

The King's prayer at the end of the Sunday service

Hyung Jin Moon

June 6, 2021

Let us pray

Father God, thank You for this beautiful day that You blesses us with summer weather and so many things to be grateful for and so many things to celebrate and rejoice.

We have the company of patriots; we have the company of righteous peoples; we have the company of so many good brothers and sisters that are standing with us today in this epic and

momentous fight for human liberty.

Dear God, even though we are not perfect and even though we are not sinless, it is Your blood that has washed away our sins; it is Your blood that sanctifies and purifies us over and it is Your blood that makes us more righteous and seek righteousness, and hate sin, hate evil and to love that which You love,

God, we ask that you send down Your Holy Spirit, that You would fill our hearts with fire of the Holy Ghost. That in our hearts should well up within us, a deep wellspring of joy and a power that comes from Your love.

A love for Your own children's as human beings, a power that would seek to want to see the oppressed be free, to move through free will towards you and Your grace.

Dear God, we ask You at this time of great crisis in America and across the world. That You would stand with all those brothers and sisters that stand together for the flag and tree of liberty. They may be of different skin, colors, races and tribe whatever the case may be, that is not irrelevant, because the human spirit yearns for You, and as the scriptures says, where the spirit of God is, so there is liberty.

We thank You because we know that You have given Yourself, so that we could be free. Free from the clutches of Satan, free from Satan's lineage, free from Satan's control, free from Satan's authority, free from Satan's sin, so that we could be in Your family and You can reclaim us as Your children's.

Father God we ask You that you anoint all that are here today in the Sanctuary. That you will give them power to multiply and to spread the love of country and of You; that we would be used as Your Hand and feet to reawaken America and reinvigorate her so that she realizes the state of affairs that is happening before our eyes, making a commitment to stand up and resist. As You say in James chapter four, resist the devil and he will flee.

Dear God, we pray that You would give us a special anointing as we now are facing a tumultuous time in our country's history, but is that is intimately tied with the history of the world, for if America falls today, tomorrow will be authoritarianism and totalitarianism darkness and political Satanism.

We pray that we would have blind eyes may see that we are not seeing fighting something, which is just an ideology or political party or things of that nature, but that are real principles and powers; darkness that

is being animated and being controlled by the great betrayer of You in the beginning, Lucifer Satan.

Know we would understand this metaphysical and existential crisis is cosmic in nature and that we must stand-up against that demonic force both spiritually and physically with our life and with our health and mind.

Let us be totally committed so that we can have Your bravery as You say in Joshua to be brave and be of good courage.

God, we ask that You would give us courage because we are human beings and we do fear at times; we do feel scared at times; and we do feel anxious at times. But in those moments, flashing passing moments, let us have solitude in Your presence; let us have strength in Your presence. Let us come out of those moments of fear and trembling, to see Your face, to see Your glory and Kingdom that is coming to this world.

Dear God, we ask that everybody, from President Trump, all the way to the local areas of the patriots would stand together to protect this country; a country which was built on Your Judeo-Christian Principles.

A country that was built on the foundation of scripture and a country that acknowledges and protects human rights given to You, given to us, by You.

Precious, precious, precious reality, that never existed in humankind

We thank You God, because we know, You are also working in the hearts and minds of everyday ordinary people, creating victories on the local to the macro; You are moving in our lives; You are changing hearts, You are winning victories. If we just look around, we can see those who desire to protect liberty, not only for our posterity but for humanity.

Those peoples who may come across meek or who may come across humble and quiet, As You said, they would inherit the kingdom of God. Amen.

We thank You Lord because You are leading us through this time. As a testing and as a loving father, because who knows we may need this test. We may need to recommit ourselves. We may need to reevaluate and re-examine the preciousness and the gift that we've been given so that we would have context by in which we can praise You more.

We ask You dear Lord to give us that spirit today and we ask You to bless those who are here and bless the holy host that will be standing with us. Bless the patriots that are all across this country and bless the president, bless the other leaders that are rising up as You are anointing to them right now. All those who are working for Your providence and purpose to protect the gifts of liberty and freedom that you have bestowed upon humankind.

We thank You and give You the praise, we give You the glory, we give You the honor with all those that are gathered here today, and in Your precious name we pray.

Amen, amen, Aju
