

**2018.06.17~ROI KINGDOM 18~REV. HYUNG JIN MOON~NEWFOUNDLAND, PA**

Alright, folks, let's get into it. And we are in the Rod of Iron Kingdom series number 18, okay. So, we've been studying the Scriptures about the Gospel of the Kingdom as defined by Jesus himself, by Jesus himself. The Gospel defined by Jesus himself, okay. Let's get into it has a quick review. We see in the Scriptures:

**Matthew 6:9 “Our Father in heaven, hallowed be your name, 10 your Kingdom come, your will be done, on earth as it is in heaven. 11 Give us today our daily bread 12 And forgive us our debts, as we also have forgiven our debtors. 13 And lead us not into temptation; but deliver us from the evil one.**

Matthew 6:9 “Our Father who art in heaven,” Thus, Christ's teaching us how to pray, and pray like this. These are the important things you should pray about as believers, as Christians. He said, pray like this: **“Our Father who art in heaven, hallowed be thy name. Thy Kingdom come, thy will be done.”**

Okay, so when we pray, we're supposed to be praying for the Kingdom. We're supposed to be praying for that Kingdom to come. For His will to be done. It is a responsibility for those who are in Christ to pray for that Kingdom to come, because it is a Kingdom of true liberation, unlike the fake liberation theology in a lot of Leftist Churches. Unfortunately, in the Catholic Church, which are a completely, completely socialist doctrine clothed in Christianity. Socialist, Communist doctrine clothed in Christianity painting Jesus as a Fidel Castroque socialist leader. Insane. Crazy, crazy, crazy. As we get into it, of course, we're going to take a look at that.

Further, also in Matthew 6:33. Very, very key. Christ says:

**Matthew 6:33 But seek ye first the Kingdom of God, and His righteousness; and all these things shall be added unto you.**

He didn't say, seek ye first Socialism. He didn't say, seek ye first Hillary Clinton. He didn't say, seek ye first Obama. He did say, seek ye first democracy, okay. He said, seek ye first the Kingdom, the Kingdom, and His righteousness. We talked about that in depth. The Kingdom must be centered on Christ's righteousness and Christian values. We're going to get into that as we go forth. And all these things shall be added unto you. (Matthew 6:33)

**Matthew 7:31 Not every one that saith unto me, Lord, Lord, shall enter into the Kingdom of heaven; but he that doeth the will of my Father which is in heaven.**

There's so many false doctrines taught in so many churches that teach even the Kingdom will not come on this Earth. Completely unbiblical teaching; just like of course the pre-Trib rapture heresy. I mean, there's so many wacky doctrines that when you look it funded by big bankers, you know, the Rockefeller and Carnegie Foundations are funding the theological seminaries that were promoting the pre-Trib rapture. Basically, make innocuous the Christian populous, and withdraw them from political activism. And we know, of course, Jesus himself was a political activist. He was a social revolutionary. That's what Scholars referred to Jesus as; even, they didn't believe him as the Messiah or God. Just

secular Scholars of religious status, referred to Jesus as a social revolutionary, okay; and, we shouldn't be surprised when Jesus returns that he will also be a social activist revolutionary, starting newspapers, and continue his tradition of, you know, creating assault whips, and you know Jesus was making back then, but telling his fellows, Luke 22, sell your cloak and buy a sword, a military grade weapon. So, you shouldn't be surprised. These are things you can't expunge from history. These are well documented repeated in various Gospels through eye witnesses, you know. His teachings were written down at the time; so, these are extremely reliable historical sources. I mean, they could have omitted them, if they had a desire to make Jesus into a Socialist Nazi, but he wasn't. He said, arm yourself, especially when you go out there. The whole context of Luke 22 is when they're out witnessing. They're getting beat up. They're getting stoned. Basically, Stephen got killed. He got stoned to death. Remember this? Paul himself was watching Stephen get killed, he was beating Christians. Remember this?

Okay, so we had the Christians in the body of Christ were getting killed; and, what was Jesus' response to that? Did he say just turn your cheek and let them kill you? No. He said, sell your cloak, which is very important. It's one of the five key garments or accoutrements that the ancient peoples had with them. The others being like a canteen, usually made out of a camel intestine to hold water over distances and conveyance. Basically, he has a container. Of course, most of the ancient people walked around with a cutting knife that was used for cooking food, hunting, whatever. Also, ancient people carried like a walking staff, a satchel, and a wool garment with the tallit, that Hebrew garment that they were wearing. That's like their rain cloth, their shade, their protection. It's like their micro climate for shelter that they were using in the desert. It's a very important accoutrement. Any of you guys trained survival with the pathfinder school, and trained with us in survival training, you know that a shelter element is key, because it's by thermoregulating probably that you have the highest death rate in the wild, okay. So, it's like giving away your thermoregulating layer, your key item that will keep you alive. Even so much more important was to be able to defend yourself, okay. So very, very important.

**Matthew 10:7 And as ye go, preach, saying, The Kingdom of heaven is at hand.**

I mean, how many people are saying, go and preach the Kingdom of Heaven is at hand, the Kingdom of God is at hand? We're just teaching the traditional sort of tri-formula, the trifacta. Jesus Death, Burial and Resurrection. But Jesus himself defines his Gospel. He himself defines it. In the Bible, he himself. What did he say about that? He said in:

**Luke 4:43 And he said unto them, I must preach the kingdom of God to other cities also: for therefore am I sent.**

I'm sent to teach the Kingdom of God. He said, I am sent. You see right there for yourself. I'm not making up those Scriptures. You all can confirm for yourself. He said, I am here to teach the Gospel of the Kingdom. And then he goes on further. We see him in:

**Matthew 4:23 And Jesus went about all Galilee, teaching in their synagogues, and preaching the gospel of the Kingdom, and healing all manner of sickness and all manner of disease among the people.**

He did he say, he said what? The Gospel of the Kingdom. He said, the Gospel of the Kingdom for which he was sent Luke 4:43, right? He didn't say the Gospel of the Crucifixion. He didn't say the Gospel of the Death and Burial. He did not say the Gospel of those things. He said, the Gospel of the Kingdom, the Kingdom.

Also, on *The King's Report*, we were talking about the subjunctive, what was it? The "if, then" clause we were talking about? In Scripture, we're talking about God's middle knowledge. This is theological stuff. Anyways, we're talking about God's middle knowledge. The idea that God knows what you would or could do in all possibilities, in all different situations, which would reserve you human will, and at the same time, allow for God's omniscience. They would not cancel each other out in the uni-pro dilemma that we talk about all the time, okay. It's what the Roman Philosophers were presenting all the time to the Christians.

Anyways, the point is, I'm sorry I digress a little bit on those theological points. okay. I'm sorry about that. But, the point is, he's calling the Gospel about the Kingdom. He's talking about the Kingdom of God's the Gospel, okay; and, the reason why I brought up the subjunctive clause that we were talking about is because we see this in Corinthians, where Paul says, "**If the rulers of the Earth knew who this was, then they would not have crucified Jesus.**" (I Corinthians 2:8) He says it in the Scripture. That is subjunctive, right? If, if, if he had done so, then this would not have happened.

So again, the idea that Jesus had come to die, even in the Scripture says no. If the rulers knew who he was, they would not have killed him; and, of course, Jesus himself is defining his own Gospel as the Gospel of Basileia, Basileus, comes from Basileus, the King. It's the Kingdom of the Basileia, the Kingdom, the Kingdom, which of course is different from democracies or republic, because there's a King. There's a central point of which this thing rotates, okay.

So, we know this, now. I mean we're known in America for Reverend Jonas for fighting the Brits; and, fighting those Red Coats, cause this blasphemous King George serving demons. That's what they called him, okay. I know there's some people from UK. I'm not thinking about you, okay; but, that's what they were saying about the Red Coats, okay. That's what they were saying; and, Reverend Jonas Clark was saying, he would say when he took off his black robe, and he had his military outfit on, and he went out to fight, and he shouted, right? "No King, but King Jesus" when he started shooting his musket. That's American history, folks. That's how this republic began, right? And so, that's like that's a very, obviously, that's a very, very Jesus centered, God centered sort of, you know, beginning of this culture. But, that kind of exemplifies the beginning of American Christianity.

**Mark 1:14 Now after that John was put in prison, Jesus came into Galilee, preaching the gospel of the kingdom of God, 15 And saying, The time is fulfilled, and the kingdom of God is at hand: repent ye, and believe the gospel.**

Again, I'm not making it up. He said, the Gospel of the Kingdom. That's what the Bible says. It's not me. It's not Pastor Sean. It's not Second King. I am reading the Scripture. The reason why this sounds so weird in the body of Christ is because the Preachers are not teaching this; and, they're just teaching only Death, Burial, Crucifixion, which of course we don't deny. We believe that through that, God created through that, we could have salvation. He created salvation for mankind; but, it wasn't his, even

in Paul's letters we see that if the rulers knew, if they knew who this was, they wouldn't have killed him; and, Christ would have established his Kingdom, cause that's what Jesus said as his own Gospel.

**And saying in Mark 1:15, The time is fulfilled, and the Kingdom of God is at hand: repent ye, and believe the gospel.** Which Gospel? The Gospel of the Kingdom. That's why we focus a lot on the Kingdom Gospel, because that's what Jesus himself named his Gospel. He named the Gospel, when he was describing the Gospel, using descriptive terminology for the Gospel. He's talking about as the Kingdom. He's not talking about another planet, or something like that context, but another system, a whole new era, a new Kingdom will come; and, all the oppression that they had under the hegemonies of Rome and the centralized governments, all this will stop, because it was the cycle of suffering after the Fall that we went with Satan, and we continued to be slaves under these mafia cartels hegemonies, of all races, creeds and colors. I mean, they'll use anything to establish their centralized power, okay. Twist anything.

**Matthew 9:35 And Jesus went about all the cities and villages, teachings in their synagogues, and preaching the gospel of the Kingdom, and healing every sickness and every disease among the people.**

There it is again.

**Matthew 24:14 And this gospel of the Kingdom shall be preached in all the world for a witness unto all nations; and then shall the end come.**

Wow! I mean, you can see it, I mean, Korean Christianity. I show it in the Korean service; but, Korean Christianity produced a whole series on the Book of Revelation in 2017, late 2017, because they're dealing with a couple of new Korean religious Movements like Shincheonji. It's like a new Heaven, new Earth Movement. They're teaching Socialism. I mean, any of these Movements. And you know, anybody who wants to compare us with Waco, or any of these, we don't teach Socialism. Everybody here owns private property. We don't live on Socialist compounds; and, we're not trying to make a Socialist Utopia. Notice all these fake Utopias, they're always pushing Communism as the salvific system of life. It creates Hell on Earth. Hell on Earth. And course, that's why True Father as the Lord of the Second Advent condemned, condemned Communism, Socialism, and centralized governments so heavily.

My goodness! How many saw the Oido Rally, the 43<sup>rd</sup> anniversary? Ooh! Did you see Father do some fire and brimstone preaching from Korea with like over a million people there? 1.2 million people out there in Oido 43 years ago. Wow! I was watching that. Father says so clear. He said, "Communism is the philosophy of Satan and demons." Oh man, that sermon. I mean, people say I use very radical language. That's rough. I mean, Father's saying this. I'm in the same tradition, okay, as Father. He used very fiery language towards those systems of evil, because of course, True Father grew up in them, was oppressed by them, imprisoned by them, and saw people getting killed, saw people getting sold, and high hung on the street to teach everybody a lesson, all this kind of stuff. So, he's seen it first hand; and, that's why Father condemned those Socialist, Communist regimes created. He poured millions and millions and millions and millions of dollars into establishing the *Washington Times*, and establishing

freedom and sovereignty based on, you know, political power, you know, houses that were fighting for the opposite side, fighting to say no, to expose Communism and Socialism, and all the evil that it creates.

So again, the Gospel is of a coming Kingdom that Jesus was talking about that's bringing hope, that's bringing joy. The Good News of the Gospel. The Good News to all those who are living under that, that royal hegemony, the Roman Imperial powers of the day, and of course grievances as well.

**Matthew 25:34 Then shall the King say unto them on his right hand, Come, ye blessed of my Father, inherit the kingdom prepared for you from the foundation of the world:**

So again, Jesus described his own Gospel as the Gospel of the Kingdom. You can't get around it. You can't get by it. It is so clear.

I'm sorry, I don't mean to neglect you on this side. I don't know why. There's a whole other side over here, hey! I'm sorry about that. I mean, I have another screen over here. I stay on this side of the room. I'm sorry about that. Alright, okay.

So, Christ has defined his Gospel. He defines his Gospel as the Kingdom; then, he gets to describe what that Kingdom is about. He gets to describe what that Kingdom is about; and, of course, when he describes that Kingdom, he describes it as we see in Psalms 2:8:

**Psalms 2:8 Ask of me, and I shall give thee the heathen for thine inheritance, and the uttermost parts of the earth for thy possession. 9 Thou shalt break them with a rod of iron; thou shalt dash them in pieces like a potter's vessel.**

In the end, private property is critical. Ownership of property. Fundamental free markets and interaction are critical. If you cannot define what you have, what you cannot freely trade with people effectively, you cannot create win-win enterprises exactly, if you don't know what benefit you're going to get exactly. If everything is just held in common, there's no ability for you to determine what it is you have, what holdings you have, what you can trade and barter with. You know, you can't do anything; and, of course, the economy is destroyed.

So, we see here of course, possession of private property. Of course, Socialist and Communist governments hate that. "How dare you. How dare you think you can own the land. Don't you know that this is a goddess Gaia, but we own her?" I mean, talk about a misogynistic, you know, theology; but, a goddess Gaia, and then the Government owns her." Dang, you want to call me misogynistic. That's misogynistic, okay. Give me a break. Gaia theory, you know, that's nuts.

But again, private property, one of the central pillars, pillars, pillars, pillars of a free, free people. It's a critical, critical aspect. Of course we see that in Psalms 2 right there. In verse 9 it says, you shall break them. This is the evil lands. You shall break them with the Rod of Irons; so, we know the Rod of Iron

has tremendous power. Tremendous power. Tremendous power. You shall dash them to pieces like a potter's vessel. That's why, did you guys notice that at the bottom of this picture right here? (Picture of the cover of the *Rod of Iron Kingdom* book) You see the potter's vessel right there? They're dashed to pieces. Those potter's vessels were dashed to pieces by this Rod of Iron right here. That was the actual pottery in the ceremony that was shattered, okay.

**Revelation 2:27 And he shall rule them with a rod of iron; as the vessels of a potter shall they be broken to shivers: even as I received of my Father.**

This is the one who overcomes. He shall rule them with a Rod of Iron. The evil Kings of the world will be eradicated, will be pushed away.

**Proverbs 28:1 The wicked flee when no man pursueth: but the righteous are bold as a lion.**

God is calling us to be more than sheepdogs, folks. He's calling us to be lions to stand by him as the Lion of Judah; and, of course he says right there, "You shall rule them with a Rod of Iron, as the vessels of the potters are broken to pieces." As I also have received authority from My Father; so, this authority of the Rod of Iron, this authority of the possession of the Earth and private property, this comes from God. This comes from God. It doesn't come from government. It can't be taken away by government. It can't be taken away by bureaucrats, and board, and you know, Ted Turner, and Bill Gates, and Monsanto, whoever. George Soros, and Amazon, and whoever, you know, whoever wants to do it. It cannot be taken by people. They're given by God, the Intelligent Mind and Intelligent Design, the Architect of the Universe, the entire Universe. He gives us those incredible rights, human rights that we inherit in the Kingdom of God, from our Father, look at that? From the authority of our Father in Heaven. He's a good father, folks. He is a good father. He is a good Daddy. Now it's talking about Daddy. Now it's talking about Him, okay. Now by His rule as well.

**Revelation 12:5 And she brought forth a man child, who was to rule all nations with a rod of iron: and her child was caught up unto God, and to his throne.**

Now, we went into this during *The King's Report*; but, briefly, this whole Korean CBS, Korean Christian Broadcasting Station, the top Christian evangelical station in South Korea, incredible. Korean Christianity evangelical Christian you know is very intense, very fiery, very you know, they're extremely, they spread very quickly. They're very faithful as well; but, they did a whole series on the Book of Revelation, which was amazing. And they go through the chiasmic structure of Revelation, which basically means it follows this type of AB BA pattern, which is commonly seen in Hebrew poetic prose, or also religious Scripture; and, this is to facilitate memory retention, okay, over an oral tradition that's being passed down, orally. So, we have a structure that God is Good. Good is God. Like AB BA structure, which helps us understand the picture that God is trying to paint for us. Does that make sense? It's like an ABBA, Father. I know for anybody focusing in on the AB BA, that's Abba Father. Jesus called God Abba, Father. Abba, Father,

So, it's interesting that it stands for the Father; but, also it's this chiastic AB BA structure; and, the Book of Revelation is like that. Chapter 1 mirrors Chapter 22, okay. So, it's like a repetition from the outside in; and, Chapter 2 kind of mirrors Chapter 21, and Chapter 3 mirrors Chapter 20, and so on and so forth, until it gets to the center of the Book of Revelation, which is Chapter 12, okay. And, you see in Chapter 12, the key, key, key pivotal, you know, event that happens; and, what is that? It's the whole event with the woman that is clothed in the Sun and the Moon, with the garland of twelve stars; and that what does she do? She gives birth to a son, a male child, who will rule the nations with a Rod of Iron, okay. So, that's like the central point.

Now, we all know who that woman is. What's interesting, even in Korean Christianity right now, in that whole lecture, they're talking about the chiastic structure, and that was developed in 1950s with some Western Theologians, etc. But anyways, the point is, they were calling the Revelation 12 woman, which usually they call the woman of faith, or the true woman, or they may refer to as the Revelation 12 woman. The Korean Christianity, I show you this slide Wednesday in the Korean Service. On this slide, they're referring to the Revelation 12 woman as "True Mother." They're referring her to True Mother. First time I've ever seen that in Korean Christianity. Ever! Okay,

So, I turn on this side teleprompter free. We're just going with the Holy Ghost right here; but, they're calling the Revelation 12 woman as the True Mother. Incredible. They're actually using Father's vocabulary to identify this key women in the center of Revelation, the Book of Revelation, the center of that that whole chiastic structure, which is Chapter 12; and, then in that center, she's rapped in the spirit, she's wrapped in the Sun and Moon, which is representing of course the spirit of Father's Sun and Moon. And of course, in Revelation 3:7, that seal of God comes from the East. The angel brings the seal of God from the East. And then we see that this woman, this True Mother, is wrapped in the Sun and Moon, wrapped in Sun Moon; then she gives birth to a child, who will rule the nations with the Rod of Iron; and, only from Father's Kingship, where he has declared himself as Lord of the Second Advent, and we have a True Mother that has become substantiated in September; and, only after that did the revelation of the Rod of Iron come; and, now that's spread to the rest of the world. It is crazy. Insane. Now, who could have made it up, you know what I mean? You know what I mean? That's why it's all in Gods hands.

Now, people in this local area are teaching that I'm God. I don't teach that I'm God, okay. I don't teach that I'm the Messiah. I'm not the Messiah, you understand? True Father's the Messiah. I am his Heir and Successor. So, they're talking people in town, locally, and they're saying, "Oh yeah, he's teaching that he's God," or something like that; and Bob's saying, "No, no. He's like the Pope in that Church. He's like the Pope or something, okay."

Of course, I'm very antithesis to the Catholic Church Pope, who I believe is a false prophet teaching Communism, and world government, and taxing poor people across the world with climate change

carbon taxes. Ridiculous. They're saying that Jesus can be compared to the Jihadis. Are you crazy. They're saying that Europeans have to breed with the immigrant, you know, radical Jihadis that are coming in from different places, pouring in unvetted. Unprecedented, unbelievable. He's completely a Leftist Communist leader. A 100%! A hundred percent. And of course, the whole Vatican bank connected to the Rothschilds. They're all part of that White horse, with the anti-Christ, with the crown and the bow and arrow as their symbol, because Satan is mimicking God and His people with the Crowns, with the name of the Father written on the foreheads, Revelation 14, because he wants, he's illegitimate, just like the Rothschilds are illegitimate. They're taking control of the whole world's money supply by fakery and paper money.

Oh my goodness! I got to recommend a wonderful book. *Killing Uncle Sam* by Pastor Howard Browne and Dr. Paul Williams, one of our friends here. A Scranton University Professor here. Also, a *New York Times* bestseller. Dr Williams is. And this book outlines the whole history of the Cecil Rhodes and the Freemasons, and the connection to the Rothschild banking cartel, and the battle of Waterloo in 1812, you name it. America's First National Bank bought up seventy-five percent ownership by the Rothschilds in the early 1800s. In 1812, they already took that over. 1812, folks. That's how fast the Rothschilds were working in America to get control of it's money supply; so, they can of course tax, tax farm this population. Essentially, bring them back into the British, you know, Imperial Royal hegemony, the White Supremacist hegemony. So, it's absolutely ridiculous; but, if you could go to that history, check out that book, *Killing Uncle Sam*. Unbelievable.

And of course, in the book the Rod of Iron Kingdom, we have outlined how gun control has racist origins, the first gun control laws to outlaw Blacks from owning guns to defend themselves. They're targeting the minorities to disarm. Make them total innocuous, so they're able to control them; so, actually we highlight, and we went through the history of the Black militia movement in the US, that actually was organized in different parts of the city, when the White Supremacist Klu Klux Klan run by the Democrat Party tried to stop votes, stop them from changing their politicians. Ridiculous! Gun control is racist, folks. That's what Maj Toure said. Gun control is racist. The Sullivan Act in 1911 in New York City that prohibited Blacks, Irish and different minority groups that were coming in. They couldn't defend themselves; but, the Mob was running the whole town; so, the Mob, with the politicians, past a law to disarm everybody.

So, then they go in and do the protection racket; they go into your shop and say, "Hey, you need some protection. I'm gonna give you some protection. Hey, you know. You better take this, you know." They did this kind of thing, right? And then, they say, "Oh, we don't want nothing bad to happen to you, you know what I'm saying?" Whatever, this kind of thing, right? "I wouldn't want anything to happen to you. Forget about it!"

And then, what happens? The Black or Yakuza guys come, or the Chinese guys come. They were operating the same way. It's all a racket. Same as the federalized government. It's just a bigger racket. That's all it is. Organized crime.

The point is, that's why they're so afraid of the Rod of Iron message, because it's not my message. It's in the dang Bible; and, it's not the message about the Gospels of the Kingdom. It's in Jesus own description of his own Gospel; and, then he goes on to define that as the Gospel of the Crown and the Rod of Iron. It's not my message. The message is of liberation, so the people can be left alone and free from these tyrants and despots, and these wanna be farmers and redistributors of resources, all wicked. All these wicked, licentious, selfish, greedy, immoral, you know, using force. I mean, this is what Communism is all about; and, that's why Father called it Satanism. It is Political Satanism. It is the actualization of Satan's kingdom on this world, on this Earth.

So, that's why they fear the rule of the Rod of Iron. Once God gave that, and it just exploded, that just went worldwide, because any totalitarians know just like when the Blacks got guns, they said, "Oh, shish-ka-bob. We're gonna start getting the fights back." The Black activist, who was it who sat on the bus, Rosa Parks. She used to sit with her daddy on the porch with a shotgun. Martin Luther King was pro-Second Amendment. Martin Luther King, Jr. was talking about Black may be arms. He was pro-Second Amendment. He was not a progressive leftist lunatic Communist; and, lot of Black folk waking up. Minorities are waking up.

Man, you go to NRA Show now, young Black folks, young Asian folks, young minority Hispanics there. Everybody's now in there. It's no longer, it doesn't feel like a White golf club, or something like that. It does not feel like that anymore. There is completely transformation. The leftist lunatics cannot control the plantations anymore. The young folks awoke. The young folks are waking up. The young folks know they've been jacked, they've been hijacked, they been run. They're voting different. Even those in those same thing, they're buying guns, legally, legally, okay. Alight!

**Revelation 19:15 And out of his mouth goeth a sharp sword, that with it he should smite the nations: and he shall rule them with a rod of iron: and he treadeth the winepress of the fierceness and wrath of Almighty God.**

From his mouth comes a sharp two-edge sword. *Distomos micada*. So that with it, he may strike down the nations with the Word of God. In Ephesians 6, we talk about the armor of God. The helmet of salvation, the breastplate of righteousness, the shield of faith, the belt of truth, the sword of the Word of God, the feet shod in the preparation of the Gospel of peace, you know. The power, too, amazing power. Ooh, Lord have mercy! Whoa! You remember that brother Lowell. Oh, put on that armor, put on that armor of God. Bring that, bring that *distomos micada*, because it cuts to the bone. The Word of God cuts, penetrates to the bone marrow, the Bible says. Penetrates to the inner-being of a person. Cuts

to the heart at the appropriate time, you know; but, it's just amazing. The two-edge sword is coming out; and what happens? Then he rules the nations with the Rod of Iron.

But again, we know that God's nature, Christ nature, he does not change. Christ is not the benevolent father one day, and the dictatorial tyrant the next. Does that make sense? The God in the Garden of Eden, He gave free will, but hoped His children would choose the right way, hoped His children would not be deceived by the Serpent and Satan, and that ignominious devil that is constantly trying to destroy us.

You know, it's amazing. Who saw the interview with Ben Shapiro and Jordan Peterson on *The Reuben Report*? Did you guys see this? Anyways, I will forward it to you. Excellent. Wonderful; and, Jordan Peterson talking about the psychological aspect of, you know, the loss of the idea of the Christian God. Nietzsche of course warned, that he predicted in *The Will to Power*, that there will be over a hundred million dead in the next century, because the world will be overcome by Nihilism, as we get rid of the Judaeo-Christian God, we get rid of the entire system, and then replace it with Nihilism, which they released the genocide, and he was right. There was more. There was double this. There was 220 million dead by genocide, by government's democide in the twentieth century; and, these are the people you're supposed to protect, you're supposed to believe in. These people that walk in front of you with suits that saying, they love you, that's say they'll give you free stuff, and just want you to believe them. Give me a break! They're the ones that are responsible for two hundred twenty million deaths. The poor innocent people in China under Mao Zedong, Rockefeller's praising him, lauding him, saying he's a great leader. Of course Rockefeller, Carnegie, the Ford Foundation. All those organizations tied to the Rothschilds. Major investments come from the Rothschild banks into their various enterprises they begin in the United States. That's just history. That's just plain history.

So we see, there is such a fundamental difference when God's Kingdom comes, cause when God Kingdom comes, it's not gonna be, it's not a tyrannical rule; but, it's a tremendously powerful rule; where in Proverbs 28, "The wicked flee in non pursuit." Even though we don't chase the wicked, they run, because Romans 8:17. The coheirs with Christ, the citizens of the Kingdom, the co-Kings and Queens of Christ, they are strong, you know what I'm saying? The righteous are as bold as lions, as lions; and, when the wolves and hyenas come, and you have a whole group of Lions come out, what do they do? They go run. That's what they do.

So, again, I am not making this up. People saying I'm teaching them I'm God. I'm not saying I'm God. I'm not saying I'm the Messiah. I'm not saying any of that. I am saying what Jesus... I am not even saying. I'm reading to you what Jesus said in the Bible; and, then I get blamed for being a cult leader, and that I'm God. I'm not God, do you understand? I never said it. Give me a break!

**Luke 8**, Okay, let's read this together, folks, cause we're focusing on this Scripture. This next is in our series. We're just going through the whole Bible. Any of the next passages, this is just the next passage. I didn't prepare this message for you guys from Denmark. This is just the next message. Last week we did Luke 4, was it. Was it Luke 6. Did we do Luke 7? So we're now in Luke 8. Okay, here we go. Let's read it together:

**Luke 8:1 And it came to pass afterward, that he went throughout every city and village, preaching and shewing the glad tidings of the kingdom of God: and the twelve were with him,**

That's the British way to say, "Good news." The Good News. Wow! The Good, incredibly liberating News. Do you know whose heart sing, when they hear about a Kingdom? That one day the wolves and the predators will not be able to dominate and tax farm? Do you know whose heart's sing? People who are not psychopaths. That's whose heart's sing. That's a glad message. That's a glad tidings, when we can see into the future the Kingdom, where the wolves and the predators cannot succeed; and, that they will be punished quickly, and justice will be served, quickly; and, of course, that's just what happens when you have an armed citizenry, and they try and do evil.

They get shot quickly. They get punished fast. If they're using lethal force on you, you become judge, jury and executioner right there. I said, if they're using lethal force against you. If they're not, then your in trouble, okay. You better make sure you understand justice. That's why concealed carry holders are the most law abiding citizens in the United States. They have less crime rate than police officers. Did you know that? Less crime rate than the average citizen, of course. Concealed carry holders have the lowest crime rate over any population in the United States, including police officers; but, yet the Left says you're the dangerous ones, you're the White Supremacists, you're the Nazis, even though 90% of you are not White. They say I'm a White Supremacist. You see, when you look at me, you can see my complexion. What are you smoking? You're smoking Ganja something, because last time I checked, I wasn't White. Give me a break!

So, the glad tidings of the Kingdom; and, that's what's so amazing. If you look at the history of humanity, the history of the perpetual cycles of suffering that exist, that are perpetuated through these systems of politics; and, that's why they don't want you do be involved about it. That's why they want Christians to be unaware, "Oh, you can't talk about politics and Church. You got to just talk about love; and, you got to just talk about this and that. Oh, you just got to talk about getting along, and being kind and gentle."

Okay, what are politics? It only has the ability to change your life, and command you by force, and by guns to this, or for you to do that. To confiscate this or that from your property, whether or not people can be stationed in your house, or not. I mean, hello! There's a lot. It can make a lot of problems for your life; but, in the Church, you're not supposed to be talking about it, cause what was that Act? The

Johnson Act that prohibited Churches talking about politics, or saying that I, you know, vote for this guy. He stands for biblical principles. It's heavy handed, Stalinzy type, buoying so that the Pastors are shut up, and they can't speak, and give information to the people that come and hear the Scripture, and the Word of God.

But again, Christ is gone through all the cities and villages, and he's teaching the glad tidings of the Kingdom of God, and the twelve were with him; so, the disciples were there, and certain women were there as well. Those women have been healed of evil spirits and infirmities.

Wow! How many people have joined Father's anti-Communist Crusades, were actually Communist when in college? We have a lot of those kind of folks, right? We have a lot of those kinds of folks. They were actually Commies of their, you know, universities, you know, the Western universities, you know, a Communist group; and, then they realized the dangers of Communism from the VOC lectures, Victory Over Communism lectures, or the many different Movements that True Father founded, to alert people of the danger of Communism and centralized government. We have a lot of those kind of brothers and sisters, don't we? Former Commies. Former possessed by the evil spirits, just like you see there, right? Possessed by the evil spirit of Satan, because why? The spirit of Satan is, the Communist doctrine is based on not only the atheist spirit of the hateful, hateful God-hating doctrine; but it's based on the use of force. It's based on force. It's based on coercion, right?

What's the difference between force and non-force? Well, between having, you know, consensual love making or rape. That's a big difference, isn't it? Now, in the Christian context, obviously, before marriage, you shouldn't be having, even if it's consensual, sexual relations, cause that would be fornication, right? But, of course, after marriage, obviously, that is not, you know, loving making between a husband and wife, that is not rape. Right? There's a huge difference between force and non-force, right? Huge, huge, huge, huge, huge, massive, massive difference between force and non-force. Socialism, Communism, any centralized power, centralized government is based on the use of force. It's based on coercion, it's based on non-volunteerism, it's based on forcing people to do what these rulers say; and, if you don't do it, you're going to die. If you don't do it, you're going to be thrown in prison, just like Tommy Robertson. Didn't they throw him in the Muslim wing; but, now they moved him to solitary, right, cause the British people are starting to revolt? They're beating up cops now on the street; and, if they kill a man, that's going to be a revolt over there. They're totally totalitarians. I mean, it's crazy folks.

It's totally nuts; but, this is the big difference. it's one thing doing charity, and deciding, you know, I'm going to help that person, I'm going to create a charitable organization; or, I'm just going to give, you know, help that person however I can right now. And nothings being coerced to take your money, and if you don't do it, guys come and put you in prison. That's called, taxed farming, that's called taxed harvesting. That's called coercion. That's not charity. Never mind the fact that 96% of the monies you

give to government charities goes to bureaucracies. Only 2-4% goes to the actual person who need it, if that. I mean, God forbid you donate to the Hillary Clinton, to the Clinton Foundation, because then all your money's gone. All that money that went to Haiti's gone. Haitians is gone. Lord have mercy.

So, the evil spirit, the spirits that literally take about. Did you see all these Leftist? They're victims. They're howling. Did you see their therapy that they're doing, they're shouting that Trump got elected on the college campuses? Did you see this? They're shouting. They're shouting, like howling. I'm talking about, I mean, they're having howling therapy on the college campus. I mean, this is like, this is bonker twilight. This is insane. Lord have mercy. I mean, it's literally... they want to call Evangelical Christianity a cult. My God. Look at how the Leftist's are raising these kids? Cognitive dissonance if you give them evidence. Cognitive dissonance if you show them FBI statistics about gun owners, and gun defensive, defensive, you know, statistics that show 1.5 to 2.5 million people are saved, lives are saved by defensive use of handguns every year. That's under Obama's FBI. I'm sorry. DOJ. Under Obama's DOJ. Of course, he really didn't promote that statistic. That his own DOJ discovered; but, it's like a spirit of evil, a spirit of wanting to get on power trips. It's a spirit of wanting to get actually resources, forced resources to yourself, and to your codery, so that you can rule over these peoples. It's a cult; and, it's like a spirit in here many times.

It's at the top level. All these people are Marina Abramović Satanist rituals, and Wikileaks show them with show them, what is it? John Podesta and his brother. You've seen it. I've shown you pictures. I showed you pictures he's collecting of young children in underwear that just got slapped. Remember these pictures I showed you? Remember that? He's hanging these in his house, for Christ's sake. My gosh! These people are sick. And notice Stefan Molyneux holds an incredible discussion with Michael Walsh on his most recent broadcast. He was talking about, isn't it interesting? If you're a pedophile, and you want access to children, who do you have to get rid of in the household? You got to get rid of the men, because will actually protect the children, okay. They will fight to the death for the children; and, of course, Mom's will do that too, but I mean, you know what I mean. Men are protectors. They are there. It's their duty and their job. They know it; and, they will fight, if somebody comes at night to get their kids.

So, if you create a system and welfare state, as Stefan Molyneux would say, if you create a system of a welfare state, well, you eliminate the father's from the home, well now you got access to the kids. More dysfunction, more criminality, more psychological dysfunction; and, what happened in the UK with Jimmy Savile? Woo Wee, you had the BBC covering up for it. Come on BBC. You want to interview me, come on. They already did a small interview with me. You want to send your team. Send it. Come on. Let's talk about it. Your BBC and Jimmy Savile. Let's talk about, what is it? Lord Prime Minister Edward Heath, who was on police record, a necrophile. It means, he's having sex with dead bodies. That's your leadership. Hello!

How about all those Native American children in Canada who disappeared? How about his twelve kids who were seen and are no longer present? No one could find them. There's some wacky stuff going on; and, we know Jimmy Savile was in there running the orphanages, trafficking the children through the orphanages, and he was best friends with the royalty of Britain. That's why they're satanic royalties. They're not God's royalties. That may make them feel bad. I'm sorry; but, that's what it is. These are not legitimate monarchies. These are not monarchies that are centered on Christ, and his nature, and his Kingdom. They're not centered on the Rod of Iron, where the people have power, real power. I'm not talking about fake. Real power. They got the power of the Holy Ghost, and they got real physical power, too. Just like Mao Zedong knew, "All political power comes from the barrel of a gun." That's why he said, we got disarm all the poor Asian people, so we can rule over them.

These people are demons, folks. They're satanic demons; and, they're possessed by the spirit of evil. This ideology of immorality it is, that is centralized control. Communism, Socialism, Fascism, you name it. The same, same, same stuff, just different names; and, you can see those spirits of evil are cleansed. They are removed from you, when you come into the Kingdom. You can see, you get awake, you can see the Kingdom; and, you realize it's not about the redistribution of resources, which always leads to a super class bureaucracy like North Korea that rules over you.

And so the Kingdom of God brings glad tidings, we can see here; and, Jesus goes on to explain. Look at this? He goes on to explain the organic nature of the Kingdom. Look at this? Look at this? Look at how he goes on here? Let's skip down here. Boom, boom, boom. He says, Look, I want to speak to you in parables now right here from **Verse 4 A sower went out to sow his seed; some fell by the way side; some fell by the rocks, etc, okay. Remember this? Some fell by the thorns. There you go; and, some fell on good ground in Verse 8.**

**Luke 2 And certain women, which had been healed of evil spirits and infirmities, Mary called Magdalene, out of whom went seven devils, 3 And Joanna the wife of Chuza Herod's steward, and Susanna, and many others, which ministered unto him of their substance. 4 And when much people were gathered together, and were come to him out of every city, he spake by a parable: 5 A sower went out to sow his seed: and as he sowed, some fell by the way side; and it was trodden down, and the fowls of the air devoured it. 6 And some fell upon a rock; and as soon as it was sprung up, it withered away, because it lacked moisture. 7 And some fell among thorns; and the thorns sprang up with it, and choked it. 8 And other fell on good ground, and sprang up, and bare fruit a hundredfold. And when he had said these things, he cried, He that hath ears to hear, let him hear. 9 And his disciples asked him, saying, What might this parable be? 10 And he said, Unto you it is given to know the mysteries of the kingdom of God: but to others in parables; that seeing they might not see, and hearing they might not understand. 11 Now the parable is this: The seed is the word of God.**

And Jesus goes on to explain this. In the Scripture right down here in **Verse 11**, he says, **Now the parable is this: The seed is the word of God.** The seed is the word of God. So Christ is throwing these seeds. The seed is the Word of God. It's the preaching of the Gospel. It's the preaching of the Kingdom. Now, can you force people to accept the Gospel of the Kingdom? No, that goes against God's nature. This is not radical Islam or something, where you can literally attack, unfortunately, in conquest, and then convert, which is the early history of Islam. Muhammad actually being a military leader, owning sex slaves, marrying a six years old girl, and allowing mut'ah wives, which are of course temporary prostitution. Totally a different civilization. But this is not like, totally unlike that.

God throws the seed, the Word of God. He throws the seed. He's uses the instruments of his peace to preach the Gospel; but, you can't force them. That's why in the Kingdom, folks, that's why in the Kingdom, and the Constitution you see it. That's freedom of religion, cause you can't force somebody to believe in Jesus. You can pray for them. You can hope for them; but, if there going to make stupid decisions, they're going to make stupid decisions. This is the key factor of Christianity. The key factor.

The individual responsibility of every single person. In the end, you are responsible for whether or not you will be saved, or condemned. You are responsible whether you go to Heaven or Hell. You are responsible. Nobody else can do it for you. The government can't do it for you. Pontius Pilate can't do it for you. Nobody. You are responsible. You have to repent of your sin. You have to come before the Lord and say, "Lord, I want you to be the Lord of my life." It's that individual responsibility and accountability, which is the central moral fabric of Christianity. It doesn't view the individuals as collectives. It doesn't view peoples as tribes and just races only. It sees them as individuals that have to make an individual decision commitment, which using an exercise of their free will given to them by their Creator, who has been benevolent, and loving, and just. Hence, the reason why He has given you free will. You can choose Him, or not. And, there will be consequences for that.

But again, the point is, you will be using that central aspect of free will, unlike this evolutionary system that they created in the West, where you know, we're just evolving from different amoebas, and plankton, and you know, crustaceans, and you know, mammals. Just like you're going along. They're saying, "Just enjoy life, you know, you're going to die anyways." That's a nihilistic doctrine. That's a completely nihilistic doctrine. That kind of doctrine leads to tremendous, tremendous despair, as Nietzsche wrote about in his "Will to Power."

So, he (Jesus) is showing that in the Kingdom, he throwing the seed. It doesn't mean that everybody accepts the seed. Some people in the Kingdom, I think, he describes it right down here. Some fall by the way side; then the devil comes, and take the word away out of their heart.

**Luke 8:12 Those by the way side are they that hear; then cometh the devil, and taketh away the word out of their hearts, lest they should believe and be saved.**

You could see. You could imagine that. You can hear this Gospel being preached. You can hear the Gospel of the liberation of God, of personal responsibility, and being accountable for your own decisions. Also, being empowered, and having the Crown of sovereignty, and having the Rod of Iron, and getting training, and become a responsible citizen, an armed citizen. You can hear that in that message; and, you could hear that, and say, “Okay,” but the Devil can come in and say, “No, no. Socialism is the way,” even though he once never created what he promised, even though he always created hell holes, and more poverty, and less lower IQ, and super, super unegalitarian systems, where there’s a super class ruling over a totally impoverished class. Always, that’s what it produces. Venezuela, Cuba, what’s it? North Korea, you name it. On and on and on. That’s all it produces suffering, it produces poverty, it produces genocide, it produces tremendous, tremendous human suffering.

So, there are people who say, “No, I don’t like that. I like Bernie Sanders. I want free health care, I want free this or that. I like Bernie Sanders. I don’t care if you got to pay for it. I like Bernie Sanders, cause he speaks to me, saying, “White people don’t know what it means to be poor,” even those like 70% who are in poverty are White. I mean, people are crazy. They’re literally insane.

**Luke 8:13 They on the rock are they, which, when they hear, receive the word with joy; and these have no root, which for a while believe, and in time of temptation fall away.**

So, you still could have that. You could have the Word preached; but, again, are those who have ears to hear, right? So, you’re going to get that. You’re also going to get some who fall on the rock. When they hear, they receive the Word with joy. They have no root, which they believe in, and in time of temptation fall away. They’re tempted, right? They may feel it, “Oh yeah, I feel it now;” and, then later on they’re tempted. “Oh, okay, but when I go to Bernie, he’s the light. He’s the light. Bernie Sanders, yes! National Socialism, yes. Bernie Sanders, I’m coming to you with open arms. Love me, love me, Bernie Sanders.” Okay.

**Luke 8:14 And that which fell among thorns are they, which, when they have heard, go forth, and are choked with cares and riches and pleasures of this life, and bring no fruit to perfection.**

Okay, then you have all those that are just choked up with Hedonism. They’re just too prosperous, they’re too spoiled. They’re just, you know, engaged in Hedonism; and, they can’t have the time to think or digest the Gospel, and be a responsible citizen to protect other people, because they’re just so busy fulfilling their own pleasures. Do you see what I mean? Do you see what I’m saying? Of course, Plato warned about this in the third generation, right? By the third generation, a prosperous society will become Hedonistic and immoral, and will destroy all the fruits of the previous forefathers; but, again, that’s why in the Kingdom, those people, those generations do not have the ability to elect a President. That’s done by the House of Representatives. They don’t have the ability. Even though they become all

Socialists, they don't have the ability to push it through socialized education in public schooling, because the government the government cannot get involved in forced public schooling.

So, all their systems have to end, and the media has to be own by private individuals, who you can sue directly; instead of Board, and these little shadow organizations, and these little front groups. You can't do that. Ted Turner wants to crucify you. You can sue him directly. A lot of liability for those owners. It keeping them honest.

So, in the Kingdom, you have a system, where okay, yes people will get spoiled, yes there's a lot of prosperity. Totally free markets. There's no taxation, right, other than people who choose like sales tax; but, income tax is illegal, property tax is illegal, inheritance tax is illegal. All that is illegal. So, people will be very prosperous. It's a scientific fact, cause you'll have so many free opportunities. You don't have to go to government licensing to be a barber, to be a restaurant owner, etc. You'll be known by your reputation, known by the quality of the food you make, known by your skills as a chef of a barista, whatever. You'll be rewarded for serving people and loving your neighbor. You'll be rewarded for serving other people. People will lover your store, because you're the best. "I just love and going and buying coffee from him, cause maybe he's not as good as that person, cause we feel happy," or whatever.

People have that choice. It's not like North Korea, where, you know, you got the government, you got Kim Jong Un and his cronies. There the one's who own all the CVSs, all the Rite Aids. They don't have CVSs or Rite Aids, but you know what I'm saying. The Pharmacies, etc. All the restaurants are all owned by them; and, you have, even though you have this hedonistic tendency comes in the third generation, the kids are spoiled. They can be spoiled, cause why? There's no centralized law in enforcement. There's no centralized military.

Everybody's participating in the defense of the community; so, from a young age, you are police and law enforcement, you are getting educated on being protected from other people. You're being educated. It's like becoming a cop. You have a sense of responsibility and duty for your neighborhood, as a cop does for his neighborhood, right? And you're not even paid by the state, your not paid by the state.

You see, this is, this is how America use to have it in it's early days. It's like you voted, you volunteered for your fire department, you volunteered for law enforcement. You see, from the young people from an early age have been training with people. Even though they come from different backgrounds, you have to respect one another. They're trained together in the arts that make them, and force them to be polite to one another.

You can be Donald Trump and have a billion dollars, and you can be training with somebody, who just has thirty thousand dollars, or no money, and a little half acre; but, you still got to respect that person as King of his land, even though you're Donald J. Trump. Right? You got to still respect that person. You

got to treat that person with dignity and respect, cause he's got a powerful Rod of Iron in his hands. Do you see what I'm saying?

So, any of this highfalutin monarchy, you know, arrogant, you know, what is this, high-nose, high-brow. You act like that, you going to get some enemies real quick. Do you see what I mean? Why? Because people have the use of force decentralized. It's brought to the local level, no, to the individuals who live at the local level. Whoa!

**Luke 15 But that on the good ground are they, which in an honest and good heart, having heard the word, keep it, and bring forth fruit with patience.**

So, those who have a good heart, those who have the Word, those who know and are the protector and self-defenders, they don't people to be exploited. They don't want women to be raped. They have good, honest hearts. They want work honestly, they want to work a good honest day, and get paid honestly. Do you know what I'm saying? They don't want to tax harvest and sell socially, to be distributed, and use the coercion of the state to steal, the immorality of the state to tax farm people. They don't want to do that. They're not interested. "No, I'd rather not. I got other things that I'm concerned about.

Like Jesus in the epic battle with Satan in the wilderness. He said, "All the Kingdoms shall be yours. Just bow before me." He said, "No. What does it prophet a man to gain the whole world and lose his soul." (Matthew 4:9+) And that's what the root of Christianity does. Human accountability. Free will. Responsibility. God given destiny. Each individual has a God given destiny. We're not a group of collective. We're not a group that can be mashed up into some kind of identifying group. We are individuals with destinies that God has planned before the foundations of the world. We're not just little groups that centralized governments can organize, and rule over, and push this piece of the Chess puzzle over here, and over here, to rule. No! We're sovereign individuals, coheirs with Christ, Kings and Queens in the Kingdom of God. It can't only be verbal like that. It's got to be backed up with the Crown of sovereignties and the Rod of Iron. Real political power must be given to the co Kings and Queens with Christ. That's why it's a human right in the Kingdom. You have the Rod of Iron; and, that's why concealed carriers are the lowest crime rate in the, in the entire country.

Look what John Adams said? He's a founding father. He said, **"We have no government armed in power capable of contending in human passions unbridled by morality and religion... Our Constitution was made only for a moral and religious people. It is whole inadequate to the government of any others."**

We have human greed. Anyone of could fall in an idyllic state. Adam and Eve Fell, folks. Even in an ideal world, Adam and Eve Fell. How many people in the Church, they literally believe that when the Kingdom comes, their children will be perfect, they're going to be perfect. There's no more be sin. What you smoking, man? What you smokin? What you on? It says, even in the Bible, in an idyllic place, in a totally idyllic place, no temptation, other than the Serpent. We're surrounded with so much

more temptation in the modern world, than the Garden. Are you kidding. There's a billion times more temptation; and, yet in the idyllic world, Adam and Eve still Fell. How do you think when the Kingdom comes, there's going to be no possibility to Fall? Of course there is. That's human will. Of course there is. Some people are always going to be vigilant. We always got to be doubtful of human power, even in the Kingdom; and, that's why it's built into the Constitution.

So, John Adams said, **“We have no government armed in power capable of contending in human passions unbridled by morality and religion... Our Constitution was made only for a moral and religious people. It is whole inadequate to the government of any others.”**

It must be a religious and moral peoples that is given that tremendous power. If you don't have the morals, you're going to become just as evil, as the last dynasty of China. Just as evil as the Shoguns of Japan. You are going to be just as evil as the tribal, you know, genocidal leaders of Africa. You're going to be just as evil as the Rothschild, you know, banking cartel. You're going to create the same system. Political Satanism. The morality of the people, the religious nature of believers, the ethics of the people, the fundamental Mal Yeux of society. What the general sensibilities, what the code of conduct is that they abide by: Love God/ Love your neighbor. What is the Commandments that they abide by.

Largely speaking, we had the Ten Commandments in front of every schoolhouse in the US. We had the Bible in every schoolhouse in the US. We had kids that walked into government courthouses, we use to; and, they would, or at least they would be reminded of the Ten Commandments. Oh, I forgot about that one, yeah.

### **Ten Commandments**

- 1 ~ You shall have no other “Gods” before me.**
- 2 ~ You shall not not make for yourself an idol.**
- 3 ~ You shall not take the name of God in vain.**
- 4 ~ Remember the Sabbath Day to keep it holy.**
- 5 ~ Honor your father and mother.**
- 6 ~ You shall not murder.**
- 7 ~ You shall not commit adultery.**
- 8 ~ You shall not steal.**
- 9 ~ You shall not lie.**
- 10 ~ You shall not covet.**

If I worship other God, they're at least from different mountains. It did not say mountains. No, no, no. Worshiping Jesus and Lucifer are totally different mountains, okay. Moral welfarism doesn't work. Totally different mountain. Oh, you walk into your school, and you see the Ten Commandments, oh yeah, yeah, yeah.

Don't take the name of God in vain; and, you're in the habit of saying, "God dam" and all this kind of stuff. That's taking the name of God in vain, right? So you're reminded, "Oh, Lord! I'm not supposed to do that. Look how I sinned every time I say that in front of God. Can you imagine, your child is cursing you everytime they get angry? I mean, that's a bastard son, right? Everytime you get angry.

Remember the Sabbath Day and keep it holy.

Honor your father and mother, right? In the case your Dad and Mom are going that way, you have to tell them, "Please don't go that way? You're going to destroy yourself, Mom. Stop that." That's what I'd do; but, that's how you honor them. You honor them; but, you hold people accountable; and, also parents with children. You hold your children accountable. Don't be a like that. It's going to hurt you. Give them wise counsel, etc.

Thous shall not murder. You shall not commit adultery. You shall not steal. You shall not lie. You shall not covet. Everything that the federal government does. Murderers, adultery, stealing, lying, and coveting. What is it? Ron Paul, Ron Paul on his desk, he used to have a sign that says, "We don't like criminals; the government doesn't like competition." Because it's a racket. It is thee centralized body that what? It could murder you at anytime under the MDAA. (Missile Defense Advocacy Alliance) AUMF, the Authorized Use of Military Force that sees the United States as a war zone.

A Muslim-American was killed under the MDAA under President Obama without any due process. He was killed. He was killed. A Muslim-American. Murdered by the government. Just killed. No, due process. This is the state that America descended to, folks. We're literally like the Stasi. Of course, if Hillary got in, oh my goodness. We've been in big trouble. I'd be in a FEMA camp right now. I'd be preaching, broadcasting life from the FEMA camp. I'd probably be like talking to you through a Diet Pepsi can on a wire going... Lord have mercy. You know, that telephone game, when you were a little kid, right?

You shall not steal. The federal government. The taxes are theft. Forced coercive stealing. You don't want to pay the taxes, cause you know they're going to get eating up 76% of the bureaucrats and FBI officials, and all these kind of Deep State officials. I mean, it's ridiculous. Layer and layers and layers of unbridled, you know, government, government waste. Stealing, lying. I mean, look at how much lying there is happening. Look at the IG report. Look at Comey. Look at these guys. These guys are supposed to be the highest level of law enforcement in the world; and, they're out lying through their teeth. How can the public trust these guys. Golly! They're supposed to be the highest level of law enforcement in the United States. Golly!

And, of course, you shall not covet. We used to see this on a regular basis, folks. We used to be reminded, you know what I mean? We used to be reminded. Everywhere you went, you used to be reminded, “Oh, these are the... this is the moral framework that holds us together. This is the moral framework that binds us together as a community, even though we have different religions, different theologies, different centers. These basic principles of morality binds us together, and created the moral ethical context by which our Constitution can operate, like John Adams’ quote that we just saw.

This is the same Ten Commandments of course. This is the Hebrew there. The correct translation, it’s not do not kill, it’s do not murder. Prager University did the actual study of the Hebrew. Two different words: kill and murder. Two different words; and, of course the greatest Commandment is that Jesus Commanded: Love God/ Love your neighbor. He said, that’s the greatest Commandments.

Be a good neighbor. That whole idea of be a good neighbor, right. Different civilizations create different realities. One says, Love your neighbor; one says, Eat your neighbor. That’s a problem. Totally different civilizations. It’s not the same. It’s mutually exclusive, okay. They can’t coincide together.

One civilization says protect children; one civilization says to rape and marry children. No, you see, you can’t have those societies, You can’t have those civilizations together. You see, they can’t. It’s like oil and water. You can’t mix them.

And of course, that’s why we see, we see failure after failure over the Socialist, Communist centralized systems. Failure after failure. This is one of the articles that we covered in one of the Chapters of the book; but, even looking at Latin America; and, the corruption that happened there:

**“Democracy’s beleaguered status in Latin America cannot be attributed to a single cause, but its biggest enemy, by far, is corruption. It does more than erode confidence in government. Corruption erodes confidence in human nature itself, and thus undercuts democracy at the deepest metaphysical core.**

Look how corrupt the US government has become. And Trump was on with *Fox and Friends*, and *Fox and Friends* were like, “It’s your FBI. It’s like your FBI.” He said, “I don’t...” They said, “Hello! It’s still your FBI. Do something about it.” This is what Steve Doocy was saying.

**“Corruption comes from the combination of excessive government power and insufficient intra-government competition. The first puts government officials in charge of too many people’s lives and livelihoods. The second insures that bribery and lucrative conflicts of interest take place without accountability. Overlaying the entire system is a political culture, resulting from decades of dictatorship, that permits officials to steal without a pang of conscience, and convinces private citizens that redress is impossible.”**

This is a Professor, who first worked under the Reagan Administration. It's an endless cycle of despair. Nihilism. Political Nihilism. It's an endless cycle of pain and torture and suffering, where there's no way out. There's no way out. There's no redress. You can't do anything. You're totally helpless, left at the mercy of these Kim Jong Un wannabes.

**“Latin America should imitate the United States, because checks and balances, for the most part, have kept corruption manageable. The American Founders never promised silver bullet solutions. They only promised structures with built-in disincentives to malicious behavior.”**

The checks and balances help block against malicious behavior, or the fallen natures of man and woman of human kind, right? The checks and balances help against the wolves seeing that there's opportunity by going into that system, and then preying using that system to exponentially increase their level of predation. Whoa! Lord have mercy!

**“Devolving power would attack corruption from a number of different angles. First, since local governments deal in smaller amounts of money than national governments, less illicit profit is available to start with, making a cost-benefit analysis of illegal activity more likely to result in caution.?”**

On a local level. Bring it down to a local. That's what the Cheon Il Guk Constitution does. Local jurisprudence. Local jurisdiction.

**“Second, barriers to the movement of people and investments among localities with a nation are low, often nonexistent. Thus, if corruption becomes a problem in one locality, people and their money can move.”**

They can move to a different country. In Cheon Il Guk, you can move to a different country. Somebody wants to setup their little Socialist Utopia. Fine, they can do that. It's just going to fail; and, people are going to move out. People are going to move out. You can move.

**“Abandoning an entire nation because of corrupt national officials is more difficult and time consuming. Third, with real power and real resources, local officials could no longer blame the “people upstairs” for failures of public policy.”**

You could hold their booties to the flame, cause you know them. They can say, “Oh, it's the Washington guys. They told us to do it.” They been doing that here in the local area, right? “Oh, you know, it's a Washington law, you know, we have to do it. I really don't have any power here. I mean, it's Washington, it's Harrisburg. You have this, too, on the local level.

**“Finally, devolution attacks the root cause of endemic corruption, which is the culture of separation between rulers and ruled. That separation is harder to maintain on the local level,**

**since the people who are being mistreated are psychologically (and physically) closer to the official who govern them.”**

Do you see that? Psychologically and physically closer. Physical, physically. Do you understand? Physically closer.

**“Again, federalism is no guarantee of virtue. But properly understood and implemented, devolving power raises the cost of corruption while providing built-in incentives to effective government. The father of corruption is greed, but the father of endemic corruption is cynicism, which prompts citizens to cede government to the venal, until the people get fed up, and power is wrested from the profiteers and given to the predators.”**

This is very well written. Very well. Very eloquently, you know, espoused; and, that’s why these evil demons, who kill hundreds of millions of people. Mao Zedong being the worst, one of the worst evil, wretched, devilish, satanic creatures on the planet, that ever walked, and had the full support of the international banking cartel and the Rockefellers, who praised him in 1979 article to the *New York Times*. He said, that a man who murdered over a hundred million poor Asian people, slaves, Asian slaves.

Oh yeah, Koreans know a lot about slaves. We’ve been slaves in Korea to the Manchus, the Mongols, the Han Chinese for five thousand years, and the Japanese; and the Japanese. Koreans have been slaves for five thousand years of their recorded history. Every five years on average, they have been taken over, raped, pillaged, plundered and imploded into a vassal state of some hegemony.

**“All political power comes from the barrel of a gun,”** said Mao Zedong, the evil wicked demon. **“The communist party must command all the guns, that way, no guns can ever be used to command the party.”**

So, when you see some of these Marxist brainwashed public school educated liberal indoctrinated cultural Marxist that come out of Universities, that think they’re smart, have useless degrees, and they wear Mao Zedong shirts, forgive me if we’re a little upset, if you’re wearing the shirt of murderers of over one hundred million poor Asian people, you racist Supremacist. All political power comes from the barrel of a gun; and in the Kingdom, remember that, physical and psychological closeness at the local level, the elected officials serving 2100 people is the constituency, and all those people can do this. Do you understand?

All the ladies can do this, too. (showing a picture of ladies shooting rifles) All the Queens can know how to do this. So you politicians think you’re going to get away with mafia cartels, and divide and conquer strategy, and bring incompatible situation, you know, to come in an implode our society? No, that’s not going to work. Not with an armed populous, it’s not going to work. Not with an armed

populous who's responsible for their own law enforcement and military, cause they're all military police men and women.

Ooh, that's a lot harder to control, isn't that? And, they all have military grade weapons. Rod of Irons at the military level. Ooh, hard to control; and, they all have to do a little bit of training. Sunday, Funday, you know what I mean? Just running around and do a little training, you know. There they are. Going shopping, but still have the Rod of Iron. You best not play around, you predators and wolves. You're going to pay.

The Queens in the Kingdom, and the Princes in the Kingdom, ooh, they got some power. They got the power and the spirit of God; and, they have real power as well. If you try to harm, if you try and do evil, they have real power to put you down fast, very fast; and, that's why the Kingdom of God is so scientifically proven as well.

All the Christian Churches and Catholic Church out there teaching Communism, and it's going to be a Social Gospel and Liberation Theology, when you get into the Kingdom of Heaven, it's going to be welfare, and you know, harps and angels, you are teaching total heresy. You are painting Jesus Christ as Castro. You are then teaching a devil theology.

**“Where the Spirit of God is, so to is liberty.”** (2 Corinthians 3:17) God does not change. **“Christ is the same today, yesterday, and forever.”** That's in Hebrews. (Hebrews 13:8)

This is the National Institute of Justice under the DOJ. This is under the Department of Justice in the US federal government. This is their website. NIJ, or National Institute of Justice, is the research, development and evaluation agency of the US Department of Justice. According to the National Institute of Justice, in their article: “Guns in America: National Survey on Private Ownership and Use of Firearms.” What did the Obama Justice Department with the National Institute of Justice find out? Well, I tell you what they found out.

~ 1.5 to 2.5 million defensive uses of guns. Defensive uses of guns. That is an average of 4,109 to 6,849 defensive events per day, where people's lives are being saved by a Rod of Iron. A day.

~ Guns are used a whopping 80X. 80. Not 2X, 3X, 4X. Eighty times to defend life than to take life.

~ According to the NIJ, 200,000 women used a gun to defend themselves against sexual predation and abuse. So, if you disarm the women in the population, you now allowed them, two hundred thousand women to just get raped, or sexually put men upon.

Crime Prevention Research Center

~ Concealed carry permits increased 300% during Obama's first 7 years; but, the murder rate dropped 16%. “Ooh, but I thought more guns equal more crime. If there's three times more gun carriers, concealed carriers, should there be three times more murder rate? How come it's going down?”

Whoopsy daisy. “Don’t show that to the public. Hide that quickly. Hide that information. NIJ, what did you report? Hell no, you’re not reporting that. Be quiet. Sit down. Hide that document.” That’s what they did.

~ Homicide rate in Florida down 52% during 15 years after concealed carry law is enacted. Half. More than half. Homicide rate down, in half. You said you want to save people’s lives. You want to help poor people. You said, you want to let people be free. Let them live, for Christ’s sake. Let them live. You can stop half the homicides in one day. “Ah, but no. You’re a loving politician, who invites you into the arms everyday, if you vote for them.” They don’t care about that.

~ Kennesaw, Georgia required households to own a firearm, and home invasions dropped 89% in one year. Eighty-nine percent. “No, no; but, you have to listen to Sadiq Khan, Mayor of London, because he says, no, no. The owning a weapon is racist. Even the knife now. No good. No good reason for a knife, like open boxes, or cutting tabs for a bike that you bought for your kid.” You know what I’m saying? He said, “No good use for a knife. Maybe you’ll have to put some regulation on those culinary knives as well, you know, just in case you have some dangerous Chefs in town, you know.” They have some dangerous Chefs in Britain, you know. Who’s that famous British Chef? Who’s that dude, that young guy? Who’s that young dude? What is that? Jaime Oliver, yes. He’s going to be dangerous with them knives, right? There you go.

~ Concealed carry holders commit less crime than police, and the average citizen. They’re the safest people to be around. They’re the most law abiding people to be around, cause they’re serious about the responsibilities, serious about the training, serious about the consequences; and, they have to pay for it themselves. Literally, they have to pay for their own training. They have to pay for their own, if they have a law suit, they have to pay for their own court case. Literally, they have to pay for it. They’re not making you pay for it. They’re not making somebody else pay for it; and, that’s why God says, the greatest Commandment is to Love God/ Love your neighbor.

Love God with all your heart, soul, strength and might; but, also love your neighbor as you love yourself. (Matthew 22: 37-40) You love yourself to stop yourself from going off a cliff. You love yourself to turn before your about to hit a tree in a car. You love yourself enough to protect yourself, right? You love your kid to protect them. Well, the whole ethic and ethos of the civilization of the Kingdom of God is, okay, while you do that to yourself, well you also got to extend that to your neighbor.

I would call almost a benevolent law enforcement attitude, you know, like us good law enforcement get trained in. You know, there’s some Mafia in law enforcement; but, most of them are good. Most of them don’t want to oppress you, in America at least. It’s like that benevolent law enforcement attitude. It would be even more benevolent, if they would just completely, you know, do it in the Peace Police/ Peace Militia system.

But again, actualizing these things from the local level, devolving power away from the top, where it's always been in Satan's fallen kingdom away from the world and history, and bring it back down to the local individual's power, individual's sovereignty, individual's that can always create better solutions. Always, always, always.

The government didn't make your iPhone, the government didn't make your cars, the government didn't make your, you know, house alarm system. They didn't make any of that. It's always individual people that have been working together to try and create win-win-win-win solutions, trying to serve the people, and the people that's there serving their customers. It's this benevolence in their entrepreneurship. It's their desire to want to improve other people's lives that make them wealthy; so, it's a created, it's a win-win system.

And when you don't have the state, or an immoral centralized power that usually allies with actual Mafia able to steal what you created, well now you can stop the malicious activities. You can stop the malicious desires of Fallen people; and, that's why the Gospel is Good News. The Gospel is Good News, because it's liberating news. No more will we be ruled over by tyrants and dictators, and even small dictators and despots. It's where the individuals can choose, and to discover and follow God. Choose, and to have real political power. To no longer be cogs in a wheel in a system that is exploitative, and farming in nature, human farming in nature, but have individual sovereignty. Destinies, to have futures. To have hope. To have ethics, and integrity and honor and virtue. Things that are the bedrock of a civilization that is protected by the Constitution of the Kingdom.

Let's see what True Father says. He says, In the love centered family. That's the key right there. Boom! It's right at the local level. Bam! Right in the family. Boom! That's like the first school, he says. That's why we so encourage the families of the Sanctuary world. Why? You got to train with your kids. Be a part of the Peace Police/ Peace Militia training. That depends on the laws of your nation or state. You know, be active with them. Try training with them in Brazilian Jiu Jitsu, or MMA, or do certain levels over there. Try, you know, Kali Eskrima. Try firearms classes with them. Empower them. Do it with your kid. This is your training area. You are the Couch. You are the Head Couch. You are there to help them unlock their epigenetics to become powerful peoples that can stand against tyrants and wicked, wicked evil.

The first stage is the family, the second the nation; but, that stems from the family; so, where are the patriots for the nation created? Again, from the family; and, of course, collectively as families training together as Peace Police/ Peace Militia. Getting you there. Getting with one another, and train together. That cultural of Love God/ Love your neighbor, protecting one another. Not delegating that responsibility to other people; but, extending it, not only from yourself, but to your neighbor as well. And that's done collectively. That creates a tremendous system of training, where then patriots are created.

Next, where also saints are created good patriots, you want to train good stewards of the family, you got to train them in ethics, you got to train them in morality, you got to train them in spiritual life, you got to train them to be saints as well. It doesn't mean they're perfect, right? Like saints, saints of God. Humble before God. They know the Creator. Love the Creator. Love the people. Ready and willing to die. They already had their spiritual discussion, that if they lose their life today, well it's a death worth dying, if I have to do it to save another person, right? They have a spiritual nature, Their spiritual fitness is in check. That's who John Cerrera talks about it. A spiritual fitness. All of this begins from the local level. The most local level, the most local unit. That's you and me. That's our families. Training with our family. That's called, you practicing to train with your families.

Now, don't beat yourself up, if your kids are already gone. That's okay. Don't beat yourself up on it. You got grand kids, okay. You can start, hey, you can start slow. If they're grown up, and maybe some of them are brainwashed, already have graduated from the Marxist Universities. Have become some Leftist lunatics. Voted for Bernie Sanders, whatever; or, Hillary Clinton. Well, start slow. Start a discussion. Hey, I got this course, you live in a dangerous city. I want you to learn how to use a pistol. Let's get together this time; and, let's go to a pistol class. I know this nice guy down here in Bangor, PA, wherever you know. Take it slow.

If they're young, hey, it's a great time to train. Train them in the different arts. Train with them like we do with our kids. We train with them in all the arts of defense. It builds tremendous bond, tremendous culture of honor and chivalry, and of the warrior code, of the Samurai warrior code, the martial artist warrior code within your family; and, that also expands. If all families are doing it, that then expands to society as well. It starts right there from the individual. You and me.

Alright SOS, come on up. Folks, the Kingdom is so different that what we been taught, and the taken over, the political taken over Church. It's time the body of Christ get real with Scripture, get real with the Kingdom, and teach the Gospel of the Kingdom of God, of true liberation. Complete release of freedom in Christ, so that all those who are lost can be brought in the Kingdom, and live with God, and His people, for ever and ever. Amen and Aju!

Alright folks, let's all rise. Let's give all the glory to God, for He deserves all the praise. Amen-Aju!
