

2018.07.22 ~ ROI Kingdom 21 ~ Rev. Hyung Jin Sean Moon ~ Newfoundland, PA

Rod of Iron Kingdom 21. Alright folks, we're in Luke 10 today. This Chapter is so dense, so rich. Oh, my Gosh! The Word of God is so powerful. Faith comes by hearing the Word of God; and, the Word of God is like drawing from a well of salvation. Endless water. Endless water, endless nourishment. Wow! I mean, it's so packed. So packed. We really can't do it justice by going over it. It's so vast. But let's look at this Scripture, this Chapter, because it is important.

We have like these little segments. We have these bits and bobs of Scripture that we look at; but, many times, it's important to read the whole Chapter. Not always. Sometimes, the Word of God will lead you to a smaller Rhema; but, sometimes it's necessary to look at the content of a whole Chapter. It's very important. This Chapter is very important. This is one of the accounts, where you will see is the center of the Peace Police/ Peace Militia, okay. And let's go through it. And were in Luke 10, and Verse 1. Here we go. Let's read together:

Luke 10:1 The Lord now chose seventy other disciples and sent them on ahead in pairs to all the towns and villages he planned to visit later. 2 These were his instructions to them: "Plead with the Lord of the harvest to send out laborers to help you, for the harvest is so plentiful and the workers so few. 2 Go now, and remember that I am sending you out as lambs among wolves. 4 Don't take any money with you, or a beggar's bag, or even an extra pair of shoes. And don't waste time along the way. 5 When you enter a home, give it your blessing. 6 If it is worthy of the blessing, the blessing will stand; if not, the blessing will return to you. 7 When you enter a village, don't shift around from home to home, but stay in one place, eating and drinking without question whatever is set before you. And don't hesitate to accept hospitality, for the workman is worthy of his wages! 8-9 If a town welcomes you, follow these two rules:

(1) Eat whatever is set before you.

(2) Heal the sick; and as you heal them, say, 'The Kingdom of God is very near you now.'

10 But if a town refuses you, go out into its streets and say, 11 'We wipe the dust of your town from our feet as a public announcement of your doom. Never forget how close you were to the Kingdom of God!' 12 Even wicked Sodom will be better off than such a city on the Judgment Day. 13 What horrors await you, you cities of Chorazin and Bethsaida! For the miracles I did for you had been done in the cities of Tyre and Sidon, their people would have sat in deep repentance long ago, clothed in sackcloth and throwing ashes on their heads to show their remorse. 14 Yes, Tyre and Sidon will receive less punishment on the Judgment Day than you. 15 And you people of Capernaum, what shall I say about you? Will you be exalted to heaven: No, you shall be brought down to hell."

That's not the end of the Scripture, not the end there. Let's just stop there; and, let's just break this down a little bit. Now, he mentions here down... I don't want to skip this whole section up here, okay. But again, we talked about this in Luke 9. Luke 9 is actually connected to Luke 22.

And we saw how when Christ was training his disciples, he sent them out with, you know, no items. When he was leaving, we he was getting crucified. That's when Luke 22 comes into play; and, he actually brings up Luke 9 in Luke 22, which we saw last week, or was it two weeks ago, or was it last week? Two weeks ago. Okay. And he brings up Luke 22. I'm sorry, Luke 9 in Luke 22., okay.

Remember when I sent you out with nothing, nothing, nothing, what did you miss? And they said, “Well, we lacked nothing.” “Well, now I want you to sell your cloak and buy your sword, which is a military grade weapon. I want you to arm yourself; and, that’s what we see in Luke 22, okay.

So, these in Luke 9 and 10 are connected to these Scriptures in Luke 22, because he references these Scriptures in Luke 22. Do you see how that happened? Alright, Christ himself connected them, okay. But, he’s going out, he’s sending them out as Lambs amongst wolves; and, of course, he’s talking about giving them a Blessing. This is really important guidance, you know.

When we went to visit Churches in Japan and other places, at that time, even though I was International President, or not. Even before then, whatever, when I visited Japan; or, even before I was International President, we would go reside in the Churches. We would go reside with the membership, okay. We wouldn’t stay in the hotels and not drive up there costs. We would go and not stay in their hotels. We would bath in their sinks. Some of the didn’t even have a rest room in the hotels. I’m sorry. In the Churches we visited. Also, a lot of countryside Churches. Very tiny ones, okay.

This kind of mentality is very important. For those who are evangelized, or sharing the Word of God, is like he said, “Go and dwell in one place. If somebody blesses you, be in that home. Bless them, and dwell in that place. Eat what they give you. Share it with them, etc,” you know. You don’t want to go and say, “Oh, I’m vegetarian. I can’t eat, you know, your kinds of beef and stuff like that.” Do you see what I’m saying? That would be centered on you, not centered on God. That’s why when I was a vegetarian, Father told me, “Come here,” and fed me pork belly; so, I wouldn’t have those stupid concepts, you know. You know what I’m saying?

So, wherever we went, they even fed us horse, okay, in Japan. They fed us horse. I don’t know what else they fed us; but, I’m praying it’s not something else, okay. Turtle blood? Did I eat turtle blood? Okay, I can’t remember turtle blood. I remember horse, okay.

The point is, this is very good guidance for those who are out witnessing, and sharing Gospel, and preaching the Gospel. It’s really, really important. It’s really important teaching. Go reside with those people, you know. Fellowship with them. Stay on the ground, you know what I mean?

And, he said, **“There may be cities who curse you, and chase you out. Well, then you will wipe your feet at them, the dust of your feet at them; and, then God will bring Judgment upon them.”**

And so, then he’s talking about Bethsaida and Chorazin. Now, this is very interesting, because Bethsaida, Chorazin and Capernaum, the three major cities where Jesus did his ministry, okay. Let’s look a little bit into that, okay. Here we go.

Chorazin (Korazin, Korazim) is located on the side of a large hill about two and one-half miles north of Capernaum. This city is remembered as one of the three key cities in which Jesus spent much of his ministry. These cities, Capernaum, Chorazin and Bethsaida formed what is called the “Evangelical Triangle,” (Isn’t that interesting?) the small area where most of Jesus’ miracles were displayed (Matt. 11:20). Chorazin also has the dubious distinction of being one of the cities that Jesus cursed. The city is mentioned only twice in the New Testament (Matt. 11:21; Luke 10:13), and both instances concern the curse that Jesus placed upon it.

Now remember, at this time, all these three cities, all Jewish, dominated by Jewish society, okay; and, as this article goes on to explain, Jesus says, “I come for the house of Israel.” He came to preach to the house of Israel, the chosen people. The Providence of the gentiles was opened up after Christ was here, right?

So, he came to preach the Word of God to the chosen people, to the Jewish; and, so he was going to the Jewish places like Capernaum, Chorazin and Bethsaida, okay, and preaching; but, of course, meeting with a lot of not only high society, a lot of rejection, but a lot of what? Secretism. Paganism, okay. That’s interesting, because this article goes on to explain some of the archaeological evidence found in Chorazin.

The archaeological excavations at Chorazin may also help us understand why the people received such a curse from God. Although it obviously happened some generations after Jesus, it is truly interesting that the descendants of these people would allow a Medusa to be built right into their synagogue wall. Its presence betrays an assimilation with the Greek and pagan practices of the time. We know from other sources that this assimilation was going on in Jesus’ time and actually as early as Maccabean period in the second century BC.

The Maccabean period where the Antiochus Epiphanes comes in and destroys the Temple. I think I said one time that it was after Christ. Excuse me. It was before Christ, okay. Antiochus Epiphanes in taking down the Temple and putting up Zeus pagan head inside the Temple happens about a hundred years or so before Christ. So, occasionally, because I speak fast, occasionally I can’t hear what I’m saying, and I’ll say things flipped. I’m saying things the opposite. Maybe, I’m dyslexic. I don’t know, okay; but, it happened from time to time.

But the Maccabean period, we know the fake, evil satanic gods, the antigods of the Scripture, which God worries about, because they lead to prostitution and homosexuality. They lead to temple prostitution, selling of children, pedophilia. The Aphrodite cults, for example, the fertility cults, all lead to the selling of young girls into “the priesthood,” which is basically sex trafficking, okay.

So, God hates these other gods, because all these pagan gods lead to those inevitabilities. Every single one. You look at every major culture, nation, world. Every single one from South America to China, etc. They all engage in child worship. I’m sorry. Child sacrifice. Killing of children. All of it. In fact, scholars see Judaism as probably the first ancient religion that stops child sacrifices. Stops it on a national level, okay.

So, God is angry when people start synchroticism. Synchroticism. Remember this? I mean, it’s so obvious. It’s so obvious that people want to do this, because they think they’re creative, and they think they’re new, and they’re fresh, and that somehow they’re geniuses, which they’re not, they’re stupid. They’re ignorant. They don’t know history.

So, it’s like the same people. “Oh, what’s so wrong with the Han Mother discrediting the Father’s works? We’ll just take both.” You see, that’s just the syncretic approach. They actually think that’s creative, as if I could not predict that three years in advance, which of course I did. You see, I told you people that will try to pretend, “Well, you know, it’s not either Father or Mother. How about both?” No, no. You cannot serve two Masters, okay.

And of course, this is not a modern phenomenon. This is just the same stupid pattern of human beings trying to justify and legitimize their syncretic, you know, they're just trying to get along over what's true. Pursuing what's true. "Perfect love casts out fear." (1John 4:18) If you have perfect love, you want to tell people the truth. If you're negating a sin because you love them, you want to tell them, turn from your wicked ways, turn from sin cause you're going to Hell. You're going to be separated from God. You're going to suffer; and, it's going to be your fault cause you are deciding to do this, and I don't want to see you die and perish. Perfect love casts out fear.

But, it's this whole side, especially White folks, especially in this modern society. White people, you White people, you White folks, you are made to feel scared, you are made to feel weak, you are made to feel like you're a racist, and that you're a White Supremacist. You're made to feel like you can't speak about your opinion, or even read the Bible. In Canada, for example, you can't read Scriptures in the Bible that declare homosexuality is an abomination. That's actually a hate crime. It's ridiculous, right? And it takes a brave... The White Evangelical Conservative male, it takes the men to become men, and say, "F-you to political correctness, and I'm going to speak the Word of God. You can call me racist. You can call me whatever you want. Screw you!" Very important. You White folk, it's very important, cause you're targeted.

Just like South Africa, and Jesse Lee Peterson talks about this. He's an African American, no. He says he's an American. He's a Black Pastor, okay. He's a Black Pastor out there in LA. He grew up on a Plantation. He grew up on a Plantation during the Jim Crow Laws. He was on our show one time. Remember that? We had a great time with Jesse. We had a great time when he was on "The King's Report;" but, he says this all the time. All the time. He's 70 years old, but he looks like he's forty-five, fifty. Jesse, you look amazing man. Reverend Jesse, you look incredible. Not Jesse Jackson. You look terrible. Reverend Jesse Peterson. Reverend Jesse Peterson, you look great. He's looking good, man. He's looking sharp. He's working out. He's 70 years old. He's got some triceps going on. He's got his Hugo Boss t-shirts going on. The guy looked good man. He's holding it down at that age.

But, he's true. He speaks the Word of God. He doesn't bull crap around with Feminist and women. He just tells it straight. Hey, maternity leave is ridiculous. We're not going be forced to pay you because you have a baby. That's like welfare. If you want to have a baby, if you decide to have a baby and you're working, you have to plan in advance, right? You take care of the child, because that's sociologically the spiritual responsible thing to do; and, the husband, cut back on your stuff, and support the wife when she's raising the child.

And of course, the husband can't be disconnected. The man is critical. The father is critical. You men are critical in the home. You young men, you can't be little beta male little weaklings when you have a home. You have to be a father who can have communication with your children. You have to be able, also, you know, the mom is doing her best. She's doing fifty things at once trying to raise her kids the best way she knows how; but, she needs the man's help. The man is the head of the house. God has given you authority; so, you have a responsibility, right?

If your wife is to unconditionally respect you, which is commanded to do by God; and, of course, you are to unconditionally love your wife, which is commanded by God, right? And yes, they are to do sometimes. When we follow the Commandments of God, we build the right synergy in the family; and, the man can step up and be the leaders of the home. Very, very important.

Leading the family is spiritual warfare. Leading the family is against the attacks of Satan. Educating your kids about the different ideologies that are out there that are trying to steal their souls, and make them into cultural Marxists, and total genocidal losers that are morally postures pretending that they're good people on some moral crusades, which lead to death and genocide everytime it's manifested in history. They become evil. They become demons.

And the dad in the home is absolutely critical, and the dad in the home has this priest mentality, the priest mentality. You are called to be the priest of the home, to take the spiritual leadership in your family, educating your children about the wiles of the devil and Political Satanism, etc. Critical.

And for the wicked, wicked, you know, there are wicked mother's out there that try to separate the children from their fathers by feeding them evil and resentment and bitterness. Wicked, evil women that do that, and bring the spirit of Satan into that home, and destroy that home.

So, you White male Christians, you got to be strong, and got to understand the Word of God, you got to understand the natural order He's given us; and, you have to be proud of that. You can't be shunned and shyed away because somebody wants to call you a racist, and all of sudden you shrink into a little prune, because think about it. In America, it's the White evangelical straight males. You are the key to keeping this country alive.

The liberal lunatics already got the Asians, the majority of them. Many of them are turning. They got the Latino groups, they got the Black groups on the Democratic planning ticket. Many of them are waking up. Yes, minorities are waking up. People of color are waking up; but, it's not super-fast. It's hard to wake people up, especially when they're brainwashed into a cultural Marxism.

And then you got all these liberal looneys that are thirty to one Marxist. Thirty to one Leftist in the universities. Thirty to one, educating your children, putting them in debt at the same time. Making them come out of stupid colleges with stupid pieces of paper that can't get them any jobs, or real experience in the real world. Just all of them get is stupid and arrogance, and a lot of debt that they'll be paying off for the next twenty years of their life. It's a total screw job; and, they know it, but they want to bring other people in it, because misery loves company. I got screw, so I want you to be screw, so I feel better. Like, I'm not the only bozo that went for a ride. No, let those bozos go for a ride if they want to go for a ride. It's their fault. Human will. Choice. But not people who awoke. Don't go for that ride. That's a total screw job. Total, total, total rip-off. Total you know what, if I say so myself in polite French, okay. Ridiculous! So critical.

So critical. The Christian Conservative White male, and now of course more specifically the gun owner who is in his heart a defender, that body demographically of people in America, they're the largest body of Abel-types people in this world, Abel-type cultural Adamic-type culturally, which is the reason why they're targeted by the Political Satanists and Left. They target you, especially you men. They target you, because you are the representation of Christ in your family, whether you're good, whether you're perfect or not. It's got nothing to do with that. It's by Grace you're put there.

Of course, we're not perfect. Of course we have flaws; but, that's why they're after you, cause they're after Christ, folks. I'm not saying that you're perfect man just sitting there, right? We have to become like Christ. We have to be with him. We have to be in his Word, be in his... Faith comes by hearing the Word, being in his Word, eating the Word, becoming more like him. Christ-like. Becoming Christ-like.

Understanding his strength as a father. Understanding his strength as a protector. Understanding his strength as a Head Priest of the house. Critical responsibilities that a young man must learn.

You guys have to watch Jesse Lee Peterson. Watch some of his Sunday Services. Boy, he will tare up these guys that come in. Like I got these problems. I got these very things. He'll just be like saying, "beat up, beat up, beat up." He'll just start mocking them. Grow some balls, boy, you know what I mean? You got to watch him. He's great. Jesse Lee Peterson, he's amazing. He's a seventy year old granddad. He's amazing. And, he's become like a father figure to these White boys who are, who just been cocked, they've been totally demasculated. Is that a word? Emasculated. What was that? Maybe in Italian is demasculated. Demasculatori, whatever it is, okay. I don't know what it is, okay.

But, the men, you guys are critical. You have to be strong as men, plus, as Maj Tour was saying, "Girls don't like weak men." They don't like weak men. No girls attracted to a weak man. No girl. All you video game playing, diluted, soy boy, young bums, no girls... How you going to get Blessed, fool? No, we're not going to force no girl to marry you. Do you know what I'm saying?

Men have to learn how to be men. Have to learn how not be scared of stupid, ridiculous Marxism and Political Correctness that is actually trying to emasculate them, make them weak. Put them under the authority of very wicked, wicked, wicked, obviously men, but wicked women, too, that of course want to rule over normal women, too.

I mean, these Feminists, they don't want to lift up Conservative women. They want to kill Conservative women. They're not for women. They're lying scum. They're lying Jezebels. Demonic psychopathic women parading as good people. There out of control. It's the same spirit of Satan.

So, it's so critical. The society, the archangel always knows, if he can get the women, he can get society. That's why he goes after Eve. If he gets Eve, he got society. That's why they actually love democracy. They love democracy, cause democracy, once you get the women's vote, unmarried women will vote two times more for Leftist policy. Two times more. That's a Gallop Poll. They will vote for Socialism, unmarried women.

Now, married women, they actually on average, I'm not saying you married women are perfect. Don't get me wrong now. I know you got problems; but, on average, they are much in their decision making. They actually vote more Conservative. They vote more like their husband, because they mostly have their husband's assets, their family assets to protect; whereas, unmarried women are ready to take resources from the State.

If they marry the State, effectively their financial husband, then they can have unlimited resources pumped to them. They don't rob. It's done by immorality. By stealing, coercion, by force. This is how you get money from the government. The government, how it accrues money. By stealing, and by force and coercion. You're robbing people.

So, obviously, awake women, an awoken woman who have fathers, who actually teach them these things, and fathers who actually talk to them about these things, and allow them to know the ways of the world, because they don't want them to become of the world, but to change the world – how can you change the world, when you are of the world? All you is, is a ho. All you is, is a ho in the world. You're nothing. You're just going along with the stream. You're not changing the society. Changing the

society means standing up against it, and be persecuted and mocked and hated like me and you, all of you. Well, most of you.

Well, this kind of synchroticism, which we're doing in Capernaum, in Bethsaida, Jesus hates this. Okay; and, you can see they had Medusa in the Temple, they had Zeus in the Temple, you know, with the Maccabean, before the Maccabean Revolt. They had Zeus in the Temple of God, Whoa! Lord have mercy on that. That's crazy. That is totally insane.

Zeus is the god of adultery. He's of bestiality. He's sleeping with animals. He's having sex with animals. This is the god you're worshipping. You're worshipping the god that's having sex with animals, okay. That leads to a totally different culture. Sexual morals are totally different, okay, and God hates that.

You can see when that happens, when relativism, that kind of cultural relativism comes in. It really poisons the ability for people to discern, receive the gift of the spirit, to discern what is right, what is wrong; cause culture, they become Marxist culture, they become multi-culturalist culture, they become relativist, and they're not able to see between good and evil, cause that's why they get taken, taken as chumps, taken for a ride.

The big welfare state, the big deal, the big Feminist movement. All that. Breaking down the family. You know marriage is the oppression of slavery, all these stupid things that they brainwash and smash into girl's heads. Don't have children. Children are liabilities. They're expensive. You're going to spend hundreds of thousands of dollars. No you're not. That's if you put them in the debt system. Then they are going to be spending hundreds of thousands of dollars. Yeah, of course. This whole mentality that seeing man and woman as bad, and family as bad, and husband and wife is bad, and a father is bad, and males are bad and inherently evil. This is all the lie, lie, lie, lie, lie of the Devil.

And think about it. As a man, if you've been told you're evil, you're wicked, you're terrible, you made all the wicked problems, you are a piece of trash, you're just a problem of everything, think about that. That's going to make you totally self-loathing, which of course the White male has become in America.

And what's it going to do to women? It's not going to help women, cause women actually are most happy when they have a long-term relationship with a man. A real relationship, where they can count on that man, love that man. They're sexually attracted to that man, cause he's a man. He's not a soy boy latte-drinking beta boy, beta boy. He's not a video game playing boy. He's not like dealing with your son. He's a hot man. Do you know what I'm saying? He can choke some necks, and knee some faces, and shoot some guns, and cut with knives, and go fishing and hunting, skin a buck, and run a trout line. I'm saying people who have those skills are perfect. They're not; but, having a compassionate loving man who can also do those thing. Wow! That's hot stuff, baby. That's hot stuff. Do you understand? Oh man!

This Secretism. The replacement of God. This Mariology that came with this State and the Christian Constantine, the Church marrying with the State, and then bringing this goddess worship. Even this Easter bunny. That's ridiculous. Don't you know that comes from Ishtar? That comes from the ancient Ishtar. She's actually the one with the eggs, and actually represented by this stupid rabbit. I even showed you the iconographic picture a couple of years back.

All these pagan influences coming in, especially to the Roman Catholic Church, especially all that. Especially Mariology of the worship of god of Mary, when the Bible says clearly, there is no intermediary to Christ. We're supposed to do intercessory prayer for one another, to encourage one another; but, nobody's taking special prayers to Christ. The believers supposed to have a direct relationship to God. He's supposed to become a coheir with Christ, a son and daughter; and, it's certainly not done through Mary, even though she's the chosen one to give birth to Jesus.

Why? Why did God choose her? Because she was humble. She was a humble woman. She was willing to do the will of God before her own desires. She was willing to perform the painful, painful course of mockery and attack for God. She's not supposed to be God. Like the Catholic says, she's the mother of God; but, they actually worship her as a God. You'll see more statues of Mary than of Jesus in the Catholic temples. It's totally crazy.

So, this kind of mixing takes us away from remembering God as a father. The father is critical to have at home. What has the State done in modern day, as Dr. Williams you'll see tomorrow is talking about? The State has become the Church. The State has become God. You have to believe what the State teaches. You have to believe in the liberal doctrine. You have to believe in your stupid liberal Marxist Professors. You have to believe in Marxism. You are in a Church of the State. If you say anything wrong, that's politically incorrect, and that's hate speech, and you'll be attacked. You're in a cult; but, if you attack Christian you won't be in a cult, because you don't understand you're in a cult that's run by the State, but so much more dangerous, because they actually have this physical power, with physical guns, with physical SWAT teams to kill you if you stand up against them; and, of course, if you don't pay your taxes, you're going to jail by men with guns. That's not really giving, is it? That's called coercion. That's called forcing people to be robbed.

So, this is the problem, even in the Church, if you see. Father taught such an important teachings to us, obviously. That's why he said, "Learn Korean." And, he would teach us how important the father is; and, how central the father is; and, everybody knew that. But, what did you get from the archangels that translated for you? The Korean leadership, and all them, who wanted to be basically Politicians, to amass, you know, power to themselves, and have bigger followings. What did you hear? You heard a watered-down message. Sometimes, downright feminism coming out of these bozos, or some of these women leaders, hateful of the father, hateful of males, hateful of men, because why? They know they had to get you good quality dads and fathers out the homes; then your family's dead so easy.

The males are the protectors of civilization. If the men do not stand up and be strong, this country, and Jesse Lee Peterson says this as well, this country will become like South Africa. You White males are going to be hunted down and be killed. You Conservative White Christian men, you want them to be hunted down and be killed like they do in South Africa by hoards of migrants, and hoards of politically riled-up brainwashed populations, by the Left of course, by cultural Marxism, by the Media, buying off the Media, all this kind of stuff, to create class warfare, to create all this divide and conquer strategy through Marxism, etc, to what? Genocide the White population, confiscate their land, run off ... and enslave the population.

The White Conservative straight male, Christian male, in America, literally. That's why they target you; or, in Europe as well, they target you where you're from. That's why they target you, cause as a demographic group, you are the largest demographic group that's still standing up for Conservative Christian values. They got to kill you. They got to get rid of you, because you stand in the way of world

Communism, of world extortion of resources. You stand in the way. That's why you are demonized. That's why you're called White Supremacists. That's why you're called hateful. That's why you're called racist, whatever. That's why whatever you do, you're being, what is it? The oppressor. And, it's going to take the men, that's why new T-shirts will be out: Make Christianity Brave Again. Make Christianity Brave Again.

One of our Sanctuary young people, Second Generation young people, very nice artist. Very good. He's working on some art pieces right now. Two Crusaders on the back, with a Crusader Knight uniform, and the Crown, and the Rods of Iron. You know, a King and a Queen. Crusader Knights.

Remember, the Crusades were a defensive war. The Muslims were raiding all the way into Europe. They had already taken all the way up to Spain was conquered. They were up into Italy passed Sicily. They were up to Austria. What is it? The Byzantine Empire had been eaten up by the Muslims; so, of course the European Christians said, "Crap, we better fight, because you're all getting killed;" so, of course they had to fight; but, what are these brainwashed children learning in school? They're learning that White people, that White Christians, European Christians were bad, and they didn't like brown people, you see; so, they were on a Crusade to kill Black people, or Brown people.

This is the crap these young people learn. It's anti-history. The Crusades were a defensive war. The nations were getting attacked by the Muslim hordes they were taking all of North Africa, all of the Middle East. Sold hundred of millions of African women; and of course when they took over Africa. That's the reason why they were going to Europe, because the blonde-haired blue-eyed girls are highly prized. Money.

Why are your kids not taught this in school? Why is it selectively excluded from their education? It's not education, it's brainwashing. They're made to be shamed of Christian culture. They're made to be ashamed of the love of Christ, because they didn't want to fight the wars. They were getting raided. That's a big difference. Nobody who's training in the Peace Police/ Peace Militia, and all these dangers, wants to kill somebody. Nobody. That's the last thing we want to do. We trained them, so if somebody's trying to use force to do evil, we will stop them. If that means killing them, that's what's going to happen; but, nobody is wanting to do that, because we are loving Christians, we're loving Christ followers. So, when you see the Crusaders I got on the back of the shirt, you know, keep in mind the real history of the Crusades.

Christians are going to have to become brave again. President Trump is out of office pretty soon, folks. Whether it's two years or six years, it's soon. That's not a long time. The radical Leftist Marxists are just becoming more radical. They're not going anywhere. That cancerous growth of Communism and Socialism that is hammered into the young braindead kids, not going anywhere.

You know what you see in America? "The only good Commie is a dead Commie, right? That used to be said in America when we were killing Commies. Why? Because Communism is a fundamentally vile wicked evil dangerous ideology, more dangerous than Radical Islam. It always allies with Radical Islam. It is a genocidal ideology, and always leads in death and genocide. Hundreds of millions died under Communism. Why? Because of Political Correctness and hate speech. That's why Americans fought Commies. This is that the Left don't understand this. We have Vietnam vets that still live today. They went and killed Commies, because of the threat of that vile ideology of Satanism on a political level. These young braindead kids who grew up spoiled in America, driving Jaguars and BMWs

thinking that they're suffering because they're on some kind of, you know, Crusade to help the different minority communities that I'm a part of now in an effort to the never-ending and terminally new middle minority communities that their creating out of thin air. "No, no, I'm a part of a minority, even though I'm a White, I'm a White spoiled kid. I'm part of the minority now." Give me a break! Unbelievable!

They have no idea if they start a physical fight what will happen. They have no freaking idea. You push the Christian arms of the civilizations far enough, you're going to get a hell of a fight. I love these proud boys, these Christian young men, you know, and these stupid ANTIFA kids trying to do stuff; and, this one guy, Boom, Bam! It was a sloppy punch. Very sloppy. No technical punch. Just sloppy, Boom! Just sloppy. That ANTIFA boy got stiff as a log.

Do these braindead delusional soyboys actually know who they're picking a fight with? Most of the Special Forces, 99% are Conservative. Most of the Military, ninety plus percent are Conservative. Most of the Law Enforcement 90% plus are Conservative. Do they know who they are picking a fight with? Golly! The epitome of delusion; but, of course, this is why they love democracy, folks. Democracy is a great tool to get Socialism implemented over time. It's so easy. So easy.

This is why, of course, the Cheon Il Guk Constitution is so fearful, and the reason why, apparently, I'm on, no, I know I'm on the hate list funded by, you know, the SPLC, Southern Poverty Law Center, and the George Soros, one of the biggest contributors to the SPLC, but also on George Soros' radar. Apparently, I'm number three is what the sources say.

Why are they so scared of us? We're so small. Why do they keep banning our channel? We're just a small little ministry out here. Okay, the *Washington Post* came and did a cover story, and you know A&E came and did a story on us, you know. C-SPAN and BBC and *New York Times*. Okay, fine. Why are they so scared of the Rod of Iron Kingdom? Why are they so scared of the Rod of Iron Kingdom? So fearful.

When they look at the Scripture, they can see what kind of Kingdom God is explaining. The Kingdom where the wolves will be put down. You try to be a predator, you try to be a psycho, you try something outside yourself, you're going down. You'll be punished. You try to use coercion and force on people, and you try and do violent stuff, ooh! You're going to be in big trouble, cause that whole nation's going to be trained, is going to be armed.

It's going to be loving, honorable, and it's going to have free markets, and it's going to be amazing trade and technology and burgeoning growth, just like America had in its heyday; and, by the way, it's not a democracy, so the Lefty lunatics and the Socialists can't take it over. Never!

You can't make fiat currency. You can't have a central bank. You can't have centralized education. You can't control the media. You can't own media companies as a conglomerate, shadow groups. You're screwed, you Commie Socialists, when the Kingdom comes. The desire of wickedness, the desire for lust of power, the lust for extortion and exploitation. It's over. Once that operating system comes in, and overcomes the world, you're screwed; and, you will be forever under the fist of very honorable people.

The rule of the Rod of Iron. You'll be under another Rod of iron. All the enjoy of thee satanic Political Satanism, all the enjoyment since the Fall of Man all the way until now, when God's Kingdom comes, it's over. It's over. It's over.

See, that's why it's an existential threat to their existence. It's death. It's genetic death for them. And that's why they hate the Rod of Iron Kingdom and the Gospel that's been preached. They hate it. The Christians would be trained, they would be militarily armed, and they'd be willing to put down wolves, when they decide to do something stupid, cause you know the wolves are. All it takes is just a few of them to become an example. Very quickly they will changer their behavior. Just like we see in statistics, Science backs it up, too.

Kennesaw, Ga. All the houses are required to have a gun in the house. Every single house required by law. Break-in burglaries drop by 89% in one year. Eighty-nine percent. Because some of those burglars don't want to get holes blown through them, when they try to do illegal forceful things.

Rape assaults on women dropped, failed 97% of the time, when a woman has a gun, and/or a knife, and she uses it to kill that opponent. Ninety-seven percent of that sexual assault will not succeed. It will fail.

See, that's Science. That's Sociological proof of when good people are in most of the population are not psychopathic. They don't want to rule over other people. There is a population of people who do, which is the reason why democracy is so incredibly dangerous, cause they allow the concentration of power, and the greatest psychos, who pretend to be normal people, rise to the top. Not going to happen in the Kingdom of God. Sorry!

Good people will be represented on a very local level. Presidents, Presidents will be worked through that whole system of that House of Election. The King won't have Executive powers. The King won't have military powers. The King will be in the Judicial Branch to protect the Constitution.

Centralized banking is illegal. Centralized education is illegal. Centralized monopoly is illegal. Centralized health care is illegal. Any of the troves that they hang over the population: "Hey, hey, I give you stuff, if you vote for me. I'll rob people for you. I'll bribe you publicly. I'll give you other people's things. I'll bribe you, publicly. Just vote for me." It's complete extortion. It's completely a criminal syndicate.

And it is the White straight evangelical or Christian male that is under attacked, and that's why that man is precious in America. I'm not saying only that type of man. Obviously, the other awoke folks of all races, creeds and colors, are obviously very precious; but, as a democratic body, that's the largest pool that are going to stand up and fight for certain values.

If they allow the Lefties using people of color, using minority races to win in elections, get control of the House and the Senate, etc, which they're doing, what is happening in South Africa will happen here. That's the prophecy Jesse's making, and other prophetic Pastors are making, cause it happens everytime. Everytime in every case.

And so, Jesus curses these countries, and these cities, that are supposed to be the chosen people of God, they're supposed to be, they're supposed to be really, well, they're supposed to be the Jews of the Jews.

They're supposed to be the people of God. To receive Christ, Capernaum, you know, Chorazin, Bethsaida, they reject him. They're chasing false idols. They're worshiping goddesses, and oh my goodness. This is... And Christ's cursing those cities.

Oh my goodness. At the Rod of Iron Festival that's coming up in 2019, ooh Lord! Well, you all know the basic stuff that's going on. We're going to be pounding those targets. Blasting and eviscerating those Communist Dictators. Mao Zedong, Hitler, Stalin, we're going to be blasting them with .223/5.56s Rods of Iron. We're going to be eviscerating them. All those Satanist's symbols, and the Secret Society symbols. The upside down pentagrams. The Baphomets. The pyramids with the eyes in them, the eye in it. The Eye of Horus. All these occult mystery satanic religions, which of course leads to Satanism.

Also, the World Bank, and the whatever. The BIS. Those symbols of power of evil will be destroyed. Patriots will come out. Will have seven regiments, and seven trumpets, and seven vows pouring out God's wrath. We'll have the reading of Scripture. We'll have the pounding of the steel. We'll have the burning of the Harlot of Babylon. You heard about that. The burning of the Whore of Babylon, which is Revelation 17 thru 19, which is the mother of course of abominations, the symbolic representations of all those who give themselves over in whoredom to the lust of power, the lust of extortion, the lust evil. That thing will burn.

Maybe we'll get some of the other young people to do a Science project, and make some catapults, and catapult some effigies of, you know, these evil, evil, you know, false Kings. These false Generals that they spoken about in Revelation 19. Shoot the catapults, woo, into a big fire ball. Kaboom! And the fireworks boom.

This is all on Father's Liberation Day. 10/14, when Father was liberated by who? The US troops. 85% of the UN troops were US troops. 85%. Did you know that? MacArthur's order broke down Hungnam. We'll be honoring Father's Liberation Day from Hell. From one of his seven deaths and resurrections. From the pit of Ammonia-Sulfate, you know, burning in Hell. Forced labor camp three and half years. Father's tremendous and glorious liberation. Seven deaths and resurrections. Film of Scripture. The day of True Freedom, Liberation.

We honor our Father. We honor all the veterans who died. We honor all those who fought and gave their life for sovereignty and freedom; and, we will blast the crap out of those Commie targets. We will blast them to smithereens. And all that oppression, all that angst, all that guilt that is pushed upon the veteran community, and gun community, then one incredible cathartic release. We can existentially stand facing the enemy in the battle of pure will.

Oh boy, CNN is going to be freaking out, folks. BBC is going to be crapping their pants. They're going to be squirting night and day; and, of course, everyone of the patriots that we talk to, they're already like, "I am there. RSVP me there now! Whatever the event, I am there." We got so many people lining up to come, it's ridiculous.

God is bringing a whole new operating system in, folks. It's amazing what God is doing, because when the true brave Christians inherit the Rod of Iron Kingdom, stand as coheirs with Christ, and become Kings and Queens, to receive their Crown, and receive their anointing with the Rod of Iron, it's over.

The desire for the lust of all these Soros' and Rothschilds, and all these sellouts in the FBI and CIA, who thought they were in some kind of in club, they sold out to power; and, they though they were going to be the Rulers of the World, they're all going to lose, cause they're failures from the beginning. They're ugly, they failed, nobody likes them, nobody was attracted to them, and they're just all trying to pay-it back on you, because they were such losers. Satan's operating system is coming to an end, and the Rod of Iron Kingdom is coming.

Alright, let's go back to this Scripture real quick:

Luke 10:16 Then he said to the disciples, "Those who welcome you are welcoming me. And those who reject you are rejecting me. And those who reject me are rejecting God who sent me." 17 When the seventy disciples returned, they joyfully reported to him. "Even the demons obey us when we use your name." 18 "Yes, Lord," he told them. "I saw Satan falling from heaven as a flash of lightning! 19 And I have given you authority over all the power of the Enemy, and to walk among serpents and scorpions and to crush them. Nothing shall injure you! 20 However, the important thing is not that demons obey you, but that your names are registered as citizens of heaven."

The Body of Christ has to understand the authority that is given to us. We're not slaves, we're not serfs. We're not to be bossed around by moral posturing virtue signaling pathetic losers in Hollywood and Silicon Valley. We're suppose to reign and rule the Earth in righteousness and goodness as Christ would.

And that's why the system that Cheon Il Guk is, is an exemplification of that goodness of the non-psychopathic will, of God's love and grace, to allow men and women to be free from tyranny, which is the cyclical pattern we've been suffering throughout history. Constant cyclical pattern of suffering.

And Christ has given us authority over all the power of the Enemy, and to walk among serpents and scorpions and to crush them. Now of course, he's speaking. Now, some Christians take that literally, and they literally try to... I mean, he's talking about the Spirit World. He's talking about Satan, and many times he would refer to people as a brood of vipers. You're of your father the devil, you're father's a serpent; so, in this context, he's talking about scorpions and serpents. He's talking about spiritual powers.

We have authority over Satan, folks; but, that is the game of the Devil. He strategically there to make you believe that you cannot have an inheritance. That having an inheritance is bad. That you're somehow greedy and destroying the Earth, if you do. That you shouldn't hold private property, because you're going to destroy it, even though government is the biggest polluter of the environment. They're saying, no, you shouldn't hold private property, when they're the biggest polluters of the planet, cause they don't want any semblance of sovereignty, they don't want any semblance of Kingship. Boy, if you start believing, "Wait a minute, I'm not gonna be ruled by these bozos. Wait a minute, I am a coheir with Christ, with Almighty God. I am a coKing on this Earth, who God has given me the promise that we will rule this world.

Poimaino. Poimaino means rule, and it means what? Defend this world. To shepherd this world; and, that's why there's the Constitution of the Kingdom of God, because it defends and protects people from

tyranny. And the little beta males are trying to get political power, so they can kill alpha males, and take women.

God gives us authority and power over the Enemy. Think about it. This about the gun community, these veterans. Many of them have fought in the wars for the country, and they come back, and they know the wars for banker wars, and they know that the politicians are propping up these wars, and they know these wars that they're after the CIA and drug trade. I mean, it's like crazy, and of course they're going to be all emotionally wrecked. Not all of them, not all of them; but, for a proportion of them, it's very hard.

And then, they're the ones that are told that they're bad, they're the ones who told that they have to be disarmed, when they were armed at eighteen years old fighting wars with other armies. They are the ones who went on the front lines, sent to fight other armies that the government was sending them to, whether they believed in the war or not; and, now all of sudden because they're veterans, well, now you can't use guns. We have to raise the age to twenty-one; but, will let you fight banker wars and oil money wars at eighteen with fully automatic weapons. Oh, okay. That makes a lot of sense. Ridiculous!

These people are total criminals. The veteran community, the gun owning community, these are the people that are willing, and have made the commitment in their life. They are the Luke 10 people, okay. Look at the Luke 10 people, okay. We got power over sin. Look what Christ says. Look at what he says, okay. He's talking about he's one with Father. Now, look at this. This is Luke 10 right here, okay.

Luke 10:25 One day an expert on Moses' laws came to test Jesus orthodoxy by asking him this question: "Teacher, what does a man need to do to live forever in heaven?" 28 Jesus replied, "What does Moses' law say about it?" 27 It says, he replied, "that you must love the Lord your Gd with all your heart, and with all your soul, and with all your strength, and with all your mind. And you must love your neighbor just as much as you love yourself." 28 "Right!" Jesus told him. "Do this and you shall live!"

Think about it. The gun owners, veterans, law enforcement, the military. These are the folks that have already made the commitment in their life, that if their neighbor is under attack, they will risk their life to go save him. They are already the ones that have made the commitment to die. That if you are a CCW carrier, you are making the commitment to your society, that if somebody is trying to do something bad that is violating another person or using lethal force, you will step in and try and stop them at the risk of your life. In that sense, you're not like a normal civilian. You made the internal commitment to die, if you have to. You are a Luke 10 person. You are a John 15 person. "The greatest love is he who lays his life down for another."

You are a John 15 person. You are a Luke 10 person; and, you are prepared, and you trained, because you made that internal commitment. God forbid, if you have to use it; but, you've made the commitment, you've made existential decision. You decided you will put your life and limb on the line, if you have to, to help people being threatened by lethal force; and, collectively, as a Second Amendment community, as in terms of a whole population of millions of people, and then collectively will stand against a government that has gone tyrannical, which is the reason why our Founding Fathers gave us a Second Amendment, because they were against a tyrannical government, namely the UK, which is a joke. It is the gun owner. It is that self-defender, who is the Luke 10 person. The majority of gun owners having Christian values, being nominally Christian at least.

It's interesting. We've been to Blade Show. We been the NRA Show, we've been to Shot Show, we've been all over the different shows in the self-defense community. It's interesting. The closer you get to more dangerous level of force, the more central the Judeo-Christian God is.

Like for example: We've been to the NRA Show, almost everybody there is a Christian. If they're not Christian, they're nominally Christian, because they appreciate the Founding Fathers who gave them the right to carry their weapons, and the Founding Fathers give credit to God, the Judeo-Christian God, to Jesus Christ and the Creator, who gave us these inalienable rights, the ethic of Jesus, the ethic of Christ. When you go to the NRA Show, it is like an evangelical, you know, convention that's not explicitly stated; but, you can feel the cultural spirit there.

Now, you go to Blade Show, there's a lot that's different. There's Samurai swords, there's Buddhist stuff, there's Islamic swords, there's scimitars, all this stuff. A lot of different mixing of religions, even though that's a more Abel-type community than regular population. Still, there's a mixing.

And even you go to the hardest martial arts, MMA, BJJ, they're even more pagan, although many of them are Christian. The highest levels of fighters, they're all Christian, statistically. But, it's interesting, the higher level you go into the more dangerous and powerful levels of force, the more important the Judeo-Christian god becomes, because he gives us the ethical framework by which we can use that force.

Can't use it unjustly. Can't use it cause someone flips you off, or insults, or you don't like what they say. You can't use it. You can't just kill people like that. That's ridiculous. It's when you're stopping lethal force against you, or family, or another, right? There's very clear modes, only, where you can use lethality.

Gun owners are encouraged to be Church going, in a sense, because we elevate the Founding Fathers who all believe in Jesus Christ. The majority of them were, although Jefferson was a deist. That may be debatable; but, the majority of them were theists in Christ.

So, very interesting, these communities that we're associated with. You can see, the higher levels of force, the more Christianity is at its root, because with that type of power, it requires that strong, ethical framework.

Islam allows weapons for Islam, and for the creation of armies, just like Mohammad created armies, but it's for conquering. It allowed sex slavery, taking slaves, captives, four wives plus mut'ah wives, which is legalizing prostitution. Totally different civilization. Pedophilia, cause you can marry a six year old girl, which Mohammad did for his favorite wife, Aisha. A six year old girl. Pedophilia, which why the UK government is covering up for those Muslim pedophile gangs that Tommy Robertson is now in prison for, covering up for those pedophile gangs, cause they're involved in it, too, as well as the Catholic Church.

Cardinal Pell being the Second Deputy under the Catholic Pope; and, he's now being prosecuted by the Australian government for trafficking over a hundred children, boys, over the last thirty years. They're in on it.

Where going to have, you know that game where you throw a thing, and you dunk people? We'll have a pedo-dunk. We'll have a millstone, a pedophile necklace on. A millstone. A big millstone around the neck. You hit that thing, Boom! It goes in the water. Can't come up. Can't come up.

Christians are going to have to stop being little rock-crawling shrimp, hiding in the rocks out of fear of totalitarians calling you racists. Christians are going to have to start come out, and say, "Screw the totalitarians. I'm going to stand up for Christ's culture. I'm going to stand up for Christ's Kingdom.

It's going to be a radical cultural shift in the ether of the world. Celebrating marriage with husband and wife, celebrating family, friends, fun, Christian values. Unabashed Christian values. Celebrating festivals, food. There's going to be amazing food. There's going to be amazing artists that come in, and then perform; and, there's going to be great activities like blasting Commies, and destroying Satanist targets. Great activities.

And all the media, they want three months in advance for our next Blessing. Okay, we'll tell you three months in advance; but, maybe the Leftist media, will make them pay to come in. If you're a Leftist media, you got to pay. We'll not let you in free. You can have a press, you know, news what is that? Tag. Press Pass. And it will say Fake News. CNN gets a Fake News Press Pass. Oh, Lord!

They are gonna freak. They freaked out when I brought 50-70 AR-15s. What are they going to do when they see hundreds of AR-15s in organized regiments blasting Communist targets and Satanist targets, and burning an effigy of the Harlot of Babylon? All for the cameras to see. Great cinematography. What are they going to do?

There are Christians that are becoming brave again, not letting their throats be stomped anymore. They're saying, "No, you come too far. You come too far. You start something that's down our throat, you're going to have fight. You're going to have a big problem," which is what the Founding Fathers did by the way. I don't need to remind you Americans. The Kingdom of God's culture is radically different from the satanic culture; and, that's why they're freaking, they're wetting their pants. There just trying to smear us and slant us on everything; but, they just spread the message of the Gospel further.

More and more gun owners are getting aware of the Gospel of the Kingdom. More and more gun owners are getting aware of the Rod of Iron Kingdom. Now, we're starting branches of Rod of Iron Kingdom gun owners of Korea, gun owners of Japan, gun owners of Europe. Oh, you're in big trouble now these Commies.

They thought Rev. Moon was over. He was dead. They thought he was done. Rev. Moon is alive, baby; and, *Washington Post*, *Washington Compost* doesn't even know that they have to promote him. Lord have mercy! Give me a break! We are sick of being bullied by the Leftists, Communist totalitarianism. Look at this in Revelation 5. This is an amazing Scripture. Check this out. This is of course the Throne of God, okay, and then there's the seven spirits of God; and, there's the twenty-four elders around. Now look what happens down here. Let me bring your attention down here. There, the Lamb has the book, and he also has the scroll with the seven seals on it, etc. Now look what happens in:

Revelation 5, Verse 6 And I beheld, and, lo, in the midst of the throne and the four beasts, and in the midst of the elders, stood a Lamb as it had been slain, having seven horns and seven eyes, which are the seven Spirits of God sent forth into all the earth. 7 And he came and took the book out of the right hand of him that sat upon the throne. 8. And when he had taken the book, the four beasts and four and twenty elders fell down before the Lamb, having every one of them harps, and golden vials full of odours, which are the prayers of saints. 9 And they sung a new song, saying, Thou art worthy to take the book, and to open the seals thereof: for thou wast slain, and hast redeemed us to God by thy blood out of every kindred, and tongue, and people, and nation: 10 And hast made us unto our God kings and priests: and we shall reign on the earth.

Look at that. In Revelation 5. Those that are redeemed to us to God by the blood out of every kindred, every tongue, every... This what they hated about our community. We're so multi-racial. They can't say we're White Supremacists. We got Black folk. We got good lookin' Black folk. We got good looking Cambodia folk. We got good looking Asian folk. We got good looking White folk. We got everybody. Brazilians, Latinos. We got everybody. They can't say we're White Supremacists.

But look at it. Look at that Scripture. And has redeemed us to God out of every kindred tongue, people and nation. And has made us unto God kings and priests. So, am I really that crazy saying coKings? And we shall reign on the earth, which of course nowadays all the other Scriptures on the Rod of Iron.

Psalms 2:8-9 Ask and I will give you my inheritance, and the ends of the earth for thy possession, and you shall rule them with a Rod of Iron, and break them like the potter's vessel.

Revelation 2:7 And he shall rule them with a Rod of Iron, and break them with the potter's vessel. It's a reiteration of Psalm 2, right?

Revelation 12 is when woman, and he gave birth to a man child, who was taken up to the throne of God, who shall rule the nations with a Rod of Iron.

Revelation 19 And from his shall come a two-edge sword, which he will smite the nations, and rule them with the Rod of Iron. And he treads the wine press of the fierceness of the Almighty God.

Those are not, I mean, we're not making that up. God clearly defines his Kingdom; and, He shows what His Kingdom is. And all the gun owners, see, and all the folks that really have been heavily persecuted, have made that determination for decades, they know in their hearts; so, when they hear about the Rod of Iron Kingdom, something in their heart releases, and they say, "I never been ministered to, I never been told what I know to be true in my heart as a self-defender, as somebody who has decided to die if I have to for other people;" but, when they hear about the Rod of Iron Kingdom, they hear about the word, poimaino, and the word, rule, they hear about the shepherding and defending of the nations, when they see the Constitution of Cheon Il Guk, and the Kingdom of God, they can understand what the Kingdom is. They can understand coheirship. They can understand Kingship. They can understand armament. They can understand the rule of the Rod of Iron. All the things they know to be true.

All the statistics, all the Science that has backed that up, the FBI having to admit that over three million uses of hand guns have been happening every year. That's the FBI statistics under Obama. 1.5 to 3 million defensive uses of hand guns per year. That means three million lives are saved every freaking

year by guns. Three million. That's Obama's statistics; so, it's probably double that, if not triple, which is the reason why he didn't use it at all. He never used it. He did the studies, spent millions of dollars of taxpayers money when he did that study, and when it came out in opposition to his narrative. He said, "I never heard of the study. I can't remember what happen to the study. I can't remember what happened to the study; but, it's right there documented by the FBI in the Department of Defense. Right there."

That whole culture, all those folks that loved God, you'll admit is gone. They're not saying they're perfect. They're not saying they're flawless. They know that their saved by grace, that they're sinners saved by grace. They all know that we're sinners saved by grace. We're not claiming perfection; but, we know that we're better than the predators, we know that we're better than the psychopaths, which is truthful. We're so much better. We're just head over heels much better than the psychopaths. That's just reality. They create Hell on Earth wherever they go; but, Cheon Il Guk will not allow that psychopathic class to succeed. Everything will be incentivized against them, which is the reason why most people will not choose to be psychopathic.

People will act out the 1.5 percent of the population that may act out the actual psychopathic way, they will be put down very fast, if they try to use dangerous force on people very fast. The rest of the Sociopath class, up to 30 to 40% of the population, depending where the power goes, they will go towards being honorable and honest, because they'll see there's no profit in being part of the Mob cartel and rackets, cause there's no real centralized power.

Everybody's armed. Everybody's got ARs, and military grade weapons. You can't centralize power away from people. You can't disarm people. You try to rule over them as Commies and Nazis, you're gonna die. You will die; and, that will be a great gift to the Kingdom, because that kind of vile ideology destroys and genocides and murders countless people in one century. 280 million, dead by government democide. 280 million, dead by your loving politicians. Two hundred eighty million in a one hundred year period in the last century, done by true loving Leftist Socialist governments. Commies.

But, in the Kingdom, it's going to be opposite, folks; and, this is the ethic here: Love the Lord your God with all your strength, heart, soul and mind. You may not know God so much. You may not know it; but, you know in your heart, cause God has put the law in your heart. You may know in your heart that you don't want to harm people, you want to protect people. You know that you don't want to screw people over. You know that you just want to work hard, and be left alone, and not have tyrants rule over. You just know. You just want to work hard, and reap the blessings, and the fruit of your labor. You want to be able to raise your children, and not have the State take that over. You're a normal person.

Loving God, understanding the Constitution, understanding the heart of God, understanding the meaning of Kingship, and coheirship, sovereignty, and the dominion of the use of force. That responsibility, which is so important, and which all of you can handle, especially if you're not psychopathic.

So important gifts that is given to the Kingdom that is come, a radically opposite operating system than what we had, over and over again, over all mankind, over all epochs and time periods, whether they're clothed in Egyptian clothing, Assyrian clothing, Babylonian clothing, whether they're clothed in Armenian clothing, whether they're clothed in Russian Stalinist clothing, Hitleresque clothing,

whatever the stupid uniform, with the dumb hats, and all the stupid badges that they have. It's the same old program, but not in the Kingdom. We have a different operating system.

And God Bless America, because America has a remnant of that, a remnant of that. Because of that remnant it can connect with God's Kingship, with God's Kingdom. That power base, which by God's glory, is the number one super power on the planet, thank God. That powerbase can spread. The idea, the dream, the vision of the Kingdom, to all nations, where the predators and psychopaths can not flourish and succeed.

Isn't ridiculous. The White-Rothschild racists. They're the real Whites Supremacists. They own Africa. The White racist Nazi collaborating Rothschilds and Soros. These fools own Africa. They're the ones that financed Rhodes to go in with the whole... It's outlined in the book, the companies that he erected to take over Botswana and different lands. It's ridiculous, ridiculous! Keep them in abject poverty on purpose, while meanwhile using their collateral as leverage to then rob and rape all their natural resources to set up De Beers Company to be financed the Rothschilds, etc. You name it. It's total rape.

Then they want to make you feel the normal Christian White man that he is not the Conservative male, that he's some kind of White Supremacist, when they're the White Supremacist to completely take over Africa; and, they literally ruled over them like slaves. Have them as slaves. It's ridiculous!

But, oh in the Kingdom, in the Kingdom you see, they will not be able to own Africa. Africans will own Africa, especially those in Christ who rise up as the Peace Police/ Peace Militia, and have the Constitution of the Kingdom of God above them. They will have the sovereignty over the land. No centralized government will, which is of course sociologically proven.

If when Africans are aloud to own endangered species like the grey elephant like they did in Zimbabwe, the elephant population goes up when Africans can own their own animals on their own land, not stupid government. When the government like Congo tries to regulate and rule, and not let Africans own grey elephants, which they call endangered species, the elephant population goes down. That is a sociological fact, that when the people can own and have private property and own the land, and even own endangered species, those species will be protected, because their livelihood is connected to those species, and those populations will rise. Oh, but all you White Supremacists, you little racist, you don't want Black folk to own grey elephants, right? Ridiculous!

Luke 10:30 Jesus replied with an illustration: "A Jew going on a trip from Jerusalem to Jericho was attacked by bandits. They stripped him of his clothes and money, and beat him up and left him lying half dead beside the road. 31 By chance a Jewish priest came along; and when he saw the man lying there, he crossed to the other side of the road and passed him by 32 A Jewish Temple-assistant walked over ad looked at him lying there, but then went on. 33 But a despised Samaritan came along, and when he saw him, he felt deep pity. 34 Kneeling beside him the Samaritan soothed his wounds with medicine and bandaged them. Then he put the man on his donkey and walked along beside him till they came to an inn, where he nursed him through the night. 35 The next day he handed the innkeeper two twenty-dollar bills and told him to take care of the man. 'If his bill runs higher than that,' he said, 'I'll pay the difference the next time I am here.' 36 Now which of these three would you say was a neighbor to the bandits' victim? 37 The man replied, "The one who showed him some pity." 38 Then Jesus said, "Yes, now go and do the same."

Did he say, “Go and do a centralized government, and make the politicians vote for them, and tell them to morally posture, while they pretend to do good works by stealing other people’s money?” He said, “No, you go do it. Stop relegating your compassion and giving to politicians who promise they’ll do it for you.” You do it. We have the individual responsibility ourselves to do good.

We love our neighbor. We don’t relegate that to government. We go and help our neighbor. We are willing to fight for our neighbor. Personal responsibility. Not through government. It’s through you, not where you can feel good by doing nothing. Just watching TV and playing video games, and say, “Oh, yeah, I helped somebody, because I did that; so, the government’s going to do that for me, and I supported that. I voted for that.” That is fake. It’s you going out and helping the person. It’s you going out and having the heart of Christ.

And look at these folks that have to fight on the other line, and on the battlefields, and have to, you know, these guys that, you know, have to fight these wars, and they have to go save those kids. They have to attend to them. The tourniquet that we have at the shop, and that I carry, too. The rats tourniquet. That was made to help kids that got their legs or arms blown off. They’re trying to tourniquet their small limbs. That’s why that tourniquet was made, the rat’s tourniquet. It can cinch down real far, instead the other type of tourniquets that are made. That was made why trying to help people. A bunch of kids were getting blown up, while they’re in these crazy oil wars.

Jesus calling on us the personal responsibility to have the ethical crisis and personal responsibility. Never did he say you aloud, that you get credit for doing it through government that does it by force. Never did he say that you get credit. You get no credit for that. You get negative credit for that, cause you are now participating in evil and immorality.

“So, pardon me partners. I will do it. I will go to Washington and do this for you. I will do it. I will fight. I did my moral posturing. I did my good deed.” You didn’t do crap. You just helped that fool rob fifty million people, that’s all you did, eating up 76% of government welfare. Seventy-six percent is eaten up by bureaucrats and the office workers. It don’t even go to the poor people, or the people they’re supposed to go and help. Only 24% goes to them; and, of course, the ones they choose, the ones they have in their pocket. Ridiculous! Total waste. You can do it so much better. You can do it so much better. You have dominion over your compassion. You have dominion over the good deeds. Not that your going to be saved by them; but, the government is taking the credit for doing the good deeds.

The robbing of the people on their acts of compassion. This is really terrible. All welfare was done by Christian Churches, did you know that? When people needed help, when they needed finance, they were bottomed out, they go to the Churches, but the Churches were teaching the Word of God. They would preach to them. They wanted you to turn from your wicked ways. They wanted to tell them, “Hey, come on. We love you. We’re not going to turn you away; but, you got to be responsible.” Depending on your decisions, your actions, will define your destiny. You have five percent responsibility, which means what? You have power. Responsibility means you have power. That’s what it means. You have power to change your destiny. You have power to change your life. You have power to change what the Devil says. He’s going to come upon you. You have power to change the future. You have a responsibility, which means you got power. It doesn’t mean burden. Responsibility means power, which the Devil told you its a burden. It means power.

That's why we encourage all the folks who can, get armed, get training, get your responsibility on. It's power. You're helping to change civilization. You're to change the culture. You're helping to change the debate. You're helping to change society. You're helping to change the world, because you are deciding, you're making that existential decision to become a Luke 10 person, a John 15 person. You're making an existential commitment to be strong and courageous, and become a 28th Proverb, and a 28th Lion. "The wicked flee, though none pursue; but, the righteous shall be bold like lions." Your responsibility is your power. It's the power to shape your life, and the life around you. Society. Civilization.

Luke 10:38 As Jesus and the disciples continued on their way to Jerusalem they came to a village where a woman named Martha welcomed them into her home. 39 Her sister Mary sat on the floor, listening to Jesus as he talked. (Yes Martha, we love you.) 40 But Martha was the jittery type and was worrying over the big dinner she was preparing. She came to Jesus and said, "Sir, doesn't it seem unfair to you that my sister just sits here while I do all the work? Tell her to come and help me." 41 But the Lord said to her, "Martha, dear fiend, you are so upset over all these details! 42 There is really only one thing worth being concerned about. Mary has discovered it – and I won't take it away from her!"

"It's not talking about you, Martha, okay; but, as I said, "Hey, it's about a relationship with Christ. That's the most important thing. Sometime, it's the most important detail." "Oh, oh, I got to make the dinner tables and all these preparations, and so on." That's not what God is fussing about. He's fussing about, "Where's your heart? Can I take out your heart of stone; and, can I put in a heart of flesh? Can the Holy Spirit bless you, can he fill you? Can he reside in you?" Although, we chase him out. We become demonic. You serve your father, he said, the Devil, the father of all lies. Which father will you choose? You can only choose, too. That's it. You can always choose, too.

But, Jesus says very clearly, it's not about the small details, it's not about the small things, it's about knowing me. It's about spending time with me, it's about listening to me, cause the more you spend time, the more you listen and hear my word, you're going to become more like me; and, when you become more like me, you're going to be filled with the Holy Spirit, which will fill your most deepest need and desire. That is Luke 10, folks. Unbelievable.

Let's end with Cheon Seong Gyeong 98; and this seems like a jump, but it's not, because this is the center of Cheon Il Guk, as Father says.

CSG 98

You children are the way God helps you feel joy in the position of a creator, the joy God felt when He created Adam and Eve. Children are the second creation, coming through Adam and Eve.

That's why it's so important when we get Blessed. Look, the Blessing is not about you being happy. That's not what your Blessing's about. That is a side effect. That is a benefit that comes out of your core purpose, which is to bring joy to God, okay. That's your core purpose. If it's about yourself, you're going to be sick of each other at some point, okay. You may not like each other. You're going to fight over stupid stuff, like toothpaste and socks. It's not about you. The Covenant of Marriage before God, it's about God. It's about God. It's supposed to be serving Him; so, when you have you little squabbles about socks, toothpaste, and all that kind of stuff, you can overcome those big mountains in your mind. Those big mountains, you can overcome them by your center, by your anchor, by your rock, that's the

foundation that you're on. You're not upon sinking sand, which is your flesh, your lust, your happiness, your joy. No. That's going to break down, cause you're not perfect. Your husband's not perfect; or, your wife's not perfect. Your spouse is not perfect, you're not perfect. You suck in many things. He sucks in many things. You guys are sinners. You commit sin towards each other, towards one another. It's going to break down. It's about God.

When you serve the higher purpose, your mediocre, superficial problems are easier to overcome. I'm not going to say they're painless. You still have to go through some pain, okay; but, they're overcomeable. You can get over it. You have a higher purpose. You have a higher calling. You have a higher prize, that Christ says and talks about.

And this is why the demonization of children is so evil on the Left. Communists. They just demonize kids. Kids are evil. Kids are bad. Look at how unhappy people are when they have kids? They're running around screaming. The Mom's pulling her hair. "Ah, I hate this. I want to be single again. Look at all my girlfriends playing around the clubs." That's bull-crap.

That's if you're not prepared. That's if you don't know what you're doing. It doesn't mean you're perfect; but, if you know the landscape before, if you had good parenting done to you, if you learned from good parents that have done good parenting, you will be, you will do great. Doesn't mean you won't make mistakes. Of course, you will; but, you will be able to overcome them with a higher purpose, you see. You'll be able to fulfill the role that God's given you; and, you'll have a tremendous time with your kids. You'll have an incredible adventure with your kids; and, when the kids are raised in Christ, when they are raised with you investing your time – I'm not talking about lecturing them all the time. I'm talking about investing one on one time with them. One on one time. During that one on one time with them. Not group time. You do that all the time. One on one time. Invest at a young age one on one time. You will have people who will support you, who will stand for you, become your SWAT Team. Become people you can trust with your life as they grow.

Now, if you don't do that stuff, obviously, your kids can become demons. They're hell-bound, hell-bent, wicked devils, which everything you like they're going to hate, just because their trying to piss you off.

Jesse Lee, he was talking about one of his cousins. He hates his dad for some reason. Whatever I don't know. And, if the dad loves cheese cake, then the son says, "I hate cheese cake." And like pumpkin pie is his favorite thing, and he says, "Oh, I love pumpkin pie," Then he says, "I hate pumpkin pie. I never eat it." It's all emotional. It's all bull-crap. It's all reaction. It's all bitterness. That's all it is. You know.

If the children by just one on one days with those kids, golly folks, that's adds up over ten years, twenty years. It adds up. Giving them good counsel, positioning them for success. They become your SWAT Team. Training them. Train together with them, bleeding with them, sweating with them. Boy, you get so close. They become like your, your gang, your SWAT Team.

And, it doesn't mean their perfect. It doesn't mean you're, you know, there's no troubles, no. You don't think SWAT Teams don't have troubles? You don't think Special Forces guys argue sometimes. Chief will tell you that they argue. Occasionally they do. Ha, ha, there you go. They duke it out.

But, it's purposely designed, so that you believe that you can raise kids, they're demons. You're going to invest, your going to spend hundreds of thousands of dollars every year. You're going to bankrupt by the time you raise them. They're going to be ungrateful, they're going to be in debt, they are going to be working, you know, twenty, thirty years to pay off their loans, they're blaming you for their useless degrees. Oh my Lord, it's just ridiculous. It's brainwashing. They're making you see kids as liabilities, when they're assets. They're valuable assets. They're the next generation of civilization.

If you don't raise them well, if you don't give them over to the State to let these crazy lunatics raise them into Marxist devils, well, then they become hell for our society; but, if you pile on them early, if you teach them how the world works. They understand Political Satanism, they understand how Satan rules over this world, they understand the value of defense and self-defense, and understanding the culture of Luke 10 and John 15, man, you got some powerful changers to society. You got some powerful world changers; and, they will probably be very humble, too, because they spend a lot of time with you; and, you're more mature than the psychopaths in Washington, even though we're not perfect, right? But, you're definitely more mature the psychopaths in Washington, DC. I guarantee you. I guarantee!

But, they got all these girls brainwashed. Don't get married. If you don't get married, you have to have children; or, just get married and don't have kids. Just raise three dogs and a cats. Have some kids, you bozos. It's not a kid. It's a freakin' dog and a cat. That ain't no child. I got five of them, and I got tons of dogs, we love dogs, and they're not kids.

The kids go, "Do you love the doggies more than us?" Cause the doggies are excited when Daddy and Mommy come home. They start jumping around. They're so happy. You hardly get that reaction with the kids, right? I'm not saying you have a bad heart, you know. They're just doing their things. And so, the kids, you love the doggies. No, the doggies' a slave, okay. The dog is basically a servant. You are not a slave. You are going to be raised up to be a King and a Queen one day. Do you see what I mean? The dog and the beast, they're servants of man. They're not children. Boy, these people who don't have kids, they're so diluted thinking dogs and cats are children. They crazy diluted. That is such child abuse. If they ever have kids, the thinking like that is tremendous child abuse.

Children are a tremendous asset; but, you don't hand them over to the State, you don't hand them to other people to educate. You spend time with them. You raise them, you train them, you make it fun, you spend one on one time with them, you do that; and, of course, you do that, and they still can be taken by Satan, sure; but, you know that you did your best, and you can give them to God.

CSG 98 continued

The incorporeal God created Adam and Eve as beings of substance having a physical form. If Adam and Eve had reached perfection, they would have become the central representatives of love as the perfection of God's corporeal being. Just as God felt joy after creating Adam and Eve, children are given to you so that you can substantially feel and experience God's joy of creation.

Boy, you know what I'm saying? When you see young people when you see kids unlock their epigenetics, break out of their delusion, become stronger, realize that they're full of crap, but then, you know, work out of that, it's the most incredible, it's like seeing, what is that? Like a caterpillar bug turn into butterfly. It's like seeing that transformation. Seeing kids who were totally delusional, totally braindead, totally inflated with themselves, thinking they could defeat everybody, cause they played

some stupid Naruto game; and, they come in, they get destroyed, they get beat, they get totally choked, they get strangled, they get injured, and all that kind of stuff. It's just natural when you do combat arts; but, you see them, the ones who keep at it, keep at it.

You see, this transformation of the soul, the person, you see the humility that developed. You see somebody who starts to appreciate hard work and competitiveness, but also protecting their training partners. All this kind of compassion. Ethics. The flow out of loving God, loving thy neighbor. Training with one another. Boy, you see transformation. You see people who are totally weak, totally vulnerable; then, they become people who are self-defenders, who can defend many, many lives. Have their epigenetics unlocked. It is the most incredible thing to see and feel; and, that's why it's so rewarding to train young people, and see that transformation happening.

But, of course, that comes in with the five percent, cause it's not easy training; and, many want to quit, and they're weak, and they're use to just crying and thinking about that solves problems, or complaining, or blame somebody else. They have all these bad habits; but, they start training, they're responsible for all their losses, they're responsible for everything that happens to them. Everything that happens, they are responsible for; but, the Instructors will teach you, will train you out of those things. Make you learn how to become better out of those suffering situation, and make you become stronger, and you become much more humble, much more realistic who you are, and what you can do.

And it's so rewarding to see these people transform. Unlock their epigenetics. It's so awesome to see them two years later; where, two years before, they were braindead zombie video game playing little beta-males, and all of a sudden they got their chest back. They got pectoral muscles, they got some biceps. They can choke some necks, and kick some booty; but, they're humble. They can lift some weights. They look good. They're getting more confident. It is awesome to see that. Just two years before they were braindead, video gaming soy boy. "Oh, I win at Pokemon." I mean, what are you? What species of alien did you come down from?

It's amazing to see them do that, like your children. Like, literally, like your children. You see them transforming, becoming powerful and responsible. Learning to wield the power of life and death for good. Whew, Lord! What a tremendous Kingdom.

Just as God felt joy after creating Adam and Eve, children are given to you so that you can substantially feel and experience God's joy of creation.

SOS, come on up. Folks, let's pray real quick. You can start; but, let's pray while you're up there. If there's anybody in your heart, if God has touched you in any way, I want to ask you in your heart. You don't have to do anything, okay. But, you felt that. You felt a calling, you felt a prick in your heart, you felt that you want to change your life, you felt that you're tired of the same patterns, the same failures, the same deadend roads, the same losing, suffering cycles, you want to surrender your life to God, to Christ, and have Him become the Lord of your life, follow in His footsteps, to become like Him, even though you're not perfect, but let Him change us, to sanctify us, through process. I want you to join me for prayer. If you feel that you've been backsliding, and you lost your enthusiasm for God, and you know God, but you don't share the message, you know God, but you don't reach out and talk to other people. You been still in the capturing of fear, you need prayer. This prayer is for you as well.

We need to learn how to pray for one another. We need to learn how to cyclically care for one another. It doesn't mean we do everything for one another. We strengthen one another. We hope for the best in one another. We send our energy and love across a great expanse, and leave it up to God.

God, the Father, we thank you. You are here in this Sanctuary with us this day. You're giving us your Word that has power to resurrect us from the dead. It's the same God that resurrected Christ from the dead that lives in me. And Father, we know that power, that everlasting power, that overcoming power that can defeat all death, all obstacles, all tribulation, dwells within the still small voice that speaks to us. That gives us guidance and discernment. That leads us to the Word of God, and spend time with you in the Word, so that we can become more like you.

Father, we thank you for all the folks that are here today that have attended the different camps, the different activities that we've done. Father, if there's anyone here that is tired of that backsliding, tired of that rocky path that they keep on ending up on, then we ask you right now to come down, we're asking you right now to hear their call, to hear their prayer. And, if that's you, I want you to say this prayer with me. In your heart, you can say it in your heart.

Father, I am a sinner. I have failed; and, I am sick of depending on myself. It's only lead me to the same cycles of suffering, the same cycles of blame, bitterness, fear, the same cycles of failure; but, right now, I want to change that. Today is my day, not because I'm great, not because I've done great things, but because your love and your grace is abundant. And dear God, we ask you, to change my heart that is stone, to break it, destroy it, and to give me a heart of flesh; so, that I can feel, I can feel what you love, and feel what you hate. So, then I can discern between good and evil; and, I can discern, what gives you joy, and what brings you pain. I want to make you the center of my life. I want to make you the Lord of my life, I want to make you my Father once again, and I give my life to you. In Jesus Name, in Christ's Name, in the Lord of the Second Advent Name, I surrender it all today. Amen, Amen and Aju! Let's give God some praise everybody. Let's all rise and give Him glory today. Amen and Aju!
