

## 2<sup>nd</sup> King of CIG

Korean Service - Dec 16, 2020

*(Unofficial notes)*

There is a snow storm currently going through PA so the King has decided to hold the service from the Palace and not from Sanctuary Church.

We are involved in an important **fight** at the moment. The J and K team respectively are taking part in protest- prayers every day. They are fighting and praying for America. We are the only ones left spear- heading protest prayers, when most if not all conservatives have or are giving up on the fight.

When an ordinary person looks at the situation, they might say we do not accept the loss. However when you look at the world history or the history of elections, we have never had this situation. The main media are not providing coverage; the courts are not considering the affidavits. Trump is pursuing civil litigation, and not criminal cases. There are sworn affidavits, video evidence which confirms the treason that is taking place. A recent video about how you can change ballot votes within Dominion Voting System has been released. However the justice system is rejecting the cases.

It is clear that a consensus was reached in the background between parties such as the Deep State, George Soros etc. They are preventing Trump from officially presenting the evidence that the public has been sharing via various social media outlets.

Coverage in the Epoch Times showed a video of how the **Dominion Voting System** can be manipulated to change ballots, which are flagged for administrative correction. Also the records of the voting results have all been erased from the machines. All records are there except for 2020; the records of the metadata for 2020 have been deleted!

The King is talking about reasonable suspicion. For example, from what might seem to be a case of suicide, through reasonable suspicion, a murder investigation might be started. The reasonable suspicion is created by looking at the evidence e.g. finger prints, the persons of interest etc.

The example is where Trump has been shot in the head from two different directions and has initially been suspected of having committed suicide, but there is evidence e.g. finger prints linking directly to Hilary Clinton.

So similarly when you look at the **US elections for 2020**, you have poll watchers who were not allowed to challenge the mail- in ballots in several states, and it was in these states that Trump

lost. People have submitted sworn affidavits, such as if they are found to be lying they can go to prison. There are several thousands of sworn affidavits. And not just sworn affidavits, but also videos which show problems that may arise from Dominion Voting Systems. There is an overflowing amount of evidence, but the court system is rejecting/ignoring this evidence. To put it simply, they are trying to get rid of Trump to install socialism/communism in the US.

The King is currently using the example of pro-wrestling when the wrestlers (i.e. the political parties) are fake-fighting and treating the spectators (voters) as dumb people. The left are pretending to fight, and they are making money through their activities.

When the cameras are off, the right and the left are getting together and scheming together to trick the citizenry.

When you look at **countries** which are about to become **socialist/communist**, the politicians are closely connected to Hollywood celebrities, and from places like Hollywood, messages supporting a centralized government are sent out; or messages telling that thanks to the government the citizens are saved. These pro-centralized government messages are propagated. In reality, centralized governments have killed the greatest amount of people, especially in communist/socialist states - around 200 Million people. This is worse than the numbers that have died from religious wars.

The religious community in general cannot use the state power to force people to practice their faith. They have to persuade them. The situation however is different for governments. They can take away your money through taxation systems etc. and if you fail to comply you will go to prison.

The King is talking about the governments who are saying they are a science- led government. However when you look at **corona virus**, they are telling everyone to wear masks. But masks cannot effectively stop corona virus particles from reaching you. The Democrats are saying they are the government of science, but they have not been critical thinkers. Stalin did exactly the same when he was in power.

If the Democrats were following science, they would not tell people to wear masks, because you can spread the virus regardless of whether you wear a mask or not. The survival rate is over 99%. This is a better survival rate than the common flu. Suddenly, flu- related deaths have disappeared. They are all corona virus- related deaths

When you look at the deaths, there is an average death rate. The excess death rate is the true death rate from corona virus. When you look at the excess death rate in 2020 compared to 2019,

it is much lower than in 2019. If everyone had died from corona virus, the excess death rate for 2020 should be higher than 2019.

They are locking down the country and killing the micro economy.

The citizens have become dumb, by not thinking critically or looking at the reality and placing reliance on the main stream media. They are praising the government of science and shouting, "hallelujah!" They do not follow science. They just state that they are to be able to do what they want, and control everyone to make the US a socialist/communist state.

The King is talking about the time of **Nazi Germany** where they were using the eugenics argument about the Jewish community. The reality was Nazi Germany had an immense debt to the Rothschilds. And to be able to pay the debt off, they targeted the Jewish community who had many successful micro enterprises as well as land. They liquidated the assets of the Jewish community. It was effectively the Rothschilds foreclosing on Nazi Germany, and threatened to invade Nazi Germany if they did not pay off their debts.

The King is talking about how we were able to connect with **Alex Jones and Infowars** during the recent protests in Washington DC, and how, by not connecting with the 3 Kingships, Infowars went through a difficult period. When Alex Jones helped Trump get into the White House, he became a bit arrogant, and as a result he decided he did not need to connect with like-minded organizations. Then his accounts on social media were shut down, and he was not able to be as active as he used to be. Alex Jones is still suffering, but as a result of the difficulty, he has become more humble. He has at least now said he would like to invite the King and the Inspector General to his show. Alex Jones was an investigative journalist for 25 years, and has many connections into the White House.

At the moment, approximately 90% of the **White House staff** are said to have given up and have accepted defeat. Yesterday Mitch McConnell accepted Biden's election win and called him president-elect! Mitch McConnell has also been in the swamp for a very long time.

Those who have been in politics for a long time have probably all been threatened in some way, e.g. any skeletons in their closets such as sleeping around or being involved in something will make them un-electable.

If **Biden** is elected then the US in its current state will die, and Biden will become a Kaiser (Emperor). However it will be the Emperor of communism/socialism. Biden will not just hold hands with China, but he will be in bed with the CCP. This will then mean the whole world will become like China. Biden will be able to live an extremely luxurious life by lying in bed with the

CCP. You can see this happening when you look at what happened in Venezuela. Deals were made to enrich the leaders but not the people!

We are in that sort of place at the moment in the US. The chance of **Trump** being declared the winner is very slim. At the moment, with respect to the Electoral College votes, in some states the governor has elected the Electoral College and the state legislatures have also elected their Electoral College votes.

The King is talking about **Vice-President Mike Pence**, that on Jan 6<sup>th</sup>, he will have a crucial decision to make, about which electoral votes to accept. Mike Pence has also been in Washington, DC, for a very long time. Incumbent politicians will have a lot of things they can be threatened by. When Mike Pence was selected as the vice presidential candidate a lot of conservatives were not happy with the choice, as he is a career politician. So there is a risk with Mike Pence that he will be like Mitch McConnell.

However the most important date is **Jan 20<sup>th</sup>**. Until then **Trump is the president**, and there are military generals who still support Trump such as General Flynn (a 2- star general). There is also a five- star general (Kelly) who supports Trump, but not all the soldiers like him. More soldiers like Flynn.

Trump can declare **martial law** although the likelihood of him doing this is very low. However we do not know whether he will have the courage to do so. But as the president he has the power to do so. Rudy Juliani, Trump's lawyer, is the former mayor of New York. He could be made the Attorney General. Kemp has been proven to have taken money from the CCP; however the main stream media are not covering this.

This is a life and death fight!

Only **our church** is putting our lives on the line for the United States. Whilst this is not a physical war, our community is behaving as if we were involved in a physical war. King Kim Byung Moon, who is now recognized as a martyr, fought with this mindset and is continuing this fight in the spirit world.

We could, in the US, have a **civil war**. Even if Biden goes into office, Trump may not attend the inauguration, and instead go to a different state and have his own presidential inauguration. This would signal a definite civil war in the US. He could, through his own channel Trump TV, encourage his supporters to gather arms and get ready. The famous US attorney Lin Wood also recently tweeted about getting ready by getting your armory ready.

## **Bible Reading = Luke 11:27- 28**

*27 And it came to pass, as he spake these things, a certain woman of the company lifted up her voice, and said unto him, Blessed is the womb that bare thee, and the paps which thou hast sucked.*

*28 But he said, Yea rather, blessed are they that hear the word of God, and keep it.*

The **cultures that worship women** are destined to fail; they worship what is effectively pornography i.e. worshipping the naked body of a woman. A man naturally will be attracted to a beautiful woman, because from a reproduction perspective there is less of a chance for the child to be born with a deformation.

This is why when you look at goddesses such as Artemis, Aphrodite, Venus, Ishtar, Asherah, that were worshipped in such cultures as Babylon, Assyria, Carthage, Greece and Rome, they are always beautiful. They accentuated the goddesses' anatomies such as the chest or back side. There were philosophers who tended to be engaged in this act, even including Aristotle and Plato.

Cultures with no gospel to rely on, also generally are cultures where **human rights** do not exist. When you look at the cultures of ancient Egypt, Assyria etc, human rights were not given to babies and children. Even in East Asia, pedophilia was seen as an acceptable practice. It was not until Christianity came in that pedophilia was outlawed.

If the **CCP comes into power globally**, they will pass laws which are pro-CCP and we may see a period where the most abhorrent of acts e.g. killing children will be seen as acceptable/legal. They may also sell off their organs whilst killing them. This is why depending on which ethics govern the world, this will decide whether the world heads in the direction of good or evil. If Biden comes into office, he will be the first Kaiser of the world who worships the CCP. This would make the world a very scary place to live in!

This is how critical a time we are in. That is why we need to get ourselves ready.

The Queen has made a prayer list which includes Mike Pence, for him to make the right decision on Jan 6<sup>th</sup>, to announce the right Electoral College votes.

If Trump has to declare martial law, please pray that he selects the right military leaders, and should he do so, that he connects with the micro (the 3 Kingships)!

So please **pray and prepare** for the worst case scenario.

Aju!
