America the Beautiful

October 24, 2021- from CP TN

Good morning folks! Welcome to Sunday service today! We're hooking in with the PA crew. God bless y'all PA, Texas, everywhere around the world! God bless you today and of course thank you for the PA crew holding it down. Let's give it up for our J-team that was yesterday in Nashville, the capital of Tennessee, praying during a beautiful rally. They were praying for America to remain strong in this time of great crisis, and of great tribulation around the world, as we all see.

Our CP TN is being beautified and developed, every week little by little; the progress is there, and of course God is good.

Let's go into our Scripture today. We are in Psalms chapter 37, and let's read that together. It's powerful. It's a beautiful psalm. As we read it, we'll take it step by step.

Psalms chapter 37 of David

1 Fret not yourself because of evildoers; be not envious of wrongdoers!

2 For they will soon fade like the grass, and wither like the green herb.

3 Trust in the LORD, and do good; dwell in the land and befriend faithfulness.

4 Delight yourself in the LORD, and he will give you the desires of your heart.

Notice: he didn't say *"He will give you your heart's desire."* Our hearts have so many desires. Our hearts have so many things that we want to chase after; all these empty things that we think will fill the gaping hole. But only Christ can fill it! Amen! This says, *"He will give you the desires of your heart."* What is that? The desire to pursue what HE desires! Amen!

"God, be on my side!" vs. "God, let me be on Your side!"

We're of course at the Cheongpyeong Retreat Center and we have here the Civil War Memorial; we have the two cemeteries of the Civil War soldiers. We have fallen soldiers of both the Union and the Confederate sides here on this holy ground. Now, the reality of warfare is that every side is asking God to be on their side. Amen! So you can have the side that is good, saying, *"God please be on my side,"* and you have the side that's evil also saying, *"God be on my side."*

You can bet your bottom dollar that even though Hitler hated Christianity, he tried to use Christianity to lure the Nazi cops and the Nazi people under him to enact evil against the Jewish people. But he himself of course railed against Christianity, and said it was the most repressive and vile thing;

however he used it for political purposes. We know that for example, the Nazis could be praying; they could be praying, *“God, be on our side; please help me as I raid this Jewish home and confiscate their belongings,”* because they were told that it was for the safety and the security of the nation.

With Stalin, during the Gulag Archipelago that Alexander Solzhenitsyn wrote about, Lenin and his wretched vile guards were coming now after the people in their grand apartments. They're now coming up, and you can hear the big Jackboot thug boots coming up, and what did he say? He said, *“If we had valued freedom enough, what would we have done? We would have stood up. We would have picked up shovels; we would have picked up anything we could find. Even though we had no weapons, we would have picked up something and tried to stop those Jackboot thugs. If we had stopped them in the beginning, then Lenin's “wretched machine” could not have pressed forward and massacred eleven millions of his people.”*

Now with the Civil War Memorial it's the same thing. The Civil War is a very highly controversial thing. Why? Because slavery is a SIN! Amen! Slavery is a sin and it must be removed. It can't be in the Kingdom of God; you can't own people as chattel in the Kingdom of God. Amen! But they kept the sin of slavery because they had to keep the states; the logic was, *“well if we make slavery an issue, we may lose some of these states, and we would not have the support we need to fight Great Britain.”*

But God had prepared America to build the foundations of the Kingdom of God: a Judeo-Christian culture preserving the gifts of liberty, preserving the gifts of freedom. Slavery was a remnant of the fallen archangelic centralized government British crown, which of course had a colonial hegemony across the whole world. It was the remnant of that slave trade that long existed in the British colonial period; in competition with the Islamic slave trade which is the longest living slave trade till today. But of course the Left doesn't want to be talking about that. They're imprisoning African women and selling them as sex slave TODAY, in this twenty-first century! But of course the Left won't talk about that, because they like the end goal of the Sharia law, the end goal of Islam, the end goal of Communism, the end goal of Marxism, the end goal of socialism. They are all the same totalitarian, centralized, archangelic, Luciferian power.

But in time of war, everybody's always praying, *“God, be on my side! God, be on my side! God, be on my side!”* You could have the Civil War where God is now eradicating slavery, and you could have one side saying, *“God is with us,”* and the other side saying, *“God is with us.”* Which one is God with? Are you with me, folks?

There are also problems with the Civil War; why? Because Lincoln federalized so much power to DC! He federalized so much power to the centralized government, and the South said, *“Hey, we want our own sovereignty. We don't want any federal control here,”* which is actually in terms of that posture why States have to retain their sovereignty. But Lincoln was pushed to federalize. Why? Because in the end, God had to use that war to get rid of that sin. It was that sin of slavery unfortunately, that was the beginning of the Amendment process, which was of course the beginning of the take down of the Constitution of the United States.

The point is: everybody's always asking God to be on THEIR side in the war, in any war; but the better question is "God, let me be on Your side!" Amen! That's the more important question: which side is God on and I've got to going to join that side. That's the side we've got to be on.

He will not give you your heart's desire

And it's the same thing with this war that now the elite of the world, the entire international communist regime of the world, the top pharmaceuticals, the Bill Gates, the Catholic Church, the Rothschilds, Soros and the Saudi kings et cetera, are all in this. All these people, all these on the archangel side, what do they want to create? International Communism! They want to create state control, they want to take away the power of the people; they want to take away the gifts of liberty. They want to be able to create mandates, and whenever they mandate or declare something it must be obeyed or they will use force against you. That is obviously not the good side. Amen! That is the sign of evil!

But of course to their perspective they think they're doing people well. Why? Because they think people are useless eaters; they're forgetful, they're useless, and they're pathetic. They just need to be controlled and hurdled and tax-farmed. That's the reality of their mindset. Why? Because they're empty, they're vapid; they sold their souls out to Satan. They KNOW that they're soulless. So to fill that void they want to control other living people because it makes them feel great, "Look at me! I'm soulless, I'm vapid, I'm empty, I'm dying inside because I sold my soul to Satan. But I can still command this group of people around who have ethics, who have morals, who want to maintain their family and preserve strong marriages and build strong communities. They're listening to me, because I command them, I declare and make their mandates." This is wickedness; wicked, folks! Wicked, wicked!

Of course as we know this is from the archangelic, Luciferian side. God always divide. The Bible says in Matthew 25, that "*the goats and the sheep will be divided*" in the end. On His right hand will be the sheep, on the left hand will be the goats. They will be DIVIDED in the end, and there will be judgment.

And even though things are going crazy and things are getting more radical, and things are getting more difficult around the world, we can see there's a clear division. Sides are being more clearly delineated. Where people stand becomes clearer, and people are now able to expose: What do you actually believe? What will you stand for? Will you fight, or will you let your country be sold? Will you let your country be collapsed to the Commies? Will you let unelected officials that steal elections and lie and cheat and do fraudulent election systems and steal from people, will you let these people control you? Or will the people stand up against them and say, "No, this is our country, and you will not be able to take this land!" That is a critical thing as we are facing this international crisis.

But again as the Scripture said here,

4 Delight yourself in the LORD, and he will give you the desires of your heart. No! He will not give you your heart's desire! People get that mixed up. Our wants are different from God's wants. Amen! Our wants many times lust for the flesh; our wants many times lust for things of the earth. Our wants many times lust for things that give us temporary pleasure.

But God is not like that, because He can see eternity; He can see both the future and the past. He has the long view; He has the long horizon, the eye view of history, of providence. So He is not just for the temporary, and things of this world that give temporary pleasure and produce a hedonistic culture. No! He wants us to do things that are valuable. He wants us to produce families, He wants us to produce grandchildren, He wants us to produce ethics and values and strong communities; and strong husbands leading their wife and their wife leading the children and protecting the husband's authority and strengthening the family and becoming greater protectors, not for themselves but for their neighborhood. And then He wants all the people to be in that type of relationship with Him getting power as the Scripture says in 2 Peter, *"to be in His image as the Chief Shepherd."* Amen!

THY Will be done!

So folks, it's such a critical time, because at this time we are under INTERNATIONAL crisis, international warfare; this is what Special Ops guys like Ronin and Tu Lam were talking about. That China is already engaged in economic warfare, already engaged in Cyber warfare against the United States; they're already engaged in these things. And warfare is not only kinetic warfare; it's not only gun versus gun. Warfare includes psychological operations, includes sociological operations, includes propaganda in the media, and includes economic warfare, and creating choke points and cutting off supply lines. It includes all that. It includes starving people.

What do you think is happening now in America? You have those supply line shortages, even in PA. Our brother Pastor Cook up there in Bethel, PA, he's put up pictures on the internet of Cosco with empty shells. But we talked about that; it's going to get worse. They've been telling that since two or three months. The supply chains are dying. Ninety percent of supply lines are connected with China, our sworn enemy, and now we see the shortages; not with the toilet paper only, but the EGGS shortage and now you've got frozen food shortage, you got canned goods shortage.

But of course it's going to get worse as we move towards the Christmas season, and these decrepit evil wicked wrongdoers in DC laugh and say, *"You may have to just endure through Christmas, and not have what YOU want; haha!"* This type of wickedness! Meanwhile they're partying maskless; Champagne parties with Obama and all liberals walking around with no mask. They can do everything, but we, the normal persons, we have to abide by the ridiculous rules. We have to be muzzled, we have to have a face diaper; you have to have your sign of slavery on your face, *"WEAR it! Wear your sign!"* Wicked, demonic!

So we are living in this time of crazy things. But it's very important that we are praying not only, *"God be on our side,"* but, *"God we pray that Your Will be done; YOUR WILL be done. That YOUR WILL be done and Your Kingdom come!"*

The Lord's Prayer (Luke 9:13)

9 Our Father who are in heaven, Hallowed be thy name.

10 Thy kingdom come. Thy will be done ON EARTH, as it is in heaven.

11 Give us this day our daily bread.

12 And forgive us our trespassers, as we forgive those who trespassed against us.

13 Lead us not into temptation, but deliver us from evil: For thine is the kingdom, and the power, and the glory, forever. Amen.

It's about praying for GOD's will and Kingdom to be done! Are you with me, folks?

Psalm 37: 5-8.

5 Commit your way to the LORD; trust in him, and he will act.

Not your heart's desires, but things that HE desires will be put into you. Amen! Things that He hates, He wants you to hate; things that He loves, He wants you to love. Acting and seeking justice, seeking faithfulness, those things are not temporary; those things require WORK! Those things require due diligence, those things require DISCIPLINE, but they are worthy to be pursued because they are God's desire. Amen!

And as a civilization pursues His desires, it doesn't mean we're perfect but we become more Godly. The ethics in general become more Godly; they protect the families, they protect the children; they protect MARRIAGE, which is the whole institution where the real gift of sexuality can burgeon. Not anywhere else! Anywhere else, it starts to degrade and dilapidate and disintegrate society from the inside out; becoming a society of licentiousness, wickedness, becoming a society of using people for flesh, using people for pleasure only, and it becomes hedonistic. Are you with me folks? And that is a dangerous thing.

6 He will bring forth your righteousness as the light, and your justice as the noonday.

Like a new day sun where there's no shadow! Father talked about that many times.

7 Be still before the LORD and wait patiently for him; fret not yourself over the one who prospers in his way, over the man who carries out evil devices!

Be still! That means we don't want to give power to the enemy. Amen! We don't want to be fretting over if the enemy looks like he's winning, because half of the time the enemy will put up a facade; he'll put up a facade pretending he's winning or he's gaining ground. But really he's weakening and there is confusion in encampments; there is betraying and backstabbing amongst themselves because there's no honor in a den of thieves. That's the reality of evil: they think they should just join the club, and participate with the Soros and the Bill Gates and the Bezos, these super elites that have billions of dollars to implode economies by their decisions and by their whims, and they have millions of people

following these ridiculous unscientific mandates and hundreds of corporations now trying to force - force in a free country- force their people to be vaxxed.

All these people are on power trips and they think that, "Oh, if I'm included in Bill Gates' group, oh I'm included in Soros' group, in Rothschild's group, oh my gosh, I'm going to be moving up in the world! Oh my gosh I'm going to have so much power! I'm going to have so much money!" You see, but they suck you in; they offer you the pleasures of this world. Many times they blackmail you with pedophilia and sex clubs etc, to get video on you and to have you perform adultery and homosexual acts, etc, so that they can hang it over your head. And you'll be a puppet for the rest of your LIFE! A SLAVE, a slave for the rest of your life!

But there are people who are not attracted to that; people who love fresh air, people who love green grass, people who love freedom and the outside; people who love shooting, and being with their family, having BBQ. See, the normal person is not psychopathic and out for those things. They value the simple things of life which give life meaning.

(Video stops a few seconds)

God has made you in His image and they love you for how God made you and you had the gifts that He gave you not because you are part of Soros' organization, not because you have this and that status within the Rothschild's banking cartel. No, simple powerful relationships, that bind us and give us life, that remind us of the goodness of God, that hold us together, that hold society together, that hold all goodness and ethics and virtue together. So that it becomes honorable for the next generation and that next generation learns that and emulates that and replicates that for THEIR children and their descendants, and on and on.

But, see, that civilization is a threat if you're tight, if you're strong as a civilization, if you're strong as a nation, if you're strong and one in heart and mind. It doesn't mean everything is perfect but it means that everybody is generally moving in the direction towards virtue and towards honor; not towards licentiousness, not towards hedonism and not towards using people for pleasure. And how society decides on that, will make it move towards God or towards Satan. Amen!

8 Refrain from anger, and forsake wrath! Fret not yourself; it tends only to evil.

This is very important. He said, "*Refrain from anger.*" Now there are times when there's holy anger; there are times when even God Himself has anger. Why? Because EVIL at some point must be resisted; as the Scripture said, "*Resist the devil and he will flee.*" It doesn't say, "*Give in to the devil and he will flee*"; it doesn't say, "*Submit to the devil and he will flee.*" It doesn't say, "*Give all the things to the devil and then he will flee.*" No! It says, "*Resist him and he will flee.*" So, resistance is critical. The Bible says, "*Stand up against unrighteousness!*" That's the duty of a faithful. Stand up against unrighteousness, even though you may be mocked, even though you may be scorned. Christ says, "*Pick up your cross and follow me!*" Be willing to die!" *Those who seek their life will lose it, and of those who lose their life for my sake will gain it.*" It's critical that a society retains its sovereignty.

8- forsake wrath! Fret not yourself; it tends only to evil.

This is a very big point because God doesn't seek REVENGE. It's very different. You don't seek revenge; you seek what? Justice, justice; that's a very big difference, folks! Revenge and justice are completely different things. Amen! Revenge is filling out the lascivious desires of getting back at somebody, the desires to want to pay back. Whereas pursuing justice is trying to find true equity within that situation; whether it be punishment that should be enacted for that particular crime, or whatever. But the pursuit of justice is not a pursuit of revenge.

And that's why believers and people in Christ must have a level head; we must have cool heads. Our hearts can be a fire for God, our hearts can be on fire for the Kingdom; our hearts can be on fire for salvation to bring people towards the Kingdom of God. Yes, but our minds must be cool; our minds must remain calm.

That's why sometimes young people do pig hunting and hog hunting in Texas, and in hog hunting you're using your Rod of Iron, you're using your AR; you're running around three, four, five people at a time, and sometimes if you're not paying attention to one another you can potentially shoot somebody. Because the hogs are running around; they start running in every single direction: left, right, everywhere, up and down. So you must remain calm in that time of chaos; you can't freak out. You can't just hyper focus on those hogs and start shooting them, and your buddy's right here and then you end up killing him. That's why discipline is so important; that's why training is so important, to remain calm in the battle.

What does **Ephesians chapter 6** say? *"Put on the armor of God, put on the helmet of salvation, put on the breastplate of righteousness, put on the belt of truth, put on the shield of faith, put on the sword of the spirit, put on the feet shot with the preparation of the Gospel of Peace."*

What does it mean: *"put on the feet shot with the preparation of the Gospel of Peace?"* That in the midst of the spiritual warfare we're still calm; in the middle of a fight we're still calm. Our feet are not freaking out. Amen! For you, young people who're doing Jiu-jitsu and MMA, then what happens? You just stay calm. It's hard when you're a white belt, but as you get higher and higher level, then you start thinking in the midst of the battle and you remain calm. That allows you to think; it does not make you hyper focused on either defense or offense, so that you can flow with the movement of the opponent. And this is very important.

So, God does not pursue revenge, but God pursues justice. There were times in Jewish history where evil tribes had created their empires of demonic realm; for example the Canaanites, the Amalakitites, etc. They were already participating in child sacrifice and sex-trafficking children through the temple prostitution etc; they were already engaging in pedophilia which was a normal thing in the ancient world. Many scholars have written on this and the God of the Bible is the One that said, "NO," to pedophilia. He said, "NO," to temple prostitution. He said, *"This is an abomination."* He said, "NO," to homosexuality, when most of the deities in the ancient world, from Macedonia all the way up through the Canaanites, etc; all of them are embracing the cultures of the fertility goddesses, whether they were fertility goddesses or they were deities. And of course this relates to cults of rampant wild

demonic types of sexuality. We see them in the Hindu temples; they enshrined them on the temples with total bestiality, etc. Everything is there. But that's where it goes if it leaves the institution of marriage.

So God does not enact revenge; He enacts justice. When those cultures become so evil, so wicked, He's not enacting revenge on them. When He commands to the Israelites, *"Now you must stop! Now you must eradicate that culture. Now we will not tolerate the sex trafficking anymore; we will now take care of that culture,"* that is not enacting revenge; that is enacting JUSTICE. Amen! Big, big, big difference!

So God said,

8 Refrain from anger, and forsake wrath! Fret not yourself; it tends only to evil.

The Kingdom's tradition

This is very important, because there are many times in our own lives when we feel like, *"Oh man, that person did me wrong; I'm going to get revenge, I'm going to get back on him."* And if you're in a position of authority then you have even more leverage, and you could use that power and leverage to really hurt that person. Of course that's petty, and that's bad and wicked.

When our children were going through the Blessing process, and they had a first candidate, second candidate or whatever, and that didn't work out so well; think about it. As their parents if we were emotional about that and we started attacking the first candidate or the second candidate, and we started attacking that person and their families, think how pathetic and petty that would be. No, that would be ridiculous! But even though it happened with some of our kids, and I had to talk to one candidate or two candidates, they found their spouse, and they worked it out with the first or second candidate, as they were talking and praying with one another.

It was important to smooth things out; on our side it was important. We're in the status of the pope of the church so- to- speak, so it was even more important that we were able to smooth that out, and we know that there are no hurt feelings whatsoever, and that we want the child to succeed both ways, whether they're married to one of our children or not. These kinds of things are important. This type of mindset has to be critical: desiring the other person to succeed in the Kingdom of God. The Kingdom of God is not a kingdom of jealousy over, *"Oh, that person did better than me. I want to...!"* That's Marxism! Marxism creates a culture of jealousy.

In the Kingdom of God we CELEBRATE when one of us does well; we celebrate when one of us starts a business and succeeds and makes a million dollars. *"Wow! Praise the Lord Almighty! You really did it; brother, you did a great job!"* Amen! We celebrate one another; we're empathetic towards one another.

So, when somebody is doing great in their marriage, *"Praise God! You all are doing great in your marriage! You're training well, you're doing great; you're giving glory to God! That is a phenomenal thing that you're offering; you're offering a fragrance unto God; a praise through your marriage! God bless you! Praise God!"*

Not: "Oh, look at this; they're doing so well! Oh, they always look like they love each other. They're hugging in front of the camera! Hugrr!" That's not the Kingdom's tradition.

In the Kingdom, we root for one another. Why? Because as the Peace Police, Peace Militia we stand as the protectors of the entire kingdom, each one of us being strong, each one of us being good protectors, each one of us being in the image of the Shepherd who is Christ. It's important and it's a big deal because you don't know where evil will strike. And the stronger everybody is, the stronger and more stable and powerful blessings they have in marriage, they have in relationship with children, they have with grandchildren, and that network of the holy SWAT team that is their family, the stronger that neighborhood is; the stronger it is defending against evil, the stronger it is against pedophiles, and the stronger it is against predators, the stronger it is against wickedness, and licentiousness, evil and injustice, etc.

So in the kingdom it is a part of the Peace Police, Peace Militia culture that we celebrate when we do well; we congratulate, "Good job, good work!" Amen!

Psalm 37: 9-15.

9 For the evildoers shall be cut off, but those who wait for the LORD shall inherit the land.

10 In just a little while, the wicked will be no more; though you look carefully at his place, he will not be there.

11 But the meek shall inherit the land and delight themselves in abundant peace.

12 The wicked plots against the righteous and gnashes his teeth at him,

13 but the Lord laughs at the wicked, for he sees that his day is coming.

14 The wicked draw the sword and bend their bows to bring down the poor and needy, to slay those whose way is upright;

15 their sword shall enter their own heart, and their bows shall be broken.

This is what they say when Jesus was to be taken by all the troops that came down, and Peter cut off the ear of that soldier, and Jesus says, "*He that lives by the sword will die by the sword.*" Remember he said this? People don't know that a couple of passages down, he literally said, "*Sell your cloak and buy a sword.*" He told them to buy a sword. Actually in terms of Roman law, a Jew could not own a sword which was a military- grade weapon; that was actually an "illegal" act but the Son of God, HE told them to sell their cloak and have a military- grade weapon to defend themselves from the wicked! It was not to kill.

He never said, "*You're going to live by the sword.*" Why? Who is the one who lives by the sword? It was not the Disciples of Christ; they were using the sword as self-defense. That's not "living by the sword". Living by the sword is the state; the state lives by the sword. Every single act that they enact, every single law and mandate that they enact, they back it up with what? With the sword, with force; they literally live by the sword. Every single penny that they take from you through theft, through forceful taxation is what? Reinforced and enacted by force, by the sword!

So, who lives by the sword? It's not the people who are practicing self-defense. It is the ARCHANGEL STATE, the centralized government! That is the one who lives by the sword!

And if a nation goes down that pathway it will collapse; it will die within a matter of three generations. Father said Communism won't last over seventy years. So within 100 years, boom, dead; that civilization's done, because it has given itself over to the improper use of force. Not for self-defense, not to protect people, but to ENACT totalitarianism, authoritarianism; to enact tax farming. That is what they desire to do, the leftists and the Marxists, and the communists, the socialists, and political Satanists!

So, who is on the right side of history? Of course it's very clear that the people on the patriots' side are on the right side of history. That does not mean that everybody's perfect; it does not mean everybody's an angel walking around on the clouds. No, but it means that we're standing on the right side of history; it means that we're standing on the proper side.

And of course we have to know; we have to ask God, "*Let YOUR WILL be done!*" Is this terrible international crisis God's will? They're forcing mandates and vaccine passports, and now when you walk into a restaurant or a cafe in France, you must have a vaccine passport and show your vaccine status. And if you're out just dining with your family in Canada and in some places in Europe and Australia, you've got Nazi cops coming up, "*where are your papers?*" This is Nazi Germany! And of course it's not going to get reduced; it's not going to lighten up. It's like an anaconda; it suffocates and squeezes and releases a little bit. You take another breath in; it squeezes and suffocates and squeezes and tightens up. The noose is getting tighter; it will only get tighter.

That's what people did not realize. We were praying for President Trump to stay strong and not give in to the political pressure. He had the authority; he had the authority to stop all the riots and all these things that were happening across the land. He had to stay in office and he had to stop this and use the Insurrection Act and go after these people and put them in prison and try them for treason, because that's what they did. Because if you give that power of TREMENDOUS authority of the White House, including all branches of power of the United States Superpower, the number one in the world, to these leftists who are embedded with the Chicoms, then you will literally have the Chinese government ruling over you.

That's why now in Canada, Walmart is now enacting facial recognition programs, just like the Chicoms have been doing on the people for about seven years. But now you see that technology being used in CANADA, folks! As you walk into Walmart now, your facial recognition is being linked up with things in the government database. It is becoming CHINA! That's Canada right there, right across up North, with a lot of white people; that's becoming China, folks. See, the white people are not immune from this totalitarianism's scourge; it's not only for the Asians and the Africans. No, it's coming to your doorstep now, folks!

That's why it's such a huge crisis because if America falls and they can get this race war started, and they make everybody hate white people, saying that they're domestic terrorist extremists who are

supporting Trump, and want to preserve American values etc, - by the way it was the country that could free so many countries around the world, including Korea- what can they do? They can divide and conquer, just like they did in Venezuela. What did they do there? They used the race wars; they use the division of the races. Venezuela had a population of 80% Latino and 20% white, and they said, *“The white man has stolen your assets, the white man has made you poor, the white man has built those big factories and he has all the means of production. Look at that! We have to take back power. Proletariat, rise! We’re going to take that from the white man and we’re going to give it to you.”*

Of course they didn't give it to them! They left them in squalid wretched POVERTY, and then of course like the cartels and the criminal organization that those governments are, they took it all to themselves, and now young people have to prostitute themselves for a gallon of milk to feed their baby! This is the reality of what the race war leads to, folks! It doesn't lead to some kind of utopian justice and utopian equity and everybody's now in some type of Marxist utopia. It leads to squalid poverty and a TOTAL stratification of the rich and the poor. The rich will have 99% of everything; the poor will have NOTHING! 99% of the population will have nothing!

Of course that's what they want, because if people cannot even fulfill their basic needs to survive, now you can tell them what to do with a loaf of bread; you can command them to do this and that, and do forced labor in a camp with an apple. That's what they're doing in North Korea, but of course that's what they're trying to enact all across the world. That's what they're doing in China, in the camps with five million Uyghur Muslims and one million Bible- believing Christians, and Falun Gong Buddhist practitioners that practice meditation. They're being organ- harvested in the communist camps of China.

Meanwhile Mark Zuckerberg and Apple and all these big conglomerates are in there, making BILLIONS of dollars, setting up the infrastructure, setting up the facial recognition, setting all those programs for more totalitarianism, in China as the beta test for them applying it worldwide.

And we're supposed to worship these people! The very people that are using slave camps in China, our enemies; the very people that are outsourcing America and sending all our jobs to China, strengthening the economy of a collapsed China, buttressing up a fake success! This is the reality of what we're dealing with, folks! It's crazy; it's incredible what we have to be witnessing at this time.

But of course, we are encouraged by the Word, and the Word said what? The Word said:

10 In just a little while, the wicked will be no more; though you look carefully at his place, he will not be there.

Amen! (Amen!)

So you see they can only have TEMPORARY, temporary success. You see God wins in the end. They cannot win. Why? Because their pursuit is pathetic; it's primitive, it's so evil, it's so self-centered and wicked; it's pure power. It's pure ruling over you because they're insecure, unaccomplished pathetic

weaklings that hate themselves, and that self-hatred is projected upon you, and because they hate themselves then they want you to hate yourself and they want you to destroy yourself.

But of course people in God, in Christ, we know that yes, we were in sin, but we are SAVED by God's love, saved by the blood, and we are now recreated from slaves of sin into kings and priests. We are taken from being servants of Satan into children of God, the Almighty Creator of the universe! We're not worshipping some universe; the universe is our dominion. He said "*Be fruitful, multiply and have DOMINION over the earth!*"

But of course that kind of identity, it's too grandiose; it's too powerful! It's too dangerous, because if you have that kind of identity you will not obey the laws of those bureaucrats; you will be against that totalitarian overreach of the wretched machine that Alexander Solzhenitsyn wrote about in his 2,000 page -work *The Gulag Archipelago* which is now being enacted across the world. That's why it's so incredible, and that's why they need to understand that their time is limited.

People don't realize. They think that doing evil you have so much power. You can BOSS people around, you can just RULE over the population, do forced mandates, and you think that 80% will accept to be mandated; that we'll wear the mask, and you just force the vaccine and everybody will get vaccinated. They're on a power trip; they think that they just say something and everybody's got to respond. But they don't realize that their time is limited. Because the people that hold the real power in the country are the sleeping giant, are the people. And if the people realize, "*Wait a minute! These people are trying to divide us between races, they are trying to divide us between sexes, they're trying to divide us between genders; they're trying to divide us between this and that, they're trying to divide us into smaller groups at a time.*"

But we need to be united under the principles of freedom, united under the principles of liberty which are God's gifts to humanity, God's gifts. And if these gifts are enacted in the world, if they're real and preserved in the world, they produce tremendous innovation, tremendous technology, TREMENDOUS prosperity.

And maybe that's the hardest part to deal with; isn't it? With all that prosperity, with all that innovation, with all that good life that comes with all the people working, creating small jobs and small businesses, striving, succeeding, and pulling themselves out of poverty through using their God-given talents, etc, then it gets easy, doesn't it? Life starts getting easy, it starts getting convenient; it starts getting about, "*Hey, I don't want to be working all the time; I want to start enjoying pleasure.*" And then it becomes about hedonism. Now it's about, "*No, I don't want any kids! They're going to be a burden. I want to have pleasure! I just want to be HAPPY in my life!*"

God never said, "*If you follow me, you'll be happy. If you want happiness, come follow me.*" He said, "**You pick up a cross; you'd better be ready to go through the fire.**" He said, "*You'd better be READY to go through the pain and the suffering,*" because he walked through it. He walked through it so that we could be in His grace.

Can we be happy if we are just thinking of some type of hedonism, some type of pleasure, some kind of weak happiness? No, that is not something that's eternal. Those are based on emotions; those things that goes up and down with the ebb and flow of life, the trials and vicissitudes of life that happen day in and day out. No!

The thing that is **stable** is what? Our relationship with God!

The thing that is **stable** is our connection with Him,

The thing that is stable is being saved by grace;

The thing that is stable is His amazing love.

The thing that is stable is that my father loves me and he's telling me, "*son, be a strong man! Lead your home and lead your family to the Kingdom of GOD!*" Amen! That's power! That's power! Amen! Praise God!

Let's get back to the Word!

Psalm 37:13-16

13 The LORD shall laugh at him:- the wicked- for he seeth that his day is coming.

14 The wicked have drawn out the sword, and have bent their bow, to cast down the poor and needy, and to slay such as be of upright conversation.

All these naysayers, all these people are trying to attack God's people; naysayers all the time kind of wicked, and calling us heretic, and all these kinds of things, trying to attack us: Vice trying to do all these hit jobs on us! But what does it do? It only makes people more knowledgeable about us and people can look us up. We put everything we say and do online. You Tube is banning us, but we put our Sunday services, we put our morning services; we put it all out. You can see what we're saying. We're not some kind of crazy cult doing secret things. No, everything, every meeting we have, we put up online. If you wanted to see what we say, you can check it out for yourself.

And the more they lie about us, the more people say what? "*Oh my goodness I've got to check them out!*" They're against homosexuality; the SPLC calls them a hate group because they stand AGAINST the LGBTQ agenda! They are against child-trafficking; they are against some religions like Islam; they are against those practices!

All of you people who are whipping up lies, in the age of the internet, how foolish you are to think that those can actually succeed! They can't succeed. People all have access to the entire world on this little computer screen right here; everybody can access that. You can be in the middle of a big city or you can be out here in the boondocks on a big hill, and you can be watching the entire world. You can be reading up articles if this is your research for writing a paper. You can do it from your phone! It's the age of information; you can't make blatant lies about people and expected them to stick. Yes of course people are lazy some times, especially the Left and they want to believe that; they have a confirmed bias. They want to just believe that everybody who's against them is a radical and is evil etc.

But anybody with half a brain that actually says, *"Oh well, let me see what this is about,"* they can come and see exactly what we're about; they can see exactly what we stand for.

There was that Vice News article, and then of course people said, "What is this?" Well, the Rod of Iron Freedom Festival is about freedom. Dana Loesch and Sheriff Mac are for the Constitution of America. All these stars and The Man Spot and all these people are coming out and standing up for what? Freedom! Of every race: black, white, Asian; it doesn't matter. Standing up for freedom against the evils of Communism; standing up for those who are being oppressed in countries like China and Hong Kong. Falun Gong from China, they were at the festival. Oh, but the media don't want to talk about them, do they? They're Buddhists; we don't share their views on Buddhism. But they come to the Freedom Festival to stand in solidarity with us. Why? Because they appreciate freedom; they were from the death camps of China, folks.

But of course the media doesn't want to report about this, *"Oh, the Moonie cult! The Moonie cult, they are being legitimized by fascist people like Dana Loesch who wants all people and all minorities to have weapons so that they can defend themselves and stop government outreach if they have to."* And she is a Native American on top of that; she's an indigenous person! Oh, those racist white supremacist leftists; racist white people on the Left! They're not on the Right; the racist white people they're on the Left! They are the ones that are always protecting their supremacy OVER everybody else, commanding us, *"You've got to behave the way we tell you to. You got to disarm. You got to be good, obeying every little mandate. You got to obey the mask mandate, the vaccine mandate; you should all love it because we tell you. We are the leaders."* Those are the real racist white supremacists! They're not trying to empower the minority communities; they're not trying to arm them; they're not empowering the minority communities to have sovereignty over the places, and over their children's education, etc. They're the ones who want to control everything. Who are the totalitarians? Of course that's why they banned us from YouTube. All this talk is too radical for YouTube; it's too triggering for YouTube.

14 The wicked have drawn out the sword, and have bent their bow...

15 their sword shall enter their own heart, and their bows shall be broken.

Did you hear this, folks? *"The wicked have drawn out the sword."* That also echoes the universal Scripture that says, *"His fiery darts shall be sent but they shall turn against him."* The devil is attacking but his darts will turn against him.

16 Better is the little that the righteous has than the abundance of many wicked.

You see the value changes, because the wicked, the licentious, the socialists and communists say, *"No, what you have is what you are; if you have this you are valuable. And look at these people: they have more than you, so they're better than you, and you got to have what they have."*

Of course you never can have everyone equal; not everybody can play basketball in the NBA. We may have Victor M., and he may want to play basketball in the NBA but he's five six. And he may be doing

some amazing thing on some break-dancing, but he can't jump twenty feet in the air, and dunk over those guys that are six- eight, seven feet tall. Your desire to be playing in the NBA is one thing, but your abilities are different. Amen!

God does not give everybody the same abilities. Everybody has different gifts and those gifts are meant collectively as a society. Then when they're burgeoning and they're manifested and they're developed, they help all matter of industry which is required for society to function properly. And it's this glorious collage of all these people trying to work hard, using their God-given talents to serve other people and being rewarded for it and thanking God for their liberty and thanking God for their freedom. There's a beautiful collage of praise in that nation who freshly receives freedom and doesn't take it for granted, but from the next generation the kids start taking it for granted.

That's why the training is so important; that's why decentralized Peace Police and Peace Militia is so important in the Kingdom of God, because every generation has to train, every generation has to be the defender; every generation has to be the police and the military. They have to be the first line of defense; they have to be the ones that take that responsibility of defending FREEDOM, folks!

We see why God gives the Kingdom of God not a centralized police or centralized military, but a DE-centralized police and decentralized military in the Rod of Iron kings and queens. In the Rod of Iron Kingdom, everybody stands as a shepherd, stands taking responsibility for freedom; being on the front line of defending freedom. In every neighborhood and in every household, everybody is part of that noble quest in preserving that liberty for the next generations. Amen!

So, folks, it is such an incredible time, such a great time to be alive and it's so incredible that God is pulling us through this. When you look at His Word, His Word brings tremendous hope, because again those devils, those demons they're not as smart as they think.

Psalm 37: 17-26

17 For the arms of the wicked shall be broken, but the LORD upholds the righteous.

18 The LORD knows the days of the blameless, and their heritage will remain forever;

19 they are not put to shame in evil times; in the days of famine they have abundance.

20 But the wicked will perish; the enemies of the LORD are like the glory of the pastures; they vanish – like smoke they vanish away.

21 The wicked borrows but does not pay back, but the righteous is generous and gives;

22 For those blessed by the LORD[c] shall inherit the land, but those cursed by him shall be cut off.

23 The steps of a man are established by the LORD, when he delights in his way;

24 though he fall, he shall not be cast headlong, for the LORD upholds his hand.

25 I have been young, and now am old, yet I have not seen the righteous forsaken or his children begging for bread.

26 He is ever lending generously, and his children become a blessing.

Amen! Amen!

His children become a blessing! What does the satanic world tell you? It tells you, *"Children are a burden, children are a liability, children cost a million dollars to send off to college, children are going to suck your dreams and your vision, and all your life away; your children will be nagging and crying at you, and you're going to be miserable. You're never going to be able to do the things that you wanted to do."* This is what this entire world tells you. That's why people live selfish, selfish lives, neglecting their children and trying to get rid of them at every turn. Imagine if your parents told you that they felt that way about you; if you knew that they hated you, and they thought that you were a burden, they thought you were a big WEIGHT on their back! Wouldn't it be great if parents started seeing their children as BLESSINGS! Whoo! Wouldn't that be a different day!

Lord, have mercy! If parents actually said, *"Thank You Lord for this child! What a blessing!"*

The satanic world says that children are a liability; that they are a curse. But for us, it's *"No, no, they're a blessing; they're a blessing!"* Yes, they cry a little; yes, they're going to give you some strife sometimes. But you're going to be able to train with them, and instill in them your values, instill in them godly love, instill in them godly righteousness, instill in them godly virtue and instill in them their honor and the pursuit of the noble aim, to feel that they can go out to protect other people.

What more powerful thing can you be passing down to these children? The sense of responsibility over people; you know this type of agape love?

To be a shepherd! To become fruitful and then multiply and succeed and unlock their epigenetics and unlock their gifts for God, and create powerful marriages, have a great absolute sex and romance marriage with their wife and have a powerful successful Blessing, where even their children are looking at their parents and saying, *"Man! I want the blessing! I want to get married. Look at how incredible my parents are!"*

And the parents that are investing in their children are looking 20- 30 years down the road, now still young. That's why Father blessed us young. When we were younger, we had our children, and by the time we're 40 our children are 20, and we're already training with them. We are now teaching them how to ride bikes and jumping with a parachute, and doing martial arts and defending and shooting and scuba diving. They are part of their parents' youth. You showed them when you were at your peak, not when you were over the hill. They still see their parents in their youthful age. They still see parents that are strong, and say, *"Man! I want to be like that! Man! They're amazing, they're cool! The kids around me they're trying to be cool but they have no wisdom. My parents are cool, AND they got wisdom AND they're young, but they're mature and they include me in training and all these different things so then I look cool to the next generation of kids, and then it can be used as God's hands and feet to bring other people into that Kingdom."* Amen! That's power!

The Queen and Emo and all the Rod of Iron queens, they are riding, and they are looking strong and powerful. They're looking cool! The next generation is saying, *"Wow! I want to be like the Queen! Wow! I want to be that kind of woman! Good relationship with her children, wise in raising her kids up, patient, and guarding the authority of her husband."* But also she can kick you in the neck, or shoot the bad guy who is attacking. She can ride a Harley, and still look beautiful for her King. That's the Queen of the

Kingdom! Hallelujah! (*Applause*) Praise God! See, that's something to look forward to. That's real, you see; that's real!

That's not Hollywood. In Hollywood, these people who think they're pretty, they're acting. They're faking learning how to actually defend people, they're faking saving the world, they're faking riding motorcycles, they're faking fighting bad guys; they're faking all this stuff. It's all fake; it's play acting! It's cosplay!

But the Kingdom's kings and queens, they're real! They really train, they really can ride a motorcycle; they really can fight and shoot, and they can defend life. They really train; they go through the hard work. They get beaten and bruised, but they come back and strengthen the internal fortitude given to them by God. They learn how to work through the hard, and be socked, so that they can have the victory for God. And even in VICTORY they're humble; even in victory they give glory to God! Amen! (*Amen!*) You can't beat that type! You can't beat it, that's why you have to try to destroy it. That's why you have to try to demoralize people to not see the Kingdom that God is intending for them.

Instead you have to make them dependent on things, dependent on everything, and trapped so they cannot do those things. It's Lyndon Baines Johnson, the racist white supremacist, who talking about the black community said, "*We'll have them voting Democrat. Why? Because we're going to give them a little, but not enough to make a DIFFERENCE!*" and he did that. That's what they want to do.

But God has a different image for our future and for our noble purpose and the noble epic quest that He has called us upon.

Psalm 37: 27-40

27-Turn away from evil and do good; so shall you dwell forever.

28 For the LORD loves justice; he will not forsake his saints.

They are preserved forever, but the children of the wicked shall be cut off.

29 The righteous shall inherit the land and dwell upon it forever.

30 The mouth of the righteous utters wisdom, and his tongue speaks justice.

31 The law of his God is in his heart; his steps do not slip.

32 The wicked watches for the righteous and seeks to put him to death.

33 The LORD will not abandon him to his power or let him be condemned when he is brought to trial.

*34 Wait for the LORD and keep his way, and he will exalt you to inherit the land;
you will look on when the wicked are cut off.*

35 I have seen a wicked, ruthless man, spreading himself like a green laurel tree.

36 But he passed away, [e] and behold, he was no more; though I sought him, he could not be found.

37 Mark the blameless and behold the upright, for there is a future for the man of peace.

38 But transgressors shall be altogether destroyed; he future of the wicked shall be cut off.

39 The salvation of the righteous is from the LORD; he is their stronghold in the time of trouble.

40 The LORD helps them and delivers them;

he delivers them from the wicked and saves them, because they take refuge in him.

Amen! (*Amen!*) The Word of God has power!

No matter how crazy things are, no matter how big the shortage gets, no matter how empty the supermarkets are, God's Word has the power. Because, even through all this craziness, even through all the forced mandates, all the forced vaccinations, all the forced lockdowns, all the shutting down of the economies, all the imploding and destroying of the entire world to bring international Communism, if the people say, "No," if the people connect together with the Spirit of God and knowing that they've been given this gift of liberty and this is a precious thing, stand up and say, "NO! I shall not take it! You cannot make me!" They can only win because people are watching TV, and believe that propaganda, believing that they have to obey the pump and circumstances from the state, and the officials etc.

But, if people say, "No! You're the one that's trying to stop me from feeding my family, you're the one that's shutting down my business while I'm trying to feed my children, you're the one who's now starting to say that I can't go into the supermarket and shop for groceries and apples and oranges if I don't have a vaccine passport, and I want to preserve my body and I want to take natural means to fight this and build my natural immunity thanks to which real scientists say I have fifteen times more chances to overcome than by taking the VACCINE!" And if people say, "Wait a minute! No, we are the ones that have the majority of people! We will not be stepped, we will not be stepped on, and we will not allow you, bureaucrats, to rule over us!"

But that can't be done through politics, that can't just be done socially; that can only be done with the Spirit of God, folks. ONLY the Spirit of God, in a decentralized form can set the brush fires in the hearts and minds of men to make them REALIZE that this liberty is dying fast and it's dying quick, but it's precious and we have to hold on to it and we have to preserve that flame for the next generation, otherwise our torch will be snuffed out, and it'll be put under the fist and the boot of SATAN. And our grandchildren will be asking, "Grandpa, what did you do? Grandpa, why did you let this happen? Why do we live like this? You're talking about days long past where we used to have cars and we used to be able to have our own house and we used to have a little fence and a lawn." No, no, no! That is not to the heart of the hero that God has made us to be at this time.

So God is separating the sheep and the goats. He's separating people who will be the heroes that will stand up, and they're MILLIONS across the world. The more the lockdowns happen, the more totalitarianism spreads, the more millions will rise because of the Spirit of God; the more millions will be open to the Kingdom of God and to understand the Rod of Iron Kingdom, and to understand why you need a decentralized citizen armed POPULACE of ethical righteous Christ-centered people to DEFEND that country from enemies foreign and domestic. This is what the Founding Father knew, even though they had their own sins.

The point is: it's such a critical time, folks, but we must never be disheartened. Why? Because the path of the wicked will end; it will end. And it does come to a close. Their movie shuts down at some point; their little playing games are 'game over' at some point.

God is leading us through the Holy Spirit in a decentralized manner setting our hearts on fire for Him and for the gifts that He has given us in liberty, to stand up for one another, to love our neighbor and to preserve those very, very, precious gifts that He's given.

Pastor Sean's Prayer

Father God, we thank You for this beautiful day. We thank You for the word that You've given us in Psalm 37. You've encouraged us so POWERFULLY, because in the word we see the pain of David in the cave, trying to run as a fugitive and being hunted down by the SWAT teams trying to kill him, but yet he's able to remember Your goodness. And now as an older man looking back when he was young, and looking over the past histories of his walk with You and at all the tribulations and all the falls and all the stumbles that he had been through, he's able to remember and say, *"Whoa! The wicked DID stumble; the wicked DID try to spread like wild fire, but they were no more."*

They tried with their own power to be God, but they could not be God because only God can be God. And in the end the wicked and those who seek to replace God with themselves will utterly fail and will be remembered NO MORE because:

God is the one that stands in the victory

God is on the throne,

God has dominion over heaven and earth.

God is over us and we are His children and He makes us the inheritors of this land, the inheritors of America, the inheritors of the world; the protectors in His image, to be shepherds and GOOD shepherds like Him; to stand with the Rod of Iron and with strength and unity and POWER, so that we can bring Him glory and joy.

And it is in the tremendous presence of that relationship that we can find ourselves and find our identity and find the noble aim and find the epic quest that He has called for us to walk and to run on with Him. For He said He is *"a lamp onto our feet and the light onto our path,"* (Psalm 119:105) and He is strengthening us and showing us the way.

And God, we know that You don't show us the whole way, because we may give up, but you show us just step by step, one step at a time. You say, *"Follow me! Pick up your cross, but take one step at a time,"* because You know the whole path. You know what we can take; You know the burdens that we can handle. And God, we trust You; we have faith in You, and we invest in faithfulness. We invest in You and our relationship with You. We invest in the relationships You've given us, in our spouse and our marriage and our children and our grandchildren.

Let us be the wise kings and the wise queens that will raise up those future kings and queens to be protectors of Your kingdom and protectors of Your righteousness, dear God.

We thank You that You are blessing this congregation here; You're blessing all of us around the world. That You are strengthening the patriots, that You are uniting us together in our hearts and minds,

even though we can't see it, and that You are setting ablaze our hearts that have gone cold too long; on fire with understanding that:

Now is the time!

Now is the time to stand for good!

Now is the time to get right with You!

Now is the time to stand up for righteousness!

Now is the time to stand up for the living!

Now is the time to stand and save America!

Now is the time to stand and protect the world!

Now is the time to stand and protect humanity because we are under encroachment and attack.

But yet You will use that to strengthen Your people. Yet You will use that as an opponent for us to use our muscles against; to build our muscle and to build our spiritual fortitude, so that we do not believe only in ourselves but in the victory we give the glory to YOU.

Dear God, we thank You for all the things that You're doing. We thank You for encouraging us this day.

We want to give You the praise, glory and honor with all the kingship lines that are gathered here today. We pray in Your precious name. Amen! Amen! Aju!

God bless you, folks! Praise God Almighty! Hug your neighbor!
