are not going to go to you. I don't care what college you graduated from. Everybody comes to your hospital and died, nobody's going to go there no more. We rather choose an acupuncturist who has no freakin' degrees, and learned how to do acupuncture on prostitutes and jail people, criminals, who actually can heal people. I know a guy like that in Korea. That's why I'm saying that. He literally practices acupuncture, self taught, on prostitutes and people in jail. Not that he was a prostitute or buy prostitutes or something like that, but that he was doing acupuncture, and he's so good. The guy is so effective. The needles are massive, and they're thick, and they hurt like crazy; but, they're super-effective.

Trust me, I'm not a sadomasochist. I don't like getting stabbed, okay. I don't like it; but, if I have more pain, and I can't get rid of the pain, stab me with it, stab me. I get more pain, but do with the needles what you got to do. Do you know what I'm saying? I don't like it, but I'll take it. You know what that means? It's like, if you can heal the person, then people can go to you. How stupid, you know, Vanderbilt University, Harvard Medical School, whatever the degree, does not make you a healer. Give me a break!

Isn't it funny that over forty thousand per year die in hospitals, one of the highest death rates. One of the most likely places you'll die is in a hospital. 40,000 per year. Can you imagine. Can you imagine that if any other industry, like if you have a doughnut shop like Dunkin Donuts, forty thousand peoples dying by eating Dunkin Donuts? Can you imagine the outrage, or whatever? It's like crazy. There would be some type of reporting about it; but, it's like ridiculous. People have to be able to find and search for themselves, and explore alternative medicine, and stuff like that. God gave you those alternative medicines. Asia's been using it for five thousand plus years. Stop trying to ban it, You know what I mean? It's ridiculous!

So the Kingdom, the Rod of Iron Kingdom. Boy, they hate that. They hate that. I know when the BBC comes, and they'll do a documentary on me, I know they say, "Well, you said some very mean things about our Queen." I know they're going to say that. They are going to ask me about, "What about your statements about the Queen of England that's being a vampire and eating babies?" Watch, I know it, I know it. I know they're going to try and do that. "You say our Queen, and Prince Phillip's, and what's his name, William's, and yes, Prince Phillip's, Prince Charles are descendants, they're descendants of Vlad the Impaler, and Count Dracul," which is true by the way, and they admit it. They admit it. This is what's so ridiculous. I showed the clip of Prince Charles on the freaking BBC in an interview walking in a ridiculous garden with all those English hedges. You know, with all those prim and proper hedges. I showed the clip, and he said, "Oh yes, I'm a descendant of Vlad the Impaler." I mean, it's like ridiculous; but, I know they're coming for me, cause they're going to say, "Oh, you say this about our

Queen. It's deeply insulting and inflammatory." Well, what's deeply insulting and inflammatory is the child trafficking you reported on with Jimmy Savile and the Royal Monarchy, too, for fifty, what is it? Forty years? So was he top Parliamentarians. That's deeply inflammatory that you're not reporting on that BBC. I can say what I want about your Queen of England. She's a false Queen. The House of Windsor, they're not even British. They're German for Christ's sake. Oh my goodness; but, you know the BBC, they want me to be impressed. "Oh yes, we're the BBC coming to interview you. "Oh, would you like me to do some bows for you then? Am I supposed to be worshipping you coming?" "Oh yes, we're the BBC." I'm not impressed. So what! They're going to have this clip in the documentary.

Oh yes, there you go. The Rod of Iron Kingdom. Why does make them so freaked out? They're so worried, because, if Christians could wake up, if the Abel type Christian Realm could wake up, and if they get connected with the Rod of Iron Kingdom, which is by the way, is which the way Jesus Christ himself describes the Kingdom in the Bible in his rule, all we're doing is showing you that from the Scripture. Okay.

Boy, if Christianity started getting a whiff of this, and started realizing, "Oh my goodness. We have to start being in the Rod of Iron Kingdom." that's the Kingdom. If they start realizing that, and they understand what the Rod of Iron is, oh my goodness, it's over. It that started spreading in Poland, in Eastern Europe, Slovakia, in place where it can spread, like in parts of the US, in Latin America, in Brazil.

We had an Argentinian documentary team come here. I thought the guy was a little liberal trendy. He had his little camouflage jacket, he was a skinny little thing with a gold chain on, walking around with a little beanie hat. You know, his hair is down, and wearing you know with his hair down thinking he's stylish and cool; and, he's walking around. I'm thinking, "Who is this tadpole walking around here with a camera crew, right?" and then, we sit down, and the guy is like, he's super-excited. And, then we get a talking, we get the interview done; and, he's talking about people who read this. This guy loves the idea. He want Second Amendment rights for his Argentinian brethren, because every 36 hours a woman is raped in Argentina, and they can't do crap about it. The houses are raided and robbed, and I asked him, "Hey, your politicians have guns, right?" And he said, "Yes, they do." I said, "Your politician body guards have guns, right?" He said, "Oh, yes they do." I said, "Your criminals have guns, right?" He said, "Yes, they do." I said, "You're the only ones without the Rods of Iron. You see that? You see, that's the problem;" and, they recognize it, because they're living in, you know, total fear.

They don't know when they're going to be broken into. If there's a single mom with three kids, I said, "How the heck is she going to defend herself against three armed men coming in? What is she going to do?" And what the guys were saying, what these guys were saying is, "If they break into her house once, they know they can break in again; so, they'll do it again, and this is Latin America's experience all over." Well, they'll start again, wait for the Rod of Iron Kingdom. Whoa, Lord have mercy!

You know, like those Chiapas farmers. Oh yeah, in Brazil there's like a new guy who's coming up. He's talking about the Second Amendment stuff. If these people can understand the Kingdom of the Rod of Iron in the Chiapas farmers is it down there in Mexico, there is a certain area in Mexico where actually they're arming themselves, illegally, cause everything is illegal there; but, they're saying, "Screw it. I don't care. You know, the cartels are running around here. The government is run by the military. Screw you. I'm going to arm myself;" and they are the villages that are getting armed, and there was, what was it? Last year they actually fought out, they kicked out the cartels that were run by the military. They defeated them. It's like a little militia. The government sees them as illegal, but so what. The

American founding fathers were seen as illegal by British Throne. Don't forget that, okay. George Washington was seen as a domestic terrorist, okay, to the homeland of Britain.

What is it? "The sun never sets on British soil." But, if those people start getting a whiff of that, how oppressed are they? I mean, we're talking about they were oppressed; but, yeah we're nowhere near what they're encountering in Latin America. Oh my goodness, those people are oppressed; and, if they start getting a whiff of the Kingdom of the Rod of Iron, they say, "Whoa! This is biblical." They start reading their Scripture. They say, "Yes, we know Father Sun Myung Moon is the Lord of the Second Advent. We believe that, and we're going to stay," oh my goodness! Holy shmita. You imagine if that? This is what they fear so bad. They fears this so bad, because they know from this fruit will create a Kingdom, which they cannot thrive in, with the predators and psychopaths cannot thrive in. Not possible. Not possible.

So, they just freaked out. They just fear, they just fear so bad. That's why their panic state, think about that. They're going to smear us, and just look like total wackos. They spread the news over the whole globe, okay. After one event, two days, the news of the Rod of Iron Kingdom, at least whispers of it, spread to the whole globe. Well, what about next year when it gets bigger? What are they going to do then? Shish-ka-bob! Oh man!

What are they going to do when we had Church? We had three Christian Ministers Blessed in that Blessing, who are now starting to educate their Churches in the Rod of Iron Kingdom. Shish-ka-bob! What if that becomes thirty Churches? What if that becomes three hundred Churches? What if that becomes satellite Churches down in Mexico, and Honduras, and Venezuela, and Poland, and Eastern Europe? Holy shmita. In China, West Asia, what if it starts spreading like that? Dang! See, that's what they fear; and, there's literally an uprising from the groundswell up.

Of those who in the serf and slave caste, which the Gospel of the Kingdom always touched, and always gave hope to, oh boy! That is so fearful to them. That's why, folks, I've been, oh, I just been so heavy this last two weeks. Not only physical injury and all this; but, spiritually, mentally heavy. Incredible what is happening in the world today.

Now, let's just go to our Scripture. We're going to briefly... Loo at this, cause everybody knows it. I talk about it all the time. This is the one in Mark 12:28. Look at this. That's the one where they ask Jesus, "What are thy Commandments, and what did he say? Let us look right here. Here is is:

**Mark 12: 28 And one of the scribes came, and having heard them reasoning together, and perceiving that he had answered them well, asked him, Which is the first commandment of all? 29 And Jesus answered him, The first of all the commandments is, Hear, O Israel; The Lord our God is one Lord: 30 And thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength: this is the first commandment. 31 And the second is like, namely this, thou shalt love thy neighbour as thyself. There is none other commandment greater than these. 32 And the scribe said unto him, Well, Master, thou hast said the truth: for there is one God; and there is none other but he: 33 And to love him with all the heart, and with all the understanding, and with all the soul, and with all the strength, and to love his neighbour as himself, is more than all whole burnt offerings and sacrifices. 34 And when Jesus saw that he answered discreetly, he said unto him, Thou art not far from the kingdom of God. And no man after that durst ask him any question.**

Okay, you heard me say this about a million times. This is where we happen to be in the Kingdom Scriptures, okay. So, love God with all with all your heart, soul, mind and strength. And the second is what? You shall love your neighbor as thyself, okay. And he said, there is none other Commandment greater than these, okay. And then Scribes say, Oh that well done, etc, etc; and, Jesus saw and he answered discreetly. He said, You are not far from the Kingdom of God.

Do you know what the core civilizational value is in the Cheon Il Guk Constitution? The thing that protects everybody? Of course, we have the Constitution, the Human Right and all that; but, it is the great gift that Father bestowed upon us of the Peace Police/ Peace Militia; because now you are talking about not only individual arms, okay; but, you're talking about where local communities are training together, where everybody's coming together. Black, White, Asian. It doesn't matter. Everybody's coming together, okay. Everybody's coming together to be responsible with the Rod of Iron. So communities are coming together. Black, White, Asian, you know, all the different races, all the different nationalities, etc. They're coming together to become, number one, more skilled in their ability to defend their own Kingdom and their territory; but, if needs be, they stand up together as a community against a larger evil.

Father's gift of Peace Police/ Peace Militia is incredible. If you even think about it sociologically. If you think about it, what? Philosophically, it is a tremendous gift. It not only strengthens our own individual knowledge, and our own individual resource base to be able to defend our properties effectively, it give us a huge network of people beyond race, color and creed that come together for the protection of the Kingdom and God's people. It is a tremendous blessing; and, what is the motto of Peace Police/ Peace Militia? Mark 12: 28 right there. The motto is: Love God and love your neighbor.

That's why we train. That's why we train, because we want to honor God who give us gift, and billion physical bodies, and the mental acuity to do the training; and, now you've been training. Some of you guys have been training for the last two, three years; but, now after two, three years everybody grows on you, doesn't it? If you train, don't you feel like you're going through withdrawals on something? You feel my pain. You know what I'm talking about. You know what I mean?

It's a tremendous gift. It's a tremendous gift of love God/ love thy neighbor; and, then we're also practicing and training to know more about how to defend our own property, our own house, are own children; but, at the same time, we're also learning how to defend our neighbors, to actually even work with our neighbors, to become part of a community of neighbors that comes together, trains together. You know, stuff like that.

So, it's a tremendous, tremendous thing. And, in the Kingdom of God, boy, if you had that kind of incredible culture, where you had, you know, there's no centralized law enforcement, no centralized military. Can you believe that? Yes, that world, that similar kind of world existed. We saw a glimpse of that in our founding fathers in America, because of Judeo-Christain based values, and civilization based on Christ, right? One of the Black Robe Preachers, before he found, he said, while he was shooting at the British he said, "I have no other King than Christ Jesus;" and, that's why he was fighting the Red Coats, okay; and, this is the Black Robe Preacher. Who is that? What was his name? His name escapes me at the moment. Anyway, he is one of the Black Robe Preachers. Mr. Pratt calls me a Black Robe Preacher, cause I'm talking about why I am armed as a Christian, okay; but, really, we're all in that vein. All of us are in that way, we're spreading the Word of the Gospel Kingdom.

So, this Scripture is so powerful, of course. We know it's the center of the Cheon Il Guk culture, and it's the center of these decentralized police and decentralized military. Can you imagine. Let's say

we're living in the Kingdom, and we looked across the room, and there's Caroline and Lowell and the young people here; but, all of you would have been Police men and women. So, talk about the community, and then we all know there's a shared honor code between us, because all of us has trained to become honorable protectors of our neighborhoods, and our homes, and our communities, etc, you see.

We would see one another beyond men and women, beyond is it. Oh yeah, these are all people at any point, who will risk their life to save another person; and, I'm not talking about you're on some kind of White savior trip, or something like that, okay, but you have that instinct, you have that good inkling and conscience to be able to step in between a wolf and a prey. Now, of course, as you see with The King's Report, we go about all the time, with real video and real study. We show you that you can't be stupid in running into a conflict. You always got to be aware of multiple attackers, and multiple people working in teams, etc; but, you can improve the odds, okay,

But, there would be a comradery. I think, at Sanctuary we have it, because so many of us are training. Some of the young people are training. They're understanding that code, and that culture, and that honor code that they're being trained with. They're learning how it means to be a warrior to love God and love your neighbor. Even when we train. How do you guys like that? Even when we train, before we do the fist bump, you guys start fighting each other, you fist bump; so, now we do, "Love God, love our neighbor;" and, then they start punching each other, and jumping on each other.

Isn't that nice to to do that though? That'll help you center, center why your training, cause I know with this kind of training, it's very depressing sometimes, right? You think you suck; and, you probably do; but, that's okay. Everybody does in the beginning. Don't worry. I'm telling you, don't worry about it, okay. You just got to have perseverance, and to have endurance that will teach you about yourself, because every time you want to give up; but, you say, "No, I can't give up." You learn, and you got stronger, alright. You're learning so much more; and, God helps you, you know, build up your body, build up your strength, build your level of dailiness to face evil; but, at the same time, he can make you transform your mindset, transform the way you see yourself.

How many people have transformed from the vision of themselves after training with the King? Don't raise your hand, cause even after I tell them, they don't want to raise their hand; but, I know they've changed. I've seen it, right? We can see it. We can see like even this new group kids. These guys are great. Let's give it up for that new group of kids here. These guys are humble kids. I'm surprised. I'm surprised. These guys, you know, there's always like these really cocky bozos, you know what I mean? They're still among video-game land, and they think they're tough, and they think they can beat up everybody; and, then we just have some of the girls beat them up, or maybe some of the small boys. The little young kids like fourteen years old beat them up. They're like, "Holy shmita," cause they never got a religion.

I have seen that with this group. I really haven't seen that with this group, cause they've been watching the sermons, or maybe they've been talking with their elders here in Korea and Japan. They didn't have any of that. I was quite surprised with this group. Do you know what I mean? Cause you can tell. The kids who don't watch the King's Report, or the kids who don't, you know what I mean? Or the kids who come here, and they think they're all tough, and then they beat up by a little teenager; and, then you know, they get shocked. They get shocked; and, then just their ego, it crumbles. That's what happens when you do this kind of training. Your ego must die. It literally will crumble. You'll be crying. I mean, how many people cried. Don't raise your hand. How many people cried after your

training? Oh yeah, I know all you did. You go through it, cause it's like it's so emotionally devastating. Like Holy shish. I thought I was so strong. No. No, no, no.

It's an amazing thing, isn't it? It's an amazing thing; but, while all these amazing things are happening in the micro, there was always a little concern. I think, everybody felt it, because Trump was an incredible reprieve. What an incredible blessing. If we had Hillary Clinton, my gosh, it would be Hell on Earth. Trump was standing against this tidal wave like TTP. He was trying to turn the economy, bring back jobs, and bring back some of these companies back in. He was reducing the corporate rates. He's decreasing our taxes. He's trying and do the right thing; but, of course, we knew the greatest threat to Trump was the rooted deep state. This, what they call, the shadow government. What they call the dark side of government. The unseen, unelected bureaucratic class that stays in power, regardless of what President's there; and, they're really the ones that could continue to rule, okay; so, we knew that this was his greatest threat, right?

We knew that they were trying to kill him. We knew they were trying to compromise him; and, now with all the women scandals that they're trying to bring like Stormy Daniels, and this or that, whatever. Issues with women, etc. And just last week, they got into his lawyers office. Remember this? Unconstitutionally, that's illegal. They got into his lawyer's office. They broke attorney-client privilege. They got access to documents; and, all of sudden, Trump's acting like a freaking neocon.

They got something on him. They got something on him. You know, he runs major casinos. He runs major businesses. You know, they file one thing wrong, they can put you away. Look what they did to Father. One thousand dollars tax evasion? Ridiculous! You know what I'm saying? They got something on Trump, because he should not have tax error. Of course, we talk about it on The King's Report all week, because we always say, Don't do it, don't do it, don't do it. Everybody we know is praying, because he has no reason to do it.

They are already destroyed ISIS. It's like 98% of ISIS is done. They're only in that last town. What is that last town? Is it Douma. Is that like Duma, Syria. It's like their major last stronghold. Okay, it's like the ISIS stronghold. Assad, he's not a saint; but, he's trying to kill ISIS, okay. And then they say, there was bombs. Chemical attacks have been used. They have video foot of that. What, people are trying to hose off people with hoses. Water hoses. Are you shish-ka-bobbing me.

Did you see the damage of sarin gas on goats? There's declassified video of military experimentation with sarin gas on goats. Just a whiff of that in the air in the perimeter of like a hundred meters, everything dies within 4 minutes. You can't just walk up to somebody and say, "Oh, you've been hit with sarin gas," and spray them down with a hose. You will die.

And, there's no investigation. We're supposed to believe the white helmets, who are this "humanitarian group" that works for ISIS. The white helmets are in pictures with ISIS holding ISIS flags. That's why they won the Oscars They won the Oscars, that stupid documentary. Can you believe this? This is how insane the Left worships these crazy radicals. Then, we're supposed to believe a video by these white helmets, which can't be confirmed, and we have no evidence why Assad would do that. He already been killing ISIS, destroying ISIS; and, all of a sudden he's going to sabotage himself, shoot himself I the foot by using chemical attack weapons, when he was destroying them with conventional weapons. Give me a break! There's no motive why he would do that. Turn the entire international community around and against him, when he's winning against ISIS. Give me a break!

So, what is it, the organization that goes in a checks for chemical weapons. They were going to go in. What is it, on Saturday or Sunday this week, but they are trumped before they even get in there. Trump is listening to the stupid neocons, and stupid Fox news, except for Tucker Carlson. He's the only one on Fox News to his credit, he's the only one who's questioning this. The only one.

Sean Hannity, Judge Jeanine Pirro. I was watching her the other day. She's not questioning it; and, she's got Kellyanne Conway talking about, "Oh, that was so wonderful. That was so great." You're doing what Obama and Hillary Clinton were saying we should do. You're killing the forces that are fighting against ISIS. What are you doing? You are betraying all your voter base who promised you would not go to war, and you want to bring troops out of Syria. We don't want stupid useless oil wars anymore. We're sick of it. We don't want to see our kids dye, and dye, and dye, and dye. Feed the stupid Military-Industrial-Complex, which is centralized, folks. It's centralized. It's a Military-Industrial-Complex, which is centralized. You understand how dangerous that is? We want decentralized military, which is a militia; and, decentralized law enforcement. This is incredible.

So, kudos to Tucker Carlson, because he's the only one on Fox News that's actually questioning it; and, every idiot on there, I can't believe it. I love Judge Jeanine Pirro. I love her. She's so fantastic. She's so on point in like almost everything; and, she's up there doing this ridiculous neocon thing. Are you kidding. You're just killing innocent men, women and children, who are helping fight ISIS, you idiots. They were helping kill ISIS; and, now you are bombing them. Effectively, the American Air Force is becoming the freaking Air Force for ISIS again. That's what Obama and Hillary were doing. That's what Trump is doing. What the hell are you smoking? This is a huge problem. Huge, massive problem. I mean, it's unbelievable. It's a humongous betrayal to his people. To all the people who risked their lives, and risked their reputations, and lost all their family, lost all their friends, and got cursed and scorned to support Trump; and, then he pulls this on the Trump Movement; but, you know, I think God has a plan through this. I think God has a plan through this.

Go to the next video. Let's skip Tucker Carlson, because I explained what he said. This is Joel Skousen with Alex Jones. He has been on fire. He's cursing Trump. He saying, Trump, you are fallen. I hate you. You betrayed me; and, of course, he's the biggest. He's the biggest news platform that openly supported Trump from the beginning. 40 million plus, you know, who listen to Info Wars. Up to 80 million across the US; so, his platform is the biggest supporting Trump; and, now he's saying, Trump, I'm now turning. I now calling you out as evil, because he's doing the bidding of freaking Obama and the Bilderberg group.

They're try and destabilize Syria, because they want to keep the pipeline. They want that pipeline, because China's now introducing the Chinese Yuan backed with gold to buy and sell oil with, which now and becomes a challenge to petrodollars, and now Saudi Arabia, the US and Israel want to destroy and destabilize any power structure there, so they can keep that monopoly on the petrodollar. And the Russian already trade with China in oil in the Yuan. So then they want to keep Syria. They want Syria to run a pipeline so they can compete with the Russians and the Chinese, cause no they're introducing a Chinese currency to the petrodollar; and, that's hurting the dollar. That's going to hurt the dollar currency like crazy. So, there's a lot of players up in the Middle East; but, this move with Trump like completely like a neocon. Can you believe it. He's being applauded by Chuck Schumer and Nancy Pelosi. They're praising President Trump. That's like being praised by Satan. That's not a good thing. This is a humongous, humongous betrayal; but, I believe God is working through this. Let's see this clip real quick, and then I'll break it down a little more; but, let's see this clip:

YouTube 1:43:33 to 2:03:08

We'll try and get him on The King's Report. We'll try and get him, Joel Skousen, on The King's Report.

(Skousen: I think Trump has been snookered. There is no proof that Assad has did this. Why would Assad do this, when Trump said he wanted to pull out of Syria a week before. Also, Russia was pulling out. Russia was taking ISIS down; but, Russia was helping. ISIS was letting ISIS to go back into the Syrian society. The problem is Trump is not doing his homework. There is evidence that the rebels did this. They did the same in 2017. The problem is, Trump doesn't have military experience.

Jones: As a Christian, my spirit tells me I have to go against Trump.

Skousen: Trump is fundamentally weak. Alex Jones concurs. The Russians have not tried to shoot down any missiles. Trump keeps compromising. Trump's subject to flattery, and the deep state knows this. God is going to save a remnant, but is that remnant wake? There's real conspiracy in this nation. This all started in the 70s. This current event in Syria is the fall of Trump. I don't think he will recover from this. Trump as succumb go the deep state.)

Alright, that's Alex Jones and Joel Skousen; and, you can see that even the biggest part of the Liberty Movement that was supporting Trump; and, Info Wars, they're really the fire that was helping lead the Magga and Pro Trump rally, but you can see that it's falling apart. It's starting to split and fall apart; and, in terms of the Liberty Movement, that can be seen as a huge disaster; but, I think that God has a plan. I'm not just saying that to make everybody feel good; but, the reality of the situation was, people started worshiping Trump like he was a savior. He's going to save the world. He's going to save the economy. He's going save North Korea. He's going to denuclearize North Korea. Of course, these guys are saying that's a total bogus.

We've been saying that for the last how many months? But anyways, now they're saying it. Alex, even up to last week, he was saying, "Oh, he's going to denuclearize North Korea." He was saying that like two, three weeks ago; and, we're listening to that and saying, "Alex, what are you talking about?" You know what I mean? It was just ridiculous.

But, think about it. Trump was basically being worshiped as a Savior. People had no need for the Lord of the Second Advent. They don't even have to think of Rev. Moon. They don't even have to think about him. Trump's saving the world. He's bringing back the economy. He's boosting up the dollar, even though it's totally fake, and we're still \$21 trillion in debt. We're going to be six trillion more in the next couple of years. Even though he's saying, oh, I'm going to save North Korea, no you're not. We were saying, no you're not; but, even Alex Jones was saying, He's having inside deals. He's going to have a ten billion dollar deal, and he's going to be able to save South Korea, and bring North Korea to become like South Korea. What? They're not going to give up their nuclear program. You see what I mean?

So, they were getting totally inflated. They were getting big-headed on themselves. Info Wars was getting so big, it was not connecting with God's Providence, and that's the reality. We tried connecting with them so many times, even with Larry Pratt; and, Mr. Larry Pratt gave us the numbers to contact Info Wars with, and yet they kept on not connecting with us, because they're scared. They think we're too controversial. We have the Rev. Moon connection. You know, we believe in the Messiah, all this kind of stuff; so, they're saying, "Oh, they're too hot potato. We're getting more powerful. We're in the White House with President Trump. He's saving the world." You know, we're getting bigger and bigger, and you know, we don't need to deal with those guys now. Do you see what's happening?

So, from a Providential level, they were starting to divert away from the reason why God gave them that power in the first place was to help the Kingship of God establish Cheon Il Guk; so, in that sense, this is a mistake, and now that the Movement's splitting away from Trump. It's actually, potentially creating a scenario, where now they're not going to be so haughty and arrogant and think they own the world; and, they're going to realize, holy crap, we're still going to be victimized. We're still going to have the threat of Trump being sold out to the swamp, which he's now being more and more being sold out; but, now they're mortality is starting to come back into their mind. They're not so high on this like heroine of like power.

The Info Wars thought they were getting big, big, big, and maybe they were. They were getting huge. They were becoming more powerful than CNN. They were becoming very powerful; and, because they were getting so powerful, they were totally, they thought we were just little schmucks; and, that Rev. Moon was schmuck. That's the reality. But, I think the tides are turning. I think, and I'm not sure, but I have a feeling spiritually, that God is doing this so that the real Liberty Movement that really connected with Joel Skousen and Alex Jones, these guys, they were the real wave for Trump. That these guys can see that Trump is not the Savior, and that the Savior is True Father.

Now, that doesn't mean they're going to believers in the next week; but, God I believe is setting up. They say that Trump has 3D Chess. God has 4D Chess. Twenty Dimensional Chess, okay. So, even though this is very depressing, you think in terms of the regular Liberty Movement, it's just disastrous. It's absolutely a disaster. The Trump support base is splitting. His chance of winning in 2020 is dropping like crazy; but, the reality is, he's not the Messiah. Trump is not the Messiah. We supported Trump. He's played an important role, but the real implement role he has to play is connect us with the real Liberty Movement, who is Abel type, who knows that the Churches have sold off, who knows that the Churches running a state-run Socialist message program government, and he mentioned Chuck Baldwin. He's the only Preacher out there; but, if you listen to Chuck Baldwin's teaching, it's not codified. It's not codified. So his preaching, you know, we're happy that at least one Pastor's doing it; but, he doesn't have a comprehensive theological picture that is Scripturally based that is showing why you must not obey the government, and you must avoid the big state. He doesn't have it, theologically or scripturally, he doesn't have it. You can't contextualize it. He doesn't have it. In the Christian world in America, he the top; but, that's why God did a miracle, and connected Mr. Larry Pratt with the Rod of Iron Theology, we're going to try and reach out to Joel Skousen. He's also of that generation. A Vietnam combat vet. You know, Chief, God is keeping him alive and ready to go. I think he headed out; but that spirit world is there.

Info Wars was getting to big, to powerful, to arrogant. I mean, Mr. Larry Pratt, you know how humble that man is? He's the biggest King of the gun lobby; buy, yet he still put his hand out, even though he didn't agree. He didn't know what we stood up for exactly; but, he still put his hand out and worked us, and stood with us. And Father's Kingship, that was a miracle. Info Wars should have done the same thing. They got too big and to freaking arrogant, because they thought they were in the White House, and they were directing the President, and they were on top of the world; and, look what they got for it? They got their booty burned. They should have absolutely connected with us, especially after the 2/28 event, when we got that liberal media, it pushed that event to the whole freaking world. Are you kidding. Info Wars should have been calling us for interviews. OAN, God blessed them. You know, Paul Mango, what is that? He came on our show; and, apparently he's doing better now in the gubernatorial race, because the Providence of God is not anywhere else.

Even though we're small, we may seem small, God works with the remnant to change the world. Jesus only had twelve. Not even twelve. Info Wars is not the center; but, they reflected a thirst for truth.

Reflected a thirst for the Kingdom of God in the general population; and, so Alex Jones became sort of like a Prophet in the wilderness like John the Baptist. He had all this following, this rich following. He had a huge following of people. 40 million people who follow him almost religiously, like a John the Baptist; and, he had the opportunity like Mr. Larry Pratt. I mean, Mr. Larry Pratt, him connected with us, he could be attacked, too; but, he didn't care about that. He just did it, because he believed in the Command of the Principle. He said, I'm going to connect with them and those Moon boys. I don't know why; but, I'm going to connect with them.

And now Gun Owners of America is now spreading to Gun Owners of the World. It's how his organization is forming. A decentralized organization is forming around the world, because Mr. Larry Pratt reached out and touched the Providence. So, he's just going to expand more; but, Info Wars didn't do that. Just like John the Baptist did not do that for Christ; and, he should have done it, because he should have stood up, he should have at least tried to connect, because I know Alex. I heard him. He respects Father for setting up the *Washington Times*.

I'm his Heir and Successor. I'm out here, and I show Info Wars videos; but, he bought into the hype. He thought he was so big, and we were so tiny. We don't have any influence. Oh boy, the Providence of God is what's important; and, he could have like Larry Pratt said, "Hey, I don't necessarily believe in everything they say; but, I want to interview with them. I want to connect with them." He could have done that. I think God has given him a second chance. By this process happening, even though it's a disaster in terms of Trump, the terms of the Magga Movement, in terms of Pro-Trump, all this stuff, it's a humongous disaster. It's absolutely disastrous.

If you don't have the Providential picture, it's absolutely disastrous. I mean Trump is going to get, basically, end his term two years later; and, we may get another neocon; and, if Trump gets in, he'll be a neocon. He'll be a Bush. He'll be a... He sold out to the state. He's compromised; or, will get another radical Leftist like Hillary Clinton, and then we'll be compromised. Either way, they're coming for the Patriot Movement, they're coming for the Teas Party adherents, they're coming for Ron Paul supporters, they're coming for the gun owners either which way, and I think that's what people forgot.

It got too good with Trump. It got too good. It just got too good. Things were turning around. He was beating up CNN. You know, jobs were pouring back in. They were not addressing the debt, but okay, maybe we'll be able to pass through it with, you know, we're able to grow the economy at a certain percentage. Info Wars was riding that train. They were saying, "Yeah!" They were the hedge front of it all. With President Trump, they were getting huge egos. They were forgetting their base; and, they were forgetting why God has been given them that blessing in that leadership role at this time. They got to connect. Now, look at them. Now, now. Now, Alex Jones is crying on TV. He's depressed. He's completely betrayed by Trump; but, that's good, because has he gets depressed and he cries out to God, and says, "God, I fear for my live and my family now." You better, because they are coming after you, ad they are trying to kill you.

But, as he's in that desperate moment, and that despair that he's experiencing, it's the opportunity for God to connect him to the Kingdom of God. The eternal Kingdom, not just America, because what Alex is missing, he has to admit, America will Fall. That's what Joel Skousen, that's what the entire forty million Liberty Group that supported Trump has to admit now, America will Fall, guaranteed. It's gonna Fall. It's not impervious to the Political Satanism.

So, what does that do? For all those Liberty made fronts and Alex's, he an open Christian, he's spiritual, he prays, he definitely receives spiritual insight, he has a good spirit world around him, he has

good patriot people around him. It's potentially opening him up to realize that he can't seek for America alone. He always says he's the King of Americana. "I'm the King of Americana. I'm Americana. I'm a..."

America's gonna die. It's not strong enough to withstand Political Satanism; and, they put all their trust in Trump thinking that he was a savior. No. He was just a person now that we see. He was there to give a little reprieve; but, he has to give a call to conscience. People have to realize, you can't put your faith in a businessman, or anybody who tries and gets that office. You have to put your faith in God; and, you have to put your faith in his Kingdom.

Who knows, This may be the time, the opening, where God can connect these leaders of the Liberty Movement now more closely, because now they have to repent on public TV and public radio and the Internet. He's repenting to his following. Alex Jones is literally now repenting, saying I got screwed. Trump has turned against us; and, then it's like, what are we going to do? I don't know where to go. Yeah, because you were relying so much on Trump. He does not have the keys to the Kingdom. Do you understand?

The keys to the Kingdom, only the Lord of the Second Advent has; and, if they come to those keys, they will not see the Kingdom; but, they're people who understand the Kingdom. They have it screaming in their heart, their conscience as red-blooded Americans, and really loving America; but, that's not what the Kingdom is. They're the kind of people that will look at the Cheon Il Guk Constitution and say, "I want to live in that Kingdom." But, if they're not in this kind of despair, they will never look at it. If they think they're the top of the world, they're powerful, they're running Trump, and now they're running the White House, they are the most powerful news organization, they're high and haughty and arrogant, they'll never read the Constitution. We don't need it. All we need is America, which is not true.

So, is there problems coming? Yes. Does it always get worse, before it gets better? Yes. Is it going to get better as Alex Jones has been promising? Two weeks ago, he was saying, it's going to get better with Trump. No it's not. What we told you is what's happening. It's getting worse; and, actually, it has to. It will get worse, before it gets better.

But, I don't know. But, I think God is doing this for a reason. Honestly speaking, we were contacting, we were trying to contact Info Wars and these top guys very diligently; and, they have been shutting down. They have been creating walls. They have been saying, Nope. Nope, nope. But again, like John the Baptist in the wilderness Alex does need to use his influence and his charisma and his power for the Providence of God. He does. He's put there in that position for a reason. He's there speaking out, and yelling like a mad man in the wilderness for the last twenty-five years exposing the deep state, and 9/11 and Oklahoma City bombings, and all these false flags. He's bringing awareness to the American people. He woke up millions of people; and, he's humble enough to recognize that he's not God, and he's not Christ.

So, he has all the things that John the Baptist has. He has the foundation. He has the whole Movement. He has a whole following. He has a whole viewership. He has millions of people following him; but, he's not connecting it to the right place, and God knows that. So, what is God teaching him. He's saying, Trump is not Christ, and that is not where my Kingship lies.

And, I'm not just saying this so we feel better as a community. I think there is a reason why God does things. Trumps Movement is fracturing. It's breaking apart. But actually, if it stayed together, and it

succeeded, and it did so well, and saved the world, and there's world peace for the next hundred years, this would all be fake. We may as well pack our bags, and go home right now; and, the Kingdom won't come that way. So, I think God is using this. I think those who can see the Kingdom, and who can taste the Kingdom, and who know what the Kingdom is, and who yearn for the Kingdom, who understand the Gospel, even in this time of crisis, and even though this time of a fractured movement, God is setting up the Liberty Movement. He setting up the Ron Paul Movement, and the Alex Jones Movement, and the different Liberty Movements that were banking on Trump so bad; but, now they realize they cannot bank on that kind of leader.

On any President, they have to bank on Christ. They have to bank on his Kingship. They have to bank on his Kingdom. They have to bank on his blood, because in the end, it is a blood war, it's not just a political war. They're blood dang wars; and, God gave us a glimpse of that on 2/28, when he used our tiny little community in the freakin' wilderness with deer and bears. We have more deer and bear population than human beings, okay. That's how wilderness we are; and, he used our little thing to spread to the whole world, and now to spread to the world to put the fear of God into the liberal political satanist class. They literally crap their pants. They soiled their britches d day, because they said, holy shmita, if this type of theology catches wind, not only does it have the moral high ground, not only is it trying to preserve human liberty and human freedom, and try and empower the serf and slave classes, and try and lift up people, and bring them together for the unity of sovereignty, and the unity of freedom and responsibility, not only is it uplifting and powerful and strong, it's biblically based. Holy shish-ka-bob. Now, we got a glimpse of that on 2/28; but, you can see that Satan's been trying to kill that.

And God is greater than Trump, and God is greater than America, and God is greater than all the nations of the world. He can easily give up Trump to establish His Kingdom, no questions. God's eighty million dimensional Chess, that's a no brainer. They're talking about Trump has 3D Chess and 4D Chess. He's nothing compared to God. He's not God. God can kick Trump to the wayside, and throw him in the trash bin, if that's what he has to do to build his Kingdom, and get Christians to wake the hell up, and stop listening to their stupid Socialist Pastors, and their Socialist Priests, and listen to the dang Gospel of the Kingdom of God, and the Rod of Iron. So that's what I think God is doing. Let us know in the comments, if you agree? I have been doing too much YouTube. Alright.

There's a nice article in Zero Hedge. You guys can check it on your own time; but, this is nice article that they made. This Assad, the President of Syria, who is an Ophthalmologist. He's a Doctor. He was trained in Britain for like thirty years, okay; so, he's basically Western trained. He's winning the war on ISIS, okay. "Well, you see, I was winning the war against ISIS and Al Nuusra, but then I decided to order an illogical chemical-attack to turn the whole world against me...because everything was just going too well for me." You like that Martha? That's literally how stupid it is; and, now anywhere this idiot

McCain has gone to Libya. Here he is in Libya, Syria, Ukraine War. Anywhere that man goes, there's war; and, anywhere John Bolton goes, there's war; and, Trump put John Bolton as his National Security Advisor. I mean, what the hell are you smoking? He put freaking John Bolton. Oh my God. That is... Anyways, we shouldn't be surprised. We shouldn't be surprised. God has a greater plan, right?

We don't put our faith in man. We don't put our faith in Trump. He is a man that God used for a time, and that's okay. If it's over for him, it's not over for God's Kingdom, because God will reorganize who He needs to reorganize, that the Abel type Christians who know that Churches are run by the state, and Churches are run by government, they will awake Abel type Christians who need to connect with the

Rod of Iron Theology, and the Complete Testament Gospel. God will reorganize whatever He wants reorganized to connect with Him, because He's God, and you're not, and Trump is not. Saudi Arabia, anyways, all these wicked demons, okay.

Let's go to the Cheon Seong Gyeong. Anyways folks, we got to just keep praying, okay. We got to keep praying. That's why it's so important. Even we make even these small conditions, where everybody's becoming involved in the training, and it's not your own. You got to lose weight. You know what I'm saying? It's like being involved in the Peace Police/ Peace Militia, and love God, love thy neighbor, and actualizing these things. All the little things that we're doing here is, are setting repercussions, and preparing us for the whole huge Movement of Abel type Christianity that God has prepared to connect and follow.

Look, they just... Alex Jones has had to publicly repent to his forty million followers that he got screwed. He just had to repent. He literally had to admit that he put too much faith in Trump, and he got too damn arrogant. I mean, Mr. Larry Pratt is on Info Wars, but even on our small King's Report, he will come to us. Why? Because he was touched by the Rod of Iron Theology. He was touched by our preaching on the Gospel of the Kingdom. He knows what were preaching. He may not agree a hundred percent on everything we say; but, he knows there's something there he never heard before; and, he's the King of the gun lobby. I mean, he's bigger than Alex Jones in some ways. What is so freaking arrogant about Alex Jones? Making he's thinking he's so big. He can't reach out to somebody who to people who are trying to support him? So, Alex Jones was arrogant, just like John the Baptist, okay; but, I think God has given him another chance.

He's got to connect with the right place, cause otherwise for him, he's falling into despair, he's falling into depression. He's crying out, I got to leave, because my whole family's being sued ten ways from Sunday. He's being sued by all the big corporations. Companies are coming after him. I mean, they are trying to destroy him, cause he's so effective; but, he's humble enough to know that he's not Christ. He doesn't know who Christ is. He just knows that he loves Jesus. He doesn't know the Lord of the Second Advent. He doesn't know the Kingdom, the Cheon Il Guk Constitution; but, everybody here knows, if he saw that, he would be so moved and impressed; but, he's not going to be, if he thinks he's saving the world, and he thinks America and Trump is bringing a new golden age of America. Well, then he'll never connect with the Cheon Il Guk Constitution. He'll never see the need to connect with the King of Kings. He'll never see it. He'll never have the need.

So, God will bring him high, but then, God will bring him low; and, as he becomes low, and gets on his knees and prays, he's repenting to his people, and I think God is working on him, because, I know Trump had to come on Alex Jones' show to get Alex Jones' people to vote for him. Trump needs all these guys. Project Veritas, Alex Jones, Breitbart. He needed their support. It's not like they needed his support. They already built followings of millions of people. Do you see what I'm saying? But, they all got into this hodge-podge of yes, we're the only alternative media group that's, you know, basically we're right in the White House, we're right in White House. We have the inside sources. We're breaking news. We're the top, and we're the saving the world. No, you're not. Right? That's what I think God is doing.

I think, they got too haughty, and too big, and too arrogant; so, God is making them humble. And in that humility, let's pray. Please pray for Alex Jones. Pray for these guys that they get connected to the Kingship of God. They understand sovereignty. They understand the Cheon Il Guk Constitution. They understand who the King of Kings is; and, they may not, there not going to become converts overnight; but, now in their time of despair, and depressed, and weakness, at least they'll be open to the

possibility, cause now they realize that America is going to Fall, right? They were trying to build up this whole new narrative that America's coming back, and it's not going to fall, and we're taking it back, and she's going to bring the new golden age for the world, and China... That's the narrative they were trying to create, and it's not true. It's just not true.

We're twenty-one trillion dollars in debt. And, now he has to on national, international internet TV, he has to admit with Joel Skousen that America will go. At some point, it's gonna die. So, then what? So, then for Americans who were red-blooded, who know that God had given them the founding fathers that were inspired by God, but they know they were going to lose America, what have they to hold to? What are they going to hold on to? They're going to hold on to Chuck Baldwin? I love the guy. He's a good Preacher. God bless him for being a Conservative opened-mouth Preacher, who's speaking against Leftist; but, he has no theological reason.

How is to express this? We're the only place on the face of the planet that can express this clearly, from the evils of Communism to Political Satanism to the reason why the Rod of Iron to a decentralized military law enforcement must be done to actually having a Cheon Il Guk Constitution, a Kingdom of God Constitution. There's nothing near that in the Christian world; but, it is what they're craving, and what they desire. But, because they got so arrogant, and because they got so powerful with President Trump turning things around, they were not even thinking of looking at it.

I believe because they got so exalted and so big and so arrogant, God is bringing them down. Bringing them down, making it all go away, teaching them, Nope, that's not going to be eternal. Your Americana is not going to be eternal. Sorry, your Marilyn Monroe and 57 Chevy's not going to be eternal. That's not what I'm going to build my Kingdom on; and, even Alex Jones on his little rant, he had to admit that he had slept with three hundred women. I'm not going to Fall. No. He lived a secular life. He lived a very secular life, even he believed in God. He was a Playboy, okay; and, God had to use him to do very important things, to build up a Movement. He doesn't do that now; but, the point is, he had to admit that stuff on camera. Did some of you guys see that? I don't know if you saw that? I saw his rant, and he said, he's been with three hundred women.

Anyways, the point is, he's repented of all those things, but had to go into deep repentance in front of all his listeners. He had to put it all on the line for the first time; and, he had to admit, look, I don't know where to hold on to. America's going to go at some point in the near future. They're saying ten years, twenty years, because it's impossible to get a President in, and destroy the deep state. It's impossible, and Trump proved it. He proved it. He proved it to them.

But, who knows. It's that time of despair, and that time of existential crisis that you reach out to God, and say, maybe everything I thought I was doing, all this incredible vision of America getting back on Trump trying to save the world. All that is collapsing before his eyes, and so, he's got to reach out to God. He's got to reach out to Christ. He's got to reach out to his own; but, he knows he can't reach out to the normal Churches. He knows he can't reach out to the Catholic Church. He knows he can't reach out to state-run Churches. He knows he has to hang to something that's biblical. He knows that he has to hang to something that is Christian; but, he can't do it anywhere else in the Christian world.

But who knows. If God through this can connect him to the Cheon Il Guk Constitution, to True Father, who he has an appreciation for through the *Washington Times* already. I heard him many times praising Father for creating the *Washington Times*; so, he already has an appreciation as an alternative media news giant tycoon that he is now; and, how knows, God may be connecting the dots so that people like him for his forty million followers, etc, and other people who are connected to him can really start

coming to the center of the Providence to spread sovereignty, and freedom and responsibility to the rest of the world; but, we can't do that with just a political movement. We can't do that with just a President. We have to do it with Christ. We have to do it with God. We have to do it with the Lord of the Second Advent. It doesn't come with human effort alone. It has to come, just look. Just read your Bible. It has to come when the Lord of the Second Advent returns. He's the key.

He's the key. Without him, it doesn't happen; and, these what all the people in the Liberty Movement have to wake up to. Without the Lord of the Second Advent, it does not happen. They can't do it by sheer will power; so, I think God is working through this time, even though it's tough, even though the Liberty Movement is fracturing, and God is using it.

Alright folks, **Cheon Seong Gyeong 712**. Let's read together:

**For this reason, if your faith is found in love, you will not perish. You will be saved. Since the Lord loves the world, we should do likewise. Christianity has become split into many different denominations. There are Christians who don't even think about the world or God. They are perishing while loving only their own denomination and nations; we must love the world and God, transcending our own denomination and nations.**

This was what was happening. That was happening to the freaking Liberty Movement. They were forgetting that God wants them to bring the Kingdom to the whole world, not just America first. This was amazing. Look at GOA. They connected with us. Now they're having branches starting in Korea, Japan, Europe. It's spreading worldwide. Oh, but I thought we're just a little wilderness, a little cult out here. Oh, I thought we were just a little, little thing out here, with just a couple of people out here. Crazies. You know, were the what were you guys calling me, "the Naked Prince," or something like that? Huh, irrelevant you know. I thought Rev. Moon and True Father, Oh, he brought AR15. That doesn't really matter. It's not that important what the Lord of the Second Advent decides. It's not turning out that way. It's not turning out that way. But, this was a problem. This was a problem with Alex Jones and Info Wars. They were becoming way too denominational, and they were becoming way too nationalistic; and, that's why I was so impressed with Mr. Pratt. We're talking about gun owners and gun owners as a human rights. His eyes lit up. He said, "Yes! Yes!"

It's not only Gun Owners of America. It's not only for gun ownership here. When we start talking about for the whole world as a human right, his eyes lit up, and I could see that he was a kindred spirit, and God prepared him to stand in Providence right now; and, how weird is it? We're such a small little program. He comes on our show like every week. Whenever asked him, he said, I'm on. I feel so bad, because I don't have millions of viewers. I feel so bad asking him to come on sometimes; but, every time I asked him, it's like "I'll be on tomorrow." I feel so bad. But again, that's not what God is seeing. God does not care how many viewers we have, or stuff like that. It's where or not we're the center of the Providence or not; and, Info Wars got so big, they got so popular, they got so powerful. They just laugh at anything that's smaller than them. You know what I'm saying? They've become too arrogant. They're just human beings; but, they forgot that; and, they can't save the world. There's only one man that can save the world, and that is the Lord of the Second Advent. That is True Father, Sun Myung Moon and his Kingdom. That is the only thing that can save the world; and, you separate from that, you are going to Hell. You're going to the Political Hell, and unfortunately, all those Christians are going down there.

But look, it's that Liberty Movement, that Abel type Christian Movement, who knows the Churches are state run, who knows their Socialist message is evil, and they don't want to go to Church. That's like the Alex Jones following. Forty million of them.

So, who knows. I think God is reorganizing some stuff. "They are perishing while loving their own denomination and nations; We must love the world and God, transcending our own denomination and nations." That is Father's spirit right there. Amen-Aju!

Let's all rise. Let's give God some praise. SOS, come on up. Let's give Him all the glory. Amen-Aju!
