

## Pastor HJ Sean Moon

### Reclaim Cheong Pyeong

#### The King's Report - 2021. 06. 18

Good morning folks! Welcome to the King's Report! Today is Friday June 18th 2021; 12th year of Cheon-gi, fifth month, ninth day by the heavenly calendar. I'm your host Hyung Jin Sean Moon, the Second King of Cheon Il Guk. ...

Let's move to 2 Kings; that will tie right into our trip with Tennessee.

#### **2 Kings 10: 29- 32**

*29 Howbeit from the sins of Jeroboam the son of Nebat, who made Israel to sin, Jehu departed not from after them, to wit, the golden calves that were in Bethel, and that were in Dan.*

*30 And the LORD said unto Jehu, Because thou hast done well in executing that which is right in mine eyes, and hast done unto the house of Ahab according to all that was in mine heart, thy children of the fourth generation shall sit on the throne of Israel.*

*31 But Jehu took no heed to walk in the law of the LORD God of Israel with all his heart: for he departed not from the sins of Jeroboam, which made Israel to sin.*

*32 In those days the LORD began to cut Israel short: and Hazael smote them in all the coasts of Israel.*

So again, you can see that Jeroboam brought in Baalism, and the sex trafficking and killing of children in the abortion mills of the time, which was post-abortion by which those demonic gods demanded the blood of young children to appease them. You can see that when Israel falls away from God there is great judgment that falls upon them.

#### **Cheong Pyeong lost to Satan**

This is exactly what happened with the Han mother after her cosmic- level fall and of course worshipping herself, and claiming to be God; an absolute heresy, and of course basically becoming the-fallen -Eve theology united with Satan.

So what has happened? Well, all the foundation that Father made in Cheong Pyeong, and in all the places around the world in terms of the providence, have been turned over to Satan, including the ancestral liberation that they've done in Cheong Pyeong, forcing the people to pay literally tens of thousands of dollars, that have been not only extorted from those folks but at the same time sending those ancestors to hell, sending them not closer to God and True Father and Jesus in heaven, but the opposite way.

Look what she has done to the Cheong Pyeong Mountain where the Cheon Jeong Gung Palace exists. She's completely defiled it, making a statue to herself, and then worshipping it. Oh my gosh! I mean you're talking about complete insanity; complete, complete insanity! Making a statue to herself and then worshipping it! Oh my gosh! You're talking about the total defamation of God's tradition, you're talking about the total desecration of the foundation and spiritual foundation of True Father; all his *chonsong* on the Cheong Pyeong mountains.

Remember, folks, when Cheong Pyeong was first founded for our community, True Father went there in a tent. Remember he was doing fishing on the Cheong Pyeong Lake, and he was doing the prayer conditions and climbing that mountain daily and then eventually, when there was nothing there, there was just tents, he went up there and found that humongous giant pine tree which stands in the courtyard of Cheon Jeong Gung Palace in Korea. But again now it's just become buildings; it's now defiled and desecrated and is the dwelling place of Satan.

Of course with the cosmic fall of the Han mother, all those folks who foolishly followed her for power and for money- not having any of that- they also have participated in the fall; they are fallen people now and they have also participated in the satanic ancestors' liberation which has sent their ancestor connections to hell and separation from God; it has sent them further away from Him. So the spirit of God and Father is bringing them back.

There it is! Oh my gosh, look at that Satanic symbol, and look at how she made herself bigger than Father who stands as just a servant to her on the left side there! What a sickening disgusting desecrating picture, and what an unbelievably disgusting Satanic desecration that she's done! Now Cheong Pyeong is completely handed over to hell and Satan and total separation from God. I mean that is completely devilish; that statue needs to be obliterated in the future.

But anyway the point is: she desecrated True Father, destroyed his legacy and tried to erase him, placed herself above him, sat on True Father's throne; all that ridiculous arrogance and heresy! And of course she chased away True Father's own lineage, and his heir and successor that he designated with his own hand, and the Cain and Abel that he designated with his own hand, so that she could receive the glory. And she's now destroyed herself within eight years; she's completely imploded the church, lost the billions of dollars of the Foundation and has destroyed it completely. And of course she brought a curse to those who follow her.

### **Blessing moved from East to West following the Three Kingship**

Anyway, the point is: the blessing that was meant for the fatherland, and the blessing that was meant to move from the East to the West and to the rest of the world through the Abel UN, was lost. But the blessing and the providence moved with the lineage and True Father's kingship and moved as the Three Kingship moved to the wilderness with Cain and Abel. It started from scratch again; it may have been material scratch, but the Spirit of God, True Father and Jesus was there with us. Even though we had no material foundation True Father used what we had, and of course the foundation that Kook Jin Nim had built with Kahr etc, to move to the wilderness and then build back the providence there.

At first from the spiritual roots and spiritual foundation in:

Declaring True Father is Returning Jesus, and

Returning back to our love to Jesus Christ, and

Back to the Father God, and

Proclaiming and singing the Cheon Il Guk national anthem, *the Blessing of Glory* in the deep forests of the wilderness of Pennsylvania

PA, "pa", (*daddy*)

154 P. Drive,

The Lord's Valley,

Promised Land;

All those kinds of things!

And we started completely intense; we started under garbage shelters reclaiming the providence; we started in the Lake Sanctuary which Kook Jin Nim purchased for the ministry, in the living room there and gathering people very slowly.

But look at it: within seven to eight years now the providence has moved so much, and the Holy Spirit has opened so many doors and a tremendous foundation has been made in Pennsylvania. And now the remnant of God has come and united to protect it and to support True Father's lineage and the Three Kingships here on earth.

Just imagine if Jesus had a son, whom he, by his own hand declared his heir; all of Christendom would stand to guard him and to stand with him. That is what the remnant has done! They rose as the representatives and the microcosm of Christendom to stand with the appointed heir by the hand of the Returning Jesus, True Father. That's a tremendous thing, and they are the kings and queens of Cheon Il Guk, standing with the Three Kingship.

So the blessing of the providence of God moved from the East to the West, following the movements of the Three Kingship. The foundation level of the first seven year period has passed victoriously; the foundation has been built. President Trump was moved into office and tremendous strength came back to America. Patriots have come back to America; no fear, the fear of being called names by the Left has subsided, and on the macrocosmic level President Trump has awoken so many people.

### **The growth stage & Satan**

But as soon as we entered the seven year period in the growth stage, you could see immediately Satan started to attack, just as he did when Adam and Eve moved into the growth stage; because he knows that if they pass the growth stage then the perfection stage will come, and he will not be able to make them fall. So, same thing!

That's why as soon as we hit the growth stage literally, bam, the entire world went into chaos: the corona hit, everything got shut off; the American economy started getting destroyed; Trump was usurped- all these kinds of things. Satan attacked super hard, and of course is now trying to get Waco David to try to kill us, patriots, and to bring in a mass murderer as the head law enforcement agent for the ATF. He is a mass murderer who murdered women and children with no crimes alleged against them and stood atop their dead bodies to take pictures. What a total psychopath mass murderer, and he's trying to be confirmed into the ATF head law enforcement agent for firearms in America, which is a tremendous danger to every community that has firearms.

### **It's the Moonies**

At the same time the kings and queens of Cheon Il Guk here, the remnant, must be the guard against Satan for the Three Kingship and Cain and Abel and our community and for conservatives at large, so micro -macro, and take small local political offices everywhere. In the end the Christians are too weak; they're too spineless; they've been handed over to the Left .They're too scared of being called white supremacists; there's cowards. The main denominations have become cowardly.

So again,

- it is the Moonies whom they hated and called cult members - they hated us and slandered us and then laughed at us and mocked us and scorned us and called us heretics or whatever - but in the end -
- it's the Moonies in the microcosm that stand up to protect conservatism;
- it's the Moonies that stand up against the commies and allow ourselves to be attacked and called every manner of slander.

It doesn't bother us that much because we've been called Satan for the last 40 years by the Evangelical Church, and meanwhile many factions of it have gone over to now allow gay clergy and fight for abortion. I mean it's so ridiculous!

So there is no more guard for America on the macrocosmic level, and again

\*it's the microcosm that has to stand up,

\*it's the microcosm that has to do the responsibilities;

\*it's the microcosm that has to get cursed and slandered and be hated and be called all manners of things. And again

-it's the Moonies that are being the guard for the macrocosm, to protect God's principles, His culture; His civilization.

### **The Kingdom Constitution**

Father designated his heir and successor to make and declare the Kingdom Constitution; I had the responsibility to do so and I did.

The Kingdom Constitution is a totally anti-communist document; it is a completely freedom-based document which preserves human rights and the right of self-defense and an armed society that will be the decentralized police and law enforcement and military of the Kingdom of God. Why? Because the Bible says, "*Christ has the government upon his shoulders,*" that is to say that Christ takes complete dominion over the government of the world, and reinstates true government which is limited government, and which is not Communism. It is in the Kingdom Constitution which has even more checks and balances than the US Constitution, and has more protections of freedom than even the US Constitution which was the growth stage constitution; the best you can do before the Returning Lord comes. Hallelujah! Amen!

### **Mobilized for political office**

It is such an intense time folks, and that's why all the kings and queens of Cheon Il Guk who are the vanguard not only of conservatism but of True Father's lineage and Jesus' lineage on earth; all of us and even the young people must be mobilized to take political office. That's not only to protect conservatism but in the end it's also to protect our community, because if these mass murderers do come in and try to genocide our community and other communities as well, it is harder to do so when all the people in our community are part of government and part of a local office. It's much harder to do so, much harder to destroy that community that is involved and has networks within the local system and of course can stand for the people and stand for communities' religious freedom, and stand for communities' right of self-defense etc. In the end it's the local; and the microcosm affects the macro. That's why we have that mission coming up soon and more to be talked about that as we go.

But anyway, the point is: every single person has to be mobilized now. Father already trained the first gen, and now we have to train the younger people to take office. Father already made you run for political office. It's not enough that folks now just come to Sunday service and things like that and be part of evangelism that way. No, it's now critical that you take political office. It doesn't matter how old you are, because you are the patriots; you are the microcosmic patriots who lead the macrocosm, because you stand in the river of God's providence, gardening and protecting the Three Kingship and True Father's bloodline on earth.

It won't be snuffed up by the globalists and by the political Satanists that want to take power and then genocide like-minded communities and of course gun-owner communities and the Three Kingship, because we are the ones with the most cohesive and coherent theology and also Constitution that shows the Kingdom of God and shows:

Why an armed society is the Kingdom of God's model,  
 Why a decentralized society is the Kingdom of God's model,  
 Why term limits are part of the Kingdom of God's model,  
 Why a republic is the Kingdom of God's model, etc.

So it is the vanguard, it is the front line! And all the folks who are in the first- gen Sanctuary, the Holy Spirit will stimulate you, the Holy Spirit will push you and give you good feelings of conviction; and guilt if you are not standing to protect the community - and even your own lives by the way- but more the community and conservatism and the Three Kingship etc. Before being the vanguard, you are the remnant that Father called to protect his providence on earth and God's providence on earth. So be ready for that, and there will be training coming in from like-minded leaders that already have volunteered to start training our community; more on that later. But the point is: the microcosm leads the macrocosm.

### **In Tennessee**

Getting back to the whole issue with the fall of Cheong Pyeong; well guess what? We went to Tennessee, saw all these properties, and the final property we see, we drive up there on the iron horses beautiful twisty roads in the middle of beautiful Tennessee wilderness, which is basically only about 40 minutes from Knoxville, 40 minutes from Sevierville, which is the place where we always stop. There's the world's biggest knife shop that I always stop at when I go to the NRA show or when we go to the Shot Show; always we stop in that area to check out the knives. I've also sent the young people of the Academy to go there and see, because I've trained them to be martial artists as well. So every time we went down there, we would stop there for lunch and see the knives and buy knives and just be in the culture of being an armed responsible citizen.

So that's always been that scenario, and we've grown to know very well Sevierville and Gatlinburg and there's Dollywood there which is basically a conservative Disneyland which Dolly Parton made; it's a huge little theme park for families, and apparently the Smoky Mountains has the most visited national park in the country. It's a ginormous number of people that go there per year; it's the most visited national park in the country. So it's quite shocking, quite amazing.

The property ends up being about 40 minutes from Sevierville which is like Gatlinburg and then Dollywood and the knife shop, the world's biggest knife shop; there's a cast iron shop there as well, very large etc, and we've grown to know that quite well. The property turns out to be about 40 minutes from there, 40 minutes from Knoxville, an hour and 20 minutes from the Tail of the Dragon which is the biggest, biggest biker road; in terms of fame on the East Coast it's the most famous. It's called the Tail of the Dragon and this property happens to be there.

### **Reclaim Cheong Pyeong**

And not only that! As we drive up in the beautiful twisty road, which is almost like a mini Tail of the Dragon, as soon as I am in the vicinity of this property, I immediately feel, by the spirit of God and by True Father spirit, I immediately feel Cheong Pyeong; immediately feel Cheong Pyeong. Then we drive up into the property and the whole property -149 acres - runs up way to the tip of the mountain; the mountain looks exactly, feels exactly spiritually like Cheong Pyeong. It looks like Cheong Pyeong; it looks like I'm facing Cheong Pyeong.

It has a waterway that flows right to the front representing and symbolizing the Cheong Pyeong Lake that you see right now.

It actually has a river, quite a large stream, flowing through the front of the property and then it moves up to this massive hill.

And the elevation of the hill compared to Cheong Pyeong is about similar. It's about what? 80 meters difference, but anyway very similar.

Of course this was all just done by spiritual estimation, looking at it. Wow! It looked exactly like Cheong Pyeong, the mountain, the range, the type of hills. They were not like the Rocky Mountains like in Utah, which is all barren and stone; no, this is covered hills as they are in Cheong Pyeong.

And immediately I could feel True Father's spirit coming and feeling Cheong Pyeong. I just stayed there, and as we talked and prayed there, we could just feel the Spirit of God and I could feel Father's desire to what? Reclaim Cheong Pyeong, to reclaim Cheong Pyeong!

So just like a flood that download from the spirit, it just came down, and started flowing and flowing, and flowing, and speaking and I told those up together there that we have to get this property to reclaim Cheong Pyeong.

I need to go up that hill and find

\*the pine tree that Father found, that mirrors Cheong Pyeong. And then

\*all the calligraphy that Father had placed and written in Cheong Pyeong on the different buildings, we have to symbolically at least, place them there; Father's handwritten calligraphy with his own stamp.

\*The Cheon Jeong Gung Palace has to be erected there, symbolically at least, even though it's just a tent, even though it's just a wooden building with an outhouse; it doesn't matter because the building is not what's important. The foundation of Father's spiritual *chonsong* there is!

Imagine if Jesus had a mountain in which he placed different things and he prayed there and that he established and he wrote his own calligraphy on there and stamped it in the ground and staked it! You imagine all of Christendom would see that mountain as the holy site. You have to understand that and always see that context; it's the same thing.

So we're reclaiming that, and the mirror image of it in the West where the blessing of the providence has now moved to. We must save America and guard the world, because now Communism is trying to encroach on the world and has consumed Asia because of the fall of the Han mother etc.

But anyway, the point is: Father gives us this mountain that looks just like Cheong Pyeong; in terms of grabbing and nestling the whole valley it looks just like Cheong Pyeong. It has what was called the dragon's head the *yong-ui meoli* in Korean; it would nestle the whole valley, it would be the

centerpiece. And this has that! It has the same feng shui, it has the same *punksu*; it has the same setup with the water in the front, the mountain in the back, and the type of elevation is almost exactly the same. It was uncanny! And then the spiritual download happened and all these images flooded.

I was telling the people that we have to erect True Father's calligraphy, at least at first, and then eventually we have to erect the different structures there. They don't have to be big; they just have to be symbolic:

\*True Father's palace and then behind it, the

\*Cheon Jeong Loo, the small pond there to represent the Cheon Jeong Loo, and then the

\*CheongShim Divinity School, and then the

\*CheongShim elementary and middle school that Father had, which will probably be home -school based etc, maybe tied with the Sanctuary Academy in the future in doing the training plus the learning, etc. And then the

\*Cheong Pyeong Training Center, which is the training center on the bottom etc.

Obviously we don't have to make the buildings the same way; it could be made out of wood, it could have made out dirt, it could be made out of a tent; it doesn't matter.

The point is: reclaiming the spiritual foundation that Father made there and mirroring it.

So as the spiritual download was happening and we could feel the presence of Cheong Pyeong, we just knew that out of all of the Tennessee lands that we'd seen, this was the one that we must get to reclaim and have as a spiritual retreat and to restore the mountain that Christ designated.

### **“The Restored Cheong Pyeong”**

How fitting that he's given this mountain to his direct descendant, heir and representative on earth! So this is going to be a very, very important mission, and the right person has to be there to be the overseer and manager out there, that has connections to the world church. Because you may have busloads of people that are coming to pray and to do ancestral liberation there, especially because those ancestral liberations sent spirits to hell through the fall and transgression of the Han mother.

The Satanism that has overcome Cheong Pyeong will of course collapse and be destroyed, and True Father's foundation, his heart, his pouring out of *chonsong*, all that blood sweat and tear investment that he put there spiritually, of course follows the Three Kingship, and can be planted in that mountain that looks almost exactly like a mirror image of Cheong Pyeong. It's filled with Asian pines, like those incredible mystical pines; it's unbelievable. It's filled with that as well. Those pines are very expensive in Korea but it's almost like God planted them there and there's a ton of them there, those red bark pine. So it was just uncanny!

Of course we talked with the Korean and Japanese Church yesterday and they are on board. So we will be moving forward to acquire that spiritual- retreat property for all the world church to gather there and to pray and of course to plant a flag of Khe kingdom of God in Tennessee as well. Again, it

happens to be 40 minutes from Sevierville, Gatlinburg, Dollywood, the knife shop, 40 minutes from Knoxville which is a pretty big city in Tennessee and about an hour and a half or so from the Tail of the Dragon, the most famous biker area.

So again it can be a place of tremendous evangelism as well, so the right couple has to be there; the right people have to be there who are responsible and who know how to manage property and who can help us develop that property; and especially that hill going up the mountain where I need to designate and stake out the different areas in mirror image reflection of the Cheong Pyeong foundation that Father is now building back and reclaiming. We'll literally call it "*the Restored Cheong Pyeong*"; I mean literally, we'll call it "*the Restored Cheong Pyeong*." All of the names Father has already given, so they will be placed there as well, and the spiritual foundation and the growth stage are coming back, folks: it's coming back! Hallelujah! Praise the Lord Almighty!

If you hear what I'm saying folks, hit me up with a #RodofIronKingdom, and # ThankyouFather.

### **Father's *chonsong***

It's exciting and it's amazing! There's a reason why we needed to go to Tennessee; and it's uncanny, but again we are recreating that spiritual foundation! Remember Cheong Pyeong ended up playing a humongous spiritual foundation for True Father in the East, and it became a tremendous political foundation, it became a tremendous religious foundation etc. Unfortunately it did get taken by Satan, so in the end those buildings and that mountain have fallen.

But the spiritual foundation, the spiritual *chonsong* moved with the passing down of the blessing of True Parents which came to the heir and successor, and of course that foundation of True Father's *chonsong* is never lost. His prayer, his *chonsong*, all that spiritual condition he set for the world is never lost, and exists through the Three Kingship. And he's now giving us a place to plant it, and to mirror at least symbolically, the foundation that he built on Cheong Pyeong here in the West; which is where the blessing of the ages has come to be now moved with the fall of the Han mother, and the chasing away of the Three Kingship and Cain and Abel; moved to the West to save America and guard the world.

Our folks in our churches in Asia are excited about this, and of course they understand that, as the vanguards of the Three Kingship and True Father's providence at large, we do have a mission to reclaim Cheong Pyeong, and of course as this happens symbolically here with the Three Kingship and with the unity of the kings and queens of the Kingdom of God, then of course that foundation inevitably will come back.

### **The Restored Cheong Pyeong centered on True Parents**

But the point is: this will be a tremendous microcosmic victory and a microcosmic potency from which tremendous spiritual activity can happen, and the miraculous works and miracles that happen in Cheong Pyeong can be brought back to this place; not in that genre of course.

It will all be centered on Christ; it will all be centered on True Parents, on True Father and of course on the real True Mother who gave her life for True Father, the real perfection -level True Mother Kang Hyun Shil, True Mother who gave her life; who sacrificed and to her dying breath served the Lord and praised him and always knew that she was unworthy. And that is the true nature of the Bride of Christ that is the true exemplar bar none of the Bride of Christ, and the true example for women for the rest of eternity in the Kingdom of God. So, as they erect satanic statues of the Han mother worshipping herself; no, the beautiful image of True Parents with the True Mother, the true, True Mother Kang Hyun Shil will eventually be erected here.

Think about all the collapse: that Satanic Cheong Pyeong will completely collapse, and all the foundation of all the miracles, all the spiritual power and energy that Father poured into that place will be flourishing, and effervescence and living water will be pouring out from the Restored Cheong Pyeong, as we will literally name it. And we will give the exact same names that Father gave to everything. They cannot trademark that; this is all religious public property in terms of the names. They will probably try to sue us and do things like that. But they cannot win in the end because it's not theirs; they are the usurpers, it's not theirs. They were not given that inheritance; they stole it. The inheritor and heir and successor is already designated by True Father. I never chose to be so, but True Father designated that upon my anointing with his own hand, and he designated me as his heir and successor as the Second King.

### **A great harvest**

So, in the growth stage things are moving very fast and of course it is our responsibility as the protectors and defenders of Christ's providence on earth in his footsteps and footprints, to also reclaim Cheong Pyeong, and of course in the end to reclaim Las Vegas' providence where Father was saving the publicans and sinners and the prostitutes and the tax collectors and all the sinners, and bringing a pathway unto God. That is forthcoming.

So things are moving very quickly folks, very, very quickly, and of course as the Scripture says, there is a quickening in the end, and you can see God's providence moving very fast. But it is exciting in the same way, and there will be a great harvest of the fallen, those who have fallen who knew True Father but had fallen away because of the deceit and the deception and the Satanism and the desecration of the Han mother. There will be a tremendous harvest of repentance, a tremendous harvest of returning to Father's authority; a tremendous harvest of fallen people now coming back and becoming blessed couples again- first generation, yes, but nonetheless blessed couples. And of course repenting of their sin and uniting with the Three Kingship, as we are seeing now before our eyes worldwide and it's happening even to a higher degree because of the fall. Now it's becoming even more apparent that the Han mother is a Satanist and is the fallen Eve incarnate and of course has no blessing and has no power in the end.

They thought they could do it by stealing money, but in the end God's providence doesn't move by money; it moves by the Spirit of God, and "*where the Spirit of God dwelleth so too is liberty,*" and where the heart is to serve and to protect as shepherds and good stewards of the Kingdom of God and protectors of the Kingdom of God, there too God's spirit and providence moves, with the lineage that is designated and the heir that is designated through the hand of Christ himself on earth, and all the knights and the cavalry in the vanguards of the Kingdom who gather around to protect it representing Christendom etc. That is where the providence comes from, and that is where we must reclaim True Father's *chonsong*, his blood sweat and tears, pouring out spiritual conditions. All those will be restored through these type of missions and of course will bring great blessing not only to America but to the world. And again we must save America and protect the world.

So in that property we will be erecting beautiful monuments in the future. I'm not saying it has to be the same scale, but at least a structure that will symbolically represent them. Of course we will be flying high the flag of freedom of the Kingdom of God, the flag of America which is the place which God is using to spread liberty to the rest of the world, and of course the Tennessee flag, or even a Trump flag, to represent and show our values. So that the micro and macro can be united, and people can quickly understand- and obviously as they get to know us, they'll know - but that they'll quickly know what our values are standing for; that we stand for freedom and we stand against Communism!

### **If Christendom...**

True Father is the only preacher in the entire world that from the 1940s folks, 80 years now, taught that Communism is Satanism. My goodness! If Christendom accepted True Father as the Returning Lord! Think how blessed Christendom would be right now if they all knew, and all the young people who are Christians and grew up in these Christian churches and Christian camps, they knew that Communism was Satanism, how blessed the world would be! Think about that folks, how blessed, how blessed! This would be an unbelievably different world!

But because they were too arrogant, because they were like John the Baptist and did not want to give up their foundation and their followings, they denied the Lord, the blessing moved away from them, and Father had to go the path of great suffering indemnity, and be called all manner of evil words and slander; being called Satan, being called heretic, when he was the one pouring billions of dollars fighting Communism. No church did that! Anyway, I could go on and on about this for ever.

But the point is: Father's providence is alive and the Three Kingship is the vanguard. I'm protecting it with the kings and queens of Cheon Il Guk who have been anointed by the Three Kingship and have been united as the protectors of Cheon Il Guk and the Three Kingship. So we salute all of you who are the vanguard, who stand with the Three Kingship.

### **A tremendous course**

At the same time please pray for this providence; please support this providence for the reclamation of Cheong Pyeong. We will literally name it the exact names that Father gave. It's going to be tremendously exciting;

There's going to be tremendous spiritual phenomena:

An outpouring of the Holy Ghost,

Centered on Christ,

Centered on God,

Centered on Father,

Centered on God the Father!

Tremendous power will be pouring out from there!

And it will be a tremendous course when our brothers and sisters come from the East and from all around the world, they'll have a beautiful course to ride

\* from **Pennsylvania** and the *Po Yeom Gwan* (True Parents' Memorial) all the way down

\*to **Tennessee**, and see the knife shop and Gatlinburg and all those kinds of external things as well, but also pray at

\*the **Restored Cheong Pyeong**; pray there and connect not only their ancestry back to God etc, but to be able to receive the gifts of the Spirit there. And then move on

\*to **Texas** where they will be able to also commune with nature at **Liberty Rock**; and then in the future to the providence

\*in **Las Vegas** where they can participate in the evangelism of the sinners and the publicans and the prostitutes, and all those who need God, and who are prepared by God to be saved and brought into the Kingdom!

Imagine when we have stories and testimonies that God is already preparing! He already has given me the visions of what we will see in the future. I prophesy right now and we know it's true because Father already prophesied it, that we will have testimonies of actual prostitutes who give their life to God and become queens of the Kingdom of God. Their life is transformed so much that they go from prostitute, through knowing who Jesus is, through knowing who True Father is, and then coming into the Kingdom of God culture and then eventually becoming blessed and becoming a queen! From a prostitute to a queen! Oh my gosh! Thank You Lord! Thank You Father! Thank You Jesus! Thank you Holy Ghost! Praise God!

Because those testimonies are coming as we, the vanguard of God's providence protects the footsteps and the footprints of where True Father invested, and where he established his *chonsong*. As we protect those things, all the foundation comes back, all the blessing comes back. Of course Satan's attack grows and tries to get stronger and stronger. We are the vanguards and the guards at the same time, but all of Father's foundation also comes back with tremendous flood of rushing and power.

So it's a tremendous time; an exciting time, folks! Please pray for us; please pray for one another. Stand with God to save America and guard the world, and reclaim Cheong Pyeong and all the

footsteps of True Father as the Holy Ghost and the providence of God moves with the micro and the macro united; protecting one another, standing forth for one another and defending and building the "*Kingdom on earth as it is in Heaven,*" being the hands and feet of God.
