A- Chung Pyung Retreat Center in Tennessee

Let's just give a quick update about Chung Pyung, Tennessee!

Oh my gosh! Miracles are happening at the Chung Pyung Retreat Center; it's incredible! Of course Greg shared a little bit last time that when we first got there, we needed a Rhino, we needed an ATV. It's a 150 acre-property on a humongous mountain site etc, and we need an ATV to get around. We were praying for it, and the next day the ATV rolls up on a pickup bed. It's a good one; it's a Rhino, exactly what we were looking at. It rolls up on the pickup bed. It's the previous owner; he says, "Oh, I got this, you guys; you want to use it? Okay, go ahead, use it." We're like, "Praise the Lord Almighty! Thank you, thank you Lord!" Boom; that happens!

(Playing some footage)

Of course we're praying, because we're going to do a lot of excavating, clearing the land, etc. This week we were able to clear to these streams, and now the stream is visible from basically half the property; now we can see the stream and the flow. We were down there in torrential rain; flood warnings were everywhere. But it was important to be on the land, because you can see how in different environments, whether rainy or sunny, how the land shifts; how it moves. This was a very good expedition down there this week, because we saw that even in heavy rains the streams stay right where they're supposed to stay, and they don't come over and do crazy stuff. So that's a very important thing.

But again we were praying for an excavator, etc, and then boom the previous owner says, "Well, you know I have an excavator and I'd like you guys to use it; I have mostly only used it for this property anyway." Then he gives us an excavator to work with. So, all these kinds of miracles are happening.

People don't understand this about the Chung Pyung Retreat Center. There is an actual Civil War cemetery there on the property; there's an actual historical Civil War cemetery, where both Union and Confederate soldiers are buried. So, of course God had it all planned.

At the Chung Pyung Retreat Center one of the big things is of course the spiritual healing, the spiritual rejuvenation, all those kinds of things; but also honoring, honoring, the freedom fighters who

liberated our True Father. That's an absolutely essential part of the Chung Pyung Retreat Center, and we had already planned this wherever God would provide to have the Retreat center. This mountain is higher than the Chung Pyung in Korea; it's actually a bigger mountain, and we were able to get to the top access through the adjacent property on the other side of the ridge.

(Showing short video from the entrance to the Retreat Center)

Once we clear the top a little bit, this will be the view from the Chung Pyung Retreat Center. Look at the stunning view from the top of the 2043- foot mountain! Just stunning jaw-dropping landscape! This is the road that leads into it

Again God provided. We had been searching for this Chung Pyung Retreat Center land for many months, looking around here and there and everywhere. There were certain criteria: it had to be on a mountain side, in a mountain range etc; the height, preferably bigger than the one that Father set in Korea. Eventually Father said Chung Pyung Retreats should be all over the world. So we looked at different properties, but they just had raw land and putting in a road to access that land, was going to take a long time. And putting in some basic infrastructure like electricity, drainage systems and water systems takes a long time; it could take a year or a year and a half just to get that.

But God provided, and then on this property this is not only higher than the mountains in South Korea, but also it had this entire built-in infrastructure that the previous owner had put in. He had put in the roads, he had put in the electricity; he had put in water drainage systems etc. So we're already starting with almost two years in, and we're able to develop. He had already cleared this little road there; that will be the beginning of the trail.

Description of the Retreat Center

In the future we're planning to have this road more like a hiking trail. And when you come in, you'll hear about:

- *True Father's life course in the Trail of Tears, especially in his early years, and you'll also hear about
- *Jesus' Trail of Tears, Golgotha. And of course also connected with that, you'll hear about
- *The Freedom Fighters, the people who fought for freedom, because God used them in the Providence to protect the great gifts of liberty, and of course to even free our True Father from the death camp in North Korea.

All those stories are intertwined, and as you walk up this site, we're planning to have different memorial plaques, so people can read the stories as they are moving up through

*the Trail of Tears and

*the Trail of Victory, and then

*the Trail of Ascension; that will be way up to the top, once we get that trail set in and the top cleared a little bit, and then we will have that stunning view at the top.

To the left of this current road here, the previous owner had cleared all this land about 200 yards right along the stream; he had already done the clearing. So we have all this flat ground right near a beautiful stream that pours through there; it's an artesian mineral spring. Unbelievable! And of course we're going to name it *the Spring of Gihon* in honor of Jerusalem where the only spring is the Spring of Gihon and it ends in the Pool of Siloam the pool of healing, that many of the biblical Scriptures show healing in; in the biblical times many people bathed there to be healed of leprosy etc.

Right here in this area, there's already a 200-yard section where people can set up camping. It's more primitive; you know what I mean? There are no bathrooms there yet. We're working fast to get bathrooms built and showers and stuff like that, but we can make makeshift stuff.

But the point is: there are campsites all alongside the river; we have almost like 200 yards that the previous owner had already cleared, and it's flat so it's already good to go. Unbelievable! On the right side here, that's where we're planning to put the first public kind of bathrooms like the one we have at Liberty Rock, Texas; you know standard RV bathrooms, showers that you've been in RV parks, and that's like the camping area.

And to the right side here, we'll cut a road through the property to other beautiful hill sides that are on the other side of the property. But very quickly once we get the bathrooms in, people can come down and camp there right near the river. This week we're going to be expanding the *Pool of Siloam* which is right here next to the road. There's a place where the creek gets beautiful and wide- and clean. There's already fish swimming in there, and we're going to expand the size of that pool; so that will be like the *Pool of Siloam*. People can actually sit in there and bathe in the artesian mineral springs. And we're planning to put plaques around where you can pray for the freedom fighters, their angels in Heaven watching over us etc.

But also you can sing holy songs, praise songs while you're receiving healing. When we're healing or even if we're asking for a miracle, asking for healing, we don't just want to be focusing on our miracle. Amen! We want to be blessing people at the same time, and many times that's the secret sauce so -to-speak. It's very, very, hard for us to not focus on ourselves when we really are praying for a miracle, but many times when you're blessing other people and praying for them, God gives you a miracle. Amen! (*Applause*)

That kind of power is there, so we want people to be praising God. If they're asking for healing, if they're asking for renewal in the body -whatever the case may be -that they be on Chung Pyung property not just praying for their healing or miracle, but praying for others, thanking all the fallen soldiers that had fought and stood to protect them; thanking God for all the miracles He's doing for other people, praying for our combat Vets, praying for the patriots who will stand for the country. And as we do that as a child of God, as we bless other people many times, God starts blessing us. Amen! We start getting blessed. That's what we want to encourage people to do, especially when they come down to pray.

It's interesting because when we're in a lot of pain, it's natural that we want to focus on like, "*God, please heal my knee,*" or whatever the case may be; like on ourself. And I get it; I busted up knees, tore ligaments, all that kind of stuff. Two discs in the neck; I get it folks. And there are times you just want to plead, "*oh Lord, please heal me of this; just let me get out of bed.*"

But the point is: many times when we do that, God will not give it to us at that moment. It's oftentimes when we start transcending the incredible power of that pain, and start trying to bless other people that God starts working to make a miracle, "*Okay, son; okay, daughter. I see; good! You're moving in the right direction. Now let me bless you.*" Amen! So, that's one of the spiritual exercises, that when we are asking for healing, we start blessing other people, praying for other people, and of course thanking those who made the ultimate sacrifice like Christ, to keep the world free, to keep our country free. Amen.

So that's kind of the plans for this bottom section here; we'll expand it out as we go, so people can pray and also walk this trail. Let's go up the trail a little bit. You would walk this trail and there would be plaques on each side of the road that would commemorate the life of Jesus on the Trail of Tears, True Father's Trail of Tears; also the freedom fighters, the patriots especially the fallen heroes, those who laid down their life to protect the world. I mean remember folks, Vietnam, Korea? All these folks, all these 18- 19- 20 year old, they were kids, man! They were giving their lives to free our countries. You understand? They' were kids; they're like the little kids in our martial arts program, that age. That's incredible when you think about it! These young men and service members etc, they were so brave and even though they were young, they had the heart of Christ; they were really trying to actualize that in their lives.

So as you walk down this pathway there would be

***the Trail of Tears.** This is the front area here, and as you walk up here, that will be the Trail of Tears, and when it opens up, now we will enter into

***the Trail of Victory.** So now we'll see the battle against Communism, the ideological wars, all those kinds of things; how Satan tried to invade with Communism, political Satanism, etc, and how God used True Father and True Parents, how He used the patriots, how He used Christ-centered people, to fight against that. That will be the Trail of Victory.

And then all the way up to the top, will be

***the Trail of Ascension.** So that will be focusing on after Father's ascension, and the Three Kingship Providence, Cain and Abel unity, the important role of Christianity, True Mother Kang's victory; all those kinds of things with the Trail of Ascension. That will lead to the top and then we will see the beautiful vista of that stunning lake structure below.

There's so much going on there. This week we're digging out the *Pool of Siloam*; we're expanding that. So I have to run back down there again this week. I'll be a lot on the road but that's what church planning is all about; that's what spreading the Gospel is all about.

The Hillbilly Cabin Café miracle

Also we had a tremendous amount of reaction in the local community; so many people are just so happy that we're there. They're like, *"oh, my gosh! You don't know how relieved we were,"* because they saw a group of Asian people come in, and they were like, *"Oh shoot, New York plates,"* because we borrowed King Jerry's Suburban. A shout out to King Jerry! Thank you brother for letting us borrow your Suburban. (Applause) He has a Suburban, and he has a Cadillac Escalade, and he let us borrow them. So, you imagine these folks in Tennessee, they see a Cadillac Escalade from New York City! Lord, have mercy! They were worried! Oh my Lord!

But, we received nothing but love! When we got out there and when we started talking to them, they just said, *"oh my gosh, oh my gosh! I'm so relieved right now,"* They said, *"We were worried, you might be some of them Democrats, or something like that."* But it's amazing and you know people were just opening up and we had incredible fellowship.

One of the great miracles: we stopped at the Hillbilly Cabin Café. I guess they do breakfast there and some burgers for lunch etc. That's right in Morristown which is pretty close to the Chung Pyung Retreat Center, and it's right near the East Tennessee Gun Club. When y'all are down to Tennessee, you got to hit the Hillbilly Cabin Café okay. Talk to Kat; she's the owner of the Hillbilly Cabin Café.

My goodness we're coming the first day, the very first person we meet- this is just the first day okay, first day. We say, *"Okay, let's go grab a bite to eat."* Everybody gets some eggs, some bacon, sausage, some grits; some biscuits with gravy, etc. Ooh, they got a nice sunrise special at 7.99! But I'm digressing.

So we were talking to the waitress and then Kat who's the owner, she's there – a nice lady.

We're talking to the waitress and she said,

"Where are you guys from?"

-"Oh, we're from Pennsylvania."

"Oh my goodness the owner is from Pennsylvania." So the owner comes over and she's,

"Oh my goodness I'm from Pennsylvania. Where are you from" Pennsylvania's big as you know; it could be Philly, could be Pittsburgh, could be Allegheny county. My goodness! She is from Honesdale, PA!

This is the first lady we meet! And we say,

-"Oh my goodness! Are you kidding me? Here in Tennessee, you are from Honesdale, PA! Are you kidding me?"

We were just in Honesdale doing a freedom rally just a couple of months ago. And we said,

"Oh my goodness, that's incredible; wow, you're from Honesdale, PA. Yeah we're right down there in Newfoundland, blah, blah, blah." And I said

-"In Honesdale my brother has a shooting range." She said,

"Let me show you my wallet! I am a card-carrying member of the Tommy Gun Shooting Range in Honesdale PA!" (Applause)

Oh, Lord, have mercy! How can you explain that? She's the first person we meet!

I got my Black Robe Regiment Shirt with the big AR on there, and we're sitting there with our jaws on the table: The first lady we meet she's from Northeast Pennsylvania. Not only that: she's a card-carrying member; she goes and practices at the Tommy Gun Shooting Range! Lord! You can't make this up; you cannot make this up! And that's the first person we met, so we knew that was a sign. Boom! We still had not signed on the property yet; that was when we first met her. She was praying for us.

God is moving so fast everywhere, but we really feel it down there in Tennessee, and we'll be going down there monitoring the construction teams that are coming in, and help beautify that place. So thank you for all your prayers, folks; thanks for all your support. Chung Pyung Retreat Center is coming. And of course God bless King James over here and Queen Hiromi-san. They're going to be the managers at Tennessee; they are tremendously capable folks.

So okay that is the update for that. Now let's now let's go to the Scripture: Esther Chapter 8.

B- The Book of Esther 8:1-11

Oh my goodness! As you all know we are working on expanding the *Rod of Iron Kingdom* book. We are adding new chapters in the second edition; this is one of the chapters that we are writing about now, and I just want to share this with you because this is an amazing chapter. I have to give you some context because it's quite an incredible episode in God's providential work. This is the great story of Queen Esther. We heard about Queen Esther, "*oh yeah, she did great things and she helped her people with king Xerxes.*" The King James Version called him King Ahasuerus but it's the same as King Xerxes in the Persian Empire. So we know about Queen Esther generally speaking, but let's look at specifically what she does in an incredible miraculous change of events that happens in chapter 8.

Before we do that, let me give you some context: there are some key characters in this book of the Bible. You got **Mordecai** who has raised Esther as an uncle, after her father and mother died; so **Esther** is like a family relative, and she is blessed with tremendous beauty.

The empire here is the Persian Empire, and King Xerxes or **King Ahasuerus** is the king; he's the tyrant that is ruling over this powerful Persian Empire. This other character **Haman**, he's *Agagite* (descendant of Agag, the king of the Amalekites) and he hates the Jews. He's an anti-Semite; he wants to kill the Jews. Through a series of crazy events, he starts getting elevated in politics, this Haman guy who hates the Jews and literally wants to kill them. So he's able to get in cahoots with king Xerxes, who at one of the big banquets gives him the king's signet ring which allows him to make a law and basically put the stamp of the king on it. Basically the king gives him the power to write any law - same as the executive orders of the Left are now.

So, Xerxes has given him the power, and Haman who hates the Jews wants to kill them; basically he wants to genocide them, because at that time basically they're saying, "*The Jews are the domestic*

terrorists! They're taking over; they're taking the wealth and they're making all these businesses." They're the domestic terrorist Trump supporters -even though Trump's not there, I get it - They're the evil domestic terrorist white supremacists! Now you understand what I'm talking about; we're experiencing that right now. Now Haman gets power and he writes a law to basically genocide the Jews, to kill the Jews. They've isolated them as terrorists of the state; they have now targeted them.

Just as Dr. Gregory Stanton wrote in the *10 Stages of Genocide*, they did the polarization; they did the mass media campaigns on the Jews. They did the stigmatization; all those different phases that led up to targeting, isolating, and now using government power to go after them systematically through systematic racism. CRT is talking about systematic racism, but they're the ones who want to do systematic racism; they're the ones claiming that they're going to battle racism with systematic racism! I mean these people are crazy, okay; I mean they're insane!

But the point is: this is similar to what they're encountering in the time of Esther. Now they're going after them and they're starting to slaughter them; they're starting to capture them and shipping them off to concentration camps; getting the Jews, capturing them and genociding them. Why? Because they're doing a service to the Persian Empire! You see they're cleansing those who are problematic, who will destroy the empire, who are subverting the empire. Does it sound familiar? It's kind of familiar right. So they're now targeting the Jews and they're going to kill them. This is the amazing context of the whole situation. So let's go into chapter 8. Now we've got some background to see what's going on.

1 On that day did the king Ahasuerus give the house of Haman the Jews' enemy unto Esther the queen. And Mordecai came before the king; for Esther had told what he was unto her.

The turn of events is now coming. They've now done the genocide program, and Haman has even prepared a huge 50-foot pole on which he's going to impale Mordecai who is the uncle of Esther, because Mordecai doesn't like Haman and won't bow to him. He won't bow to this guy, so Haman now wants to kill Mordecai. That's why you'll see this reference to a 50-foot pole which was meant for Mordecai, but it will turn and God will use it on Haman.

2 And the king took off his ring, which he had taken from Haman,

Now Esther has been able to talk to the king Ahasuerus and explained what Haman the Agagite has done: *"he's genociding my people, he's destroying my family; he's killing and he's launching a racial war against my people."* At this point God had already elevated Queen Esther to the status of the most favored queen, or the most favored wife. So now what did she do?

The king took off his ring, which he had taken from Haman, and gave it unto Mordecai. And Esther set Mordecai over the house of Haman.

So there's a dramatic change of events. Haman was setting out to kill Mordecai on a 50-foot pole, trying to manipulate the King Ahasuerus to help him kill the Jews, but now through Esther explaining and through God using her, he's now able to start changing that whole narrative and to switch it around.

And Esther set Mordecai over the house of Haman.

So now Mordecai is now over Haman, and Haman is in trouble.

3 And Esther spake yet again before the king and fell down at his feet, and besought him with tears to put away the mischief of Haman the Agagite, and his device that he had devised against the Jews.

Just like the Chinese did to the Koreans for five thousand years, and the Mongols and the Manchus! Korean people, we know a little bit about slavery for five thousand years with over one thousand invasions and being slaves for five thousand years! But that's what they do! They come in and rape and pillage and plunder! Are you with me, folks?

And that's what's happening in Afghanistan! The Lefties have a problem with American citizens having an AR and an AK, but you're going to give 83 billion dollars of military equipment to the Taliban actual terrorists! Yeah, okay; that really makes sense, doesn't it? The Taliban is going around right now disarming the Afghan people, saying, "No need for that now because we're in control; we'll keep you safe." It's ridiculous, but that is the situation that we're seeing unfold: people hanging up planes, falling out of planes, so desperate to get out. How desperate you have to be to hang on a plane like that! You know you're going to fall off; you can't hold on a plane. It's just unbelievable. But the point is: that kind of hellish reality is happening to the Jews; they're getting raped, pillaged, and plundered.

Sexual revolution & America's decline

There was a question at the round table: "when did America start declining?" We were talking about that with Kook J-hyung. "When did America start declining in the modern period?" Well, we see it really with Roe v. Wade; Roe v Wade allows now the murdering of children. We become a civilization that is okay with killing our own children who are by definition the most innocent citizens that exist in your country. If you are willing to allow, as a culture, the killing of the most innocent civilians who have committed no crimes - they just exist in a womb and they're coming out - if you are allowing for them to be killed in a mass genocide of 73 plus million children mass genocide; if your culture allows that you're going to hell. You're going to Satan's world; you are becoming a Satanist culture. There's no justice in that!

But how did Roe v. Wade begin? It began like every communist revolution does, and they use what? They use sex, folk; sex! Yes, Mao Zedong when he was doing the Cultural Revolution in China, you know what he did? He state-sponsored nightclubs, night bars etc, that would promote alcoholism, getting drunk and free sex licentiousness. They would use it just as the devil uses sex, as a weapon to

enslave the communist political Satanists, who are being led by Satan; use sex as the lure to enslave the people.

So what happened when you have a generation of people going through the American sexual revolution, "*oh, we're hippie, free love; make love not war*" all this kind of stuff? And people becoming totally licentious, throwing away their actual values, throwing away their family values, their marriage values; throwing away their sense of justice, throwing away their sense of moral right versus wrong! Throwing that away saying that those are vestiges of the medieval period and those are vestiges of patriarchy and those are vestiges of oppression. When they're the things that kept you alive and allowed for your civilization to flourish and to prosper inter-generationally; you're giving them up.

And the communist Leftist Rockefeller Foundation and the Carnegie Foundation, all these big Lefties, pumping billions of dollars into the schools to teach this kind of doctrine: licentiousness, free sex culture. Colleges becoming not places of education, but becoming places of orgies. Literally kids are encouraged to have sexual escapades with everybody; free condoms everywhere. This is what happens when the sexual revolution is used by the state to do what? Bring down the general morality of the population; it's easier then, for that population now to become dependent on what? On the state!

They use the candy, they use the power of sex to lure you, telling you they're supporting you to have fun, and "*it's your parents who are square; it's your parents who are against you.*" Are you with me, folks? "*It's the people with Christian values that are against you! The state is for you, so just play, play, play, play, play, and we'll find ways to give you free money.*"

Uh-huh, big problem because what does that produce? It produces not only sexual revolution, but the breakdown of sexual moral values which are absolutely critical for keeping intact families. Amen! It breaks that down and then what happens? You have a whole generation of children - children- who are unwanted, unwanted children. Because everybody becomes a hedonist, everybody's just seeking pleasure; everybody is seeking to do whatever they want for their own selves. And parenting requires sacrifice! Amen! All the parents here you know about that. It requires sacrifice, it requires effort; it requires investment. Amen!

But our morals are being degraded and we think children are a burden and children are liability and children will cost me \$ 1 million before they're 18 years old; all those ridiculous justifications to hate your kid! Now you think about that: growing up in a home where your parents tacitly hate you and are angry at you for your existence - even though they brought you in. And if that's the case, well you're still more blessed, than the person who has already had their parents split up. Studies show that it's more traumatic for a child to go through a divorce where their parents, the people they love trust, confide in and rely on, are literally creating a war within the home and splitting. It's like literally going through a war in terms of post-traumatic stress, and there are studies done on that.

So our society becomes more and more lax, and Satan uses sex just like he did in Genesis Chapter 3, tempting Eve, *"Live for yourself. Don't worry; eat of that tree of knowledge of good and evil! You won't die, honey, you won't die; you won't die, trust me! Play, eat it! You'll have power; your eyes will be opened, etc."* And it's so weird because you see in Genesis chapter 3 -that we study all the time- what happened after they fall? They realized that they were what? Naked, naked and then they covered their lower parts. Well, why didn't they cover their mouth? They just ate the apple from the tree right? That's the pictures that you see in the Catholic Church or wherever. They ate an apple, okay; well why didn't they cover their mouth? Just like if a child ate a cookie, they're not going to all of a sudden make fig leaves; if they stole a cookie from the cookie jar. No!

But you see this on the microcosm level as well as on the national level: Satan will use the sexual revolution those kinds of ideologies, the free sex culture, to disrupt and destroy God's plan for sexuality, which is marriage: the beauty of marriage, the power of commitment, the power of fidelity, the power of love; all that, and hope for the future, and your children are being birthed and being raised in love and power and inter-generational unity. There is so much power there to stabilize society, to make people live beyond themselves. Not have this whole culture of hedonists, pleasure seekers, all trying to seek pleasure and exploit one another for pleasure! This is a hellish society. Amen!

Genesis Ch 3 in practice

So every communist revolution does that. They infect especially the young people, because sex has such power once your hormones are changing and you're in the teens; it so overrides everything. The Marxists always use that; the Leftist always use that, *'oh we're open with sexuality; we'll teach you and we'll help you be liberated. Your parents with those medieval Christian values, that mythological text that they're always trying to put on top of you, they're oppressing you. You need to be free from their clutches. Trust the psychologists and trust the doctors, the academicians and the professors. We will raise you on their behalf and we will make you into nice Marxist warriors.'* Of course they don't say that last part but that's basically what they're doing.

This is the craziness that we're experiencing, but again this was happening with the Jews targeted, separated, ostracized, isolated, polarized, stigmatized; getting prepped for what? Genocide! That is always the aim. It was always the aim of the socialist revolutions which lead to Communism; always the aim is total control, total power.

Because the devil wanted that power! He tempted Eve; he said, *'Eve, if you come with me baby, I'm going to give you power. You see how when I move, all this light shines from me; I got the bling bling, I got the wings, I got the music that flows from my wings. I'll take you in my Lambo (Lamborghini), I'll take you in my Porsche; we will go for a ride, baby! Let's go! Don't deal with Adam; he's a loser. He's hunting frogs and deer; he's a loser, and he's running around naked. You come with me; we go for a ride!'* You see?

But on the macrocosm level that's what happens to separate and destroy the moral values. That's a big deal, folks, because you see from America moving through the sexual revolution, you got the rise of feminism which puts all women and men under these radical evil matriarchs that want their

destruction. You're not going to be freed under feminism; you're going to be under a crazy lady that wants you to be her slave. If you say anything else, you're in trouble.

But the point is to do what? To build that culture, getting the people to the point where you're losing your moral value, you're losing the sense of right and wrong; you can't decide between up, down, left, right. And now, of course you're not going to stay in marriage, of course you're not going to seek stability, of course you're not going to put time and investment into your children and raise them to be moral and righteous and upright virtuous people; of course you're not going to do that! You're too busy about you; you're too busy about pleasure seeking; you're too busy being about hedonism. Are you with me, folks? That destroys families, destroys marriages; it would destroy society of which that is the bedrock. So sexuality is a huge deal! What a culture believes about that is a massive deal; massive, massive deal!

We see that in Genesis Chapter 3, but we see it in the modern day too, with our country more and more culturally falling, and of course even at the time of Esther where they're saying, "*Oh, these Jews, they are so backwards; these Jews, they're destroying the Persian Empire.*" Same kind of program, you see! The point is to separate the children from the generation of dads and moms who are Jews, so you could control the children, make them part of this satanic Persian Empire.

King Ahasuerus is saying, "*Yeah, I got Esther.*" He may have bad intentions in the beginning but look at what she does. This woman does something amazing. I think God is calling up a generation of Queen Esthers to come up to power. (*Applause*) Absolutely critical! Watch what she does! We're going to see what she does with power.

Queen Esther & the Second Amendment

3 And Esther spake yet again before the king, and fell down at his feet, and besought him with tears to put away the mischief of Haman the Agagite, and his device that he had devised against the Jews.

4 Then the king held out the golden sceptre toward Esther. So Esther arose, and stood before the king,

5 And said, If it please the king, and if I have favour in his sight, and the thing seem right before the king, and I be pleasing in his eyes, let it be written to reverse the letters devised by Haman the son of Hammedatha the Agagite, which he wrote to destroy the Jews which are in all the king's provinces:

6 For how can I endure to see the evil that shall come unto my people? or how can I endure to see the destruction of my kindred?

What do you think is happening to all those Afghani Christians? Now they're getting pillaged and plundered and killed and executed from their homes, and their children are being taken out and raped by the freaking Taliban, folks! You understand what kind of incredible humanitarian crisis is going on right now? That's not a joke!

7 Then the king Ahasuerus said unto Esther the queen and to Mordecai the Jew, Behold, I have given Esther the house of Haman, and him they have hanged upon the gallows, because he laid his hand upon the Jews.

Now look! Remember that big poll that was meant for Mordecai? King Ahasuerus put whom on that pole? He put Haman on that pole. What does that mean? That means in the end there will be justice. See, for all these wicked Satanists who think that they can get away with it, that they can concentrate powers, they can enact their evil ways and oppress people; for all those evil Satanists who think you can get away with it, you think you can be selling out to the in-group, and you think you're going to get far.

No, you are going to be thrown under the bus as in every other communist revolution. You will be killed, your families will be executed, you will be destroyed; you will get justice. Selling out to the Beast doesn't make it get better for you; it only makes you become a useful idiot at a temporary time, but later on you become a threat and when you are a threat you die. That happens in every Nazi communist socialist fascist revolution. The very police officers that help them enact the disarmament are the very ones that later on become a threat to the establishment, because they know they can fight; and then they get targeted for eradication or compliance.

If you study history, you know it doesn't make sense to go along with it; if you go along with it, it's your doom. It's not like the bully will get nicer as you let him bully you. Amen! Anybody who has been bullied you understands what that means, right. No, it requires for him to be stood up to, resisted; then the bully says, "Oh, there are consequences for this; he's too hard. Let me get an easier target," because they're cowards, they're led by Satan.

So now, look! This is incredible! Look at this, folks!

8 Write ye also for the Jews, as it liketh you, in the king's name, and seal it with the king's ring: for the writing which is written in the king's name, and sealed with the king's ring, may no man reverse.

Did you hear that? He just said, "Okay, Queen Esther, you write your own law." Whoa! Let's see what she writes!

9 Then were the king's scribes called at that time in the third month, that is, the month Sivan, on the three and twentieth day thereof; and it was written according to all that Mordecai commanded unto the Jews, and to the lieutenants, and the deputies and rulers of the provinces which are from India unto Ethiopia, a hundred twenty and seven provinces, unto every province according to the writing thereof, and unto every people after their language, and to the Jews according to their writing, and according to their language.

10 And he wrote in the king Ahasuerus' name, and sealed it with the king's ring, and sent letters by posts on horseback, and riders on mules, camels, and young dromedaries:

Look: here we go!

11 Wherein the king granted the Jews which were in every city to gather themselves together, and to stand for their life, to destroy, to slay and to cause to perish, all the power of the people and province that would assault them, both little ones and women, and to take the spoil of them for a prey,

Did you hear that? That King James English is a little confusing, isn't it? **Queen Esther effectively wrote the Second Amendment in Persia!** (Applause) She literally wrote the Second Amendment in Persia, folks! I don't know if you heard that, you Rod of Iron people? She wrote the Second Amendment in Persia!

Notice what she did not do: she did not say, "Okay, I got the power of the king's signet ring; whatever I say becomes law. You know what I'm going to do? I'm going to go kill every one of those Agagites; I'm going to seek revenge. Haman was trying to kill my people; I'm going to kill every one of them!" See, she didn't do that. She didn't do that; she didn't act *blood with blood or an eye for an eye*.

What did she do? She said, "You know what? There is this evil group that is trying to kill us and they've been given legal power to justifiably genocide us, and our people. You know what I'm going to do with the king's power, the signet ring? I will give my people the ability to defend themselves. That's what I will give. (Applause) With the whole power of the Persian Empire where every governor and ruler has to bow down to this rule, I will give them the power to defend themselves."

Oh man! You see some people don't know about the Second Amendment; oh, it's right there. It was in Persia already; it was in Persia. The commie politicians don't want you to learn this, folks. That's why you're in a cult; you should not be learning this kind of stuff; you should not be reading Scripture, especially Esther chapter 8.

She gave them the power to defend themselves, to organize, to assemble, but not to do offense. Notice what she said:

"11 Wherein the king granted the Jews which were in every city- every city- to gather themselves together, What does that mean? Create militia; that's exactly what it means.

To gather themselves together and to stand for their life, stand for each other, protect one another.

To destroy, to slay and to cause to perish, all the power of the people and province that would assault them, See that's the key; you can't just kill everybody!
both little ones and women, and to take the spoil of them for a prey,

Now she could have said, "Hey, I have the power of the King's signet ring; all the people in the provinces have to obey." She could have said, "Jews, you can now go kill all our enemies." Queen Esther could have done that; she had the power of the Persian Empire in her hand, folks. Are you with me?

But she didn't enact vengeance or revenge; she brought justice. She said, "You know what? For anybody who tries to attack my people, they're going to have the power of self-defense. They're going to have the power to gather together, train together, create organizations together. So if bad people are trying to assault them, they will be able to defend themselves." You see what I'm saying, folks?

Now I know you all read the bible 10 million times, but do you remember this part? Queen Esther she's amazing! She's a picture of a True Mother figure isn't she? Ooh! I mean you're talking about a True Mother figure! She is like a picture of a True Mother figure! I mean that's incredible: to give the power to the people to be able to defend themselves!

Queen Esther vs. Fallen Eve

Now, you compare that with Genesis Chapter 3, and what Eve did; think about it: Eve was the queen. From her would literally come the Kingdom; from her would literally come generations of the children of God! What did she do with her freedom? She decided to play and get into the Lambo with Lucifer; that's what she decided to do with her freedom. Are you with me, folks?

So that's a picture of the fallen Eve. Now, just jump to Genesis Chapter 3 in the last verses; what happens to the fallen Eve culture? What does God do? He puts up a barrier between that fallen culture and Eden. How does He do that? With the flaming sword, the first weapon that we see in the Bible; first weapon. And who made that weapon, by the way? It wasn't Lucifer; it wasn't Satan. Guess what? It was God; God made the weapon. So how can God be against the weapon when He made the first weapon? And the Cherubim and the flaming sword are swaying back and forth, for what? To prevent the fallen Eve culture from coming into the Garden, destroying the Garden, destroying the Kingdom which God had prepared for them.

Notice what Esther did with her freedom when she had power! She did a total opposite. She didn't use her freedom to play and enjoy luxury and hedonism with Satan, and sell off her children and the next generations and the descendants and the whole culture. She didn't do that; she didn't sell out like that.

Instead she said, "No, I have all this power; the king has given me his signet ring, and I will defend my people. But I won't do it in an evil way. I'll do it by enhancing their right to defend themselves, I'll do it by having the legal permission, the justified permission - this case of the Persian Empire, which is the law of the land basically -for them to organize, create militias, create organized groups to protect themselves from terror, from those who'll assault them; from Haman who was literally already genociding them. We saw that in the last chapters, folks. Remember, don't forget that piece; remember, he was already genociding them.

And that's why I believe God is raising up a whole generation of Queen Esthers, because in the end look, after this Afghanistan debacle, if they invoke the 25th Amendment and get rid of Biden, guess who becomes president? Kamala Harris. You're talking about her coming after your guns, folks. What did she do in California? Uh-huh? You're talking about her coming after your guns, coming after your freedom....

(Sound off)

You supported the man who has left the Afghans completely vulnerable; now they're getting raped and pillaged and plundered by the Taliban. Meanwhile, you've been so busy talking about Trump supporters as white domestic terrorists and this is and that; you're so busy with CRT and what gender you are. And what has happened? It's crazy; total insanity! But if Biden is kicked out, what happens? Kamala gets in. And then who becomes vice president? Tim can answer this question. They would choose a new vice president; could it be Pelosi? Could it be AOC? One of the "Fabulous Four?" I mean it's a serious, serious problem.

But the point is: God is juxtaposing. What is He juxtaposing? There's now a group of leadership that represents the fallen Eve. They'll sell out their culture, they'll sell their children, they'll sell their families, they will sell out for power, power; power. They will get in the Lambo with the devil. Are you with me, folks? Nothing against Lambos; but you understand the metaphor, the allegory. That group is represented by these "leaders" that are coming up, that seek utter destruction of the moral values, moral framework, of the moral society and culture that we have in America; the value of the nuclear family, the value of husband and wife, the value of fathers being at home, the value of passing on the tradition of armed citizenry. All these kinds of critically important buttresses and walls against political Satanism and the Beast! These people have power; these fallen Eves are now riding on power with Lucifer by their side, seeking to enslave, to bring about literally a socialist revolution here in America.

(Live stream cut)

New generation of Queen Esthers

But another group is coming up that will defend their children, that will defend society, that will defend marriage; that will defend your right to defend yourself, just as Queen Esther did, just as she did. Who knew Queen Esther was a Second Amendment Queen? She was a Rod of Iron Queen, baby! Lord, have mercy! Queen Esther, she's like a figure of a true mother for a nation. She didn't go about vengeance with vengeance; remember her people are being genocided. She went about vengeance by saying, *"Okay, let's be able to protect ourselves. It's your turn; what are you going to do now? We're able to defend ourselves now; what will you do? And all our people will be able to have that right; all our people will be able to defend themselves, all our communities."* She says, *"Every city, every city! What will you do now? Will you enact your totalitarian genocide upon us?"* Isn't that amazing?

Queen Esther! You see parallels of that even with somebody like a Lauren Boebert from Colorado; she walks around with a Glock 19 on her hip; she's a sister who's carrying in DC even when you're not supposed to.

"That is against the will of the Congress."

-"Well, I have my second Amendment rights, honey."

You see? You understand the culture: if the man stands up and says *"that is evil,"* they'll say, *"oh you misogynist etc..."* But they're the ones trying to disarm women. The patriots are the ones that want women to be have access to arms, because many times they are the victims of violent crimes. So how do you equalize that whole picture? Well, you let the sisters be trained to be armed and have that

ability, have that freedom. You let the Eves in the society be trained and be armed, because God's not going to take away free will; He's not going to take away freedom.

So as the Leftist fallen Eves rise, well also God will raise up not only males like President Trump, but He's going to start raising of queens like Queen Esther, who are just as hardcore as Trump, and maybe more, like Lauren Boebert, like Marjorie Taylor Green and these folks. Trump didn't walk around with a Glock 19 on his hip in Congress; she's literally walking around with one! I said, "Man, we got to get that sister to carry an AR pistol on the freaking Congress!"

That would be the news of the world, "Lauren Boebert carries AR-15 pistol in the Congress in a defiant stance to show her support for Second Amendment and self-defense and human rights for the world!"

Stand with God

But the whole world is counting on us, folks. Look at Australia: people crying out, pleading, "Please America don't give up; don't give up!" They're living under totalitarianism right now, folks. You can't move out of a five -kilometer radius from your home and you can only go outside your house two hours a day. And all these Lefties who mocked us and said we were a cult and said we were lunatics, when we were talking about this five or seven years ago, they're not laughing now. They hate the Covid lockdowns too, because they can't get their little Frappuccino from Starbucks. They can't go on a little excursion to save the world with video games and sit in the air-conditioned room in Starbucks drinking a Frappuccino pumpkin spice. Obviously it makes sense now, "I'm against the lockdowns; now I'm against them. I can't have my pumpkin spice Frappuccino from Starbucks in an air-conditioned room while saving the world playing Call of Duty - even though I can't even jump over a three-foot pole". Goodness! Lord, have mercy! But it is this kind of craziness that we're dealing with, folks.

So it's going to require boldness. Micro and macro are always moving together. God is raising up a whole generation of Queen Esthers. And you can see it, because as the times get darker the light shines brighter; as they try to lie and deceive with media and fake news, as they've always done about Father or anybody who is patriot, conservative in general; now they're going after everybody.

But the more they deceive, the more they lie, the more they try to shut down, the more they try to censor, the more they're trying to force and mandate vaccines and mandate this and that experimental thing on you, the more people will say, "Wait a minute! I didn't sign up for this!" Even people on the Left will say, "Wait a minute, I didn't sign up for this; jackboots coming up to make me take this experimental mRNA shot, "which Dr. Stephen Green a top virologist with over 40 publications, a PhD etc, is warning about "don't take this; it's going to kill you in three different ways." Oh Lord, have mercy! It's amazing!

Darkness is getting darker but people are starting to wake up, "wait a minute"; they wake up, not the woke stuff that turns everything to *shmita*. No, awaken in the right way; people realize, "whoa, wait a minute; this is pretty bad! Wait a minute; we didn't think it was going to be that bad!" The more they do, the more they censor, the more they force, the more they cover up for their deception, their lies; the more they produce more and more mischief, then the more people wake up, the more people realize, "Wait

a minute we can't just be the Old and New Testament Church in the status quo. We have to be active; we have to stand up against this. We have to represent God's Kingdom in a more bold and powerful way, because literally our children's and grandchildren's lives are on the line!"

And just like Queen Esther did, how important is the Rod of Iron Kingdom, the Rod of Iron Kingdom, the Kingdom of armed citizenry; the real buttress against tyranny, the real buttress against totalitarianism, the Beast, Satanism, the real buttress; just like the real flaming sword that buttressed and defended Eden!

So we are at a time and a ride of our lives folks! We have to be brave and be bold, and just stand with God.

Let's pray!

Pastor Sean's Prayer

Father God, we thank You for this day. We thank You for the study of Your Word. We thank You for Queen Esther who stood for her people, not by vengeance, not by enacting revenge, but by empowering them; by allowing all the cities and all the states and all the provinces to recognize that now the people of God will be able to exercise their natural rights to defend themselves against acts of violence, against assault; against all those terrible genocidal activities that Haman was doing upon Your people.

Dear God what a tremendous mirror, what a tremendous image, what a tremendous prophecy, what a tremendous vision for Your kingdom of God, that You would then share in Revelation, that You would share through the Scriptures, defining Your Kingdom as the Rod of Iron Kingdom, as Your kings and priests ruling the nations *poimaino*, shepherding the nations with the Rod of Iron, dashing evil to pieces like the potter's vessel.

Dear God, we are on one hand filled with anxiety about the future, filled with trepidation in some parts, but like our brother Theo said, "*We should not be filled with the spirit of fear.*" We should never be dominated by that evil spirit; that spirit is a liar and that spirit is made to divide us, to disfigure us and to separate us from You, because in You there is no fear. You have overcome the grave, you've overcome death! And we stand as victors and conquerors with You.

So dear God, we ask that You would pour out Your Holy Spirit, pour out the fire from Heaven, that we would become alive, and that we would become emboldened, that we would become audacious for the truth and audacious in protecting people, and audacious in defending the innocent! Dear God, You are doing a mighty work throughout this country, because this is the last line; this is it! There is no other line behind America; if this nation falls everyone is coming under Satan's realm!

People throughout the whole world, in South Korea, in China that are oppressed, in Africa, in Australia, Europe, everywhere, feeling the pain of this international global Communism, they are looking towards America. They are looking towards us, and they are praying for us right now, that

we would not give in, that we would not buckle in the face of fear, that we would not buckle to the bully, and we would not bend the knee to the tyrant.

But that we would remain

*strong in Your spirit,

*strong in Your anointing,

*strong standing with You on the battlefield;

*to protect Your Kingdom everlasting,

*to protect the lives of the innocent, the widows, the poor,

*to protect those who are orphans, who have no father;

*to raise up that generation to be great defenders in the image of the Chief Shepherd.

So that they would learn how exciting it is, how heroic it is, how exhilarating it is, to be able to be a protector, a defender of life and one who stands with You on the path towards Providence.

We give You the praise; Lord, we give You the honor. We thank You for Your Word and we thank You for all the patriots that are gathered here and around the country. We pray for President Trump and all those You are using at the macrocosmic level. Unite them with the micro so that Your Kingdom can come, and it surely will.

We give You the praise, the glory; the honor. We pray with all the kings and queens that are gathered here today, with Your Kingship line. We pray in Your precious name. Amen! Amen! Aju!

All right folks, let's all rise! Let's give Him the glory. Amen!
