

Pastor HJ Sean Moon

Reclaim your Throne, America

Oct 3, 2021

All right folks; I'm sorry for the long-winded announcement but again we have a lot of things going on. Let's get to Joshua chapter 6 today verse 6, but we're also going to go to Joshua chapter 7. But let's get to Joshua chapter 6. Everybody knows the story: they're encompassing Jericho and now they're ready to take that city. Let's read through it and let's see what happens here.

Joshua chapter 6: 6-14

6 And Joshua the son of Nun called the priests, and said unto them, Take up the ark of the covenant, and let seven priests bear seven trumpets of rams' horns before the ark of the LORD.

7 And he said unto the people, Pass on, and compass the city, and let him that is armed pass on before the ark of the LORD.

8 And it came to pass, when Joshua had spoken unto the people, that the seven priests bearing the seven trumpets of rams' horns passed on before the LORD, and blew with the trumpets: and the ark of the covenant of the LORD followed them.

9 And the armed men went before the priests that blew with the trumpets, and the rereward came after the ark, the priests going on, and blowing with the trumpets.

10 And Joshua had commanded the people, saying, Ye shall not shout, nor make any noise with your voice, neither shall any word proceed out of your mouth, until the day I bid you shout; then shall ye shout.

11 So the ark of the LORD compassed the city, going about it once: and they came into the camp, and lodged in the camp.

12 And Joshua rose early in the morning, and the priests took up the ark of the LORD.

13 And seven priests bearing seven trumpets of rams' horns before the ark of the LORD went on continually, and blew with the trumpets: and the armed men went before them; but the rereward came after the ark of the LORD, the priests going on, and blowing with the trumpets.

14 And the second day they compassed the city once, and returned into the camp: so they did six days

Just in a couple of sentences we see them encompassing that city for six days. Now, think how slow that was, folks; in real life, you know how long that's going to take? It's going to take all day marching, "Stay quiet,"

"Okay. How long are we going to be marching man?"

I'm not even marching one minute yet okay.

"You got to keep going"

"All right, okay let's go! All right he said, 'be quiet'. I'll stay quiet."

I maybe walked around 30 seconds or so. Imagine them marching all day long!

Now Jericho it's a fortress. They've got all the weapons, they've got the archers, they got the arrows, they've got spears and they've got cauldrons of water; they've got all the enemies' weapons and they're sitting right up there. They have to walk around this thing quietly, and they're not doing the quietness for stealth, because there's a huge band of them; everybody sees them. And they just have to walk around this city which God has promised to them.

D.C. Jericho Walk

I don't know if you remember, folks, but when the election was going on, we were in D.C. and everybody's walking around the Supreme Court, and then remember? People were doing like circumambulations; they were doing Jericho walks all over the place. Remember, we were in some of those Jericho walks. All of a sudden someone came up and said, "Hey, the pastor, he can pray for the Jericho walk!" I said, "Okay!" They just pulled me over there, "Pray, Pastor!" I said, "Okay, let's pray for the Jericho walk!" Let's just have the Spirit move! And we're just walking around the Supreme Court building. Remember the folks who were walking around the Supreme Court building? There were thousands of people just walking around the Supreme Court building. Everybody's praying and everybody's telling the Supreme Court, "Do the right thing!" Remember?

The Supreme Court

Trump had put in all these Supreme Court justices, "they're all going to help Trump; they're all going to help him." Right, "I mean he put them in." We saw it with our own eyes and the Democrats went crazy saying, "Don't put him in! If you put that in, he's a rapist!" Remember Kavanaugh? "He's a rapist! We allege it so it's true!" from a known liar. Remember this and this entire debacle? Anyway all this

craziness is going on, and Trump gets those Supreme Court judges in. He comes out," *they have a long history of standing up for liberty and the Constitution et cetera.*" So everybody's like, *"okay President Trump has got this. He's vetted these people. They're going to cover his back when he's in a rut and when he's in trouble."*

Remember this? Not all things have been said. We've seen what happened; but remember, at the time it was like, *"oh no, it's going to happen! They're going to come out and they're going to hear the case, and they're going to find that Biden has cheated, and they're going to find that Pennsylvania and Wisconsin, Arizona and all these states have cheated and there's tremendous voter fraud. We're going to figure all that out!"* Remember this? And there we are: everybody's from all over the country, black, white, Asian, it doesn't matter. Everybody's marching around, praising God and yelling *"freedom"* and just standing in solidarity.

And remember what happens? We just watched this nightmare unfolding before our eyes, and the Supreme Court does nothing, *"No, we won't even hear the cases."* What??? The President of the United States doesn't even have standing! Who has standing, then? He's the incumbent President of the United States! What do you mean he doesn't have standing? Who has standing?

That state was trying to put up,
"We have this evidence."

- *"We won't hear it!"* Boy! You remember folks, how much of a devastating blow that was to our faith in the justice system? At least we had a hanging- on remnant kind of faith about the justice system, that maybe in an alternative universe or something like that it had just a smidgen of honesty left in it, okay; just a smidgen, just a smidgen!

They plucked that right out too, didn't they? Boy, oh boy! Election fraud to a massive degree, unbelievable vertical leaps in statistical leaps; unprecedented! Statistically it cannot be explained. Remember the crazy jumps in statistics that happened overnight? *"Oh but that doesn't matter. That's not real. That's your entire delusional concept, your delusional constructs, you Trump-supporting white supremacists, domestic terrorists!"*

Even though you're not white, they call you that. You call a north Korean-American freaking... I mean anyway, it's just so ridiculous in lunacy. We got black folks, we got Asian folks; we got Vietnamese folks and white folks. Everybody's standing there, walking in solitary. We just don't want to see this country being killed. Because whoever was standing there, somehow God had got our families here from somewhere, and here was much better than there. Amen! Like, way better!

It's like Pitbull, one of the rap stars that the young people like, and he's actually coming out saying, *"If you hate America get out of here; go back!"* He came from Cuba. He got freed from communist Cuba, so even though he's in Hollywood and all that kind of stuff, he still doesn't like Hollywood. He's standing in these big concerts with thousands of people there. He's using some f-you language but he said, *"You go to Cuba if you hate this country so much!"*

Even Joe Rogan, who's flip-flopping all over the place! Remember, he is trying to promote DMT so our kids would be smoking weed and doing DMT, doing drugs. Now Joe Rogan has realized, *"oh my goodness! It's getting so bad; I'd better stand up for this a little bit with my platform."* I mean he's only got the biggest podcast platform in America. So even Joe Rogan is now coming out saying, *"Guys, this is bad! The vaccine passports; this is bad! You got to show your papers to go into a restaurant? Are you kidding me? What country are we living in? What century are we living in?"*

You got to show your medical papers to the authority to go into a restaurant. *"This is for your health,"* they say. But you need a health passport to go into McDonald's. There's an irony there, isn't there? For your "health food", your health passport to McDonald's! There's a little irony right there.

State police model

I mean it's kind of crazy, folks, but this is not Australia. In Australia, people are being SWAT teamed on the street, on the beach. If you're not wearing a mask, you can get beat up by ten Nazi cops; they're behaving like Nazi police, folks.

That's the problem with the state police model. It's a European model; it's not an American model. The sheriff's model is the American model, folks. Our Founding Fathers were European in descent, and they dealt with the European model; that's what they were dealing with! They didn't want the centralized state police model which was the British model. They didn't want that! That was the model that was forcing all the people to do worship in the approved manner of the Anglican Church. Are you with me, folks?

So, they didn't like the state police model where you can't fire the chief, where the chief is appointed by some commissioner or some politician, by some governor or some mayor. This is happening in Australia now, now, now folks; now!

(Showing videos) These are videos from last week. This is Australia. You're talking about cousins to this country, like Canada. I think Americans see Canada and Australia as kind of like cousin countries, similar to us, *"Oh, it could never happen there! It can never be Commie land there. No, we appreciate freedom too much; we won't let that happen in Australia or we won't let that happen in Britain."*

Folks, this is last week, and this is not one isolated case; there are DOZENS of clips. Women are screaming in terror as they're being dragged down and being thrown on the cement, being arrested for not wearing a mask in the open air folks, on the beach. Hello! In the open air on a beach! They got you so conditioned; they got so brainwashed. People in their own car are wearing a mask, in their own car! You think about the level of psychological programming and brainwashing!

They call us a cult; they call us brainwashers. Look at what they're doing to people, folks! I mean it's incredible. I saw a guy on a motorcycle wearing a mask, with no helmet. Are you seriously concerned about your safety? You have no helmet on you, but you got a dang- one -dollar face diaper on. Are you telling me you're concerned about your health or your safety? Come on! Folks, that's crazy as crazy town; it is crazy.

Medical tyranny

But you see the depth at which they have succeeded over half the population in America. Remember this is, *"Don't Tread on We, Founding Fathers, Second Amendment"* America. Over 50% have received this crazy vaccine that they call a vaccine, even though the founder of the mRNA vaccine says, *"Don't take it!"* Dr. Robert Malone, he tells you *"don't take it; it's going to do devastating things to your immune system; the spike in myocarditis, the swelling of the heart."* And now they have it on labels: *"side effects: the swelling of the heart; myocarditis"* Whoopsie Daisy!

Project Veritas with HHS Health and Human Services "doctors" were caught on undercover camera, admitting that people are coming with myocarditis- admitting- but they won't report it. That is known as a federal crime, folks; a federal crime! And they're caught on film so they can't lie about it. The extent of the corporate control over the medical tyranny; the medical systems, et cetera!

How do you think folks, they got one Nazi soldier with one gun controlling one thousand, two thousand Jews during the Nazi concentration camps 80 years ago? That all happened 80 years ago, folks; it's not too long ago.

We think the vaccine passports are new; these are not new, folks. In 1930s, 1940s, 1950s, you had papers. People say, *"Oh, the vaccine passport is the Mark of the Beast."* Many countries have been under the Mark of the Beast for quite a while now; you've had to show your medical papers. In North Korea you have to show them or you can't go to the next town. If we're in Greeley and we want to go to Honesdale, you need to get permission and you need to get a certificate to go to Honesdale. That's how crazy it is! You have to show your medical papers.

But that's what? Over 100 years that some people are living like that. China has been like that for how many decades now? So don't tell me the Mark of the Beast is here; the Mark of the Beast has been here a long time, folks. Maybe you just have not had it here! But it's been here; it's been here a long time. You can't buy or sell; you can't engage in commerce, you can't go into a restaurant. In South Korea right now you cannot go into a restaurant with more than two people; that means you cannot take your child out to dinner. That's in South Korea! A supposedly free country! South Korea folks, SOUTH, not North; South Korea! Right now our Korean Church lives under this lunacy. You can't go to a restaurant with more than two people; which means you all can go on a date with your spouse but what if you got five kids? What if you want to take them out for pizza? Huh? You can't do that; it's against the law. You'll be arrested. If you're not wearing a mask around, if outside of your home you're not wearing a mask: 1,500 dollar- fine!

Hello! This is happening right now folks; right now, right now, right now. It's not going away; it's coming here, and you see it. Remember when they promised you one week, then they promised you, *"it's going to help turn the curb in two weeks,"* Then they promised to turn the curve in one month, and just two months, *"just help us, help us. Stop being selfish; help us!"* Remember this? Then it was for three months, then it was four months, five months, six months; seven, eight, ten, eleven, twelve, thirteen, fourteen, fifteen. It's not going to end, folks!

Implementing international Communism and political Satanism

They've pulled the trigger. They decided they're going to implement international Communism and political Satanism into the world.

--- There as we speak, they're **collapsing the dollar**. We are on a massive inflation bubble. Borrowing is out of the chart crazy. Biden is on a 5 -trillion- dollar spending spree. Five trillion dollars, folks! How do you think that's going to turn out? You're talking about the fact that the biggest economic bubble in human HISTORY is going to come and hit us. What do you think: when things like that happen folks, what happens to your currency? All that money you had in cash, all the money you had in a bank account? Poof! It's worth nothing now; zero! You're going to be burning it for warmth; it's not going to be worth anything.

--- They got the **debacle in Afghanistan** now; handing over a direct land route to China into the Middle East, setting up their infrastructure, setting up all their cell towers, all their spy systems.

--- And now what are they doing with the **Saudis**? Yoking them! Saying, "*You come. Come join us! You know those Americans? Leave them; come to China!*"

--- What do you think happens when the **petrodollar** switches and now they **trade in yuan**? What's going to happen to our dollar currency, folks? This is not a joke. Again, I'm not trying to scare people. Folks, this has happened in countries across the globe.

---You're talking about MASSIVE, **massive inflation**; massive, **massive debt** bubble that we're sitting on. When that pops, you're talking about massive unemployment. I think last week alone 362 000 people registered for unemployment; in the last week! Every week 300 plus thousand people are registering for unemployment. Folks, that's a direct proof, that's evidence that all the businesses are shutting down in America too. It's not just South Korea; it's not just Japan. They're killing the ENTIRE economic system, folks!

Because when people have to be begging for food and water and begging for necessities, well you can make them do whatever you want. They control you easy if you don't have any supplies, if you can't do anything. What do you think they do in Venezuela? Women on the streets are selling their bodies, having sex with strangers for a gallon of milk! That's how desperate they are, folks; hunting vermin and rats and dogs, for food.

This is reality. This is not a fantasy land; this is reality. And it's so frustrating, because you tell people the reality... I mean how many years we've been preaching this? Seven plus years, but people think you're crazy; they think you're crazy.

But I've been to North Korea. I've seen the North Korean elementary schools with the paintings of the U.S. troops being slaughtered and murdered and then celebrating this to little school children. I've seen those schools! Father was asked for his medical papers wherever he went. He was in the

concentration camp because he was preaching religious liberty. So when people from these communist hellholes tell you about it and you call them crazy; okay, all right. You know it's a little frustrating, it's a little frustrating, and I'm not upset or anything. But the point is: it's here folks; it's here. It's here; it's not a joke!

Let's go back to our scripture:

We're still walking? (Yes) Okay, we're still walking; we're still walking.

Now let's go to where the walls come down

Joshua 6: 15-20

15 And it came to pass on the seventh day, that they rose early about the dawning of the day, and compassed the city after the same manner seven times: only on that day they compassed the city seven times.

16 And it came to pass at the seventh time, when the priests blew with the trumpets, Joshua said unto the people, Shout; for the LORD hath given you the city.

17 And the city shall be accursed, even it, and all that are therein, to the LORD: only Rahab the harlot shall live, she and all that are with her in the house, because she hid the messengers that we sent.

18 And ye, in any wise keep yourselves from the accursed thing, lest ye make yourselves accursed, when ye take of the accursed thing, and make the camp of Israel a curse, and trouble it.

So the walls come, tumbling down.

Let's go to **verse 19**.

19 But all the silver, and gold, and vessels of brass and iron, are consecrated unto the LORD: they shall come into the treasury of the LORD.

20 So the people shouted when the priests blew with the trumpets: and it came to pass,

Joshua 7:1

Let's jump to chapter 7.

Now they have Jericho; they've conquered the massive city. They've had a tremendous victory, folks!

What a tremendous victory! They've now conquered the massive city.

What happens in the very next chapter? Oh my goodness! Let's take a look!

1 But the children of Israel committed a trespass in the accursed thing: for Achan, the son of Carmi, the son of Zabdi, the son of Zerah, of the tribe of Judah, took of the accursed thing: and the anger of the Lord was kindled against the children of Israel.

Now, what was the cursed thing? God just told them in the last chapters, "When you take Jericho you'd better not steal anything. Don't steal anything! Don't touch the grain, don't touch the heifers, don't touch the

goats don't touch it! None of it is yours. I'm giving it to you. I'm giving the city to you to be a blessing unto you, but don't take the bounty of the conquered peoples."

Now, the gold and silver, that was consecrated to the Lord but any of the soldiers were instructed and commanded, *"Do not take anything; don't steal."*

"Don't rape, pillage or plunder!"

This is not a conquering program to loot, pillage, plunder and rape; which is the normalcy of historic warfare. It's the incentives that historical war gave troops, right, *"well, when we conquer these people, you'll be able to rape, pillage and plunder."* God said, *"No, you can't do that! You're not going in there to rape, pillage and plunder. You're going there to inhabit a place which I've set apart for you. That's it."* A place where you can then worship God. You can't go in there and loot. You can't go there and steal. And here in chapter 7, you see this guy Achan, he steals; he takes it. He becomes a grave robber.

There's archaeological evidence of Jericho with a layer of fires in the geological structure of their soil, which show an entire layer of fire that's been built where the city was burned down. And within that fire, they found full bushels of grain, vases filled with grain which is unheard of. In warfare you would take all the grain; you would steal, and plunder the whole place. So the Israelites when they did take Jericho they didn't rob it. They tried their utmost to not be part of the theft and looting; to not be mercenaries basically fighting for profit.

We talked about this: it's very important when engaged in a battle, to be fighting for the right cause and to have a **noble aim**. God doesn't just allow warfare to happen because somebody feels like it. There has to be a morality and there has to be a reason why you are standing up in defense of the civilization. It can't just be to loot, rape and plunder.

Unfortunately in many of the armies of the Islamic history sex slavery is legal; taking child brides is legal. So then it becomes incentives to the jihadis: not only the 72 virgins in "heaven" - which is really their hell, and also there are not going to be 72 virgins - but also the physical. They want to rape the children too, get after the kids. That's why in the U.K. with all these migrant tribes coming in; you've got all these pedophile gangs that are from the migrant communities coming in from the Middle Eastern world. Why? Because you can marry children; you can "marry" children. No, no! Marriage is supposed to be consensual. You see marriage is supposed to be understanding that this is a union before God. You can't be a five-year-old knowing how to get married. Are you with me, folks?

So, most types of warfare historically are about that: it's money, it's power, it's women. That's what it's about. Why? Because women have the eggs; if you have the eggs, you have the future of civilization. So a conquering force comes in, what do they want? They want the plunder, they want the loot, they want the assets, and they want the eggs of civilization. Why? For their project to expand! So again it is like a gene war; warfare is historically speaking based in and given incentives to engage in warfare for those purposes.

But God said, “No, I'm not going to give you that. Your incentive is righteousness; that's all you get. You're going to go fight these Canaanites because they're killing children, they're sex trafficking, they're doing temple prostitution,” which means they're selling children to be raped at six years of age. There is documented proof in different ancient cultures. We show that whole dichotomy in the new video that we produced “GOOD sex vs. BAD sex”; good sex under marriage and bad satanic sex. The study of ancient histories and ancient cultures show you very clearly that there is archaeological evidence, for example, of a father selling his daughter into a Babylonian sex prostitute cult at eight years of age. There's a record of that receipt. So this is not some type of thing that Christian pastors are trying to scare people about. No, this is actually historical documented proof.

There are layers of dead children's bones piled up at many of these Baal worship sites, where they would burn children; that is, they would perform the killing of babies- which is what? A by-product of a free sex, lascivious sex culture. When people become loose with their values unwanted pregnancies happen, and when unwanted pregnancies happen, unwanted children are made, and then the big business of killing them comes into play.

God said, “You're going to eradicate them because now the hammer of the judgment is going to fall upon them, and I'm going to use you Israelites. Israel, I'm going to use you to smash that evil culture. You're going to get rid of it. It's immoral and it's licentious; it's wicked and it needs to be wiped out of the face of the earth .They've crossed every line that has to be crossed and I'm making you the hammer.” Israel is to go in and eradicate them, uproot every remnant of that culture and establish God's holy Law, God's holy Word.

But again you see it right here in chapter 7. What happens? They go in and they get tempted; oh, they're tempted, “Hey, there's a lot of loot here! Hey, there are a lot of assets here, man! Hey they won't figure it out! They won't see that, they won't see that.” And what happens when that happens?

Joshua 7: 1-5

1 But the children of Israel committed a trespass in the accursed thing: for Achan, the son of Carmi, the son of Zabdi, the son of Zerah, of the tribe of Judah, took of the accursed thing: and the anger of the LORD was kindled against the children of Israel.

2 And Joshua sent men from Jericho to Ai, which is beside Bethaven, on the east of Bethel, and spake unto them, saying, Go up and view the country. And the men went up and viewed Ai.

3 And they returned to Joshua, and said unto him, Let not all the people go up; but let about two or three thousand men go up and smite Ai; and make not all the people to labour thither; for they are but few.

4 So there went up thither of the people about three thousand men: and they fled before the men of Ai.

What?? They just took Jericho the main apparatus of this satanic Canaanite world of killing children, infanticide, etc; they just conquered the main city. And now they see a little town Ai, “that's tiny; we can take that; that's easy. Just send three thousand guys in there and take it!”

Now those three thousand soldiers go down there, and what happens? They get into Ai and they flee. What the heck is going on?

5 And the men of Ai smote of them about thirty and six men: for they chased them from before the gate even unto Shebarim, and smote them in the going down: wherefore the hearts of the people melted, and became as water.

Whoa! What the heck just happened? They just won a massive victory; they just got Jericho. Remember when Joshua and Caleb had to scout out Jericho and give the report and come back and the other spies said, "No!" But they said, "Yes! We can do it; in the land of giants we will be able to conquer them with God's strength?" Remember? Remember this? They took Jericho and now they're doing the same thing: they sent all the spies, they go see Ai. They give report, "Oh, it's going to be easy pickings. Three thousand guys; send them out and we'll take it easy." They go; they lose. 36 of them are killed. They flee. They get paralyzed with fear. Their hearts melt. Wow, wow, folks; wow!

Whoa! Is that not a time like now, folks? Oh my goodness!

You see, America had a big victory with Trump. Trump got in and it's like we took the whole country back. God gave us Jericho. My gosh! He gave us a huge victory. Remember, they were having a meltdown; literally? The left was screaming, hollering, shouting; having wolf packs shouting sessions on college campuses. Do you remember this? They were called 'howling sessions for psychological health'. You remember this, folks? I'm not like in a twilight zone.

This actually happened; literally a couple of years ago. We had a massive victory, massive victory. All we had to do was just shout; all we had to do was just show up at these events and just go, "Trump! USA!" That's all we had to do. It's like Jericho: they just had to show up, stay quiet for a couple of days and on the day they were told to shout: "Shout!" Boom, the whole city came down. A miraculous, miraculous event happened; a miraculous event happened and they were able to take the city, the center of Canaan. Whoo! Wow!

Father about the Satanic UN

Just a few years ago, you remember how this satanic international communist plan was rolling out under the Clintons and under the Obamas etc.? They were trying to bring this system in; they were trying to bring this international Communism implemented worldwide. Remember when Father was talking about a world government, talking about the UN as a satanic UN? He called it 'the Cain UN'- the Cain that killed Abel, the bad. He called it 'Cain UN, Satan's UN'. He even gave speeches there to try to shake it from inside. You remember this?

He goes into the UN- we rented a room - and he's out there preaching about killing the babies and getting the gay agenda; in the UN! They're thinking, "Boy, this Rev Moon is a wicked, wicked, wicked thing!"

Remember, he was naming the UN as a satanic organization? He said there had to be an Abel- type UN that was able to make an offering accepted by God- in the Cain and Abel story, juxtaposed to one another; that the Abel UN had to make the way. What was that? That was the world of free countries that would not allow communist countries to come into that UN. If you're a Commie country, if you're a totalitarian regime, you're not allowed in this UN. It is a coalition of free countries that make a blood bond, a joint bond together; a promise that we're going to protect each other's countries from enemies foreign and domestic. Amen!

So they were trying to implement this plan decades before, many years ago; they were talking about this. The Bilderberg group, the Davos Group, they were writing that in their papers, in the reports that they gave to one another, in the different peer-review magazines etc that they circled to one another; they talked about it openly, *"Oh, we need a worldwide health crisis for people to finally get on board with world governance. We need a world- level catastrophe for people to help establish a worldwide government."* Unfortunately a worldwide government will be communistic. They'll have totalitarian and authoritarian control over everything in your life, including what you wear, where you go, what you can do, what you can say, what you can think. Oh, whoops, that kind of sounds like right now, doesn't it?

This kind of crazy stuff! But they were trying to bring that in since the Obamas, since the Clintons. They were already working with international funders: the Rothschild, Soros organizations etc, to bring in this international system. But if you even talked about it, you would be called a conspiracy theorist; you'd be called a crazy nut, a Looney Tune. Nobody wanted to believe it; nobody wanted to see there was writing on the wall. They were actually developing their plan.

Even MSNBC and the Washington Post reported on the top elites gathering to discuss topics like climate change and depopulation. This was 10 years ago, but yet if you say, *"Hey, wait a minute! That may be a little troubling. Isn't that a little strange that the Superclass of this world are breaking their own laws?"* These are prime ministers, these are elected officials for nations, and legally they're not allowed to meet in private and have private conversations with other people without it being on camera, because they're elected officials. But they were breaking those codes, breaking those laws, meeting in private, having these elite super clubs that are all satanically -based, that are in the end the key serpent's heads of the worldwide network of pedophilia and sex trafficking.

Oh, isn't that weird how it just spikes and skyrockets under Biden? How we're being invaded with sex traffickers through the southern border, pouring in, bringing children to feed their apparatuses, and blackmail their counterparts.

Father was talking about this for 40 -50 years. That's why the Washington Times was called the nut head. *"The Washington Times is a conspiracy far right extremist paper, blah, blah, blah."* Give me a break! But this type of demonic system was attempted to be brought in

President Trump

Then Trump came on the scene, and an incredible miracle happened. And it's not like Trump is a messiah or anything like that. No, but God used him in a tremendous miraculous gift to America. I'm not saying he's perfect or anything; he's got his own flaws like everybody else, but it was a miracle. It was like we regained the capture of Jericho.

What if he had been able to stay in eight years? That's why everyone was begging him, especially our community. We were begging him, trying to get him all the evidence through his sons and all the people, *"Trump must not leave office under any circumstance. He must understand the exact threat of Communism, political Satanism. If you relinquish the White House, you will never get it back."* Remember this, folks? We were praying 24/7 for him to stand strong and not give up the White House.

Because we're under martial law now in certain cities around the country; this is martial law, folks. If you can't go into restaurants, if you have curfews, if you have to show health papers to get into this or that place, if you have to buy groceries for your children and you got to show your health papers, you're UNDER MARTIAL LAW! Hello, folks! If they're calling the military because they're firing health workers who don't want to get the vaccine because they're scientifically concerned about it and they're getting fired and you bring in the military National Guard to be put in their place? What do you think that is? Of course they're not calling it martial law, but IT IS! Are you with me, folks?

So we knew they were going to do it anyways; we knew. See, there's one thing about the leftists: they keep their promises. They're actually loyal to one another.

Remember the 1/6 Event? All the patriots go in there, singing songs, *"God bless America"*; have a beautiful rally, a million people, an ocean of people there singing with President Trump around the Congress, the PEOPLE'S BUILDING. And then the FBI of course try to set up false flags, and try to blow stuff up and try to lure people into the Capitol.

But anyway, the point is: people were exercising their right to petition the grievances, *"you just stole the freaking country from us, literally, by cheating! So we can gather and shout about it a little bit. It's not a big deal!"* I mean it's crazy.

Patriots thrown under the bus

But did you see how fast other conservatives threw those 1/6 patriots under the bus? As soon as Pelosi and Schumer came out, *"this was an attack on the temple of democracy,"* everybody was, *"if you went to the 1/6 Event I don't know you, I don't know you!"* Dude what's up? What the heck is wrong with you? What the heck? At least the lefties are loyal to one another; they try to protect one another. This is ridiculous! You're throwing people under the bus that are on your team because they stood up and they were expressing the constitutionally protected addressing of their grievances!

What do you think happened at the Boston Tea Party? *"Well, those folks are so radical. What are you doing throwing the tea into the ocean? Are you crazy? You're going to get Mommy quite irate about this."* What do

you think their family members were telling them? Of course they were saying, *"You nut head, what are you doing being part of the Boston Tea Party, throwing tea into the port? You're going to get us killed!"* Of course they were doing that folks. But when history looks back!

Even George Washington was against it at the time of the Boston Tea Party, but after the Revolutionary War he said the Boston Tea Party WAS the beginning of America. That's George Washington! He admitted it! At the time, he was playing politics and he said, *"Oh, I distance myself from all the Boston Tea Partiers,"* but he had to eventually admit that it was the beginning.

Why didn't America have that courage on 1/6? Okay, there were a couple of FBI agents trying to lure people in and stuff like that; which all the videos are now exposing. It was the CIA and Deep State; they were the ones that were planning. Nobody else was planning. Everybody was judging it as a patriotic event to redress our grievances, *"You all stole the election; you all are not decertifying, so you're not doing your jobs."* So we're here protesting, waving flags, singing *"God bless America."* And we're the ones who are the terrorists because we did that, right? Give me a break, folks! That's not how you stand up for your own. The Left is unified, they stand together; they'd go bat for one another.

The Boston Tea Party

But it's unbelievable. The Boston Tea Party happened, and a couple of years later: Lexington and Concord! The Boston Tea Party, it was condemned by George Washington. Our favorite president, one of our Founders, obviously one of the heroes of America condemned it at the time. Later on he said it was the beginning of America. Now, the Boston Tea Party, maybe not under CRT but before that, was seen as a patriotic exercise of freedom. Is that not true? But at the time, folks, it was not. It was widely condemned by everybody who didn't want to stir things up, *"oh dear, oh dear, oh my, oh! They did what, Anna? They threw the tea in the water? Are you kidding? Was our Bobby involved in that? My word, he's in the front newspaper throwing the Lipton tea in the water. My God! What has this world come to, dear?"*

You understand, at the time it was crazy; people would say, *"You're nuts; you crazy lunatics, what are you doing, you radicals? You're trying to get us all killed. You little Loonies, you're trying to get everybody killed. Are you crazy? What are you doing throwing tea in the water? You know the British army, they just conquered this and that country; they have the most powerful navy. They're going to send their navy and kill us all. What are you doing, you crazy lunatics?"* That's what they were facing.

The next two years was the time of gestation, from the Boston Tea Party to the actual beginning, the eruption of the Revolutionary Period. It was a window of a little more than two years, where offense after offense after offense after offense, after grievance after grievance after grievance after grievance, and no, no address of these things. Not even hearing of the pains of the people; not even listening!

There came a time where the righteous people had to say, *"Okay, that's it! We're not going to let you come,"* because of course they started going after ammo with the ammo taxes; they started to pull out black powder, because your musket is not so good if you have no power or no ammo.

What do you think they're doing? They've just banned Russian ammo, folks. Russian Tulammo is big; they have a lot of supply coming all over the country. They are starting to ban ammo; they started going after the Second Amendment nationwide with all these crazy draconian laws coming.

Again, it's not to get you scared or anything; I'm just trying to get you to understand the historical context here. The Boston Tea Party happened, widely condemned by their own Republican Party or at the time the conservatives, and it ended up becoming the beginning of the resistance movement or the Revolutionary Period. It galvanized everybody, pulled everybody together, even amidst widespread condemnation, and the patriots would resist further, especially when the British started coming.

After Trump relinquished the White House

You see? So what's the point of all this, folks? Look at this: it's interesting. Jericho happens, big miracle; they capture the whole country. Now, they have to exercise their responsibility and take this small little thing, small Ai country after they have Jericho. But the people got scared. They wanted God to do another miracle; they didn't want to assume the responsibility to go and take the place that God commanded them to take. They said, *"Well, God, You gave us this big miracle of Jericho; we've got the whole country. Now do it again! You magic genie in the Aladdin's lamp, go do it again! You can be my doggie on a leash and You just obey my commands. God, go do it again! Go ahead. Good boy, good boy!"* And God said, *"Whoo, I'm angry with you."* Are you with me, folks?

Remember this was a big thing: Trump relinquished the White House, and gave it over the communists. They're full-blown communists by the way, folks. If you haven't realized it by now you've been sleeping under a rock the last nine months. These people are full-blown American communists that are in power right now, that control all major power centers of government. They're already purging our military.

Lieutenant Colonel Scheller: oh my gosh! He was the only lieutenant colonel who had the cojones to say, *"For this Afghanistan debacle I demand somebody to say sorry."* That's all he said, that's all he said. Now the guy's in prison; he's in military prison right now, because he made a video that said, *"As a lieutenant colonel I served 17 years honorably in the Marine Corps."* And literally, he just said- *"I just want my leaders to be accountable."* That's it! That's literally what he said, *"Please, somebody be accountable."* That's it!

(Showing a photo) This is the hero. This man is a superhero -not like Superman, but you know what I mean- humongous hero. He risked everything to just speak out and to say, *"You know, our leaders have to be accountable."* You just created the world's biggest debacle. You've just degraded our standing across the globe.

You've just given the **Taliban** 85 BILLION DOLLARS worth of military assets! You've just given them Apache helicopters, humvees everything and NVG goggles. I mean you gave them everything. Now they can do everything; they're walking around like tier- one operators.

And these guys are hard- on fighters. Anybody who fought against Taliban, our combat vet folks; they'll tell you, these guys are not wimps. They'll fight hard, they will fight hard; they fight to death. They strap on bombs and blow themselves up- for the cause. How many Americans do that, huh? Think about it! These people are committed; it's not a joke. They're committed people. It's an evil ideology and an evil civilization, but the point is: their warriors are very committed.

And you handed them the most high-tech weaponry on the planet! And the very first day that happens, the Chinese NBC is already striking deals, because now they're getting all the military secrets reverse engineering, all those products. So that China can now weaponize and strengthen their military top tier -one level. They've been trying to get those military secrets for decades. You just handed those to them!

You know, the **Chinese communists**: the ones that put thousand Bible- believing Christians into death camps. You know, the ones that put a million Buddhists for practicing yoga Falun Gong into death camps. There're going to be at the Festival by the way; those persecuted folks, they're coming to the Festival. They've all been to death camps. Are you talking about religious liberty in China? 5 million Uighur Muslims in death camps! Remember, this is now the world's superpower; this is now the world power that we must bow to and emulate and support. This is Hitler literally on steroids, folks. This is like Superboss Hitler - for those playing video games.

Now you've given all the military secrets to them. You've handed them over; just given to them. You've broken all standard operating procedures in withdrawals after war and conflict. You've broken all those **ON PURPOSE!** Because definitely taking the military assets is in that procedure. When you are withdrawing from a country, you don't just LEAVE all the stuff there. This has never happened before; this has been done purposefully!

And this kind of craziness: literally we have to sit down and watch this unbelievable **invasion from the South**: tens of thousands of people per day. Lieutenant Colonel Allen West who's our friend and was on our show; a tremendous patriot, tremendous hero, trying to run for the governorship of Texas because he's saying Abbott is not closing down the border when he can- which is true. But anyway the point is: Lt Col. Allen West even posted on his Instagram, he's down on the Rio Grande, and he sees people crossing. He has them on film. He says, *"Look, they're crossing. You see folks? Look, they're crossing,"* Even when he's down there, they're just crossing; just crossing. It's a massive invasion from the South. The economy is being imploded; we're on a super bubble the likes of which the world has never seen.

Meanwhile, we have **American communists** that have seized complete control of the country; we're under occupied control. Because they take orders as Biden many times says, *"Oh, I'm going to get in trouble for saying this."* Who's giving you orders, Biden? Of course we know it's the international cabal of the Four Horsemen: the Rothschilds, the Catholic Church, radical Islam is the green, Red China is the red, and black is the Deep State, the intelligence agencies. All one cabal! All blackmailing one another; all supporting one another for totalitarianism and pedophilia! That is their cult, folks. That's

their cult: totalitarianism and raping and killing children. That's why they are after your children and my grandchildren.

So we are at incredible times, folks. I mean this is not a joke. Again I'm not trying to scare people. I'm just trying to say, *"Please, please, don't be sleeping."* This is so crazy what's happening. And if you open your eyes you see what's happening; it's already happening across the world, folks. In South Korea, all our democratic allies across the globe: France, Germany, Australia, Canada.

Canada is a joke folks! They've done over thirteen joint operations with the Chinese army in the last three years, and those are the only ones that are on our record, that they can't deny. They are working directly with the **CHINESE ARMY**, folks! That's **Canada**, you know Trudeau, your little globalist, little leftist communist up there, a racist. What a racist white supremacist leftist! They're the real white supremacists!

They have done joint operations with the Chinese military, folks, on our border. That's not a joke. People have to wake up; this is not a joke! Our southern border is wide open. We are being penetrated by the Taliban right now. MS -13, Taliban, ISIS; they're all coming in. And on the northern border we've got our wonderful friends in Canada and Ottawa and all those modern cities, doing joint operations, training the Chinese military.

What are they thinking? Well we know what they're thinking. The target is on where we're, folks. There's only one more place, one more place, folks, and this is it. One more place in the world; that's it. You go anywhere else folks! Look at our folks from Japan and Korea: these folks come in, they're patriots. They have to get forced quarantined when they go back to Korea, and Japan; two-week forced quarantine, plus they're also traced and tracked.

Mandating vaccination

From November 1st anybody coming into America apparently has to now be "vaccinated," and even the private corporations are now mandating! They say, *"The government's not going to do it? Fine! We will mandate vaccinations, otherwise you can't use our aircrafts."*

You're for guns? Well, you can no longer do business with this bank. You can't have a savings account; you can't do wire transfers. You understand what they're bringing folks?

You have to show government health papers to go into a restaurant, a dying breed of restaurants which are being imploded and destroyed by this collapsing economy, by these crazy lockdowns that they're doing. Unscientific, totally racist lockdowns which are disproportionately affecting the black community, totally racist lockdown! But now everybody's kind of like a Jew in Nazi Germany; everybody's a Jew now. You're being segregated. It's *"the pandemic of the unvaccinated."* I thought it was the pandemic of the corona virus. Why are you changing that? Wasn't that the pandemic of a virus? Now it's the pandemic of the unvaccinated; an mRNA which even the founder of the mRNA says, *"Don't take!"* Oh my gosh! You can't make this up! You just can't make this up!

Senator Rand Paul was bringing up Israeli studies to Bacerra the lunatic who's the Secretary of Health; that guy's not even a doctor, and Rand Paul was saying, *"I am a doctor. You are not a doctor. Have you seen the Israeli study that shows that with natural immunity you are like 15 times more unlikely to get the coronavirus than somebody who is vaccinated? Did you see the studies that show in Israel over 90% of the people hospitalized because of Covid are VACCINATED people! The New York studies show the same thing 50 plus percent of the people who are in the hospitals right now for Covid ARE VACCINATED!"* Those are the real studies by real physicians and this idiot lawyer is up there saying, *"Well, in our team Senator Paul, we've done the research and we work in coalition with the CDC and our recommendations are given as such."*

Hello! Folks, this is a virus that if you fight naturally; you have a 99.8% chance of survival if you're less than 55 years old. The common cold, the common flu, it kills more. Notice how the flu disappeared miraculously. That was a miracle! It was a miracle by God! The entire global flu pandemic was cleared immediately. This is ridiculous, folks; this is brain dead. This is not logical or rational; this is not scientific. It's about coercion, peer pressure and FORCE! That's what it's about; it's about control, breaking your will, seeing you submit, seeing every ounce of God-fearing love for God and love for humanity, and thankfulness and gratitude for the gifts of freedom that He's given us; seeing every drip of that patriotism be wiped out, sucked, 'vampired' from your spirit.

That's the purpose! Why? Because these people have given their souls over to Satan. They're empty, they're vapid, they have no purpose, they're demonic, they're weak; they're losers from the beginning and losers to the end. They hate to see other people who are healthy, who have healthy families and strong marriages, and who produce in society and have thriving business. They want to see them all fail because they're all failures from the beginning; just like their daddy, Satan.

So we are unbelievable times, folks; unbelievable times. But it's going to require more than courage and more than the absence of fear; it's going to require really supernatural strength. Because what we're coming up against is not small; it's large. This anti-Christ 666-Beast system is big; it has multiple heads, as the Scriptures, the Revelation allude to metaphorically speaking. It is a monstrous Beast.

And sometimes it feels like there's no way to beat this thing. Like *"okay you know, maybe I lost all my guns in a boating accident."* I see this in the Second Amendment community too. They're like, *"Okay, maybe we should just start making excuses now, so when they come try to kick down your door, you just say, 'Oh I lost it in a boating accident',"* or stuff like that.

No Jackboots thugs yet

That's not going to happen, folks. They're not coming in with Jackboots thugs; we talked about that before. They're coming to give you a vaccine with the Department of Health and Department of Education where they will employ – employ- kindergarten age students. Little Maggie and little Rachel will come to your house, *"Oh please, Mr. Santos, please can you get the vaccine for me. I want to be a doctor when I grow up and I really want you to live through this pandemic."*

You were expecting Mr. Jackboots thug, Mr. Nazi, come down trying to kick down your door, but you're greeted with health workers, *"Excuse me, hello! We're from the NGO this and that, and we're here to combat misinformation. We're here to give you the real data and maybe talk to you a little bit about why the vaccine is not as they make it out to be. See, we have this pamphlet right here, we have this questionnaire. If you're willing to talk to us, we have this doctor on staff that is here to give you any data and even give you the vaccine right now, if you would like."* And here are little Rachel and Megan; five-year-old kids with googly eyes weeping, *"Please, please!"*

Oh yeah, psychological warfare, folks, every single which way. They'll get your family members involved in that. If your children went to liberal art schools and they're lefties, and they're brainwashed, they'll get them through Facebook, to start guilt -shaming you and say, *"Mom, Dad, please, please, get the vaccine! Do it for me, please, please; just do it for me!"* Uh-huh. They're not sending Mr. Jackboots thug yet; it's not time for that yet. They're not sending Mr. Stormtrooper yet; it's not time for him yet. He's coming, he's coming; ooh, he's coming, but not yet. First they're going to use the soft ways.

It's getting pretty hard in Australia now. You see Mr. Stormtrooper's now marching around in Australia. Why? Because they've just agreed, *"Okay, we'll flatten the curve. Okay, we'll go along with it. Yes, okay. You have the vaccine? Okay, fine we'll get the vaccine. Okay we'll get the second booster and the third."* Now they're on what? The fourth booster shot? Now, every month they need a vaccine, endlessly chemically poisoning you, weakening you, taking away your will; calcifying your pineal gland, destroying every mechanism in your system that can fight disease and have natural immunity against anything. Because then it starts breaking, affecting your mind, affecting your ability; you're getting defeated by the common cold, you're getting defeated by a bee sting. You no longer believe that you can overcome; you no longer can believe that you can get over stuff because everything's breaking down. Are you with me, folks? These people are not going to stop.

BLM with Trump supporters

But again at this time of great darkness and time of great storm and time of great crisis, there is an opportunity. Why? Because so many people are waking up. Did you see folks? Tell me if you ever thought this possible: BLM and Trump supporters marched together in New York City against the vaccine mandate! *(Applause)* BLM and Trump supporters! Did we not talk about this, two or three months ago? Did we not talk about this? Remember, historically during civil war periods, the radical Left and the radical Right actually would merge together and realize, *"Hey, the bigger problem is the government."* We talked about this, two months ago; you're seeing it happen now.

(Showing media headline) *"Democrats scared as BLM and Trump supporters march against Covid vaccine mandate."* BLM is agreeing to be against the vaccine, and at least their New York chapter is coming out against the vaccine mandates, because they're saying it's allowing the racists restaurant owners to disproportionately target black people. That's what they're saying. But anyway, they're against it; that's the most important. They're against it. They're basically for free choice, *"okay if you want it you can take it; if you don't want it, fine."* They're now marching with Trump supporters in New York City where

you're required to have the health pass to go in and get your GMO foods. Now, this is just the beginning okay; it's just the beginning. It's going to intensify; it's going to become more like this, obviously. And we talked about this two, three months ago; anybody who's been here y'all heard. This is how it always happens: the two sides that were more "radical," that is, that can properly identify the centralized government as an enemy or as a bad force, they actually start working together.

Remember, a year ago this could never happen. BLM was trying to kill Trump supporters. Remember? If you were a Trump supporter, they would try to punch you and knock you out from behind. If you were a Trump supporter like Ted, you'd get attacked. Remember that dude in San Antonio, in Texas? Remember that guy who started attacking you guys? Who started spraying the mayonnaise at you?

Yeah! These people, you understand folks, they were brainwashed to see Trump supporters as the enemy. Literally BLM was agreeing that the Trump supporting folks were domestic terrorists; they were agreeing with that, folks; right? Now after nine months, they're marching in the street against the vaccine mandate with people that they believe are domestic TERRORISTS! You see how fast that flipped!

We talked about it months before, and it is happening. Those more radical elements that could properly identify the opponent are actually starting to say, *"Wait a minute! We have a lot more in common than we have against one another. Hey, let's put our differences aside, and let's stand up against this craziness because it's getting crazy."* It's getting bad; I mean it's getting crazy!

See, this is what happened between the Boston Tea Party and the Revolutionary Period with Lexington and Concord; this same phenomenon is happening, same exact phenomena.

So as this crazy Gargantuan beast, this satanic monster is seeking to envelop the entire world, through the groaning of man a worldwide awakening is happening. Worldwide! You're talking about millions of people now that are getting out in the streets in Germany, and millions in France.

(Showing video title) Look at this, folks! *"Millions of people Left and Right"*! Just like what happened to BLM and Trump supporters in New York City! In these leftist countries you have people who are on the far Left and far Right now coming together to do these massive protests. Why? Because the vaccine mandates are impinging on their direct freedom. So the Left is happy to take away your freedom as long as it doesn't affect them, but once it starts affecting them, they say, *"Oh, shish kebab! I better stop this."* Well you brought it in the first place! But okay yeah. Help stop it. Thank you very much, after calling us domestic terrorists the last two years! All right we're fine; we'll walk with you all. Okay, fine!

The Church standing up against LGBTQ

But worldwide, worldwide, MILLIONS are gathering to oppose this; worldwide, worldwide. They know that just as the New Testament Church is crumbling and most of the denominations have begun

giving themselves over to LGBTQ and the gay clergy, what does that allow? That allows for PEDOPHILES to come and take over your CHURCH! That's what it allows for, if you don't stand strong against the LGBT! They're a protected group. Their protected secret is the pedosexual, folks.

So, as these churches acquiesce to the gay movement and they have lots of gay clergy, what happens? They're getting taken over by pedophiles. Even in France, a new study came out: you're talking about hundreds of thousands of pedophile priests in the Catholic Church. Even the State of Pennsylvania alone has identified that 50 % of the Catholic clergy is PEDOPHILE! 50%! That's according to the state. How many others are not identified?

If you acquiesce to the LGBT your church will be taken over by the pedophiles, and that's the same with the Methodist, the same with the Baptist; same with any denomination. You open that gate? You know what God calls it in the Word? He calls it an abomination. You let that in? It's a slippery slope; it goes fast. And they're hiding, *"Oh, you have to be nice to the gay people!"* Oh, no, no! They're coming with the pedophiles and they're coming to harvest that congregation's children. That's what they're coming for.

That's why the churches have to stand strong against this; being ridiculed and mocked and hated by the world, but doing the right thing for Christ! Amen! Because in the end, it's for Christ! But also he loves our children and our grandchildren and we have to protect them; if we won't stand on the way of the wolves coming to devour them, who will, folks? Who will? If you won't stand up for your children and grandchildren, who will? No politician's going to do it for you. Are you with me folks? That's our job!

And that's why the Rod of Iron Kingdom is so important; so important! (*Applause*) Decentralized armed citizenry; *"Love God, love your neighbor!"* That's the Rod of Iron Kingdom! Very simple! Why? Because in the end, the last defense against evil is you and me; we are the last defense.

I'm going to risk it ALL!

What was the problem with the Israelites?

After God gave them a miracle, and they conquered Jericho, they didn't take dominion; they didn't take that job seriously. And they ran from defeat. They didn't pick up that mantle, saying, *"God, You just gave us a tremendous miracle, but now we have to take the reins; we have to actually adjudicate justice here in this land, and we have to stop this pedophile culture and infanticide in the city of Ai and through all these different cities. We have to actually take responsibility and do that; we can't outsource that to anybody else."*

You see what I'm saying folks? That's what God is telling America too: *"I just gave you Jericho."* And it's not just about shouting. It's about *"in the end will you risk your life, will you give your life to protect what is valuable?"* In the end; that's what the Founding Fathers said to do right? They weren't just shouting to the British Empire. In the end they had to say, *"Okay, I'm going to risk it all: my life, fortune and secret honor! ALL! ALL! ALL! I'm going to risk it all!"* Because I know if I don't, it's going to get worse, and if I don't, my children will grow up in a place of evil and wickedness, and they'll be

harvested and they will blame me. They will ask me, "*Grandpa, why did you do nothing about it? You said you love me!*"

The point is: the American patriot can't be saying, "*Oh Trump's going to do it for us.*" No, no; no! Now it's on us; now it's on us! The people have to take this country back. (*Applause*)

In the end that's what it was all about really; in the end, God always intended for that. He gave us a big Jericho. We did the shout; the walls came tumbling down. It didn't get totally destroyed but a lot of it got pitched back. But now God is saying, "*Okay, I want you to have a victory. But now you're going to have to grit your teeth, and dig your heels in. You have to be ready to face the enemy; spiritually at first, spiritually. You have to be willing to risk your reputation, risk your fortunes, your lives, your sacred honor, all that. You have to come into the spirit of what Jesus did, when he went on the path of Golgotha and picked up the cross. He said: 'I'll die! I'm going to die for you!'*"

Didn't the Founding Fathers do that? "*Greater love hath no man than this that a man lay down his life for his friends.*" (John 15:13)

It's the same thing. Will the American patriots continue to say, "*Well, I want Fox News to do it? Well, I want Senator Rand Paul.*" No, no, no, no, no, no, no, no! It's now: We the People! This is it; this is the last line. The politicians won't; they're not going to be there when the stormtroopers come in your door. Senator Rand Paul's not going to be there for you. If the stormtroopers come to get you and your community, no, no; none of the politicians are showing up. They're going to have leaves of absence on that day.

It's the American patriot. It's the "*Don't tread on Me*" patriot who will say, "*NO! I'm not going to go down! (Applause) And if you're going to push me, if you're going to send stormtroopers, I'm going to resist them. I'm going to do it peacefully, but if you try to harm my family you're going to get something; you're going to get a fight.*" It's that spirit of the martyrs, the spirit of the warrior that the Founding Fathers were, that in the end was the driving force.

The enemy

Because, look, the enemy has nothing! Think about it: what is their ultimate purpose? It's empty power; it's a little power trip so they can feel high on a dopamine hit. What are they pursuing? There's nothing noble about what they're doing. They're trying to destroy mom and pop shop, they're executing the middle class; they're letting this country be invaded from the South and with Chinese operatives from the North. There's nothing moral or honorable in that, folks; there's no higher aim other than submission of the world. It's a vapid, empty goal.

And when they have it, they'll turn on themselves and kill one another; they hate each other so much. They're so filled with evil and disgust of their own self because they've turned themselves to sin and Satan. What will they do? They'll only devour one another; they will only be like pigs at the slaughter, eating one another and devouring one another like dogs- because that's what they are. Even

conquering the whole world won't give them happiness. It won't fulfill their dreams; in fact it'll be a misery, a terrible curse.

Now they are involved in the massacre of one another: the Saudis versus the Chinese, the Chinese vs. the Russians, the Russians vs. the Rothschilds, the Rothschild vs. etc. It'll be a hellish battle. Why? Because there is no honor in a den of thieves, folks! They're all a bunch of thieves; there's no honor in it. They're all in it for their own benefit, and when they get the benefit they're going to slit each other's throats and stab each other on the back. That's how it works.

The Christian man

But think about the person who is trying to stand up for freedom and righteousness! That person does have a noble aim, that person does have a righteous call; that person is trying to uphold and keep the torch of liberty on for something greater than himself and his pleasure and his own personal fulfillment. He's trying to do it for the next generations' posterity. He's trying to preserve the gifts that God has given to humanity, the Creator of the universe; he's holding that mantle.

Now he may be downtrodden. He may be in camo rolls and a camo hat in a trailer park, but he is standing with GOD (*Applause*) because he is standing for the GIFTS of God! It doesn't matter what he looks like. You don't think those Israelites when they came out, they didn't look as if they had walked out of a trailer park or something like that? Give me a break!

So God is moving in a mighty way and even in the midst of darkness there is great awakening. People can understand: yes

Christianity does need to step up.

Christianity does need to be brave again.

Christianity does have to reclaim the pulpits and the pastors.

Christianity does have to empower their congregations to be coming to the Rod of Iron Kingdom.

That's the only way, because there are only really three major civilizations that can conquer this world folks. Sorry to say, I hate to say it this way. There are really only three major civilizations:

There's **Communism** that can conquer nations; there's **Islam** and there's **Christianity**. You literally have three choices; I'm sorry. You know this post-modernism and this feminism, that stuff comes and goes; that's not going to be able to permanently create civilizations. I'm sorry; it's kind of sad.

But anyway, the point is: you got three options:

*The Commies, who are pedophiles.

*You got the Islamists who have had an existing slave trade for over 1,100 years, a sex -slavery trade that continues to sell young girls to this very day as "childhood brides" that is legalized pedophilia. So you have two civilizations out of the three that allow for pedophilia, infanticide and a total domination and oppression of women.

*It's only Christianity.

Only Christianity if it honors and respects the man in the home and protects the mantle and authority of the man to be a righteous man, to lead as a priest in his home, and for his wife to uphold his priesthood and uphold his kingship; not denigrate him, not tear him down. Because if you tear down the Christian man, the jihadis are on the border, the Commies are on the border; they will come to conquer you.

*The Christian man has to be made brave again and strong again. (*Applause*)

*The Christian man has to come into John chapter 2 where Jesus is flipping over the money changers' tables, and whipping them with the whip he created; he made it for the last six hours.

*The Christian man has to once again be brave. He has to say, *"I don't want to stand for this. If you pedophiles and you, predators and you, wolves are coming in to destroy my family, destroy my wife, my marriage, my children, and take all the things that are valuable for me in the eternal realm, I will stand to fight you. Now I'll pray for you but I'll fight you. I'll love you but I'm going to fight you, because that's the right thing to do. If I really love humanity, I have to fight against that which is trying to destroy and eradicate humanity."*

If the Christian man does not do that, and he bows to the beta males, and bows to the Tech Giants, and bows to Silicon Valley, and bows of Hollywood that is telling him to be dehumanized and be emasculated and be weak and become a feminist, you're not a Christian. You're not called to be a feminist. You're called to be one in Christ, you're called to be an heir, you're called to be a priest in the home, you're called to be the head of the house; you're called to be a warrior for Christ, a soldier in the army of God! That's what a **Christian man is called to be**, folks! (*Applause*) Society has tried to destroy that Christian man.

Coming to the Rod of Iron Kingdom

So in the morning darkness there is great groaning throughout the earth, but there is great potential for people to understand and to realize their critical role in this incredible epic time. And yes, we can live in a spirit of fear, but God said *"I have not given you the spirit of fear; but of power, and of love, and of a sound mind."* (2 Timothy 1:7)

Hey, we got to have fun, folks! Even though it's scary, even though it's terrifying to look at the Beast and its multiple heads across the global cartels of the world; even with that, we have to be able to laugh and have fun and say, *"Okay God, I don't believe I can handle this, but I know in Your Word you said, every obstacle You have already planned for me to be victorious over. You told me that I would be more than a conqueror. But I can do it through You. In my weakness Your strength will shine through."*

It's that spirit folks; it's about reclaiming that spirit. Because our Founding Fathers had to; they had to do it. They had to dig down, dig down, dig down deep because that's the only power; that's the supernatural power.

- *If we don't have that well of salvation,
- *if we don't have that well of relationship with God,
- *if we don't have the Holy Spirit indwelling within us;
- *standing for righteousness,
- *standing for the right cause,
- *standing for the noble aim, we lost. We already lost; the devil already won.

But if people who love God, people who love their neighbor, people who love humanity, people who don't want to harm other people,

- *start waking up,
- *start turning away from their sin,
- *start turning from their wicked ways,
- *repent,
- *come to the Lord,
- *realize that God is calling them to
- *go beyond from turning the other cheek, to now be
- *standing for God,
- *standing with Him on a battle line,
- *standing with Him to protect humanity; then the harvest is coming, folks.

There is a massive harvest that God is planting; massive global harvest! You could have nations all of a sudden going from Old Testament, New Testament; Completed Testament. Bam! Coming to the Rod of Iron Kingdom immediately! (*Applause*) Nations realizing, "*Whoa, we need the Rod of Iron Kingdom here! We need the Second Amendment here!*" All of a sudden; because of the times that we are in.

Pastor Sean's Prayer

Father God, we thank You for this day. We thank You for the study of Joshua chapter 6 and Joshua chapter 7. You had given us an incredible miracle, but the last four years we had taken it easy. We've had such an incredible reprieve, we've been so blessed, we got lazy; we got so blessed we got so complacent. We got so blessed, we got so much of an incredible miracle like Jericho that we forgot that in the end it's our responsibility to protect goodness against evil.

Dear God, You're waking us up. You're telling us and reminding us again that we have to be loyal to You, and that in the end, in the midst of the vast powers of the world that are ally to take down and destroy every vestige of humanity and freedom that exists and to snuff out the torch of liberty, You are the light that we are seeking. And in the end no matter how much the devil tries to turn off Your light, You said to us, "*You will be a light on the hill. You will represent my light. You will be a light in the darkness.*" That's what you told us, God. So in that way that light can NEVER be extinguished as long as our faith and our love and our hope for You is not dwindling, but as the grey days grow darker the light within us becomes stronger.

Dear God, we are in such an incredible time. We can take it in a bad way. We can take it like, "Hey, why is it happening in my generation? Hey, why is it happening in this particular time? Why am I being put on the line? Why am I being forced out to the front?"

Or we can say: "Dear God,

I am ready!

I am ready for the epic quest!

I am ready for the journey of a lifetime!

I am ready to stand up for my children and grandchildren!

I am ready to walk the noble aim!

I am ready to pick up the cross and follow You!

I am ready to guard and defend humanity, and

I am ready to see Your victory spread over this world and to see the evil destroyed and diminished!"

Dear God, fill us with Your spirit today. Give us the power of Your Holy Spirit. Let us not live in fear but in power, love and a sound mind and all those things. Let us also have great fun and great joy, walking, running around with You, standing and breathing with You; the Living God that stands by our side as our Father, and that is making us kings and priests, spreading over the whole world and making new kings and priests in the Kingdom of God. So that people understand their true identity not as slaves or servants of Satan and government, but as kings and priests that are given authority to defend good and to resist evil.

We thank You God. We thank You for all that You're doing right now. We thank You for all the people that are gathered here today to hear the Word, to hear and be inspired and be encouraged by Your spirit. And we thank You because You are using us in mighty ways, in more than one ways and more than we can imagine or we can even think.

Dear God, we thank You for the Rod of Iron coming up. We thank You for all the patriots that are going to be gathering and we pray safely upon that place. We pray Your hedge of protection upon that place. We pray that we will have a great celebration of freedom, that we will give You the glory, that we will strengthen our fellow patriots, that we will love our neighbors as we love You, and that we will strengthen the roots and the foundations of America so that she can rise.

Protect this country, the liberty, the torch of liberty, so that it can spread back to Europe, spread back to Australia, spread back to Africa, spread back to China and Korea and Japan; and all over the world. And Satan will see his destructive evil kingdom waiting and waxing and turning on itself and destroying itself and fading and being destroyed in front of his eyes because he knew that he was a loser from the beginning and he's a loser until the end.

Dear God, we thank You for Your victory. We thank You for the wins that You already have given us. We thank You for all the power that You are now instilling within our spirit so that we will have hope for the future, hope for our children, hope for our grandchildren, and we will never let the devil take that away as we give You the praise, the glory and the honor just like Joshua and Caleb. And we pray

that we would be like the Israelites, and that we would fight bravely against wickedness and resist tyranny, as obedience to You.

We thank You. We give You the praise, glory, and honor.

We give You all the praise, with all the kingship lines that are gathered here, and in your precious name we pray. AMEN! Amen! Aju!

Let's all rise and give God the glory, folks!
